God bless you all my friends poets.
God wants to give
each of us a "heart of flesh"
so that we will be pliable
and responsive to Him.

When touched
by the finger of God,
a tender heart yields
to the pressure
and assumes the form
He desires, much like
a lump of clay
that allows the potter
to determine
the shape of the vessel.

(Reference to
Ezekiel 36: 25-28 New International Version (NIV)
25 "I will sprinkle clean water on you, and you will be clean; I will cleanse you
from all your impurities and from all your idols. 26 I will give you a new heart and
put a new spirit in you; I will remove from you your heart of stone and give you
a heart of flesh. 27 And I will put my Spirit in you and move you to follow my
decrees and be careful to keep my laws. 28 Then you will live in the land I gave
your ancestors; you will be my people, and I will be your God."

“Blessed Are Those Who Mourn.”

Jesus is a man of sorrows,
acquainted, well-acquainted,
deeply-acquainted, with grief.

“And blessed are those who mourn;”

He mourns for your sake,
he mourns his own suffering
that he must face,
he mourns all the things
that are wrong in this world,
and he comes on a mission
of mercy to make wrongs right.

(From the Sermon on the Mount in the New Testament)

“Happiness Is A State Of Mind”.

There is no universal measuring tool for life.

Looking at people and comparing yourself with them will not make you better.

You may not know that you have lots of blessings that others will envy for.

Enjoy what you have. You have just one life.

Happiness doesn't come from having everything.

Happiness is making the best out of what we have.

How we see ourselves is that which matters.

Count your blessings. God loves you without fail. Believe in that sacred love.

“Happiness is a state of mind”.

When we consider
the many ways that
John bore witness of Christ,
we understand why he
was compelled to write,
“He must increase, but I must decrease.”

Although John received
great acclaim as God’s prophet,
after 400 years of prophetic silence,
John was under no illusion
that Jesus must become
increasingly important
while he was to become
of less and less significance.

"The Meek Are Blessed."

Jesus describes himself as meek and lowly in heart.

Meekness is not weakness in the negative sense. It is weakness in the positive sense, being under the hand and voice and will of Another, heeding the voice of The Almighty.

He was meek for you and for me, fully trusting God's promises, fully obeying God's will. He is the one in whose image we are to become.
(From the Sermon on the Mount of Jesus)

'your Plans Are Better Than My Dream'

Why wish upon a star
When you can pray
to the one who created it.

God, renew my joy at this moment
so that I do not miss your presence.

Lord, if I lose my hope today
Remind me 'your plans are better than my dream'.

'you Duped Me, O Lord'

'You duped me, O Lord'
Jeremiah shouted in the desert.

Jeremiah most tender and loving
cries out against God.

'You have cheated me.
Everyone mocks me.
I am an object of laughter.
You are too strong for me
And you always triumph'.

'I want to go away from God
I don't want to be a prophet.
I will not speak in God's name anymore'.

Love of God is like a burning fire.
Burning in the heart
and imprisoned in the bones.

O God, you are my God
whom my soul seeks.

For you my flesh pines
and my soul thirsts.

(context of this poem: Reference: Jeremiah 20: 1-9Holy Bible.
Jeremiah the Prophet of the Old Testament in Bible prophesied as he was inspired by God.

But he was imprisoned and suffered a lot. Then he cries loud against God at first but comes to God again in love.

Jeremiah and Pashhur
"When the priest Pashhur son of Immer, the official in charge of the temple of the LORD, heard Jeremiah prophesying these things, he had Jeremiah the prophet beaten and put in the stocks at the Upper Gate of Benjamin at the
LORD's temple.

Dedication implies sacrifice. Married people may think of their mutual commitment in love; children and parents, if committed to mutual happiness in the family, may think of their daily living under one roof. Love means giving of self. Self giving is a source of happiness.

„let Him Kiss Me With The Kisses Of His Mouth&quo;

„Let Him kiss me with The kisses of His mouth&quo;.
Bride speaks these words in the Song of Solomon in The Holy Bible.
It is the soul thirsting for God. She who asks this is held by the bond of love.
Of all the sentiments of nature, this of love is the most excellent, especially when it is rendered back to Him who is the principle and fountain of it. That is God.
Nor are there found any expressions equally sweet to signify the mutual affection between God and the soul as those of Bridegroom and Bride.

They have one inheritance, one dwelling place, one table, and they are in fact one flesh. So it is not unfitting that the name of the Bride is given to a soul which loves.

55 Million Aborted.

Protect the Babies
They are full human beings
from the time they become
in the womb.
life is sacred.
we shall bow before
all the women
who take a decision

A Belief Without Pride And Prejudices

I believe in a God who gives me a future.  
God will lead the human kind and the history of man  
and the life of each and every one.  
The whole universe shall be lead to a good end.

I believe in Jesus Christ  
who will come at the end of the times  
to bring to fulfillment the whole creation  
and lead the whole creation to God.

I believe in the Holy Spirit,  
the joy, the love, and hope  
and the expectations in our hearts  
will be brought to fullness.

I believe in the communion of saints  
and the big family of the children of God  
in heaven and on earth,  
which is one in faith,  
in the hope and in love.

I believe that one day we all will be united  
in spite of our difference in religious faiths  
as one humanity as the living children of God,  
without, color, creed and racial differences.

That is the presence of God  
which I hope for and pray  
that we will be united  
without pride and prejudices.  
Amen.

A Bomb Of Love

Perhaps we are not yet ready
to make a bomb of love,
a device powerful enough
to entirely destroy the hate,
selfishness and greed
that devastate the planet.

After the failure of humanity
in the use and control of the other forces
of the universe that has turned against us,
it is urgent that we nourish ourselves
with another kind of energy that heals.

Love and love alone will save us.

A true christian mystic
can never be freed from
his deep need for Christ.

No one can dismiss
the God-Man Christ from
his interior life on the pretext
that he has now entered
by higher contemplation
into direct communication
with the Word of God.

Christ is the focal
point for a christian contemplative
because Christ's power
lies not in force or law
but in love.

A Clear And Unprejudiced Vision

Try always to reach
a clear and unprejudiced
vision of Asian thought
and reality in encounters.

Ardent readings help us.

Our own idealistic
presuppositions will
color our image

It may affect our

A Created Capacity For Perfect Union With God.

Our very existence
is a created capacity
for perfect union with God.

The symbol evokes
our true identity.

Our union with God
is our person, it is who
WE ARE, and not any
‘thing’, we know.

A Death To The Autonomous Ego-Self Is Necessary.

The mystic's concern with death results from his concern for love.

The paradox that in a love-relationship, a letting go, a surrender, a 'death' to the self-contained, autonomous ego-self is indispensable is a fact of experience which any lover knows, who has tasted something of the riches of friendship.

Dr. Antony Theodore
A Definite And Personal Relationship

In a mystical experience, the self is captured in a sense of awe and rapture rather than in a sense of intimate affection.

The self must slowly pass beyond the stage of metaphysical rapture or fluid splendour, and crystalize into a definite concept, a definite and personal relation set up between the self and the Absolute life.

A Freedom From Automatisms And Routines

The predisposition of
the mind and heart
to enjoy the symbols
that lead to faith
demands among other things
a freedom from automatisms
and routines and candid
liberation from external
social dictates, from
conventions, limitations,
and mechanisms which
restrict understanding
and inhibit experience
of the new, the unexpected.

A Friend Had A Dream

A friend had a dream.
We were building a home
with sturdy shelves
for the things we loved.

She counted the shelves
But could not remember
the numbers in her head.

She went over and counted
the shelves by touching each one.

It is a mystery as she touched
the shelves kept multiplying.
Her touch made more shelves possible.

To count with our hearts
brings us deeper than all counting.

When we touch and feel it inside
the numbers give way to notes
and sums give way to a song in the heart.

Did you ever feel that when you touch
and give the sense and feel and comfort
of touch to others, angels smile in you?

A Friendship Enkindled By God.

When a simple friendship
is enkindled by God,

A Gentle Intensity Is In Me.

A gentle intensity is in me.  
I feel it now.

My heart breathes  
this gentleness in me.

My intellect questions it.  
My reason asks:  
How and from where  
Does this gentleness come?

Poor me! ! !  
I have no answer.

A Glimpse Into A Profound Way Of Being

When you feel
a heightened
sense of awareness
in which you could tune
into your environment
and people around you
allowing you to perceive
things in a very special way,

then you know, that these kinds
of experiences offer us
a glimpse into a profound
way of being and we perceive
The Reality that is in us
and that we are.

A Glimpse Of The Cosmic Dance.

When we hear an old frog
land in quiet pond
with a solitary splash,

at those moments of loveliness,
we experience
the awakening,
the turning inside out
of all values,
thenewness,
the emptiness
and the purity
of vision that make
themselves evident,
provide a glimpse
of the cosmic dance.

A Heart Full Of Thanks

A heart full of thanks
To you O my God
For my body and soul
Eyes and ears
All the members of my body
Intellect and my senses

For all the friends around me
And for a roof above my head.
Thank you God.

A High State Of Attainment

It is a high state of attainment
to be inspired.

It is expanded consciousness.
It is a peak experience.

In the ecstasy of music making
falling in intense passion,
experiencing a victory
or atop the Mount Everest,
all inspired experiences
lead one to such
expanded consciousness.

The conscious mind receives
a supercharged burst
from the unconscious.

Such experiences
influence one, a lifetime.

A Journey That Satisfies The Inward Longings.

There is a journey that would satisfy one’s inward longings.

It is only when we plunge into the depths of one's own being that we begin to find the sources to pull the life together.

The seeker begins to filter all his varied experiences through his new perspective that he gains from the Holy Scripture.

The sense of lostness in the evolving massive technocracy will provide the backdrop for the truth he would discover in the new aloneness of being with God.

It is an onward journey which the seeker cannot resist, a journey in search of the one for whom his heart thirsts for.

A Laudatio For Poet Kumaramani Mahakul

A great poet of Mahakul family is a great Head master. A poet who strives hard to think and to write and present to us valuable thoughts. His moral values are for us a light in the darkness.
His clean heart and his thinking guides us.
Life has a great meaning.

Acquiring peace, thinking of our own reactions to different situations of life, struggling in darkness and coming into light, mercy, purification of the mind and soul,
meditating on God's dawn,
trust, dusk and dawn, songs in the night for the Almighty, light rays, the funeral and sorrow, beauty of poetry, the duty of a poet, affection,
Problems of existence, existential thoughts, Divine Mercy, the pain of the broken trust, meaning of the meaningful, the clouds, grace, soul, love, darkness of the dark nights of life, faith, revival of poetry as such, harmony, melody of life,
shining love of God, eternal beam of the love of God, wind and light, the divine light, continuing growth, creation of human beings, values of life, yearning for inner peace, the ongoing change of a growing person, the fragrance of life,
calmness in the midst of the storm, in the golden garden of love, life's journey, hope, love and faith are his keen thoughts that impressed me a lot in the long run here in Poemhunter.
I loved always to read and comment on his poems.

So many are his themes which he tries to expatiate up on in his poems. They are innumerable.

His loving heart, his religious soul, going beyond all the religions and respecting all religious thoughts, believing in an after life after death, against all vices.... all these made me write today an eulogy for him.

Kumaramani lives in light.
He lives in God's light.
He teaches us perennial truths of life.
His wisdom that he spreads through his poems in Poem hunter is an invaluable treasure for all of us.
We are blessed to have such a great poet of loveliness and mercy among us.
Kumarmani Mahakul's birth was at a holy moment. He is the youngest son of Bamancharan Mahakul his father and mother Pirapriyambada Devi in the village Gandam of undivided Sambalpur district (Currently belongs to Deogarh district) in the Indian state of Odisha.

He is very much interested in art and culture from his early teenage and involves in the service of rural art, education, culture, drama, and ritualistic village festivals.

After the struggle to complete his education, he joins as a school teacher in Lakhanpur block of district of Jharsuguda in Odisha and later moves to many schools for teaching. Most of his time period is spent in teaching in very remote Laimura area of Tileibani block of Deogarh district.

He retires as the Headmaster from Ludhar U.G.U.P. (ME) School. He is graduated in art and education both and post graduated in Education (Master of Education, ) from Sambalpur University.

He is a happy poet. May God give him long life so that thousands may profit from his goodness. This is my prayer for very dear Kumaramani.

Thank you dear poet Kumaramani

A Love Letter

She wrote once to me:
Our love is eternal,
My Beloved ....
Even Death canNOT
change that, My Love...

WE shall die together,

A Medical Doctor Gives A Detailed Description Of What Happens When Someone Is Crucified:

And they crucified Him.
-The Holy Gospel according to Mark 15: 24

"The cross is placed on the ground and the exhausted man is quickly thrown backward with his shoulders again the wood. The legionnaire feels for the depression at the front of the wrist. He drives a heavy, square wrought-iron nail through the wrist and deep into the wood. Quickly he moves to the other side and repeats the action, being careful not to pull the arms too tightly, but to allow some flex and movement. The cross is then lifted into place.

"The left foot is pressed backward against the right foot, and with both feet extended, toes down, a nail is driven through the arch of each, leaving the knees flexed. The victim is now crucified. As he slowly sags down with more weight on the nails in the wrists, excruciating, fiery pain shoots along the fingers and up the arms to explode in the brain- the nails in the wrists are putting pressure on the median nerves. As he pushes himself upward to avoid the stretching torment, he places the full weight on the nail through his feet. Again he feels the searing agony of the nail tearing through the nerves between the bones of his feet.

