' Short '

A short life she will live
But she doesn't live it well
Because she puts things off in her life
And she is the worst procrastinator that I've known
In my life
She hates walking
She hates cooking
She hates swimming

Aldo Kraas
2837 Sonata

Now that he is growing up
He doesn't stay home very much
Because he is out all the time
And he is afraid that he will miss out
In his life
I say that is understandable for him and me
Even though life is short

30 Seconds To Mars

Today I went to Orlando
And when I was there I was invited to visit Nasa
So I went to Nasa while I was in Orlando
But my dream now finally came true
Because I was dreaming for a long time about going to mars
And I went to the dressing room with the others astronauts to have a Shower
and after we all were finished we dried our bodies with the towel And we changed
into our astronaut suit and shoes
Them we went for dinner and the dinner was roastbife with mashed Potatoes and
gravy
After dinner we boarded the Discovery Space Shuttle
And in 30 seconds we were flying up in the air
Also I looked out of the window of the Discovery Space Shuttle
And I saw Orlando but it was very small from the top of the sky
Due to the attitude that we were in the sky
To be honest with you we were flying at 30,000 ft above the sky

30 Years Still To Live

I was born 47 years ago
And I have 30 years to live still
I am getting old every year
And soon I will catch up with you my friend
But my friend you are at the end of your life
And I have 30 years to live still
But I am no in a rush to end my life
Because I still have a life ahead of me
And I try to get the most out of my life
Also my home is my paradise and sanctuary
And I am the ruler of my home
But my destiny I am not sure where it begins and ends

350 Days

350 days in a year
To dream
At night
350 days in a year
To go out and make friends
350 days in a year
To change your life style
By eating foods that are good for you
Because junk food is bad for you
350 days in a year
To follow your daily routine
Because you should have a routine by now

4: 49 Hymn

at 4: 49 I walk in the streets of home
And it is very quiet outside
But it still dark outside at that time
And I don't find any other soul walking outside except me
So I take a trip to Metro to buy my breakfast
And then I buy two cups of coffee and I drink them
So that I can start my day right away
But to be honest with you I am happy because I already started a new day
That I am looking forward too
And nothing is going to bring me down
Because I will cheer myself today
And be happy to be alive once more today

Aldo Kraas
411 Sonata

Spring is here finally
And I am enjoying every minute of it
Every single day
That my life turns around
At 90 degrees angle
But don't forget that there are some good things
Going on in my life
Every single day

42 Years Of Life

42 years of life you have given me Lord
And
I am grateful for
The gift of life
That is so precious to me
My tolerance and respect is built around people
On understanding and empathy
There is another world for me to embrace
I always question what are they saying
I can do so many things
I need to have a desire to do it Lord
It doesn't matter where I came from
The ability to triumph begins with me always
I like to say that risks always pays of
I learn what to do or not to do
I see your face in me
I talk to children about your love
They get interested
42 years of life that I am living
Here in this land
I show in the way that I want you to take me in your life
I want to show the world that I live and breathe
I know about your love and grace
Lord have mercy on me
Lord I can't remember all the words that you have spoken
I had my days at the sea
I had many years in the wilderness
To turn back and find you Lord
I am a sinner just like a criminal
I am kissing you Lord and I am eager to deceive you
42 years of life came so fast
I had no time to enjoy it
I cry father forgive me
You said, I already did my child
I am the guilty man that hangs by your side
My shame is dying with your sacrifice
And all my fears came crashing down when I looked in your eyes
Are you listening to anything that I am saying Lord?
Because I am praying Lord
How many prayers can I say Lord?
Maybe the Lord will show up at my door today
Only the Lord knows what I am going through
I am not angry at you for asking
Give me hope
God I been waiting all this morning just to wake up
Next to you holding me
Lord I missed you like crazy
I am not the one who holds my pain inside
I am hiding my smile
I closed my eyes and looked myself away
The Lord is telling me
Child you have nothing to hide
The love of the Lord endures
I surrender
All my pressures
All my frustrations
All my anger
Gotta serve somebody
And there is no one better for me to serve than the Lord
Will I be healed some day?
You move me away from isolation Lord
I am making a potion that will cure my depression for once
Open my eyes
Loving and compassionate Lord
That I may be hold you
Walking beside me in my sorrow
42 years of life
Here I am after all
I been born 42 years ago
And I have all the reason to thank you  Lord for being a part of my life
For 42 years
Deep down I know that I can set things straight in my life
Lord I remember when you kissed me before a thousand times
When love was truly right
There is a nice warm and cozy bed in the sky
Where I sleep
Every step I took on earth retreated
Lord is here and nothing can harm me
So all I ask you Lord is that you love me
Lord's world will warm me and calm me
The Lord will guide me
Lord please say you love me every time I am awake
Lord don't leave me in all this pain
Lord please don't leave me out in the rain
I am so happy that I have that cozy bed in the sky where I sleep
Bring back the nights
Please Lord dry up my tears
In my hands I am holding the bible
Your words are written in it
There is a constant change in my life
Heaven knows I done no wrong
I have to make it through this life some how
One day at a time
I see no bed of roses here in the sky
We share our love with each other Lord
Lord I want to be forever young
Don't treat me like a child
Never let my hand go
I trust you Lord
Let the others take the easy way
I take the hard one because there is no choice for me
Lord I know the meaning of love
Lord show the world that there is hope for me

4439 Sonata

Alice in wonderland
Is going today to
Centre Island
With the ferry boat
Alice in wonderland
Looks beautiful today
Because she is wearing her summer clothes again
After that long and boring winter
And Alice in wonderland
Deserves to celebrate the arrival of spring
In Centre Island today

6: 35 Am Concerto

What a good morning my God
And it is 6: 35 am but I am up
And full of energy but excited at the same time to start this new day With friends
Also two days of rest is actually not bad at all
Because now I am finally at rest
Oh my God
Oh my God
Poetry keeps coming out one after another
And I am so focus on it
But my body is rested well today
Because it had finally a good rest
And now I need some coffee
So that I can have a little energy to move
Today I don't have to do anything and that is nice for a change
Because they will serve my breakfast and I hope it will be fit for a poet
Like me
Because a poet requires a good balanced breakfast
And breakfast is the first meal of the day for a poet like me

Aldo Kraas
A chuva deve cair como rasgos do céu
On the ground today
So that the ground gets washed by the chuva
And the grass also will get water
Very soon
But the chuva is very sad to look at
Because to me it seems like the chuva is crying out of pain
Like a human being does
In some ways a chuva seems to have some feelings
And I can understand that because I am human and I have feelings
Just like a chuva has

A Ballad For Father's Day

You are my sunshine in the sky
You are my ocean
Full of whales
You are my dreams
Of tomorrow
You are the tree that is growing
Here on earth
You are that beautiful wild flower
Inside of my heart
You are the rain that is watering that beautiful wild flower
That is inside of my heart
You are the mountains that I climb each day
With pride and joy

Aldo Kraas
A Ballad To The World

A Beautiful Face Without A Name

Face without a name

A Beautiful Thing

A beautiful thing
Is the life that God gave to us
A beautiful thing is the men like us
Because God create the men
To get married and have an also to have children
Together with his wife that he decides to marry and live the rest of his life With
A beautiful thing
Is the music that singers gave to me so that I can have a better life
Why?
Because singers are people just like me
And their music heals me and othe people
A beautiful thing for the ones that are sick for a long time
Is death
Because when death arrives to the ones that are sick they don't suffer Anymore
But it is not worth to live life when the ones that are sick are sick
Because it is a constant worry about who will take care of the ones that are Sick
And also their are constant worries if the one that os sick have any kids
Because they have to think of who will take care of their kids when they Will die
And I don't doubt for a moment that they won't miss their loved one if it is their
mother or their father
Why?
Because the one that is sickis their mother
And you raised them from birth to grown up
And what is next?
I can't say what is next  because I don't live their lives
And I will worry about my life
And nobody else's life
Because all the dreams that I am having now belongs to my life
Why do I talk so much about life now?
Because I am thinking about life now
And I am enjoying every second in my life
Because every second in my life counts because the hour keeps  passing
And I keep enjoying it
A beautiful thing is that I am one adult
And that I can do things that pleases me with limitations
A beautiful thing is that I am the captain of God's ship
But I am also the master of God's soul
And God is the master of my destiny
But where my destiny will end I don't know
Because only God knows where my destiny will end
A beautiful thing is the rain
Because it comes down from the sky and water our garden that is Outside of our houses
A beautiful thing is the soap that removes the dirt from my body and Makes it clean
A beautiful thing is the clothes that keeps my body dressed all day

A Beggar On The Street

I used to be rich
I had a big house with a big backyard
I spent all my money away like it was water
The little money I had left I gave it away
When it was gone I had lost my house, my job, and my friends
Today I am a beggar on the street
My best friend is a bottle of rum
As I beg for money on the street everyone that passed by me
Had noticed that I was dirty
No one wants a beggar for a friend
I have nowhere else to go except to live on the street
I am getting old and my life is passing me by
There are wrinkles on my face
I can hardly walk straight anymore because I am almost always drunk
I drink too much
I am a beggar what else should I do than drink
That’s what beggars do best
I know that one day my heart will give out and I will die
When I was rich I wasn’t happy with my life
Of course I had lots of friends
They didn’t stay around for too long
My money finished and I became a beggar
They tell me I have no shame
I would rather live in a refuge camp than live on the street
The streets are dirty and filthy
At least there would be water to drink, food, and shower
If I am lucky on a good day I get enough money to buy me a bottle of Rum and a doughnut to eat
On a bad day I just have to starve
I know I am dirty and smelly
There are no showers or washrooms on the street
I would love one
Soon will be winter and I will go to a men’s shelter
There I will get some food, a hot shower, and a warm bed for once

A Better Place For You And For Me

A better place for you and for me
We will discover it today
My friend
Because I want you to
Know that I had kept
The promise that I
Had made to you
And I will be your
Best friend always
No matter what happens tomorrow
I will always be
There for you
So lets go
And find a better place
For you and me
That we can live in harmony
We walked to the end of the road
And there we saw a man
That saw us also
And he had invited us
For the hot air balloon ride
Because that hot air balloon
Belonged to him
The man filled the propane burners
Of the hot air balloon
And waited for the hot air balloon
To warm up
For about 30 minutes
After that he had called us
And we all had climbed inside
The hot air balloon
The hot air balloon started
To lift of the ground
Very slowly
Into the air
And two hours later
The hot air balloon
Ended up in the sky
With all of us inside
We all had looked
At the beautiful view
When we had looked dow
From the hot air balloon
30 days later the hot air balloon
Landed safe in Johanesburg
Which is in Africa
And at that moment
My friend had looked at me
And I told her that
We had found what I had called
A better place for you and for me
To live in harmony

A Heart Of Gold

She has a heart of gold I can say
Her smile warm and sincere
She has done a lot for me
Now it is pay back time and I am here to help you
All those years you walked in my shoes, now I walk in yours
Now it’s my time to cheer you up
You cheered me up when I was lost and lonely in a lost place
We looked at each others eyes with disbelief that our only friend is
Gone
No humans were meant to live forever, because God made it this way
Face the pain and struggles because it is the only way you will grow And be able
to appreciate the good things in life
Not everything is bad in life, there is good also
When you feel sad and lonely, there is always a place that you can Come to
My house is your house; my house is always open to you
Sometimes it takes time for us to make a move because we are not Sure of the
things we want
If we don’t take risks in life we won’t grow and we won't learn a thing
If we want to learn something we must first have patience and take our Time in
learning what we want in life
Sometimes life is full of surprises
Some good things may come our way when we least expect it

Also that sounds fair to Mother Nature
But not to us

Another day ended so fast
And I am so happy that another day ended so fast
But now in my home I turn the radio on and I put on the radio my favorite Cd
and the radio is now doing a fine job because the music is playing in the
background only and I can deal with it without any problem
Because it is music that keeps me awake and relazes me at the same time
Even though I am feeling that I am burned out
But to tell you the truth I haven't done any writing on my computer yet
Maybe I am pushing myself to the limit with my writing that has to be done

A Love Song For Sandra

The blue star in your eyes
That I see shining bright
So bright in the night, it is shining bright
On the wings of an eagle my love for you flies
High above
The ocean
And high above the sea
My love for you is endless
That star I picked out of your eyes
To place it in your precious hands
This time it shone in your hands
Like magic
A love song for Sandra
I honour you my sister with love
That special gift you are to me
Let that love shine in your heart
Show that love to me and to others
There are so many things my heart
Wants to say
I love you
For what you are
For whom you are
For that gentle smile
Somewhere In my dreams I hear your voice
Whispering gently into thin air
At the edge of the mountain I close my eyes
And I feel your touch
A love song for Sandra
I placed the red roses in your hands and you smelled them
Later on I had kissed your face also
A brother and a sister who love
Each other
On the edge of my dream is where I want to stay
Loving you forever I will be
I won’t let my love fade away for you
It is so deep inside my heart
And the sun shine bright early in the morning
It keeps you and me happy
My gift to you is my love
Given from deep within my heart
It is the best I have to offer

World I am here
And I just keep hanging on
Even thought I lose hope sometimes
Because I feel that it is a normal thing
My feelings sometimes can become bitter
Just like lemons
I also know that I belong to this world
And here I will stay
Nobody will tell me to put a gun to my head
Because I don't have the courage for that
Also I am very religious

Aldo Kraas
A Poet Full Of Courage

There will come a day that I will be free of the depression
And the depression won't make me his prisoner anymore because I will get the 2x4 and I will fight it hard to gain control over my depression
Depression changes who I am completely from mild, relaxed, to anxious, and manic
The depression is not going to control me because I won't let it control me
I will fight to the end as long as I can to put an end to my depression
Depression is not a beautiful thing that I can be proud of it
I am not at all
But I feel that I can make a change by making it better by writing poetry and listening to music because it is music that helps me to get rid of my depression
And with music I get the courage to move on
Because music improves my well being and I feel that it is what makes me stronger and with religion does the same thing to me
But the two combine it is even better than medicine
I must say that there are no better medicine in this world than music, Poetry, and God because they all fall in the same category
I believe that one day I will be healed and I will tell it to the doctor and He will fall flat in his face

So he erases it again

And all he needs to do is to elaborate his poem
Now it is getting late for the poet
And he needs a break from writing
So he goes to sleep right now

I can still hear you all crying
I even know that life is not easy people of Libya
But you all have to go on with life
Also life is precious
If there is anything that I can do people of Libya
Don't hesitate to call me
And remember that you can always count on me people of Libya
Because I will arrive any time you need me
Even if it is during the Winter, Summer, Spring, or Fall
I also understand what you are going through people of Libya
Because everybody's road to hell is different

Aldo Kraas
A Song For The Broken Hearted

Never needed anybody
Helpless, restless little soul
Always fighting against somebody
Living in denial all alone
But I know...
No one can live
Broken hearted
Not that I know of anyway
If only you could break this
Shell around me
'Till that I'm standing on my own
Living in denial all alone
But I am trying very hard to repair my broken heart so bad
But I never had any lucky in fixing my brokenheart
It came to a point that I got so frustrated in trying to repair my broken heart over
and over again that I decide to call my God for help
And I will leave it to may God to repair my broken heart

Aldo Kraas
A Song For The Poet

After the rain
The rainbow will appear in the sky
And the sky will clear out again
There is no traffic today in the country roads
Where I live
But here is a very quiet place
And there is nothing going on in here
The country roads where I live is covered with snow
And the trees are covered with snow
I am proud to live in a country like Canada
That stands free
I am God's poet
I let my inspiration grow
While I write some poems
It is getting late now
And it is night here in the country where I live
But I belong in the country where I live
And that way I am close to nature also
The air is pure in the country because there are no factories in the country
And I can call the country my home

Abandoning

It all happened too fast
I didn't had much time to say good bye to you
Abandoning you was hard
It seems cruel at times
But the flight to Brazil is too long for you
It is too hot here for you
You are used to where you are
I don't see that little moving tail anymore for such a long time
And
That little girl bugging me everyday to go out early in the morning
Here is not home, it will never be
It doesn't feel like home
At home I got you to talk too
You listened to me and answered with your tail
I am anxious already
Waiting without patience to go home
Of course I rather be with you
You would be in my way, You can't go anywhere here in Brazil either
I am like a prisoner, I don't walk much here because it is not safe to Walk
For you it would be the same
I just have to pray
I will be there soon
Little girl
This holiday it seems like it never ends
Trust me little girl
It will not be forever
Just for a while until I get home
Couple more days I will be home
Now finally I see the end of it
A new start a new year
A new self

Adrenaline

I feel the adrenaline rush
That is flowing through my veins, my heart, and my lungs,
My heart is pumping so fast
I am feeling all the excitement
He is the ruler of his world
Blessed be your name Lord
Strong to lead me
Through the shadows
Strong to carry me
Lord give me some understanding
Lord you are the Lord of my Life
Shine that light in my soul
I feel that adrenaline rush in my body once again
It makes me feel very excited
Sometimes I am very naïve
Sometimes I feel that I am losing track of the day and the hour
I know I am getting to be too heavy
I know I am carrying too much weight
I keep promising to do better
But I just don’t have the strength anymore
Someday’s I feel like I am dying
And
That I am going through a slow death
My depression takes control of me
And enables me to do many things that I would have loved to do
I keep promising myself
But I never live to this promise
As I call your name
It is you that came to see me
Because I feel that are so many wrong things in my life
You are the one who can help me
Myself esteem is low
My confidence is running low
I am running out of energy so fast each day
Sometimes my energy is very low

Aldo Kraas
Afraid

Afraid of height
Afraid of fire
Afraid of being burned again
Afraid of being without money and be forced to live in the streets
Afraid that when I end up sick there won't be anyone to take care of me
Afraid of being mistreated by other people
Afraid of being judged by other people
Afraid of being put down by other people
Afraid that I will end up fat someday and won't be able to walk again
Afraid to die
Afraid that no one will care for me anymore when I am old
Afraid that I will run out of food and starve someday
Afraid that people will forget about me
Afraid that I might be blind someday and won't see what I can see now
Afraid that I will lose my tooth and won't be able to eat

After All Hymn

After all I am human
And I get mad sometimes
Sometimes it is hard for me to think of something else in
Order to get rid of my anger
But I think I have to replace it with poetry
Poetry is my life
And I live writing poetry
Is poetry just a scribbling that doesn't make sense?
No
Poetry are feelings that are written on a piece of paper or in the computer
Scream
Poetry makes sense because every word I carefully select
And there are other words that might pop out of my mind
That I connect with the words in my heart
Do I use strong words in my poetry?
Yes I use strong words
Do I offend my readers with the words I pick?
That Is something that I try not to do
AAafter all
I am human and I do make mistakes
But after I make mistakes I try to move to the next step so I never get Stuck
with my mistake
Yes poetry is my voice that is a message that I am trying hard to give to My
readers
There are so many different styles of poetry
Haiku, rhiming, and free style
But I always stick with the free style of poetry
I find that it is the style that soothes me just fine
After all
I try very hard to live a modest life that is very plain and simple
From the one I lived 16 years ago
What is wrong to live a life of luxury to me?
First I need to have the money to live a luxurious life
The second part is that I don't want anything to do with a luxurious life
Because I am happy living my simple life
And I hope to live that simple life forever
I want to have dreams only and I don't wish them to turn into reality in My Life
Because I know that my dreams will be dreams
No I can't sell my dreams
Because my dreams are only fantasies that I face every night when I sleep In my bed
And after all I will always be human

Aldo Kraas
After All Song

After all
I am human

After The Glow

After the glow
That shines so bright
The wind had put out that candle
After the wind had put out the
Candle everything was dark
At night here at the beach
After the glow
The glow of the
Candle was beautiful
Our faces had been shining against it
So bright
After the wind put the candle off
I managed to keep it shining by lighting it up again
Once more our faces had been shining
After the glow
The beach was peaceful
And the wind got stronger
It was time to go
Watching the glow of that candle was beautiful
It keeps my loved ones in prayer
And I keep on praying for them
After the glow
Of the candle is gone
It is time to say good bye to the dark skies and the night

Against All Odds

I am fighting to wake up
But I keep falling back to my regular sleep
It is frustrating to me
Because I am dealing against my odds when it comes to wake up
Yes it is hard to get up in the winter because it is still dark at 6:30 am
And 6:30 am feels more like 5:30 in the morning
It is a little depressing
But at 7:00 am the light comes up like magic
Because I can see the sky
And sometimes there is sun
And sometimes there is no sun
But I have to take it the way God sends me

Aids

There is a hero inside us all
I will make him see that
We all have Aids
Is time to do an Aids Awareness
The people need to be educated in this subject
Yes our little stars are shining in the sky while we march in Washington
God is our only hope
I hope he will set as free
And heal us from Aids
Millions of people are dying in this world of Aids
Drug manufacturer's are getting richer every day
And the people are suffering
How much money the government spent in research?
If there was a cure for Aids
The drug manufacture's would be out of business
Because everybody would be cured
Do they understand that we are running out of time?
The people who have Aids are leaving on borrowed time
Some got from their mothers
Others trough blood transfusion
What is the compensation for the aids victim from the Government?
Nothing so far
They promised and they promised
I think they prefer that the Aids victims are dead
Because when they are dead they won’t have to pay the Aids victims Any money
Others got from their partners
For not having safe sex while doing it

Akon Angel

Akon angel
Is the only black angel that lives in heaven
The rest of the angels are white
And the white angels finally got used to akon angel
Of course the white angels were upset when they heard that a black angel
Was going to live with them
At first they felt outraged
But God had a talk with all the white angels
And told them that their behavior was unacceptable
Because heaven is for everybody and not only for whites
Also God explain to them that he made the people different colors
Because he wanted a spice in life
Akon Angel doesn't have anything against the white angels
But the white angels will ignore Akon angel and not say anything to him
Because they don't want to upset him
So they try to pretend that the Akon angel doesn't exist
And that helps them to deal with it
Akon Angel looks after the garden in heaven because he loves to work in The garden and doesn't mind to get dirty
But the white angels don't like the garden at all
And they work in the kitchen preparing their meals for the day
God is in charge of the laundry and the cleaning of heaven
Also God loves to clean and do the laundry

Alibi

That was what
I had wished for
So long
That my lips
Would meet yours
Sometimes my
patience was wearing thin
But now I found it
The kisses
Gentle
Sweet
Tender
Loving
When we blow a kiss to each other
We use strength
And it is almost
like blowing a balloon
Alibi
I finally found
You
So
I also will be your alibi
My eyes are happy
I am happy
You are happy
That is all that matters now

All I Want Is Happiness For Her

All I want is happiness for her
I know that she has gone through so much in life
She lost all her loved ones at once
And our mother didn’t give her much credit
She had a tough time when she was a lawyer a long time ago
Today she is a translator
All I want for her is happiness
I wish it from the bottom of my heart
I don’t want to see her sad anymore
She needs a pat on her back
And somebody like me to tell her
You are doing fine
You are doing great
All I want is happiness for her
That she continue with her Johrei
It empowers her
It gives her positive attitude
It takes the negative thoughts away
All I want for her is happiness
That she is healthy
All I want is happiness for her
The sun will always shine in her life
It will always shine in her heart
I know that her pains and sorrows are gone
Her heart is healed now
All I want is happiness for her
Until the day she is gone

And he never once turned me away
From him

Aldo Kraas
All Of This

All of this
To sort out
That pile
Of clothes that are in my closet
Hanging up and taking
Up space
The reason I kept it for
So long was that someday
I would lose the weight
And I would be able to
Get into it
But I never did do the diet
So I never lost the weight
The clothes don't fit me anymore
Now it is the time to let go of all the clothes that don't fit me anymore
For a good cause
And the clothes that I have to wear
Need some space in the closet

All The Places I Have Lived In My Life

My home in Brazil had two balconies:
A little balcony in my mother's bedroom
And big balcony in the living room
My bedroom was small
With green walls.
My brother's bedroom was bigger than mine
With brown walls and a beige ceiling
We had maids that looked after the house
One prepared our food while the other cleaned the house and did laundry
At that time I lived with my brother, sister, father and mother
We were a busy household.
After that I lived in Boston with just my mother
And no maids.
I had to do everything with my mother
We lived across from the Charles river
In a 2 bedroom apartment
The kitchen was small
And my Mother prepared the meals
We were busy staying busy there.
After that I lived in Montreal with my mother
In a one bedroom apartment
I slept in the living room
My mother took the bedroom
And I had no privacy
There was little for me to do in Montreal except shop
Or eat in restaurants
I kept busy trying to fall asleep at night to the glow of the TV.
In Toronto I initially lived across from High park
I had my own bedroom
And my mother had hers
It was very nice to live across from the park because any time I wanted to go to the park
I simply crossed the street.
The trees had all their leaves on
And the flowers were out in full bloom
Beauty kept us busy.
In North York I lived in a condo
The condo had 2 bedrooms and 3 bathrooms
The kitchen was small
But the living room was big with 350 plants that mother looked after
Also we had a dog called Lilly
Who was always busy barking.
When we moved to Pickering, we had a big house
With a living room and a family room
The large staircase was located in the middle of the house
And to get to the bedrooms all you had to do was walk up the stairs
The master bedroom was my mother's
Mine was smaller and faced the street
With a view of a pond
Where turtles and gold fish swam.
There was tile on the kitchen floor and into the hall
There was carpet in the family room
And all 4 bedrooms.
There was a guest bathroom downstairs
And the basement was unfinished
Somedays I kept myself busy vacuuming all those rooms!
Later on we moved to a condo in Pickering
Called Discovery Place.
The condo had all the facilities:
2 swimming pools, 1 party room, and 2 tennis courts
24 hours security + laundry in our unit
We had a hallway with marble floors
But the rest was carpeted
The kitchen was small but the floor tiles were bright
We also had a den with a TV
And two bedrooms.
I was busy there, saying goodbye to my mother.
Later it was back to Toronto
A semi-detached bungalow
Upstairs was mine: 3 small bedrooms, 1 kitchen, a living room and dining room
The basement was finished and belonged to Margaret.
It had one small kitchen, 1 bathroom and a large bright living room
We had a front garden and a back garden
In the back garden there was a rock garden
At first poetry kept me busy
Because I missed my mother.
Later on I moved to where I live now
Alone
The suite has 1 bedroom with 1 bathroom.
The living and dining rooms are small
And there is no carpet.
All tiled wood.
The kitchen is very small. The condo has a balcony that looks out to the Ravine
And from the window of my condo I can see the trees
And here I keep busy
Writing poetry about life.

Alleluia

Sing now alleluia to the Lord
Because he died on the cross for you
And he resucitated from his death
So that he can judge the men, woman, and child here on earth
And he will forgive your sins
When you commit sins here on earth
Sing now alleluia to the Lord
So that he can hear it
Sang by you
Sing now alleluia to the Lord
Because he was born on Christmas day
Sing alleluia to the Lord
And let the Lord into your heart

Aldo Kraas
Alleluia le soleil brilles!

That God cares about us also

Aldo Kraas
Alleys In The Sky

There are alleys in the sky
And the alleys are in the back of the houses
That God built
So that people could live in the sky
Across from the houses in the sky
Is a huge park
And in that park the kids can play soccer
On the grass
But the grass is always cut at the park in the sky
By God's personal gardener
And God's gardener doesn't use any pesticide on the grass or on the Trees
So the sky is a pesticide free zone that was declared by God
And God is happy to live in a pesticide free world
Also there are no cars in the sky
And the people who live in the sky ride horses
Because horses doesn't pollute the sky like cars do
And the horses are white
Like the clouds.

Alone With You

Alone with you
She spends most of her life with you
Alone with you
She wants to be with you
And to feel your love
That love you have for her
And for yourself
Alone with you
For all I know
You are her man
Alone with you
She is happy as she can be
Alone with you
Loving him is easier than I thought
I am being honest to him
Alone with you
I want to walk
And be free
I want to be young again
And feel young again
And never be alone with out no one
Alone with you
I am a woman
Your woman
I am yours forever
Lean on me
Alone with you
I rather be
I rather see the lake with you
Alone with you
I rather take a trip to the other side of the universe
And see the rest of the world
Alone with you
Let’s grab the leaves from the grounds
And throw it up in the air
While the wind is around
So the wind can blow it away
Alone with you
I will always smile
And there is a picture of her in your wallet
So you can remember her

American Dream

American dream
American dream
American dream
I must surrender to my American dream
Please do not call me
There is a wedding ring on my ring
And I am building my American dream
I found an American soul mate to love
And to share my life and my American dream
I am getting married and settling down
Good bye single life
Love is the best thing I can give to the people who also share my American dream
Soul mate give me a kiss
And let's dream the American dream
I want my self, you, and every body else to be a part of this American Dream
We are starting over with an American dream
What I lost before
It is not of any value to me any more
I can't replace it
But you are a part of me
And that is what matters the most
This American dream belong to us and every body else
My heart belongs to you my soul mate
Days will come and go
But I am here for you
We can make a difference when we claim the American dream
Maybe tommorow we will sail on a moon beam
My soul mate has blue eyes
Soul mate I ask no more than this
Please give me a warm kiss
Somewhere in the American dream roses will bloom
And ships will sail across the sea
Poets will write their poetry
Singers will sing in the boulevard cafes some love songs that touch Every body's heart
Flower girls will sell flowers in the streets of the American dream so
The man can buy some
Flowers for there girl friends and lovers if they have any
I can't let any body else steal our American dream
We must save this American dream for us and every body else
If you want to be a part of the American dream
You will have to be a good citizen of the American dream

Anywhere Else We Rather Be

Anywhere else we rather be
Even if we could hear the voice of our mother again
And see her face
Anywhere else we rather be
Where is no violence but peace and quiet
Here on earth it is very difficult to find peace and quiet
Anywhere else we rather be
Writing poetry
Filling that empty pages of our note books with poetry
Some people might think that we are a powerless poet
Anywhere else we rather be
Sleeping in a warm bed in the night
Anywhere else we rather be
Taking a ride in the car through the valley of San Francisco
Anywhere else we rather be watching the sky at night
Anywhere else we rather be picking up the wild flowers from the valley Of San Francisco
Anywhere else we rather be holding hands and walking together
Anywhere else we rather be praying
Anywhere else we rather be singing
The songs of praise

At This Time

At this time I came back here in another time
And in another year to visit you at this grave sight
But also I can feel the peace of this grave sight that gives me
And it makes me feel very welcome everytime I come here
It was a long journey for many years but I overcame the struggles that Comes with it
My grieving period for my mom and my stepfather is over now
But I never forget to come to the grave sight every year
But Easter time I spent alone at my home
And I am a proud home owner at the same time living all alone and Trying to connect with people on the Facebook
And the Facebook opened up another door to my life because it also helps Me to make friends and socialize with friends
I never said to anyone that friends doesn't matter to me
Because right there you would know that I am telling you a lie
And it doesn't take much to realize when people are lying like me or The other people because you can hear them in their tone of voice they use when they talk to me
And I have to be honest to myself and other people by telling them that Lies doesn't get them anywhere or they can't cover something with a Lie by saying I love going there and then you realize that in real life that They hate it more than you
There are things that I can share from my own experience
Everybody's road to hell is different than mine
Because I been there already and I gone through that road alone 4 Years ago and it was a lonely and sad road because there was Nobody else on That road but just me walking on it and at the same Time hating every minute of it but that time is over and I am glad it is Over
Because I can move on and face a new life with many different tasks For me to Try everyday
And I should be grateful for the new tasks

Attila Ballad

Attila
The bed was made to sleep in
Attila
The morning has broken
Can you hear the beautiful sound of the birds
Attila
Open the windows so that the sound of the birds can come in
Through your window
Attila
God is always watching out for you
Attila
The sun will come out tomorrow
Attila
The world was made for you
And you belong in it
Just like me
Attila
Money talks
Attila
I am tired of agony
What about you?
Attila
I will be gone before you wake up
Attila
I can't go through with the doom and the gloom again
That is the truth my friend
Attila
Loving you is easy
Because we have each other
Attila
Are we just lost in time?
And I wonder if your love is the same
Attila
Open the door to the future
And go out through that door to discover your future
Before it is too late
Attila
Just believe in me
And I will believe in you
The road not taken
We will walk on today
Don't forget that my love is here for you
The dark is too hard to beat
You shine in my heart
And I shine in your heart
Your eyes are the sweetest eyes that I've seem
There are many things that I forget about in life
But I never forget about you
I hope that we will grow old together someday
Life is wonderful while you are in the world
We are both rich in spirit
And that is fine with me
You have your health
Your home is your castle
She'd light, on your better side
Reassure me that you'll wait for me, wait for me as long as it takes!
I will hold my breath
Until you see me in your dreams
We'll stay awake beneath the trees
We'll watch the buildings turn to dust
There is a sky full of diamonds just for us
Fight fires in your best clothes, touch skin with your eyes closed
Chase thunder...
With the volume down

Pack a suitcase and wonder to the next town

Because every time something happens to my life
I have to be back to square one
Starting over my life is hard
Planning my life is hard
And get back to my life the way it was
I don't know why I am so hard on myself?
I don't know why I keep punishing myself?
I think that is because I am so stubborn
That I keep doing it over and over again
Don't I get hurt with that?
Yes I do get hurt with that
I can't understand why I hurt myself so much
It is hard for me to go back to square one
So many bad things happened this month
That I am angry with myself
Why did I let this happen?
That is because I didn't see it coming my way
Why didn't I see it coming my way?
I guess I couldn't see the warnings coming
I can say to myself that this time there was no warnings
How will my life be now?
It will get better?
It can't get any worse than it is
It only has to get better again
I am the one that have to work hard to make it better
I want to live my life to the fullest
And do the best I can
I am so ashamed of the things I've done
It thorns my heart to pieces
And it destroys my life completely
Jail is not a place for me
I don't want to see that place any more
I am working hard to stay out of there
I suffered so much this month
I hope that I don't have to suffer any more
I want a little bit of peace

Back And Forth

I am flying back and forth on my airplane
So that I can remove the bodies of the dead people from earth to Heaven one by one
This job is a sad job but what can I do
This job at least pays well than working at Macdonald's that only gives You the minimum pay

Back In The Ussr

I am back in the Ussr with the army
So I am a soldier in the USSR
I am very afraid of the war because of the fight that is going on
And also the situation makes me very nervous
But I am not planning to die in the USSR
In the war because I am very young for that
Here in USSR Are no phones were we are
We sleep in tents on top of the mountain
I find it very cold
At night I take my sleeping pill to help me sleep
But in the morning the cornel wake us up at 5: 30 in the morning
Yes at that time it is very dark outside
Our breakfast is eggs and bacon with bread and coffee to drink

Back In Time

I am back in time for my medications
Because I take them at 9: 00 pm every night
Right after my alarm goes of at 9: 00 pm
But to be honest with you I don't like the sound of the alarm
Because it irritates me
But on the other hand it helps me to remind me to take my medications
Even though it is very important for me to take my medications
If I want to feel better
Also my health depends on that medication
And without it I can't live

Back To December

God I wished that you could take me back to December
When it was 2010
Because this year I didn't celebrate Christmas at all
For the first time in years
And I missed Christmas so much
But I know that you can't do that
Because 2010 ended already and we are in a new chapter in life
So what I missed I have to live without it
And make up for it next year
But at the same time I hope that next year I will have a fine year

Aldo Kraas
Ballad For John Lennon

You tried hard enough to change the world
You tried hard to send a message to the world with all your songs
You were an activist
The kind that the world needed
I don't think that the world was ready for you
But you worked hard
to send the message anyway
Because you believed deep in your heart that it would do
The world had been falling apart for sometime
You kept working hard to bring the world closer
You first attempt had failed
So you kept on trying
And you did
You were persistent
And in your mind you thought that you would achieve it somehow
You knew that peace
Was what the world needed
You worked towards peace
You wanted so badly to make peace with the world and the people
People misunderstood you
26 years later all the messages that was written in all the songs
You had composed lives on forever

Ballad Of The People

When will people
Treat each other with respect here on earth?
Why are we so against the black people?
Because they live among white people
We want schools to be separated

The residents of toronto
And I think that the mayor always forgets that
I believe that if we have separated schools we can end racism
And be able to serve the white and black students better

Beetle Rock

Beetle rock
Around the clock
Going for a walk in the middle of the night in search of a mate
I hope you find a good match
I hope you will be lucky
Beetle rock
Every morning you steal your master’s underwear
And comes and greets people by the door
With your master’s underwear stuck in your mouth

If he is left in the car he will go nuts
He will finish with the car seat
And the whole car will be a mess
Beetle rock
A dog’s life is sleep, eat, and walk
Sometimes it is better than the human one
Beetle rock
Anyway he brings happiness to your home
Beetle rock

He never wants to sleep in the kitchen in his own bed
He carries his blanket in his mouth back to the living room
Beetle rock
Beetle you are asking for trouble
Around here you are not the boos, your master is
So weather you like it or not you have to obey your master’s rules

See you in the morning
Sleep tight beetle
Hello Good morning again
Are you ready to start the day?

