A Teen

I'm a teen..

I'm over thirteen..

I live in a world full of dreams..

I want to attain peace..

I want to achieve all my dreams..

I was thinking about the manner..

And I don't care what's matter..

Technology can help me..

Technology is my magic lamp..

Via technology I can do it..

Via technology I can show it..

Via technology I can also realize it..

Blind Heart

I lost my mind..
And now my heart is blind..
Memorise are the only thing that is left inside..
Your hands in mine, they're intertwined..
Then I feel like I'm all hypnotized..
?O?_? made me laugh..
?O?_? made me cry..
But I guess that now I'm alright..

Cell Phones & Teenagers

The most dangerous communication device..
Which affect teens and the people who drive..

I want to give them just a piece of advice..
Cell phones may cause a Dopamine..

So parents you need to stop giving teenagers a mobile..
Without taking charge or to monitoring in front of your eyes..

Don'T Lose The Chance With Technology

Everybody tell me that it's so hard to make it..
Everybody tell me that wrong what I'm doing..
I shouldn't believe in..

I hear it everyday..
But we passed the old fashioned way..
That's why I shouldn't give up..

No it's not wrong what I'm doing, I always replied..

With just a second with press of a bottom and typing a letter..
I can open all I want, I can go on my work..
Facebook, twitter and all the rest.
..Give us the chance to realized what we want
Go on and try don't lose the chance..

Don'T Stop Your Dream..

If you ever stopped in the middle of the way..
Keep going on..

If you ever find yourself lost in the dark and you can't see..
Look inside yourself and don't stop your dream..

Find out your skills and abilities then you can seek..
The rest of the way and you will achieve your dream..

From School To Work

From School To Work Is A long Way To Cut..
But If My School Prepared Me And Gave Me Some Tips..
With My Skills And Talent I Can Step..

I'll Consider It As A Summit..
It Would Be Hard To Climb..
But When I Do; The View Will Be Nice..

Goodbye

Yo? said it's easy to say goodbye..

????, it can be said in ? blink of an eye..

The problem is that Yo? lied..

& Sorry it isn't ? white lie..

Yo? need to know that for me You're just like an old school tie..

Happy B'Day Mum

Dear Mum, You Love & Give..
& Make Life Fun To Live..

With Loving, Thoughts & Memories..
Of The Greatest Mum In The Universe..
In That Day I Only Realize..

That There's Nothing I Can Do..
Except Wishing The Best For You..

Because Today Is The First Of Jan..
May God Bless You For Your Love & Warm..

Your Birthday Means A lot To Me..
Because I've You For Another Year..
Best Wishes For You And 2 Words Can Explain..

All I Want To Say So, Happy Birthday

Lonely

I'm Lonely..
Do You Feel Me..

I'm Sitting Inside..
An empty Room With my fears..

I'm Crying Out All My Tears..
Because You're The Only One That I need..

But You Don't Even Try..
To Notice Or To reply..
All My Messages Or My Calls..

So At last Or All In All..
You're Nothing oF Today's thoughts..

The Age Of Technology

Sometimes I'm lazy I got bored, I feel crazy I got Ignored..
If that's because I'm just A teen, as busy as a bee
Should I have always to dream..
To be accepted or rejected I must be free..

but my parents always explode at me..
' You transformed into a machine '..
They always repeat it..
But then, what can I do..
If I live in the age of technology..

The Right Way..

I have to wonder if my way is clear or not..
Prepared or not prepared in such a dangerous time..

There are two ways always in front of my eyes..
now, in which path I have to go by..

I'm sure nothing will help me except my qualifications..
I got inspired and I chose the right way which is passes by..
My skills, abilities and talents integrated with school and now I'm clarified..

Via Facebook

I was one of the girls that hide their face..
I was afraid to tell the world, what I need to say..
But I have a lot of dreams, right inside of me..

I won't hide it anymore, because it's the only way and time..
That I can show..
My situation as a teen in my world..

Via Facebook I will let you know..
All about my dreams and how I will realize..

When I post in Facebook something about my dreams..
I found a lot of people who support me..
Go on you're great and you can achieve your dreams..

This is something from what they said..
And I believe..

Essra'a Awwad

Yes, For You I'll Fall

I'm gonna say it in front of them all..
Yes for you I'll fall..
Believe me I'm not gonna treat you like a doll..
Give me a chance or even one call..
What will you listen for, will make you droll..
I'm so conscious I don't drink alcohol..
My everything is up for you & even my soul..