"As the arms fatigue, cramps sweep through the muscles, knotting them in deep, relentless, throbbing pain. With these cramps comes the inability to push himself upward to breathe. Air can be drawn into the lungs but not exhaled. He fights to raise himself in order to get even one small breath. Finally, carbon dioxide builds up in the lungs and in the bloodstream. Spasmodically he is able to push himself upward to exhale and bring in life-giving oxygen.

"Hours of this...pain, cycles of twisting, joint-rending cramps, intermittent partial asphyxiation, searing pain as tissue is torn from his lacerated back as he moves up and down against the rough timber. Then another agony begins: a deep, crushing pain deep in the chest as the pericardium slowly fills with serum and begins to compress the heart.

It is now almost over- the loss of tissue fluids has reached a critical level- the compressed heart is struggling to pump heavy, thick, sluggish blood into the tissues- the tortured lungs are making a frantic effort to gasp in small gulps of air. He can feel the chill of death creeping through his tissues...finally he can allow his body to die."

A Mystic Should Search For Anonymity.

Do not allow one 's life to be shattered. 
The silence is to be prized so highly.

A monk desires to be unknown. 

A monk is supposed to seek anonymity 
that he might be known by God alone. 

There is an ongoing conflict in the seeker. 

The seeker lives here on earth 
for the ' pearl of great price' 
(in biblical terms).

Contemplation will be denied 
to a man in proportion 
as he belongs to the world.

The expression 'the world' signifies 
those who love the things of this world. 
They cannot receive the Spirit of God 
who gifts the seeker, with the love of God.

Two contraries cannot coexist: 
the worldliness and Godliness. 
(Here the monk, the seeker, and the mystic are the same)

A Passion For The Absolute.

To make a mystic,
more than the passion
for the Absolute is needed.

A Poet's Art Is A Manifestation

A poet's art is a manifestation of the existential tension between 'what is' and 'what ought to be' or between the false and the true.

A real poet is a mystic and a prophet.

Writing is a source of personal soul-searching to find the meaning.

Artistic experience at its highest is a natural analog of mystical experience.

He is concerned with the organic whole of The Seen and The Unseen.

A Point Of Pure Truth

At the center of our being
is a point of nothingness
which is untouched by sin
and by illusion,
a point of pure truth,

A Resentful Spirit Grows Into A Terrible Burden.

Forgiveness is an act of the will more than an act of the heart.

We don't feel like being merciful to someone who has wronged us.

But a resentful spirit grows into a terrible burden.

You won't deal with a sin until you see it as God does.
So assume full responsibility for the unforgiving attitude.

Acknowledge that it is a violation of God's command.

Claim the divine mercy He offers.
Ask Him to enable you to lay aside anger and resentment.

Pray for those who hurt you.

A Tribute Tochito The Poet

An Eulogy on Chito the poet

Nicest of course
if we can always share
all that we each reserve
for the best of friends,
for each other.

then i'll show the way,
lead you to the highest
hills that we can mount,
to see as much of the sky,
The very first poem that you published here in PH attracted me and I thought at once,
this man Chito has a very very loving was the point of attraction that i continued
to read your creative art.

the bright array of leaves
that drift and swirl
like the secret
colors of the heart.
He is great lover of nature. His poetic eyes go after colors that gives a tickle in
his being, make him write poetic verses on nature.

words are words no more
but the wine i take
in order to forget,
no, no, not true!
more to remember
the loveliness of your soul.
Expressions of heavy heart lost in sweet remembrances of his lady love.
in jealous fit i struggled in the night
to write an ode to my former love,
in lengthy verse, i declared: miss me yet?
Pure human reactions of a great poet who feels lost when his lady love
declares that she found a better lover.
at the blush of the dawn;
a reminder of your touch,
remembrance of our past.
I soar like a shooting star of love,
the heavens my field
of eternal ecstasy!
The poet Chito jumps in joy at a new found love.
His heart is in a new world of butterflies, rainbows, and nothingales.

In silence the moving waters
swirl my hopes unto the clouds.
Poet Chito always relates himself to nature to express his deep-felt emotions.
You may never know
my cry nor my language, ..
You will never know the cry of my heart and my passions.
Poet Chito has a soul that sinks in mystery.
My dear Chito,
You are exceptional.......you are a unique poet.I don't know whether you have understood Yourself.
Try to get deeper and deeper into the mystery of your own self.
There, deep down in you, sleeps the goddess of poesy. God bless you, dear Chito.

A Tribute Tonamita Rani Panda, A Poet Of Excellence

Namita raises herself very often to the divine heights. "Isn't the sky a divine letter with the sun, moon and stars as its indelible letters written by God with heavenly ink that perpetually entice and blink?" (A Divine Letter)

She is also a passionate lover who loves to be kissed and experience real human touch and passion. "If a kiss is carved on your cascade like hair That's fragrant with the scent of jasmine flowers It's a signature of love so pure to feel secure." (A Venture to Define a Kiss)

Bringing nature into a mysterious presence in her poems is her passion in writing. "The wind whispers in my ears, You're mine and I'm yours; The moon blesses in silvery shower And assures that our waiting will soon be over." (Love Unique)

As a real and sincere person, she questions the movements and actions and puts it on the weighing pad of conscience: My conscience says, "What a hypocrite you're! Your son is wriggling on the hospital bed And you're boasting to be a great teacher!" (A Hypocrite I'm!)

She is a great lover of art. "When the art is completed with utmost perfection life returns to him with boundless satisfaction!" (Rebirth)

She is undoubtedly the queen of her kingdom and very consciously she asserts it. She wants to die in fame. "I go on exploring paths of my own in the world full of cutthroat competitions. I prove myself the queen of my kingdom with an undying name and timeless fame." (My Own Path)

Her magical words can lead us to a celestial romantic passion. "The Earth entices for union with her swelling mountain bosoms..."
The heaven bends slyly at the horizon. (Celestial Romance)

What a wonderful imagination she possesses to write that she poured her heart on a little kite and sent it on its flight to heaven! I poured out my heart on this little kite and with undying hope set it in flight. Please never take it as an insignificant kite. (A Letter to God)

Suffering for her is a touchstone to test one's tolerance and determination, a great human experience. But like you I'll sail in my sky No matter what they callously say To prove that I'm God's noblest grace Descended to the earth only to solace! (The Forlorn Moon)

Every sorrow she turns into a source of pleasure. My life is an endless adventure To discover nectar in the pool of tear To bloom amongst thorns a cactus flower! (My Life)

Her disappointments of life and broken expectation of a love, she describes in despair...but she always tries to conquer that feeling and looks for the bright sunshine Isn't the full stop like a round moon eclipsed to reappear with much lustre soon heralding a new beginning? (Full Stop)

A great poetess is Namita Rani Panda. She is a poet of excellence. One has to sit and read her verses peacefully and try to imbibe her goodness, peace, love, care and concern. She is a poetess of great expectation. When the expectations are not met, we fall into despair. This is also a great experience which paves the way to make one human being a big poetess: her love for God, God's nature, and sending kites full of prayers on it to kiss the divine sky where God and his angels live.

In spite of all her negative experiences, she is a very positive person giving us readers the wine of love and prayer and devotion. Long live dear poetess Namita!

A True Encounter With Other Culture Changes Us.

A mystic's vision is enlarged by Asian wisdom and it deepens this insight into life's mystery just as anyone who gets a chance of deep encounter with another culture gets changed in his vision and thinking.

Dr. Antony Theodore
A True Poet Is Committed To Truth.

A true poet is a religious artist
determined to give form to his vision.

Both his vision and artistic creation
are the products of the love of God.

The mystic and the artist
are inseparably bound together
in a true religious poet.

Committed to
the passionate search for truth,
it becomes the real obsession of a poet.

Dr. Antony Theodore
A True Poet Is The Successor Of The Prophets.

Artistic discipline
and religious discipline
can complement one another.

Religious ascetics have something
to learn from the natural
asceticism of the artist:
it is unself-conscious, organic,
integrated in his art.

It does not run the risk
of becoming an end in itself.

But the artist also has something
to gain from religious asceticism.

It not only raises him above his subject
and his material but above his art itself.

He can now control everything,
even his art, which usually controls him.

A true poet is the successor of the prophets.

The capacity for mystical experience
is enlarged by the poetic instinct.

A Wounded Little Bird.

I saw on the pathway
a wounded little bird.

Took it carefully
kept it warm
inside my palms,
came home
fed it with milk.

It was lovely to see it
drinking slowly
the milk of love i gave.

Then kept it safely
in a small box
in the wool bed
and we both slept.

The next day
i repeated into its ears:
fly, fly, fly,
learn to fly again.

Weeks passed by.
Every day we both sang
the same song
fly, fly, fly, learn to fly again.

Today i saw it flying
from my room
to the wide world
of butterflies and birds.

Tremendous was my joy.

Abolishing The 'disguise' Of The Illusionary Self.

The entire monastic ascesis is aimed at the abolition of the 'disguise' of the illusionary self in order to expose the real self.

Self-awareness and self-knowledge, not to be confused with self-obsession and self-centeredness, are the beginnings of the mystical ascent.

God's identity and man's identity are inextricably bound together.

The unmasking of the false self has as its purpose the revealing of the true self.

Acknowledging That No Achievement Can Sustain Him.

The mystic's life contains all the countless little concerns that are part and parcel of daily human existence.

Mystic recalls frequently the thinking on death.

Death has much to do with recognizing each thing for what it is and acknowledging that no object, no experience, no achievement can sustain him in existence, and, therefore, to be authentic he must struggle to be true to his chief responsibility of searching for a life that bears inspection in the face of death.

Acting at The Very Summit Of Our Being

Our true greatness
is in the humility
of living faith
and the simpler
and purer
our faith is,
the closer
it brings us to God.

To go out of ourselves
is to act at the very summit
of our being, not moved by
our own nature,
but moved by God
who is at once infinite
and not bound by
by the limitations
of space and time.

Every common bush here on the earth
is afire with God and the light shines
without burning as in the story of Moses.
But only he who sees it can take off his shoes

God is robed in light.
God illuminates your whole being.
Learn to see the astonishing light
of your own being.
Every face that is turned towards God
grows brighter every dawn and dusk.

The greatness that we carry is ours

Alerting Us To Malfunctions Of The Flesh

The ascent to knowledge begins when the fictitious images of life and carnal man's abilities are shattered.

The experience of pain in life is a gift of God to alert us to malfunctions of the flesh and the spirit.

Allow Yourselves To Be "In-Spirit."

Inspiration springs forth
when we allow ourselves
to be "in-spirit," aligned
with our true essence.

When you feel truly passionate
and inspired about something,
what frame of mind are you in?

What kind of effort are you
willing to put forth?

You feel motivated to do
whatever it takes,
without fear or doubt,
to turn your vision into reality.

You grow in confidence.
You believe you can do it.
You are committed

Dr. Antony Theodore
Allowing The Consciousness Of The Mystery To Express Itself.

A poet should allow the consciousness of the mystery to express itself by constant purgation and purification.

The creative spirit strives to escape all forms of domination.

One has to differentiate between Irresponsibility and true freedom.

The only valid proof of the artist's creativity is his own original work.

The artist builds his own freedom and forms his own artistic conscience.

Only when the work is done, can he tell whether or not it was done in free artistic conscience.

An Antidote To The Crudely Materialistic West.

Dr. Antony Theodore
An Emptying Of All The Contents Of The Ego-Consciousness

The dynamic of emptying and of transcendence accurately defines the transformation of the Christian consciousness in Christ.

It is a kenotic transformation, an emptying of all the contents of the ego-consciousness to become a void in which the light of God or the glory of God, the full radiation of the infinite reality of His Being and Love are manifested.

Dr. Antony Theodore
An Epiphany Of God In Man.

Ideally speaking, if we all lived in the kind of altruistic concern and engagement, human history would culminate in an epiphany of God in man.

Finding oneself in union with God implies the perfect integration of the whole human person.

Through this integration, man becomes a being in God. and like God, whose nature is love.

When we are able to love another for his own sake, it makes us like God.

Because this power is the one thing that is free from all determination.

Dr. Antony Theodore
An Experience Without Ambiguity

The mystical experience need not be a logical formulation or expressed well symbolically.

There is a conscious awareness of God, though, ever tenuous and tinged with doubt.

But there is no doubt in immediate intuition.

It is an experience that impresses itself up on us directly without ambiguity.

An Incarnation Of The Genius Of Rhythm.

An Indian Story (That Is What I Am, That Is What I Do.)

There was a quiet man who would pray in the Ganges River every morning. One day he saw a poisonous spider struggling in the water. He cupped his hands and carried it ashore. As he placed the spider on the ground, it stung him.

The strength of his prayer saved him from the poison.

The next day the same thing happened. On the third day again the man saw the spider in the water struggling.

This time the spider asked him: "Why do you save me always from the water. Don't you see that I sting because, that is what I am, that is what I do."

And the kind man cupped his hands and while lifting the spider from the water, said: "Look that is what I do, that is what I am!"

There are many reasons to be kind. But nothing is so powerful as to tell oneself: "that is what I am, that is what I do."

Dr. Antony Theodore
An Ontology Of Love.

The insight is a matter of an ontology of love.

God manifests himself to himself and to us as Trinity.

The Trinity is God's contemplation of himself, his subsisting union with himself in the perfect actuality of his divine existence.

(The Holy Trinity is a teaching of christian christians believe in the Father Almighty, the Son Jesus Christ and the Holy Spirit who is active now in this world are one in Being.)