Believe What I Say

Believe what I say
A sonnet is a moment's
Monument,
Memorial from the souls's
Eternity to one's deathless
Hour
Shed a light
Don't shed a tear
Give a small praise
Don't dance with a stranger
Farewell to the soldiers
farewell to the world
As winter is coming
Believe what I say
A woman speaks with her heart
Save me
Even if
Is to really love you
Even if the love is to evaporate
The irresistible one you are
A rose
The Jasmin tree
Has the perfume of eternity
With these eyes
Full of raindrops
That had fallen from the sky
There is hope
For us so strong
God will carry us through
Our lives
And my hope for us is that we live and love each other
Like lover's do
What else can I say?
Believe in me
Let's get our act together
Because we don't know our destiny
It is hard to know if we are heading through the right direction
All I need is assurance
There are no disappointments for us I can assure you that
Everything is alright with me
And it will be all right for us
Take your time to be with me
There is somebody at your door
With not just a pretty face
This one is me
There are letters left unopened at my desk
You can always pull me through
I saw you in the mirror
I am grateful for you
Because you can always pull me through
My black dats
And lift my spirit
We are not afraid to die
We are not afraid to dream
We are not afraid to show the love we have for each other
We are not afraid to speak our mind
Once the morning comes
You can change your mind
Your love is like a river that runs through my heart and soul
When I am warm and thirsty
Nothing will change my mind
You are the one for me
And I am the one for you
I know that we can't live another day without each other
Let's make a wish for us
And I hope that life will be good for the two of us
I don't need to see the trust you have in me
Because I have so much trust for you
If there were no dreamers like us
What the world would be without dreamers
If we didn't have each other
What would our lives be?
It would be impossible for us to describe
Because we better not think about it
Let's enjoy life
Let's enjoy our love
Hope is what we need for each other

Benjamin

Benjamin
Do you still remember me?
Because I remember you
We have our lives to live
Benjamin
We can't dream all the time
Do you agree with me
Benjamin?
Life is tough
And sometimes we have to make some decisions for ourselves
Benjamin
Do you dream at night in your sleep
Benjamin?
Can you see me in your dreams
Benjamin?
Because I am talking to you in your dreams each night
Also in your dreams there are butterflies that are flying inside of your Heart
And I think that it is amazing
Benjamin
I understand that it is very important for you to be a role model to others
Benjamin
And I feel the same way that you do about being a role model to others
Can you see a man walking at the beach in your dreams?
If you do, that man is me
Can you see a man leaving his footprints in the sand while he walks at The beach?
If you do, that man is me

Aldo Kraas
Bereavement

You left me a long time ago
You are now in heaven
Resting in peace
And
You are looking down from heaven
At me
But I can't see you at all
I want to pray for you
And I hope it will be loud enough
So you can hear it
Coming out of my mouth

Aldo Kraas
Berlin Waltz

And all that I need
And all that I breathea
Is the air that is not pure
Why?
Because cars and factories
Polute the air that we breath
Also it is hot outside
But went with the flow

Bethoven's heaven

Aldo Kraas
Better At Home

I am better together with people
Because when I am with people I become more stronger wth people
Because I have to reach out to people
And I done this already so I am ahead of others because the intervention Is God
But God doesn't intervene in my friendship
Because he is aware of my friendship because I let him know about it
And God is also aware that I have God friends now that includes me in Their lives
Because it is said that people don't care until you know they care
Spiritual healing is what is helps me to grow
But I used to have a list of dark clouds
And I learned to open up to others
And not be afraid to speak up
Also I stand up for my rights because I have some rights like Everybody else
because I am a human being and not a vegetable
Because I also have feelings

Aldo Kraas
Better Days Song

I saw so many
Better days in my life

Aldo Kraas
Between Me And You

There is nothing
To hide
Between me and you

Aldo Kraas
Between The Start And The End

Between the start and the end
There is a sweet taste
Of honeycomb
As I eat my doughnut
That I bought at the doughnut shop today
As a treat
I don't do that often
Because
There t o much sugar in the doughnut
And I am fat as I am

Aldo Kraas
Beyond My Control

The kids at home scream when I am on the phone
So loud that I can't even hear what the person is saying on the phone
But I even interrupt the person on the phone so that I can talk to the kids
To be quiet so that I can talk to the person on the phone
But that doesn't help at all
Because they still scream as loud as they can
And I feel that it is beyond my control
Because I can't even control my kids at all because they won't listen to Me at all

Aldo Kraas

Bitter Man

Bitter man
Feels very angry inside
That he wants to scream
Bitter man
Feels hurt
Bitter man
Hates to be put down
Bitter man
Doesn't know how to stop
The jealousy that other people feel about him
Bitter man
Doesn't have a peace of mind
Because the other people doesn't have respect for him
And he does have respect for other people

Aldo Kraas
This bittersweet melody I sing
I sing for my sweet heart
Because I am your man
Imagine yourself walkint at the forest
Everything at the forest is peaceful
Full of harmony
Listen to the sound of the bird and the wind
Feel the smell of the grove
Fell the contact of the earth in your bare foot
Walk slowly
Don't be in any rush
Breathe deeply
You are in the heart of the forest
Listen to the sound of the water that falls far away
Let this peace enter your heart
Let this beauty penetrate in your heart bringing you
The peace that you need
Breathe
Feel the water
Beating in your body
Breathe
Dive in a relaxing
Bath and
Take your body to your spirit
Wash your thoughts
Let all the negative thoughts go back to
The place where it came
Let yourself be at peace
For some time
Close your eyes
And think about how you feel
Thank God for your life
Breath one more time
This bittersweet melody
I am singing
And you find me here
At peace

Black Dog Blues

The black dog is now going for a walk
With his owner arround the block
But I hope that his owner understand that the black dog feels the cold also
And doesn't stay out too long with the black dog
Because the black dog might freeze
And the snow is no good for the dog's feet
Because they hurt the dog's feet

Aldo Kraas
Black Field

The blacks have a the right to live in the black field

Aldo Kraas
Black Hole

Black hole
I've been there too long
Sometimes anxious
Sometimes sad
Sometimes depressed
Sometimes angry
Sometimes out of control
Is time for me to come out of this black hole
Wearing all the time dark clothes
It is like being in grieve
Lighter clothes gives me a lift
enough is enough
Black hole
There is no light in a black hole
I was only seeing black for a long time
Enough of this black hole
Enough of depression
Enough of suffering
Enough of trying to please everybody else
Enough of being used by everybody else
Enough of being mistreated by other people

Aldo Kraas
Black Ink

Writing a card to send to my friend
In black in
It took time for me to write the words
Down
Because I had to think about it
But soon
When it came out of my mind
I started to write it on the card
The kind words you would say
To a friend
Friend you mean so much to me

Aldo Kraas
Black Monday

For me everybody appears to be tired from the weekend on Monday
And they look to me more like zombies
Black Mondays are not pleasant like other days
But we have to live sometimes in black mondays
Even when it is not pleasant like other days
To learn to appreciate what you hate
But I believe that once you go through a black Monday
You will not recover right away because it will take some time
To some the black Momday can sink you like a ship

Aldo Kraas
Black Shoes

These old black shoes I wore it everywhere
They are old and out of style

Just a little cleaning and the black shoes will shine

Blade Sinfonia

When nature talks
I enjoy hearing her
When nature sleeps
At night everything is quiet
But during the day nature comes alive
With different sounds
And it feels like being in an opera house
The sounds soothe my mind and my soul
The sun also shines during the day
And it makes a big difference to me
At night the stars shine so bright in the sky
Here at home
But at home is where my heart is
And I rest my mind and my soul at home

Aldo Kraas
Blame It On Rio

The poverty is going out of control
Blame it on Rio
And the rich is getting richer everyday
Blame it on rio
The drug dealers make money selling drugs to people
And that is a disgrace to Rio
Blame it on Rio
The corruption is what makes people rich in Rio
Blame it on Rio
The poor doesn't have any rights
Blame it on Rio
The poor can't afford to go to school
Blame it on Rio

Blessed Be Your Name

Blessed be your name
All my prayers are answered by you
Every song I hear makes me want you more
All this sleepless nights
All that light wasted
If I could traded my anger for peace
If I can sort out all my troubles
I love you this much
I have no other words to describe you
Your lights shine in me
Despite all my troubles
Every day I will put my faith in you
I will let my love grow for you
Lord I believe that you can take my anger away
And my word will change
I am waiting for this to happen
Can you give me a chance?
There is no other place I would rather be
watching the world spinning around in circles
If I lay here would you fly with me over the sky in a space shuttle
Let's not waste time
If this doesn't happen
This means that this wasn't the right thing for us to do or the right place for us to be
Blessed be your name
I just want you closer to me
I am looking in the mirror
That mirror image
That I see
I don't like
I will give Lord a chance
I will give Lord a change
One more time
If I take my time
I will have the chance to start over
And have a chance to make it perfect again
One thing that I need to learn to have is patience
Because patience is a virtue
I am not gone from this place
To tell you the truth Lord this is the place I love
Lord I am addicted to your love and kind words
Blessed be your name
Where is my heart?
Is it in the right place?
Because my mind is not clear
It is full of worries
I am thankful for your blessings
Because many times
I just feel like walk away
And let every thing fall a part
But you give me courage, hope, and understanding
That I can't just walk away and let things fall a part
Why it is so hard for others to see me the way you see me Lord?
Lord blessed be your name
Why is it so hard for me to make right the first time?
Yesterday the clock moved fast during the day
But at night it slowed down like an old man
When you tell me that you loved me
It brings me a little confort and joy to my life
Against all my odds
I played all the cards
Not much luck in card games, and in life
Every now and then I dream about something
Blessed be your name
I am amazed by you Lord
By your touch
By the love you have shown me
Blessed be your name
I walk down this road
were there is the train truck
When that train goes through
I can hear the sound of the engines
And the sound of the brakes
Blessed be your name
Can I gain peace
Is that too folish of me to ask you that?
Obviously I am waiting for that
What more can I hope for Lord?
I have no blue eyes
No blond hair that I love so much
I guess I created that hate for myself

www.PoemHunter.com - The World's Poetry Archive
Do I have love for you Lord?
I have plenty
Is there any thing I can give you in return?
My sorrows, my guilt, and my pain
It still have that bag full of old coins locked in a ziplock bag
It is all my savings
Some day I will sell than when I will be broke
This will come nice and handy
Bring me alive to all my favorite colors
Because the hardest thing is not having you near me Lord
I know Lord that I will get through this
I just need some time
I must have a different outlook in life
Blessed be your name
I sometimes thing about things
And sometimes thoughts come to me
And it makes me wonder
Where that thought came from
I could see a new beginning coming to me
I know that I will flourish some day
And I will be feeling like I am on top of the word again
What is life with out the sun, the Lord, and the moon shining above the lake shore
Lord for now on I will live for you
Blessed be your name
I have to be strong and face my pain, my sorrow, my guilt, and my pain
I have to show respect for others and myself
I have my mind set on you
How many more years of struggle do I have?
How many more years of suffering must I go through?
Don’t you think I had so much already
Some times when I just think about it it makes me want to scream loud as I can
Yes Lord I need your help every day and I am not ashamed to ask for it
because I am asking for it right now
And I know you are going to give me
I will be aware of darkness
And walk on the right side of the street at night when there is dark
Because the right side of the street there is always bright
Lord I am not living in the material world
I want to share my wishes with you Lord
Blessed be your name

She was born in April 27 1923
And her grandchildren are all grown up and they don't live at home Anymore

I am the cowboy of the Americas
Boots blues
This boots keep my feet warm
It is in style
And that’s what the entire cowboy’s like me wear in America
I ride in this horse away
This horse gets me around where I need to go
It is hot there in Texas, but here it is cold
The trees and flowers grow wild out here in the desert
And when the night comes the cowboy’s in Texas sleep in the desert
Not me
I don’t like the desert
It is too quiet for me
It feels like being in another world
Away from people and away from the city
No telephone, TV, or radio here
The only thing that is available here is the stars and the deep silence

Born to enjoy nature
Born to swim in the body of Elora Gorge
With a life jacket of course
Born to sing songs to people and Mother nature
Born to try different foods
Born to be living among different cultures

Born to have my own style of clothes
Born to dream about cars on fire one night

Is it because they are trying to hide their identity

There are shadows in my dreams that I see
While I walk at night in the park in London riding my horse
But the shadows seem to follow me like a living ghost
Can I call this ghost the living ghost of London?
Or is somebody that is following me in the dark?
But don't try to ask me why it is because I can't see very well in the dark
Also the only light that is available in the park here in London comes from the moon in the sky
But the moon is doing a good job to guide me where I need to go from Point A to Point B here in the park at London

Broken Glass

My life is like a glass
Broken to pieces
Piece by piece
The glass lies at the side of the road
The wind blew this glass
Like dust in the wind
How come this glass is broken?
It can't be fixed
But my life can
My life will be repaired someday
My life is my priority
It is my priority to fix it
Where did the wind go that blew this glass?
Why was this life shattered so many times?
Into so many pieces?
A broken glass is painful
A shattered life is hard to put back together
But I am trying.

Brown Eye Boy

Brown eye boy wake up, God brought me to you
To arrive at you place takes time
Because I leave the other side of the city
Brown eye boy
I want to show my feelings towards you
Without restriction
That sadness
Breaks my heart
Brown eye boy
Time doesn't wait for anybody
Time has no ownership
Time doesn't belong to anybody or waits for anybody
Time keeps spinning like the tire of a car
You will need to make up your mind when you want to have a rest
You will need to decide when you are going to bed
Sometimes it is good to go out for walks to get some fresh air
Healing will take place in your life some day
Time to see the wonders of the world
Is my hope for you
Time for you to appreciate me will come
Now you just have to walk with me
Not saying a word
Time is not an enemy
Or a friend
Time to be born again you will feel
When God will come
Time to appreciate life
You will do
Brown eye boy it is dangerous to gamble with life
You are too young to know if love really exists
Our love is irreplaceable
We are sharing it for a little while
Brown eye boy
Your embrace is so strong
Your silence
Is so sad
I am dreaming that you will wake up in my dreams
Let the brown eye boy
Not live in silence any more
His fears and pains
I feel in his eyes right now
I wished I could find a way to take his sadness away
But if you keep silent and don't communicate with anybody
How will they kow how you are feeling brown eye boy?
Poverty strikes every one and even you brown eye boy
You don't need to feel ashamed of it
Because it is not your fault that you are poor

Aldo Kraas

Cabaret Rock

What good will do you to spend the day all alone?
So come out of your nest to get some fresh air
Because your life should be like a cabaret Rock
What good will do if you don't have any fun in your life?
So come out and party for ounce like an animal
What good will do you if you spend all your money on alcohol?
You will damage your liver and eventually die
What good will do you if you brag about how expensive things are in life?
I am sorry but you are not living in 1933 anymore you are living in 2011

Cadillac Blues

I have a 12 years old Cadillac that is parked outside in the parking lot of Your condo and you hardly drive it
But during the winter it sits in the parking lot rusting away
Why?
Because you can't afford to fix your car
I think that you are so stingy when it comes to money

Will you be here when I need you?
Or you will just leave me and take off?
Are you going to help me like I helped you before?
I have been around longer than you have
I seen too much off life, the good things and the bad things
I have an Inner voice that speaks to me
When I don’t listened to it, I feel bad, and I know that it is a warning that something bad could happen to me
Sometimes I run away from a bad situation because I am afraid to face It
I am coward,
Sometimes I am afraid of my own shadow
And I ask my self who am I?
Why I am so afraid?
Because it is normal to be afraid and I am human

Aldo Kraas
Can I Forgive Her?

Another night with open eyes
Too late to sleep, too soon to rise
I am short of breath, is it a heart attack?
Hot and feverish I face the fact
I am in love, and it feels like shame
Because she's gone and made a fool of me in public again
I am in love, and it feels like pain
Because I know there's too much truth in everything she claims
So I ask myself now: Can I forgive her
If she wants me to?
I ask myself: Can I even deliver
What she demands of me?
I drifted into the strangest dreams
Of youthful follies and changing teams
She admist that she is wrong
Then I wake up and remember that you can't forget
She made me some kind of laughing stock
Because I dance to disco, and you don't like rock
She makes fun of me, and even in bed she said that she was going to get
Herself a real man instead
So I ask myself now: Can I forgive her
If she begs me to?
I ask myself: Can I even deliver
What she demands of me?
Or do I want revenge?

Captivating Song

Because I see them very clear in my head
and I vision my dream to be of a very different place
That I never set my foot in it
But I remember seeing the ocean and in the middle of this lake there was a
Castle with iron gates and stained glass windows
The garden of this castle was very huge
And in the garden they had olive trees and all kinds of herbs in one side
On the north side of the garden they planted their fresh vegetables
To tell you the truth I don't know who owns this castle.
But in the balcony of that castle I could see a girl throwing flowers into the Sea
and ashes maybe of her beloved husband or her beloved mother
It was hard for me to tell or know
But the dreams had been good
And I wished that I could be in the dreams with that beautiful woman in order
to console her

Aldo Kraas
Cares Sonata

You are the child
Of yesterday's dream
You are the promise of the future we bring
Waving the banner of love to all
I am the world of the restless and young
But the restless world never sleeps
And you sleep through the night
She crossed that long road
Hopping to find somebody that she knew waiting
For her on the other side of that lonely road
The dark sky brings tears to her eyes
The cold weather outside make her shiver
Today will end soon
But tomorrow will be another day

Carrie Song

Hoping to shed city pain and strain
I wanted to let my sorrows drain
In a quaint little village miles away
I was in a thatched roof house to stay with friends for the weekend
But at the same time when I was sleeping there I was dreaming my life Away
and I found that to be so strange at the same time because when I Am at home
sleeping in my bed I never dream at all but maybe it is Because I am up early at
home so I don't get the chance to dream
Also I don't know if dreams can help me or if they can damage my mind?
But to be honest with you I am not educated in that subject and I don't Know
anything about dreams so I can't comment on that
Am I being ignorant?
No not at all
But I can say that I have stumbled on something
Look at me now
Am I really alone with God
And God is that you?
Did you come to lead me here on the earth?
Yes I came here to lead you on earth God answered me

Carving The Heart Revised

There is an sculptor that is carving my heart
By using the carving tools
It is looking very good, as far as hearts go.
The design that he carved in my heart is a house with grass, a tree and
A girl taking her dog for a walk in the backyard
Under a blue sky.
Also in the sky is written, 'Peace be with you'
By seeing the drawings
I have the feeling that
He wants to say that
All the things that he sculpted inside
Are very important in life.

In this strange land I am with other people
This land is called Ethiopia
We came to Ethiopia in a small Fishing boat
The boat run out of gas
The tour guide said
Please remain in the boat all of you
You don’t want to be anybody’s supper
In this land are crocodiles in the water
And there are also cannibals
Cannibals eat humans
Can we have water at least?
No the water is too dirty to drink
I know it is too hot, and we all need water
To keep us from dehydrating in this heat
I will just have to row us back to Johannesburg
So the tour guide rowed the boat as fast as he could
So the cannibals would not catch us
The cannibals saw as and they were running after our boat
They were shouting in Armaky, which is the language of South Africa
They had missed us
We had all been happy that we were safe
The day was almost over
The sun was going down
Soon will be night
By night we had arrived in Johannesburg where we started the trip
We went back to our hotel to sleep
We will never forget this adventure in a strange land called Johannesburg
Before going to bed we had something to eat and we drunken water
Our thirst was now gone
The night was cool and refreshing
The beautiful breeze that came in through our windows kept us cool From the heat of the day

Change Song

It is time to change the way you talk to people
Because I personally think it is very rude
And nobody else will tolerate that
Besides me
You need to respect people
If you want to get respect from them
Because it works 2 ways
First you have to give some respect
In order for you to get some respect from them

Chanson De La Vie

I am the shipwrecked man
And I come from the country where the shipwreck took place
But I used to work on that ship
Also I was the captain of that ship
And that ship had sail with me to so many beautiful places in the world
Eventhough I am grateful for been able to see all the world
At that time that I worked in the ship as captain
I had 9800 people aboard of my ship before the shipwreck
And the accident with the ship wasn't my fault it was the weather's fault
Because all of a sudden it got foggy nd I was trapped in a fog
The fog made me a little nervous while I was driving the ship
Also I tried to stop when I heard a noise and right away I tried to stop the Ship
and that is when I hit the Island inthe middle of the sea
And I had the shipwreck
But my job now was to rescue all the 9800 people that was on board
Out of the 9800 people only 1800 people and including myself new how to Swim
the rest of the people tried to get out of the boat but They unfortunately didn't
make and they died in the ship when the ship sunk in The island of Barbados
So the number of the people that died was 8000
Today in la vie I do a different job and I am now a lawyer

Chanson Que Me Resemble

chanson que me resemble
Is music to my heart
Chanson que me resemble
Is music to my ears
Chanson que me resemble
Is music for my soul
Chanson que me resemble
Is music to my heart
Chanson que me resemble
Is a song that God compose for me in his piano

Is the song of life that God taught me to sing over and over again
That never leaves my mind until today
Chanson que me resemble
Is a song that God will play on the background
While I have dinner with friends at home
Chanson que me resemble
Is very moving and a the same time a song about life
Chanson que me resemble
Is a noise that Mother Nature makes while she blows the leaves with The wind
to the ground
Chanson que me resemble
Is a song that relaxes me and puts me to sleep

And own them, whatsoever their estate;
And some for, for sorrow and self- scorn
Man's enmity with unguarded fate

This is your song children of persia
So let's sing it along
The magic comes along
God will lift up your spirit children of persia
If you need to cry children of persia

If you want to laugh

Children of persia
I will never abandon you children of persia
This is your song
Let all your fears die children of persia
I am your friend children of persia

Children of persia I believe you all could fly
Won't you light the way God for the children of persia?

There is not much green in the city of beggars

The city of beggars are growing so fast
And in the city of beggars lives 30 million people
The air is not that good in the city of beggars
Because of the factories and the cars
The city of beggars never sleep
The noise goes on 24 hours a day

City Of Saints

This is our day, it has finally arrived
We don’t need to dream about the city of saints anymore
We came to meet our saints in this city
They protect us against evil and devils
Saints you can all be rest assured
That
We don’t worship the devil
We are humble people
We believe in our saints
They won’t let anything bad happened to us
At night the city of saints feels so deserted
Everything closes early
The saints value peace
They value friendship and honesty
This is one of the biggest accomplishments of the saints
Can you see the saints
Wearing the gowns with golden trim and satin ribbons?
Don’t they look beautiful?
The saints have curly hair, soft as silk.
City of saints
The sky is bright today
There is not even a cloud
We call it a miracle
We couldn’t ask for anything more
We feel so welcomed by the saints
The saints wished us peace and happiness from the bottom of their Hearts
Saints, saints, saints
We adore you
And we want to say that we love you
Saints, we won’t let you down
Neither will you let us down - we hope.
May our dreams come true?
Don’t forget to dream big each day
Put a little faith in your heart and in your mind
Do you believe that saints exist?
There are a lot of saints here!
No saints will judge you
They will be your true friend
Or even like a brother to you
Saints we will walk in your garden
And share with each other the fruits of the trees
Because the fruits are there for anyone to eat
They are our nourishment - to keep us going
They give us the strength we need.
We will be loyal to our saints
Saints, please never let us down.

Angel of the sky do not fear me

But you have plenty of love in you

But your goal angel is to teach me about the power of love
And I am very interested to learn from you about the power of love
Angel of the sky I know that you promise God that you would take care of me

Close To Her

From the time I first met her I was close to her
The street light is on now
Because the day ended
She said there are no heroes in her planet
But she knows I am close to her
Hugging her and kissing her
We just met each other today
We are close to nature she said
And I said once again I am close to her
From far away I hear someone playing that calming and soothing music
It must be coming from one of the houses
Somebody must be playing the piano
If I could just dance beneath the street lights
It would be so cool
I am close to her
How long the street light will be on?
I am close to her
She run and bought a hot drink to keep us warm
She said there is a toast to the new couple
You and me
Look the moon is shining also in the sky
How beautiful it is to see her
It is a full moon
We are walking home
It is late
No body else to be seen but us
By now the music have died
And the noise has ended; it is quiet like a ghost now
A new day will soon begin
The sun is rising
The birds are singing at our window
Keep on singing birds
Because it is wonderful to hear you all singing again

Columbine you never left my mind since last year
I still can feel there presence here
I never can forget this day that 13 people lost there lives by someone Who shot them
It hurts too much to think about it
It was someone who wanted to play God
Who gave him the right to take someone else’s life?
Does anyone realize how precious life is?
Give us a day of peace
And we will give thanks in return
It takes time to heal from this sad time
We spent many years of our lives here
Columbine you are a part us
We have grown up with you to love you
Columbine I know that you will never forsake us
Those who died here had been one of us
They spent time with us here
They didn’t want to leave us please understand
They can’t be replace, they are gone forever

Come With Her

Come with her to the school graduation party  
It is father and daughter dancing together  
The last dance of the evening  
And that is her school  
Graduation party  
She made it  
She has her diploma now  
A new life for  
Her  
Will start after the summer  
It will be college time  
There are tears and happiness  
That fills the air  
You can see in  
Her class mates  
That some are happy and others are sad  
She will be a doctor  
That is what she is planning to be  
Life went fast  
She is grown up now  
Not a kid any more  
Her family is proud of her  
She finally said good bye to her teachers at the end of the evening  
And left that place forever

Comets Of Kandahar

Comets of Kandahar I saw in the sky
While I was setting up my tent for the night
And It felt almost like being inside of a painting that was painted by God at Night
and me also being a part of that paint was cool
After I sat my tent for the night I prepared something to eat
And at the next morning I was fighting in this Kandahar war
But also the Americans had lost 3 soldiers and we lost none yet
But we keep our fingers crossed each day now that we don't lose any

When I need a break
I will come back to my comfort zone

In my comfort zone

This is my space
No body will invade my comfort zone
In my comfort zone
I feel at peace
When I am in my comfort zone
I could not care less about what goes on out side
Because what goes on out side my comfort zone stays outside
What goes inside my comfort zone is my business

Because he understands it also

Because it is not like being in school
Also please remember that God is not competing with you

Corpus Christi

Now we came
Running so fast to meet
who died for us in the cross
Who has thought as to love
Who has thought as to leave in peace with each other
The love we have for God we will show him
We give this offering to the lord
We sing praises to the lord
We all worship you lord
This is you're birthday we celebrate
Happy birthday to the Lord
Give peace a chance
Give hope a chance
Give love a chance
Take care of the earth
Let us save the earth
The children will be baptized
in the waters of the Corpus Christi
We welcome the children to the gods house
It will be our duty to teach the children about our master
Praise the lord
Our savior
Our master
Put an end to the war
Lets unite the world
Don't let the power dominate us
Don't let us get carried away with our work
Give us a moment of silence
To understand how peace is important
We can work together for peace
Stop the sale of nuclear arms
Everybody loses at the end
The only ones that win is those who built the arms
We don't need nuclear arms in the world
We don't need any more war
The world doesn't need another Hitler or Saddam Hussein
Who loves revenge and kill his own people
The people and the world need peace and the love of God
We can't be dominated and controlled by other people
Not even the world
Because the world belongs to God

Courage

Where do I get the courage?
Where do I get the courage to go on living again?
To come out of my shell?
To pray again?
To smile?
Where do I get the courage to sing again?
Or laugh?
Where do I get the courage to go out again?
To relax again?
To breathe?
Where do I get the courage to love again?
To be free again?
To cook again?
Or look at the blue sky again?
Where do I get the courage to write again?
To wipe out the bad memories?
And put the past behind?
Where do I get the courage to make new friends?
Or watch flowers grow in the garden?
Where do I get the courage to write a letter to you?
To save money again?
Or read books?
I find it
Day by day.

Just so he can taste it
And he tells everybody very loud that the food that he order
Taste like shit

Criança Esquecida

Criança esquecida
Can I give you some of my love
Perhaps?
Criança esquecida
Can I be your friend at least?
Criança esquecida
Do you want to get to know me well
First?

Aldo Kraas
Deus te ama
The same way that I love you
But crianças do mundo I wished that you could be around in a world that
Doesn't have any war
But unfortunatly you belong to that world that is full of war
And you might never see peace like I seen now
But you also will never live in peace
Because the world is falling and thumbling down
With war and earthquake
I am afraid to tell you that you belong to this world
That is full of evil forces and evil people
But among the people you can still find good people
People will help you if you ask for help
There is not much time for you to play
Or you never had the opportunity to play
Because every time that a bomb is fired in the air in your country
You have to hide in the basement of your house
So that you stay safe
And at night when the bombs goes of in the air you have to sleep in the
Basement of your house to stay safe
That war is hell because all you see is the people who had their heads and arms
blown of by the bomb
While walking outside and at the same time trying to get away from it By making
sure that you don't get hurt

Crossing The Pathway

You never know who you are going to find
When you are crossing the pathway
There might be people that you know
And some that you don't even know

Aldo Kraas
Crossings

All the crossings I know
I cross all of them
Some familiar grounds I know
Some crossings are more dangerous than others
Some crossings
I find different people
From different places
The welcoming feeling that gives
Some crossings there are restaurants
And some different meeting points
From the crossings, I can smell the different foods from the restaurants being cooked
And sometimes the smell of the foods make my mouth watering
Crossings are a part of every day life
As soon the lights turn red at all the crossings
The people start to cross all the crossings
The snow at the crossings makes it interesting
The colors blend in with the winter scene

Crying

I was walking in the streets of home

Aldo Kraas
Crying In The Rain

Crying in the rain

Crying My Heart Over You

Now that you left me
And don't love me anymore
I am crying my heart over you
What is life without a friend?
What is life without a lover?
What is life without a prayer?
What is life without the blues?
What is a home without you?
It is empty

Aldo Kraas
Crying Over You

You rushed out the door this morning in this heavy rain
Without saying good bye
I was crying over you
You told me
You don’t love me anymore
I was mad like a lion
Ready to attack
I was crying over you
The next morning
I run after you
I was crying over you
Hopping that you changed your mind
I was crying over you,
Every day
I will remember our good times that we spent together

Aldo Kraas
Cuckoo's Nest

I been twice in two months
In the cuckoo's nest
Is not a fun place to be
But when you are sick with depression this is the place to be
Cuckoo's nest
Is a boring place
There is a Tv
And a bed for you to sleep
There is not much going on through the day
When I am at the cuckoo's nest
I have to wait for my meals
Is not like being at home
That you can just wake up and go to the fridge
And grab something to eat right away
I can wear my clothes on
But I can't have my belt in my pants
No metal cans or glass bottles are allowed to be brought in
If I bring in any drink has to be brought in a plastic bottle
My shaving gear I can't have with me
It has to be given to the nurse
And every time I need it
I have to go and ask for it
When time for the medication comes
I got to go to the nurse station
To get my pills
At home they are there
And I can just take it
It is much better at home than the cuckoo's nest
I hope that I don't come back
To the cuckoo's nest another time
Because I had enough of that place
At the cuckoo's nest the food is nothing like home
Bye bye cuckoo's nest for now
Cuckoo's nest
Cuckoo's nest
Cuckoo's nest
Cuckoo's nest
Cuckoo's nest
At the cuckoo's nest there is a shrink that comes and talk to you about your
problems
That is a good thing
Cuckoo's nest
Cuckoo's nest
Cuckoo's nest

Because the sun might be also hot for you because you have feathers
And Curtis doesn't have feathers because he is a human being
But he wear clothes on his body and that is the clothes that covers his Body

Dancing In The Light

I got up early this morning
And I took a lot at the mirror
And Isaw that my eyes was tired still
But I was yawning still
Now was a good time for a nice cup of coffee to wake me up
And to get rid of this awful yawning
Maybe I didn't had enough sleep last night but the night ended so fast
And who is me to blame?
I didn't made the night
But I just go to sleep when the night comes because it is the right thing To do
And now I am going out to dance in the light in the streets of Toronto all Day long and enjoy the beautiful sunny day

Because it was one of her last wish
Before she died

Grandmother if you were here to day
I would still be dancing with you
That was a long time a go

I can’t even remember how long it was
To tell you the truth I lost count

I am coming out of dark ages
And I lived half way through my life
Also I got my hand dirty in the mud a long time ago
I did it and got my tshirt and that job is over
I am coming out of dark ages
Because I spent most of my life in dark ages
And I saw so many dark skies while I went through my life in dark ages
I am coming out of the dark ages
To help the children in their daily life
By teaching what is right and wrong
Because the children needs to learn what is right and wrong
So they don't became a criminal when they grew up
Because here on earth are full of criminals already and we have more than What we can handle
I am coming out of the dark ages
To show my love to the children that lives here on the earth with us
I am coming out of the dark ages
Because I want to play with the children everyday here on the earth Because I know that I can make the children happy for once

Dark Heart

Inside of that dark heart is dark
Because has no light
And the light doesn't shine in either
So that is why it is called a dark heart.
By me.

Aldo Kraas
I started to believe in myself
After I came out of that dark hole
That I was living for a long time
Where the light never came in
And there was dark all day long
But now that I am out of that dark hole
I saw the light for the first time
And I enjoyed seeing the light very much
Yes I found very depressing living inside of
The dark hole for so long
Now it is the light that gives me the energy that I need
And I consider myself to be very religious
Even though my life is now balanced
To the full scale

Aldo Kraas

That dark road
Finally
Because when I walked
On that dark road
During my illness was tough
For me
Because at the same time
I was having so many negative thoughts
That was coming out of my head non stop
At that time I was feeling that my head was my biggest enemy
In my life
And the truth was that I wasn't getting a clear picture of my life

Dart In My Heart

One evil man that I never knew
Came across to me in my direction while I was in the pub last night
With some friends minding my own business
But the strange men took the dart from his jeans pocket that he was wearing
Last night while he was at the pub that I was
And he throw the dart in the air which was a very dangerous thing to do
Because you never know who is going to get hit with it
But unfortunately I got hit with the dart
And the dart got stuck in my heart
But after that the strange men left the pub in a rush because he didn't want to get caught and charged by the police
But I try hard to remove the dart out of my heart because now I was feeling the horrible pain but also my poor heart was bleeding badly
Also other people in the pub came to my rescue
And at the end of the night they called for the ambulance and the ambulance drove me fast to the hospital where the doctor late at night perform the operation to remove the dart from my heart and I received a few stitches in my heart and after the operation I went to the recovery unit where I spend a few days
But after that I went to a normal room in the hospital also and I stay in that room sleeping most of the days because I was tired and still in pain
But the nurses came and gave me some morphine to take the pain away
And when I left the hospital I was fine and I was able to go home
And get back to my life but I never went to a pub again since the accident took place

Because it was declared today the day of the dead
By Toronto mayor Robert Ford
And some people are mourning their lose today

But I see the tears coming down from their faces at the same time that Some people are mourning and others are remembering their loved ones

She finally got a day pass
From the doctor at the hospital
And that is wonderful

And with the day pass
She is allowed to go out for the day
Believe me she was so happy
To be out of the unit for the day

The people of the daydream nation is dreaming away
Of having things they can't have or can't buy
Because it costs more than the wages that they make in a day
That alone is a sin
Because the people of the dream nation have to work double hours just so They can buy the item in the store that they dream every single day
And the people of the daydream nation must understand that shoplifting Is a crime that puts the young people of the daydream nation in jail
That dirty and filthy little cell with only a toilette, a bed, a sink, and a door that keeps the young people of the daydream nation locked for 48 hours Or months
And now the young people of the daydream nation have a criminal record
For shoplifting in the store of the daydream nation
Also when the people of the daydream nation fills the application there is a question that asks them if they commit a crime against the law that was Pannishable? yes or no? the people of the younge will have to answer it.
And if they commit a crime and answer it no they will never get that job
Because they lie on their job application form
But the restaurant owner needs to choose their stuff with caution when They are hiring the young people of the daydream nation
Also I belive that this daydream nation is bleeding day by day
Because it is hard to find a young person tha is honest and wants to persuit A dream and a life by earning a honest life
The job of the adults are to be that role model and to guide the young People to that straight road or path
Because once the young people of the daydream nation makes a mistake
They will have to pay for it
One way or the other
But young people of the daydream nation look into my eyes and I will tell you who your friends are
Also for every action there is a reaction
Young people of the daydream nation the way you make your bed that Is the way you sleep at night
Daydream nation needs to be repaired and that is why we need the Cops we have in the daydream nation to make the dream nation a Safer place to live but don't go and point your finger at me by saying that I am the Problem at the daydream nation
So please keep me out of your decisions when you make one by saying that All the problems that we are experimenting in the Daydream nation to be my fault
But the whole truth it is not because I don't cause problems for nobody
Young men of the daydream nation
But the other factor in the daydream nation Is the high cost of living
That we have to go throw in life to make ends met
Sometimes we can and sometimes we can't
But when we can't we are forced to live without it
Or get a second job
Also it is the recession that burns a whole in our pockets because Sometimes we
even end up poor or homeless in the streets of the
Daydream nation
But than the homeless shelters fill up fast in the daydream nation
And when it is all filled up you have no choice but sleep in the streets of
Daydream nation

Daylight

After so many hours of darkness
It is awesome to see the daylight
I get up and get ready
I can’t wait to put my foot out of the door
Daylight you are awesome
In the summer we have long hours of daylight
But in the winter we don’t get much daylight
Daylight is better than darkness
Darkness can be depressing
But there are both
In our world
Which one I do prefer?
I prefer the daylight myself
We need darkness to sleep
And daylight to bright up our days
Is daylight a gift?
It could be if you look at the way I look at
Is the darkness a gift?
No it is a necessity in our lives
Is the daylight a welcome friend?
To me it is
To you it might be a different history
I don’t take the daylight for granted
The darkness I don’t care much for it
I am longing every day to see the beautiful daylight
I truly love the daylight
I find it awesome

Aldo Kraas
Hello
Hello
Hello
People of the universe
Finally
Daylight again
A new day is here
It came so fast
Sometimes it seems like we didn't get enough sleep
But that is all not true
Because we slept the night away
Some of us are early birds
Others are night owls
Daylight again
Our body is waking up slowly
Like a turtle
Daylight again
Daylight again
We see it for maybe 8 hours a day
Than becomes night again by the time we come home again
Good bye daylight
Good bye daylight
See you early tomorrow again

Aldo Kraas

Aldo Kraas
Dead Man’s Gun

I don't like the dead man's gun
Because
Today I found it on my bed in heaven
And
It was not me who left it there Lord
Because I don’t own a gun
And I hate guns
Because
They are very dangerous
And nobody has the right to take their life away
If they are in good mental condition
We leave it up to you Lord
But to my surprise
Just before I went to bed for the night
I discovered
They had removed the body of a young man
Who had killed himself with the gun
In my bed
I didn’t know this young man
But I am not happy that he laid on my bed in heaven
Because in my bed are all the blood stains
And that bed is the evidence to this case
And the police took it away with them together with the body
Of the young man
And what now?
Where am I going to sleep tonight?
Please don’t forget that I have no bed in heaven
Right now
Why do people destroy themselves in heaven?
Shouldn’t heaven be a beautiful place?

