I am just myself! ! !

# All Around

The sky  
The trees  
How

The rock  
The people  
Why

All Around are these things  
What are they  
Who put them here  
Why named them

All Around are these things  
All Around theres pain  
Looking All Around and for what cause  
All Around...

# I Am Gone

Alone in the dark  
I am miles apart  
From any city of light  
I holding on I might

Please save me from myself  
I have nothing on my shelf  
Emptiness runs the rooms  
I am almost at my doom

I need someone  
I am just so dumb  
Because my life is gone  
I am finally done

# In Love

His curly black hair.  
His smile that drives me crazy.  
The way he sits and talks with me.  
He laughs I laugh.  
He is my love.

# Pain

The day i felt pain.  
The day it hurt me more than ever.  
Pain pierces my heart.  
I can barely breathe.

Uncontrolable Feelings  
Unexplainable Pain  
Undeniable Love

I am all alone in the dark.  
No room, no anything  
I can not see my future  
Because I don't have one

# Save Me! Save Me!

The world is sick  
The world needs our help  
The world is crying out to us  
But do we listen

This is our home  
We need to see what is right in front of us  
Clean up our home and save it

Try to be a helper but its hard when you feel you are the only one  
Help! Help! Help!  
We need to save our world

Our planet is dying  
Our planet is coughing and sneezing  
It's time for ALL of us to help our planet  
This is for EVERYONE not just for one

# What Is Wrong

The stars shine from up above  
The world spins in a motion  
Where is the white dove  
Earth is filled with lots of commotion

There is violence  
We are trapped surrounded by a fence

The place where there is peace  
It doesn't exist  
At least  
Nothing because we can't see through this mist

# You Just 'Wanted' Me

You don't know who I am  
You don't care what I do  
Every moment that I treasured was a lie  
How can you be so heartless

You rub your hand against thy cheek  
But I don't feel your touch  
It means nothing to me  
I thought I was you everything but I am just another  
One that you can put on your Wall of Happy Pleasure

WELL NOT ANYMORE  
YOU ARE NOTHING  
YOU CAN LEAVE AND DON'T COME BACK  
even I say these things I can't  
Help how I still love thee