Dr. Antony Theodore
The virtues have a common character. They tend to make the subject regard itself, not as an isolated and interesting individual, possessing desires and rights, but as a scrap of the cosmos, an ordinary bit of the Universal Life.

The subject is only important as a part of the All, an expression of the Will Divine.

Purity is but detachment of the heart and so detachment and purity go hand in hand.

The detachment of the heart brings with it the humble spirit of obedience which expresses detachment of will.

They are the manifestations of Inward Poverty.

And God Told Me So Am I To You

When I was a baby,
I looked at the breasts of my mother,
Round and lovely,
Full of tasty milk.

I longed to suck the milk of love.
I longed to suck the milk of joy.
I longed to suck the milk of playfulness.
And she hugged to me her lovely breasts.

Angela Of Foligno Writes About Her Vision

In a wonderful passage, 
unique in the literature 
of mysticism, Angela of Foligno 
has reported the lucid vision 
in which she perceived this truth: 
the two fold apprehension 
of an Absolute at Once 
humble and omnipotent, 
personal and transcendent.

She writes: "The eyes of my soul were opened, and I beheld the plenitude 
of God, whereby I did comprehend the whole world, both here and beyond the 
sea, and the Abyss and all things else; and therein did I behold naught save the 
divine power in a manner assuredly indescribable, so that through excess of 
movelling the soul cried with a loud voice, saying 'This whole world is full of 
God'!

Dr. Antony Theodore
"Behold now, and see My humility'.
Then was I given so deep an insight
into the humility of God
towards man and all other things,
that when my soul remembered
His unspeakable power
and comprehended
His deep humility,
it marvelled greatly
and did esteem itself
to be nothing at all;.
(Visionum et instructionum Liber, Chp. xxii., (English translation, P.172).

Dr. Antony Theodore
„Wherefore did I now comprehend that the world is but a small thing, I saw, moreover, that the power of God was above all things, and that the whole world was filled with it. Then he said unto me: 'I have shown thee something of My Power', the which I did so well understand, that it enabled me better to understand all other things. He said also, 'I have made thee to see something of My Power'; (Visionum et instructionum Liber, Chp. xxii., (English translation, P.172).}

Angels Of God, Come

Angels of God, you are clothed in fire and flame sharing God's splendour.
Angels of God, you see the face of the Almighty God.

You give comfort to the poor and the needy in times of pain and struggle.
You solace their spirits in anguish and loneliness.
You open for the poor the Lord's eternal gates and comfort the sinners when they tremble.

Come to us, human beings and sing with us the songs of Glory and praise.

Let the whole creation sing with all of us.

Make known the power and glory of God the Almighty.

Come and unite all religions and the races.
Let us dance together in front of the heavenly throne in one voice united in spirit, in tremendous joy.

Anointed Messiah

John identified Jesus as the anointed Messiah, who is equal with the Father.

He proclaimed Him to be the eternal One, who came after him and yet existed before him.

John also identified Jesus as the One sent to dispel spiritual darkness and Who came as the heavenly Lord of eternal Life.

John knew he was not sufficiently worthy to even carry the sandals of the One about Whom he testified.

Apoem Of Innocence.

Graceful are the angels.
In their flight of love
they spread light and grace.

Love is my wing.
I become an angel without wings
when I spread the aura of love.

When the angel leaps,
when the child smiles,
when my mum caresses me
it is heaven on earth.

Angels live in the heavens.
Angels live on the earth.
They call me on a heavenly ride
on the winged chariot of love.

Are You Immersed Intenderness, Dear Poets?

My mind must have bathed

A return to God is only possible by detachment and 'death' in the exterior self, so that the inner self, purified and renewed, can fulfill its function as the image of the Divine Being.

Arise And Shine.

Your light is your God.
Arise and shine.
Darkness has no place in you.
God's glory shall shine up on you.

Vow always to be true.
He covers you with his feathers.
Choose to do God's will always.
God heals and delivers.
Be a living testimony for God.

How i long to hear my God say
„You are my beloved. I love you.
You are the child of my heart‟.

Art Can Spiritualize Man's Consciousness.

Art can form and spiritualize man's consciousness. The poet and mystic have to be willing to be transformed by their own divine work. Every artist, poet, and mystic are inspired divinely.

Artistic and religious disciplines can complement one another.

Religious ascetic has to learn from the natural asceticism of the artist in his core. It is unselfconscious, Organic and integrated with godliness.

As A Horse Running Over The Green Heath

His pleasure is as great,
to take a simile,
as that of a horse,
let loose to run over
a green heath where
the ground is level
and smooth,
to gallop as a horse will,
as fast as he can over
the greensward
for this is a horse's pleasure
and expresses his nature.

(God takes such a delight in the identity that God gives to the seeker. God pours his whole nature into the soul that God loves).

Dr. Antony Theodore
As Light Is To The Flame.

In utter simplicity, in the moment of the existential realization of being, we intuitively realize within ourselves that our existence, though truly our own, is to God as light is to the flame.

Dr. Antony Theodore
As Love Created In Love.

When the vision enters
into the flow of being
the mode of vision
turns into the vision
of the true self
which subsists
in God as presence
created in Presence,
as love created in Love.

Dr. Antony Theodore
As Veils And Vessels Of The Divine.

The pure soul of the mystic, dwelling on higher levels of reality, his eyes set on the Transcendental World, is capable of combining with the perfection of detachment that intense and innocent joy in natural things, as veils and vessels of the divine.

A mystic sees all creatures in God and God in all creatures.

Dr. Antony Theodore
Asceticism Has The Power To Attain True Liberty.

Ascetical discipline
must lead to freedom.

By detachment and purity of heart,
if one succeeds to penetrate
the inner secret of the ground
of one's ordinary experience,
he attains a liberty
which nobody can touch,
which nobody can affect.

It is the monastic view of reality.

Necessary is it, and inevitable
are the practices of asceticism
in a spiritual search.

(But there are several other concepts such as abnegation, mortification, penance, self-denial, sacrifice, renunciation and detachment).

Dr. Antony Theodore
Asceticism Of The Celtic Monks.

St. David „the Waterman”;
stood for hours in the waters of Alun River
Chanting psalms.
A naked woman was paraded in front of him
to induce him to leave the chill of the river
to find warmth, presumably in her arms.

St. Cuthbert, too stood in the frigid waters
of the North Sea to say his prayers,
Many are the report of the celtic monasteries having only bread, water, and a
few vegetables as their normal diet. Extreme asceticism and bodily mortification
were an accepted part of the Christian life for the early Irish Peregrini.
Their theology was: the Christian's life must be a constant warfare against self-
will and gratification of the senses.
(This is not a poem. Simply giving notions of people who tried in different ways
to achieve the nearness of God).

Asian Wisdom And The New Testament

When our thoughts and insights
influenced by Asian wisdom
Buddhism, Taoism,
Tantra, Zen,
and Hinduism
along with the New Testament
thoughts of Jesus Christ
will lead the poetic mind
and intellect
into a new vision.

This is a vision
Which the modern
world needs badly.

Asifa Bano, An 8-Year-Old Girl's Gang Rape And Murder

Five days later, Asifa's body was found.

After seeing her body:

"She had been tortured. Her legs were broken," recalled Ms Naseema, who had rushed to the forest along with her husband to see the body.
"Her nails had turned black and there were blue and red marks on her arm and fingers."

Asifa was confined in a local temple for several days and given sedatives that kept her unconscious.
She was "raped for days, tortured and then finally murdered." She was strangled to death and then hit on the head twice with a stone.

Asifa was described as a "chirping bird" who ran like a "deer."
When they traveled, she looked after the herd.
"That made her the darling of the community," she was the centre of our universe."
(I have taken it from the newspapers and from the internet).

My heart cries for her. She is an angel among the purest of angels, in the abode of a God who is beyond all religions.

Dr. Antony Theodore
Ask God for His Blessings

The good God bless,
accompany and protect us all,
from all dangers and care for us.

He gives us love where there is hatred,
strength to forgive the inner wounds.

God gives us power,
where weakness paralyzes.

God gives us tolerance,
where impatience reigns,
and openness, where everything
seems deadlocked.

He will let us fly on the wings of hope
and accompany us
like a ray of light in the night.

Dr. Antony Theodore
Ask Questions And More Questions.

Ask questions and more questions.

A powerful teacher gives
a few simple examples.
He teaches fundamental truths.

Learning takes place through discovery
when you figure it out for yourself.

A good teacher makes only suggestions,
directs the students and Points out problems.

Above all ask questions and more questions.

Thus a teacher encourages discovery.
Only through personal initiative
and constant and incessant work,
one student achieves greatness.

This is the joy of a true teacher.

Dr. Antony Theodore
Asking God For His Blessings

Good God, we ask your love,
because otherwise we could not love.

We ask for your peace
because we need peace.

We ask for the strength to believe
because we can build
with you in your kingdom of love.

We ask for your blessing
because you alone can give it to us.

Dr. Antony Theodore
Aspiring For Perfect Spiritual Happiness

The possibility of the spiritual activitation is something of which nature can only be faintly or remotely aware.

It cannot know what that activation is.

But in aspiring for perfect spiritual happiness, our freedom aspires to this unknown perfection.

(The reader may refer to Selected Texts published in 'Thomas Merton's Dark Path' by William H. Shannon).

At Dawn And Dusk, God Is Communicating With You.

God gives you signs
every day and every night,
at every dusk and dawn.

God gives you signs
through human beings,
your foe or friend.

God gives you signs
in the beautiful nature
or in the wild storms and rain.

Learn to listen to it.
God is communicating with you.

Dr. Antony Theodore
At The Grave Of A Loved One

At the grave of a loved one
our soul feels orphaned.

There was still so much to say.
But his ears are not listening anymore.
His eyes do not see the beautiful flowers
and the gravestone to his memory.

It seems like our love
grasps the void, and that hurts us.

But after some time it will be
as if the deceased
wants to direct our blick to people
who are still with us.

As if he wanted to tell us
"let the love you wanted to give me
be given to all who are near you.
let your love go to the poor
unwanted and rejected;".

At The Moment Of My Death

At the moment of my death,
where will my soul go?

Will it go to the land of the dead
or to the lap of God?

Will it enter the darkness
or to the land of light?

Will it fly to the full moon
or to the land of Roses and peacocks?

Will the soul sing all along the way
like nightingales?

or will it dance with the angels,
fairies and saints of all time?

At The Soul Level

There is an enriching fountain of love within each of us at the soul level.

To know what is love
You need not go outside of yourself.
There is the well spring of love within the heart.

At The Very Roots Of Our Existence.

It is the mystical realization, that we are confronted with the truth that at the very roots of our existence, are we in constant and immediate and inescapable contact with the Infinite power of God.

Dr. Antony Theodore
Attraction, Devotion, And Elevation.

The characteristic mystical qualities are attraction, devotion, and elevation.

Attraction is the consciousness of the mutual desire between man's Spirit and the Divine Spirit.

It is the link of love which knits up reality and draws all things to their home In God.

Dr. Antony Theodore
Awaken The Hidden Love In You.

Give yourself the gift of the inner wellspring.  
It will soften all that is hard in you.

Invite this inner fountain to pour in you.

The greatest gift, love brings into your life 
is to awaken the hidden love in you.

Dr. Antony Theodore
Awakened By The Consciousness Of The Emptiness

The quest for God
evoked by the awakened
consciousness of the
emptiness of the world
is for a return to God Almighty.

The meaning of human life
is achieved by a constant
return to the Almighty God,
the Source, the Ground
of all existence,
through the good works
and life of penance
and prayer and almsgiving.

Dr. Antony Theodore
Awareness

When awareness is turned on
there is no distraction.
Because you are always aware of
what is happening in you and outside.

Concentration is like standing in
a spotlight, a flood of light.

All that is coming in the scope of
Your consciousness attracts your attention.

Distraction cannot prevail
in the mind of the awakened.

Awareness thus becomes a gift of God.

Dr. Antony Theodore
Awareness Is Consciousness.

You are pure awareness.

Awareness is the screen on which everything that you experience exist and are projected.

Awareness is consciousness.

Master the art of awareness.

Dr. Antony Theodore
Awareness Of The Mystery Of Being

The symbol awakens
awareness or restores it.

Therefore it aims
at communion.

Communion is the awareness
of participation
in an ontological
or religious reality,
in the mystery of being,
of human love, of redemptive
mystery, of contemplative truth.

Dr. Antony Theodore
Awareness.

In our daily life
body and Spirit are often separated.

Body is here, but we flow in the past
so far away from the present moment
or in the far future.

Through awareness,
we can unite the body and spirit
and live joyously in fullness.

Dr. Antony Theodore
Awe-Inspiring Life

The mystery of a life
that is awe-inspiring
and sublime, consists in
giving the first place to God
on every newborn day.

God has the first place,
the first priority,
primacy and preference
in every decision you take
and you concede for God
the first place in your heart.

Then is your life awesome.

Dr. Antony Theodore
Be A Blessing

So that we can become
a blessing for the world,
we pray and ask God
for God's blessing now.

May the Lord God
be a star on our paths.

God shines in front of us,
so that we do not lose
our sight of the goal.

God shines beside us,
lest we stumble and fall.

The Almighty One shines in us,
so that we are always safe
through our journeys here.

So comes the blessings
of the almighty, benevolent,
faithful and loving God,
to protect us all the days to come.

