Love

Love is what we have.

Love is what we shared.

love is what matters.

Love is what counts.

Love is what knows.

Love is beauty, sweetness, forgiveness and strong.

Love is what matters.

Love is what flows.

Is it really love

Or do I think that I love?

"someone Like You"

You all I been looking for.
You the answer to all my obstacles.
You the light to my darkness.
You the medicine to my heart.
You my heart, my love, and my friend.
You made me happy when I'm with you.
You help me to find the road to life.
You console me when I feel lonely.
You forgive me when I betray you.
You find me when life loses me.
You made me who I am.
You believe in me.
You listen when I talk.
You all I never wanted.
You teach me to be who I am.
You made me proud to be who I am.
You all my hope.
You the key to my entire door.
You love me when everybody else hates me.
You my heart and there is nothing compare to what I have for you...

"Who Am I"

I am an independent and unbreakable girl.

I am a dreamer.

I am a girl with hope.

I am a girl who never gives up.

I am a girl who never stops trying.

I am a girl who believes in me not in peer pressure.

I am a girl who never stop thinking of how the future going to be,

And of how the past was.

I am an intelligent girl.

I am a believer.

I am an incredible girl.

I am a girl who knows what life means and how it can be sometimes.

I am a girl who proud to be herself.

I am a girl who knows where she came from, where she is and where she's going.

I am a pleasant girl that always happy with what I got.

I am a girl who never tries to be someone I'm not.

I am a patient girl.

I am a girl who's looking forward to survive life.

I am me, wheter I'm pretty or ugly and will always be me.

I am an independent girl and unbreakable, and there is no reason for me to be forgettable of my personalities.
