Dear Me,

The person I am today,
Wasn't here by chance or luck,

The person they are seeing today,
Should have been long gone,

But I made a choice,
To stay on,

Silent battles were fought,
Tears were shed,
I have suffered, loved, lost and cried myself to the person I am today,
But I did it,

Dear me,
Thank you for staying on,
Even when it seemed impossible,
When everything seemed hopeless,
I am glad you pulled through,

I did it,
I won't let you down anymore,
I am going to stay strong,
For you.

The Art Of Living

Sometimes things just go wrong,
No matter how much we try,
Because it's just life,

If you find yourself lost,
Searching for a why,
Take a deep breath,

There might just be a reason why you're here,
Trust in the universe and you'll be fine,

Being alive is a gift,
Nothing lasts forever,
Appreciate the little things in life,

Sometimes the thing you are searching for your whole life,
Is right there by your side,

Sometimes being alive,
Is enough to be your why.

Will Everything Be Okay?

Tick tock,
Tick tock,
The clock hits twelve midnight,

He awakes from his bed,
His parents deep asleep,
It is time to go,

Carefully,
He turns the doorknob,
And makes his way outside,
To the hills,

Chilly night air,
The cooling breeze,
The sound of crickets,
The gleaming moon,
This is the period,
Where nature is sleeping,

He rests on the green patches,
And stares at the stars,
Hoping the universe,
Would give him a sign,
That everything would be okay,

I'm tired of waking up everyday,
It isn't a new day of opportunity,
Just another day of misery,
Like how I have always been,

And the saddest shit?
Nobody cares,
Until I am dead.

Happiness Is The Best Revenge

He's gone,
He's in a happier place,
With someone that he deserves,

You could have been the one,
But you left,
When he needed you the most,
When he cried and begged for you,

He lost himself just to satisfy you,
But you,
Yes you,
Still chose to leave him behind,

Do you have any idea,
How much that hurt him?
How much that broke him?
Oh well,
He's way past you now,

You don't deserve him,
Because you were never there,
In his darkest points,

There's no point crying now,
You should have known it,
But it's too late now.

Depression

There existed a boy,
Knew he was different from the rest,
He didn't want to fit in,
Labelled weird by everyone,
Little did they know,
He has a hidden secret.

With each passing day,
The demons inside him grows stronger,
He cries and beg them to stop,
But deep inside he knows,
There's nothing he can do about,
He is slowly losing the fight.

So lost he feels,
Unsure of his fate,
Yet he holds on,
A glimmer of hope in his heart,
Wishing everything would be okay soon,
But will it ever?

Fake Society

Sometimes I want the world to burn alive,
To destroy everything in sight,
And when it's over,
I will walk over it's ashes,

They say,
There's a fine line between sanity and madness,
And I'm gonna step right over it.

First Love

Memories flash in her mind,
He was fading away,
His hands extend from him,

She embraces him deeply,
Tears flow from her eyes,
Knowing this would be their last time,

She whispers softly to his ears,
"I love you"
He closes his eyes and smile,
And vanishes into the air,

She drops onto the floor,
Pain and agony fills her,
They were never fated to be,

But she was glad she met him,
Even if the mind forgets,
The heart will always remember,
The memories she had with him,

He was her first love.

The Last Journey

He wakes up,
It is pitch black,
He doesn't know where he is,

What was the last thing I did?
He tries hard to remember,
Flashbacks in his mind,
A sudden realization,
He takes a deep breath,
And begins walking,

At the far end,
There was light,
Slowly and steadily,
He makes his way there,

The light grows brighter with each step,
And finally,
He reaches the destination,

He smiles to himself,
I have done my best,
It is time to go,
The battle is over,
I can finally,

Have my eternal rest.

Me, Myself And I

I am getting tired,
I am slowly losing myself,
It is so noisy in my head,

Wanting to make a change,
But no idea what to do,
No idea where to start,

I miss the child in me,
Back when life was carefree,
Back when all I cared,
Was having fun,

They can't see the pain,
The tears,
The suffering,
Just the smile,
Losing myself to please them,
Because I know,
What it's like to feel nothing,

My body leans slowly to me,
He was always there for me,
Where nobody would ever be,
Just listening,
His presence was more than enough,

I cried to him,
I'm sorry you have to go through this,
It was never my intention,
I'm sorry you want to live,
But I'm falling apart inside,

My body whispers softly to me,
Take all the time you need,
At the end of the day,
You matter more than I ever do,
Because I am you.
