and i miss you like a misser

i make already into rhyme

i counted for you
and i make you mine

World Need Mercy, No More Pain

before nudity
the world was beauty
After nudity
the world is still fake

the world need mercy
cause that is the main
we need mercy
and no more pain

there is no god
we are the main
make this good world
follow some good way

and, the World need mercy
no more pain
