# Dances With Ai(1)

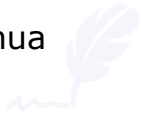

My a Great Whale, you inspire me to write.  
How I love the way you fight, swim and fly,  
Invading my mind day and through the night,  
Always dreaming about the gorgeous vi.

Let me compare you to a cold cherry?  
You are more friendly and more glorious.  
Snow chills the berries of January,  
And wintertime has the bright aureus.

How do I love you? Let me count the ways.  
I love your excellent eyes, fins and tail.  
Thinking of your splendid fins fills my days.  
My love for you is the unfriendly hail.

Now I must away with a perfect heart,  
Remember my proud words whilst we're apart.

## Far Fetches?

?

A bright moon fell into my jade calice  
Boiled cyan tea-mist to wander round corridor  
Hearing my clepsydra sound and guest came  
A pine branch fondled on tracery

?

Pipa's four strings all cross hoarse  
Trembling burl-scars die on tree  
Dancing time-birds gently wipe mature leaves  
But only dried vines grows new spears

?

Budding wind wrinkles withered sky  
Adds melancholy to cloudy sea  
Who paces winter stroll summer in May  
Picks consolida flowers to free