Aldo Kraas
Dead Man's Ghost

This man had been a long time in the hospital
He is quite old and sick
I hadn’t had a chance to come and visit him
But today I received a phone call from the hospital
Saying that this man will die any hour
They are shutting him down
I had dropped everything I was doing at home
I call the taxi
One hour later
I got in to the taxi
I was now heading to the hospital
Sadness filled my eyes
But when I enter this man’s room
The time just Arrived for him to die
I held his hand
I didn’t say a world to him
His body was shutting down slowly
He had a difficult time in breathing
He was gasping now for air
Then he began to close his eyes
And then he died
I was glad that I was able to see him for the last time
The man’s room in the hospital felt eerie
Now I was talking to the dead man’s ghost
The dead man’s ghost said to me
You know one thing he lived all he had to live
He worked all his life and now came his time to go
After that I had let my hand go
I left and they covered this man up

Declaration Of Life

Declaration of life
Is a written paper
That I keep in the drawers of my desk
It is a declaration of life that is truly an amazing gift
Sign, sealed, and delivered by God
At the time I was born
And at the time I had entered his world
I had grown and seen all his world
Today I am a believer
I am the one who is falling into God's footsteps
And God is life
This day was made for me
Bring it on I will
I will look on your side of the world
Because there are places
Which are brighter
Filled with thy love and peace
God tells me I will take care of you
Many years to come
Declaration of life
Live my child
Live well my child
Enjoy it my child
Drink my child
Eat my child
Sleep well at night my child
And don't forget about me my child
Child I am the one who signed the declaration of life
In your heart, mind, and soul I live
Child take time to consider grace
God the landscape grows green with your love
Eternity isn't something we wait for-it's what we breathe
God

With all my strength that comes out of my heart
Because the fado that I was singing for you
I dedicated with love for you
And when the sun leaves the earth and goes to sleep

Because all that is left is a dark cloud
And the water of the sea keeps rolling like thunder
And before you know it the night is here again
And another day is over

Dedication Song

I am dedicating this Song to you Lord
May they see only the good in you
Give me your hand
Let me carry you on
Love thy neighbor as thy self
I am seeking the Lord
Imagine me praying for salvation
I am also praising you Lord
If you haven’t notice it yet
You hear me praying out loud
I will cast my burden on you Lord
You remain a part of me
Lord holiness is what I see in you
I won’t wait for another chance
Because I know that my chance has finally arrived
I can’t wait for one more day
Because that day is here
The air that I breathe is free
Do I need to tell you that I love you once again Lord in a song?
You will know it just by looking in my eyes
I know that you will be able to feel it in my heart also
It is wonderful for me to live a free life
And be me
I need you in my heart and in my life
I want to praise you every day
I need you every hour my Lord
Open now my eyes so I can see you
I need your touch
I need your cleansing
I need you to blessed me now
I give you all the love I can give you
So please give some love back to me
Always in this crazy world there is a place I call home
That is my home where the Lord is
My father is the Lord
The Lord is my call
Far away from this world
There is a father that cares for me
What holds for my future after today?
I have nothing to fear
I have everything and I am grateful for
When the holy spirit looked down at me and said
Seek my face
I looked upon his face and said I will seek your face
Amen

Deixar Para Ir Mais Altamente

Deixar para ir mais altamente
My dreams that I am dreaming tonight
While I sleep in my warm bed
Deixar para ir mais altamente
My thoughts that I am having during the day
Deixar para ir mais altamente
The song that I sing to the people here on earth so that they can hear it
Deixar para ir mais altamente
The breath of life

Delilah

Delilah
I see your beautiful face
Shining in my bathroom mirror
Every day
And it makes me happy
To know that you are alive each day
Delilah
How are you?
I hope that you are doing fine

Aldo Kraas
Delirium

Assailant
Why do you want to kill me and poison me?
Where we are people are watching us
Can't you see that?
Do you want a show?
You are an evil man
Assailant you belong in jail!
Not in the community
The assailant
Poisoned me with rat poison
I am lying down now
On the ground
The assailant is beating me
I am bleeding badly
And after he did it 9 times he runs away
Someone stood there and watch it with horror
Somebody else called 911
Using their cellular phone
The ambulance
The fire truck
The police
All arrived
Soon
They took care of me
First they took care of the rat poison
Because if they had waited much longer
I would be dead
In no time
I had to vomit so the rat poison could come out of my stomach
I was glad
I was still sick to my stomach though
Than they took care of my bleedings
I was in pain also
Finally they put me on a stretcher
And took me to the hospital
In the ambulance

Denial

I was many times in denial
I could not see my self loosing my temper
I was hurting those I loved the most
The devil got hold of me now
I see it is true
If I went to jail for beating up people
I know I would not survive a day in there
I would have lost my freedom for ever
Today I thank for Clonazepan and Apodivalproex
They saved my life
I am not the man I intended to be
What would be life in Jail?
Would I see the sunsets?
I would be isolated from the world
What life would I have in jail?
Hitting people is not right
It has finally stopped with me
Now once I admitted
And did something about it
I can live in peace
I just could not see the warnings coming before
Now I understand it better

Depuis Que Tu M'As Quittée

Depuis que tu m'as quittée
It felt so empty in here
And I I was left without your love
I was heartbroken to see you go
So soon
And also there was no time
Anymore for me to tell you
The things that I wanted to tell you
Before you left here
Before I felt that God was being so selfish to you
and not paying any attention to me
But now it is clear to me
That you were his first priority

Desire

I desire plenty of love to fill my heart
My friend
I desire to meet him

I am God
I am looking after you
You found me
And I found you last
Please try to sleep
And don’t worry about anything else
Because I will comfort you
Don’t fear me anymore
Don’t let the demons take control of you
Don’t be too greedy my friend

It is as shame
But the devils live inside my brain
And now they will cut my electrocodes that sends the signals all over my Body
and there is no way to stop them from doing it
Because they want to inflict pain in me
But when they cut my electrocodes it paralizes me totally
Also I try to move my body but nothing moves
And I just have to be paralyze
Believe me the devils did a lot of damage to me already
And I feel that enough is enough because I am their victim

Diary Song

Her diary
Is private
And I never bother to read
Her diary
Because once again

And she write her feelings in her diary every night
Before she goes to sleep

Did I Notice Anything New

Did I notice anything new?
I did
Today is the day to say farewell to my old friends again
But the truth I am old now and have so many experiences
About life
Some are good and some are bad
But I want to keep the good experiences of my life recorded in my computer
And the bad experiences of my life I well throw inside the garbage bags
I beat that I can fill 6 bags of garbage with my bed Life experiences
And it is the bad life experiences that it is more like punishment to me than anything else
But I find the good life experiences very rewarding because what I learn
I can take to the next level and there is too many levels for me to count
I have to get through the last level because by the time that I will be on the Next level I will be very knowledgeable because by than I will be able to Share everything that I know with people
And that last level I call it the comfort zone
Because when I will be in the confort zone I will be more myself
And I will be more relaxed and full of energy
Also my level of enthusiasm is very high
I know that I don't deal very well with presure in life
But stress is something that I don't handle very well either
And I must admit it to myself that I can only do so much to improve Myself because it is just like baby steps
You move little by little everyday

Disturbia

Today I am living in Disturbia with my mind
And the grey patches are showing inside my brain
And that alone is my dark side
Also the grey patches are the sign to be careful
And that is for me to know that when it comes 9:00 pm
It is time for me to rest for the night
Disturbia is not a nice place to be with myself
Because it changes who I am from one minute to the next
And that I also have to be aware of
But the real truth to me is that my life is not like the same way that a History
book goes or ends
I also believe that sometimes I need to let the reality of life to come to Me

Also I am like a volcano that is ready to explode at any minute

Aldo Kraas
That dolce life
Was made by God
And given to me by God
So that I could live it
From one day to the next
But I know that in my life
There are things that
Are not so pleasant
That some people always do to me
By ignoring me, and not saying please or thank you
Also I find that people like that are not so sensitive to others
Or more selfish and hostile to others
Why?
Because I need to show my interest in them
And maybe by than they will have a wake up call
I need to remember that human beings have their faults also
In life
I feel that I need to worry about myself more
And not them
Even though they might have something against me
That is fine
If they do that they must keep to themselves
So they don't offend me at all
The piece of that dolce life
I want to give you
My dear friend
So you can live it to the fullest
Each day
Please remember that I don't expect any payment for it
Because life can't be bought with money
And life is a precious gift
That our father gave to us
Also remember that I go that extra mile for you
Each day
Also please remember that the things that I do for you
I do out of kindness
I am not planning to let you down
Or to starve
Because I want you to get well
And have a life
I know that we shouldn't treat a human being like an animal
And neither an animal badly
But please remember that we have consequences in life
And for every action there is a reaction
I know that in life there is a price to pay when we do bad things to Others my friend
But when we do good things to others God give us a reward my friend
I don't want to sit here and think about the day
That you will die
Because that is not my wish
My friend
And neither yours
I am not saying that you must die today my friend
Because that would be a nasty thing to say to you
And the thing that I want to tell you my friend it is
That you are not going to die when people are
Wishing you to die
But you are going to die in God's time
If your time comes
Monday, Tuesday, Wednesday, Friday, or Sunday
Please don't wait for me my friend
It is not that I don't care for you
I do
My friend just let yourself drift away
Because God will catch you when you fall
Also it will be ok for you to take your last breath
And I don't want to see you in pain and suffering
Anymore
My friend please let us know your funeral plans
And the way you wish it to be done
Like cremation, or burial
I will never be mad at you for dying my friend
Even though I have no control over death
Also I can tell you that here will be lonely my friend
But there comes a time when our lives must end my friend
Even when we lived that dolce life
My friend people are not kind to that dolce life
Because they abuse it by smoking too much, by taking too much drugs, and drinking too much
Also they are too greedy because they want more money or more Material things in life
Why?
Because they believe that money and material things will make them Happy
That is not true
Also my friend money brings comfort and nothing else
Yes my friend money is evil
And also money talks my friend

Don’t Cry For Me Africa

Don’t cry for me Africa
Because I will never let you out of my mind
I hear your voices people of Africa
I hear your cries people of Africa
I see pain in your eyes people of Africa
It is hard to describe what you people of Africa are going through
Poverty strikes you all people of Africa
Don’t cry for me Africa
Because I will keep you in my prayers people of Africa
Power to the people of Africa
People of Africa lift your spirit higher
Lord is the light and truth people of Africa
The Lord sends you a message from his heart to you people of Africa
He said because I love you
I will answer your prayers
I hear your prayers
Don’t cry for me Africa
Because you have a friend that is the Lord
People of Africa continue doing the Lords work
Make a wish people of Africa
The people of Africa are looking at the Lord face to face
Lord here is no paradise
We dream a little dream said the people of Africa to the Lord
The People of Africa Pray that the Lord will give each other strength every day
Don’t cry for me Africa
Save the people of Africa
Strengthened the people of Africa each day
Because I’ll be there in your dreams people of Africa
The people of Africa tells The Lord how much they love him
Don’t cry for me Africa
Lord comes when you are ready people of Africa
Feelings you have for your Lord People of Africa
And I know you will never let it die
Nothing but flowers the people of Africa will plant in the sea shore for the Lord
Don’t cry for me Africa
The people of Africa needs hope to heal there land
The Lord rose up on you people of Africa
Don’t cry for me Africa
My heart will go on
Once I close this door of the ship I will sail across the Atlantic Sea

Don’t Feel So Bad

Don’t feel so bad my friend that you can’t come to see me this weekend
You can only be in one place at a time
And you can only do so much, because the day ends fast
I gave you a short notice this time
Don’t feel so bad, because we can still see each other another time
Let’s plan it ahead of time
Don’t feel so bad,
Because you upset me this time
Let’s not remind us of this bad day
I forgive you my friend
Neither of us is perfect
Don’t feel so bad
Because we can only take so much, and we are only humans
What is Important to me is your friendship
Your friendship is very special to me. Let’s keep this friendship going
Don’t feel so bad

Aldo Kraas
Don’t Let Me Down

I am feeling kind of low today
I need a boost from you God
Don’t let me down
I will keep on praying
Don’t let me down
I am having the blues this morning
Don’t let me down
I never loved you God like the other people do
Don’t let me down
I am not a saint
But lots of people think I am
They have seem the good deeds I’ve done
Don’t let me down
Tomorrow might be a better day for me
Don’t let me down
Feel my heart with love today and always
Don’t let me down
I don’t know if my faith will last for you
Don’t let me down
I am having a hard time getting out of bed today
Don’t let me down
Give me your strength today and always
Don’t let me down
Today I have a reason to smile
It looks like the sun is coming out
Don’t let me down
People now know the good side of me
Don’t let me down
The leaves in the trees and the flowers are coming out
Don’t let me down
Will the moon shine tonight?
Don’t let me down
I don’t know if my love will last for you

Aldo Kraas
Don’t Think About The Word Tomorrow

Don’t think about the word tomorrow because it still too soon
Don’t mention the word tomorrow
Don’t worry about tomorrow
Live for today
Tomorrow will come early in your door step
When you will see it
You will be wishing that it was the weekend still
But it has gone so fast
You can’t always be in bed
Sleeping like a cat
Monday is here and it is time to go to work
To earn the money to pay the bills and to buy food
You have to put food in the table
It is not always easy to make end meets
You have to have a daily routine if not life becomes so boring

She is the sunshine of my life
We love to dance
In our back yards
We plug the radio in the wall outlet and bring it outside
We put some cool cds in the radio
And than we dance
Your love is so real

When we walk holding hands together
It is so precious
We need to give each other some time to know the two of us better
Love doesn't come that easy

So that we can go in peace

Don't worry
Because the dark clouds will not cry
Anymore today
After the rain
Come and look
Up in the sky
Can you see
What I see?
The sun is shining again

Aldo Kraas
Don't worry because
You have time

Aldo Kraas
Don't worry  
Because God will save you  
Today at any time  
And he won't let you die

Aldo Kraas
Don'T Worry Too Much

Don’t worry too much
Because everything is going to be fine again soon
Don’t worry too much
You have gone through so much in life
Don’t worry too much
About money
Because money only brings comfort
I know you need it to live
Don’t worry too much
You still doing your grieving
About that baby your lost
You had plan it ahead of time
And it didn’t work out
Don’t worry too much
Because soon there will be another one
Sometimes we plan one way and our plans don’t turn out the way we Want
It is sad
Don’t worry too much
Because your life will get better
It won’t get worst
God was testing you to see how ready you were for this
I guess God decided that you were not ready for this
That thing in life hapens
We don’t have all the answers
Don’t worry too much
You will find happiness and joy again
Start living
Start laughing
Start writing your feelings on a piece of paper
It is time to connect with nature and God
It is time to discover your true self
Don’t worry too much
There is love in the air
Can you feel it?
So winter arrived for you
It is a time for you to say good bye to summer
Your spirit is alive
And you cry out for help
God is listening
Don’t worry too much

And the sun fills the sky
And tomorrow will turn into today
The time for our friendship feels so right
You were dreaming the morning away
And the world will be a better place for us
Because all I want and need is your friendship
I will look in your eyes the next morning
And I will be able to see that you were dreaming with me
This place is a good place because you are here for me
And I know what we can accomplish together in our lives
The snow will come down once again and will cover the streets of Toronto
And in your bed you will be sleeping the morning away
While having that sweet dreams
God love will fill the air for us
And we will grab that love from the air
And we will plant that love inside of us
When the night arrives
We will be able to take a look through our bedroom window
And we will see the moon shining
But if God could give us some wings
We would be able to fly higher into the sky
Just like a bird
We might see again the lake someday
When it will be warm outside again
We will walk and explore the city again
That we live in and love so much
Let's keep the friendship going
So don't let the friendship die
Because friends can open the door to the world
And we shouldn't put our lives on hold
Because life doesn't wait for us

Drifting

Drifting away
My last days are over
I am drifting away
I can’t breathe anymore
My lungs are weak; they are giving up on me
God is calling me
I can hear him calling me
I don’t know what to expect of heaven
Because I never been there before
I had a long life here on earth
I went to sleep now forever
I will never wake up again
I only have one life
And I only live once
I am happy in the sky
My Lord is beside me
He is saving me and protecting me
I don’t need any other medicine
God is the best medicine I have
He lifts my spirit
My spirit is in heaven
My body is the only thing that is left on earth
Buried in the cemetery
My spirit will die if there is no love
Endless love God gives me all the way
Airplanes and birds fly in the sky
The sky is clear today
Yesterday it was dark and gray
I am so glad that I’ve known him for a long time
My journey to heaven has finally come to an end
I am now finally at rest
I can say to my self-rest in peace
Please let me rest in peace my dear Lord

Two people in love
Singing duets
The songs they sing speak about love
They make beautiful duets
When they sing about love
They put a lot effort when they sing
They put their mind to it
It is really beautiful to hear two people singing duets together
They have a lot of feelings
And compassion for each other
Some songs are happy
Some songs are sad
Some songs you recognize when you hear it playing on the radio over and over again
They are good in singing
Singing is one of their strength
Other people love to hear them singing
I love to hear them singing also
They put their heart on it
Love keeps them together
It brings peace to their lives
After all they hold a strong bond
Love is so deep inside
Their minds and hearts

Duke Of Toronto

I saw the Duke of Toronto in the Octoberfest drinking his beer
And at the same time he was eating his sausage
The duke of Toronto is a big man
He is bigger than me
Because I am 6 foot 3 and he is 7 foot 6
But the october fest is very noise indeed
And it gave me so much headaches
But I resitate about leving because I payed so much money for the Octoberfest

Aldo Kraas
During the night before you go to bed have a little talk with God
God will help you get through with the night
You may find relieve just knowing that he is there
It doesn’t have to be a long prayer, a short prayer will do
Sometimes we forget to thank God for the little things he did for us During the days
During the wake of the new day you may find joy in hearing the sweet Sounds of the Birds singing at your backyard
Sometimes we forget that somebody care’s
During the night rest in peace and be content that all your heart desires Have been filled with a gentle glow
The night for some might be a mystery that is too painful to endure
Go ahead and think of you loved one
Don’t feel sorry for him
He is resting in peace in a new place and having God in his side all Along

Earth

Lying here in my grave
there's nothing else left to save
I hope at least i've left my mark
Expressing a world that was so dark
Not even a light is appearing at my grave
And so far I am ok with it for a full days
And then now I could see some light appearing inthe sky
And it was that light that was blinding me now
I tried to move to another side of my grave and now the sun is finally at My back
and I am going to sleep for another hour
But I hope that I can sleep here in peace tonight

And I stop for a while just so that I could catch my breath once again
But at the same time I decided to take a look at the sky

And after that I continue to watch the eastern star when I started to walk
Again and I noticed that the eastern star was following me above in the Sky at home

El Paso

It is time for us to put the past behind us
Even though it haunts us
When we think back about it
The past is useless because we are living in the future now
El paso
Life has a different meaning for all of us
Life has a different pace
Some of us walk it slowly
Some of us walk it fast
We have different feelings
But we have different knowledge
We do things differently from each other
Where is the past gone?
I hope out of our minds completely so we will never have to think about it anymore
where is it buried?
I hope somewhere where we can't never go back to it
We all have done mistakes in life
We all try to blame somebody for our mistakes because we don't want to admit that we did something wrong

En El Último

En el último
Day you

Aldo Kraas
En la noche
I dream with you my God
And I am so happy to see the light the next day
Because I can't live in the dark
It is the dark that kills people
Because it brings depression to people like me
And others
But thanks God that Marie gave birth to you
And Marie was a virgin before she gave birth to you
She carried you in her womb for 9 months
And after she delivered you
You became the master of the universe
And now you will rule the world
That you named heaven and earth
Also at the night that you were born
That star of David had shown in heaven
And it was beautiful and peaceful at the same time
En la noche
I sleep in peace because you are there watching me to see if I can sleep
But if I drink coffee during the day I am in trouble at night because 12 cans of
diet coke is the same thing like smoking 10 packs of cigarettes a Day
But thanks god I never smoked in my life and my lungs are healthy
But everytime that I go somewhere and see someone smoking I say to Myself
they are killing themselves
It is ashame because they don't see it and I see it
Because people can't see what they are doing wrong
But others can
Yes it is up to them to decide if they want to smoke or not smoke
I won't tell them what they should do or not do
Because it is their business and every cigarette that you smoke reduces Your life
by 10 years
And if you are 50 it will reduce by 10 years instead of you living until You are 60

You might live until you are 50

Every Other Love Song

Every other love song
Is a declaration of love
To us
This love song is beautiful
The words are beautiful in this love song
A profoundly tender, passionate affection for another person
That we show
And for us we have love also
Our love is passionate
We are both ruled by intense emotion
Every other love song
Sends a different message to us
It puts that fire in our lives
Every other love song
Sometimes can be exciting
But when we have heard it too many times
It can be kind of annoying
Because the radio had played it over and over again
We want to put some romance in our lives
It is our desire

Because when they see red they charge
By moving fast
Also every time you move fast you get tired easily
Because you use a lot of energy

And sometimes I say things that don't make sense at all
I know that I am not down to earth
But you are down to earth
And you are a woman
So why do I have to think Like you?

Because once something bad happens at home
The next day it will make the headlines in the paper
And everybody here at home will buy the newspaper so that they can read About the tragedy that happened yesterday
And the jail fills fast with criminals here at home

Because the water that you buy is not 100% pure
Half of the water that you drink is bottle water and the other half is tap Water

Faith Song

Well I guess it would be nice
If I If somebody could touch my body
I know not everybody
Has got a body like me
Oh, but I've got to think twice
Before I give my heart away
And I know all the games that I avoid to play
Because I don't play them too
Oh but I
Need some time off from that emotion
Time to pick my heart up off the sky
And bring it down without to earth
Without any devotion
Well it takes a strong man, baby
But I'm showing you the door
'Cause I gotta have faith...
To come in to God's house
And to live a health life

Because I know that would be a sin

Fall On My Knees

The beby fall on my knees
He is hungry
It is time to call his mommy to feed him
After he eats
He will fall on my knees and sleep tight
Sweet dreams little baby
The baby will fall sleep on my knees
He has been doing it since he was born
If the baby is happy with that
Why don't I let him do that?
The baby wakes up by supper time again
We all must be quiet when he is sleeping
Because we can easily wake him up
And if we do it he will be so cranky for the rest of the evening
That is because his sleep was interrupted
This baby we love
He is gentle and kind to us
He is the light of our lives
Beautiful baby you are
Baby you were an angel that flown on earth when you were born
Baby we will hold you tightly and love you dearly
We will make these precious moments last baby
We will always smile whenever we see your face
And we will laugh when we feel like crying
Close your eyes baby
We will sing for you
In this world baby some things must come and go
God has blessed our world by loving you
Good bless you baby

Aldo Kraas
Charlie Sheen is falling apart again
You look in the internet and all you see is Charlie sheen's misery
Well he made misery for himself
He had everything a person could have
A good job as an actor and earning two million
But they fired him for his bad behaviour
Also you have to look at both sides when you make a decision
Because it has two side the bright side and the dark side
I feel sorry for Charlie Sheen because there is no ground for compassion
On his boss side and thy said they are on is the dark side
But on the other hand they didn't see the bright side
We all have limitations
But maybe Charlie Sheen has also limitation
And we have to remember that Charlie sheen is not a saint
He has his fault also
I can't believe that Charlie Sheen's boss didn't give him a second Chance
What Charlie Sheen needs is anger management

I will never trust the promises of a lazy man
Fears for fears
I will drink the one
With my food
So that I can give gheers to my God
Fears for fears
I don't fear the thunder or lightning
Fears for fears
The pond is home to all ducks
Because all the ducks lives in the pond
Swimming away
Fears for fears
What more can I give to God
Than myself
Fears for fears
The paths are not clear of the snow
In the winter
In the city where I live
Fears for fears
The harbour is so quiet during the winter
Because no boats are in the harbour during the winter
And everything sleeps away in the harbour
Also the night comes early during the winter months
But summer is different
Because the light shines all day
Fears for fears
Our bodies are made of water
And we need water to survive in this heat

Flight

Guards keep their eyes on us inside this prison
Prisoner of Afghanistan war we are
Surrounded by walls
Inside those walls is only darkness
There are no windows to look out
Flight to freedom
From starvation
We haven't eaten for a long time
We look skinny as a tooth pick
We are finally let go by the guards
We are finally happy to be free
To see the light
A new life
A new beginning
A new hope
No more starvation
Plenty to eat for our hearts delight
No more prisoner of Afghanistan war
War goes on
But goes on without us
Because we left it behind
And we came to a new country
We took the long journey to freedom
In a new country
Happiness and freedom surround us
We don't know how many have died in Afghanistan
We don't care about it anymore
We can't do anything about it
What matter's is that we are free?
We are so grateful to be here
Canada is our home
We are proud to live in a country like Canada
War makes people rich
The innocent victim dies
There is always money for war
But for those who need medical attention there is none
War is a terrible thing
It doesn't make people happy
It makes people greedy
It destroys people’s life
The people loose everything they got

Found You In My Dreams

I found you in my dreams
While I
Slept
God
And in my dreams
You called out for me
I found out that you
Knew
That I was cold
Just by looking in my face
Yes God I was walking
Home on a cold winter day
And it was very cold outside
The cold wind was blowing in my face
In my dream I saw you coming
And meeting me on the road
I found that you had dressed me in a warm coat
So I would not freeze
It was a warm coat
I zipered up the ziper of the coat

Fragile
Things like small art
That is our keepsake
That was given to us by our families
So we have to take good care

Because it is fragile
And if it gets broken we
won't ever be able to replace it

Freedom To My People

Dear peacekeeper
Please give freedom to my people here at home
And in the world
Some of my people have families in the countries that are in war
But some of my people already lost their loved ones in the war in their Countries that are in war
That is because they served in the army of their country that is in the War
But they never returned home because they died fighting in the war in Their countries
So their loved ones had to pay a big price
Because at the same time they had to sacrifice their lives for their Countries at war
But my people here at home can't wait for the war to end at their Countries
So that they can go back to their countries that they came from

Aldo Kraas

Friends Forever

We will be friends of God forever
We know that he is a special friend of us
Just when we thought we had to make it on our own
You were there Lord for us
You are our friends forever
You were right there by our sides
We can’t live another day
Another time without you
We are struggling with our lives
We want to have some comfort
We need some peace in our lives
Can you give us that God?
We will be friends of God forever
How can you mend our broken lives God?
We will be friends of God forever
Don’t stop loving us
Because we love you with all our hearts
We will be friends of God forever
We will make a wish
Can it come true any time God?
You gave eyes so we can see
The perfect picture
Of your face God
God you are amazing
God you are our living force
You are the song of the mornings
You are an instrument of peace
We will be friends of God forever

Aldo Kraas
In my life you will always be friends
Because my life is much happier when my friends are around
And my friends are for life
Because my life would be so empty without friends
Yes it is very hard to make friends
But I finally made some good friends in 2011
2011 is so far a good year
My friends make me very welcome in their lives
But my friends love my poetry
And I am proud to be the poet I am
My friends are very supportive of me
My friends have their qualities
My friends also have limitations
The same way that I have mine
My friends have character
My friends have some dark and bright sides
My friends will not give me wrong advices
When I will need some advices from them

Ghosts Are Gone

All the ghosts are now gone
From the dreams that I had last night while I slept in my bed
And in my dream one of the ghost was punching me into my stomach so I could fall and land on the ground
The other ghost got the knife and cut my skin so that the blood runs out of my body
The third ghost drunk the blood that came out of the cut
And then all the ghosts left me and left me there laying down on the grass
A gentle woman appeared from nowhere
She saw me laying there
She touched me gently and said
Oh my God you are bleeding badly
She was a doctor she said
I will save you
She put me in her car and drove me to the hospital
There right away I had the operation to close my cut with 44 stitches that was located in my tummy

God Te Amo

God te amo
Muito
From the bottom of my heart
Because you are my master
God te amo
Muito
From the bottom of my heart
Because you gave me my voice to sing a song to the world
So that I can wake up the world with my song
God te amo
From the bottom of my heart
Because you are that great ball of fire that shine in the sky
During the Summer, Spring, Autumn, and fall
God te amo
Muito
From the bottom of my heart
Because you helped me to paint my dream on canvas
A long time ago
God te amo
From the bottom of my heart
And I promise you that I will worship you every day
God te amo
From the bottom of my heart
And I promise you that I will take better care of my health
God te amo
From the bottom of my heart
And I will promise you that I will go to bed at the same time every night

God Was Right

God was right when he made the women
Because men built house for the women to live in with their families
And he included a kitchen
But God knew that if the house had a kitchen the women would be better
The whole night cooking for her family
And God knew that the kitchen was the perfect place for women
God was right when he made women so that they can have babies
And feed the babies milk from her breasts and change all the babies
Diapers everyday
Because the only way babies communicate is by crying
And all the babies need their naps
God was right when he made the women
So she could be there to do the family laundry also
And women's job is never done at home
Because as long as she lives she will be the slave of home

Aldo Kraas
God was talking to me in the dark

God’s Song

They say that God has eyes behind his head
As well as in front
God knows what you’ve been up too
From the time you get up
And out of bed
From the time you get ready for School
From the time you have your breakfast
From the time you leave home and take the bus to School
From the time you arrive at School
Don’t forget he is watching you
You may not even notice him or feel his presence
God knows when you told someone a lie
You might not have much money, but one thing you
Must have is faith in order to survive in this
God’s world
Sunset, sunrise
Every day
God is every body’s master
And friend
Thou shall not kill
Sometimes when you feel angry
Walk away
Don’t sweat over the small stuff, it is not worth it
It is not worth to close the door on other people
Because there will always be a day when you will need them again
Let your feelings be known to people
Because they might only know your good side
You might not want to show them your bad side
Communicate with people
There are always two sides to every story
You need always two to tango
You can’t argue on your own
Sometimes you have to level out and compromise with other people
This is God’s song
My master is teaching you to fish
You weep for me
Yes child I see it
I am aware of your pain
I feel it and you share it with me
Sometimes you have to eat the crumbs also
My master is teaching you to fish
He took you on his fishing boat in the middle of the lake
He lay the fishing net in the water
Suddenly lots of fishes had appeared inside the fishing net
There is food for all of you just for now
You must eat first the left over because you or any body else can’t afford to waste food
There are a lot of people that don’t have what you have
Think about it every time you want to waste food
God’s song
Why is so much poverty in this world when the world is rich in oil and minerals?
There are lots of diseases in this world
You all must pray
You all must never give up hope
You all must wait and see the day when there will be a cure
For all the diseases that are going around in the world
You all are desperate for an answer
You all are waiting for a cure
Together you all can fight for a cure
You all must educate the people about Aids, Cancer, and other diseases that are going on in this world
The only way to reduce the risk of Aids is to use a condom before having sex
With your partner
You must not forget that Aids affects every one
You must not use dirty needles
Or share it with anyone
When you are disposing it
You must sealed it and write
Syringe on the label
If you and everyone else
Do that we will be able to reduce the risk of infecting somebody else with Aids in God’s world
God’s song
Walk with me
When you are in doubt, just pray
You never alone
Your master will save you
Health, love, and peace
Your master will give to you
Enjoy every minute of your life
You must live a worried free life
You must always walk
With your head up high
Be proud my child of
Who you are
And who created you
You have talent
You are gifted
You will be saved
You will never starve
You are never alone
Because your master
Is always watching out for you
Walk with your head up high
You will feel at peace
Knowing that someone is watching you always
Your master
Good bye my child
Give peace a chance
Give love a chance
You should love your neighbor as you love yourself
You should treat everyone else like the way you would like to be treated by them

God's Silent Heroes Song

God's silent heroes
Try hard to give a good example
To the people in their communities
Where they live
By bringing fresh good to the needy
In their communities
Because the needy comes first in their lives
And also by doing that God's silent heroes
Want to show to the needy that they care about them

Aldo Kraas
God's Way Of Looking At It

God's way of looking at it
Is that human beings are liers
And they will lie because they know that they can get away with it
Human beings are not that honest
When it comes to being honest to themselves and their friends
But human beings will never admit that they are wrong to anyone
Because they believe that they are always right
Even if you say that you can't compare apples to oranges

Going Down

Last night Chicago had a snowstorm and all the flights were cancel
But this morning in Chicago the snowstorm ended and by noon

Going That Extreme

Turn of the light

Under the blankets
The same way that I
Did
While I went to bed

Earlier this time to bed
And I hope that you don't
Mind
Because
It is getting late
And I hate staying up late
So I am going that extreme
To give myself a good night rest

Gold Diggers

It is a cold winter morning here at home

Aldo Kraas
Golden Crib

They say this men was born in a golden crib when he was a baby
So complicated about his clothes
Doesn’t seem to understand that I am conservative
My money doesn't grow on trees
I have to save money
I have to fight every inch of the way to get some clothes or to find the money to buy it
I am conservative
I wear second hand clothes because to buy brand new is very expensive
I don't mind to wear second hand clothes
The difference is that you pay less for it
And have more money in your wallet
I already give enough money to the government
Why give more?
They get enough from me already
I have changed over the years
I have learned that nothing is perfect in life
Not even human beings
I have my style
I am happy with the things I have
They are not the best quality anymore
But for me it will do
I am respected
I belong in the community
The people and the community accept me
For what I am
I am not George Bush, Prince Andrew Etc
I am me
I am myself
And I will continue to be myself
Don't try to make me in to what I am not
I live a simple life now
I am just grateful for that
I don't need to impress anybody
And I don't fit in with the rich
The rich loves to show of
I don't like that
If I have lots of money they will want me
I like my kind of people
Simple and conservative
I am not trying to insult you

Aldo Kraas
Golden Rain

There is no Golden rain in real life
But in our dreams you and I see it clear
It falls from the sky
It paints our face golden like the sun
It doesn’t matter in the dream
Because it is only in the dream that can happen
The trees and the flowers and the grass are golden also
Nothing like that would had happen in real life
Because in real life the rain is silver
And our face doesn’t change color with the rain
It only happens in our dream
Weird things happen when we are dreaming
The are no birds to see
What a strange land this is
No house
No cars
No bus
No other people
But you and me
That Golden rain keeps falling non stop
And keep raining down that creek
That Golden rain doesn’t look nice at all
Not even in our dreams
What about the weather
It is cold and miserable
It makes us even more tired
And we want to sleep more
It is happening now in our dreams
And that Golden rain in our dream is not going to hurt us
There is no acid in that Golden rain
And that land in our dream is not polluted like the land in real life

Gone Too Far

I never put any body down
So why do they put me down?
I don't understand how they can get any satisfaction when
They are putting me dow
What is the matter with them?
They are very jealous of me
Because I am a poet who wrote over 10,000.00 poems in 14 years
Also they will never get that far
Because I am the only one who did
And thanks God that I am the only one who achieved it
Even though I will never see anybody else achieving it than me
So I have a reason to be proud
And celebrate
People need to shut their manhole because they don't know anything about
poetry the way I know

Good Bye Sadness

Good bye Sadness
She is so happy now
That you are out of her mind
You finally vanished
Good bye Sadness
Why are you called Sadness?
Because that’s the name they given you
You make people cry
You even made her cry too many times
There was a dark cloud hanging in her eyes
For a long tine
And now it is gone
Good bye sadness
She doesn’t need to see you again
You are also painful
Good bye sadness
You belong in the sad Sea
Where the pain lays
Among the dead fishes
In that sad Sea
The oil from that big ship and vessels
Pollutes this sad Sea
She doesn’t want to be a part of the Sad Sea either
Because it is sad to see
All that wild life dies
Good bye sadness
You never had anything good to offer her anyway
Pain and more pain you brought her all through those years
But the truth is that she had to go through it
To appreciate the good stuff
Yes sadness I can tell you she went through with it
For a long time
Good bye sadness
Please stay away from her forever
She doesn’t need you in her life
Sadness breaks everybody’s hearts
Her heart was broken too many times
By you sadness
Good bye sadness
Aldo Kraas
Good Bye Song

I remember the day
Somebody had planted you my yellow rose
And I felt that I couldn't thank him enough
For giving me you
Yellow rose
I feel that now came
The time to say good bye
Because Mother Nature wants you to go to sleep
For the winter
And I have no problem with that
As long as you come back to me next year
Because I own you

Good For Her

Good for her
She left finally that man that abused the hell out of her
She was used and abused by him
She was his slave
He took advantage of her
And only now she had the courage
And she finally said
To him
I have enough of you
She now left him for good
She finally divorced him
She had the courage to leave for good
They were not made for each other
Love has ended
She haven’t lost her pride
She has finally gained back her confidence
Now she can be proud of herself
She can finally go on with her life
I don’t want another man
I will not make that mistake again
I have no love or feelings for him anymore
I have plenty of feelings for myself
I love myself
I have built my trust again
I can walk with my head up high
I was sitting on a high horse
And of course it hurts badly when you fall
But it was a good lesson to learn

Gothic

I burn my past
The blood that is running from my cut
I drink it
Like a devil in the dark
What devil am I?
The Gothic devil
I survive drinking my own blood
I have no shame anymore
I am the Gothic devil
With a few words my heart is torn and in pain
Because there is a cut in my heart
All the lies I told to everyone
Now flash in my eyes
What once was my good life, now remains in ashes
My tainted ashes of love only feed the ashes
Of all lies
Blown in the wind to seek me to die
Under the sweet flowers I lay myself to sleep
Waiting for my life to end
I have grown old
I have grown weak
Because all the blood is running out of my heart that is cut
Nobody will stop the blood from running
The sun still shines where I lay under the sweet flowers
My life is now immortal
I am going soon
I am feeling more dizzy and weak each hour
Death is approaching me fast
This time I don't fear death
I accept it
Hurting other people was my sin
And not telling the truth was my second sin
All the things that I've done raise questions in my head
I don't do everything perfect
Why should I do?
Yes I can change my thinking
But I think I still have time for that
I still have time to say forgiveness
Before I go to my new home
I am the Gothic devil
And this Gothic devil is going home now to die
The hour arrived
I take one more look around where I am
I say good bye to mother earth
I shut my eyes
And now I feel myself going through a deep sleep
My breathing has stopped
Now the Gothic devil is dead and the Gothic devil is me
Nothing I can see anymore or feel
It was a wonderful day to die
It was a perfect time
Now I just lay down frozen like a stone beneath the sweet flowers where I Once stood
Someone carried me, the Gothic devil
And buried me in the cemetery
My body is there
But my spirit is in heaven

Aldo Kraas
Grant Me Peace

Grant me peace
Bring me hope
Let me shine
Let this light
This bright light enter my hearth
Let the bad thoughts go away
I built a wall around me
Behind this wall I feel safe
But what is in front of it I don't know
This wall is tumbling down
I am afraid to face the reality of life
When I see a problem coming I run away from it
I rather run away from it than face it
Life is too short
People came and gone
Memories fade away
In the blue sky
What about the courage to face it?
Do I have it?
I don't have much freedom
All my hope is gone
My fears keep rising in me
Anger builds up like a volcano inside me ready to explode
Anger grows inside me like cancer ready to eat the inside of me
Guilt never seems to end
Sometimes I wish things were different
My body is so fragile
It can break down if I don't take care of it
How can I mend my broken heart full of hurt and pain?
When will I see the light?
I embrace the future
I am living in the future
What does the future holds for me?
What can I learn from my mistakes?
Sometimes I feel like I am loosing ground
Sometimes I feel like I am loosing my mind
The rope is breaking
I am loosing faith, courage, and love
I am walking blind
I cannot see what I should see
I am walking with one foot in the ground
And the other one in the grave
The nights are dull
The days are too short
I don't have much joy of life
I take out what I can get out of it
I don't get much out of it
I have to work for a living
There is not much time for me
There are times when I am having fun and it ends so fast
The good things in my life don't last long
I know I will never be rich in money
But I will always be rich in spirit
The spirit of the Lord lives in me forever

Grant Us Peace Lord

Grant us peace Lord today and forever more
Because nobody but nobody can make here alone
In you we find delight
You translate dreams of light
Angel of the holly ghost
Almost a gif in the sky in our destination
In you we found our beloved accomplishments
That we dream in life
In you we find the expression of the truth
You are our apotheosis of happiness
Your look fascinates us
Your smile is a saint smile in the line of its beauty
Grant us peace for today and forever
We love you very much as the flowers do in the cold dew that it cries infinitely
You do not forget that we love you
We love you as the bird of the beach loves the sanguine and flaring dawn
Oh you do not forget that we love you
Do not forget that we love you
As much as the waves loves the sea
We love you in such a way as the white pearl loves the sea
We love you very much as the breeze to the fields
And the bard to the moon spilling the light
Grant us peace Lord today and forever more
Give us this day our daily bread
We will come and watch the stars above the hills and above the sea
We will all cheer up
Hallelujah
The Lord is king of all kings
We will rejoice with open arms
We will sing glory to you
Hallelujah
Lord grant us peace today and forever
We hope you open our eyes today
We want peace more than ever
We fight for peace
We are never going to give up
Lord we want to kiss your face and hug you
Lord grant us peace for today and forever more
Hallelujah
Hallelujah

Grateful

I am grateful for your love
At night I can’t sleep
I look at the ceiling
I think of the old and happy times
I am grateful for the roses you put in my mother’s grave
I am grateful for your music that you sing to me every night
I am grateful
Your love will always win me
It will light the fire in my heart
Your face is beautiful
You always rested your head on my shoulders

All the green hills have green grass  
And some wild flowers blooming at the green hills  
But the farm animals run freely on the green hills here at home  
Because the green hills belong to one farmer here at home

Greenpeace

I want to print the blue sky
In the cinereous sky
Without birds
Clean up the air
Clean up the sea
Of muddy waves
Where
The whales
The sharcks
The turtles
The octopus
Lives
If we want to see
Than around we
Must clean up the muddy waves
It is our job
To protect our water
And to stop those who are dumping oil
Into the sea
Because this also can kill
The marine life

Grieve For The One That You Loved And Lost

Grieve for the one that you loved and lost
Few days ago
Because it is ok to do it
Also keep it in mind that it is your business
And nobody else
God came and carried the one that you lost and loved
To heaven
And the Lord
Had opened up the door to heaven
So both of them could get in

Aldo Kraas
Grieving

God grant them the peace and serenity while they are grieving
God grant them the light while they go through with their grieving
Let them see the light at the end of the tunnel
And God please remind them that their loved ones are ok in heaven
But they are resting and at peace now
Because their battle is now over
But those that are left have to remember to take care of themselves Again
Also the grieving process is a long one
And everybody grieves differently than each other
Also they grieve at their own time
Celebrate the life of your loved one that you lost
Look through the old pictures of your loved ones
Let the memories of your loved ones live through you

Aldo Kraas
If you never had grilled goat
You are in for a surprise
Because that meal alone
Is fit for a king
I am ware that some people are vegetarian
And that is ok
Because they have the right to be vegetarian
And I have the right to be a meat eater

And if I want to do that I will have to go to school again
But to be honest with you I am happy to be working as a security guard

Heal The Abused Children

Heal
The
Abused
Children
That
Lives
Here
On
Earth
God
Because
They
Had
Been
Abused
By either
Their mothers
Or their fathers
Because
Their parents
Are their devils
That always
Wants to hurt
Them by abusing them
Whem it comes
To beating them
With belts
Parents
You should know that it is not
The right way to educate
A child
When you are beating
A child with the belt
You are inflicting pain
And the belt
Causes to leave
Bruises
And scars
On their
Skin

Hear God's call?
What is it all about?
God is calling me to take part in a new adventure
And I am ready for this new adventure
But wait a moment because he never told me where is this new adventure
Maybe he forgot to tell me
God is this adventure at home or abroad?
No son it is not at home it is abroad God answered me
In what city God?
In Somalia
For crying out loud there is war in Somalia?
Do you want me dead?
No thanks God, I am not leaving home to go to same bloody place Called Somalia

Hear My Song

I know I am getting weary
Eventhough the day is not over
And I have a lot to do still
Also I keep yawning
But the car that is driving down the highway is running out of gas soon
And that car will stop in the middle of the highway if the people that owns That
car doesn't get to the gas station at any minute
The cloudy sky keeps me in a low key
But at the same time I am excited about my work
So I try to take my mind of the cloudy sky because I just can't handle More than
one thing at a time because I am not Superman and I am just a normal man
living a normal life here on the planet earth
But I will rest my head on God's shoulder and God's shoulder will be My pillow
just for now because I am weary

Heart Of May

My heart is of
May
Of solidary trams
Transferred
Of codes
What it was not
Of the years
Of solitude
Men can make a speech
About comic books
On silver plated wires
That they decorated
The citizen
My heart
Has not much strengh
It is tired now
And guilty
of culprit
Crimes

Aldo Kraas
Heart Of The Matter Sonata

Her dear mother
Is finally resting
In that beautiful heaven

Because her mother matters to her heart
And once her mother mattered so much to her
But now that spot is empty
Even though she can't find nobody to fill that spot with

Aldo Kraas
Heart Of The Sunrise

Heart of the surise

Heat Of The Day

Heat of the day
Hot and beautiful
It is nice to have some sunny and hot days again
It is a gift
To be able to be outside enjoying it once again
I am thinking that I am lucky
Maybe I shouldn't call it luck
Maybe it was meant to be
For me to enjoy the heat of the day
Summer is a little longer this year
And the heat of the day is a bonus
As long it is here it is wonderful to be able to feel it again

Heath Ledger's Agony

Heath
Ledger's
Agony
Is
Now
Over

Aldo Kraas
I may speak of many things
But in the end it's only this
The journey of a soul to bring
Into the world some peace and bliss
For all of man I am a man
After all do we not need
Each one of us to lend a hand
To the other who still bleeds
From wounds inflicted by a force
Far greater than ourselves a blind
Energy that lost it's course
Before the advent of our kind
Upon this earth? We know not why
Pain is master of our lives
Therefore the soul must end this lie
And return to paradise
Not the one we left behind
Destroyed by ignorance and time
But another yet to find
In some distant future mind
Only a tool to take us there
Where the eagles have not dared
To fly the naked soul is bared
To the heart that climbs the stairs
Alone to heaven and brings back
To the earth the treasures found
In the darkness lays the tracks
For the train that's heavenbound
And I am inside that train that will take me to heaven today
To see my loved ones just for a day
But then I will be back with the train at the end of the day

Heaven Help A Star

Heaven help a star to be famous
By discovering his voice
And by telling that he can sing
Because you don't have the right to tell people what to do
Because it is not your business first of all
And the second thing is that you want to create friends and no enemies

Aldo Kraas

And it is home for the dead people also

Hebrew Song

All the dust the wind blew high
Appeared like gold on the sunset sky
But I was one of the children
That belonged to my father called God
But latter on the night arrived and my father called God
Took me home with him so that I could be re united with the rest of the Children
We have no luxury in God's house here in israel

Hello Dad

Hello dad
Listen to the worlds of this song I wrote just for you
I sometimes question myself what are the things that I have from you
I don't have much from you
Just some old paintings and some Persian carpets
Nothing else
I never had the chance to say good-bye once more to you because I was too young to understand what death really was
You never called me back anymore, because you didn't want to frightened me about the hospital and you didn't want me to have seen you hooked to machines
I left home to start a new life
And to have a new chance to be somebody in life
I don't remember much of you because you died after I left
I don't know why you didn't want me to have a better life and just sit around and be a vegetable
For the rest of my life
I left it anyway, because I needed a new life, a new meaning in life
An opportunity came, and I went ahead and moved to a better place where others treat me like a human being, not like an animal
Don't you see that my life back home was worthless, because there was nothing for me and I could tell you that straigh to your face?
It wasn't life; it was just like rooting away in a cage like an animal
It was not reality but fantasy
If I had stayed back home, what life would I have today?
My life today is a happy one
I am somebody today
I am not rich in money, I am rich in spirit
I don't live the life of the rich and famous anymore, today I just live a simple life
The luxuries I had before, I will never be able to afford than anymore
Today I found the new meaning in my life for me After all the things that I experience in life
I have the true understanding about death because I had to face it so many times

Aldo Kraas

Today it is the day to remember her loved ones
Her dear precious loved ones
Her precious memories of her loved ones
She is sharing with me
And she is dedicating this poem to her loved ones
That went on a journey to the sky
Her loved ones are in heaven resting in peace
Every time she feels that the spirit of the Lord is
Moving her closer to her loved ones
Her loved ones shall rise to the sky
Her precious memories of her loved ones will live forever
There is a place in her heart for her loved ones
Her Loved ones are washed in thy blood?
My loved ones got to go to heaven and I had to stay behind
Going through the pain of loosing my dear loved ones
Sometimes she tells you how hard it is to let go
She was never ready to loose her loved ones
But it came one day
And it hit her like thunder
Her precious memories of her loved ones she is keeping alive
She can't hide what she can't feel
She is the only one who knows how she feels
She can share it with others
Or she can keep it silent
If she needs time by herself
So let it be
She may be hurt inside
The wounds from her loved ones have passed to her when she was Young
And that is where her trouble in life begun
Someday she will meet her loved ones in heaven
She had seen the light shine
She believes that her loved ones are in peace
She will live her life one day at a time
Her loved ones are buried in the grave yard
But she keeps there image alive in her dreams every night

Here I Feel

Here I feel I am challenged, challenging others,
Filled with the grace of God.
Here is a house of prayer for all people indeed.
Here I feel accepted unconditionally,
I am God’s vessel
When I serve communion;
Opening my arms and letting all my stories flow out.
Here I feel like turning myself inside out to share the light blazing within.
World –
Here I feel that I can move slowly and carefully
Without rushing.
Here I feel I am confident.
Here I feel like coming to pieces.
Here I feel we are all on the same path to enlightenment,
like a little girl just starting the journey of life,
Sometimes like an envelope
with a secret inside
- So glad to be opened.
Here I feel full.
Here I feel complete in the wholeness of who I am.
Here I feel like a dove flying above the sanctuary.
Here I feel blue:
A wide open sky
Stars hidden by daylight
My possibility waiting in the dark
For an opportunity to shine.
Here I feel fizzling pink and fluid.
I feel God’s presence and God’s love,
I feel I am able
To be a part
Of God’s life.

