A Million

I have seen you a million times
And every time I see you
I fall in love with you all over again
My heart starts to race
My frown turns into a smile
And all my worries are now in my past
When you smile at me my heart melts
You give the sweetest hugs
Every time you hug me
Your smile is like a new day
Your sense of humor is like no other
The ability you have to make me smile
Is all you need you love me
Your laugh is so soft and sweet
Just looking in your eyes
Makes me melt inside
Your lips look so soft
Soft enough to kiss
You, yourself relive me from all pain
Your hands are as soft as a pillow
The way you comfort me is amazing
Every time we say good-bye
I start to cry
I say good-bye to you too many times
I said good-bye to you a million times

Angels Death

My guardian angel, once careless and free,
flew into the clouds and lost touch with me.
Her tears were cold and wet, falling on my face.
Her smile had left us without a trace.

Her angelic lips quivered, frozen and scared,
I felt rain clouds visiting, and had to prepare.
I knew that angels, often content,
were very special presents that God had sent.

To see one so sad,
so afraid,
so alone,
had made me weep while the cold winds had blown.

Her wings lost feathers,
comforting and soft,
falling from the stars,
floating aloft.

Her pain was felt throughout the land,
to feel true misery is impossible to stand.
I prayed so that when her hurting stops,
I'll be able to taste the angel's teardrops.

Beautiful

Blue eyes so full of life
a wonder all there own
beautiful and precious

How i love to look in those eyes
when i look into them i'm at peace

Reminding me of what i want
and what i crave
you

you are beautiful
there is none more beautiful
than you

the fullness of your lips
and the curve to your hips
you are beautiful
in every way

I know this is true
You are beautiful
because
there are none like you

Black Heart

your black heart
has torn us apart
I think about it night and day
how you took my life away

i can feel the evil when i sleep
sunk into my mind to deep
now i cant take the pain away
your black heart
is here to stay

Dead And Gone

They are
Dead,
Gone,

God has taken them away
and everyday i ask
why

Did they perish
while in the wake
of sin's dread sway?

were are they now
and now as i sit weeping
I think of them

Death Comes In Autumn

When death comes
like the hungry bear in autumn;
when death comes and takes all the bright coins from his purse

to buy me, and snaps the purse shut;
when death comes
like the measles-pox

when death comes
like an iceberg between the shoulder blades,

I want to step through the door full of curiosity, wondering:
what is it going to be like, that cottage of darkness?

And therefore I look upon everything
as a brotherhood and a sisterhood,
and I look upon time as no more than an idea,
and I consider eternity as another possibility,

and I think of each life as a flower, as common
as a field daisy, and as singular,

and each name a comfortable music in the mouth,
tending, as all music does, toward silence,

and each body a lion of courage, and something
precious to the earth.

When it's over, I want to say all my life
I was a bride married to amazement.
I was the bridegroom, taking the world into my arms.

When it's over, I don't want to wonder
if I have made of my life something particular, and real.

I don't want to find myself sighing and frightened,
or full of argument.

I don't want to end up simply having visited this world

today i lost to much i dedicate this to u uncle bobby and to you sandy u were
always there for me

Demise

A crash, a loud noise filled with pain
Glass shattering, and the world is not the same
A life poorer, an angel gained
but for the mother, a loss in vain
Two cars, now a metal bulk
they hold two lifes, and one who's gone

The blame to be appointed
by the ones who blame themselves
a mother with regret, for not staying at home
A father with remorse, for not coming along
Questions being asked, from a younger son
Why is my sister gone? Where has she gone?

Parents parents, and all relatives alike
Sits and remembers, that dreadful night
What could have been done different
What could bring her back?
Why weren't they there?
Why weren't they the ones to be lost?
They should have done things different
To save their precious little girl

The blame is being appointed
by the ones who blame themselves.
But on the other side of the weather
on the other side of the shattered windscreen
Sits a drunk driver, Oblivious to all these things

Empty

Why do i feel
empty with you
something missing
is it me
no its you
you make me
empty
dead
gone
i feel so
empty

Forever We Are

we are Forever
everlasting
my whole heart is in you
you are apart of me now
i need you

There are many challenges
we've faced
we stared them down hold out
a little longer
so that's why we are

forever
everlasting

Goodbye

God took you away.
It doesn't seem fair,
but in the back of my mind,
you will always be there.

You weren't a close friend,
but our paths did cross,
and your absence in this world,
is to me a great loss.

You were too young to die, and
too innocent to feel that pain.
Only heaven benefits,
because you it has now gained.

I may think of you a little less
with each passing day,
but your strength is something I won't forget,
you have changed me in a way.

I wish for you eternal peace;
that's what you deserve my friend.
I hope I lead my life well enough
to meet up with you in the end.

