To be Abhaya
is reflected

and tribulations of life
with a conviction
in my beliefs.

The warmth generated
spreads far and wide
as love emanates
in abundance.

From true rain
Drought floats, beyond
The fire cloud,
To patiently stay,
Than end, with
Tingling lights.

Deepak Amembal

Amavasya (Moonless Night)

Get the moon elsewhere
The lights look calm
And their fire in heaven
Is tingling
But like time
The hopes keep
The peace beyond
Crossed stars.

Deepak Amembal

Astronomical

Climbing constellations
And radiant moonlight
Drift from
Glorious star-shine
Veiling a magical sky
Over the
Starry attendant

Burst Bubble

Somehow the magic
Doesn't wait
And pinches
Gallant believers
When love
Is waiting
For desire.

Caring Signs

Crumpled beneath the smile,
A storm silhouette cannot
Swim,
To face crashing waves
And scattered tides,
Of love
In the shoreline.

Clock

Time encompasses
all that I think and thought
in a tick tock clock.

Deepak Amembal

Communication

Communication
is a spiritual bonding
Overriding space.

Deepak Amembal

Companionship

Why this cozy sigh
Sprouted into a
Warm old goodnight
Is because the
Want for desire
Found a lonelier end.

Deepak Amembal

Dark Thoughts

Chalky faces
And powdery clouds
Turn midnight creases
Into hues
Of lovers' blues
To end the
Spectacular muse.

Deepak Amembal

Dreams

Heaven awake with
Much personal fire
Still nothing ever seems
To happen
Beyond tingling curves

Deepak Amembal

By night
A wandering roar
And ebbing clouds
Shape the deep moonlight
Reflecting
A momentarily leaving light.

Deepak Amembal

Enlightenment

the bright spot
struggles through the dark omens
and wisdom prevails

Deepak Amembal

Escape

Passion exploded
In blinding white heat
and the colours
of emotion escaped
from the clutches
of lust.

Deepak Amembal

Eternal Moments

The flame is ignited
for an evening of romance
to light up
the lovely
moments in time!

Fantasy

When the temples thunder
through eyes
with bleeding silence
A soft gaze
will burn
with desire on fire.

Deepak Amembal

Fiery Eves

The sky is aflame
with the fires of passion
kindled by dark thoughts

Deepak Amembal

Foreplay

Those pleasantries envelop
All souls of warmth
A spark necessary
Will end the calm
And raise my desire.

Deepak Amembal

Friction Light

The time to strike
And the sight
For peace
Crash
But the sun
Lights tonight.

Geranium Dreams

White slabs shattered
the ground
While scattered
geranium dreams
bleed desire

Gossip

Faint whispers
Indulging languid thoughts
Pause the

Of burning shadows
To a soul's
Velvet secrets.

feeling leavened
among uncool dull them

Their timeless generations
conserving stuffed history.

Heaven On Earth

The hopes seem to
Interfere
But nothing happens
In time
And the heaven watcher
Will reward the desire
To keep a life
In sight.

Deepak Amembal

Heavenly Love

Remember the time
They sparked
Burgeoning love
And placed mammoth longing
By the heavenward path?
The desire leaps
To rock
Favorite fairies.

Deepak Amembal

Helpless

The children watch
The forgotten masses
Crawling against
Punishing torments
In this damned silence
And the breaths
Trapped with the Dead.

Illumination

Emotional resistance
Dismisses the
Myopic boast
Envisioned within
The corrupted verdict
Of spiritual injustice.

had made the desire
and my old will
worked for
one last love.

a story of the living
Universal span

Where the lonely
Make philosophers laugh
Winter trades insanity
To find
Compressed love
In spring.

Lust

That old white-haired
Mother's command
To a
Blue-eyed dream
Tosses the
Soft fashioned love
For a nursed desire.

Memoirs

Fading art
leaves pale memories
of good times

Trimmed thought
Looked past
The dead
Which killed
The little plant
To even out
A loving limp.

Middle Class Dreams

Cheap trinkets in
Elemental plastic
Among photographs
Of missing monuments
Touch the horizon
To assemble
Runaway beasts
Till sundown.

Mind

My mind reposes
in the center
of the universe
to gather wisdom
and impart love

And
Screaming speechlessness
Is delicious love
Poised to commit.

mid-flight.

Tonight.

showers gently
to wash away

Out awhile
Some memory pause
Great smile
Knowing mind
Would laugh

For gone and
Waved years!

Old Flame

Some old desire
Distinctly making
Different faces
Dulls a life
But the flowers
Remember death.

Much on the stars
To happen
Floats
As the touch
Changes anything
That will wait
Longest.

Perception

The recent sunlight
Found the wintry air
Falling upon the lesser dead

So supine.

Fresh candy
Held through wicked eyes
Survive fever-wishing bleeds
Featuring branded beauty
Merely holding
A fortunate laugh.

Is long
And nothing the planets
Seem to ever sight
Changes the need
To desire.

Drown the emotions

In a whirlpool of words

That once polished
The unblemished instant
And found

From breathing slowly
A faded thought
Parted
Finely moving pictures
On crimson senses

The iced laugh melts.

She arrived delicious
before my warm evenings
sharing the auburn smile
spent across
remembering pain
stealing my black years

Eyes waltzed
To favorite smiles
Seen adjusting
The misty mask
With life's comfort
Suddenly bereft
A vision gone
Without a song.

Suicide Bomber

Some blind exhaustion
Lying washed
From a tragic land
Ravaged by
Awful fear
Stained like a
Ghastly spectre
In human presence

Tossed across
And rolled off
The eyelids
Misty dreams
Are inundated
With a
Shimmering image
To end sleep.

the sun sits on its laurels
It's time to chill now!

Touching a different
Kind of thought

Dead flies
Upon fixed pain
But when a
Thought inside turned
Leaden eyes watched
Where all lies
Stumbled forever.

His peace.

The shroud angels
Rocked death
But that earthly victory
Just said goodbye.