For

And

Here is to life
Here is to life

A toast that I am doing
A beautiful baby that was born a while ago
Mother Nature because she is in control of the nature
My prayers
My love songs to the world
Here is to life all my hope
Here is to life
All my dreams
Here is to life all my sorrows
Here is to life
All my sadness and my grief
Here is to life
The fruit of my spirit
Here is to life
The body of Jesus Christ
Here is to life
The sunsets
Here is to life
The first sign of winter

Aldo Kraas
Here it is my life that I live
With such respect and dignity
Not only for myself but for others also
Here is my life that I live in a clean way
Because I don't do any street drugs
And when people see me that is the first thing that they will ask me
And by them asking me that question it gives me the feeling that they are
Not trustworth people and they are getting the impression that I am not Trustworth
But I don't have the courage to tell them that
Because I feel that I might be out of place
Here it is my life
And with my life going the way it is going I have to put up with a lot of things
like being sick like a dog
Even though it is not my fault
And I can't put the fault on me
That would not be fair
Here it is my life
That is grounded to this place
That I hate more than I love it

Aldo Kraas

When I was
A little kid
I used to leave my
Shoes outside

I found
A hidden treasure
Inside
A chocolate bar
I was delighted
With it

The morning has broken
Very early each day
That we live our lives
And we want to thank God for this beautiful morning
That he gave to us already
And we have the whole day to enjoy this day
We are very happy because it is warm outside
But there is no sign of rain in the sky
And that also makes me happy
Now I take a look in the sky
And I see all the birds flying high in the sky
But they fly so beautiful in the sky
Now the sunsets are coming
And the sun is going down
But the night will be here soon
And we are going to praise God for the night today

Hnatuk Sonata

When will I see you again in life?
When will I see you again in my dreams?
But I know that you are not real in my dreams
And when I see you in real life you are real
When will I see you again?
You left with no goodbye, not a single word was said
And I hate to say goodbye anyway
But that is the whole truth
When will I see you again?
When was the last time you thought of me?
When will I see you again?
I gave you the space so you could breathe,
I kept my distance so you would be free,
I hope that you find the missing piece
To bring you back to me
When will I see you again?
Day is coming we won't be apart
Hope you realize you got my heart
So don't you worry I won't disappear
When you get back then I'll be right here
So I want you to know about the day that you go I'll be waiting for you
When will I see you again?
When you're feeling down just close your eyes
When will I see you again?
So don't you worry because I won't leave from here

Aldo Kraas
Holiday Symphony

My love is different dear
To me it's almost heavenly
Let me guard it ever preciously
Through this holiday season
And love is a better gift than
Store bought because it has more feelings
And the gift from the store is just one thing
To collect dust in the bookshelves in the living room
Or just to create more clater in the house
But clater is not welcome in my house
So recycle it where you can go and get rid of it
Lets drink some chanpagne and make a toast for the holiday
That we are celebrating right now

Aldo Kraas
Hold In Heart

I hold in my heart
That airport
And the airplanes take off from that airport
Also there is a sky inside my heart with so many hot air balloons
And on the left there is the ocean where people, and ducks swim
But I never been to that airport
And neither  departed from that airport on an airplane
But I heard from people that the fares from that airport are much Cheaper than the ordinary airport

Hold On

Hold on
The roller coaster keeps on turning
Our lives are like a roller coaster
Hold on
To your dreams
Hold on
To your money and don’t spent it all at once
Because when it is gone it is gone for good
Hold on
To your relationships
Hold on
To your life
Hold on
The war has just begun
Did man never have enough of it?
What good is war for?
It is a mass of destruction
Violence only brings fear in us
Hold on
When will there be an end to this war?
Hold on
There is a lot more to life than work
Hold on
Take the time to relax
Hold on
Guns are no toys for kids
They are dangerous
And they can do a lot of damage if it is fired by mistake
Hold on
Smoking is bad for you and the kids
They don’t look glamorous anymore
Hold on
I think everyone seem enough of violence in the streets and in the world
Hold on
Where can the children play safe?
Hold on
Will there be enough food on earth to feed our children and the homeless that are living in the streets?
Hold on
The homeless have no way to escape from the cold
They freeze to death and eventually end up dead
Hold on
There will be clear days ahead
Hold on
Sometimes we think we know it all
But we only know some of the things
Hold on
When we are learning something there is only so much that our brain can grasp
Hold on
The pollution is killing the marine life and the wild life
Hold on
Who can we trust to take care of our children?
Hold on
With whom can we share our secrets?
Hold on
Who will be there to give us a helping hand when we need help?
Hold on
Who will be honest to us and value our friendship?
Hold on
The moon plays an important part in our lives
Hold on
To the good memories
Hold on
To the family album because there are pictures of you
From the time you were a baby, to the time you were a child
Hold on
To the family treasures
Hold on
To your love letters
Hold on
To your friends
Hold on
You can’t turn the clock and go back to yesterday
Because yesterday is gone
Hold on
You have to accept responsibility in your life
Hold on
It is not everybody who can accept changes in life
Hold on
Everybody grieves differently
Hold on
Candle light dinner
So romantic
So special just for the two of us
Hold on
The wood is burning in the fireplace
The house is warm and cozy
Hold on
To what you value the most in your life

It is midnight now
And I am at home
Playing the piano at this time of the night
Now I will compose the home song in my piano
Believe me I am like a night owl
That never sleeps
At home is where my heart is
The music from the piano vibrates the living room walls and the floor
But the music that is coming out from the piano fills the air
What a lovely melody
It even makes me cry
The music puts me to sleep

Homeless Hymn

Why do the homeless have to sleep in the street and freeze?
Why do the homeless have to starve?
Why can we give something to the homeless to eat?
Because we choose to ignore the homeless
And turn our backs on the homeless
Why can we invite the homeless in to our homes?
Because we don't know if they will steal from us
Are we ashamed of the homeless?
Yes I believe that we are

Aldo Kraas
Homes

Yesterday
We had a big earthquake
In the city that we live
We had lost our homes
And our personal belongings
We are very sad about it
We are trying very hard to come to terms with it
But we are finding it very difficult to do
Tonight we are walking down the streets of our city
And searching for shelters also
Tonight we are comforting one another
Also we are caring for each other
Through this horrible thing
We never thought that such a horrible thing
Could happen to us
Tonight we are asking who can we blame?
Can we blame ourselves?
Can we blame God?
Can we blame mother nature?
Yes we can blame mother nature
Why is mother nature mad at us?
She is mad at us because we don't look after the earth

And the men that will give your blow job will put his dick into your ass
And you will move your legs back and forth

Then your sperm will come out of your dick and
the other men will suck your dick once the blow job is over

How Am I Supposed To Live

How am I suppose to live in this horrible hot weather that we are having?
How am I suppose to live without your love?

Aldo Kraas
How Are You?

How are you my friend?
Every story is a love story
The past is another land
And is another time
That has gone
A time that we already lived for
Work for and so on
Happiness Happiness
Let us show to our God, friends, and family
Our happiness is a testimony to God
We are both building our relationship with God
We can’t stop now
We have to keep on going
Work and work on it
We want it to be successful
If we stop now we will fail
And we will hurt our God
How hurt God would feel if we did it?
Yes he would feel hurt and we both know it
Yesterday we tried some blue lenses and we begun to
Understand why some people had big problems
We saw the problems they had
Ours are very small compared to than I told my friend
He told me what do you mean by small?
We have each other plus God
They have nobody, not even God
People are so set in there own ways
Not everybody wants something new,
They don’t even want to try something new
They look more dead than alive to us
Why are people so complicated?
Why are they unhappy?
We guess there needs haven’t been meet
Why some people are so false?
They are just like a snake; you don’t know which way they are going to move or turn

How Big Is My Love?

How big is my love?
It is big like the size of the moon
Shining in the sky Above Manhattan
At night
You can never live without my love
How big is my love?
It is big like the size of the moon shining in the sky above Manhattan
Do I have some love for you?
Yes I do in my heart
How big is my love?
It is big like the size of the moon
Shining in the Sky above Manhattan
The sky is beautiful
I wish I could take with me a piece of it and give it to you
Sorry I can’t reach it
It is too far
It is out of the question
But I can draw it on a piece of paper for you
You can keep it on your jacket pocket
It is nothing childish
It is a souvenir for you to keep
So that way you can always remember of me
How big is my Love?
It is big like the size of the moon
Shining in the sky above Manhattan
Do I need to say anything more?
I said it all over and over again
It is beginning to sound like a broken record
It still winter

Arrived back
And is getting the nectar from the flowers
The sweet nectar of the flowers attract the humming bird
There the humming bird is flying away once again
We are glad we saw him flying away
You left us breathless
And filled our eyes with amazement
For once there is something that we can appreciate
The humming bird
We are not the only one that is happy to see you
The kids are also
You light the fire in there souls
And brightened there eyes
Humming bird
You are beautiful
Like the sun in the sky
Your red colors we see
Only in the summer we see you
In the cold days of winter you are in another place
And we are lucky that you are back
Humming bird
We want you to shine in our sky
And swim in our harbor

Hymn Of The Sun

Thy dawning is beautiful in the horizon of the sun,
Oh living God,
When thou rises in the eastern horizon
Thou fillest every land with thy beauty
Thou art beautiful, great, glittering, high above every land
And thou carriest them all away captive;
Thou bindest by your love
Though you are far away
The roster are crowing
And the people are getting ready to start the new day
Sunshine beautiful
When the sun is shining we are all happy
It put happiness in our lives
The sun illuminates the sky
It is a big ball of fire
Bigger than a soccer ball
The sun is perfect in the sky
White and pure, white and perfect
Radiant is the sun, to perfect to be hold, giver of light and life
Your light is like a memory, a dream that fills the eyes, be they open, Be they close

I Am  Saving All My Hugs For You

I am saving all my hugs for you
I can tell you how much I miss you
And I keep hopping that I will see you soon
All this time I wished that we could see each other again because time moves on
and time go so fast
I keep on thinking that by next year I will see you again
I need my strength because I am falling apart
I waited for you until now and nothing happened
How much more can I keep wishing my life away?
And the more I wish the more upset I get
How much longer can I wait for you?
I am saving all my hugs for you
You tell me you love me,
So prove it to me
Years ago when we were growing up we had more time for each other
More time to play those silly games, we had fun
Mother screamed at us to stop, but we kept on going with it, it was somehow our

Please let me win a little peace
Let me get out of this depression
Let me live again
Let me be myself again
It hurts me when I am not heard by others
I realize now that I can't always be the centre of attraction
Because
Others need to talk also
I shouldn't do all the talking
But I do
Even though
I bored them all with my talking
I am not perfect
You have to understand that God
There are things I need to change
I don't need any more distraction in my life
I don't need any more violence in my life
God do it for me now
Give me a good night rest
My mind is like a computer
Garbage out
Good thoughts in
There is plenty of misery in my life that you need to get rid of for me
I have to recognize the signs
I have to tell myself
I am angry
Give me peace of mind
Yes I carry the heaviest burdens on my shoulders
Somewhere I know love is waiting for me
Because I am
Holding back the tears
Imagine me being free from depression
What's going on inside my head?
I am calling for help
The sky is crying
God don't tear my clothes
God all it takes is a leap of faith
God take me to the river
I only have eyes for you God
God I am running out of lies to tell
God sugar spilled on the floor
What a mess it made
God hold me with your hand
God I need to use my imagination
God take it to the limit
I rather go blind
And not see the bad things I did
Because I am so ashamed of it God
How deep is the ocean God?
I'll be seeing you in my dreams
God in the morning the time seems to fly
It does me good
A good drink of water is all I need God
I have nobody else with me but you God
God you see my soul shining through
God I have to praise you like I should
God my friends stole the sun from my heart

Pack all your troubles in a suitcase and put it in the locker
And don’t think of it
You can fix it another time if you need to
But happiness is all you need right now
Once you are out with me
Your depression will be over
I understand what you are going through
Nobody needs to feel sorry for nobody
It will never happen
Beside it is a fools game
Lay your hand on my shoulders

It kept playing tricks with my mind
Till today I ask myself if I know anyone who looks like that
I try hard to think, but I can’t come up with anything
I am not sure who wants me dead, but I know there must be someone
Someone wants to destroy me for sure
It is an evil force that comes from Satan
I tell Satan to go away and please don’t come back
Because I need the holly spirit to enter in my heart
But Satan still playing games with me and my mind
I keep asking myself why these crazy things happen to me
I don’t know what this old man has to do with me
Is it a warning by any chance? Or a reminder to take better care of myself?

I Lose My Breath

I lose my breath when I see you in my dreams
That lingerie inside that drawers were you placed that potpourri
The incense lighten in that living room where you spend most of the day
I loose my breath
When I walk somewhere where there is the smell of coffee
Hot chocolate sooths me fine, because I no longer drink coffee
I loose my breath
Just thinking about tomorrow
Time is running short
Life seems to be going
How fast I don’t know?
Those roses so vivid and colorful that is lying in a vase in that night table
You just brought a little spring inside your home
Even thought spring only comes once a year
The night is very dark in the winter
The cold I feel all through my body
I loose my breath when I hear songs that remind me of our childhood
Memories that lasted until now
I loose my breath when I see our childhood pictures again and again
I say thanks god for Grandpa for taking those pictures
Those pictures are a living proof of our lives
I loose my breath
When I say the wrong things at the wrong times
Peace of insanity I need when I am having a difficult day
Christmas is not easy for someone who have lost a loved one like us
The guilt we feel
Sometimes is hard to understand and even to cope with it
When my body tells me to take a rest I must listen to it
We need to recharge our body with energy
Taking care of ourselves is a first priority in our lives
I loose my breath
Every time when I get depress
The feeling of running always comes to my mind
I ask myself why?
That is how I feel that is why
Where can I run?
Nowhere, because I can’t run away from life and problems
When there is too quiet in the house, it is time to have the radio on, so I can hear somebody singing and help to put a little happiness in my soul
A new beginning for me
A new start
My own boss
My freedom that I love so much
To move, to walk, to talk
I played my cards too well
I lay then on the table
It doesn’t work for me to be friend with a homeless person
He doesn’t have anything, and when he does he tries to buy my friendship
Friendship can’t bee bought, it has to built from scratch
Why didn’t I see it coming?
Wishes not always granted
Things I take for granted too often
That I need help from time to time
Friends I have a few good ones, I am grateful for that
I am not shy to speak my mind
I have to speak my mind
I can’t be silenced
Sometimes I procrastinate, that is because of my depression
I feel hopeless when I am in a depression

Writing is therapy for me
It is nice to read once again

Will be in a turmoil

Aldo Kraas
I Only Want Some Love

I only want some love
I don't even want to read the newspaper anymore
There are too many tragedies in life
Young man destroying themselves
Carrying drugs in there back packs
While walking in the streets
In a word with so much indifference
So many contrasts
War and hunger walks side to side with pain
Write me a song about love
Life is my only destiny
The force of the truth
Don't tell me that the world walks badly
I miss you already
I can't stay only by myself
It is necessary for me to love right
A love of any skill
I only want some love
A love that burns like fire
Even if the light in the world ends
I only want some love
The bells at the cathedrals rings high
And my need and desired to be loved never seems
To end

You walked on water
You shared your word with your people
You fed those that were hungry
You gave water to those that were thirsty
I will lay down in your fields
And water the flowers for you
I will give it back in return what you gave to me

And do you think that we can put a bandaid
In our hearts where there is a cut?
Because the bandaid will help to heal the cut
Faster and it will prevent it from getting infected
Right away

I Want To Help You So Bad

I want to help you so bad
To ease your pain
That pain you feel inside
And if you think about it you will get upset even more
And won’t do anything
I want to help you so bad
To make you feel special
To try and bring the family closer
To unite the family
We both see eye to eye
I want to help you so bad
Also to make you understand that
The way you make your bed that’s the way you sleep in it
I want to help you so bad
In helping you to put the bad thoughts out of your head
Do me a favor could you please put than in the shelves and never look At it again?
Yes it breaks your heart to pieces
Our family is so small
There is only you and me
I want to help you so bad
To give you strength
To give you my support that you need
I want to help you so bad
Because I don’t want you to live a lonely life
I feel more than sorry that our old brother doesn’t want you around and He shut
the door on you
But I do keep my door open for you
To tell you the truth he doesn’t fit in our shoes neither we fit in his
We are three different people
It gives me and you a good feeling that God is around
Giving us the love and the strength we need
Crying won’t help you now
I want to help you so bad
Because I believe in the better way
To learn to get along with people
By not being so hostile
And if one day you must go some place
I will be here waiting for you
I want to help you so bad
I hope your bad dreams are faded
You shall not walk alone
Because God is there with you
I want to help you so bad
When you feel helpless
I will be there to give you a lift

I Will Not Give Anybody Some Saisfaction Or Some Doubt

I will not give anybody some satisfaction or doubt
For the people that work in my building
I didn't cause the flood that took place in my building
The washing machine caused it
They didn't consult me if I was going to pay them to have my place Clean
The reality they do whatever they like
And the board of directors treat the people that work like Gods
They are not God
They are servants to the people that live in the building
I pay their salary
And their salary comes from my pocket
Why is it so hard for them to understand it?
That is because they are ignorant
I am tired to deal with ignorant people
I feel that they want to get even
And they think that they can do whatever they want because they know That nobody will stop them

Aldo Kraas
I Will Not Give Up On Him

I will not give up on him

His daily task

Like

Just a little bit longer

Instead of wasting my mind
On worries that could either

In order to make me feel like
The step tire of the car

Is even worst
Because it can't think clearly or straight at all

Right now

I could replace your parents
But that I can't do
Because once your parents
Are gone
They are gone for good
And you only have two parents
Like a mother and a father
I wish that
I could be like a brother to you
That you never had

Aldo Kraas

While I am sleeping
On my bed every night

Aldo Kraas
I Wish That I Could Sing

I wish that I could sing
But I can't
Because God didn't give me the ear for music
And besides the point
If I sing for you
You will say stop
Because it will sound like somebody
Pulling the cat's tail

Aldo Kraas
I wish that I will be the one
To love you
And to make
Your dreams come true
Every day
And if one day you die
I hope that I die the same day
So that we both

I am not sure if that will happen
But that is my wish

Woke up
This morning
And I couldn't
Wait
To enjoy
The last days
Of summer

Aldo Kraas
I Wonder

I wonder
Why people are so nasty to me
Because I never did anything to hurt them
I wonder
What people have against me
I wonder why people hate me so much
I wonder
Why people are so jealous about me
I wonder
Why people don't understand that we share the planet earth
And it wasn't made for one specific person
It was made for everybody
When are they going to learn that?
I don't think they will learn that

Aldo Kraas
I Wonder How Come I Still Around

After one year past
I had gone through so much
I wonder how come I still around
I guess God loves me
And he didn't want me to die
One year ago I had a bad accident
I am alive and well now
Every time I see the ambulance and the fire truck
It reminds me of my accident
What a fool I was to have caused this accident
I feel guilty
From the inside I still the same
But from the outside I am different now
My skin is burned
It looks ugly
I can't fix it
It has to stay that way
Sun I can't enjoy you anymore
It hasn't been fun for me
It has been very hard for me to stay away from you
But for now I have to stay away from you for just for now
The shade is cooler
My treatment is not over
There still one week left
My pressure vest garment covers all my burned areas
It takes all the bumps and redness out of my skin
My skin is not smooth like it used to be
I take full blame for it
I did this accident
Now I have to live with it for the rest of my life

Aldo Kraas

My destiny

I Wonder Song

I wonder how long it will take
For spring to arrive?
I wonder how long it will take
For winter to end?

Aldo Kraas
I wonder where my lions are?
I wonder where my lions are?
I wonder where my lions are?
They are safe running in heaven in that beautiful park that God own in Heaven together with the other animals
Also in heaven they are protected by God
Because God doesn't allow any hunters in heaven
Like here on the earth
But there is no animal cruelty in heaven
But the place that have animal cruelty is on the earth
The people that lives in heaven are more educated than on the earth
The people in heaven respect the animals in heaven
The people on earth don't respect the animals on the earth
The people in heaven have a lot of love for the animals
Even when I sleep I dream of heaven and I see the lions and other Animals
Living free in the park
And I must say that the park in heaven that God made is beautiful
But at the same time I thank God for giving the animals a beautiful Home

Because I love you
And how much?
Very much

Aldo Kraas
I Won'T Ask Anymore

I won't ask anymore
For people to give me peace

For people to give me some compassion
Because I feel that I have to give to them compassion first
And that is not me
I won't ask anymore for people to tell me
If I am human or not

Aldo Kraas
I Won'T Ask You For The Impossible

I won't ask you for the impossible God

God

Aldo Kraas
I Won't Be Ignored

Are
Doing
Yourself
A favor
You
Are
Not

Was
At
The
Subway
Station
I
Had
Spotted
A
Girl

Aldo Kraas

Aldo Kraas
I Would Be Lost Without You God

I would be lost without you God
I depend of you in my life
God I may have found
In a plane
In a street crowd
In a maze
In churches
I would be lost without you God
Because you are everything to me
God you are an awesome wonder
You are beautiful to me God
God help me to be a better man
You are here God and present
In every place I go
God I have a strong bond with you
I would be lost without you
You keep me alive every day
What more can I ask for?
All my troubles are over
You made me a better man
You gave me love
When I needed
You comforted me
When I was crying out the blues
Now I have a reason to smile
Because you made me a better man
God it is not good for me to seek revenge
Because something bad I would get in return
And it may haunt me for life
I would be lost without you God

Aldo Kraas
I Would Be Song

I would be happy
If I could be included in your life
Because that is what I want more than ever

Or a selfish act on my part

Aldo Kraas
I Would Love To Be Your Friend

I Would love to be your friend
If you give me a chance
Excuse me
I need a hug from you
Even though you are a stranger to me
We are looking at each other's eyes
Without saying a world

Aldo Kraas
I Would Rather Not

I would rather not sleep through the day
Because If I do I won't sleep at night at all
I would rather not drink any coffee
Because it can interfere with my medication
And my sleep
I would rather not over eat
But it is attempting to over eat
Specially when the food is in front of you
And it is tasting so good
I would rather not lie to anybody because I will make myself look so
Stupid
Even thought they will be able to find the truth sooner than later
In any circumstance

Aldo Kraas
I Would Song

I would drink the grape juice
That the people made in the farm
With the grapes from the crops
That they collected today in the farm
I would eat to kill my hunger
Because I am already starving

Aldo Kraas
I Wouldn'T Want To Be Like You

I wouldn't want to be like you
Friend

I’ve Gained Strength For Tomorrow

I’ve gained strength for tomorrow
My mind and my vision is clear now
Now I can do the things I need to do
Here is where I stand
And I will listen for your calling
You are a faithful friend God
Lamb of God that take away the sins of the world
Hear my prayer and take my sins away
God lives in me
God is in control
What am I without you?
Nothing
I will watch and pray
I will worship you God with my entire heart
Neither will I let you down God
The light is shining so bright in my eyes God
I am almost blind by it
Angel’s eyes are now watching me
This is a precious world

Aldo Kraas
I’ve Seen His Face

This Sunday morning Jesus Preached to his people his sermon
I never thought that Jesus was a good preacher until I heard him preach his
Sermon for the first time today
He was preaching to the people who were standing in the crowd
I’ve seen his face
He had blond hair, and a long beard
Let’s unite the world
Please listened my people
Please accept me into your heart
I am love
Don’t hate me
Walk with me
Put your guns down
Forgive one another
Have sympathy towards others
Thou shall not kill
Take me as I am
Take me into your life, walk with me
Peace is what you want from me I hope
Happiness for you I want to give you all
I want you to live as the irises lives
This is my wish to you my people
People I raise you from death
I want you all to feel harmony only to transmit joy,
Only goodness to offer me someday
Repent all your sins now
Your time in this land will be given in virtues by me
I want you all to love me my people
I want that pain does not exist, that the life blossoms seeing the love to win
I want to see my people happy, to see the light of the hope in this world to shine
Please let this light shine my people
Because I want it to shine on you my people
Lift up your hands my people
And shout my name above the sky
For all the people to hear
Let me hear all my people singing for me
I want you all to grow up loving me my people
My people one day you will all soar like eagles in the sky
Beneath my winds
Fly fly fly
Higher than the ocean
Lower than the mountains

Aldo Kraas
I Am So Sorry

I'm so sorry that I can't spend the day with you
I'm so sorry that I didn't have the time to read my friend letter
That he wrote to me

Aldo Kraas
Ame amen
It is a new day that God gave to us
And let us enjoy this new day by living it
It is 6:01 in the morning and it still dark outside
But to me it looks and feels more like midnight outside
Also it is very cold outside
Because it is winter now and I wish that winter was gone for good
But the ground outside is covered with snow

Aldo Kraas
Ice Queen

Ice queen
You are beautiful
And that costume looks wonderful on you

Aldo Kraas

That God made for every man
That lives on earth

Ich Liebe Dich

The sea
Ich liebe dich
Mother Nature
Ich liebe dich
My God
Ich liebe dich
The stars that shine at night in the sky
Ich liebe dich
A home cooked meal
Ich liebe dich
Mother

Aldo Kraas
Ich Liebe Dich Amsterdam

Ich liebe dich
Amsterdam
Ich liebe dich Amsterdam
Because you are a beautiful city
And I just landed at the Schiphol Airport
And my driver that was provided for me from work will drive me
To the hotel
And I am very lucky because inside of that limousine there is a computer
So I can do my work while my driver takes me to my hotel
And my work won't be wasted
Rather than to have the work done on time
Ich liebe dich
Amsterdam
And now I am arriving at my hotel where I will stay for couple nights
I don't know what to expect from downtown Amsterdam

Aldo Kraas
Ich Liebe Diech

The sea
Ich liebe dich
Mother Nature
Ich liebe dich
My God
Ich liebe dich
The stars that shine at night in the sky
Ich liebe dich
A home cooked meal
Ich liebe dich
Mother
Ich liebe dich

Aldo Kraas
Icy Volcanoes

The Lake Ontario is
Frozen during the winter
With icy volcanoes
That everybody can see
While they are skating
On top of the frozen
Lake ontario

Aldo Kraas
I'D Hate To Be Them

I'd hate to be them
Because they are so outcasted from their lives
And their friends

Aldo Kraas
I'D Like To Make Myself Believe

I'd Like to make myself believe
That nothing can harm me
But that is not true because there are things in this world
That can harm me

Aldo Kraas
I'D Much Rather Live Than Die

I'd much rather live than die
Because in life there is
A bit of everything
And in death there is nothing
More to say
Except that the things that happens after death
Is in memory of a loved one only
I

Aldo Kraas
Identity Crisis

There are so many
People that are going
Through that Identity crisis
Right now

Aldo Kraas
If

If we can find a solution
To live in peace in this world
If we can find a minute to help somebody else that is in need
If we let go of our worries
Don't you think we can live a better life?
If the sky could talk what would he tell us?
The sky can't talk
Don't have a voice
Don't have a face
Don't have a body
Like humans do
When the sky is shining
It is breathtaking
I don't think we are close enough to the harbour
Don't you think so?
Because we can't hardly see The Tall Ships from here
In order for us to see it we must move closer to the harbour
The Tall Ships are sailing On Lake Ontario
At full mast
If God is right for us
Why would we turn against him?
Is it because of the fear that rises in our lives?
If we could understand that drinking and driving don't mix
If we could understand that if you drink and drive you can kill someone
If we could understand that we are responsible for our actions
If we could understand that everything you do in moderation is fine
If we could understand that is time to stop playing God
If we could understand that we have no control over the weather
If we could understand that guns are not toys
If we could understand that they kill people
If we could understand that guns are not for children
If we had saved that $1 bill that went out of circulation
We would had extra money if we sold it today
If we had sympathy for those who lost there loved ones
If we had some respect for each other
If we had some kind of faith
If we know that we have some bad habbits
If we could quit our bad habbits
We would be much healthier by now
If we could listen to music more often
We would be more relaxed
If trees could stay green forever
This is not possible
Because they are bare naked for winter
This is how God does things
If we could make a wish
If we could give somebody a token of appreciation
If we could listen to our heart
If we could listen to the sound of silence
If we could understand that it is quiet like a dead person
If we could understand that we can't control time
If we could understand that time moves fast
If we could understand that some of our loved ones made their choices to be cremated
And the others to be buried
If we could understand that the anthology of our loved ones will be read
When they die
If we could understand that we need blood to live
If we could understand that without blood we would be dead
If we could understand that our bodies are made of water
If we could understand that we need water to survive
Because we can't live without it
If we could understand that we have a duty to the community by being good citizens
If we could understand that love will keep us together
If we could understand that earth is no paradise
If we could understand that there is violence on earth
If we want to end violence we must work together to end
If we could respect each other's rights
If we could respect each other's religion
If we could respect what others believe
If we could put our mind to rest and let our problems vanish for the night
If we could feel our thoughts drifting away
If we could know what hurts the most
Is it loneliness?
Is it isolation?
Is the feeling that you are unlovable?
If we could see that our dirty laundry is just scattered all over our bedrooms
Our empty wallets sit at the dresser in our bedrooms
If we could know how deep is the wound in our fingers
If we could know that a band aid helps to heal the wound faster
Aldo Kraas
If A Tree Falls

If a tree falls I hope that it falls on the grass
If a tree falls I hope that it falls in the lake
If a tree falls I hope that it doesn't fall on top of me
If a tree falls I hope that it doesn't fall on the roof of the houses

Aldo Kraas
If All The Mornings

If all the mornings
They molded in clouds your forms
The Sun would shine smiling
And the birds feeling your beauty
In the sky

Aldo Kraas
If God Could Give Us A New Brother?

If God could give us a new brother?
What type of broyher would he give us?
Would he be a very friendly brother?
If God could give us a new brother?
It would be nice to have a brother that listens to us
If God could give us a new brother?
Could he be our friend?
Could he share his feelings with us?
If God could give us a new brother?
Could he stop to put us down?
Could he show us his love?
If God could give us a new brother?
It would be impossible
Because there would had to be our mother and father
They would be the ones that could do it through God
Now it is history for us
Unless it is a friend that is humble
A friend that has some feelings and understanding
He could be our new brother
Brothers we can never change
Or get rid of
They are a part of us
Weather we like it or not

Aldo Kraas
If God finds me here in distress
I will blink my eyes
And hope that he
Finds me here.
The month is gone
I can do nothing about it
I am sure that there are a lot of poets living with depression
I feel a little guilty about it.
Everything that I love has been put on hold
I hope that I have a quick recovery
Because I need to be back home
And on my own two feet again.
From the hospital window
I can see the CN Tower
And what a beautiful view it is.
If God finds me here in distress
I will not cry in front of him
- so many people told me that I am
A wimp
And I don’t believe that
- neither does God.
If God finds me here in distress
I hope that he will be loyal to me
- I am loyal to him.
If God finds me here in distress
Day or night
I hope that it will end
Because I am tired of suffering.
Please believe me God
I am telling you the truth.
If God finds me here in distress
I hope that he will help me change
Because I want to live without sickness
And know what I have been paying for
All this time.
Can you tell me?
Because I don’t think that it is fair
Do you God?
If God finds me here in distress
I hope that he can heal me soon
Because I have been praying for that day to come
For a long time
God why can't you do that for me now?
I know that I have been a pessimist
Or said the wrong things
But I feel that I have been paying for it, for too long
God can you tell me when I will stop paying for it?
Maybe God, I was cruel to you
Is that what you are trying to tell me?
Do I need to accept it?
Do I have to carry the blame?
God I think that you are being hard on me
Is that true?
If that is not true
Than it is a lie
That we must forget
Before it hurts me and you.
To be honest with you
None of us wants to be hurt
I understand God that I am not the only one here on earth
So I will put it to rest now
And wait for you to heal me
When the time is right.
Yes, my God, did you hear what I said?
If you didn't, maybe I didn't say it loud enough
For you to hear.
God, I don't know if I will be stuck with this sickness
That has taken it's toll on my heart.
Is this how I have to live my life?
Is this how you want me to live my life?

Aldo Kraas
If God gives you another chance
To change the way you eat
Do it
Because the reason might be
That you don't make the right choices
When you eat
And you and up eating the wrong kind of foods

Aldo Kraas
If God Will Send His Angels Ii

If God will send his angels
To visit me at home just for the day
That would be nice because I would have some company
And I would not be alone at home the whole day
But I must tell you that it is very boring to be the whole day alone at Home

Aldo Kraas
If I Ask You

GOD
If I ask you to
Give me more time
To be on my own
Are you going to accept it?
God if I ask you
To have more patience
With me
Are you going to have it?
God
If I ask you for your sympathy for me
Are you going to have?
God
If I ask you for your love
Can you give it to me?

Aldo Kraas
If I Can See Past Tomorrow

If I can see past tomorrow
I will be happy
Because I will be able to stretch every dollar that I have
I am not saying that I am a jew
By thinking like that
I know that I am sounding like that
Jews count every dollar they earn
And I live on a budget
And jews don't need to live on a budget
Because they have so much money
That if they wanted they could own the whole
Toronto if they wanted
Also Toronto has a price tag
That the jews could afford without any problems

Aldo Kraas
If I Can'T Have You No One Else Will My Friend

If I can't have you no one else

Open your eyes
So you could see my face

Aldo Kraas
If I Could Bring You Back

If I could bring you back
I would mother
So you could spend life with me
But that is impossible because I don't own you now

And not me

Aldo Kraas
If I Could Change Your Life

If I could make you smile again

Aldo Kraas
If I Could Change Your Mind

If I could change your mind
And make you understand
That I am not after your money
Like most people do
I am just a simple man
With a big heart

You need money to live
You don't own a home
You live in a homeless shelter
Remember I am the one that brought you there
If it wasn't for me you would be dead by now

I can never let you out of my mind

But my love for you will never end
The nights are too long
I dream every night with you

Aldo Kraas
If I Don'T Have You

And lonely at the same time

Aldo Kraas
If I Had

If I had to change my thinking
It would be done by now

If I gain any more weight

And help me to forget about the world?

Aldo Kraas
If I Let You Stay For Good

If I let you stay for good
I hope that you will
Not try to change me for who

That I am me
And not somebody else
I am not that person inside your mind
Your mind is telling you
Bad things about me
Can you just ignore
What your mind is telling you about me

Aldo Kraas
If I Rest I Rust

If I rest I will rust like an old 1979 Volkswagen bettle
So I rather not rest at all but keep moving and enjoying my life at the Same time
because things in my life looks so promesing to me
And I want to live every minute of my life and not waste any minute of my life at all because I want to get the most out of my life
And why shouldn't I? because that would be the most stupid thing by Not getting the most out of my life
Because my life was meant for me to live everyday that I live here on Earth

Aldo Kraas
If I said I love you
I hope
That you will change
And open
Your heart to me
And say I love you

He would be flying now
In the sky

And that is why he can’t fly
Also there is no reason for man to be sorry about that

Aldo Kraas
If No One Hears Me Song

If no one hears me
That is fine
Because I would rather talk to myself

That is a bunch of bull
Excuse my language
But it is the real truth

Aldo Kraas

If She Could Give Me Wings

If she could give me wings to fly away,
Which direction should I fly?
She would see me flying above ground zero in New York
The light still shine on Ground zero
Ground zero you taunt me
It still feels like the world was lost
If she had a place for me to go and rest
If she gave me a computer how much time would I spent on it?