Dr. Antony Theodore
Be A Blessing To Allwhom You Encounter

Let us use the manifold possibilities which are offered to us to spend our time in penance.

Let us take time for personal orientation.

Let's take time to pray. Let us take time for a reconciling conversation.

Let's take time to forgive.

Give forgiveness in personal exchange in a mood of reconciliation, in the presence of God.

Be on the right path from the beginning.

It is The way to life. It is the way to God.

Be a blessing to all whom we meet and encounter

Dr. Antony Theodore
Be A Candle That Burns

You kindled me.
You are very thoughtful
when you look at me now.
You sit pensive in my light
and meditate.

Do you know
I am glad that I burn.
If I did not burn,
I would have been in a candle box
with others who also do not burn.

In such a box,
we find no meaning for our lives.

My meaning I find when I burn.
Now I'm kindled and spread light.
You can say "I am on fire".
I am burning.
So I become shorter.
I am sad, that I will become soon
a small stump only.

But so is life.
There are only two options for me:
Either I remain completely
intact in the cardboard,
then I will not become smaller.
But then, I have no meaning in my life.

But when I burn,
I will give light and warmth,
then I know, that I am
of use for others.
I have given myself freely.

It is better than to be as cold
and meaningless in the box.
Burning for others is my joy.
A candle light is contagious!
Be a candle that burns.

Dr. Antony Theodore
Be A Passionate Seeker Of Truth

If you are a passionate truth seeker, if you are perceptive and intelligent and possess a highly intuitive mind, it will eventually lead you to the world of creativity and poesy.

Dr. Antony Theodore
Be A Sincere Simple Seeker.

With the coming of God in one's life, man's solitude becomes more perfect and more pure, in the sense that, man becomes more of a person.

He becomes more of a person by virtue of his deeper union with others in charity.

In the heart of the seeker, this mystery of solitude and communion reaches even greater depths.

Everyone who seeks God shares to some extent the solitude of the heart of God.

Dr. Antony Theodore
Be Amazed

See the miracle,
hear the miracle.

I hear a bird!
I hear a wind chime!

Do you feel the wind?
It is so soft!
Is it not so wonderful?

Look at
these beautiful flowers,
the leaves of the neem tree.
The wind blows
the leaves begin to sing.
Its clatter inspires me to listen.

It brings in me, calmness.
I begin to sing in my heart
with the clattering leaves.

Do you listen? ?

This dog is so lovely.
He jumps, he gives me love
I touch him, caress him
lift him up to me.
He plays with me in love.

Be amazed always.

Be amazed.

When you're burned out,
bone weary, tired
go to the Lord God
bow down and adore.
God alone brings peace.

Dr. Antony Theodore
Be Awake! ! ! Eternity Is Right Now! ! !

Eternity is right now.

Are you ashamed of your past?

Be Beside Us To Hug And Protect Us.

Lord God, go before us
to show us the right way.
Be beside us to hug and protect us.

Be behind us to save us from
the wickedness of wicked people.

Be below us to catch us when we fall.

Lord, be with us to comfort
us when we are sad.
Be around us to defend us
when others attack us.
Lord, be above us to bless us.
So bless and accompany us always
oh the benevolent and loving God.

Dr. Antony Theodore
Be Careful About The Truths

Be careful about the truths accepted by a majority.

The powerful can manipulate your thinking by imposing untruth as truth into your unthinking mind.

Truth remains truth even when rejected by many.

Lies will not become truth because it is accepted and carefully taught by the government in their power.

Dr. Antony Theodore
Be Conscious Of The Mystery That You Are.

Life is full of mystery.

Why do you need the approval
of others to make you happy.

You slip away from the mystery
that you are, when you seek approval.

Be conscious of the mystery that you are.

Dr. Antony Theodore
Be Great In Yourself.

Be great in your character
you attract what you are.
Remember it.
Not what you want to be,
not your desires to become
make you attractive.

Your being,
your character
your greatness in yourself
makes you great.

You attract what you are.

Dr. Antony Theodore
Be Kind To The Unkind.

Do not hate
those who hate you.

Be kind to the Unkind.

God has a firm grip on you
and your circumstances.

My higher self
or the real self
knows my wounds.

The real self
in which God remains
sees your readiness.

God loves you beyond measure.

Dr. Antony Theodore
Be Kind To Your Own Self.

Compose your mind
in calmness.
Quietly and gently
pursue your aim of life.

Be kind to your own self.
God loves your self.
Be loving and kind
and treat yourself
as God's beloved.

Keep me strong in your love.

Dr. Antony Theodore
Be Silent My Soul

Be silent my soul
Be silent my soul
that i may hear his call.

Let me listen to
and trust God's voice.

I like to fall in prostration.

I want to abandon myself
as a pleasing sacrifice
to my God,
The Almighty One.

Dr. Antony Theodore
Be The Ruler Of Your Thoughts

All that we are,
are influenced by our thoughts.

Thoughts have such a great power.

We become what we think.

So be careful with our thoughts.

Thoughts shall not fall into
ways without the light of goodness.

Mastering our thoughts
and living accordingly
will lead us to greatness.

Dr. Antony Theodore
Be Yourself

Be conscious about being truthful.
Resist the urge to accommodate my truth away.
Being who I really am is not forbidden
just because others are uncomfortable with me.

The cost of not being who you are
is busying oneself pleasing all others.
Then a precious part of you die inside.
There will be internal conflict to deal with.

If we choose to avoid conflict with others,
we will eventually breed conflict within ourselves.

Attend to your inner lives
Even when it creates discord
with those who would have us
be something else according to their will.

Dr. Antony Theodore
Be Yourself Exactly As You Are.

Compassion, sweet compassion
is the never ending story of
how we return to exactly who we are.

It is the never ending story of
how we embrace each other
and forgive ourselves
for not accepting our beautifully
particular place in the fabric
of all that is created.

We are born with only one obligation
to be completely who we are.

Beautiful Butterfly

In a beautiful butterfly,
Your face comes so true to me.

Through a pretty butterfly
You come flying so serene into me.

As the tiny wings flutter
I watch with love and joy
and wonder how it could be
that I see your face coming to me.

With beauty and grace
you perch among the flowers
as if searching for a special place.
Oh if I could only turn my heart
into a bed of flowers
for you to fly and hide
and secretly whisper to me
with fluttering wings how you love me.

Warm and kind is our friendship
so rare like a beautiful butterfly.

Welcome to my garden of happy thoughts
where butterflies fly along
the paths of lovely flowers.

You are so special in my life.
So innocent and pure is our friendship.
I care for you with a heart full of joy.
You are mine, I love you.

God, help me not to be possessive.
Love is freedom in true sense.
Possession is selfishness.
God, help me not to be possessive.

(When we fall in love, we think love is possessing the other. It takes time and maturity to realize that real love is freedom and never possessive. So we do
experience divinity in selfless love. I believe, in every love affair, God is at play. If not, love is doomed to fail.

Dr. Antony Theodore
Beautiful Dreamer

Walk down to me
Beautiful dreamer.
Collect the dewdrops
On a smoothy leaf,
Come and give it to me.

Sing to me, beautiful dreamer,
Sing in moonlight
The songs of romance
In soft melody.

Dr. Antony Theodore
To become a single vibration with one single breath of my Stella, warm and cold, 
To live and to die each moment to refresh. 
I want to flow within the pain and pleasure of my love and rest beyond thy chest - my resurrection. 

Love is his great concern. His poetic heart craves for love. The portrayal of Stella seems to be a divine personification. 

The Earth is bubbling to touch the ecstasy, the spirit to pass through outward coitus, 
The booming blessings of the Devine to fall and die to others. 
The color on color to release the essential core of soul through its fleshy bower. 

Nature and divinity play a great role in his poems. 
The heart still bubbles to vibrate and imitate 
The life's offerings of Enlargement, the happiness to ruminate. 
Very often the poet writes about his bubbling heart and at the same time he thinks of death as a place of peaceful abode. 

A vain man on the Plain of stride of life, 
A living sepulcher, an acolyte did become 
My life losing the shaky drowse of time. 

Prabir, the poet expresses and loves and express his dreams in a very original way 
using special words and expressions which reveals very much his way of particular thought. 

The mystery of unknown realm that a tiny flower knows, 
The knowledge of vastness that drops as 
Timbrel into the voiceless voice of a bird, 
The Sedulous semblance in every Sparkle 
Of Ubiquitous Infinitude, 

He writes how nature, a simple flower knows about the mystery of creation which the so-called the intellectual human being may not grasp.
The feeling of no feeling is vast in its profundity,
The kingdom is empty like a mirror with no image inside.
The word shrinks within its womb rapping
The world behind to relax on its penumbra.

The poet imagines that he has many bodies or existences and
how each one feels and goes forward through life to
death in love and dreams.

Will this blood of mine redeem the fallen one?
Will this gore that gushed out of my hurt heart,
Rectify those who slacken to naught from
Grace?

The poet meditates on the crucifixion of the Lord Jesus
and compares it with his own self
while writing about his own crucifixion.
Will my blood save anyone?

It blossomed without root and chaotic became
My mind as a bee is drawn to somnolence.

I believe firmly that every poet becomes
a mystic, while engaging himself the world of poesy.
Here in his mystic song, dear Prabir becomes a mystic poet.

Where is that old self, the desire to touch, and to achieve the holiest height?

Thinking of his childhood the poet asks where is my old self?
Past glory is passed with the hazy outlook of mind - tired,
fretful, sordid and adamant to way clear.

He praises his glorious childhood and cries over the lost innocence.

He loves his Stella, she becomes his other self. Stella is not An Other.......She is
the poet's extended self.
The portrayal of His Stella brings us to another world by creating a world of love
far beyond the love is omnipresent. Love is not bondage..Love is liberation itself.

Varied are his themes and interest. He is known for his powerful use of words
and expressions.
He takes time to write. it is visible in his poetry.
He has his unique style and creative talent.

In some poems, it is crystal clear that he had
this gift of a poetic mind from his childhood onwards.

Now as a grown-up human being,
his memories, reading,
his knowledge and experiences
of life are reflected in his writings.

These make him a great poet of all time.

I can only recommend reading
dear Prabir's poems to become enlightened.

God bless you, dear Prabir,

Dr. Antony Theodore

Beauty Falls Into Purity.

Look, the autumn leaves are falling
Beauty in its marvelous form
falling into a heart which is pure.

Beauty falls into purity.
That experience is heavenly.
Don't you think so?

Beauty Is So Ancient And So New.

In the vision of the beautiful,
Reality reveals itself.

Beauty is so ancient and so new.

Eternal Beauty
is within me.
But I fail to seek the Eternal
living in me.

Futile I seek for the Beauty outside,
frustrated I return.

In moments of deep meditation
I tend to cry out:
“You were always with me
But I was not with you”.

I fall then in prostration
lost in a glorious adoration.

God looks at me
God smiles now.

Beauty Will Rule Over You.

Change the way you think and speak,

Place your trust in God. 
It is God who makes everything possible.

It is our hope in God, which brings success in all that we do.

Hope in God brings harmony and meaning in our love relationships.

We all desire for a serene and tranquil atmosphere in life and love.

Then beauty will reign your life.

Become Aware Of Your Mind.

Unveil the layers of protection that you built around yourself.

Appreciate your body.
Become aware of the mind.
Make peace with yourself.

Accept yourself as you are.
Love yourself as you are now.

Do not run away from you.
Do not hate yourself.

Remember you are growing into the loving benevolence of the one who created you.

You are now becoming conscious of who you are and your potentials.

Becoming Modes Of The Infinite

The ideal of the great mystics
is to become modes of the Infinite
being filled with an abounding sense
of the Divine Life, of ultimate

Before We Pour Out Our Hearts To You.

Good God,
you know how we are.
You see us better than
we see ourselves.

You understand our
concerns even before
we try to relate it to you.

Before we pour out our hearts,
you know us through and through.
You want us to do great things.
You give us the courage to rethink
and start anew if we have gone wrong.

We want to reconcile us with you!
Make us new beings in your presence!

Begin With The Spiritual Journey Now.

Begin with the spiritual journey now. 
It is a lifetime of continuing conversion.

By deciding to go in search of God 
one definitely turns away from 
self with the intention of 
consecrating the rest of the life for God.

The subduing of the passions and the 
control of the senses are not intended as 
punishment or rejection of the natural order.

It is the death of the old 
for the sake of giving birth to the new. 
It paves the way for the experience 
of the goodness of creation 
and is a means of uncovering the 
supernatural in the natural.

It aims at a complete metamorphosis. 
There should inevitably be a death 
to experience the resurrection.

one with God.

You are called 
in a very special manner 
to be received into his dwelling, 
to enjoy his loving 
presence and to delight

Being A Mirror Of God

When we live from a core of love,
from an attitude that puts
others before self,
we will mirror God's light.

It is a light that will overflow
into the everyday,
into the ordinary.

When we live out of a sense of gratitude
and joy in uneasy times, we are light.

Light challenges us
to take responsibility
for ourselves
and for others in need.

When we live from a core of love,
we become a mirror of God.

Dr. Antony Theodore
Being Happy Is Our Call.

Moon came to me smiling.
I smiled back.

I was happy.
The moon was happy.

Being happy is our call.

(All of us have our problems to face. Being dull or depressive does not help us to live. So be happy even when we are overloaded with sadness and trouble. Is it possible? Yes it is possible if we have enough faith in an ever loving God)

Dr. Antony Theodore
Being Is Becoming.