Gray

I never really new you, as you left when i was two
So sad, I can not even picture you
God had other plans for you
I guess he needed you

God always takes the best
Heh you didnt have to win that quest

But for now, my big sister
In heaven, an angel sits and waits for me
Lets play these games now
The winner is best out of three

I never really knew you but i know your here with me I love you big sis

Happiness

Happiness

No past,

No future

living in the moment

dark pleasure

we all want it

we don't need it

for only a moment of pleasure

to create

a lifetime of regrets

Heart Broken

millions of hearts
broken
in the same moment

thousands of people gone
thousands of tears spilled
thousands of men and women
shocked...

as they watched grimly
what is this
death...

millions of hearts broken in an instant

To the families of all the world trade center victims

Her

She Does not know
how i miss her
how i want her
its forbidden
I am not good enough
she deserves better
her happiness
all i care about
but still maybe
someday
we could be together

Her Eyes

Her Eyes
Stunning
and
Beautiful
full of life
an everlasting blue
deep in thought

looking back at me
filling me with happiness
eyes you never stay mad at
eyes that mend my broken heart
every time
eyes that tell me
when your hurting
eyes that tell me
when your lieing
eyes that tell me
Everything
her eyes

Hurtful Looks

dirty looks....
all you give
just a quick glance
eyes shot back into your head
why do you do this
it hurts

your having fun
laughing and flirting
you always seem angry
with me
what have i done
your just sit there
giving
hurtful looks

I Love You

if i told you
I love you
what would you say
would you stay another day
even though you may say
without love
I have no life anyway
I say I love you
now and forever
and I say
without you
i have no life anyway

Im So Lucky

I'm so lucky
i have everything I need
In you
through everything
you light the way
brighten a room
when it is dark
heal me when i am sick
make me laugh when I'm sad
I love you more and more
everyday
you take my breath away
your absolute beauty
your stunning eyes
you surprise me everyday
so
I'm the lucky one
I'm thankful everyday
because I have you
thank you
You're all I'll ever need

eli schiller

Lingering

walking
in the dark
constantly looking over
your shoulder
lingering
creeping
deep in the shadows
what is there?
what does it want
it just lingers
ghosts of the past
watching every step
they know all
they just linger

Live, Laugh, Love

an order
the way life should be
love
laugh
live
but its not like this
hurt
broken promises
this is how i see it
every day
we all die
a little more
all coming closer
to our big finish
death
but let death come
for i do not fear death i embrace it
so live life to its fullest
before its your time
to embrace it
its not far away
love
laugh
live

eli schiller

Miserable

She makes me
Miserable
makes life
unlivable
everything she does
makes me
miserable
life horrible
all because
of you
thank you
Miserable

My Loves Grows For You

When I see the flowers grow
there is one thing that I know
That is, you're meant to be
With me all eternity

When the sun begins to shine
I know that you, will be mine
And when I see the morning dew
I only think of me and you

From the sky the rain does fall
Tells a story, but not to all
For only you and I should know
If our love is meant to grow

As the stars dance in the night
My dreams of you feel so right
Have the wind blow me to you
So I may see if this is true

Promises..Broken

Yesterday's goals, dim memories.
Dark saddened eyes, blurring with tears.
Painful scars borne; Love's history.
Futures crumble when doubt appears.

No brightly lit hope envisioned,
When following after harsh words.
Hurt soul splits in twain, partitioned.
Swooned by appeal - when numbness lured.

Apologies made, never bought.
Price paid turned out far too costly.
Though never known what would be wrought -
Must walk into the night
softly.

One wish, only to be released.
Granted - now receive this token.
Words written in rhyme, love's deceased.
When promises made... were broken.

Sorry My Love

I'm sorry love
for the things I've done

I'm sorry love
for the people I've wronged

I'm sorry love
that i looked you in the eye
And told a lie
That made you cry

I'm sorry love
that were not together now
I don't know how
to take the pain away
Now its come and here to stay

Please love one more night
our love is here
to stay...

Sweet Love

I know it hasn't been long since I last saw you my dear,
But to me it feels as long as five hundred year.
I miss you to the point I am loosing all sanity,
There has to be an end to all this calamity.

I think of you every second and every breath,
For you I would stare even into the face of death.
To kiss your lips is to taste the sweetness of love,
And it brings forth feelings from the heavens above.

To look into your eyes is to gaze into the sky,
So beautiful with the stars and the heavens inside.
To see your smile is to see the divine,
This poem is for you, sweet love of mine.

Unconditional

You are my description of love
You are my description of friend
You are my description of everything
You are my description of beginning to end.

You have put me on a pedestal
You make me feel ten feet tall
You've always been there for me
You've loved me through it all.

You've stood by me through thick and thin
You've always been patient and kind
Just thought I'd let you know
You're the owner of this heart of mine.

So you ask how long I'll love you
Well this is what I have to say
Past, present, future, always
Forever and a day!

What Id'E Give

Sometimes
I ask myself
what would i give
for another day
one more day
of fun and play
i would feel any pain
a thousand times over
fight any demons
just for another day
Id'e give everything
my heart
my soul
my body
my life
this is what i would give
what would you give
because i would give
anything

my whole life for you

You Meant So Much

You meant so much to all of us
You were special and that's no lie
You brightened up the darkest day
And the cloudiest sky

Your smile alone warmed hearts
Your laugh was like music to hear
I would give absolutely anything
To have you well and standing near

Not a second passes
When you're not on our minds
Your love we will never forget
The hurt will ease in time

Many tears I have seen and cried
They have all poured out like rain
I know that you are happy now
And no longer in any pain.

eli schiller

Your Eyes

When I look at your eyes, I see your true self.
I see you're sweet, and caring.
I see you're giving and forgiving.
I see your love for me.

When I look at your eyes I stop myself from crying
When I'm alone and think about your eyes I cry.
I can't stop thinking that one day I'll never see those eyes again
That I'll never see the love or the sweetness
Or the love that makes you who you are.
One day you'll be gone - gone from me.
Gone from this world.
No matter what happens, those eyes will one day close
And forever rest in peace.

But you'll never be completely gone,
Because every time I close my eyes,
There you will be.