I'll Remember You

It's funny how time slips away
On those long summer nights,
I had sat down at my balcony,
I had gazed at the stars,
I had cried all night,
I had cried tears of 'Good -bye': But
I had to keep on going without your love
Living my life the way I choose to
Discovering the things that are left for me to do
Doing the things that I love
Let there be light
Don't give excuses
Don't wait for answers
Don't wait for tomorrow
Don't ask me why
No need to be angry anymore
No need to wait anymore
For this special day, special hour,
No need to fight, just follow him, because
The Lord has come to set you free
The Lord has come to take you home
A place with no more pain and sorrows
Where you will find comfort and peace
Maybe someday, you will meet me again
A time has come to say” Good-by‘
I'll remember you in my dreams
I'll remember you in my sleep
I'll remember you each day and every hour of the day
I'll remember you for all the good things you have done for me
I'll remember you for the special time we spent together.
I'll remember you in my prayers
I'll remember you for the kind of person you were
I'll remember you every night
I'll remember you for your special smiles and laughter
I'll remember you

When I am talking
I am not important to her

I try hard to say something
And make sure that she will listen
But it is impossible
Because she is full of herself
And she thinks she knows it all

Immoral

Immoral things the young girls do today just to get attention from the Boys
They don’t seem to have any shame of what they do
They don’t have any way of defying moral principles
They are desperate for money
They are more money hungry than ever
It is sad
They get into the world of prostitution
They think they will have a better life by doing it
And they will have all the fame and fortune
It is totally wrong they have a wrong Illusion
For the girls may be attempting
The sad part is that they don’t know who they are working for
Or that some times they can end up dead
And some can even abused than
They color there hair purple
They wear some gang clothes today
The girls lost the sense of belonging
They are tired of being themselves
They want to be like everybody else
They say it is cool
I don’t believe it is true
I am not running than down
I am just making a statement
It can’t hurt any body
Some girls like to get high
I find it immoral
I think they deserve better
I don’t think the girls see it my way

Immortality

Destruction and violence is the worst thing I can do because there is Lots of it already in this world and I don’t need to see it

Immortality
I am successful in everything I do today in my life
I think fast and work fast not to loose anytime in what I am doing because time is very precious to me
I never did bad things in my life like smoking marijuana or drinking
Drinking will destroy my liver and marijuana will destroy my brains Because I won’t be able to think straight anymore and my whole Personality will change
I am not a coward
I don’t give up easily
I keep on trying even if it doesn’t work out the first time
I keep on persisting and working on it over again
Who knows maybe I will get it the second time around?
Something’s are easy for me others are not
I give all I can give to others
Others come first in my life before me
I am not selfish
I have wishes and desires like all the rest of the human beings do
Immortality
I don’t like winters
The winters are too long and too cold
The winter puts me down
When I don’t have enough sleep I get depressed
When I am tired my body is telling me that enough is enough now have A rest
I need a rest so I can start fresh each day
My inner voice sometimes speaks to me and sends different messages to me
Some I listened to and some I just ignored
I am very friendly to others and myself
I don’t have the energy to fight with others anymore
It is a waste and I won’t gain anything good from it
I think positive everyday and only the good thoughts I keep with me
I don’t envy others because I have all I need and want
I don’t want no more or less
I have plenty in my life
I have no right to criticize them and talk badly about them

Improvisation

I am just looking for a new direction
And I am planning to do something for fun just for today
Because I need a break from work
And I worked already 320 hours
Also I hear God telling me that I should sing
But I keep telling God that singing is not my strength
And I can't sing because it sounds like somebody that is pulling the Cat's tail
And besides I don't want to sing in front of people because I don't want To offend them with my singing
On the other hand I don't want to make a fool of myself either
So I live it to Gordon Lightfoot and Neil younge

In A Better World

The day I leave this earth
There will be nobody always to help me in my life
And nobody else will need to look after me here on earth
Because I will be in heaven
In a better place than earth
But I must say that I can't wait for this day to arrive
And when this day arrive I will be ready for God to take me home
To his abode in heaven
My life will end here on earth
But it will continue in heaven inside of God's abode
And in the garden in heaven I will go for walk any time that I feel like
Without being disturbed by the other people that lives in heaven
Also the dogs in heaven will come and great me while I walk in the garden In heaven
Of course I won't see anymore violence or homeless people here in the sky

It Is A Fact In Life

It is a fact in my life
That
My nose gets plugged during the day
And at night
But thanks god I discovered saline nasal spray
That helps me to breathe better
The best time of use is at bed time
And I always sleep with my fan on
Because It keeps me cool from the heat
I think it is also the hot weather that is giving me problems
With my breathing
Yewsterday when I was out at night I looked at the sky
And it showed signs of rain
But the rain never came
And I feel that I need some relief from the heat
Yesterday I almost got my wish
I saw a few drops of rain
But Mother Nature kept the sun shining because she made a commitment
To the sun
She kept persisting that the sun had to stay
Yesterday I spend most of my day inside the library
Reading my Dr. phill book
At least that way I could keep cool for the last 3 hours
Also yesterday I treated myself to a few hamburgers and fries
While I was in the shopping mall buying my saline nasal spray
I must say that I get bored out of my mind very easily
And that is what I been noticing latelly with myself
I also treated myself for an Ice cream because I was craving one
I also know that I am a unique individual
And that is a fact
It takes a long time to get dark in the summer
That is what I begun to notice lately
I have a sharp mind
That races non stop when I am thinking and writing something
And that also is a fact of life

Make friendship with yourself
Be there for you first
You can’t walk with your head down
Because you won’t see anything
And you won’t learn anything

For peace

For Good health
God is always here for you

Jack Dinsdale Symphony

I know that you can't quit
Living in this world
Because this world is so addictive
Eventhough it is full of punks walking everywhere
And you wonder what is wrong with them
The punks are the knew generation
And is that what we have to accept?
No way
Because their hair cuts looks horrible
And we have to be happy that we don't have hair like that
But maybe they do it to get attention
Please tell me who will hire the punks?
Nobody
I believe that the people in this world are totally out of control
Do you?
We are old fashion Jack Dinsdale

Jail

Jail
A place for the criminal who broke the law
The price that he has to pay for braking the law
Sometimes the cell doesn't have any window at all
The criminal has lost his freedom
Where is his remorse?
Does he shows it?
Never
He never show it to others
The criminal
Is a bad man
Or a man worst than an animal
At least an animal have feelings
The innocent victims always pays for the crime
And their lost loved ones
Their lost loved
Lost their lives
Lives will never be the same again

Aldo Kraas

I am alone walking in the desert of Jakarta
But my life is out of fire
And my own desire is to be a bush men here in Jakarta
Also I want to prove to myself that I am brave
But in reality I am not brave
However it seems strange for me to be walking in the desert of Jakarta
Because I don't know the danger that is in the desert of Jakarta
But something is telling me that I am playing with fire
And on the other hand I will be a bush men just for once in my life
Because that is not going to be forever

To right the wrongs
To survive each day
To stay alive
And show the way
To the women of this city, this province, and the world
That you must stand up for your rights
And not be afraid to speak up and show your emotions
And recognize that you are God’s child
And to know that someone is watching you from above
Strengthening you every day
And guiding you each day where you go
Praise yourself for what you do each day
And look at the mirror and say I love you, Jane Doe
And know who you are
Have a relationship with yourself before you have with others
Don’t try to be better than others, just be your own true self
Just live your life one day at a time
Don’t try to do everything at once,
Live your life one day at a time
Think positive each day, and leave the negative thoughts behind
You are the one to make the changes in this world

Until the day that I die

Aldo Kraas
Just Saying A Prayer

I am just saying a prayer to our world
Dear Lord
The world is getting worst every single day
Why?
Why can't there be peace?
Why can't people love you also Like I love you
Dear Lord
Don't you abandon me
Because I will not abandon you also
Dear Lord
Love your children
Because you are a good father to your children
Dear God please feed the hungry children in the world
Because there are so many children that are starving in the world today
Amen

Just Words Symphony

Just words of inspiration
just words to breathe elation
For a words symphony
Into the poise of page and pen
Sweet words to flow like rivers then!
Just a moment silent, still
Just a sunrise on the earth
Birds awaking with a words symphony
Nature making right the wrongs
Of the night with golden dawn
Just the smile of beauty seen
When men, children, deacons, pastors, and singers merge in dreams
Is all I need to seize the day
Make it mine, let words display the words sinphony
The power of poetic ways
Just a lines to lift my mind
Empty thought, the muse divine
Adorn the heart with gems of love
Settling gently like doves
Of peace and beauty from above!
I've never been in love with someone else
Rather than God
Have you ever seem my soul rise?
And stand naked in the sky?
Have you ever seen the soul arise
And stand naked in the skies
Reviewing all below on earth
Its gentle gaze upon rebirth
Cast aside its timeless past
Into a golden age at last
A body of the sun descends
To a new life in the end
And a world we've never seen
Except perhaps in deepest dream
A world of beauty and the sun
That never sets, and all is one
Have you seen this day before
Mind surrendered to the shores
Of a blissful day that comes
When life’s struggle is all done?
I am confronted by a blaze of color
In a field forever flowers
The heart sees what the mind cannot
For it is not the field of thought
To love, be one with all that is
Beautiful, a secret kiss
Is the nature of the hour
Granted to the poet, lover
Of the world within, without
Felt and grasped when soul steps out
Beyond the boundaries of doubt
Into the sunshine calling out
From everywhere to who can see
The other side of mystery,
Magic moments making one
The soul with its parental sun
Of beauty, bliss and harmony
In the field of life set free
To be itself and never be
Afraid to sail the changing seas
Of time towards eternity
That wondrous place much like this breeze
Plays with sunshine and the trees
The dance of flowers and the ease
With which death dies and life begins
For a poet or his whim
To write, in joy, of beauty sing
Forever as she brings him in
From solitude and shattered thoughts
Of a past he’d never sought
To console, from grief he wroughts
These moments that all life forgot
Are always there just like these flowers
Waiting for the destined hour
A poet takes his pen to write
And bring the world back to the light!
Great is this moment let it be
Call peace and calm
Like the oceans of love and mercy
when the world was young
When innocents flourished throughout the lands
A time when love was grand
It revealed to me your beauty so precious indeed
As I moved from tree to tree
This is the world which is free
That only my soul can see
Every reach of my words
I feel overcome by your stare
And my soul has awakened to embrace your beauty
The winds shall blow and every tree shall bend
But I tell you we shall be to the end
Two souls as one
Looking into the eyes of an angel
My love grows for you into a everlasting dream
Afraid to open my eyes that you may disappear
Never to see you again
The reality of knowing and hearing
You breath like the soft swoosh of a dove in flight
My friend, my companion
I will never break your heart
For you are my life
My hope, my dream
I love you for your my ever lasting soulmate
My breath taken by your beauty
The innocence of the child stands
In the mist of angels
And your radiance give light unto the secrets of hearts
So fair indeed
A princess to be I stand at the gate
And wait a peasant in your kingdom
Only a glance a moment
I pray in tears just to know that you are near
I break like ice and melt back together
Rephrase my words
When I find myself tethered
In a spot where I am pulled
In two different directions
Without a clue invisible veins
That hold me by my mind
Sometimes its hard to concentrate
On the words that I feel sometimes I create it feels so new
When I plug them in
to the things that other people do
It doesn't fit like a misread clue to society
Like a blue and pink variety
Standing on a bleeding dagger
How so peaceful and yet so tethered
So forceful and will-less
So beautiful and we forget
Something important
What is it that stands there mocking our chains
From the other side of something
That appears to be as if it were always there
But yet its still so new to me
Where am i in this eternity am i awoke or asleep
What is it that this force is trying to tell me
I need something more there is a door
Its invisible to the stair inadvertently I am their
And not here where I stare awkwardly
Until someone notices that I am not myself
Or... was i ever me
Or am I a projection of all the things around me
Have I created this world
Of dazzled beads and bees
Of honey and thorns that sting in a realm of victory and misery
Weighing desires on a scale
That chases something more
Like a cloud hovering over a door
Asking me, is there something more
Why ask me before I go threw
Is there something more
What is it you want me to do
And the door goes into flames I touch the knob
And its cold and reeks of pain
A smell I've smelled before
But it has no shape
Or color
No visibility
Its there
But... is it just me
Or am i just being silly
I shake my head and smile
I grab the door knob again and turn it i push through
And with faith I step over a threshold and onto a stool to look down
At not a floor but my palms
Covered in red and there's that smell
But what was it again? I think I remember. But I
Can't seem to tell
I must be being silly
Probably just something from a dream.
I fill my ego with love.
My ego is the prince of darkness that has hindered my way to the light.
I now recognize all reactions are attached to ego. I bless, I praise, and Give
thanks, for I know I am walking in the light when I see the shadow behind me.
I choose to respond lovinly and harmoniously, for I now Know that I exist only in
the light of God-
And that is love.
I am at one.

Kraas Sonata

This is me
It is not the man in black keather jacket
Because he is rich
And I am poor
Now again on the other hand
I look like a million dollar
But I didn't pay that much money for the black winter jacket
Yes I know that the black winter jacket was a luxury to me
But it was affordable
When I go out I try to look presentable to the people I come in contact With
And I never know who I am going to come in contact with
It could be a stranger, a homeless, a flower girl, or a musician
But they all have the right to live in this world
Because the world is not own by me and we have to share this world With others
But when I walk ouside on the sidewalk I also have to share the Sidewalk with others
And I am trying very hard to say that we have to share everywhere we Are with other and we can't have our own space
Because it doesn't work like that

We built it with our own bare hands

And when the sunshine through it

We dream about it for a long time
Now we finally have a place to worship the Lord
And now La Capella is the Lord’s home
We are so proud of what we achieved
Our dream finally came true

La Neige

La neige
Is white
Her skin is white
And pale
Like
La neige
God gave her a
Special gift today
That is called
La neige
And she loves it very much
But
She wishes that we had winter all year
So she could ski all year
But that is impossible
Because we have four seasons
That God made for us
And we only have
La neige
In the winter time
She wishes that we had winter all year
So she could be
In the mountains
Where she lives
And every time when winter ends
She gets sad and gloomy
also
She gets angry with God
And she believes that God is being cruel to her
And when she finds out that la neige is melting
It is like death to her
- she feels like a good friend of hers has died.

La Terre

La terre
Belongs to God
Because he created la terre
With his holy hands
And gave it to us
So that we could live also in la terre
But I am a 100% sure that God is not happy with us at all
Because we are killing la terre everyday with
Car pollution that goes into the air and into the sea
Polluting the sea
That fish lives in also
But the truth is that human beings dammaged everything that God made And
Gave to us
Also the air that we breathe is not pure anymore
And with that comes asthma that kills babies and people also
Why don't we have respect for la terre?
Don't you enjoy what God made with his own hands?
Are with so selfish that we only think of ourselves but not la terre?

I had seen your
Face
And
It is so ugly
Because it is full
Of scars
But in the inside
You are warm

Lady Simple

Lady simple
Uses symple words
To describe how she feels
Everyday
While she is living her life
Here on earth

Aldo Kraas
Lady, Lady, Lady

Lady, lady, lady
You are so charming
I want to walk the shores
And give you a French kiss
Lady, lady, lady
That dress you are wearing tonight is stunning
Lady, lady, lady
I don't want you in my bed
I don't want to make any planing
Lady, lady, lady,
I can't make you a promise either
If I do and things don't work out I will be very hurt
So I rather not do it than get hurt
Because I am no good in keeping promises
Lady, lady, lady
While I walk with you along the shores
I sing this song about love
So I can prove my love to you
Listen carefully
Lady, Lady, Lady,
The rainbow of my life just for this night
My dream just for this night
My Lady just for this night
My princess just for this night
Lady, lady, lady
I am your man just for this night
We better have another French kiss before the night is over
Lady, lady, lady

Laundry

I must do my laundry
If not I won’t have any clean clothes to wear
I like the smell of clean clothes
Clean clothes always smell nice and feel beautiful in my skin
I don’t like wet clothes
It takes a long time to dry
Laundry got to be done once a week
It is not good to leave the laundry pilling up in the laundry basket
Dirty laundry smells bad
I know, oh how I know

Laundry Money

Bad Boy
Can't wait for the sun to shine
When he wakes up in the morning
He gets up and gets ready to start his day
He is wearing his gang clothes for the day
Because he is the leader of the Bad Boy gang
All that the Bad Boy thinks is about making money fast
Dirty laundry money he needs it to pay the rest of the gangs
Bad Boy sells drugs in one street
The other gang members sells drugs in different streets
He makes more money selling drugs in the streets than working in a Store
And he knows it is addictive
Once you start to sell it you never want to stop it
In good days he makes over $3,000.00 dollars
In bad days he makes only $550.00 dollars
It depends on the weather also
If the weather is good the business is booming
But when the weather is bad the business is slow
Sometimes it is necessary to get a few days of
It makes than mad
Because they need the money for living
And to stay in business
They like the job very much
They can't be bother with a job they hate because they know it is not Worth all the effort
People that buy drugs from them
Are people from all walks of life
Some are heavy drug users
Others use it in moderation
These days the Bad Boy sells drugs and you never know his real name
Because he never used that name when he is doing that business
Bad Boy make his living with his members in the street
They have no dignity for others
Dirty laundry money is a dream come through for the Bad Boy and its Members
They can never wait for it
Thursday it is pay day for its members
Good work guys
Bad boy tells them

Learning Not To Lie

I am finally learning not to lie
For all those years I lied a lot
Because by lying I thought I could hide it
And make it sound better to me
It was not true
I was not hurting anybody else but me
In return
By lying I am the one who loose the trust in myself and others
To tell the truth for me sometimes is difficult
Even when the questions pop in my mind
The answers may be there but I prefer to ignore it
I am now begginning to get sick of lying
Because the lies I told
Is finally hurting me deeply
It hurts me to tell the truth also
So which ones are better the lies or the truth?

Leaving Home

My two sons
Have been called again
To serve in the
Afghanistan war
Which I hate so much
Because it is such a waste of life
When I think of it
But my two sons have to go
That is a job that they hate so much
But when the
Canadian
Government had called them
They had to comply with them
I am very worried about my sons
Because they are young
And they are peacekeepers
They are not going to be home this year
Because they will be in
Afghanistan
I will be alone this
Christmas
And my sons are very worried also about
Afghanistan
They tell me that they are afraid of the war
And that they feel that they might never come
Back alive again
To be honest when I hear them telling me that they might never come Back alive again I now that they think that they will end up dead in the
Afghanistan war
Yes I understand that everything is possible in
Afghanistan

Lebanon

My heart cries out for the
In war we all loose
In peace we all win
Lebanon
Every country has its own problems
To deal with
Love is all we have for Lebanon
Angels of Lebanon
We see than walking in the streets
And we can feel this awful heat
Why should we allow somebody else
To destroy Lebanon?
What good is war for?
Only to make people rich
While others die in vain
Why can't we get along with our neighbors?
Because sometimes they just don't like us
Why can't we respect one another?
Because this is too much to ask
Why can't we forgive others?
Because this is hard to do
Why do we judge people?
Because we don't think some of them are good enough for us
There is bad and good criticism
We tend to criticize people a lot
This is the human imperfection
And we don't see the whole picture
We just see a part of it
Sometimes we don't see eye to eye

Let Us

Let us put the bad stuff behind us
I acknowledge that I done wrong
I was at the edge
I don’t miss this place
I don’t have the right to punch you, neither you have the right to punch me
I couldn’t think straight anymore
It came to a point that I couldn’t cope with the job anymore
It is time for me to move on
This chapter of my life is closed
This door is closed for me forever
I never wanted to hit you
I’ve lost my head
I am sick now with depression
Please forgive me
You won’t see me again
This is a lesson for both of us to learn
What can we learn from it?
I have to walk this new path alone
I was no longer happy with this job
Now it is my job to build my life again
I don’t need you help anymore
I have to do it on my own
My anger and frustration took control of me
I am responsible for my actions daily
I am sure I’ve cause you a lot of pain
I guess you felt betrayed
You can no longer trust me
That trust is gone forever
Let us go in peace now
What I’ve done is done now
I can’t repair the damage
You no longer feel safe
I’ve lost myself worth, my self-esteem
The satisfaction of hitting you took control of me
But that satisfaction only lasted a while
It had to end this way
It wasn’t a good picture
It doesn’t make me a man to hit you or a hero

Letter To The Sky

Dear sky
I am so happy that you exist
And that you belong to my world
That is my heart
That are full of diamonds that are called aquamarine
Also I know that my life and my heart would not be completed
Without you
Because my life and my heart deserves you
Intact or whole
But at night my heart appears to be dark and also my life appears to be dark
because it is night time inside of my heart and in my life
At day time my heart and my life is very bright
That even the diamonds called aquamarine are shining
At the fullest capacity
By bringing me joy to my heart and my life
Sky I also know that you were created long before me
By the same men that made me
And after you came the trees, the grass, the birds, the fish,
The turtles, and the sharks
That men are trying very hard to put an end to it

Levon

Now came the right time to go to that paradise
That is on the other side of the world
But you climb on the unicorn first
And I will climb after you on the unicorn
But I hope that the unicorn can handle our weight
Because the unicorn alone is 820 lbs
And we are 460 lbs
Yes our weight is fine for the Unicorn
Levon
When we get to the paradise it will be on the other side of the world
But I hope that we get the paradise the way we want
And we can take a bath in the lake in the paradise
Levon
How big is the paradise?
The paradise is the size of a soccer field
Levon
Sleep now and I will sleep with you also
In the paradise
That paradise belong to us now
And nobody else will be able to share this paradise with us
Because it has room just for the two of us
But we are not going to see cars or ambulances in paradise
Because paradise is not like the earth
And paradise is much better than earth

Life By The Drop

My life must go on forever each day
Living life by the drop
Each day
I am loosing control
And than someday I finally found hope in the Lord
And the power you are supplying Lord it is electrifying
Living life by the drop
Sometimes it is hard to do
I better shape up
Because I need a Lord
And my heart is set on the Lord
I better shape up, I better understand
To my Lord and my heart I must be true
Lord you are filled with affection
Lord you are the one that I want
Lord you are the one that I want
Lord you are the one that I want
Lord you are the one that I want
Living life by the drop
I don't know what is there for me in store
Lord you are the one that I need indeed
Living life by the drop
I will wake up this morning
I am hoping to see you again
Face to face
I want to pay tribute to you Lord
The Lord knows the shape of my heart
He knows in what bad shape my heart is
It needs fixing
Because it is broken in too many pieces
Living life by the drop
I could be sick any time in a dropp of a hat
That is if I don't take care of my health and myself
Living life by the drop
I am glad that somebody is with me
Yes sometimes I forget that
It seems that the world was lost forever in my mind
Sometimes it seems that I am seeing the dark clouds in my mind
Sometimes I am lost for words
I have a different picture of me
But when I look at the mirror
Somehow it doesn't look right any more
There comes that guilty feeling
And that question why did I let myself down?
I feel that I am punishing myself each day
For the things I should do, but it never gets done

Life was given to me
46 years ago
By my best friend that is called God
And some people say I am too religious
Others say that I am full of myself
Why should I turn a blind eye to religion?
And why shouldn't I love God?
I am me
And I am free to love who I want to love
That is fair
And I will continue to love the ones I love

Life Without Me

People I know that life without me is hard for all of you
My death came so fast without warning
God had call me and I had no choice
But to leave you all behind and go with God
Now I am happy
And there is no hate, no violence, no fear, but love
That surrounds me
And tonight I love you my God
I feel at peace once more
God told me I will give you love
And I will eased your pain
Nothing could be better in heaven than earth
If you all saw me today in heaven I don't think you would reconize me Anymore
Since I been in heaven I been more relaxed and I don't need any Medications anymore
God is the best medication there is
It is salvation, peace, and love that he gives
He gives it to me without me asking for it
I wear every day this white rope
My eyes are no longer weary and weepy
I am full of joy
There is no other place like this
People I can't go back to earth, because this is my home now
You all have to live a life without me
I am not a part of your lives anymore
I understand that we had good times before
We laughed and we cried
To some the reality have not set into there minds
Some might still looking for me
I have a new home now
Please remember me in your daily life
Don't be upset that I am gone
I turned a new leaf
A new soil

Lives are sometimes full of tragedies
Lives are sometimes full of suspense
Lives are sometimes full of hate
Lives are sometimes full of bitterness
Lives are sometimes sad
Lives are sometimes happy
Lives are sometimes full of stress
Lives are sometimes full of love
Lives are sometimes full of pain

Aldo Kraas
Living Above

It would be cold
Living above a garage
And living above a restaurant would be noisy
Because of Karaoke or loud music.
Living above a store
Would be fine because
There wouldn't be a lot of noise
Unless it was a fish store
- that wouldn't be fine
Because I would tire of the smell of fish!
Living above a grocery store
Would be fine
But it would be difficult
If I lived above a doughnut shop
.....as a diabetic it wouldn't be good....
......I would forever be tempted
to eat those doughnuts!

Living God

Living God
Maker of all the heaven and earth
We want to worship you
Living God
You are the prince of peace
The master of the universe
Living God
We are your children
We will never forget you
And you will never forget us either
Living God
We give all the glory to you
Living God
You take away our sins
Living God
We are not perfect like you
So I hope you understand this
Because we are human beings
And we have our faults also
Living God
You are worth to be praise
Living God
Take the place of all the power
Living God
Behold, it comes in might,
The power that is power,
The light that is in darkness,
The shade in dazzling light
It is joy that never spoke,
Living God

Living In Her Dreams

Her dead mother's
Ghost is living
In her dreams
And every time
She sees her mother's
Ghost in her dreams
She gets so frightened
By it

Aldo Kraas
Living In The Dark Against Living In The Light

God feels like home in my heart
Where a garden was planted for me
In the sky of my heart there are some clouds
But the rain never lasts too long

Aldo Kraas
Living In The Dark Vs.. Living In The Light

The poet gets depression when he is living in the dark
Also it is depression that it is hard for the poet to control in his life
Basements are usually dark and reminds me of a subway station
But sometimes it gets too hot and the poet has to open all the windows
Of the house so the house can cool of
The dark doesn't feel safe for the poet
But the light feels safe for the poet
When the poet lives in the light he is more energetic
And he can do a better work when he works on his poetry

Aldo Kraas
Living My Dreams With The Poets

I am living my dreams
With the poets of the city

Aldo Kraas
Living With Others

Living with others is almost like being in a marriage
You have to know others well before living with them
You can't jump in on that right away
Because if you live with others you have to make a commitment
And be flexible also
I feel that you would have to include the others in your life
But there will also be times that you will want some space or time just for Yourself
What about the others?
Will they understand you when you need space or time just for yourself?
I believe that you have to see it from both angles before you make a Decision
Sometimes when you live with others, it might make knowing them, a Different ball game
They might stay up very late when you want to sleep
Or they might listen to music very loud which would disturb you
If I lived with other people, I would need:
Some friendly and caring people
Not the quiet type of people who always keep to themselves
I wouldn't want to live with people that listened to loud music
Or stayed up all night watching tv
I would like to share the tasks of cleaning and cooking
With others

Aldo Kraas
Lo Siento

My God
Lo siento
That You feel
That I don't love you
But the true is that I love you
My God
From the botton of my heart
My God
Lo siento
That You know
That I am not taking good care of myself
That is almost true
Because when I am not in stress I feel that I take good care of me
But when I take good care of me I take better care of my health

Lobsters In His Bath Tub

Lobsters in his bath tub
Somebody placed it inside
There
They played
A joke on him

Aldo Kraas
They tell me that I better watch my money
Because I might end up like the rest of
The scumbags of
Toronto that are living in the streets
And than they say to me
Lol
I find that very insulting
Because that is comming out from their mouth
Why are they comparing me with the scumbags of Toronto?

Aldo Kraas

Lone Star

Lone star
In her blue sky
At Christmas
That was a wish that she made
The night before Christmas
Before she went to bed
And Now she is up
And watching the lone star from he bedroom window
This night
So silent
She is happy that her wishes came true
Now she can rest in peace
And let go of her worries
Tomorrow
Tomorrow
Tmorrow
Is Christmas day

Aldo Kraas
Loneliness

Depression hit me hard this time
Loneliness comes my way
Sadness fills my heart
I am the one that is lost in an empty world
My life has turned upside down
And I only see this gray picture on my mind

Anger
Brings pain and hurts to my heart
Worry
Brings uncertainty
The time is going by
I can’t stop the clock from moving
My mind is empty
Regrets
I have lots of them
Tears
Makes me want to cry
Sleep
Puts my mind to rest

Lonely Dialog

I am having a lonely dialog with myself
I am talking to myself
I know that I should never do that outside
Because the people may look at me and think that I am crazy
And if I do it at night I do it quietly
Inside my house so no one sees I and I don't disturb the people living next door to me
Nobody else wants to hear me talking to myself
This lonely dialog is just for me anyway
I would be ashamed of myself if anybody else heard or saw me having a lonely dialog with myself

Aldo Kraas
Lonely Man

Lonely man you need to
Discover this world which is
Beautiful
Be a part of this world
You are setting your foot on the ground
There are many opportunities out there for you
Do you know what you are looking for?
Lonely man
Grab a tissue paper out of your pocket
And wipe the tears that are falling from your eyes
It must be the cold weather that is doing it to your eyes
You don’t know yourself at all
You need to learn to be open to yourself
And to find out who you really are
This will be a mystery for you to learn about yourself
Lonely man
The night soon begun
And you went to bed right away after I had given you supper
Lonely man
Don’t you know it is Christmas?
Lonely man
I don’t judge you
Lonely man
I know that you don’t judge me
Lonely man
See you tomorrow
Have a good night
Lonely man
Do you believe in God?
Lonely man
Are you a christian?

In some areas we are stronger than others

Loosen Up And Relax

I feel myself going angry
Out of control again
I have to learn to relax
And be less angry
I have to learn to deal with my anger
It is out of control now
Now I am in trouble more than ever
Sometimes I don't know why I loose my head
And my anger comes
It comes in so fast
Out of the blue
I need sometime to loosen up and relax
My legs are kind of shaky right now
Loosen up and relax watching the television I will
I find it to be my best companion these days
The television can't talk back to me
A good thing it is not human like I am
So it doesn't have feelings
But I do
Sometimes my feelings get mixed up
Inside my head
So once again I have to learn to loosen up and relax
I feel so tight inside
Like I am going to explode any minute
That is what I am beginning to see and feel right now

The Lords of poison came down from heaven
And when I was walking in the street here at home
The lords of poison attacked me first
Then they sprayed poison into my skin
But a few days later my skin became itchy
So I scratched it all the time until it bleded non stop
By now it was a real mess because it was dripping all over my shirt
And I finally decided to go to the doctor
The doctor did some skin test
And when he gave me the result he said that somebody had sprayed acid On my skin and now I have malacoma which is skin cancer

And a thought came to my mind you are so young and you might die soon

Love And War

I can't keep away from love and war
I seen too many people having there heads blown up,
Especially when I heard the shoots of the gun being fired too many Times
It gives me butterflies in my stomach
I am a soldier in this Bosnian war
I am not sure if I will return home safe and sound
If I don’t, my fellow soldiers will remember me
A long time ago I decided to join the army and take my chance
It was the only choice I had
I don't like what I see
There is no way out of this Bosnian war
I heard the desperate cries of the children,
Starving and in misery
There is nothing I can do
I just hope that there pain will ease someday
There entire favorite toy's buried in the ground
All there possessions lost
Left with nothing
Too many people dead and gone
Why this brutal war is going on I don't know?
All I know is that I have enough of this Bosnian war
It seems like no end
I have lots of nightmares about this war
And I don't get much sleep anymore
The day start too early,
And I am up and gone by then
Many nights I think about those I left behind back home

Aldo Kraas
Love The Time

Love the time
Love the time
Love the time
You have for you
Love the time you spend outside
Because this nice weather won't last very long
Fall is on its way soon
Love the time
To listen for the song of the birds
This might be the last time
Love the time
You have to reflect on your life
Love the time
You are worshiping God
Love the time that you are discovering your feelings
Love the time that you are learning about yourself
Love the time
Your soul waits in silence for God only
He is your rock and your salvation
Love the time
To dream
Love the time to paint a picture in your mind
Love the time
When you have a positive attitude
Love the time
When you are in the valley of the shadow
You will fear no evil
Because you are with God now
Love the time
Because you belong together with God
Love the time
That you are being yourself
Love the time
That you are moving on
And doing better things to improve your spirit
Love the time that you are gaining your trust back
Love the time that you are gaining self respect
Love the time that you are building your self esteem up
Love the time that you are watching the gold star at night
Love the time that God carried you to solidarity
Love the time that God will bear you up
So that you will not strike your foot against a stone
Love the time that you saw the great light
Because there were people that were sitting in the dark
And you were the lucky one
Love the time that God has opened up the door for you
Love the time that God has given you a chance
Love the time to know that the past is a part of you
Love the time that God is comforting you when you are sad
Love the time when you see writings on the wall
That you can read
Love the time to enjoy your freedom
Love the time when you are flying on the airplane
And looking out through the Airplane window
The sunset in the sky
Love the time when you sing out the blues
Love the time
Love the time
Love the time
Love the time
Love the time
Love the time
Love the time that God will set you free
Love the time when the sun will rise early in the morning in the summer
Love the time
Love the time
Love the time
Love the time
Love the time to know that age is no barrier to beauty

Aldo Kraas

Aldo Kraas
Love Will Be All I Need

Love will be all I need
Love will be all I need
Love is sweet as honey
I will gamble everything for love
Because love is all I need
I am willing to make a change in my life
Now that I've seen what jail is like
I didn't like it at all
The drive in the back of the police car was bad
And being handcuffed was even worst
This was my worst nightmare
Sleeping inside a jail cell with the light on and being frozen
There was no confort at all
I didn't get any love or sympathy for what I did
I know I broke the law
And now I have to pay for it
I have no reason to lie
Because love will be all I need
I have to break free
I have to run
There is not much freedom for me
God I need you back
God take me back
I need you back God
To take all my fears away
I have lips of an angel
The time you think of me God
I will need an answer
Beautiful lights
Are shining
And you God are on my mind
The man I am you know
And love will be all I need
God call It love
Because he knows that love will be all I need
Every time I try to explain my feelings to you
It seems all strange
Sometimes I feel like I am loosing my mind
And when it happens I no longer can think straight
My brains no longer works
It is almost like a computer without its hardwear
My love is pure God
I am offering it to you
Don't stop loving God this is what every body tells me
My body is a wonderland
The lake is bigger than my body
If I was a painter I would paint you a picture
But I am no good at that
I am being unfaithful to myself
I don't want to do it any more
Let me get back to my life
Here I go again
dancing in the rain
Here I go again to find my Lord
God makes me want to pray
Ain't no other God that I know
I am here to stay
And I am standing tall
I am rooted like a tree
In the park
I am back to basics
And I am in love with my God
I hope you understand it
And I hope that you will understand that love will be all I need
Cold fingers are finally in my tired eyes
No confort
Infamiliar faces are near by
Sister if you wake up in the night just call me
Because love will be all I need
There is a river that washes me clean
And washes all my tears
Water freezes under the bridge in the winter
And the ducks swim in it
Time has come today for me to find love
I think is time that I moved on
In my life there are consequences
I am hanging on
To my beliefs
To my responsibilities
Blood is flowing through my small heart
Every beat of my heart I hear
I am showing my true identity to God
Keep it coming God
Bring me the sun
bring me the moon at night
I am no stranger to shame
I will follow the sun
My friend planted the evergreen in the back of my house
The snow storm is coming
Time to get ready for bed
Tomorrow will be time to welcome the snow back
My eyes seek you Lord
I know all the love secrets
I dwell in the dust
Wait for me my God
I am coming
I will be soon with you
Today
Once again I am telling you that love will be all I need
Your smile is in my heart God
Hold back the night God
I got to learn that crime does not pay
I'll be there for my God always
A blue like the blue of your eyes
Is falling from the sky

Because you got some love

But the trouble with you is that you

Since you don't care about anybody else
Rather than yourself

Lovers In Dangerous Times

Lovers in dangerous time
Because they are seem all the bad things that are goingin the world
Also they show on tv
And they make so much propaganda about the awful war
That damages people's lives
Even if some of the lovers wanted to go back to their country
They would never be able to go back!
Because of war
And it is war that makes the people rich
Because somebody has to be pay to make the bombs that are used in the war
But they day that they stop paying the people who makes the bombs Only then the war will stop

Lover's Paradise

We are no longer strangers to this place
Lover’s paradise
I hope you find what you are looking for
Me also
Here is peaceful is it?
The only noise we can hear is the water
We are walking in this lover’s paradise in this winter
No body else to see but us
I was hoping to find someone to love
What about you?
I kind like this place
What about you?
Lover’s paradise
Where are all the lovers gone?
That cloudy sky
Is here in Lover’s paradise
I can see it
Can you?
My breath is cold
What about yours?
My face is frozen
What about your face, is it frozen like mine?
We walked almost for an hour
I am tired already
What about you?
Let’s go home
It is time to leave lover’s paradise

Many Generations

Many generations
Are
Living in this world
All the new generations
And
All the old generations
The old generations
Have
More experience
When it comes to life
The
New generations have their own
Life to live
And they
Need a hand
From the old generations
Because
They are lost
And they don't know
How to plan
For
Their future
The old generations
Are now retired
Because
They worked
All their life
In what
They had
Plan for
Their
Life
Since
They were
Younge
The new
Generations
Are
Dropping
Out
Of
School
Before
They
Are
Even
Graduated
Because
Of
Luck
Of
Skills
Or
Interests
The old generations
Had
Kids a long time ago
That they had
To raise
And today their kids
Are adults
And the
Old Generations
Today
Have
Grandchildren
And their Grandchildren
Are now part of the new generation

Mark Sonata

Ever since I can remember
I have seen you in my dreams
And the chance to be a part of you
I can't tell you what it means
But it is beautiful to be able to dream with you at night
And the air that we breathe everyday is filled with love
I would love for me and you to have that love that is in the air
But we can't reach because heaven is far
The sky is beautiful today
And the sun is out for both of us
So let us enjoy the sun once more
I give you all my love and that is all I do
And if you saw my love you would love me too
A love like ours
Could never die
As long as I
Have you near me
Bright are the stars that shine,
Dark is the sky
I know this love of mine
Will never die for you
Wise men say only fools rush in
Should I stay here with you or should I go
Because I have a life to live also
But there is no place to lay the blame
Because time slips away

Maryann's Heavean

One day when we can't no longer
Walk the journey of hope
We will walk up the stairs
To Maryann's Heaven
And we will see
Maryann the way we knew her
But now she is resting away
And no sticks and stones will break her away
Her soul is intact and at peace
Her tears fall from the sky
And wash the earth away
And it gives a new life
To the seed that we planted here on earth
We will wait everyday for Marryan's tears to fall from the sky
Because Maryann is now in charge of our garden here on earth

Masterman Sonata

The world was made for us
And we belong in this world
But this world is very violente today
And to tell you the truth I don't even know if the violence in this world will End
But I have the feeling that we will never be able to live in a world without Violence because the only thing we know is violence
And we never learned anything else than violence
But I believe some enjoy the violence and they welcome the violence Into their lives

Now I am gone and she can't remember
How to live without my touch
Hoping to die but surely living to tell
because when it comes to matters of the heart
There is nothing I won't get used to my beloved Girl
But you only make excuses that I am not Good enough for you
You were crying for so long that you wanted a man
You found a man and I found you
But you still saying that I am no Good
Why can't you be happy with me?
Maybe how you feel about me is a matter of your heart
Maybe you don't have any feelings for me
But I have feelings for you
So make up your mind
I will give 24 hours to come back to me
Or else I will be gone after 24 hours and you won't see me never again
You got that

May The Good Lord

And when they need something from me they will appear
I feel a little hurt that the new friends that I made at the retreat don't call Me
But I have to understand that they have their lives to live and I have mine
I may be a poor soul
But at the same time I am strong because I am doing spiritual growth and Self
growth everyday
May the good Lord be with me when I have my cravings that kills me Because I
don't have the money to get it
Because if I had money on my hand I just would blow it
And I am a compulsive shopper
May the good Lord be with me when Spring arrives
May the good Lord be with me when he reminds me that I am free
And that in my life all the road blocks have been removed a long time Ago
May the good Lord be with me when I will start to sing

Aldo Kraas
May the grace of the Good Lord
Be upon you
When you sleep

I have a feeling that sounds strange to you
But not for me

I wonder who will make the first move
Is it going to be you or it is going to be me?

Mcc Hymn

So many times
We felt lonely
While we walked
The narrow path
That leads us to our God
But the funny thing is that God was with us the whole time
And we were never alone
We were safer than we knew
On our journey
It is amazing how God takes us to different places
That we had never travelled before
And equally amazing that we take God with us also
Through our journey
But in our lives God transforms us daily

Aldo Kraas
Mcgimn Sonata

Mother dearest
You live inside of my heart
And inside my heart I made a special place, just for you
So that you could live inside of my heart and be left in peace
Mother dearest
You don't have to worry about pollution and violence
Because there is no pollution or violence inside of my heart
Mother dearest
You are now an angel with wings
And inside of my heart you can fly
Mother dearest
Inside of my heart
I created a garden for you so that you could smell the flowers any time you like
Mother dearest
You can sleep near that pond there
Because near the pond it is always cooler than in the garden
Mother dearest
I forgot to tell you about the sky inside of my heart
In that sky you will see stars that shine like diamonds
Mother dearest
I will always love you
From the bottom of my heart

Mcheaven Suite

I am sorry because When I am talking with you I am missing all the words
Please understand that I need to go back to sleep
Because it is very late already
And if I don't get my proper sleep
I won't be able to function properly tomorrow
So we can talk tomorrow again
But I now that the stars will shine in the sky tonight while I sleep
And I will miss it
But you will be able to see it
I have a feeling that we should be getting a snowstorm tonight
And if that is the case everything will be closed
I will be dreaming with you tonight
And I hope that I can see you in my dreams

Meditation Song

Life is a series of problems. Do we want to moan about them or solve Them? Without discipline we can solve nothing. With only some discipline we Can solve nothing. without discipline we can solve only some problems. With total discipline we can solve all problems. Problems are the cutting Edge that distinguishes between succes and failure. Problems call forth our courage and our wisdom; indeed, they create Our courage and our wisdom.