Putting on the 'New Man'
is a tremendous discovery
of a way of life in
which one becomes
what he aspires to be.

Being is becoming.

The more one experiences
the presence of God,
the more is his sense of
inadequacy and imperfection.

(„New Man“ denotes that we have to change our old ways that were not
creative and did not lead us to peace and to God and put on the New Man. It
demands challenges of changing which is sometimes very very difficult).

Dr. Antony Theodore
Being Loved Unconditionally

Pray for a great love experience.

Pray for someone who will Love you with every bit of energy and soul.

They may scare you with their sacrifice and surrender for the sake of loving you.

That day you will jump up to the skies thrilled with the joy of being loved unconditionally.

Dr. Antony Theodore
Being One With God, We Become Supreme Symbols

We are ourselves a supreme symbol of God as we are one with Christ in the Spirit.

By a continual opening of ourselves and by the resultant communion with God, we as persons are fulfilled existentially, consciously and concretely.

Dr. Antony Theodore
Being Secure In The Unseen Spirit

Spirituality is the experience of being affected, moved and touched by the Spirit of God.

It is the feeling for the Absolute, for the Transcendent.

It is the universal experience of being secure in the unseen Spirit.

Believe In God Who Believes In You.

Whatever be the Heavy weights
laid up on you,
In you there is more strength
and courage than you think.

Bad fate shall never conquer you.

Do not give yourself up.
Count on your God.
Then you can count on yourself.
Believe in yourself.

Believe in the God who believes in you.
And you will live!

Believe In This Creative Success Instinct In You

There is within each one of us
an inbuilt success mechanism.

This is a life instinct
planted in you by God your creator.

This works towards happiness
and pure inner joy.

Believe in this creative success instinct in you.

Believe In Yourself Because God Believes In You.

Know how precious and unique our gifts are.
No one can really know
what you are capable of, but you.

Your calling is great and very special.

Even if no one recognizes it,
you are irreplaceable.

Believe in yourself because God believes in you.

Beware Of All Iniquity.

God created man of the earth,  
and made him after his own image.  
He gave him power over all things  
that are upon the earth.  
He put the fear of him upon all flesh,  
and he had dominion over beasts and fowls.  
he gave them counsel, and a tongue,  
and eyes, and ears, and a heart to devise:  
and he filled them with the knowledge of understanding.  
He created in them the science of the spirit,  
he filled their heart with wisdom,  
and shewed them both good and evil.  
He set his eye upon their hearts  
to shew them the greatness of his works:  
That they might praise the name  
which he hath sanctified:  
and glory in his wondrous acts,  
that they might declare  
the glorious things of his works.  
Moreover, he gave them instructions,  
and the law of life for an inheritance.  
He made an everlasting covenant with them,  
and he shewed them his justice and judgments.  
And their eye saw the majesty of his glory.  
and their ears heard his glorious voice,  
and he said to them: Beware of all iniquity.

Beyond All Dualities

Beyond all dualities,
no outside,
no inside.

No Subject,
no object.

Words fail.

When we become one
with the Self,
where did the Self go?

There is no duality anymore.

(Hinduism and Buddhism speaks of it,
also the Christian mystics).

Dr. Antony Theodore
Beyond Subject-Object Division.

Existence itself
is the one common
denominator that binds
all together in the
unity of being.

In this mode of vision,
there is no
subject-object division,
for the vision enters
into the flow of being
which is beyond
and prior to
subject-object division.

Bhumisparsha Mudra -Buddha

Bhumisparsha Mudra

In all Buddha rupas (images) the hands are done in one of the formalized mudra positions.

For example
Bhumisparsha Mudra
The bhumisparsha Buddha is always depicted in a seated position, with the right hand resting on the knee and fingers pointing towards the earth.

The left hand rests on the lap with the palm facing upwards.

'Bhumisparsha' means 'touching the earth' or 'calling the earth to witness'.

This mudra represents the moment when Buddha became enlightened underneath the Bodhi tree.

(Meaning and origin of the subduing Mara mudra
The posture refers to an important event in the life of the Buddha. The Buddha-to-be was meditating under a Bodhi tree. Just before reaching enlightenment Mara the demon arrived accompanied by his armies and his three beautiful daughters. Mara's armies attacked the Buddha while his attractive young daughters tried to distract and seduce the Buddha in order to stop him from meditating and reaching enlightenment.

The Buddha-to-be touched the Earth with his right hand, calling upon Mother Earth to be his witness. The earth Goddess Phra Mae Thorani appeared in the shape of a young, beautiful woman. By wringing the waters out of her long hair she drowned the armies of Mara, allowing the Buddha to continue meditating and
reaching enlightenment. The story is seen depicted in murals in a great number of temples across Thailand.

Ako an saemong aki, Nay.
Na bakong hale sa sadiri kong Ina.
Mga anghel kan Diyos an nagdara
Sa sinapupunan hale sa kalangitan
Asin binuhay sa saemong tolak.

Bakong hale sa sadiri kong Ina;
Ginusto ini kan Bathala

Sobra an kaogmahan
Sa bag-ong kweba kan pagpadangat,
Iغذي sa saemong tolak
Nagtuturog nin trankilo.
Hinihiling kan mga anghel.
Habang nangangadyi
Na ako pirming isalbar
Sa pagkapangaki igdi sa daga.

Nag-ensayo nin mga kantaon
Makalangit, sa sakong pagdatong.

Habang turog sa saemong tolak
Mga anghel, pirming nagbabisita
Dae mo aram, padaba kong Ina.

Maogma kutang ipangaki
Mamatean man kota
Gusto kong magngirit
Gusto kong mag-kanta
Gusto kong magkawat
Gusto kong magmimi saemo
Hanggang sa ika maogma.
Gusto kong mahiling an saemong mgga ngirit
Habang nagmimimi saemo.

Ini man sana an sakong mga pangarap, Nay.

Kudi sa sarong maraot na aldaw
Naisip mong gadanon ako.

Nadangog ka kan mga demonyo.
Tolos na dinara an pagkakusog kusog na tambol
Tuminogtog nin maka-demonyo.
Gabos sinda, nagkasararo,

Nagsarayaw sinda nin nakapila.
Nagsarayaw sinda nin paikot.
Nagsarayaw sinda sa saendang mga bitis.
Nagsarayaw sinda sa saendang mga payo.
Kuminanta nin pagkakusog kusog na mga kantaon,
Mga demonyong nagtatambol
Maogmahon an buong impiyerno,

Blessed Am The Poor. No.2

Blessed are you poor
that you are taken advantage
of and are ridiculed!

Blessed are you poor
who are in search of God
and cannot find God!

Blessed are you poor
who have become poorer
for the sake of a dear one!

Blessed are you poor,
who have not found
a partner for life
and have to stay
alone lifelong!

Blessed Are The .1

Blessed are you, the poor
who are trying their best
to conceal your poverty!

Blessed are you poor
that you can not get
on the career ladder!

Blessed are you poor,
if you do not hit the table
or run away in the guerrilla
warfare of human relationships!

Blessed are you poor,
even when you ask
for forgiveness
and still do not get it!

Blessed are you poor,
if you endure with
a sick partner
and you get no word of thanks.

(Jesus Preached The famous Sermon on the Mount

"And seeing the multitudes, He went up on a mountain, and when He was
seated His disciples came to Him. Then He opened His mouth and taught them,
saying: 'Blessed are the poor in spirit, for theirs is the kingdom of heaven.'"
Matthew 5: 1-3.)

Blessed Are You, The Kind Hearted

"Blessed are the merciful; Have a deep concern for the welfare of others, to become generous, open-hearted and open-handed.

"The pure in heart are blessed, describing the ability to approach all people free from duplicitous motives, free of self-serving.

Peacemakers are blessed. they're nothing less than the children of God.";

Peacemaking is the ability to be candid, constructive, and caring; to pursue peace in a world that is full of war, dissension, conflicts and arguments.

"Those who are persecuted are blessed."; It is a call to have joyful purposefulness finding courage in affliction, finding perseverance in opposition.

These are wonderful traits. These are the traits of leadership and loving fruitfulness.

(Ref: The Sermon on the Mount of Jesus. Mahatma Gandhi was very much influenced by these ideas to form his art of Nonviolence).

Blessings Of God And Our Future.

All blessings really come from God.
Without God's blessings
everything is futile and of no worth.

Our greatest and highest good
is always in the mind of God.

We desire for a world of comfort.
But such a desire, will it lead to joy?

God alone knows our future.
God is the Lord of the past
and present and future.

God will grant your prayers
only if it will become good for you.

Bliss And Romance

Intensity of bliss
is the experience of true romance.

Such experience of bliss is not a feeling.
It is a state of being.

It is a revolution in the depths of the being
when romance dawns.

Give me, O Lord of the universe
a spontaneous desire
to attain enlightenment.

Born With An Umbilical Spot Of Grace.

We are born with a centre
free in every sense.
Free of expectations
ambitions and embarrassments.
Free of fear and worry.
It is an umbilical spot of grace
that engulfs us in peace.

Psychologists call this centre, psyche.
Theologians call it the Soul.
Jung calls it the seat of the unconscious.
Hindu Gurus call it the Atman,
Buddhists call it Dharma.
Sufis call it Qalb.
Jesus calls it the centre of love
and the dwelling of the Holy Spirit.

Be conscious of this inwardness
and know what we are.

The coming to consciousness
is not the discovery of something new.
It is a long and painful return
to that which has always been.

Brahma-Sutra And The Sutras Of Vedanta

Among the earlier texts of Vedarita are Vyasa's Brahma-Sutra and the sutras of Vedanta attributed to Badarayana; the Bhagavad-Gita influences the moderners very much, but the most intense development of the doctrine came in the 8th century A.D. in the teachings of Sankaracharya, who formulated the non-dualistic concepts of Advaita Vedanta.

Notes: Vedarita
In the Vedic religion, ?ta (/ˈrʊtə/; Sanskrit ?? ?ta "order, rule; truth") is the principle of natural order which regulates and coordinates the operation of the universe and everything within it.[1] In the hymns of the Vedas, ?ta is described as that which is ultimately responsible for the proper functioning of the natural, moral and sacrificial orders. Conceptually, it is closely allied to the injunctions and ordinances thought to uphold it, collectively referred to as Dharma.

Vedic ?tá and its Avestan equivalent aša are both thought by some to derive from Proto-Indo-Iranian *Hr?tás "truth".(Wikipedia)

Breath In, Breath Out.

When we breathe in
we can feel how the breath
enters into every cell and
brings us to restful peace.

When we breathe out
we feel how our tiredness,
weakness, our fear and anger
slowly escape the body.

Then
The disturbed mind sits in peace.

A poetic mind needs this peace.

Breathe In The Springtime! Life Is A Celebration.

The Robins sing.
The daffodils raise tiny faces to the morning sun.
The rivers flow again dancing in the mild wind.
The soft green leaves and the sun shining through.
Red, blue, white and yellow
are the flowers in my courtyard.

Did you hide behind me in the winter?
Did you like to play hide and seek with me?
Where did you go in the cold days?
I missed you so much
that I wept in your absence
And shed many a tear for you.

Listen! The bluebirds sing
Jumping on the hedge
and springing on the branches,
smiling at me always as if they knew
my secret longings.

Breathe in the springtime!
Oh, the little bird of my heart.
Life is a celebration.
Sing and dance
in the spring meadow here and now.

Breathe Steadily And Slowly

Sit quietly in a park and begin to breathe consciously.

Watch how your breath and the air you are breathing becomes seemingly one and feels to be one.

Breathe steadily until your heart is interconnected with the hearts of all around you.

Keep breathing slowly until you feel, with each breath, you are interconnected with all life.

Bring Mankind The Gift Of Reconciliation.

Bring mankind the gift of reconciliation.
We see only suffering and death.

Turn hatred to love,
conflict to peace,
bring an end to death
Look after the suffering ones.

Care for those who are in need.
Live in faith, hope and charity.
We want lasting happiness and peace.

The refugees driven away,
cruel wars, deprivation, poverty.
Clothed in rags,
babies on the hips,
standing in line with a plate
waiting for some meager food.
Human misery! !
Bring mankind the gift of reconciliation.

Bring Me Back On The Path Of Serenity.

If I'm morose, sulky, moody and grumpy
and go through my day sad,
please help me go, good God
back on the path of serenity.

Help me,
to face with a smile,
the seeming monotony
of everyday life.

Let me accept
everything that comes my way
with an expecting mind
with a positive attitude.

I try to take space
from all that makes me dull.

I accept every day anew
discovering the beauty
of the new dawn
and the peace of the dusk
realizing how wonderful
this gift of life is.

Sometimes we feel like
a deep heap of bones
in an endless valley.
We have inner dryness.

Depressive experiences in life

problems at work for which
we don't find any solution
lead you to this experience.

Heartbreaking experiences

Bring The Ten-Stringed Lute

Please play on the harp.

the songs of praise and love.

Beauty that is in our hearts
when we sing for God
is the sign that God
thinks of you and your song.

Brokenness

Often the struggles of life
make us focus on the light.
They are a gift in disguise.

Light often soaks in through the cracks
of our box of darkness.

In unexpected upheaval
we encounter God in new places
and in new experiences.

In every challenge
lies the potential for growth.
In every struggle,
there is an opportunity
to carve out new directions.

The moment of weakness or brokenness
gives me the real message
of transformation and a new awakening.

Burning Blessing

The Powers of the depths
in a gasp of pain
rise to the realm of Intensity.

fire

But Today You Wait On God.

