# Crazy Feelings

my love i missed you.

i missed you more then the one thing that i have always wished for

i love you with all my heart

i cant explain the feelings its

like fire buring up. iam carzy in love with you.. even if iam not with you..

n when i go to to sleep i dream of you. when i go with my girls i think of when

iam with my boyfriend your always in my mind

there is nothing in the world that will make me change of how the way i think of

you..even if you cut my heart open and go. always and forever no matter what i

will never forget you and never will stop loveing you...

# Take My Life Away!

Dear GOD...how are you today..  
i wanted to say how beautiful it is out side today.  
GOD i want to ask something form you.  
i hope you dont mind.  
cuz all i have is you on my mind  
iam soo sorry for every bad deed i have done  
i will try very hard and my best not to hurt anyone.  
GOD i wish for something.. something i know you would never do...i wish you  
would take my life..i will still live after life...i just want to be safe with my mom  
and dad....i know iam supposed to live happy...  
but liveing happy dosent mean ill die happy..i want you to do this one thing.. for  
me  
so that no one will ever think i have no one.. and have no one that loves me.. no  
more i can take  
take my pain away.

just take my life away! !