Mental Block

Mental block
I am having
I am too scared
That I am afraid
Mental block
Is there I can see it
I can feel it
Of course, I have done wrong things
I am afraid to admit it to others and myself
There are problems that keep rising day by day
There are times that I need hope
There are times that I feel alone and lost
Everything in life is hard
I have choices to make in my life
The reason I lie to myself is because by lying I can hide my problems and everything will be all right
The truth is if I lie to myself, I will hurt myself

Mental Thought

Too many horns from the cars
That are being driven by the people
On the road
And it is driving me crazy
I know it is the olympic fever
I don't care for the olympics myself
I don't consider myself an olympic fanatic or olympic nut
To tell you the truth
I have the feeling that the noise will keep me up all night
Well at least they will waste their energy on the car horn
If I could I would break their fingers
And that would stop the honking

Dear God have mercy upon us
Because some of us sin
And I am not the one that sin
So please live me out of your list
Because we know God that you have a long list of the names that sinned
So God please free us from our sins
And we will not hold you up or make you our prisoner in a jail cell
Neither because we will let you be free
And we know that you already went through so many events in your life
And Easter is a time of liberation

Midday Blues

I can't leave
Because I am waiting for God to come
And kiss me at midday
That kiss sweet
Who cares for me my God
I know you care God
The air feels fine
Here outside
I am dealing with God know
Can't you see
I am busy with him?
Once I open my ear
I heard your gentle words
The little flowers that
Are planted in the neighbor's garden is called daisy
I haven't got a woman yet
I am not interested in it
Deep down I am a good person
I am a good hearted man
The answer that you always give me is
Don't worry
Everything will be fine
As long as I am here walking with you
Guiding you along with me
You tell me you have nothing to fear
You assure me that nothing bad is going to happen to me
When your gone
I will love you the right away
I believe that somethings are better left undone
When you are just too tired to do it
The rain falls like water from the sky
Hear, soul and song is what I am hearing
somebody playing that tune in the guitar
I recognize it because I heard it a thousand times before
I never run wild
I am too old for that
My younger days are over
I want to know what I am doing wrong
Please tell me God
What kind of man I am?
A man with feelings
A man who thinks of others and not only himself
I am gaining control of my life God
I am not loosing it
God is my empire
My home is like heaven to me
God
If you could just understand that
It is where my heart is
I am not always brave God
You have to understand that
I never lied to you
I never lied to you
I have to plan for my future
I have to stop feeling sorry for myself
And take some action
The nights are cold now
Amd when I sleep I think of you
And every day when is midday I know I will see you again
Having a good friend is important to me God
And that good friend is you
The next day at middday I heard the rain
It was coming down hard
I guess we just have to stay inside today
It is fine with me
Saturday I am going away
And I will board the midnight train
And when midday comes no matter where I will be
you will always be there with me
And by your side I will always be
In the morning I look out of the train window
And I see that the train
Is passing by the indian shores
Moving skies I see
They are bright today
Not a cloud in the sky
God I might be fooling myself
Sometimes I don't think I am being honest to myself
Inside my eyes I see that bright light
It is called the sun
The more I see it the more I like it
I am wearing my silk shirt
And my dresspants
And my dress shoes
I do it because I want to feel good and be presentable to others
I will lift up my hands towards your commands which I love
And I will meditate on your statue
Teach me oh God the way of your statue
And I will keep to the end
Give me understanding that I may keep your law
And observe it with my whole heart
When I think on my ways
I turn my feet to your testimonies
At midnight I rise to praise you
Though the cord of the wicked ensnare me
I do not forget your laws
I long for your salvation
I will sing a joyful song to you God
God I know that my eyes don't lie
to you
You see me
A tired man
God please take my anger away
Please don't tell me where the sun goes
I demand a better future from you
Please make sure I get all this pain and all this sorrow
Out of my life
How many thoughts must I think?
When will I learn to laugh again
And be me?
What can money bring me?
Only comfort
What violence can bring me
Pain and shame
I am the one that have to live with it
What Loneliness brings me sadness
What Issolation brings me
No hope
God I carry no gun loaded with bullets
I don't owed one either
There is a whole new wide world for me
Waiting to be discovered by me God
God your so good to me
Music can heal me God
And put happiness in me
God I have no strings attached to the mobsters
I will show the world that I care about God
I had finally arrived the next morning in Montreal
It was early in the morning and the sun was shining in my eyes
My eyes was getting sore from the sun light
I boarded the taxi and drove to the hotel
When I got there into the hotel I checked in
And went to sleep
I needed a rest badly
I didn't even unpacked my suitcase
I am having more faith in God now
Shadows shadows
Stop me from being a mad fighter
And turns me into a man
Step step up
This is the change
For step up
And be a man
And stop the brutal fight
And learn to control my emotions
I know God that you will help me with that
My heart quivered with a silent of anxiety
Even if I was banished to the darkest place
My love will never let be a lonely spirit
Because God will brighten my world
And the darkness would end
God I will give a chance to life
To pray
To listen to your loving kind words
To listen to the sound
I will give myself a chance to see the flowers that you made it grow
In the parks for everybody to see
You have grown it with your holly hands
God today is the day for me to built a better tomorrow
It is my only chance and hope
That you have given me
And I am going to use it
I am not going to waste it
Because God I want to built a better tomorrow
I will not think about my failours
But I will think about my accomplishments
God
I won't put myself down any more
God thank you for this day
And this day you are here walking beside me
At Night I enjoy looking at the stars
It takes courage for me to be the best I can be
It takes strength for me to conquer the world
It takes strength for me to surrender when a bad thought enters my mind
It takes time for me to decide in what I want
It takes time for me to fit with the crowd
It takes strength for me to surrender to my anger
What lies before me are small matters
As it is promised by the wind
As it is tender in my heart
As it is written in the sky for me and everybody else here on earth to read it
Love makes all things possible
Love is hope's shining star
Faith sees my day shining through
God a song is no song until I sing it
God yesterday was history
God tomorrow will be a mystery that waits for me
Today God is a gift that you gave me
Precious memories tender memories
Could comfort me next time I am in sorrow
Giving me a reason to look towards tomorrow
I can recall a word or deed
From an unexpected source
That helped uplift my spirit
As I travelled on life's course
So I will never dwell on my troubles
Of a cross I had to bear,
Search deep within my heart
And find sweet memories there
My life is full of mixture
Full of sunshine and rain
But memories of sunshine I can keep
Memories of rain I can let go
because I find it so sad
I will not quit even if things didn't work out for me God
Because there might be something that is better for me
I will wait for something else to come
It won't be the end of the world

Midnight

Winter rain is cold
And the train is now moving empty on the tracks
Now it is the midnight hour
And it is the only lonely hour that I know
Now I rest in peace during this midnight hour
And I want to embrace all my dreams that I am having during the Midnight hour
The midnight hour doesn't upset me
But it does the contrary to me
It keeps me in silence while I sleep and dream
But I am not sure if the silence is more powerful than love or love more Powerful
than the silence
I think it has to be one or the other
But it can't be both for sure

Milky Way

Milky Way
We are walking in this Milky Way
It is almost like rubber foam in the sky
We have no time for consultation
It takes our breath away
It leaves us speechless
We visit Venus, Mars, and Jupiter
We seen that big ball of fire from far away that is called the sun
Milky Way
There is a beautiful sunset in the sky on top of the Milky Way
There is a garden
Full of flowers
Different colors
Our Milky Way
A place where we can drift away
This Milky Way is a distant place from earth
It is our Oasis
Milky Way
Thou great you are
So peaceful
We want to feel like a kid again
To run and be free
Here we can again
In Milky Way we can let our imagination and fantasies go
We want to be ourselves in Milky Way
That castle in Milky Way we entered
We were curious to find out who lived there
It was empty, lucky for us
We slept the night in this castle
The beds are beautiful
I can’t believe it
We even have a butler
Now we can live like a king
Our souls are rested
Now we have peace of mind
This castle is a heavens delight
This castle is our dream
We never dream that we would live in a castle in the Milky Way
There is a path and a stair that take us back to earth
Who wants to go back to earth?
Forget it man?
None of us want it
Look at that sky at night

During the days in Germany we travel to different towns or cities in Germany to
pay our full respect to the German soldiers that fought in

Our lives are like pages in a book
And every pages are good and bad memories written in it
But throw the bad memories in the garbage because it is not worth to keep it
And neither it is worth to think about it
But think about the good memories instead
Mine liebe Chris
God is watching out for you everyday
Mine liebe Chris I want you to remember always that God and me likes you
For who you are
Mine liebe Chris
And you are fine by just being yourself
Mine liebe Chris
You also have a reason to be proud of who you are
Mine liebe Chris
When you need to cry just cry
Don't hold your tears for me, for God, and for your friends
Our lives are like pages in a book
And every pages are good and bad memories
Written in it

Keep the good memories alive
But throw the bad memories in the garbage because it is not worth to keep it
And neither it is worth to think about it
But think about the good memories instead

Misty River

This morning
Me in this Misty River
All the happiness
I am feeling inside myself
Misty River
The mist is coming
From this Misty River
There are clouds
In the sky
And the mist
Is caused by the condensation
Of the heat mixed in the cold water
Misty River
I am in a fishing boat
That boat is moving slowly in this
Misty river
It is early in the morning
I am eating my breakfast in the fishing boat in the middle of this
Misty River
I hear the birds singing early in the morning
In this Misty River
There must be trees because the sound of the birds is coming from the Branches
Misty River
So peaceful
It looks so different with the mist
No one is around but me
With my fishing boat
And the beautiful sound of the birds
It is so nice
To have a place to come to
Where I can
Hear the sound of the birds
And be left alone
With no one disturbing me
Misty River
This is my special place
And by afternoon
No clouds I will see
The birds are beautiful
Their song is just beautiful like mother nature intended it to be
If nobody else appreciates this Misty River
I do
Misty River
I will die for you
Misty River
I will shed my tears for you
I have been coming here for so long now

Because I don't want you to hurt
And I want to be your friend forever

Moi Cherrie Mamon

Moi Cherrie Mammon,
I didn’t appreciate you when you were alive
Many things you did, I took for granted
You were always right about that
We spent many weekends together; we sure had lots of fun
Now those times are over
I remember taking Lilly for walk
Everybody went crazy about her
All the things I loved I lost all at once
I think that was a lesson for me, to know that nothing lasts forever
Mother I know that you didn’t had much patience for me,
There were times that we both were running in circles
I remember very well the beautiful drive in the country,
The fall scene was splendid
The leafs on the trees were golden brown
It was for sure something worth to be seen
Deep in my heart I knew that you always wanted the best for me
There were times that we fought, because we cared about each other
Time for sure went fast
I don’t want to end up the way you did, sick in bed
This wasn’t fun because you didn’t had the time to enjoy the summer Anymore
You life ended fast, it is too bad
Moi cherrie mammon.

Moon Shining Over The London Bridge

The sky is dark now
And the night is here again
But there is a moon shining over the London Bridge right over the sky
And I keep watching that moon while I rest for a while at the Thames River
But I can't take my eyes of the moon that is shining over the London Bridge right
over the sky because it is beautiful to see
And at the same time it is getting late now but I don't mind at all because I
Rather stay all night at The Thames river watching the moon shining over The
London Bridge right over the sky
Yes the Big Ben chined midnight now and London is going to sleep
But I am falling asleep now at The Thames river below the naked three That is
there at the Thanes River
Also all the buildings near The Thames river have their lights out
And I am sleeping in toall darkness and at the same time enjoying the Peace
and quiet of the Thames river during the night
But near the Thames River is always cold and I don't mind at all Because I am
dressed for this kind of weather
But this night at the Thames River I will always remember because it Will be the
best sleep I ever had in years

Because it is midnight now and the people are trying to sleep
And you are keeping them up with your barks
That is very annoying moondog

Moonlight

Moonlight
Moonlight
Shining over the manhattan sky line
He tells you that he loves you over and over again
Moonlight
So precious
Full of life
His love for you is from his heart
You take his breath away
He wished that he could take you home with him moonlight
But like I say
It is impossible for it to happen
Because you are out of reach
High up in the sky
But moonlight
To know that you are loved is one thing
That is the magic word
He is telling you
You bring peace to his life
He wished that he could stand there
At the manhattan bridge all night
Watching you
Moonlight
Shining so beautiful at night
He was lucky to have seen you
He is fascinated by you
Moonlight
You are the love in his eyes
Moonlight
You are a gift that God gave to him
So precious
Moonlight
Of his life
Moonlight
I hope that you will
Be in his dreams
And in his life
Moonlight
What would be the sky without you?
It would be lonely
Just like he would be too
Moonlight you play an important role
In his life
Moonlight
Keep shining
Above the manhattan sky line
Moonlight
You are free
There is nobody holding you back
You move in the sky
Slowly
Moonlight
He can't take his eyes out of you
Every day he comes here
Just to watch you shine over the
Manhattan sky line
Good bless you
Moonlight
And keep you free

Morning has broken here in Latvia
The sky is gray
And all the birds are back from the south to Latvia
That is the birds home also
But in the morning the birds wake us up here in Latvia with their morning symphony
And that morning symphony that the birds sing is so beautiful and peaceful to us that helps to soothe our minds, hearts, and souls,
Morning has broken
And now let's discover what God has to offer us today

In return for peace
I know that the sun will not shine here today in Latvia

Sleeping on the streets

Aldo Kraas
No One Cares

Bo one cares for other people's feeling
No one cares's about phoning somebody and inviting somebody to come To his or her place
No one care's about making friends or reconection with friends
No one care's if somebody needs their help or not
No one care's if somebody is sick or not
But they tend to care more about themselves more than other people
That is the humn imperfection that won't change
And if it doesn't change it will only get worst with the time

Aldo Kraas
No One II

No one told me that it is hard to adjust to changes in life. No one told me that is hard to keep silent. No one told me that guilt is hard to accept. No one told me that death is hard to accept. No one told me that here will be people that will look in your eyes and be able to tell the truth. No one told me that I could be safe in this world. Because in tis world there is a lot going on. No one told that I would see the days that my struggles would be over. No one told me that I would hear the cries of the abuse children. No one told me that I could be my best friend. No one told me that I could trust just anybody. No one will tack me in bed anymore. No one else will come and spent the night at my place. No one else will give back what they took. My peace, my trust, my respect, myself worth. No one will say that I am what I am. No one can say that I will solve my problems over night. No one will say that the mirror shows my true identity.

Aldo Kraas
No One Listens To God Anymore

No one listens to God anymore

In their lives?

No one told me
That somebody that I was taking care of was going to lose her mind

And explore Loveland until she finds love or somebody to love
But I sure that in Loveland there are lots of people looking for somebody To love forever

Ode To Baby

Ode to baby
In some small ways when you think about it
How much happiness he will give you when he arrives
But as we look around everything will change when he will be here
The baby will need my attention than
He will need me there to take care of him
And I will give him all my love
I will than hear just a whisper of what the heart of this baby needs to say
It will make a difference in some small ways
In that baby’s heart will lay the key
That unlocks his destiny
You will be a miracle baby
You will sleep tight my precious one
In that crib
Beautiful Baby
Every day
Will get better
Lullabies I will sing to you
And you will sleep tight every night
And when you come we will share that beautiful world together
That baby will live with the one he loves
And I hope one day when that baby is grown up we can be all proud of him
Of course we will be proud of his parents also
And I will be proud to be your uncle always
This baby’s spirit will always be alive
For now I just have to wait for you first to come to my world
And than to be a part of my life
Baby you are in my prayers
Every day
I believe that this baby will be my future
I will teach him well
I will teach him what is right and what is wrong
I will belong to you once you will arrive

Your people down from heaven
Your country grieves for you

Ode To When I Die

When I die
Will be the day that I will sleep in forever
And I will never wake up again

Or the one that are jealous about me
Because I will still have a life to live
Not on earth anymore
But in heaven

Of Your Hands

Of your hands
That hanger chief that you had in your hands
After you wiped your eyes from the tears
There were happy feelings that you showed me
And I knew how happy you were to see me again
Of your hands
The green grapes you were holding you gave to me
We shared that little treat together
Of your hands
Came that flower that you placed on the vase
A little spring is inside your home
Of your hands
A love note came for me
That you wrote last night
The words had been so touching
You expressed your feelings for me
Of your hands
That little piece of bread fell to the ground
It was for the birds that you gave it
Something to make than feel special also

Frightened by the out come

Oh God where were you when I needed you?
For so long I was trapped in a no win situation
So many times I was looking for an answer
So many times I waited for a miracle
Where are all those years gone of pain and suffering?
Oh God where were you when I needed you?
When will my hurts go away?
God have mercy upon me
Oh God where were you when I needed you?
Show your love to me
Please God; give me peace at these hard times
Oh God where were you when I needed you?

It is peace that we take for granted

And I put my life on the front line everyday
To save the people from burning buildings
Or from car accidents
Someday I am very lucky because I am able to save people from burning
Buildings and car accidents
But other days I am not so lucky because it depends where the fire is on The
building
Sometimes I have to climb all the way to the top of the buildings
Very fast to save the people from the burning buildings here at home
Other times the fire on the buildings happened on the lower floor
Yes there had been times that I could not save the people from the
Buildings here at home because the buildings here at home had been Engulfed
with smoke and all the people that live there died
Yes that was a very bad scene to see
At the end of the night I go home for my kids and my wife
When I arrive home my kids and my wife are already sleeping in bed
I don't have very much time to spend with my children
Because of my work

While she was sleeping last night

All she would have to do is go to Loveland
And explore Loveland until she finds love or somebody to love
But I sure that in Loveland there are lots of people looking for somebody To love forever

You don’t seem to get our point
You interrupt our conversation when we are talking with everybody else
When you are going to learn to listened and shut up
Where are you manners? Didn’t you parents ever give you some?
The truth is you have no friends
You have no respect for anybody else
If you want to have friends around, you must learn first to respect them
You better change your attitude, if not you will die alone
Wake up, and be a man
You are not a child anymore
So act your age
And behave like a human being, not like a fool
When people scream at you, you laugh at there faces
It hurts them, and annoys them
Everybody is stupid for you; you think you are the only smart around
Life is not funny, life is hard
Life is not always pinky like you see

But I created all creds

People have a way to decide who are their friends and enemies
People have some dissapointments in life
But do they recognize their dissapointments in life?
Can people go through moments of despair alone?
Or do they need God?
Do the people live making promises but they are neve able to keep it or Deliver it
Do people fear people?
Yes they fear people because they think that they might be mistreated or Robed by new people
Their souls, their feeling, and their love
Do people make us welcome in their lives?
Not all the time because we are different
But unique in different ways

Perfect Day

In the summer of 2009

So it was wonderful to be outside when the weather is not too hot or too cold

The sad images of Philadelphia popped out of my eyes today
And I could see the streets of Philadelphia where the homeless sleeps
And freeze to death
While Politicians, doctors, Dentists, lawyers, teachers, and nurses get rich
Day by day
But the homeless freeze to death in the streets of Philadelphia and even die
But I have to ask all of you fellow americans where is your heart?
And doesn't charity starts at home first?
Don't you have anything at home that you could give away to the Homeless so
they could have something either to wear or to eat?
Why can't we feed the homeless?
I can't understand you fellow Americans?
Please put yourself in their shoes for a day and try to picture what do they Have
to go throw everyday
Is it right for the homeless to sleep in the streets and freeze and eventuaily Die in
the streets of Philadelphia?
Would you fellow Americans go few days without eating?
I don't think so
Why should the homeless that lives in the streets of Philadelphia starve?
Fellow Americans it is time to think about others and not just yourself Because
others live In America just like you
Fellow Americans do you have a heart?
Fellow Americans did you ever learned to share what you have with Others?
Fellow Americans America is a sad world because we waste 98% of Our food at
home, restaurants, and supermarkets
And all that wasted food ends up in the dump
It is so ashame and so sad at the same time
But the truth is that we are running out of food
And there is not enough food to feed anyone in America
But the cost of food keeps going up
Because we have to pay the American farmers who plants the food and transport
the food to the supermarkets

Pinky Sonata

In the day we sweat it out in the streets of a runaway Jewish dream
At night we ride through mansions of glory in suicide machines
Sprung from cages out on highway 9,
Chrome wheeled, fuel injected and steppin out over the line
Baby this town rips the bones from your back
Its a death trap, it's a suicide rap
We gotta get out while were young
`cause tramps like us, baby we were born to run
And not to sit around
Because when we run we born fat

Places I Have Lived In My Life:

My home in Brazil had two balconies:
A little balcony in my mother's bedroom
And big balcony in the living room
My bedroom was small
With green walls.
My brother's bedroom was bigger than mine
With brown walls and a beige ceiling
We had maids that looked after the house
One prepared our food while the other cleaned the house and did laundry
At that time I lived with my brother, sister, father and mother
We were a busy household.
After that I lived in Boston with just my mother
And no maids.
I had to do everything with my mother
We lived across from the Charles river
In a 2 bedroom apartment
The kitchen was small
And my Mother prepared the meals
We were busy staying busy there.
After that I lived in Montreal with my mother
In a one bedroom apartment
I slept in the living room
My mother took the bedroom
And I had no privacy
There was little for me to do in Montreal except shop
Or eat in restaurants
I kept busy trying to fall asleep at night to the glow of the TV.
In Toronto I initially lived across from High park
I had my own bedroom
And my mother had hers
It was very nice to live across from the park because any time I wanted to go to the park
I simply crossed the street.
The trees had all their leaves on
And the flowers were out in full bloom
Beauty kept us busy.
In North York I lived in a condo
The condo had 2 bedrooms and 3 bathrooms
The kitchen was small
But the living room was big with 350 plants that mother looked after
Also we had a dog called Lilly
Who was always busy barking.
When we moved to Pickering, we had a big house
With a living room and a family room
The large staircase was located in the middle of the house
And to get to the bedrooms all you had to do was walk up the stairs
The master bedroom was my mother's
Mine was smaller and faced the street
With a view of a pond
Where turtles and gold fish swam.
There was tile on the kitchen floor and into the hall
There was carpet in the family room
And all 4 bedrooms.
There was a guest bathroom downstairs
And the basement was unfinished
Somedays I kept myself busy vacuuming all those rooms!
Later on we moved to a condo in Pickering
Called Discovery Place.
The condo had all the facilities:
2 swimming pools, 1 party room, and 2 tennis courts
24 hours security + laundry in our unit
We had a hallway with marble floors
But the rest was carpeted
The kitchen was small but the floor tiles were bright
We also had a den with a TV
And two bedrooms.
I was busy there, saying goodbye to my mother.
Later it was back to Toronto
A semi-detached bungalow
Upstairs was mine: 3 small bedrooms, 1 kitchen, a living room and dining room
The basement was finished and belonged to Margaret.
It had one small kitchen, 1 bathroom and a large bright living room
We had a front garden and a back garden
In the back garden there was a rock garden
At first poetry kept me busy
Because I missed my mother.
Later on I moved to where I live now
 Alone
The suite has 1 bedroom with 1 bathroom.
The living and dining rooms are small
And there is no carpet.
All tiled wood.
The kitchen is very small. The condo has a balcony that looks out to the ravine
And from the window of my condo I can see the trees
And here I keep busy
Writing poetry about life.

Plenty Of Anger

There is plenty of anger inside of me
It has to stop
Why is there so much anger inside of me?
My anger is part of my frustration
I have to control it now
My anger causes me plenty of trouble
There is plenty of anger inside of me
And what is anger do I know?
Anger is a strong feeling of displeasure
It is a grief that I have inside of me
How can I control it?
What triggers my anger?
Can I recognize it?

September 17
For a boy I know, it is mother's day
And he say I love you to his mon
By giving her 12 red roses
When he comes home
But his mon gets very happy to receive flowers from his boy
That works very hard for his money in the night at a restaurant
But during the day he goes to school
And he is a good student
Because he gets good marks in school for his assignments
And he is powell boy

Raft

Raft in this beach
Sailing away
In this rough water
The water is high
This man in this raft
Is sailing fast
Like an airplane
The water is helping him to move fast
This man is from the north
He is going back home to Bahia
To meet the God of the sea
This is the time that he goes home
This raft boat made of wood is only found here in Brazil
Give the God of the sea all the flowers you have for her
Give all your prayers for her
Worship her with all your heart
At the sun down when night begins
All the candles are lighted up
In memory of the God of the sea
God of the sea
You gave him the fresh breeze
And that beautiful smell of the ocean air
That clean air he breaths
It fills his lungs
You hair beautiful
Your dress hand made
With fine white lace
Your dress Ironed
Before you wired it
You pay attention to every little detail
You try to look your best and
The typical food of Bahia you serve for your people
God of the sea
He thanks you for the food you offer him
You have a golden hand
You feed him
The food you gave him satisfied his hunger
It was just what he needed after a long journey
To Bahia
To help him gain his strength back
God of the sea you are so kind
To this man who only have a raft
His only way to travel across the sea
His grateful once again for what you gave him

I looked up
And I saw that beautiful sky
So clear like a jewel
Rag Town
Rag Town
Rag Town
I just love coming back to
Rag Town
For a visit
I just keep coming back and back again to Rug Town
But to live In
Rag Town
Would be impossible for me
Because

And I feel much better where I live
Because
Rag town is
So run down
And
I don't think I have to give any explanation do I?

Reaching Out

Reaching out to all the children that was abuse before
Out there is not a safe place to hide
Here at least is safe and our fathers will not come out and look for us
Here is like home to us
Everybody here understands our pain and sorrows
We all got scared thinking that our fathers would come out and look for Us all over town
Yes, we had been abused badly
We almost died from the beatings of our fathers
Our fathers never had a nice word to say to us
We had been his enemies for a long time
Our fathers had no one else to take there anger out on anybody else But except us
Our fathers were violent
Our fathers had been like beasts beating us every time they were mad
There was never peace or happiness
We had been ashamed of where we lived
We didn’t want anybody to see our houses
Our houses were like a broken home
We left one day and never came back until the day our fathers had died
One day after so many years we decided to take a trip to hell’s garden, It was what we used to call our homes.
Hell’s garden was an awful place; it was all left in shambles
We had to go away because we couldn’t stand to look at it any longer Because of the pain that was left
We lived in the streets of Toronto for many years, of course it was Dangerous, but it was better than hell’s garden
We were poor, hungry, and lonely
There was something that we could never forget about the image that Was left in our brain from the days of abuse
We knew that someday everything would be in place for us
We don’t have much, but what we have is sufficient for our daily living

The reality of today  
Is that we don't live in harmony

A recollection of my poetry
I have and it goes down very deep inside my heart

Red Roses For You

Red roses for you I am sending along with a card
To bring happiness to you
Sorry I was a fool last night
But I feel kind of guilty
Because you drank so much and could not walk straight any more
I was the one who paid for the beers
I didn’t realize that you had a drink problem
So the only way to express my feelings
And to say I am sorry
Was to send red roses along with a card
Written I am sorry for being a fool
I was too busy with myself
I didn’t pay much attention to you
It was getting late
And I was getting tired also
So we went home
Walking
I can be glad that she doesn’t drive
She doesn’t have a license either
Or even a car
I don’t know how she can afford to live
The next day the telephone ranged in the morning and it was her on the Telephone
She said I was trying to buy her with some red roses
And she even told me how cheap I was
Now I knew that she had hurt me so bad
I sad good bye on the telephone
I told her honestly to forget about me
She had used me badly and taken also advantage of me
What is next for me?
A crazy man
That didn’t know what he knows now
And I know now that this thing makes me sick
Just thinking about it

Redemption

Somebody envited me
To shake hands with the devil
When he comes out of his grave
And I politely said
No to that person
But the worst thin is that person persisted
That I should shake hands with the devil again
This time I was getting annoyed with that person
Hey listen you
And you better listen to me for the last time
I am not crazy about the devil
And I don't want to have anything to do with the devil
I am a christian
And I worship my God
I hope that you got it now
My men
You sound mad with me
And you don't even acknowledge me anymore
I beleive it is getting late
And that means it is time
For me to go home.

Regent's Court

Regent's court
Is the court were the police brings the criminals to be sentenced
Every singe day during the week
Some criminals caused serious offences in the city
That they need to be punished by the Regent's court
Also some of the Judges will be hard on the criminals
Because they need to pay for what they done to their victims
And the crown prosecutor also works with the judges at Regent's court
But the criminals have their lawyers at the court that defends the Criminals
because the criminals are their clients
When the day comes for the judges at the Regent's Court to deliver The sentence
for each criminal every single day they will be there At The Regent's Court every
single day giving the sentence to the criminals depending on what crime they
commited like assault, Domestic violence, child abuse,
Drug trafficking, manslaughter, and murder
For first degree murder is 25 years and for the second degree murder is less

Republic Square
We all walked together before Christmas
On a Sunday afternoon
The local vendors selling there crafts
To the people
There are full of things that you could never imagine you would find There
Republic Square
Inside that pond had turtles swimming
They were little
Around the pond was full of Palm trees
It was indeed an interesting afternoon
Local Brazilian musicians playing music at Republic Square
You could see all kinds of people at Republic square
This is the place where all the local people spend there time

Can anybody rescue the sky today?
Because the sky is so dark

Aldo Kraas
I turn away resentfully and I take the blame for my vulgarity
But last December I wasn't even myself
Because I was out of touch with the reality of life
And depression sunk me very deep just like the Titanic did in the sea
But I was also sinking in that sea that the Titanic did
But suddenly somebody came and rescue me before I sunk even deeper or all
The way to the bottom of the sea and eventually die in That sea
But thanks god that God came to me and rescue me by holding my hand and
Pushing me all the way to the top
And when I was at the top God gave me cpr
And thanks God I was fine and alive again
But that moment I will never forget as long as I am alive
Because I have so much to thank God for
Each day and each hour
But the truth is that I will never know what can happen to me today and
Tomorrow
Besides I better just live one day at a time
And I should not gamble with my life
Or throw my life out of the window

Aldo Kraas
Reshma Song

Reshma
Don't be coward

Aldo Kraas
Resigned

I resigned from gambling before it turned to an addiction
Because I knew that I could get hooked on it fast
I gamble $ 100.00 in the slot machines
Before each night
And I never won anything
The sound of the slot machines drove me crazy
To tell you the truth
I was getting tired of the casino life
And the casino crowds
I finally decided to resigned from the casino life
I don't regret at all
Nobody else made that decision for me
I done it myself
I hate going without eating
And having an empty fridge in the house
And being left without money also
Because when the bills come
There is when the headaches starts
In my life
And I know lots of people who gambled there life
Away and lost there homes
There cars
And there retirement pensions
Gambling didn't made me any richer
Neither it changed my life
I am happy being who I am
I don't need any more
Because I have plenty

The sky is like a painting
And we didn't paint it
It was God who painted it
My language all the Brazilians can understand
Because they speak the same language that is Portuguese
But when we translate Portuguese to English
The translation gets kind of lost
Why?
Because the words are not the same
Walls can't talk, see, walk, or hear
Because they are not human like us
And they are just a thing
But it is the walls that separate us from the outside world
When you get mad you can't just smash your head against the wall and pretend
that your anger will get better
It won't
Trust me
Because I experienced anger before
And we have to know how to cope with anger

Rocks

Rocks and more rocks on the ground
But I can't count them because there are
so many of them and they are all like little soldiers on the ground
Can I spell some words with them?
I think I could
But what about the effort?
The effort might not be worth it
So who made the rocks?
God made the rocks
Why God called the rocks rocks?
Because it is a mineral matter of variable composition, consolidated or

Because there are some gray days that are available for us
And we have to live with it and go through with it
Eventhough it puts us down in the dumps

So we don't have any control of it or any say about it
Because God is in control of it
And when it comes to the rolling days we just have to trust God

In that big heaven
Can you hear the angels serenading to you in that big heaven?
Isn't that sweet?
The words of their song
Are very romantic indeed
But I don't know if they made up this song just for you?
Or if this song is an old song that is very familiar to you
But we know that you don't want to live in the dark
So we are going to let the light shine into your life forever more
And we are going to wipe your tears with a klenex when you cry tears of Good bye
But life was never meant to be easy
Because life is hard for everyone that lives here on earth

Rouge Hill State Of Mind

I an now in a Rouge Hill state of mind
By sleeping on the Go Train
And seeing you in my dream so vivid
And the air is also fresh inside of my dream
But the trees inside of my dream are still bare
And the ground is frozen still with snow
That is because it is winter
Lake Ontario you are so big
An on one side I can see the Pickering Nuclear Station
That was made by man to give us the hydro that we need to power our homes
and the small businesses in the community
So we have to be thankful that we have hydro to power our homes and Small businesses
And save energy also because one day we might run out of energy

When I come home from work tonight
You will be already in bed sleeping
But I have a favor to ask
Could you please wear that sexy nightgown to bed tonight
Because I love you in it
Eventhough you hate that nightgown
Yes I know it was a Christmas present that you got from your mother
Last year at Christmas
But to be honest with you it still in the closet
And you never worn it to bed once
Roxane
I hope that you have a good night sleep
And see you in the morning

You keep counting your steps while you walked in the stone road
Here at home
And while you walked in the stone road the sun was shining
But the sky was blue
And at the same time the sweat was pouring down on your face Because
Of the heat
Yes my friend you need to drink lots of water during a hot day like Today
Or you will get dehydrated very fast
So you better stop somewhere and buy yourself a drink to kill your Thirst

Runing On Empty

I am running on empty like a car
I hardly stay home anymore
I am always on the go
I don’t have the time for nothing else, because I am always busy
I go to school, and by the time I get home
I have my supper and go to bed
The night is long, and the day is short
Life has to go on
I enjoy going to school
I never learned so much in all the years I was in school
I had accomplished so much in so little time
I am proud of myself
I feel so tired lately; I don’t get enough sleep anymore
I don’t want to think about my past, because it is gone, and I can’t Change it
I had failed so many times in my past life
Sometimes I don’t even know if I am coming or going
Time moves on
And every year I get older and wiser

Saint Amnesia

Saint Amnesia
Come down from the sky
And help the woman that is about to give birth
In a public washroom of the Arena during a Sunday Afternoon
That seems to be so strange that a woman would give birth to a baby in a public place in the afternoon
Don't you think so Saint Amnesia?
It sounds to me like a soap opera
Don't you think so Saint Amnesia?
But the truth is that life must go on
And when the woman's water breaks it means that the baby will be Born anywhere she is

Saint And Sinners

Saints and sinners are two different things
The saints don't make any laws they just obey it like the rest of us
But the saints lives on the earth like us
And they share the earth with the rest of us
Also the saints have different names just like people do
But the people are the sinners of the earth
And they don't take good care of the earth and the earth is being Damaged by
the people everyday
That is too bad
But the laws here on earth are tough
Because if you break them you will have to pay it
Buy doing double time in jail
And while you are in jail you will spend your time in a cell
But God's law is different because he doesn't put anybody in jail or in Cells
Because there are no jail or cell in God's world

São Paulo

São Paulo
The city that I was born in
I never liked you since I was a child
São Paulo
Now that I am grown up I still don't like you either
I don't feel safe being in the streets in São Paulo
To me São Paulo is very ugly in real life
It is only beautiful in the postcards
There is no in between
Either you are rich or poor
There are too many contrasts
São Paulo
A city that never sleeps
São Paulo
I am glad that you don't have snow
One thing that is great in São Paulo is summer, the hot weather
I would go insane if I lived in here forever
For me it is like a prison
Because it is too dangerous to walk on the streets
It is a very depressing city
São Paulo
It is a real cement city
Buildings and more buildings
Hardly any green
It is an old city
450 years old
For me São Paulo
Is like a prison cell

Save Your Nights For Me

Save your nights for me
My love
I want to spend those nights with you
Those enchanted nights
Are ours
Save your nights for me
Those are the nights I miss you most of all
Some nights I am here alone
Wondering what you are doing
Or where you are
Save your nights for me
My love you mean happiness for me
You deserve me my darling
The more I see you the more I love you darling
Save your nights for me
Kissing you my darling
How romantic it is
For once in my life I am very happy to have you with me my darling
Save your nights for me
Put your head on my shoulders
Save your love for me
The look of love we know
Our love is no ordinary love my darling
There is someone to watch over me and that someone is you my Darling
Make someone happy darling
And I hope it will be me
Save your nights for me
And let’s swing into the music
Save your nights for me
My darling any instant that I miss seeing you
It increases the homesickness that I feel of you my darling
Then I run excessively, I suffer excessively, and I run excessively again My darling
Only to see you my darling
You ask me not to run so much
If I move slowly I may lose that chance my darling
And I am afraid that the night could end without me seeing you
Save your nights for me

Savoi Sonata

My light in the stars are the beauty in the flowers
The sea is alive everyday
The water of the sea moves back and forth
That golden castle is in the middle of the sea
Don't worry because the floor that we are walking on is safe
And we don't know where this floor that we walk on will take us
But it is not too late to keep walking
Because I have the feeling that we will end somewhere
Our spirit is alive and that give us a good feeling in the inside of us
We can feel our heart beating fast
And our lungs filling in with fresh air
Let's not worry about anything else but enjoy this moment right now
Our feet touches the floor as we walk
Our minds keep in silence
This is not a death sentence
And don't think of it as a death sentence
The sun is going away now
And the night is on its way now
We get sad when we have to say good bye to the sun
But it is not for too long
Because he is going to return tomorrow
And we can say amen to that

And we are living now in the season of love
Can you feel the love in the air right now here at home?
And Saint Valentine came down from heaven during the season of love
People do you have love to give to one another?
Because people need love also
Do you know the power of love
It is love that takes the pain away
It is love that bound us together
It is love that is so warm
It is love that comes straight from our hearts
Do you know the definition of love?
Love is a strong affection for another arising out of kinship or personal ties

Aldo Kraas
Season Of Depression

I am living in the season of depression right now
Because in the winter at home I don't get enough sun
And I find very difficult to get up of bed in the winter
But at the same time my body is telling me that I need to stay longer in bed
But sometimes I don't mind because I want the day to end very fast
And if I sleep in the day end very fast
But on the other hand it is a waste of a day
When I could have a productive day at the same time
And that would make much sense than to sleep in

Aldo Kraas
Season Of Hate

You are leaving now in the season of hate
Because now it is the season of hate
And how many times have you heard from people that they hate you?
How does that world feels to you when you hear it?
I am a 100% sure that you feel hurt and upset with the people
Who told you that they hate you?
But the truth is that hate is very contagious an spreads like crazy from
One person to other
And the truth is that hate turns to anger
And anger turns to violence

Seattle Rock

Seattle rock 24 hours a day
With the younge people and the teenagers
In their popular place in seattle
Because the younge and the teenagers love to party all night in their popular
Place but they only do it on the weekends but not during the School days
Because they have to get up early during the school days to go to School
And their parents would never allow them to party during school days
Besides they get their freedom on the weekends and they get a little Break From
their parents

Sedillo Sonata

Man
You have done more bad things
Than good things
By helping to clean up the area where you live
Man
You are inviting the violence in your area that you live in
Why?
Because you think it is cool and you think you can impress the big Gangs by
bringing them to the area that you live in

Aldo Kraas
Seduction

You seduce me fast in a heartbeat
The raindrops are falling from the gray sky
The winds are blowing the leaves of the trees
And the trees start to lose its leaves in a heartbeat
The birds make its nests on the branches of the trees
The trees are bare as Mother Nature prepares them for the winter
Your seduction light up the sparkles in my eyes
And my heart is beating fast like a drum
You put your head in my chest when you lay down in bed
And caress the hair in my chest
I feel your silky hair touching my chest
I caress your soft silky hair
It feels almost like silk
That hair of yours is beautiful and shiny
I wish that mime were like yours

Seems Like Yesterday

Seems like yesterday
When I met you
For the first time
Not knowing what
To say to you
You didn't know what to say
To me either
So we just looked at each others
Eyes
I remenbered that I felt so tired by
Being in silence for so long
So I started to talk with you
I first talked about myself
To you
I had told
You everything about me
Than
When all my talk was over
You said
That you knew that I was the right man for you
I had felt very good
When I heard it coming out from your mouth
After that
You were nervous and anxious
And you kept quiet all through the evening

Sometimes I feel anxious
Sometimes I feel tired of waiting
Sometimes I just want to sleep the day away
I am hurt by the people who mistreated me so many times in my life
Do they stop and think about my feelings? Do they stop and think About whom are they hurting?
Do they take the time to care about someone else or me?
Do they care about the word please or thank you to me or anybody Else?
Do they understand about how rude and ignorant they been to me or Anybody else?