We wait for
doctor's appointments,
red or green lights,
traffic backups,
grocery lines,
income tax refunds,

We wait for babies to be born.
We wait almost daily
with anxious eyes
that your kids grow up.

We usually prefer fast-food,
instant communication
through social media,
immediate profits,
and magical answers
to difficult questions.

But today you wait on God.

When we wait on God,
He gives us new perspectives.

"More than they that watch for the morning."
we are to wait on God like night guards
who never slack their attention,
but who are eager for dawn
to emerge, when the long,
tiring, stretch of darkness
has evaporated. (Cfr. Psalms 130: 5-6 of the Old Testament).

Call For Unity In All Religions

If we can unite in ourselves
the thought and the devotion
of Eastern and Western
Christendom, the Greek

We can prepare in our own selves

This is a call for unity

The call to change is a call of creative self-realization and development in the spirit.

Those who respond, enter into an ongoing process of transformation.

The power within works incessantly, reconstituting the spiritual man who in turn participates in the creative purifying work of God in the creation.

It is the choice he makes that helps him establish the identity of the person.

Chick Became An Eagle

Beyond the world of the skies
in unending heights
there lives Love
in the high holy temple.

At dusk, in the mild mystic light,
when the day and night kiss
only for a moment as their fate is,

Love came to the gates
of the holy temple
to climb down
steps innumerable.

At the end of the steps
stood I like a shivering chick
in utter darkness.

Love came to me,
arms widespread
breaking the shells of my loneliness
to cradle my whole being.

Ecstacies came! ! !

Courage filled my veins! ! !

Love shook me out of fear,
and cured my inner wounds.

Love is all that I am.

Love came to set me free.

In the flush of love's light
I become bold
and take my flight,
into the world of delight.
It was the flight of an eagle.

(love alone can transform a shivering chick into an eagle.)

Christ Comes As A Baby

Intense is the relationship
between the mother and child.
Nine months carrying safe
in the womb with so much of love.

This is like the relationship
with God and a human being.
God loves us all like a loving Mother
Who cares and lives only for the baby.

A mother suffers when the child suffers.
Even a cough of the child gives her pain.

When the child has to have an injection
She suffers with the child and feels the pain.

Sometimes the babies
are taken away from the mother.
Babies are stolen and sold for the tiny organs.
They amass wealth by killing and selling the
body parts of simple and beautiful babies.

Some use babies for medical research
So cruel is this world and into this world
Christ comes as a Baby to save the mankind.

Christmas Bells Are Ringing

Listen O birds and animals,  
Trees and flowers and leaves,  
rivers and seas everywhere.  
The Christmas Bells are ringing.

The old and familiar singing  
on the streets on these cold evenings…  
They are sweet and brings memories  
of early sweet childhood  
when we sang with mummy dearest  
lovely songs of love and mercy  
and a new birth of Jesus Christ.

Now, think of the millions of abortions,  
the killing of innocent children  
and the abandoned children.  
The forced child labor of the little ones  
killing their lovely future without a school  
only to make money by the rich.

Human beings, sing with the angels.  
"Let there be peace on earth  
and glory to God in the mighty heavens.  
Be of goodwill and spread smiles everywhere."

The belfries of all Christendom  
ring out in an unbroken song:

"peace, peace, joy, joy everywhere  
goodwill, goodwill for all men."

Let us sing together:  
Sing it on our way, at dawn and dusk,  
sublime chanting and dancing along  
"peace on earth, for men  
and women of good will!"
ISIS killing thousands,
beheading, and cutting the throats slowly
with a small knife
because Christ's name is on their lips.

Let all religions unite.
"We shall not kill in the name of God."

Bow your head and heart
and chant in the heart
"We shall not hate.
We shall love
and spread joy and peace;"

The pealing of bells from the towers
I hear loud and deep.

God is not dead.
God does not sleep.
Peace shall prevail.
Goodwill in the hearts
shall reign till the end of times.

Dr. Antony Theodore
Communion Helps Us To Express The Deepest Hopes And Yearnings.

There is a distinction between communication and communion.

They are two fundamentally different modes of knowing.

Communication is logical, quantitative and practical in its application.

It is a linear form of human intercourse in which each piece of information is given one at a time and leads up to some particular conclusion.

We cannot live without this one-dimensional mode of knowing. But, of itself, it lacks the power to convey the deepest hopes and yearnings of human existence.

Dr. Antony Theodore

Conscious Awareness of God.

The mystical experience cannot be reduced to logical formulation or adequately expressed symbolically.

But there is a conscious awareness of God, though it is ever tenuous and tinged with doubt.

On the conceptual level, where logic and rationality are in command the mystical experience may admit of doubt.

In fact, it may perhaps admit of nothing else but doubt.

But on the level of immediate intuition, it admits of no doubt.

This is a level in which, an experience impresses itself upon us directly without ambiguity.

It is the level on which we experience reality as we experience our own being.

In this level, there exists no doubt. So it is futile for a man to insist on a logical formulation of the process or the experience.

Contemplation Is Not A Negation Of Life.

Contemplation
is not a negation of life.

The reason for the self-annihilation

Contemplation Of The Absolute.

Reality may be apprehended in either transcendent or immanent, positive or negative terms.

It is both near and far.

For some selves, that which is far is easiest to find.

Conversion

The person emerges from a smaller limited world of existence into a larger world of being.

His life becomes swallowed up in a larger whole.
All conversion entails the constant remaking of the field of consciousness, an alteration in the self's attitude to the world.

Conversion is often a sudden, intense joyous perception of God, immanent in the universe; of the divine beauty and unutterable splendor of a larger life, wherein the individual is immersed.

He begins a new life lived by the self in accordance with this now new dominant fact of existence.

(Graphic: Great Doctrines of the Christian Faith: Soteriology: Conversion - 10.)

Dr. Antony Theodore
Conversion is primarily an un-selfing. The individual is in his own little world controlled by the deep-seated instincts of self-preservation and self-enlargement.

Conversion is the larger world-consciousness pressing in on the individual consciousness.

Often it breaks in suddenly and becomes a joyous perception, a great new revelation.

Create A Spring Inside Me

Create a spring inside me
welling up for eternal life.

How trivial is this life.
It ends when we never
desire for or wait for.

How happy I will be
to dwell in your house.
Your nearness will be
my eternal house.

Creative Acts By God.

The Bible is clear that the universe came into being by a series of Creative acts by God.

God Is The Creator
Both the Old and New Testaments recognize God as the Creator.

In the beginning God created the heavens and the earth (Genesis 1: 1).

Isaiah wrote.
This is what the LORD says: "Heaven is my throne, and the earth is my footstool. Where is the house you will build for me? Where will my resting place be? Has not my hand made all these things, and so they came into being?" declares the LORD (Isaiah 66: 1,2).

John declared.
All things were made by him, and without him nothing was made that was made (John 1: 3).

Paul testified.
For by him all things were created that are in heaven and that are on earth, visible and invisible, whether thrones or dominions or principalities or powers. All things were created through him and for him (Colossians 1: 16).

The writer to the Hebrews said.
By faith we understand that the worlds were framed by the word of God, so that the things which are seen were not made of things which are visible (Hebrews 11: 3).

The United Testimony Of Scripture Has God As Creator

The first chapter of Genesis makes about seventeen references to God as the Creator. The remainder of Scripture speaks of the creative works of God approximately fifty times. It is clear that the Bible teaches that God is the Creator of the universe. Scripture also teaches that God created humankind.

So God created humankind in his own image; in the image of God he created them; male and female he created them (Genesis 1: 27).
There Was A Series Of Creative Acts Of God

The Bible says that the universe was brought into existence by means of a series of creative acts by an all-powerful, loving God. These acts were freely done of His own accord - there was nothing forcing Him to create the universe.

The Scriptures clearly teach that God is the Creator of all things.

The concept of creation is not an obscure doctrine in the Scriptures.

There are at least one hundred references in the Bible referring to God's creative activity.

It is the first doctrine to be stated:

In the beginning God created the heavens and the earth (Genesis 1: 1).
Creation is also one of the last to be restated:

You are worthy, O Lord, to receive glory and honor and power; for you created all things, and by your will they exist and were created (Revelation 4: 11).

Crushed And Broken-Hearted

I created expectations dreaming, 
that they would be fulfilled 
if I made the right choices. 
But I woke up to the reality 
to find, it didn't match my hopes.

My beliefs about how my life 
would turn out were pleasant but false, 
being forced to recognize, 
my clinging was to a pretense.

We often build pretenses 
about how our lives 
should pleasantly appear.

We think, ideas we imagine 
should govern our lives.

But God has His own 
plans for our lives. 
Our pretenses often 
lack the foundation 
of what God wills.

We long for a path free 
from pain and barriers, 
but God doesn't always 
follow the easy trail.

When we are crushed 
and brokenhearted 
even from our own pretenses 
we know that the brokenness 
doesn't separate us from God. 
It draws us nearer to God.

„The Lord is near to the brokenhearted and saves those who are crushed in
spirit. Many are the afflictions of the righteous, but the Lord delivers him out of them all.... The Lord redeems the soul of His servants, and none of those who take refuge in Him will be condemned" (Holy Bible, Psalm 34: 18-22) . Graphic: the Lord is close to the broken-hearted. Cry Out With a Loud Voice.

Bad news, danger, and pain
all cause us to look for help.

When we are sideswiped
by life's circumstances,
we should cry out to God.

Speak audibly with great emotion
concerning your urgent need.

It takes both faith and humility
to share our heart's concern aloud.

Crying out, then, is a way
to express trust in God's ability
and willingness to help.
Let us lay down our pride
and attitude of self-sufficiency.

Cry out with loud voice.
God will answer from
His Holy Abode.
Wait for God's timing.
Count on His comfort
and healing presence.

Dancing Through Life Because Of Faith

Exhilarated and winged
Elated and buoyant
we begin to dance through life
also in sad times

Dante Speks Of His Vision

„And I believe that I saw

because, as I say this,
I feel that I rejoice more deeply...

Oh, but how scant
the speech and how faint

Das Lächeln Meiner Mutter

Subject: Re: Your German translation is AWAITED

---
dear poet.
here is the translation into German..... of your poem..

Das Lächeln meiner Mutter

Das Lächeln der Mütter
Ein Gedicht von mir, dem Dichter Yeps

Das Lächeln meiner Mutter
Ist mein Gedicht der Klassik
Viele haben es gelobt
Über alle Grenzen hinweg
Mach einen Punkt, um es zu lesen
Sie haben ebenfalls eine liebevolle Mutter

Sie kommt immer noch täglich zu mir
Lächelt aufrichtig und ernsthaft
Und sagt
Sohn, ich warte immer noch auf dich
Aber nimm dir Zeit
Ich habe es nicht eilig

Hier gibt es keine Sorgen
Der Herr kümmert sich unentwegt um uns
Voller Ernst
Wie du, mein Sohn, es ebenfalls tust

Aber dich kennenzulernen
Wird mein allumfassendes Verlangen sein
Tief erfüllt
Und verfasse weitere Gedichte
Sie von deinem Sohn zu lesen,
ist ergreifend
Ja, sie ist verstorben
Vor fast 50 Jahren
Ist sie den einsamen Weg allein gegangen

Niemand bleibt auf Erden
Wir alle werden sterben
Aber meine Liebe gilt dir
So lange ich lebe
O Dichter, sie können dir
Alles geben

Aber die Liebe ist das größte Geschenk.

Und die Dichter können über sie schreiben.

Deaf And Dumb Spirits Are Hovering All Over

Deaf and dumb spirits
are hovering around.
All over are they present.

We are not able to see
the sin hatching eggs.

Lascivious life,
uncontrolled are we.

We commit sins
against our own self.

We are like deaf and dumb
spirits running here and there.

Our conscience condemns us.

O how shall we calm our conscience?
It cries out in us and show us our sins.

God calls come back to me.
I shall cure your dumbness.
I shall cure deafness.
Come to me.
My graces are free of charge.

Death And Love

The mystic's concern with death results from his concern for love.

The paradox that in a love-relationship, a letting go, a surrender, a 'death' to the self-contained, autonomous ego-self is indispensable is a fact of experience which any lover knows, who has tasted something of the riches of friendship.

Dr. Antony Theodore
Death Is Hovering Around.

An unexpected heart attack.
He falls down and dies.
He was my dear friend.
He dies in front of me.
I stand helpless and ask, why?

Leprosy eats away body parts.
Doctors treat them as they can.
But patients die, miserably slowly.

An accident on the road.
Driver dies a miserable death,
suddenly without any preparation
for a death and an after-life in faith.

A mother of five loving children
dies of cancer and the children cry
loud to Almighty God.. “Why”;

Deep Resonance

I heard a call from one who has no voice, but speaks in everything that is. I heard his call in the depth of my being. He called me by my name. I heard the deep resonance in the inmost center of my being and I was awakened to the Real within all that is real.

Deepened Levels Of Intimacy And Communion

The words of love which we express normally articulates and communicates deepened levels of intimacy and union.

Such words of love themselves evoke occasions of this communion, which is a mode of knowing not wholly available to what can be communicated in quantitative, verifiable forms.

Deliverance From His Own Self

A mystic seeks no kind of mastery except for the mastery of self. He seeks no kind of knowledge except for the intuitive knowledge of God at the depths of his being.

All else is superfluous. The life of prayer establishes contact with the source of all life and with the only source of authentic peace.

The mystic yearns to be totally free and to be totally free he must be delivered from his own self.

