As Your Poetry.

Come,
you
wrapped with sigh
by mystery!

silence
make love
dream of every night.

Moment
your voice soft,
in bygone days.
My side is empty
but breaks in love.

Mouth,
hands on your breasts Desiring
to be touched only wet you.

Above all alone soft-skinned
vibrant
as arrow in the sky.

The poems running so thin,
deep
dig in pleasure!

Signing with your sweat
be the only mine.
Join the fragrant meat
sweet,
Hot blood
and always for you!

Oh... love.

I Miss....

The thought my goes to you,
I remember all your last words,
give me the courage to wait
wait word sweet High
in the moment of embrace.
I miss everything about you
even the soft phrases.
The suffering my chest
you can reach the soul
the mind fixed image.
Swirl so fast
it envelops my tears
the memories of thinking that goes so good!
Caveo hour for hour
for your freedom.

Soul Of... Stones.

Something is dashing in your eyes
Hands trembling lips on my...
Possiedimi strongly
With desire in my belly

Not collapse,
Anger vibrate in your pleasure
With detachment is.... Only enjoyment!

Apprehensions your
Sliding satisfied,
Confusion in rivestirti
Before my image
... Silent.

Could not feel
For a moment
Soul of rocks,
Shadow of you!

Steps Unique.

Open this world with me,
Remember me!
When you shake the grief chest
So strong as a shot!
It will explain,
Seek the soul without words.
I hope this love of my skin
Changing color,
Take me now
With hands safe
They with lips.
Steps unique
With beating heart
Same soul,
By tomorrow
Together...

This Sweet Life Divinity....

Sure moments of great friendship in the spirit, pauses, it embraces.

This is the sense of you, breath like whispers between your arms "sweet divinity"....

Time Runs...

Each trip a return...
Cold reality!

Dig deep in my...
Time flows,
But the firm thought
Heat you there,
Live.

The image laughing,
A walk along the beautiful sea
With the desire to complicity!

This immense,
more... but Far
so close!

Treasury Immaculate!

This river drained,
That runs so slight
Soave.. In your beauty!
Step light in the blue
Sky... air as always are!
You,
Between your hands are...
I try to move,
Amor predator
I claws
In my heart!
Without tears
You love with pain
Inflicted
Only you...
Light is your impertinence
Yes,
These kisses my wounds
This sucks blood
.... Immaculate treasure
Me!
Beef ripping,
If only you
Knew...
Mouth inside mouth
You... breath.
We..... silence!

You Have In The Soul.

Watch my face
half angel
and
tigre half!

I am here
as I offer to you
but where are you....
I remain with eyes
to the last
Your written.

Nothing I can
take away
to that night.

In the bottom of my heart
you are.

I can pass time,
not shake your photos
on my chest.

Tight is the way to reach you
but not because I fear me in the soul!
