## emo becky(1/1/92)

i started writting poetry a few years ago as a way of escaping from the world around me most of the poems i write are written from a memory of something that happend in my life and some are just how i feel about the world

# Believe

If I cut would you weep?  
Just encase I cut to deep  
What if I did but didn't mean it  
Would you still believe you seen it  
Would you pretend I was still there?  
Just to keep away despair  
Or would you believe that I was gone  
And my memory will carry on

# Crash

I've just been hit  
By two cars  
I feel my life flashback  
Though the hours

All the good memories  
That I have seen  
Will now be gone  
Just Like a dream

So now my life is over  
And I have to die  
I will say my famous last words  
I love you and goodbye

# Daddy Why Didnt You Stay

The day that you died  
Was the worst day of my life?  
I just cried  
All through the night

It just tore me apart  
In a depressing way  
I loved you so much  
But you had to go away  
Daddy why didn't you stay

Why did you leave me?  
I loved you dad  
Just seeing you there  
Made me so sad  
My daddy loved me  
He really did  
When he left me  
I was just a kid

Daddy I need you  
Can't you see im sad?  
I really wish  
I could see you dad  
But you had to go an leave me  
I wanted you to stay  
My life's not the same  
Since you went away

I loved you daddy  
Why didn't you stay?

# Darkness

I dream in darkness  
I sleep to die  
erase the silence  
erase my life  
our burning ashes  
blacken the day  
a world of nothingness  
blow me away

emo becky

# Death

Im drowning in a pool of my own blood  
took this knife thought it was a dud  
turned out it was real  
now my face is pale  
in this pool of blood i drowned  
now all hell will abound

# Drunk

You told me not to drink mum  
So I had sprit instead  
My intensions where good mum  
So how'd I end up dead?

Im lying on the pavement  
Blood gushing from my eyes  
I here the paramedic say  
This girl she slowly dies

So now that Im dying mum  
Remember all the love I gave  
And when you bury me mum  
Put daddy's girl on my grave

So send my love to them all  
But mostly to you  
Show them everything I did  
And what ill never do

# Emptiness

People all around you  
Have to stop and stare  
Some will even wonder  
How those scars got there

I have bad scars too  
Except mine aren't hard to hide  
See yours are on your skin  
Mine are deep inside

Yes my insides are damaged  
So cut up and torn  
I really am alone inside  
I wish I wasn't born

Mine are from the past  
So dark and not well seen  
I don't have nightmares anymore  
I don't even dream

I'm so torn apart  
Broken up and hurt  
My life has not been pleasant  
I've been tossed and thrown in dirt

The people I have trust the most  
Have broken me and lied  
I don't have a best friend any more  
She had to go and die

When I do the right thing wrong  
My life goes round and round  
When I wake up the next morning  
I'm lying on the ground

My heart is somewhat broken  
I suffer from great pain  
Some people stop and wonder  
Is that girl insane?

Though people try to help me  
Mend my broken heart  
I'm starting to get better  
But they'll never fill the part

The part that's dark and empty  
Gloomy and ice cold  
I'm hoping I'll get better  
Or so I have been told

You and I aren't different  
You suffer so do I  
We both have lost a great amount  
We both sit here and cry

People all around you  
Have to stop and stare  
Some will even wonder  
How those scars got there

# I Love You

It's like a rose pricking your thumb  
Or the beating of a drum  
When you look you see right through me  
This is because death came to me  
In the darkest hour of the night  
I bled till I could see the light  
If you had said you loved me so  
Would this have happened I don't know

# I Wish I Was An Angel

I wish I was an angel  
So I could fly away□  
I know I have to go  
To see a brighter day

I wish I was an angel  
How happy I would be  
Knowing what to do all day  
Flying round in glee

I wish I was an angel  
And death had passed me by  
Now on my bedroom floor  
I lye here and die

Now I am an angel  
It's really not that good  
Now I only wish  
I was in a better mood

# Life

Laugh your heart out  
Dance in the rain  
Cherish the memories  
Ignore the pain  
Love and learn  
Forget and forgive  
Because remember you only have  
One life to live

emo becky

# Love

love is good love is fine  
love is simply divine  
but when it rains on your love  
it flies away like a dove  
but it can come back to you with pain  
then you'll know you won't see your love again

emo becky

# Memory Of You

you tried to kill yourself last night  
you took a pencil an bit it tight  
you put the blade into your left arm  
you said you didn't do self harm  
as i stood there watching you  
you'll never know the pain i went through  
you wrote a letter telling me of  
why you were doing this it was for love  
the love that you had lost that day  
made you want to go away  
you made me cry so many tears  
you filled me with so many fears  
thank god you didn't do what you wanted to do  
cause then i would have no one to look up to  
im so happy your still alive  
without you i could not survive  
your the only one who cares for me  
without you what would i be  
i would be nothing id have no life  
then i would have to take the knife

# Music Is My Life

Music is my life  
Songs are my dreams  
Lyrics are my prayers  
The things in between

Notes are my words  
Cords are my lines  
Bands are my angels  
Til the end of time

# My Class

They call you names  
All day long  
They don't care  
They just carry on  
They wonder why  
I do not smile  
If only they'd stop  
At least for a while

emo becky

# Never Say I Love You

Never say I love you  
If you don't really care  
Never talk about feelings  
If they aren't really there  
Never hold my hand  
If your gonna break my heart  
Never say you're going to  
If you don't plan to start  
Never look into my eyes  
If all you do is lie  
Never say hello  
If you really mean goodbye  
Never say forever  
If forever means never

emo becky

# Tell Me I Won'T Die Mum

Tell me I won't die mum  
Tell me it's alright  
Tell me ill be safe  
On this dark an stormy night  
You're fading away mum  
As the wind begins to blow  
You touch my cheek softly  
Then float off in the snow  
I scream I love you mum  
As I set myself a light  
Forever by your side  
On this dark an stormy night

emo becky

# The Bully

There's a girl in my class  
She thinks she's class  
She calls me names everyday  
All she does is lie  
Makes you want to cry  
I wish shed go away

emo becky

# The End

I worry day by day  
That you are going away  
I constantly fear  
The end is near  
For both of us today  
But at the end  
Is a new beginning  
That we know  
Will never end

# Tonights The Night

Tonight's the night  
Im going to die  
Tonight's the night  
I don't know why

Tonight's the night  
That I die  
Tonight's the night  
Cause you made me cry

Tonight's the night  
I will die  
Tonight's the night  
I say my goodbyes

# What Colour Is My Poem

What colour is my poem  
Is it black or blue?  
I asked someone once  
They said to ask you  
So im asking you now  
So I can know  
What colour my poem is  
Before the wind should blow  
Cause if the wind blows  
And it turns to night  
How will I know?  
If the colours right  
It's to dark to see  
On this cold winters night  
I may never know the colour  
Of the poem that I write

# World Of Pain

In this world of pain  
You live but don't gain  
Anything in life  
So eventually you'll take the knife

emo becky

# You Can'T Scare Me

If I stay with you here  
Would you promise me no fear?  
Or would you scare the shit outa me  
Just to see me suffer in misery  
What if I learned not to cry?  
What if I choose just to die?
