Perhappiness

Th(at) brandnew young girl,
per(happiness) really need you,
w(hat) I want(ed) 2 you?
A wor(l) d as idea & will.

Like the flowers needs rain,
how can (y) ours eyes be the same?
If i am more that i was before,
Stand by(e) me at the door.

i call u so softly and no-one,
would hear-me with(out-in) side
beatween u and me all is free,

nobodying k(now) s what is done
of this crumbs-love less the night,
by(e) by(e) my sweet, thinkInMe.
