# Depth Of The Pain

If forgetting miseries  
Is escaping Reality  
I better keep running  
And not remembering  
Is this left or right  
I can't comprehend  
How I hate myself  
On the way to the end

# Crazy Mind

How I miss gazing at your comely eyes  
The source of my joy and my happiness  
I can feel my heart engulfed in flames  
As my veins keep shouting out your name  
Cos Right now everything is not the same

I feel so empty and lonely  
Without you here it's boring  
Darling, my one and only  
For you my heart is yearning

For you are my peace of mind How I wish you could be mine  
Sweetie you're the only one I want  
My love for you can't be defined

# The Way I Feel

you occupy my thoughts  
Also when I'm sleeping  
I dream of you alot  
you're the air I'm breathing

You make me really happy  
With everything that you do  
they see that I get jumpy  
Whenever I speak of you

Cos that's how real love feels like  
It comes with forces that strike  
No one ever escapes that spike  
My heart and soul are for you

Now there's nothing left to say  
Darling you take my breath away  
Don't leave for I'd wither away  
I'd give my everything for you

Hafiza Mohammed Manzo

# Take Your Time

you sent me lots of beautiful flowers  
you never forget my birthdays  
you have me wondering why you're so  
caring and Generous

it's like I'm your everything  
it's okay if you wanna show me  
but if you're scared it's all for nothing  
no worries honey, I'm gonna let you take your time

it's up to you to let us happen  
it's up to you to make the move  
confess your undying love for me  
the love that you know is pure and true

# Voice Of A Lover

You're out of my sight  
Never out of my mind  
Now Where's my heart  
Do i know where I stand?

my days are longer without you  
When I close my eyes I see you  
My dreams are only about you  
Could I ever survive without you?

Sweetie You are the air I breathe  
I swear to God this love is deep  
You're my weakness and strength  
I'd be yours even after death  
so be rest assured of this oath
