Our special love shines forever

As we embrace true love

A Heart Full Of True Love

You're my best friend and forever my true lover
I know our true is true
Holding you forever inside
My beating heart
Thinking solely of you
My love

Your gentel kiss
Your warm smile
A feeling for true love
Living you my sweetheart
When you're at my side
Oh I fall in love

A beauty from above
From inside and out
A true gift from above

A passion of love
So deep inside my heart
I'm happy I've truly found you
The one who was truly
Touched my beating heart.

The Day She Touched My Heart

The Day She Touched My Heart.

You made me feel true love
Never knowing true love
The day you touched me
I fell in love
I couldn't believe

I'm truly in love
The pleasures of romance
Drives me crazy but full of love
Oh sweetheart let's dance

As you touch me with
Your tender touch oh sweetheart
As your whisper softly
No other women could
Ever truly take your place
As I've found love

Only you could touch my heart
I don't know what to say
I'd be still searching for love
Lovely today, but the day you
Came into my life was the Day

You touched my heart.....