Aldo Kraas
Shaken

Your shaken with grief
Your shaken by death
Your shaken with horror
Your shaken with the cold
But no matter how you feel, life must go on
The word will not stop and wait for you
After all you are human
You are afraid you will be laughed at
Remember that everyone is entitle to there opinion
And you to yours
Move on and don’t look back in the darker days when you were shaken by grief, death, horror, and cold
Death, horror, and grief you have no control of it
But you have control of your emotions, feelings, and fears
Put a little laughter in your life
Learn to laugh from the inside out
Behind the mask you hide your face so no one can see how you feel
You are afraid of your fears and don’t want other people to know how You feel
It’s okay to feel the way you feel
Remove the mask from your face and let your fears and feelings be shown

She Doesn’t See Him Any More

She doesn’t see him any more
It is a disgrace
The way he treats her
Even though he is her brother
He always puts her down
She tries her best
To look good
But he always finds something wrong with her
The way she dress
She is simple and conservative
I would say
Every time she goes to his place
She doesn’t feel welcome there
She gets very upset
And depress also
I do understand her
Because I feel the same way that she does
To tell you the truth
We only live once
And the simple life is the happy one
The one’s that have everything are miserable
And sometimes they even end up killing themselves
Or divorcing there wives
I say it is better to be simple and kind
She doesn’t see him any more
Even though they used to live very close to each other
She doesn’t see him any more
She doesn’t need the aggravation
She rather be away from him
It makes more sense to me
And to her also

She Got A Crush On You

We have the whole night to ourselves
Love songs I hear on the radio
We sing together the love tunes
The melodies stick in our heads over and over again
She got a crush on you
She is your sweetheart
She got a crush on you
You two make a wonderful couple
You two are made for each other
You two enjoy each other
She got a crush on you
Our love is here to stay
Who needs to worry about tonight?
Her smile brake your heart
The moon and the stars will shine for a million years
We are dancing beneath the stars on a clear night
I am so happy again because we can wear shorts and t-shirt again
Don’t be a fool
Don’t loose her now
Take care of you both
Keep this relationship alive
She always talks to me about you
I know how much you two love each other
I can see it in your eyes
I can feel it in your voice
Your place is here with me
You and I don’t have to go anywhere else
You and I will make our love last forever
Because love is the greatest gift of all
If one day our love dies there won’t be a need for us to be together Anymore
What good is love for when two people don’t love each other anymore?
We will be making a fool of ourselves pretending that we love each Other when we don’t love each other anymore
There is a gentle breeze blowing in our faces
Please moon and star shine all night for us
Breeze keep on blowing for us because it is too hot and sticky without You
No other sound we can hear than our voices
The breeze we can feel

She is shy
She all dressed up for the night
And she doesn't have any one to hold
And give that warm gentle kiss
She is shy
And that is the inside that counts
You can't tell me that she can't do things for herself
I think with a little encouragement
She will change
And do the things you want her to do
She is just shy
Some people may think that she is being anti social
But she needs to learn to socialize with other people of her own age
She needs to built up her trust and confidence
She is shy
We hope she will continue to sing for us our love songs we adore
She knows all of the words to the love songs
We taught her a long time ago
She has a beautiful voice
She has talent
That talent would be ashamed to waste
If she doesn't pratice she will loose it
And she might even forget the words
She is wearing her lucky charm that gramma gave to her
It is very special to her
She only wears it on special ocasions or
At the weekends
Because if she loose it

Silence

Silence is powerful and yet my worst enemy
Sometimes I feel that I am loosing ground
I am loosing my mind yet I am fighting for what I believe
If I can make someone happy for just being in there, let me be there
Don’t push me away from where I am
We don’t have to talk all the time
It is good to know that someone need us out there
In my home is where my heart is
There is nothing like home sweet home
At late night I write in my diary
What I am thinking and feeling
Sometimes when I read over I get amazed at what I written
I feel the need to be there for somebody
I sometimes go out of my way to make this person happy
I give to those in need what I can give
And what I get in return a big smile and thanks
Thanks is a big word that means so much
And it gives you a good feeling when you come home that you’ve done So much for someone

All the black clouds hang in the sky
That sky is dark
It make's me want to go to sleep just when I look at it
But there is no light
It feels like five in the morning
But it is not
I can say that it just feels that way to me
Dead men's winter
It is so cold

The people that live here on earth are so sinful
Because they waste so much good stuff that could go to somebody in need
Instead they just throw it away
Without even thinking about somebody else’s
To me that is a sin

Sixty Seconds To Go

Ther is only sixty seconds to go
That is what the clock is telling me
And I am not sure that I can be ready
And out of the house in sixty seconds
Because I will be in a mad rush
To get out of the house
And then I have to make time to walk to the bus stop
And I believe that it will take another sixty seconds

And the park keepers keep an eye for the dinosaurs that are giving Birth

The sky above home is kissing me
Other people fell jealous about me being kissed by the star
And what nonsense is that?
Why other people want the same thing that I want?
Is that right for other people to have the same thing that I have?
No I can't comment on that?
Why?
Because I don't realy know and I don't want to make a fool of myself at The Same time

God you know my weakness
And that is why I am sleepless here in California
But God I am thinking of your love now
God I told you everything about my sleepless night here in California
And then I unlocked the door of my hotel room here in California so that I Could
let you in my God
And you accept my invitation God
Also I am very happy at the same time God because you accept My invitation
and came into my hotel room
And at the same time you helped to go back to sleep
And for that I say thank you lord
Yes God I had some tatto in my body
But at the same time I know how much you hate them
So I had them removed with laser
So that I could make you happy again

In the street

Slippep Into The Skin

I am the bird that slipped into your skin
While you were laying down in the sand and sunbathing
And after that I walked all over your body
And stopped for a while
I suddenly picked with my bick your skin
Because I wanted you to feed me some food
And you gave a loud scream
I heard your scream
But I can't speak because I am a bird
And you are a human being
After that I left your skin
And than you went back to your sunbathing
That you loved very much

You made a slow move
When that door of opportunity opened for you
You didn't see it coming your way
You waited too long
And you made a slow move
Now it is gone
You lost it friend
You may never get another opportunity like that
Wasn't that silly?
You would be having a better job now
And earning a better salary
But maybe you got cold feet
Were you afraid of the competition
That you would had to compete with other people if you had apied for this job?

Slum Dance

I go out of my way today
Just so I can dance the slum dance
With the poor people that live in the slum
Because they love to dance the slum dance
With other people
And they get very excited when they have other people
To dance the slum dance with
There is a fine weather in the sky
Where the slum is
Also in the slum there is no clean water to drink
But they have no choice rather than to drink the dirty water full of flies And mosquitoes

Aldo Kraas
Slum Dog

I am the slum dog
I live in the slum of India
And in the slum where I live is full of garbage
I have a outside house that is the toilet
One day I covered my body with shit
My mother was not impressed at all
She had to give me a bath
Because I was smelling real bad
But I thanked her for doing it
After all that is what mother's are for
I spend my days stealing car tires, the shoes that belongs to people, And the handbags that belongs to the ladies
Then I sell all the things that I stole
And get some cash to feed my family
But sometimes the cops comes running after me and try to catch me
But they never do
Because I can run faster than they can
After I get all the money together I bring it home to my mother so she Can buy food to feed us
Unfortunately we are very poor and don't have much to eat
Or to spare

Smooth Sailing

Smooth sailing in a sailing boat on the Caribbean Sea
It is Christmas and the spirit of giving is in the air
In other parts of the world it is snowing
Here it is sunny and bright
Smooth sailing in a Caribbean Sea, what a wonderful place to be
The palm trees are all over the Island
I felt in love with this place already, you can tell by my body language
The Caribbean is like home for me
I wonder what lives in that Caribbean Sea so crystal clear that you can see the bottom of this sea
At the end of the day the sun goes down and I take pictures of the Caribbean Sea
Memories of my sailing trip in the carribean to keep and to share with Others
I fished a few times in the carribean sea
I have everything on board of my sailing boat

Because I wanted to get away
From the crowd here in Tokyo
But instead when I arrived in

I found the bodies of so many nameless souls
That are resting inside of so many caskets
Floating inside of the

And so painful to watch all the bodies of the nameless souls
Floating away

Solitude In The Wet Sand

So many hours
I walked the wet sand barefoot
Alone
It is winter
So many lonely hours for me
I didn't see any swimmers around either
Solitude in the wet sand
I still continue to walk in the wet sand
Barefoot
But the waves of the sea
Broke foamy
In the cold sand
Where my feet stepped on
For a moment
I wished until I died
I moan
I don't even know why
A wave came to me
In a good moment
Washing my spirit

Somebody Got To Give

Somebody got to give a chance for you and me to catch up with them
Somebody got to understand that there is a different meaning of life And
meaning to your life and mine
You and I have different point of view about life
Whether you and I have a friend or not that watches out for you and I, We both
should be so lucky if we had it
Sometimes there might be no need for someone to be around other Than you
and me
Sometimes I feel too proud to ask for help and I think I can do it all on My own
I got to stop being so proud and learn to ask for help because there is No way I
can do it on my own
I have to let go of my selfishness because that is what pushes you and Other
people away from me
We both need to give each other a helping hand
Who will be there to pick up the pieces when the hell break loose?
Who will be there to fill our shoes?
I need to give to give attention to you and others
We have to help others
What do we have to loose?
What do we have to gain?
A sense of accomplishment
Somebody got to give meaning to our lives because life is a never Ending battle
almost like being in a battle ship, fighting for a life
Fighting for a change, fighting for peace
Fighting for love, fighting for a cure
Somebody got to give a moment of silence and recognize that the Happy
moments last only for a while
Somebody got to praise you and me for the good things we do
Somebody got to tell the government that it is time to wake up
Too many falling heroes lost and killed in this war
We can’t just put a band aid to every problem that comes along in our Lives and
pretend that nothing happened
There is a price to pay in our lives,
For every action, there is a reaction
The way you and I make our beds, that’s the way you and I got to sleep
Somebody got to keep the lights on
Somebody got to keep the sidewalk clear so we can walk on it
Somebody got to work to end violence in the streets and work towards Protecting
the people in the streets
Somebody got to keep the mail coming to our houses
Somebody got to give us energy
Somebody got to give us health
You and I can plan for tomorrow, but are we sure that we will be here Tomorrow?

Somebody got to feed the birds
Every day is a bonus if we can wake up feeling good
It is hard to put on a happy face early in the morning when you and I just Woke up and got out of bed
Somebody got to give us a pat on our backs sometimes when you and I are doing something good
We got to support each other whether you go before me
I will remain here nothing else will change in our house
But the only thing that will change is not having you around
Somebody got to give us a chance to show them who we are and what We can do
Myself with your help accomplished quiet a lot, we have a better Understanding now
My depression I no longer have,
I have more energy now
Somebody got to give back and praise each other
Somebody got to treat us with respect and dignity
We were put here on earth by our master called God
Somebody got to water the flowers in the garden because without Water they will die
Somebody got to leave the flowers alone and not pick them up out of The garden, because there will be nothing to enjoy
A bare garden looks so ugly
Somebody got to give us peace of mind
Somebody got to give life a chance
Somebody got to stop making bombs
Somebody has to put an end to war because war has gone on for so Long and so many lives have been lost
Somebody got to unite the world as one
Somebody got to give peace a chance
Somebody got to understand that you been with me for a long time Now even when we had our bad times
Somebody got to understand that I had months of hell
Somebody got to understand that it takes time to put the puzzle back Together
Somebody got to understand that I have to built my life again
Somebody got to understand that I have some self esteem now
Somebody got to understand that as much as I made you crazy or you Did it to
me
I still love you
Somebody got to understand that it is hard to climb up the ladder and Be back to
where I was before
Somebody got to understand that there is too many road blocks in my Life
Somebody got to understand that I don’t want to hurt nobody any more I think I
hurt enough people already too much
Somebody got to understand; I don’t think of the bad things anymore, Finally it
is out of my head
Somebody got to understand I am trying so hard for me to change
It is hard for me to do it
I have to work to do it
Somebody got to sing with the children so they can bring happiness to The
people around the world
Somebody got to give the homeless some shelter, the street is not a Place to
sleep
Bedrooms were made for sleeping
Somebody got to understand that I have you
Without you where would I be today? Where would I live today?
Somebody got to give us some directions in which road to take?
The long one or the short one, it does not matter to me, what about You?
Somebody got to understand that I only have you around that care for Me
To understand that neither of us are getting any younger
Somebody got to understand I always keep hoping that I can live a Worry free
life
Good bye, so long, see you again next morning
God bless you and keep you strong and healthy for many years to Come
Thanks for everything
Friends forever
It is too hard for me to control and hold my emotions as I write this Poem on a
piece of paper
Somebody got to understand that I am afraid to end up without a home
Somebody got to understand that I am not so sure of my future, but I Know you
understand that nothing could be better than have you Around for all this time
I am saying from the bottom of my heart

Son Of The Moon

Son of the moon
You are brilliant
You are bright
We wanted so much to apologize because we didn’t know you that Well before
Son of the moon
Yes we are both guilty of that
Son of the moon
We had been more occupied with ourselves
Son of the moon
We think that it was so silly and selfish
Only now we realize that
Son of the moon
You are a friend of the sky
The sky would be lost without you
We would be lost without you also
Son of the moon
We know the real you
Son of the moon
We know this innocent world that it is only in our minds
In reality it is not an innocent world
It is an ugly picture that we all paint
And of course it will always remain in our minds
Son of the moon
Dear Lord you know the son of the moon
You created it also
Let’s embrace
The son of the moon
Son of the moon
If we will ever find love we hope it will last forever
Son of the moon
We are the warriors of the earth
We fight for freedom
We fight for love
We fight for peace
We fight for what we believe in
Son of the moon

Sonata Without My Love

My hearth is thorn and in pieces
Because the devil of New York came and play with my heart until
My heart was thorn and in pieces
And also it wasn't enough that the devil of New York thorn my heart into Pieces
but he also took all my love with him
By not leaving any for anybody else because the devil is greedy and so selfish In
his part
But the truth is that I don't have any love to give to anybody else
But if anybody tries to punish the devil it will be God alone
And not me or the rest of you

Song Dream

She found the reason to dream
The impossible dream
She found the reason to smile again
She found the reason to sing the love songs to you
She found the reason to be happy again
She found the reason to start over by loving you and me
She has learned her lesson
And she would not be here today if it wasn’t for God
God forgave her once again
And gave her one more chance
The chance of a lifetime
Song dream
Is her song
The song she sings
Before she goes to sleep every night
Her life has turned around
It became better
She showed more respect and love to others
Love is the best gift you can give your boy friend
Love is putting your hand out to help your boy friend
Love is all the little things to put in to a dream
My heart is yours forever
It is a part of the dream
In her dream one night
She saw the ships
Sailing in the harbor
And you and her
Was sailing in this ship
The harbor so big and so beautiful
The song dream
Is her favorite song
She found dreaming to be peaceful and relaxing
When she sleeps
The song dream
She has more joy out of her life now
Than she did before
The song dream will never end
It is part of her life
Let’s sing along once more
The song of dream
Because that is her song

Aldo Kraas
The sky was gray today  
When she woke up and got out of the bed  
She walked out into her balcony  
She saw the rain pouring down fast  
It washed her tears away  
And washed her sadness away  
Rain I hope you will stop soon  
It will make the grass grow green again  
It will water the flowers in the garden  
This is the song of the rain  
God created the rain and the sun also  
How lucky  
You have heard her prayer  
It finally stopped raining again  
I always found peaceful the sound of the rain  
The sound of the rain is music to my ears  
And puts me to rest  
Any time of the day or night  
I am not frighten of the rain  
I know that the rain is not going to hurt me  
And I am not going to melt either  
Because I am not made of ice  
The song of the rain I sing  
I wrote it for the rain  
I had the rain on my mind today  
Honestly I did  
The rain washes all the mud away, the side walk, and the street away  
The song of the rain I keep singing on and on  
Until I run out of voice  
And tired myself out  
People say the rain is for the ducks  
Some say it is raining cats and dogs  
Every time it rains out

I love poetry and sharing it with others, I work very hard at it and it brings me great joy. And my spirit is at rest here at home
Also my mind is filled with thoughts of home
And the thoughts about home are pleasant

Soup Kitchen Song

The soup kitchen is open
And the homeless is welcome to come to the soup kitchen
To have a bowl of soup for lunch or dinner by paying only $0.40 for a Bowl of soup
And soup is very good in the winter

Aldo Kraas
Sour Note

Kind words don't hurt anybody
Nasty words hurt the most
Save that jar of coins for a rainy day
Because you never know when you will be short of money
I no longer talk about dying
Because there is more to life than I know
The snowstorm is coming
Dress warm if you are going out
Soon the streets will be covered with snow
And the snow ploughs will come
Cats watch from the living room window
As the flakes fall
A bowl of soup is good on a cold day like today
I have a spirit that is alive
I have a voice that soars;
A place here on earth
And I belong here

Mothers will give birth to babies
And every life will be a mystery
Silence can be broken with music
In my heart there is a blood stain that can't be washed
God calls out for me
And I hear it very well
With my own two ears
Angels watch out for me

My life unfolds everyday
I feel breathless
So let me have some of that air
Let me change the world around me
By bringing people closer to me
So that I won't be alone in this world
Give me some of your peace God
Give me some health God
So I am able to do your work
And enjoy life again
I see no evil God
I hear no evil God
Wherever I walk I feel your presence God
And I know that I am never alone
I also know that you have a place for me in heaven
And someday I will be able to call heaven home
So many battles lost and won by man
In the name of freedom

Freedom is
Having the time to smell the flowers
So today I will plant the seeds that will grow into a tree
And that alone is my gift to the world

But that sour note that I just wrote a little while ago
I will cherish
Always

Spectral Image

Spectral image
Is the image of a ghost
That lives inside of my heart
At night he sleeps inside my heart
Because he goes to bed early
And at the same time it is good for me
Because I can have some peace during the night
But during the morning while I am trying to sleep
He is bouncing around
and at the same time I have to knock or bang at my heart
And then he stops bouncing around
Thanks god

Spiriit In The Sky

My spirit is in the sky

Spirit Crushed

My spirit was crushed with the cold weather today
And it took me by surprise when it happened
Because I never expected it to happened
But the strange thing was that blood was coming out from all over my body
And running to the sidewalk
I knew at that moment that I wasn't ok and needed to do something quickly
To save myself from that ordeal
Suddenly I felt the pain all over my body
But I decided to pray for a miracle
Suddenly the miracle happened
The pain went away
And the blood stopped from running
By that moment I realize that I was alive
And my mind told me
What a relief

Spitting Fire

The dragon scaped from the Irish zoo In Dubling
Because the zoo keeper maybe forgot to look his cage
And than the dragon left the Irish zoo and run away to the streets of Dubling
Also all the people that walked on the streets were followed by the dragon
By now the dragon was spitting fire like mad non stop
And the people by now got their shirts on fire and then they got down on the
Grass in Dubling so that they could put the fire out right away by rolling on The
grass and on the other side of the street people were screaming like mad
Get that beast get that get that beast
Get that get that get that beast out of the streets before anyone dies
But some kids decided to throw rocks at the dragon and the dragon became More
mad and started to chase the kids down the streets of Dubling
By midnight somebody had the brains to call the Dubling police to put Order In
the streets of Dubling again
But the police use the taser to get to the dragon but it was a real battle
Because the taser didn't work because the dragon was more powerful Than the
taser
So they try to set a stron steal trap to catch the dragon with a sleeping pill And
the dragon saw it and licked the pill and sudenly the door of the trap Shut
automatic and the dragon slept and than they took him back to the Irish zoo in
dubling

Split Apart

Why
Did we had to split
Apart
After we had been together for a long time?
Can't we just try to work things out
Rather than split apart?

I am always sad wen you go away to sleep for another year
Spring awakening
The sun shines in my face
You warmth I love
I also love the sunsets at the end of the day
When I arrive home I can smell the smell of the flowers from my Driveway
I can’t bug you to stay because you belong to mother nature
Mother Nature has a special way to do things for the people here on Earth

Aldo Kraas
Star Of The Sea

Star of the sea
Your home is the sea
On the bottom of the sea
You live
The sea is clear
Just like a window of a house
You can see through it
At the sea
When you look through it
You can see the bottom of the sea
Very clear
And it is
Also like a window
Star of the sea
There in your
Home are other fish
That belong in your home with you
So you all have to share it
Star of the sea
I hope nobody steal you from your home
Because that would be ashamed
In the sea is where you belong
Sometimes there are scuba divers
Diving down in your home
I hope they leave you
All alone
Let me tell you something
If the sea didn't existed
None of you would be around
Good bless you
Star of the sea

Stardust Blues

There was sturdust in her eyes
Baby
What do I have to do for you to love me?
How can I get to you?
How can I get you to love me?
I remember the good old times
When you used to sing the blues at the bars in New York
I know that the pay was not good
But you had a voice
Of a bird
That was singing
Stardust blues
Have you read the letter that I send you lately?
I tried to call you so many times
I could never get through
The telephone was always busy
Woman can't live without the telephone
I think they would be dead by now
Stardust blues
What more do I have to do for you to love me?
Why can we be friends?
If is that what you want it will be fine with me
I can't force you to love me
I can't force you to be my friend
You have to make your mind
You have to choose who you want to be around
Before it is too late
I can start over looking for new friends
Stardust Blues
Baby
I think we have nothing in common
No love for each other
No hope for each other
I have nothing more to say to you
I have nothing else to offer you
To never despair my life
As I return to my empty room
I don't dream any more
I swear to myself that
This night will be a lonely one
Who know's when mrs. Right will knock on my door
Stardust Blues

Hey
The best thing in my life
Is the peace that I have found
The love that is in my soul
The love I have for myself
It is endless
I believe in God
And friendship does not exist for me
It seems so hard to find
It can't be bought with money either
Stardust Blues

The stars will shine tonight
Inside of my heart
Abd I know for a fact that inside of my heart will be bright
The stars will shine tonight in my heart
And my heart will be home to the stars
The stars will shine tonight
And I am so excited about that
Because I can’t even sleep
Even though I can’t stop to think about that moment
I wondering if somebody will tell me when the stars will shine inside of my heart
because I don’t want to miss that moment
The stars will shine inside of my heart
And they are so precious
Because God made them
With his holy hands
The stars will shine tonight inside of my heart
Just like a sparkling diamond

Aldo Kraas
Start And End Song

I will start my early morning with a nice warm cup of coffee
That will make me up fast
And that will take all my tiredness away
Because coffee works like a magic pill for me
And keeps me back on track again
But it also helps me to stay alert for the day
Eventhough the weather doesn't look very promising outside
So I have to take my mind away from the weather
And concentrate more on me
Because the weather can't do much for me
And I understand now that the weather has its own mind
And I have mine
So I have to stay focus on my life and on my daily jouney
I need to go for some walks early in the morning
And grab a free coffee at Macdonald's

Aldo Kraas
Starting Over Blues

I am starting over my life here at home
By making some changes to my life
So that I can improve the quality of my life
I am starting my life over

And socializing more with people
Because I love people
And I get along with people very well

Steal A Piece Of My Heart

I am not worried
About my heart right now
Because I have other things on my mind
And I can take care of my heart another time
That doesn't mean that I am being selfish
And at the same time that I am only thinking of myself
I am feeling that you might feel that way
It doesn't make any difference for me
If you steal a piece of my heart

Aldo Kraas

I am stepping out of my dark heart for the first time
So that I can reach to people

Stop complaining because it could be worst
But you have no right to complain
Because you are living in a country that has no war
And so much freedom
And what do you know about freedom?
Because we all take it for granted
What does freedom mean?
It could mean so many things in so many words big or small
In french it is la paix
In portuguese it is a paz
And who care about Germany
Because Vienna is Hittler's land and all Germans loved hittler
And Hittler was their God
But for the jews he was the devil
Because he killed so many jews during the war
In the concentration camps in the gas chambers
And the jews that survived the war had been haunted
By Hittler until today
But Hittler was born in April 20
Also hittler sended the disabled people to the gas chambers

Sudbury Dreamer

Sudbury dreamer
He is not the only one in Sudbury
There are a few alike him in Sudbury
Sudbury dreamer
This morning, and everyday may we be reminded
Of the blessings we enjoy as a result of
Living in America
May we remember the price that has been paid
For that freedom
All through the years
Let us realize that this freedom is not guaranted
We can loose it someday
But for now Sudbury dreamer we must enjoy it
Of one of the things you make who gets that special piece?
Who gets the best and most cherished?
I never meet anyone that has courage like you do
Besides you stand high
Because you are sitting in a high stone
Sudbury dreamer
You got to get right
And see it for yourself
You are living for God
And when you tell your
Story about God
It is so rewarding when I listen to it
It is wonderful to know that God has changed your life
And you are somebody new
I saw you looking in the mirror and adjusting your hair
Sudbury dreamer
You are not rich enough to buy your past
But lets not get into it
In the past you were immature
And today you are more mature
You know what life has to offer you
You are not a fool
You don’t look to me like one
Sudbury Dreamer
Tingly grip the quill
Puncture the wrist
Sign your name on the dotted line
Appease the devil's wish
Or stand up and fight
Pull out the fiery sword
Pick up the shield of life
Fend of the devil's hordes
The first path is simplest
Living with ease on earth
But the perpetuity after death
Is infinitely without mith
Sudbury dreamer
Waiting for you is like
Waiting for a rain in the drought, useless and disappointing
Because I want to spend sometime with you
But I can understand
We walk different paths
You always take the shortest path Sudbury dreamer
I always take the longest path Sudbury dreamer
Because I live further Sudbury dreamer
And you live near that bay
Sudbury dreamer
Each broken promise
The shattered dreams
Cascading down
In glistening stream
Deep beneath the surface
An abundantly supply
A revoir of despair
Never to run dry
If only the Sudbury dreamer could clutch it
That outward shell
Fold it in on myself Sudbury dreamer
Like an imploding cell;
Hold my breath as I watch you Sudbury dreamer
My sorrows drown,
The weight of your sins Sudbury dreamer
Pulling me down
Sudbury dreamer found you
And he is searching for your hand
Sudbury Dreamer
The constellation will change
Big dipper's handle
Will be pulled to the south
And orion lose his sword
Before the last pain is gone,
Says the stone
I
Am allotting my share
As the fountain glittering dust
Springs up and falls back into itself,
All the Sudbury dreamer's days come from somewhere inside me
Dole out in a bowl of stone
There is a calm light around old trees
They let the wind flow through there leaves
And the star pas high over their crowns
In majesty procession
Sudbury Dreamer
Now you have to learn to love yourself
You will lift up your eyes
Sudbury Dreamer
I can say to you
We have our share of troubles
Sudbury Dreamer
Love is letting go of fear
Lift him up God
Bring peace to his home
The home of the Sudbury dreamer
Sudbury dreamer
Your love is deeper than a river
Sudbury dreamer
A little more love you can give to the ones who care's about you
I don't think it would hurt personally
This is my opinion
Sudbury dreamers
Trust yourself
For the last ten years the atmosphere was heavier outside
The Cellular replaced the phone
Sudbury dreamer
Has no eyes that can't see in the dark
Sudbury dreamer
No body else in the world but you know
What is pain and heartaches
Sudbury dreamer
Other's don't know you at all
Sudbury Dreamer
Keep your cool
Keep Your cool
And just hang in there
Sudbury dreamer
You are good in the job you do
Construction work
The rain is falling of the face of the earth

Suddenly

The night was over
And the stars in the sky went to sleep
For the rest of the day
But I am getting out of bed now
And starting my day
With a healthy breakfast
Because I know that I owe it to myself
But I can't stop to think about the stars
That had vanished so suddenly from the sky
Also I finally realized that every time I think
About the stars it makes me more sad
But I know that the sky would be empty without the stars
And God gave the stars to the sky as a gift

Aldo Kraas

Suicide is not
A good thing to do
If you are a christian

Because God wants to be in good terms with you
I know that in life there are so many adjustments that you have to do
In order to live a happy life

To the sunrise
And I know that the sky will be lonely
Until the end of the next day
Also I can say that the sunrise is almost human

Sunrise Song

Last
Night
I heard
The
Other
Tenant's
Snoring
Like
A
Locomotive
While
I
Slept
In
My
Bed
During
The
Night
The
Next
Day
I
Saw
The
Beautiful
Sunrise
Right
In the
Sky
Early
In
The
Morning

And that orange sky is breath taking
At the same time

Sunny Skies
All over town
Shining so bright
I see so many happy faces
From strangers
While I am walking around town
Everybody loves to go out and enjoy the nice weather
Everybody had enough of snow including me
It will come again soon
Forget about the snow for a while
Let's think about the blue sunny skies around town

Superman My Hero

Superman my hero
Is just like my friend
It was just what I want him to be
Superman my hero
Is giving us hope
He is keeping us free
God's nation
Is in chaos
But there is one man that
Can save us all
Superman my Hero
He flied many times a day in the sky
He touches heaven
Just like the birds do
Superman my hero
I am so proud of him
Superman my hero
I pray for you every day
You have a job, I have one too
I will tell you what gets me through
Strenght, love, and peace
I pray for peace where I am going to be
For you and me
Kids at school
Sending Postcards to those who died overseas in the war
Superman my hero
Keeping busy is what I need to do
And keeping busy these days seems to be the tool
I want to make the hour go fast
So I have to keep myself busy
Superman my hero
Doesn't live in fear
But I do
Superman my hero
Makes sacrifices also
Like I do
Superman my hero
Is landing from the sky right now
He had a perfect landing
Superman my hero
I light a candle for you
May God always bless you
Superman my hero
To the world you gave so much love
Superman my hero
You are an hero
Superman my hero
What are we going to do when our time is up here on earth?
Superman my hero
Your spirit will always be alive in me
You have given your spirit to me and everybody else here on earth
Superman my hero
I am dreaming every night
With you
I know someday my dreams may come true
That's why we are fighting for and doing what we do to save our world
Superman my hero
I hope that others will learn to love you and respect you like I do
Superman I hope others
Will respect our believes and not judge us by what we do
Or by what we haven't done yesterday, today, or tomorrow
Superman my hero
Stands in a shiny sea
Superman my hero
Wants a world were he dominates
And he knows that our land will liberate
A shiny city on top of the hill
Superman my hero
Fighting evil and saving people also
Superman my hero
Has a free will
To help those in need
Superman my hero
It is time to remember what freedom means
It is time to choose freedom
And embrace the future
It is time to choose life
It is time to look after those in need
Because charity begins at home
Superman my hero
I know that together we will get through tough times
Sometimes we just need some courage
Sometimes we need a little prayer
Sometimes we need a helping hand so we can finish our daily tasks
Superman my hero
Let the light shine in your heart, my heart, and all the people here on Earth
Superman my hero
It is a lucky day
Because you are of flying again like a bird in the sky
Superman my hero
Miracles we will see one day
Superman my hero
Black outs
All the town is out of lights left in the dark
Traffic lights are not working
We can't cook our food
We have to eat can food for a few days
We have to survive some how
Some how we will get through this ordeal
And you are flying high above in the sky
The only thing that is shining at night is the moon
Superman my hero
I know that nobody will live forever
Superman my hero
You were meant to fly
Superman my hero
I sometimes feel powerless
Superman my hero
Once I need to get out
And put my foot out of my door
I know that fresh air is good for me and everybody else
I have dreams and desires
Superman my hero
Once a while I just need to get away from the computer
My desk and my computer my favorite hide away
Superman my hero
Will take me to a place that I never been before
Superman I believe that we were meant to be friends
Superman my hero
I must speak now or forever hold my peace
Superman my hero
Snow, wind, and rain won't bother superman my hero
Because he always dress up for the kind of weather
He is smart and wise
Superman won't melt but he might freeze in the winter
Because the days are much colder than you ever imagine
Superman my hero

Supermarket Blues

Everybody is waiting at the supermarket for the chicken to be reduced
But they can't reduce it before 4:00 pm so the people have to wait at the
Supermarket until 4:00 pm
God send a sign to the people in the Supermarket to reduce the chicken
Because my tunny is crowling already and I am hungry for chicken

High in the sky of Toronto
The same way that birds do
Don’t be afraid to spread out your wings

And I will wave to you
If I see you flying today
The sun is shining now
Thanks god

I have mine
I hope you get home safe before the night arrives
And I will always think about you

The sweat pour down there faces
Of the young, the old, and the lonely in this warm climate

Symphony Of Love

Friend whenever you are near me
I hear the symphony of love
That is being sang by the choir here at the Nathan Philips Square
But the symphony of love plays on and on
For friends and lovers
Friend I hear a crescendo when you hold me
when I think of all the things you've told me
I know it's me for you,
it's you for me
But we found the symphony of love
That speaks deeply to our hearts
That are full of love
To give to one another
So that we can share that endless love that we have for each other
Every single day
Violin fills my head
And I want to tell you
That I will always be here for you
As long as I live
Every single day here on earth
I wanna hear your heart beat
And of course you can hear my heart beat also
But don't forget to live for today
And live at the present moment
And plan for tomorrow before it ends

And soon the civil war will begin
But the people that are Americans, Canadians, and Lybia
Will leave home
But the Americans will go back to America
And the Canadians will go back to Canada
But where will the people from Lybia go?
Which country will accept the people from Lybia?

Ten Commandments

Always talk less
Than you think
And when you talk
Have a low key voice
Think
Before you make a promise to yourself
And after that don't break it
Because it doesn't matter how much that promise cost you
Never let the opportunity to say something happy to
Someone instead of saying something negative to someone
Show some interest in others
In their occupation, family, their homes, and their well being
Always be happy with the ones that smile
And show sympathy to the ones that are crying
Also feel that you are paying attention to the ones that you meet
And I hope that they also will give attention back to you
Be happy
Smile about the good history
And learn to tell them also
Save all your thoughts with an open mind
And please don't argue with your friends
Always be careful about the feelings of others
Because it is not worth to criticize others

That Seed That Was Planted In My Tummy

That seed that was planted in my tummy inside
By God with his hands two months a go
It started to grow slowly
It started to flourish slowly
And spreading slowly
Getting a little bit of nourishment
Not getting enough oxygen
Not getting enough life
It died suddenly
It needed tender loving care
I feel so helpless
I feel so sad
That this little seed that was planted in my tummy inside died
It is a big lose
A tragedy
Too much to bare
Because that seed was supposed to have grown into a baby
And it never did
It died spontaneous on me
I guess that seed that was planted in my tummy inside wasn’t healthy
Or it was a bad one
If it was a bad one it wouldn’t have survived any way
I don’t think it would be fare to blame me for it
Or blame God for it
I can say it was meant to be that way
I wonder why
It won’t be lonely times
Because I forgive God for this
I am a christian
And I feel it is the right thing to do

That Song II

Nobody swims in that cold water anymore
The leaves that fell from the trees now float on the water
People drink their beers
I drink my can of diet cola
And that suits me just fine.
When you throw a party, everybody is there
But when you need them, they are nowhere to be found
-That is the whole truth.

Another day is almost over
The silence is my only companion right now
The sun will blind me tomorrow
The moon will take my breath away when it shines
At night.
Horoscopes will be read by people
But I keep my life as simple as possible.
Cars will travel for miles and miles on the highway
I get the picture
Man travelled to the moon
Lonesome animals travel inside trucks for hours, without drinking
Any water
All the way to the slaughter house
The vegetarians won't eat them
I eat them for survival
And am lonesome too.

I am not short of words
All of the words from my mind are typed into this computer
I song I write
That saves me
That song is mine
And mine alone.

Tomorrow the Russian pianist will play his piano again
The flowers will need watering
In a dark room I sleep with my CPAP machine on
My mind drifts away....

Today I am wearing my red shirt once again
With my blue jeans  
I no longer travel by car to the country  
Lights are turned on in the living room  
Making the room brighter  
All my food is kept in the fridge  
The dining room table is filled with papers  
The radio is turned off once again  
The drawers of my desk are wide open  
I don't go after fortune tellers  
And I let life be  
I don't gamble with my money  
I don't know who will cross my path tomorrow  
Nobody sits in the living room couch anymore  
My foot does the walk  
My mouth does the talking  
The recycle bin is now empty  
So many trees saved....  
My shoes walk so many miles everyday  
I am lucky in so many ways  
Because I have a home to live  
And there are so many people that don't have a home  
So many places I have visited  
And the memories of the places that I have visited, lives on  
The clock at the old city hall chimes  
The streetcars are moving along in the tracks  
And the Starbucks are full of customers that come into buy a cup of coffee  
My green winter coat is hanging on the back of my office chair  

The phone rang once today.