Denying Ourselves To Be Free From Sin.

We have an obligation
to deny ourselves.

The truth cannot
live in us unless we freely
and by our own volition
recognize and cast out
the falsity of sin
from our own souls.

So it is an obligation
to deny ourselves
to become free
from the slavery
of temptations.

Our own conscience
teaches us this truth.

Dependence And Misery

Do not depend on anyone
or anything for your happiness.

Cultivate a free mind.

Dependence on someone
can give you the sense of wanting.

You live with the desire for needs.

This, in turn, will take you away
from harmony and real joy.
Your misery is from such dependence.

Desire For A Soul Friend

In the depth of our hearts, we yearn for a soul friend.

In the love of a soul friend we stay as persons without masks or pretensions.

Dr. Antony Theodore
Desiring For The Consummation Of The Mystical Formation

A christian mystic's theology and anthropology are synthesized in his incarnational Christology. The image of God is potentially complete and whole in every individual soul.

The destination that lures the mystic through darkness and poverty of spirit is the consummation of the mystical formation in which the subject and object become one and the disciple is perfectly conformed to the Master.

Dr. Antony Theodore
Despite Contradictions And Differences.

A mystic is conscious of the differences between the Christian faith and other religions.

Despite inconsistencies, contradictions, and differences, a mystic is sure that such a communication between the Christian and other religious thought and practices is singularly enriching and essential to modern life.

Dr. Antony Theodore
Destroying pride And haughtiness.

The Torah commands the Jews to destroy their chametz, leavened products before the onset of Passover.

Jewish law dictates that they conduct a search for any chametz in their homes, to make sure that none remains in their possession during the Passover.

In a spiritual sense, chametz represents haughtiness and misplaced pride and self importance.

In preparation of our redemption (on Passover) we are meant to destroy the chametz within us.

It is then that true redemption, from God can be achieved.

(I only read it in books. I hope, what I present is true. If I am wrong please tell me. I shall correct it. Thank you dear poets).

Dewdrops And Starlight

Dewdrops and starlight
danced in my being,

Did the stars stop twinkling?
Did the moon stop kissing the skies?

Do not lose yourself in despair.

its feathers to dance in the light.

After the dusk, there is midnight.

Divine Love Penetrates The True Being.

There is an extreme point
at which man’s nature
touches the Absolute.

His ground or substance,
his true being is penetrated
by the Divine Love.

The experience of the divine love

the underlying reality of things.

This is the basis on which
the whole mystic claim

It explains asceticism
and the self-renouncing life.

Dr. Antony Theodore
Divine Unrest

Mysticism is seen as the "one way out" for the awakened spirit of man.

It is the healing of that incompleteness
which is the origin of our divine unrest:
the inevitable reaction of the
fully conscious
fully living soul
upon 'Eternal Truth',
true love, and Loved Eternity.

(The reader may refer to St. Agustine, Confessions, bk. VII Chp.10) Comp. Meister Eckhart "I am sure that if a soul knew the very least of all that Being means, it would never turn away from it"; (Mystische Schriften, P.137).

Do not be afraid to be publicly weak,

Do You Feel Stuck In Discouragement?

Do you feel stuck in discouragement?
If so, you are not alone.
Experiences of dashed hopes
can turn into discouragement,
which hovers like a dense cloud

The way we respond is a choice.

We can either let sadness overwhelm
our souls or face the situation

Frustration may develop into depression,
which in turn can estrange us.
Do not be bitter and defeated.
This isolation leads to a low self-esteem.

Do You Trust God?

Faith is obedience
when you don't understand it.

"Love your enemies" and "Forgive the people who hurt you."

That's not easy!

There are a lot of commands in the scriptures of many religions that seem difficult, unreasonable, unrealistic, unachievable, or even impossible.

When God says things like, "You should save sex for marriage," God says it because he knows best and knows what will make you happy more than you do.

Every time God tells you to do something, it's a test of your faith.

Do you trust God, or do you trust your thinking?

Do you trust the Words in the holy Scriptures of religions or do you trust the world?

How am I going to answer them this year?

Will we trust God,
or will we do what
we think we should do,
regardless of God's direction?

Will we trust the Word of God
or will we trust what the world
says we should do?

(this is not a poem. But just trying to spread good ideas for life,
especially for the young ones)

Dreams Come From Heaven

There is a land
where Dreams dance
in tremendous joy.

They dance on the angel's wings,
on the soft tail of the white dove.

They lie flat and sleep
on the dancing feathers
of the colorful peacock.

At the birth of the dusk
dreams fly down
from the heavenly caverns
to earth's sweet shore.

As the moon shines
they begin to dance
on the shining waters of
the mild flowing river,
in the secret village
where farmers sleep
and the sheep lie cozily.

Dreams dance
on the lips
of lovers
who spend the night
on the riverbanks
hugging and kissing
giggling and hissing.

Dreams come from heaven
to make love a dream.
God cares for you and me
he puts you and me in motion
of heavenly love.

from the glorious heavens.

I opened my heart
to dance in the rain.

The angels saw it
and danced with me.

When the wings of the angels
got wet I wiped it dry.

They Poured down their graces
from their glorious abode
and filled my little hut
with the light of their faces.

And the angels told me:
"Sing forever songs of love.
Love and truth shall reign
in the heart of the seeker."

God shall be your rock and fortress.
You shall not fear in tribulation.

Peace shall reign on earth

Drowsiness In Meditation

You try to meditate
and you feel sleepy.

You are touching feelings,
you do not want to experience.

You feel cold and go literally
numb and almost dead mentally.

Your psyche protects itself.
Sluggishness can be a sign
of pain or sorrow that
we do not want to feel.
Examine it to find
the root cause.
Work through it
with your focused mind.

Dr. Antony Theodore
Dry My Tears!

Dry my Tears!
My heart cries out to you,
oh Lord, my God.

Ease the hurt,
relieve the pain.

I release it unto You.

These tears that fall and glisten
shall rise up to you
to your holy throne.

Then shall you know
the heat of my tears
that fall on your feet.

You are my savior.
You alone can heal me
my wounds deep down in me.

Dr. Antony Theodore
Dwell Deep In My Being.

Dwell deep in my being.
Love more than you loved me till now.
Exceed in your love
from the usual norms.

Do not set limitations
for your love for me.
Then you will be surprised
to which wonderful person
you will develop into.

Listen to the divine call.
Come to me and enter into me.

You will become a New Being.

(Reference: Mk 10,17-30 in the New Testament of the Holy Bible. A young rich man comes to Jesus and asks what shall I do to attain eternal life?
Jesus answers: Obey the Commandments of God. He tells: I have obeyed it from my youth. Then Jesus looked at him lovingly and said: Go and sell all that you have and give to the poor and come and follow me). This passage of the holy Gospels influenced me to write this poem.

Dying For A Goal In Your Life.

How do I spend my valuable time?

Dying I Enter My Home

On the white sands of the shore
There a came a wave
It came up to my feet,
touched my feet
and washed it.

Receding,
it gave me
the bubbles and white foam
dying instantly
as it joined the mighty sea.

The sea is my home.
By dying to the shore
I enter my home.

Eager Lips

It is for you I wait
before my own inner shrine.
You promised that you would come.
I shall wait the whole night through
until the morning rays fall on my hair.

I have nothing to offer you,
only my waiting, eager lips.

Eager To Play Only For You.

Sing songs of Love.
Lift your hands to Heaven.

The angels are playing the Lyre.
Do you hear it?
Listen, listen, listen.
Close your eyelids.
See in your mind
the angels flying around
with golden harps
eager to play only for you.

Eat God's Words And Messages

God speaks his infinite love
and lifts our souls to new heights.

He asks us as he asked the prophet, Ezekiel.
"Son of man
feed your belly
and fill your stomach
with this scroll
I am giving you.

I ate it
and it was sweet as honey
in my mouth.

(The Book of the Prophet in Holy Bibel chapter 3: 3)

If it is possible
avoid eating in a hurry.

Even at home
do not gobble up

Eating is an act of Holiness.
It requires full presence of mind.

God, the provider
is happy and satisfied
when you eat slowly
thinking of God
in thanksgiving.

Ego And Love Cannot Be In Harmony

Ego does not know the unknown and unknowable.
Ego does not know the transcendent.

Love’s way is a real spontaneous way to the unknown and unknowable

Ego talks about itself.
Love refrains from it.

Ego boasts.
Love simply smiles.

Ego does not rest on the Real Self.
Love knows only to rest on the Real Self.

Ego embraces the False Self.
Love does not know the False Self.

Ego and love cannot be in harmony

Dr. Antony Theodore
Ego Opposes Itself To The Infinite

The mystics aspire to infinitize life and to define infinity.

They go from conscious to the subconscious and from the subconscious to the conscious.

The obstacle in their path is not consciousness but self-consciousness, the consciousness of the Ego.

The Ego is the limitation, that which opposes itself to the Infinite.

Ego-Self

It is not the possession of the ego-self.

As long as there is an 'I'
that is the definite subject
of a contemplative experience,
an 'I' that is aware of itself
and its contemplation,

an 'I' that can possess
a certain 'degree of spirituality',
then we have not yet passed
over the 'Red Sea',
we have not yet 'gone out of Egypt'.

We remain in the realm
of multiplicity, activity,
incompleteness,
striving and desire.

Elevate Human Love To The Sacred

Human love is not merely emotional. It contains the element of insight.

Elevate human love to the sacred
Elevate human love to charity.
The insight that guides charity is faith.
Pay attention to the insight of faith.

Follow the informed conscience through which God speaks to you.

Emotional Associations

A child burns her hand on the stove
and a fear of fire begins.
In a tender moment, a hand is slapped
and a fear of love begins.

Our emotional associations
and reflections run deep.
Heart breathes beneath all our associations
like a soft sandy bottom waiting underwater.

Try to still our associations
till we are as transparent as a calm lake.
When still enough and clear enough
others can also see through
to our bottom.
It makes love possible again.

So stay with our feelings long enough
till the ripples settle.

Dr. Antony Theodore
Emptying Oneself Of All That Is Ignoble In Us.

Just as the 'Word' emptied Himself of His divine and transcendent nobility in order to descend to the level of man, so we must empty ourselves of what is human in the ignoble sense of the word, which really means less than human, in order that we may become God.

Dr. Antony Theodore
Engagingourselves In The Agony Of The World.

Very often we are at a loss
to know how to heal
the hurts and hunger around us.

Why not we engage ourselves
in the agony of the world?

By Partaking in the sufferings,
pain, and rejections of the poor
our love will grow and mature.

Our love deepens as we forgive.

We forget ourselves for a while
and reach out in care
and compassion for the other.

Involve yourselves in the world
of the poor and abandoned.

A love that is not for more
than itself will stagnate and die.

Do I meditate on healing and compassion?
Do I forgive myself and others?

Do I forgive those who seem
least deserving of forgiveness?

Entering Into Communion With The One

God is truly immanent
in the human soul
as in the universe.

One who seeks the Reality
makes an outgoing journey
from his own self.

It is like a journey
from the world of illusion
to the real or transcendental world.

To him personally,
he may see it
as inward change or a regeneration,
by which his personality
undergoes a change.

It makes him able to enter
into communion with the One,
whom his heart loves and cherishes.

Estrangement Of The Human Being

Man experiences himself as a stranger in the world, estranged from himself, with his fellow man and with nature in his struggle to transcend it.

He experiences the split between himself as subject and the world as an object.

This painful confrontation can be avoided when one agrees to conform to the world.

But it is a form that does not fit. He can put himself together only in the loving and merciful God.

Ever-Deepening Oneness Is Only Bounded By Eternity.

Like all human love
at its most profound,
and at its most perfect,
it desires an ongoing
and ever-deepening
oneness that is only
bounded by eternity.

When, on the night
before he died, Jesus said,
'Do you not believe that
I am in the Father and
the Father is in me?'
Jesus Christ was describing
that love as it is in heaven.

All love that is
briefly glimpsed

finds its ultimate
consummation
in God's love.

The pure love that binds
lovers together
is the stuff that
heaven is made of.

Facing The Problems With Curiosity And Enthusiasm,

The key to life’s greatest challenges
is to approach them like a child,
with curiosity, enthusiasm,
inquisitiveness and a sense of wonder

In the presence of awe,
the mind lets go and opens itself.

Scientific fundamentalism sees a world,
stripped of enchantment and meaning.

Religious systems require obedience to doctrine.
Social and family systems are often rooted in fear.

In truth, awe offers us a powerful expansion of identity
a release from limited ideas of ourselves and the world.

Wondering at the beauty of creation
in awe and respect and a sort of adoration
will become a healing of all the negatives,
a healing that embraces openness, giving
flexibility, and resiliency at the face of adversity.

Faith And Reason A Perennial Problem

Our beings spring from God.
We do not possess our beings in ourselves.

It is by faith i find my true being in God.

The power of the intellect to arrive at union with God is even less than that of ascetic techniques.

play on its chest  
and flutter their wings in intense joy.

This glorious evening do I love.  
It is so quiet and serene.

Falling A Prey To Self-Pity Without Faith.

Why would God let us suffer and go through so much pain?

Maybe our reasoning is backward. We think the faithful don't deserve to suffer, but from God's perspective, suffering is what produces faithful believers.

If we all had lives of ease without opposition, trials, or pain, we'd never really know God, because we'd never need Him.

If we all had lives of ease we'd never really know God.

Pain, persecution, and adversity, can be God's greatest means of building faith.