That thing called snob
It thorns as to pieces
Bring anger in to us
Bring sadness in to us
He won’t come down to our level
So we have to come down to his
It is difficult to adjust
That thing called snob
He will die with it
We can’t change it
We just have to let it be
It is very painful
If we think about it

I hope everything turns all right for you

Has gone to dog heaven
It was her time to go
She will be walking in heaven
And meeting other dogs in heaven
That’s all you have to be content with
Don’t stop hoppin that some day things will change
That’s all you have to be content with
You have a place that you can call home
That’s all you have to be content with
Trust in him
And trust her burden
That’s all you have to be content with
Settle in the night
In that bed
You and that man you love
And I am begging for mercy
If he could understand now
That’s all the life she has until she dies
That’s all you have to be content with

There is a place for you in my mind and in my heart
That’s all you have to be content with

The Gentle Guidance

There’ll always be tomorrow
But never yesterday
There’ll always be the moments life brings into play
To heighten latent gladness
Exciting us to say
This moment now
It never was what it says today
Like a ray of sunshine
These moments are like this
Unexpected and divine
A lover’s sudden kiss
Lifting us to heights
Beyond our dreams of deepest bliss
A gift to those who wait in peace
And nothing is amiss
And to those who pray to God
Will get their prayers answered
Those who lovew themselves and their neighbours
Will also be loved by God
Those who sin will be panished by God
Despite the slow and steady march of time
That passes by
Like a ticking clock
Reminds us of the reason why
Our minds are empty of all thought
When all life’s questions die
And all we’re left with is ourselves gazing at the sky
And suddenly
Our eyes begin to feel that timeless thrill
Of the soul in motion
And standing on a hill
We cast our gaze across the vast landscape of a will
Guiding us through our long walk
To all our dreams fulfill

The House Of Blacks

Even though it is cold and it is winter
The blacks that are living inside of the house of blacks
Had invited me and other strangers inside of the house of blacks
It sounded to me very strange because the blacks are not my cup of Tea
And I am not their cup of tea either
Maybe they felt that we needed a warm place to stay for the night
But at the same time I felt that I shouldn't refuse their offer
Because I would have hurt their feelings
Also I wasn't by myself because I was together with other strangers
And they felt the same way that I did
But the truth is that I was waiting for the bus in the cold

And I can live without than

I want to be a member of God’s house
The longest road is though to walk because it is not paved
And it is hilly

In another minute the mass will begin

The Music Of The Day

One more day that we can feel your love
One more day that we can rest
Knowing that you are fine
One more day for her to sing the music of the day
One more day for her to live up to her words
She has a way with words
Do what he wants you to do
Follow God’s rules
Take that step of faith
Do you see the vision of tomorrow?
You are making her more like you God
Bring her to your house God
God of the stars, the moon, and the sea
It is so amazing that he can be here with her
Being a part of her little world
God washes all her sins away
In the heart of God there is love for her
She will follow you God
To your house
How wonderful heaven will be the day she will see God waiting for her
That will be the day she will leave earth and meet him face to face
That day she will have no more pain
And no more regrets
The music of the day
Will be comforting for her
Will take her mind away from her stress that she is feeling now
The times are changing
She is a woman now
Not a child anymore
Her love is not in vain
Her love is for real
Prayer is the biggest opportunity to change tomorrow
Behind every cloud is a silver lining
Dark clouds, flashing lights
The cleansing waters flow from her gentle soul
May her clouds be gentle filled with treasures
And I hope that she will know
That the storm will pass leaving her blanketed in joy
Thousands of candles can be lighted from a single one
And the life of the candle will not be shortened
Her happiness is never decreased by sharing with others

Without your love I feel that I am dying each day slowly one day at a Time
And nothing else you will give me will replace that
I feel breathless each day
And I am suffocating each day
You are only killing me
Because you have no love to give to me
You are full of lies
You tell me lot’s of nice stories which none are true, they are al based On lies

The Power Of A Prayer

The power of a prayer
Is indeed powerful
Are you in doubt?
When you want to talk to God
The only way you can do it is by praying
Oh yes oh yes
The power of a prayer
You will understand how powerful it is
After God answered all your prayers
You may be sick
Or in need for an answer to solve a problem
The best thing is to let God handle it for you
The power of a prayer
Somewhere somebody is praying tonight
For a loved one who wandered away from the light
But faith reaches heaven and God is aware
And forever it's changed in
One moment of prayer
Oh there's power in prayer
Power to spare
Is waiting right there
With just a few words
Child of God
Are you seeking God’s help?
Don’t be afraid to do so
What is by hiding that we receive
It is by loosing that we find
It is by dying that we rise again in Jesus Christ the Lord
Amen
God has given you new eyes
Take care of her for me Jesus Christ the Lord
She selected you to be her master Jesus Christ the Lord
Can you give her all your love?
For all the joys this child of you shall sing
She knows that you will never give up on her

Dear Lord, Thy will be done.
The risk of grief will run
You will shelter her with tenderness

The skyline man
Flying his airplane
30,000 feet in the sky
And it was amazing
Because at the same time the birds were flying in the sky
How could I forget that birds and airplane share the sky with each Other?
The birds own the sky but the skyline man doesn't own the sky
So who owns the sky?
I am afraid that God owns the sky
And God gave the perfect name to it
He named it sky
He also created the skiline man
So he could fly his airplane into the sky
The skyline man
Is the lucky one because he can fly all over the world
In his airplane
Also I believe that the weather plays a role in his life
While he is flying

The Soul Of A Poet

The soul of a poet
Went to heaven today
After the poet died today
It is gone to rest
He is not suffering any more
It is indeed a blessing
Today it is the day that we pay tribute
He worked so hard to give us the best poems
That has ever been written in history
Nobody could have done better than him
The poet is now free
Of pain
He is in his new home
Living a new life
Although you have unchained his hands and his feet God
He has fully accepted God in his heart
He is your child
And your child came to heaven
Where he lay to rest
We are saying our final good byes to the poet

The War Of The Children

The child abuse has been the war of the children
It is going on for too long in a world like this
The children is the victim of it
It is the children who suffers more each day
Stop the child abuse now
We want to put an end to this war
Make the public aware that this exists
Love the children with all your heart
Make the children feel worth
Make them feel special
Show them respect and let them respect you
Because respect and love is a two way thing
Respect the children wishes
Make this world a safe place for our children
Teach them to listened
Let them feel welcome in this world
Let the children live there lives
When you abuse the children
You break there hearts, you are destroying there dreams
And the respect they have for you is lost
What do you get when you abuse the children?
You get no satisfaction
The children have lost there sense of worth
They don’t feel special anymore
And they don’t feel safe anymore
The children know whom they can trust and whom they can’t
Help the children to grow in a safe environment
Feel there hearts with laughter and take there sadness away
Give them the support they need each day as they live there lives

Starts with every good word that I hear
Also wisdom makes its way alone to find me
Here waiting for something knew or somebody knew
But wisdom is something totally knew
That I grab for myself because I know that with wisdom
I will be much smarter in my life
Than having no wisdom at all
Yes wisdom turns to knowledge if used properly
And I am planing to use that wisdom properly
By not abusing it or over expose it to the pulic or to the community
Because bythen everybody will try to steal my wisdom
Also I will keep it private
By not sharing any information with others
After all it is my business and no body else

The Wedding Song

As we walk this aisle in hand and hand
Today we will be husband and wife
We are united as one
Today with this ring I shall be wed
I will be here forever
In sickness and in health
You are my wife
And I am your husband
I will not let anger and jealousy get in our way
We shall live in peace and harmony
Have respect and dignity for me and I shall have the same for you
It is beautiful when two people fall in love
Love is caring
Love is a four-letter word
I will always love you no matter what
I am so glad that I have you by my side
I will carry you in my wings
To health and happiness
We are made for each other
God send you to me
And I was lucky to have found you
I hope we will always be happy together
Together we shall be forever
I made a commitment to marry you and you said yes
Don’t you ever break my heart
And I will never break your heart
Our love is the foundation of our lives
Kiss me
And hug me gently
And I will hug you and kiss you back
Life without you is no life
Our love is strong
Let the Lord enter in our hearts and keep as healthy and strong
I can see the happiness in your eyes
I can see your beautiful smile in your face
You look beautiful tonight in your wedding dress and it makes me Speechless

There Is Something I Can’t Explain

There is something I can’t explain but I see you in the sky
You landed in that tree that is in my backyard
Your singing wakes me up with delight; it feels my soul with joy
It is wonderful to see you again after a long hard winter
Your message of love is written all over in the sky
Fly away home
Fly and be free again
I know you are not far and I know that nothing will break us apart
I will always think of you
You were my only hope
You were my only voice
You were the only one who brought peace into my life
I know you will come back again and again day after day
Every day I will look forward to see you again and I will see your true Colors in the sky
The sky looks clear and beautiful, there is not a cloud in the sky
There is no sign of rain or thunder
This world was made for us friend and remember that you were all I got Because you were my inspiration
You inspire me
You gave me strength, but most of all you gave me joy
You thought me to listen careful and listen well
You showed me what I missed in all those years
You thought me what was like to be in your shoes for all those years

Free to do our own thing
I agree that we want to be respected by everybody in today’s society
We have believes
We have different values
We have different views of things we see
We have our own hidden talents
We have our own voices to speak and to tell them how we feel
We own what we say because it is our own words coming out from our Own mouth

This is good-bye
This is a love relationship that has gone wrong from the beginning
I know that I am not the right one for you
I hope you have lots of new friends out there
I hope you find happiness out there
I hope you have nice things to wear
I have no feelings left for you, neither you have for me
We were suffocating
We had no kind words to say for each other
Our world felt apart when you said good-bye
This is good-bye
I read your love letters that you wrote and send to me a few years ago
It has no meaning for me
I read out loud for the last time
Ashes to ashes
I burned it inside the fireplace
I won’t see it again, never again
I don’t have it anymore
Late at night I take the train to Toronto from Montreal
I am leaving you behind
Our lives must go on
Now that we live separate lives
Of course good-bye is a sad word
Our love relationship is over forever
I take you out of my mind
Leaving my mind blank
I can’t save what is lost

Time Back Machine

Here it is my new invention
The time back machine
It takes you back to the years that you missed in your life
Also the time machine can make you young or old
It depends on you wish or how you set the machine when you go in
I will be the first one to try out kids
Don't do anything yet
Just wait here for your turn
I first have to see if this machine really works
Let me see I was born in 1944
We are in 2011 so I am 67
I want to take 3 years of my life
I programmed the time machine to do that
She is going to take me back to 1941
Now let me go inside of the back time machine
Kids shut the doot of the time machine
Now I turned the back time machine on
Finally i turned the back time machine on
And the engine started to spin and the machine moved
the inventor of the back time machine was very happy that his invention worked
After one hour he came back fro 1941 to 2011

Time Capsule

A receptacle containing documents
That has all my life history
From the time that I was born to the time I was an adult
There is a time capsule in my life
There are times that my needs have to be meet
There is a time capsule
That tells me
When the day is coming
And it is ending
My life must improve
I am a simple kind of man
You don't know the tender side of me
I have a soft heart
I have the gentle touch
All that documents I kept
Don't you know that they are 42 years old?
And I kept all this time
They are interesting to me
All the facts are written in there
Time capsule
Tells me the time that I must go to sleep
I keep myself clean
I look after myself well
This I can give credit for
Don't you agree with me?
I got to look on the bright side of life
The other side of the grass always looks greener
The way I make my bed that is the way I sleep on it
Look into my eyes and I will tell you who your friends are

To hold and be hold
To smile and be happy
To live a normal life is to take the risks
To do the job well
You have to prove to yourself that you can do the job
And to take the challenge that comes with it
To have wisdom
Is to keep what you learned from work and life experience with you
To do a good job
It is needed for you to be relaxed
By being relaxed you will perform much better
To gain respect from others you must first give
Because respect is not given it has to be earned
To lie about something it is not good
Because you are only hurting yourself
To explore new ways in life
It will help you to grow and achieve your goals
To talk about somebody behind his or her back is destructive
To have some friends in life
You have to first meet them
And let the friendship grow, because it can’t grow overnight
To forgive someone for his or her mistakes it is hard to do
But sometimes it is needed for you to do so you can live in peace with Yourself and others
To have confidence
Is to trust yourself
And to know yourself and know your weakness and strength
To walk a new path
Is to discovered something new
Because when one door closes the other opens
To thank someone for what they done for you
Will let them know how much their help is appreciated for what they Done for you

The child Abuse survivors
Wished that they could have their childhood lives again
But their childhood lives are over
And they were abused by their mothers and fathers
But if I could turn back the clock I would
And I would give their childhood lives back once again but I would never be Able
to look at their mothers and fathers eyes again
It is so ashamed that their mothers and fathers
Had sexually abused them
But I ask myself who can the Child Abuse survivors trust today and always
Also I believe that they know that life is full of roadblocks and pain
Let me do a favor for the child abuse survivor of Canada by working Together
with them to help them relieve their pain of child abuse
Also I will remove the roadblocks from their lives
So that they can live a normal life again by playing their cards safely in their Lives
Because every card represents something new in their lives
Child abuse survivors don't be afraid to dream because dreaming is like
Breathing and you need to breathe in order to survive
Child abuse survivors meditate everyday because by meditating you will get Your energy back
Also child abuse survivor have a positive outlook on life and leave the negative
Thoughts behind or discard the negative thoughts in the Threshold
God I ask you to protect the child abuse everyday and guide them wherever they are
And I say to that long Live the child Abuse survivor

Two Different People

Two different people
Black people, white people
Black world, White world
A black person thinks different from the white people
White people thinks highly of himself
White people works very hard for his living
Black's are lazy
They don't want to work, they just want the money
You have to work for the money, they just don't get it
White people knows that there are no free ride in life
Black's want a free ride, there are no free ride in life
Nothing is free in life except for the air that you breathe
The white people have to be careful of what they say to the black People
Whatever you say to the black people if they don't like it they will say it Is discrimination
We can't understand them
They have a mind of their own
The white people are loving and caring
What about the black people?
Not a hope in hell
I don't want any part of the black world
The black world is not safe for me
So I rather stay in my white world where I feel safe
We can't trust them
The reason why there is violence in this world is because the black People cause it
Now they don't like it because they have to live with it
We want a safe world for our people
The black people don't care about it because the only thing they know And seen is violence
There is too much violence on TV
They like it
They like the feeling of danger
We white don't like the feeling of danger
The blacks hate the white people and the white people don't like them Either
The white people knows when to shut up
The black people never knows when to shut up
There is why there are always problem with them
They make life miserable for us
The white people will always be a good friend
The black people can never be your friend
They will take everything they can get from you for free

have the feeling that what they call the unsinkable boat will sink this time On
the Atlantic sea
But I am sorry darling we will no longer go on that journey together
We will go on a different journey by plane and not by boat
Because the boat doesn't sound safe to us anymore because it travels Through
uncharted waters
And if it is for us to be together and live together
Let us do it right for once
By traveling by air and not by boat
And that alone doesn't mean that I am only thinking of myself
I am thinking for both of us
Because I want the best for us
I want to wake up having you near me
I want to tell you my histories of childhood
And I want to grow old loving you

And let us not point the finger at each other by saying you are always Wrong

But let us accept that we make mistakes also
And that is normal
Because we only learn by making mistakes

Unexpected Song

The fire man is rushing in from the rain inside this chapel
Inside this chapel we are
There they are playing an unexpected song
The world is falling a part
The world needs our help
We can save the world by working together
Why don’t we?
Because human beings don’t think it is our problem
Do they forget that this world is ours?
We all say it is not our problem; nobody wants to do anything
Time is running out people
The world needs our help
How can we help it?
By stopping the war from going on
It is killing our people
It is destroying our world
Destroying our lives
There are people living outside our world that doesn’t have anything
They are starving and living in the streets
Why can’t we help them?
Is that because we are too proud of ourselves or afraid to do it?
Human beings don’t realize how lucky they are to have what they have
Today in this world human beings are becoming more materialistic
Why?
Because they never are satisfied with what they have
This is greediness
Why are human beings becoming greedy?
Because there is always something missing in their lives
Children in this world are being used as soldiers in the war
This is so wrong
Children have the right to be children
Children is our hope
Our future
We are the father of the nation
We all need to say no to war
War is killing our people
Stop the propaganda about war
We have seem too much of it
We human beings have lost our senses once it comes to war
Why can’t we live in peace with each other?

Unforgettable She

Unforgettable she
Because she is my sister
That got divorce from her husband 2 weeks ago
Unforgettable she
She has trouble sleeping at night
Unforgettable she
She just gets sick every time she looks at that leather sofa that her ex Husband slept
Unforgettable she
That has to live alone again with her dog
But her dog keeps her company
And it becomes a friend to her also
If she can't have a good relationship with people
At least she can have a good one with her dog

Universal World

I hate to say that I haven't found one universal world that doesn't have Any criwes or war
But I feel that everybody wants the piece of the action even when it comes to war
When you are in the war you are killing people
And all the people died like flies
But the truth was that God made the universal world so that people can Live in that
But what do we do to the universal word?
We destroy it with bombs and bullets from guns
And sometimes we even kill the innocent children of the universal World
And let me ask you all a thing?
How can you sleep at night knowing that in the war you killed that innocent child that belonged to the universal world
And the parents of that innocent child prays to God for mercy
And they grieve for their son who died in this brutal war
I speak against war
And I know now it is the time to come together and unite the world
Let's choose peace and not war

Unsubject Heroes

The disability doesn't stop you
from being who you are.
It is a part of who you are.
It is a part of the way you were made.
You were made to show and share your gifts and talents: to take every step
along the road ahead of you.
But remember one thing: the road that you walk is never fixed
There will be holes, bumps, curves and sharp turns
But keep moving -
Keep proving to yourself and to others that you are a part of
The miracle of life.
By working with what you have got,
You can overcome the obstacles,
Eventually the road that you walk will become repaired
- or at least easier for the next person to travel.
You cannot turn the clock back
To the time when you were a baby
In your mother's womb.
At that time
You were shielded by her tummy
And you were warm and safe.
Once you came out of that dark tunnel
That connection ended
And a new life began.
You finally discovered the light
And your life's journey.

Until We Meet Again

See you in heaven someday until we meet again
We will fly high above the sky and we will land on the branch of an Apple tree
When the summer is gone we will fly south to the warm weather and be Together
with the rest of our family
When we were little our mother took care of us because we were too Little to
take care of ourselves
Then we grew and took care of ourselves
We began to spread our wings and fly away
It is beautiful to watch a bird fly away in the sky
There are plenty of food and water for us on earth
The air is not pure anymore
This is because of the acid rain, factories, and cars
One day we may vanish also
But for now on we will keep on flying until we meet again
The earth is our paradise made by our master
Crafted with his own hands
We are grateful for that and we give thanks for what the master gave us
We shall see some sunny days soon again

Aldo Kraas
Until You Came Back

Until you came back
I will cry out the blues because I am feeling the blues
I don't know if I am just getting sick of the place I used to call home
Or it is the dust and the cloudy weather that makes me feel ill
But my crying section will not stop until you come
And suddenly I felt asleep in the living room coach
And three minutes latter I heard some footsteps.
You covered me with a blanket and went also to sleep in my bedroom
Oh what a night it is cold and dull

Waiting For My Child

I am waiting for my child to come

Wake Aria

I survived the last day of 2008
And I can say that
I can't wait to wake up to the first day of 2009
Well 2009 is here
And is so exciting
So far the first day of 2009 went ok
And I am happy about that
The only thing that I am not happy
Is with my health
Because I don't take good care of my health at all
But I know that I am the one to blame
Because there is nobody else to blame but myself
My diet is not working at all
That is because I am not following it
And sometimes I binge
The reason I binge is to forget the pain that I am in
And that is the way that I cope with my pain
In that respect I am weak
Now lets talk about the good things that
I achieved in 2009
I saved some money
And I bought myself a laptop
And now I have another passion besides poetry in my life
That is photography that I love very much

Walk With Me

Walk with me
I don’t want to walk alone
Walk with me to the shore
Today I had a vision of white eagles soaring with grey eagles
Suddenly all of the white eagles dropped out of sight and more grey Eagles came
The Lord came and spoke
The eagles are changing
My life is changing
It is now in transformation
Walk with me
I can’t find anybody to walk with me
I am the lonely one
The soul survivor
I am never far away from the shore
The mist from the water I get
The breath of fresh air I get
I am close to nature now
It is my best friend
It is so true
It is so true
It is so true
The wind is changing direction also
It is cloudy today
It is nice to walk in the sand dunes
What price do I have to pay for walking alone?
Soon the rain will fall
It won’t hurt me at all
Wet I will get
I don’t mind it at all
Now I sing to myself a love song
I wrote it a long time a go

I picked it up
And put it in my pocket
When I got it out
Of my pocket at home
I opened the wallet
The wallet had $1,000 dollars inside
I was so happy to find it
And my thoughts came to my head
Thanks
Old man
You are so generous
I love you for that
Even though I don't know you
You are a stranger to me
This money will help me a long way

Watch over me

I am leaving my younger days
I am growing old
I am going into my senior years
Watch over me
When I am sleeping
Watch over me
Through the day
Watch over me
When I am feeling kind of low and breathless
I move slowly like a turtle
A body of water surrounds me where I swim
The gulls are fishing the fish from this body of water
I sunbath in this beautiful island
Beautiful sunsets each day I come in contact with
The sky looks like a magical paint
Watch over me
When I am sick
Watch over me
When you put the smiles in my face
I can’t no longer remember you
My memory is not good anymore; it is fading away like a broken Computer without its memory
I am getting frail, I am getting on
I sit and wait for my Lord to take me home
With the end of my life
I live the last days
In the arms of the Lord I will find comfort here
I will soar like gulls in the blue sky
I am relaxed, all my worries and my pains are now gone
That’s because I am home with the Lord for now and forever amen
Haven is my home now and I have nothing to fear anymore
Because haven is full of his glory

What did I do with my life that doesn't sound so productive?
Sleeping in all day
Why?
Because I had trouble waking up

But five minutes more ended up being the whole day in bed
What a waste of a day

What Do You Get From Stealing?

What do you get from stealing?
A lot of trouble indeed
You loose your job
You loose your family and friends
Who will trust you now?
No one will trust you now
How are you going to live now?
How are you going to find a job now?
Who will hire you?
Do you like stealing?
Do you steal because you are greedy or just want to cause trouble?
Are you happy now that you lost your job?
Do you have any pride in yourself?
If you think somebody is going to feel sorry for you?
No one will feel sorry for you, you are totally wrong
Have you thought of the consequences first?
Have you learned your lesson?
Are you going to haven or hell?
Haven was made for the good people
Hell was made for the evil people
Where do you think you will end up when you are gone?
Only the good die young
Once you break the law you have to pay for it and be put away in jail
How long will you stay in jail?
The judges and lawyers who take you case will decide
Why do we have laws?
We have laws to protect the people and so we can live safe in our Community

What Do You Want From God

What do you want from God?
Is that he performs a miracle to this old sick man
What do you want from God?
That he gives some love to you and this old man
The walls of this hospital surrounds this old man
This old man is getting blood transfusion from the nurses
Yes he is very sick and you must understand that
What do you want from God?
Is it that he allows you to spend the last hours with this old man
Yes his final moment will arrive any minute
The next day they connected this old man to the life support
The old man went into coma
And when you came to visit this old man you saw him with life support
But you could not hold back the tears
And I remember that you cried so much for this old man
The next morning this old man died
So you never had the chance to say goodbye to this old man
And the saddest thing is that you will never see that old man again
But the good thing is that the old man doesn't suffer anymore because God
took him home
And he entered the gates of heaven today

Brother you are so hard to please
What do you want from me?
For me to change?
I changed already
And I am the new me
Yes you called me crazy still
And you still say I am the crazy one
The crazy things I no longer do
Today I am different
You don’t know me
And you will never know me
What do you want from me?
After you close the door on me
Don’t you know how much this hurts?
If I had to die today would you care?
I don’t think you would
All through those years I’ve known you
You are the one who hurt me the most
What do you want from me?
I light candles in my house to ask God to bring peace in my life
Every time I talk about it
You call me the voodoo lady
Every time I talk about Johrey
You say there she goes and meets the other voodoo ladies
But one thing I can tell you
You are the one that is loosing out in life
By becoming more isolated
I have more energy in my life now, I feel stronger now
What do you want from me?
If I had dropped dead in your front step right now
Would you care?
I don’t think you could
What do you want from me?
I am totally healed today
I don’t take any medications any more
I am not a drug junkie that you use to know
I will not change just to please you
I will always be me
Because today I found happiness
That endless happiness is here to stay
I don’t need to be isolated
Because Isolation is a very lonely one
I can’t be you
I can’t be like you

Aldo Kraas
What else can I do
With the gift that I inherit
People
Because God brought to me
So that I could take care
Of a poor old lady
That was left to die
In her hotel room
With her cat
Frisky

What Else Can We Say?

What else can we say?
It was a long day today
And we worked all day inside
During this beautiful sunny day
Don’t we hate that?
Yes we do
Because it feels like we are being punished

Aldo Kraas
What Else She Can Do?

What else she can do?
She is angry now at herself
Because what she likes she can't afford
To buy
She would love to have a brand new jacket for winter
What else she can do?

Aldo Kraas
What Happened To Me?

What happened to me?
I hate people that procrastinate
Because they don't do anything
And they promise me the moon
What happened to me?
The other people don't see eye to eye?
I would love to get rid of them
In one hand
But on the other hand I would be left with no one to help me
Because they do things in their own time
And not when I need to get it done right
That only annoys me
And at the same time they don't seem to understand me
I have to email them 50 times to get the message across
And that is the only way they will understand me

What I Can Do

What I can do is love you to pieces
What you can do is love me to pieces
Because I can dream just about anything.
Sometimes I feel pressure and I try to meet the deadline
When I work on my writing
For my books.
What I can do at night:
Count the sheeps, walking in farmland
Only in my dreams.

What I Want Most Is Her

What I want most is her
And I try very hard to compose a song
With that title
But my singing doesn't do nothing to her
Than another idea comes to me
Write her a poem with that title
But my poem doesn't turn her on
So I take on a new direction
I write her a letter explaining to her
That what I want the most is her
And that turns her on

Aldo Kraas
What I Will Do Song

I wouldn't give my home away to nobody
That is because I live in it
I wouldn't give my wallet away
Because inside of my wallet ae all my documents
That I need
I wouldn't give my clothes away
Because I need them
I wouldn't give my food away because I would starve
Away
And that would be crazy for sure

Aldo Kraas

Aldo Kraas
What If Song

What if I decide
To stay home today
Will I miss out in anything?
What if I decide to go to bed early?
That will be my choice and nobody else
What if I have the right to make choices
Can I still make them?
Yes I can because I am grown up

What Is Done Is Done

My pictures fade
To black and white*
They have lost their colors
There is not much I can do
Because what is done is done
A motorcycle or a car would be no good for me
Because I don't know how to drive a motorcycle or a car
I have no license
It would be parked in my driveway rusting away
I would have to sell it
And get some cash
What is done is done
In spite of it all
I am feeling better
How many roads I must walk to get to you?
Because what is done is done
My love for you is unconditional
It is a lucky day that I can have sometime for myself
Without thinking about old stuff
That is now worthless to me
Because what is done is done
My sweet one is God
I am sure he knows that
I mention it to him a thousand times
Because what is done is done
My world is now on fire
There is plenty of shame that I feel
I am trying to build a better life for me
My roots are superficial here on earth where I stand
Because what is done is done
I still can change it
You are now looking in the eyes of a criminal
- That is me
Where does my faith come in?
Nobody else knows my feelings better than me
And I know what is done is done
I will not let the bad dreams wake me up in the middle of the night
Because they were strange dreams
I had them before
I can't change the fact that I had done those things before
Because what is done is done
I am surfacing in this land
What is done is done
The moon holds its water
So that the temperature in the winter time can be mild
The moon plays an important role in my life
When there is a full moon I know I sometimes act strange
Because what is done is done
Shelter me
Where I can forget about the things that happened to me a while ago
Because what is done is done
I will wear my love like heaven
Everyday
The clocks move fast
The time moves ahead fast
I need some solace from God and you
I just hope someday to embark on a new mission
Because now I am fumbling towards ecstasy**
I looked everywhere I could for you
But that love died
After it was burning my skin
The scars are left
But I have high hopes for me
Because what is done is done
Is there somebody who will love me all the way?
Because what is done is done
I have been hurting too many people over and over again
With my violence
I hope to learn from this lesson and never do it again
Because what is done is done
Now I feel that I can't be a role model to anyone
I feel powerless
I have no power to control my temptations at the moment
I hope somebody will give it to me
And that somebody should be God
Because what is done is done
Nothing is broken other than my life
You never saw me crying like this before
It is because I am living a broken life
I am living with lies that people told me
They believed they knew me
That is not true
Who am I?
Who is this man with the brilliant and sharp mind?
They need to learn
I need to start over
And make something out of my life
Time is moving on
And if I don't take the chance I have I might lose it all
I am so far
I am out of reach
I am now trying to repair my broken life
Because what is done is done
If you could just say a prayer for me
I would appreciate it very much
But remember that I am far away
Out of reach
I hope someday I will be able to love you still
Because what is done is done
Do I know the color of my life?
Yes I should have known better
I acted on impulse
What is done is done
How does it feel to me knowing that I have a criminal record?
Bad, bad, bad
But what is done is done
I wish I could let go of my anger
I hope I will be able to do it
I need to work on it
Imagine me living in peace with myself and the ones I had hurt
Sometimes things are so complicated
Some things I have no control over
But
The things I do have control over is my behavior: the way I think, the Way I feel,
And the way I Communicate with people
The things that I can't control is the war, terrorism, and the pollution that Is In the air
Will I see a happy ending to my life?
Who will pick up the pieces now that I have fallen to pieces?
What is done is done
Love comes to everyone
But not to me this time
I can forgive others
Someday I will forgive myself
When my life will be no longer broken
Not even one chance I will get
Now the judges hold my fate
And I have to play their game
I have no way out of it
Inside of me there is a desire to scream
Now I am standing at the crossroads
Trying to read the signs
To tell me which way I should go
To find all the answers that I need to fix my broken life
I don't care if it is right or wrong
For me to be at the crossroads
But one thing that I know
Is that there are lot's of questions popping up in my mind
I'll be there and back once my life is not broken anymore
It is time for me to just sit back
And wait for the world to come and crash down on my head
And I know that what is done is done
I feel so restless right now
I am sleeping at the park
This is because I have so much going through my mind
I am sleeping the night away
The dark night is my only companion
Not a sound I hear
Not even the traffic
Or people passing by
This is my problem
Nobody else's
Because what is done is done
If I ever lose my mind again
I will have to stop and think before I act on impulse
Everything in my life must change soon
Because my life is broken
I feel once again the body heat rising
It keeps me warm in this night
Just once God will you save me this time?
God I'm yours
Because what is done is done
God I don't want to let you down
Say you are going to be mine God
I will give patience a chance
That is all that is left for me to do
Is there a chance for me to go to heaven?
God I was this time a prisoner inside the jail cell
It is even horrible to think about it
But what is done is done
Before I was thinking about God
I had woken up
And I saw something
I thought it was a shadow
But I found out sooner or later that it was God
That came for me
I kiss the wind
I am so unfortunate to be caught in a web of spiders
I am struggling in this uncaring snare
I yearn for a loving heart to call my own
I am speaking into the wind
My cries go to the right ear
Is there an escape?
Perhaps yes if only in the recesses of my mind
I will wait and I will listen
I will hear the one searching for me that is God
I will reach out with my soul and touch another
The one that I will is God
I will embrace God because he is close to me now
My restless empty heart stands still
I will listen to the sounds of the wind
As the wind gently touches my skin
I also need one to trust
To share
And not wanting to be alone
I will speak
Because God wants to hear my pleas
I am opening my arms to welcome the one that is calling for me
- That is God
Like a kiss in the wind
My feelings are there
Carried by and through the wind
God I am also alone like them
I can trust you with your love
I am reaching out
I am hearing you speak to me
Softly and yet so loud
I hear your voice saying
Just kiss the wind
For I am here:
A careles word may kindle strife
A cruel word may wreck a life
A bitter word may hate instill
A brutal word may smite and kill
A gracious word may light a day
A timely word may lessen stress
A loving word may heal and bless”***

What It Would Be Like To Live In A Palace

If I was a king I would love to be in a palace
I would have servants to do everything for me
I would have time to live my life
Without dishes to wash
Or floors to sweep.
I would be very rich indeed
But I don't know what would happen to the outside world
Because I would be out of touch with the outside world
Perhaps I wouldn't feel safe outside
People might not like me if I had a lot of money
While they went without.
I mean the poor people
The poor people don't have anything
And I would have everything
Also with my money I would be able to buy everything that I need
While the needy
Starved.
Perhaps I would rather
Not live in a palace.

Aldo Kraas
What It Would Be Like To Live In The Streets

It would be terrible for me to live on the streets
During the winter
It would be too cold
Also I would starve to death if I lived on the street
Even if I begged I would never get anything
Because the people
Only care about themselves
I don't know if I would live in a shelter during the winter months
But I would feel ok to live outside in the summer
Unless it was raining out
The thunder and lighting would be dangerous
If I got struck by lighting I don't think that I would ever survived because I
would be dead for sure
What about food bank?
I think I would use the food bank
But excuse me because there is no fridge outside and my food would be Spoiled
very fast
Also if I needed to use the washroom where would I go
Because there are no washroom outside but I would have to go to the Washroom
in bushes or shrubs

Because you knew that I couldn’t navigate that boat very well
And believe me when I say that it is a hard job to navigate a ship
Because it is not like driving a car
But anyway I am happy that you are navigating the ship now
After I had navigated the ship for two hours
God I am so happy that you are the captain of this ship
And not me anymore
Because you do a better job than me navigating this ship
That we are sailing on
Through the rough waters of the world
In order to discover the new world
And baptize together the people of the world
In this living waters
That will be our holy waters
That we will use to baptize the people
We know that the people must be waiting for our arrival
All over the world
In the living waters
In another hour or so
It will get dark
And it will be time to dock the ship for the night
So that we can sleep for the night

You tell all your friends that I am loaded with cash
And if they need money they should come to me

Like your friends think I am
Because of the lie you told them about me
And the truth is I hardly have any money for myself
Because I don't earn as much as you do

You also tell your friends to come to me if they need food
Because I am loaded with food in the fridge
Sorry white liar
But here is another lie that you told your friends
And the truth is that my fridge is always bare because I hardly have enough money to buy food

Who says that poetry nobody wants?
Because poetry is not made for everybody
And some people will read it and others won't
But that is fine with me
Because I don't force people to read my poems or buy it
Who says that poetry is a dust collector because you keep in your bookshelf and never take out to read
Why?
Maybe you lost interest in poetry at all together
Or you haven't found a poet that speaks to you
Who says that life is very boring
And they rather be dead than living?
The drug addicts might say that or it might sound like that to us
Or maybe that is the massage that they are trying to send out to us
Who says that birds are horrible because of their pooh?
That I totally agreed with the person that said that because they also mess up your car after you spend so many hours washing your car and polishing it

At the wild forest in the sky
This is your home
You won't find poachers here in the sky
Because the sky is far away from the planet

And if they wanted
They would had to walk up a long flight of stairs to the sky
To be honest to you
From the earth
To the wild forest are 390 steps
So this would be impossible to do for the poachers
Wild animals
You are lucky
That a wild forest exists
In the sky

And the people in that wild world stay up all night
And party all night every single day

That is above the fish store

And I wish that I could throw anything from the window so that it would
Hurt their head and they would live that spot
So that I could sleep at night

Windtalkers

The terrorists used their real names to get their pilot licenses
They got through Canada with false identification
And then they went to the United States
The FBI sent warnings
That the terrorists would attack the World Trade Centre
But it was ignored
September 11 came as a surprise to everyone
The terrorists used airplanes full of people
The airplanes with the people inside were used as targets
The airplanes crashed the Twin Towers of the World Trade Centre
The Towers burned
The people that were inside jumped out of the windows
The city stood still.
The attack paralyzed the whole city
The police and firefighters were our heroes for the day
Some of the people who died were husbands of the women who were expecting their first child
Their child will never know who their dad was
Do the terrorists care about the innocent victims they kill?
What about their lives?
Their lives had been shattered
That day was nothing else to watch on the TV except the terrorism on New York World Trade Centre
No airplanes were flying after the terrorism
All the airports were closed
I don't think this day will ever be forgotten
Did the innocent people have to die?
It was an act of terrorism
Six months latter
A memorial service was held for those who died at the World Trade Centre
Singers raised money for the World Trade Centre Victims

Wings Of A Dove

Let me fly in the wings of a dove
Above the Manhattan sky
So that all the yankies can see me
At least I will be safe in the wings of a dove
And I can sleep while I am fling in the wings of a dove
I love to fly in the wings of a dove
But the feeling of being high in the sky is great
But God gave me a chance to fly in the wings of a dove
When the opportunity came I didn't even think for a minute
I just jumped right in this opportunity
And I am glad I did it
Because I am having the greatest time when I am flying in the wings of a Dove
But I woke up at midnight and the sky was already dark
Eventhough the dove was still flying
The dove took me all the way to Chicago the windy city
Men I must tell you that it was very windy inthe sky in chicago
But we landed safe in Chicago by the shore
And I slept in the shore of Chicago for the night
To me it was almost like being inside a movie scream when I woke up the next morning at the Shore of Chicago

Winter Sinfonia

The storm is coming soon
It rolls in from the sea
But your voice is a beacon in the night
And I can hear all the kind words that you are saying my friend
But your light will always shine in the sky at night during the winter
The winter is cold and it gives me the shivers all through my body
This is the winter
That will carry me to you
And I know that you will be waiting for me on the other side of the frozen lake
when God delivers me on earth again during this winter
Is your love alive during the winter?
Is your love alive during the winter?
This is the winter
February never felt so right
But I am where I belong

And God

With One Look

With one look in your face
I saw that beautiful smile
Coming from you
There I saw the sparkles from your eyes
How beautiful they were
With one look
I saw that she has a free spirit
Yet a beautiful person
Yet with God’s plan she loved her man
Better than anybody else
With one look
In her life
I know that she wants to have a child
And to grow old together
Not letting anything slip away
With one look
You will know that she has nothing to fear
With one look
Sometimes is hard to tell when the time will past
Things change everyday and every week
There is no exception to the rules
With one look
I can see that things are improving for you
I am grateful to see that you are moving on
Planning your life
It is time to settle down
It is time to start a family
With one look
In your face
Once again
I see that unspeakable love
With one look
From her face
Together till the end
You and he will be lovers
The relationship will continue
Now all you have to do
Is keep loving him
With one look
I saw now that she closed her eyes
And the next day the morning comes
She knows that there is a field of green
Where the birds sing
With one look

Woke Uo In Beijin

Today I woke up in beijin
In the morning
After a long sleep that I had in my hotel room
The bed in the hotel in beijin was not that comfortable
Because I am a tall person and the bed was small
Also my feet was hanging out of the bed
The hotel room that I stayed in Beijin was not that great
But it did for now
After I got dress I went down in my hotel loby to the restaurant to have
Breakfast
I spend the day exploring beijing
Outside of my hotel I was feeling lost
I tried to familiarize with every corner that I walked in beijin
At 1; 33 pm I went for lunch in a restaurant in Beijin
The food that I had in the restaurant in beijin was ok
The weather was not that great in beijin either but I needed to walk in Order to
improve my health and stay fit

Woman In Black

That is weird
A black woman is wearing black
Because it seems to me that she is grieving
The lose of a dear friend or a loved one.
Also why would a black woman wear black?
Because she is already black
And black doesn't stand out or give her a lift
I am afraid that black woman doesn't know any better
Do you agree with me friends?
Maybe she can't see herself in the mirror?

World Peace Day

When I walked home
From the subway
Last night
I stopped for a while
And I watched the sky
And I saw the phantom's face
In the dark sky at night
It was all lighted up
And it brighted the sky
And it almost blinded me
It all had happened
During the world peace day

Aldo Kraas
World Symphony

While you cry non stop today
The whole world is crying with you non stop
But I know know why you cry non stop
It is because there are sad black clouds in the sky
And no sun to make you happy again
My poor child
I am sorry but I don't have anything to wipe your tears dry
So I think that you will have to let your tears dry on their own this time
For a change
But I know all the truth about the whole world
Because I already visited the whole world
But to tell you the truth the whole world is not a happy place either

Aldo Kraas
World Wide

World wide
People are waiting for the arrival of spring
World wide people are celebrating Easter
The Easter egg is a sign of fertility
World wide people are waiting for God’s arrival
World wide is in trouble
I hope if anybody can fix it
Will have to be God alone
World wide
You hear about our peace keepers being sent to Afghanistan
World wide
They hear
About the soldiers we lost
When are we going to pull out of Afghanistan?
World wide
Is hunger and poverty
Why don’t they spend the money wisely world wide?
Why don’t they end the war world wide?
They don’t even seem to get tired
I am already tired about listening to it
And to know that it is going on world wide
When are people going to share a moment of silence world wide?
And share the truth with one another world wide
We are loosing this battle world wide
What can we learn from this battle world wide?

Write Your Own Song Next Time

Write your own song next time
I was shocked when I heard that you stole my song by somebody else
That I had written for the next week show
That I will be giving at the bar at night
You are a singer
You are more talented than me
One thing you do good is playing that guitar
Which is one thing I can't do
I never thought you could do this to me
That song belongs to me
I have the copyrights for it
And you know one thing
You shouldn't be using it at all
Write your own song next time
Because I know you can do it
You have the ear for music
I don't
Can you respect that?

Are overworked
Yes there are times when we can't get enough and we keep wanting More
That's how human thinks
The more I have, the happier I will be
Some of us are too busy with ourselves
And there are things we can't let go
There are things we don't want to understand
When problems come we choose to run away because we can't face Them alone
Sometimes human beings are there worst enemies because they Don't take good
care of themselves or of there health

Yes our childhood days are over
Yes lets think of good things
And lets get rid of the bad things

You are asking me to be here
And I will be here
Also you are saying please
Don't just let me die here alone
I know that you will be looking out of the window
Every morning that I will be walking down the street
And you will be able to see me from your window
I don't know if tomorrow you will be here
But what happens I will accept
You might not always agree with me
But that is the way life goes
I am not saying that you are a genius
Other people are telling you that and when they do
They are setting you up for failure
They might not know you as well
Than you know yourself
You can say that it is luck of understanding or knowledge, or
Ignorance
Because everybody is different
Maybe you know
Something that I don't know
Maybe there are things that doesn't make sense to you
There might be things that are taking place in your life
That you don't want to discuss with me
Or the world outside to know
I respect your feelings
And I know that you will respect mine
I can read your body language
And I believe that it is telling me
That you need a rest
Tonight it is already too late
And you are going to sleep
Now I will let you embrace the peace
In your sleep
Here is the new day today
That God made
For you
So enjoy it

You Are Better Of Without Me

You are better of without me
Because I am a happy person
And I will always be happy
Because I know that God belongs to me
And not you
You are so miserable
Even though you don't even have a friend
That you can always count on
You are better of without me
Rather than being with me
But please remember that I did all I could for you
So now it is time for me to go in peace
Out of your life
Because I rather have a good life and live it
Than have you
Who can't give nothing good to me
Rather than misery
Also I know that death is in your way
However you are out of you mine

God welcome to my city life

And I can't go to heaven when I am alive
I understand that very well God

You come here
And you wait impatiently
Walking back and forth
Until I come and see you
Now please just go home
I have nothing to offer you
And
I believe that you can't understand me
Or you don't want to understand me
I don't know why can't you forget about me?
Is there something that you feel about me
That I don't know?
Is it my guilty eyes?
Do you wonder about my guilty eyes?
Do you wonder about the guilt that is inside of my eyes?
Do you want me to describe to you the guilt that I have inside of my eyes?
I am terrible sorry because I am trying to find ways to describe it to you but my
Mind is totally blank
And
I am reading your body language
The messages that I am getting is that you are frustrated, upset
Disgusted, and that you feel that you are being ignored by me

Aldo Kraas

You won’t forge about me God?
I am not very happy with you today for giving me a cloudy day

Like an abandon bird being left to die in that nest on the tree
You won’t forget about me God?

That I am a good poet
Because I write good poems
You'll see
That I live a very simple life

Your Hiding Place

I know that your
Hiding place
Is the forest
Because that is the place
That you use to hide
Yourself from the outside world

Your Holiness

Your holiness
You are everything to me
Your holiness
If I had the tongue of an angel
If I had wings to fly
I would fly and circle your throne in heaven
But this is just in a dream
In real life I don't have wings
I am not a dove
I am a human being
Living on earth
Your holiness
Do you love me still?
Sometimes my mind wonders all over the place
It is hard for me to comprehend the beauty of grace I live in
Your holiness
You give me that happiness to want to live
I feel that I have a will to live
I feel homesick
Your holiness
I want to be a new man that is free
I sing what is to be the children of light
I want to live in a time that not every thing is victory
But to have in my chest a tattoo that has a design of your cross
I feel your protection
I follow in search of what I have to live
Believing that what I have is much more than illusion
That in life nothing more I can do
Your holiness
There is no way to measure what I am worth
Your holiness
Above all your powers
You give me all the wisdom
You give me all your love
Your holiness
You always look after me
Your holiness
You are a rock
And in you I hide
A shelter in time of storm
You are
Your holiness
As I walk this earthly way
All my problems will be gone
And I am longing to go to your house
Your holliness
I will follow you to your house
I want to pray
For another chance
I will keep looking upward because the time is near
Your holiness
When I look into you holiness
When I look at your beautiful face
You give me that smile
So warm and so inviting
I worship you
The reason I live is to worship you

Zach is now
A young man
That is full of ambitions

Aldo Kraas
The sun wakes you up in the morning
And it is beautiful the same way honey is to you
Now the sun is shining so bright here on the earth
That it almost blinds you
The sun is vitamin c for us
And we need vitamin c
To fight the colds
Everything grows so fast during the summer
And it is nice to have fresh vegetables from the garden
We use the vegetable from the garden to make a salad
For lunch or dinner