Without faith, we would fall a prey to Self-pity.

Falling In The Dream Of Another Life.

A flower in full bloom
does not want to be a mango.
A fish dancing in the water
does not want to become an elephant.

A tiger in his majesty and strength
does not want to become a lion.

But we humans find ourselves
always falling in the dream of another life.

We secretly aspire to the fortune
or fame of people we don't really know.

When feeling badly about ourselves,
we often try on other skins
rather than understand
and care for our own.

has its unique anatomy
and they don't dream about
being another creature in nature.

The universe reveals its abundance

Falling Into The Old Patterns Of Sin

A life of sin leads me to death.

Humbly bow our heads.
Surrender our hearts before God
and murmur to yourself:
I only want what You want.
I dedicate my desires to You, Lord.

I ask that You eradicate any desire
in me, that could lead to defiance,
disobedience and destruction.

Lord, let it be so for me today.

Father God, I don't want to keep
falling into the same old patterns
of sin again and again.

Open my eyes to see any areas
of disobedience in my life.

Show me where my choices
are leading toward destruction
and help me turn away from
any and every misplaced desire.

I long for a heart that's fully
aligned with Yours.

"Search me, God, and know my heart; test me and know my anxious thoughts. See if there is any offensive way in me, and lead me in the way everlasting." (From the Psalms of the Old Testament of the holy Bible. Psalm 139: 23-24, NIV)

Falsity And Unworthiness

When you feel that you are not on the right path,
When you recognize

Feeling Of Incompleteness Without Love

Is the experience of love a rush of emotions? 
Is it simply the warmth of the heart?

Is it a feeling of wonderful exhilaration? 
Do we wait for years to fall in love?

Is it a wing of hope soaring high into new heights?

I was praying intensely
for a long time.

Then to my surprise
i saw an angel
coming down from heaven
with a golden plate in her hand
full of ripe grapes
in red crimson colour.

Angel looked at me and smiled.
The angel came closer and told me:
'My beloved, now stop praying
eat these grapes and fill your lips
with the wine of love'.

Find And Live Our Love Story

At the center of
all the movies
we watch
there is a love story
that we want to live.

All the songs we sing
and hear make us
hopeless romantics.

We are the adoring
recipients of the greatest
love story which
God told us.

In full devotion
and unwavering
commitment
find our love story
hiding inside
our lonely hearts.

Dr. Antony Theodore
Find The Love Living In Your Heart.

Have the strength to know that you are love.

Love is the essential reality.
It is the purpose of life.

Experience love in yourselves.
Meditate and find the love
living in your heart.

Know that love is in you.
It is born in you.
It lives in you.

God makes you loveable.

The strength to give this love
to others comes in meditation.

That is the joy of the wonder,
you will see working in you
without your own knowledge.

Forgive yourself.
Forgive all others
who offended you.
Then you receive the strength
to know that you are love.

Find Your Place In The Rising Arc.

(Be determined. Fight your way through. Let go the past. You are a great person because God wills so. This is my advice to you).

You are a saint in the making.
Life flows upwards from the roots,
Not downward from the branches.

Wake up from the delays,
obstacles and backsliding.

Let go of the past.
Give yourself a second chance.

There is no fall from grace,
only a very long furlough.

Find your place in the rising arc
And keep on moving forward.

Finding The Way Of Freedom Within Oneself.

Before there can be any external freedom, man must learn to find the way to freedom within himself.

The contemplative, who had restored in his own soul the image of God, was the truly free man for he alone could walk with God, as Adam had walked with Him in Paradise. (Reference to St. Gregory of Nyssa)

Fire Of Love In God's Presence.

The sense of the presence of God is seen as a fire of love.

Such a sense of the divine presence goes side by side with the daily life and normal mental activities of its possessor, who is not necessarily an ecstatic or an abstracted visionary, remote from the work of the world.

Follow The Singing Birds

Everyday is an adventure.
Every day is a new discovery.

Very often we go alone the same ways
without looking on the left and the right.

How will it be when we follow the Sun
or simply the white clouds on the blue horizon
Or follow the singing birds
that sing to us every morning?

May be it will lead us to the coffee house
or to our dear friend who waits for us.

May be it may lead us to our own beautiful self
and then to the loving sanctuary of God.

Follow Your Bliss

Bliss is inspiration.

By giving up intentions originating from the ego, one feels that he is called to do something highly meaningful.

Self-gratification is still intense.

But the sense of being outside of yourself is often present.

When God takes over, the fruition of your desires gives bliss, whereas the fulfillment of the ego desires, do not bring this bliss.

For The Recovery Of Inner Paradise.

A spiritual poet wants to be moulded into the image of God.

Image of God is pure love.

By writing poetry, the poet undergoes a spiritual baptism that fills the mind and being with the spirit of the Almighty.

He enjoys the freedom and peace of a wilderness existence in moments of meditation.

He often returns to the desert for the recovery of inner paradise.

Forgiveness

If knowledge was our greatest need
God would have sent to us
a universal genius.

If technique was our greatest need
God would have sent us a scientist.

If money was our greatest need
God would have given us an economic expert.

If conversation was our greatest need
God would have sent to us
a conversation expert and a psychologist.

But since our greatest need
is the ability to FORGIVE,
Holy Scripture was sent to us,
inspired by God the Almighty
which teaches forgiveness.

If we listen to the message of Forgiveness
in all Religions
we shall be great human beings.

Peace will remain in our hearts
as a permanent guest sent from
The Almighty and The Merciful.

Dr. Antony Theodore
Forgiving Is Heavenly

Anxiety is the illness
of our moments in time.

Forgive yourself.

Let all the events
where you were
not loved, depart
from your present.

Forgive others,
all their misgivings.

Start afresh now.
Now is the moment.

Later may never come.
So do it now.

Forgive.
Forgiving is heavenly.
Forgiving is divine.
Forgiving gives you peace.

Sleep well, my dear friend.

Dr. Antony Theodore
Forgiving Leads To Innocent Joys.

The light of heaven
will shine in our hearts
when we forgive
all who offended us

mental freedom.

Then you shall smile
like a little baby
who tries to catch
a flying butterfly.

Dr. Antony Theodore
Forgiving.

We don’t need two to forgive.

Freedom Is A Sacred And Religious Reality.

Seeking emancipation and liberty
we put ourselves in chains.
Freedom is spiritual in the real sense.
It is a sacred and religious reality.
It's roots are not in man, but in God.

Freeing The Soul From The Fleshly Love

To liberate the more deep seated power, 
which can raise itself 
to the highest pitch of efficiency, 
the superficial self compels itself to be still.

It is a sort of holy idleness

All real poets have a very strong degree of the 6th sense. It is very sharp and spots on.

It is perfect and poets are tuned into everything from the universe and all the life it contains right down to us.

There is no doubt about what the poets feel and sense.

What the poet feels and senses is outside of his mind.

So it may not seem logical but it will always be correct.

From Communion Rather Than Communication

Our very existence is a creative capacity for perfect union with God.

Our union with God is our true person. It is who we are and not any thing we know.

It is precisely our identity that emerges from our false self or from all that we supposed that we were.

The identity-giving relationship with the living God emerges from communion rather than informative communication.

Dr. Antony Theodore
As opposed to human reason

From The Desert Of God.

Who can return nowhere?

But for each of us
there is a point of nowhereness
in the middle of movement,
a point of nothingness
in the midst of being.

It is the incomparable point,
not to be discovered by insight.

Everything comes
from the desert of God.
It is the Nothing of God.

Everything wants
to return to it and cannot.

Dr. Antony Theodore
From The Many To The One.

The attraction and the mutual desire between man’s spirit and the Divine Spirit is the link of love which knits up reality and draws all things to their home in God.

This is the universal law on which all mysticism is based.

This natural intense attraction, then, once he is aware of it, will draw the pilgrim irresistibly along the road from the Many to the One.

Devotion embraces the whole contemplative life.

Dr. Antony Theodore
When Akiba was on his deathbed, he bemoaned to his rabbi: "Rabbi, I am a failure. I have not achieved anything in my life. Why should I live like this?"

His rabbi moved closer to him and asked why.

Akiba confessed: "I did not live a life like Moses. I am just a failure." The poor man began to cry and said: "I fear God's judgement."

At this the rabbi hugged him and told in his ear: "God will not judge Akiba for not being Moses. God will judge Akiba for not being Akiba."

Dr. Antony Theodore
From Within Outwards.

God works in us from within outwards; but all creatures work from without inwards.

And thus it is that grace, and all the gifts of God, and the voice of God, come from within, in the unity of our spirit, and not from without, into the imagination, by means of sensible images.

Fruit Of Surrender Is Ecstasy

Feel the peace
that enters you
when you trust that 'love'
is at the 'core of your nature'.

Look!
In this peace,

In a surrender to the Spirit,
with patience and devotion,
you nurture from this 'Seed'
the supreme state of joy
known as
'Ecstasy'.

Gandhiji Demanded From His Own Self

Since the very personal

God Answers By Fire

God answers by fire

Elijah proclaimed his faith
to prophets of Baal:
"put your offerings on the wood
but light no fire under it.
Elijah challenged the prophets.
Pray to your God Baal.
I shall pray to my God
The God who answers by fire
is the true God.

They called on the name of God
Elijah called the name of his God.

God Almighty, the true God
Answered by fire.
Fire came down from heaven
Burned the offerings of Elijah.

(Reference to the 1st Book of Kings chapter 18: 16-24,30-40)
(What do I mean when I say that God is a God of fire? We first see this thought
in Exodus 3, when Moses heard a voice speak to him from the bush that was
burning but was not consumed in the flames. In Exodus 13, God points the way
for the Israelites in the desert as a cloud by day and a pillar of fire by night. And
in Exodus 19, God appears as a fire on , where Moses received the law. In fact,
in Exodus 24, God appeared as a consuming fire, a familiar verse quoted again in
Hebrews 12: 29 - "our God is a consuming fire."

God Cares For You. Cast All Your Anxiety On God

Stress and worry were just a part of my life,
Struggling with anxiety and panic attacks
sufferings became my roommates.

From money problems to relationship issues,
if it became too much, you would find me
curled up in a ball in the fetal position
on the floor, hyperventilating
until parts of my body went numb.
I cried until there were no more tears left.

These are the words of one of my students at the University.

I told him lovingly:
&quoto;Walk closer with the Lord and study His Word.
open the pages of the Holy Scripture&quoto;.

I opened and read like I never had before in my life.

My mind was slowly being renewed
and over time, I began to trust
the Almighty God with every care and worry
and cast them upon Him as the saints would do.

&quoto;Cast all your anxiety on him because he cares for you&quoto;.

God Confronts Us With His Divine Magnificence.

God's creation of life
clearly and obviously
defies explanation
in terms of accidental processes.

In life, perhaps more than
anything else in Creation,
God confronts us
in an undeniable way.

God is confronting us
every day with his divine
presence by confronting
us with His divine magnificence.

Life compels us
to acknowledge God
as the maker of all things.

God Counts On You

God alone can create,  
but you can bring to fruition all that is created.  
God alone can give life,  
but you can be mindful of and respect the given life.

God alone can give faith,  
but you can give your testimony of faith by your examples.  
God alone can plant the hope  
but you can give your neighbor confidence, in need.

God alone can give love,  
but you can love and teach others to love.  
God alone can give peace, but you can endow unity.

God alone can give the joy, but you can smile and show to the world that you are really happy.

God alone can give strength, but you can lift the discouraged up to life.

God alone is the way, but you can show it to others.  
God alone is the light,  
but you can help it to glow in the eyes of others.

God alone can work wonders  
but you can bring the five loaves and the two fish so that God may multiply it for the multitude.  
Only God can do the impossible, but you can do what is possible.

God alone is self-sufficient, but he has preferred to count on you.

Dr. Antony Theodore
God Destined Us In Love

God destined us in love
to the praise of God's glorious grace.

God revealed himself to us
in all his wisdom and insight.

God's plan is directed
to the fulness of time.

God will unite all things in him.
So is the joy of God.

Dr. Antony Theodore
God Discovers Identity

With God, it is so.

It is his pleasure and rapture to discover identity.

God wants always to put his whole nature into it that God has discovered in a person who seeks him.

Then God is this identity itself.

Dr. Antony Theodore
God Does Not Sleep

Trust in the Lord,
simply trust always.
God loves you and me
in the night and at the dawn.

God does not sleep
because God has to watch over you.

It is God's love
which makes me trust in life.

Dr. Antony Theodore
God Does Not Turn Away.

It is not true that
God turns away
from people,
even when they
leave his paths.

When they are
stubborn or overbearing
and act on their own
God comes after
with mercy
in his loving eyes.

Dr. Antony Theodore
God Dwells In The Soul

God is present at
all times in good people
and there is a Something
in the soul in which God dwells.

There is also a Something
by which the soul lives in God.

But when the soul is intent
on external things
that Something dies,
therefore God dies,
as far as that soul is concerned.

God Entered Into My Soul: St. Bernhard

St. Bernhard writes:

"I confess, then, though I say it in my foolishness, that the Word has visited me, and even very often. But, though He has frequently entered into my soul, I have never at any time been sensible of the precise moment of His coming. I have felt that He was present, I remember that He has been with me; I have sometimes been able even to have a presentiment that He would come: but never to feel His coming nor His departure: For whence He came to enter my soul, or whither He went on quitting it, by what means He has made entrance or departure, I confess that I know not even to this day;"

God Experience Defies Expression.

God experience defies expression. The problem lies in expressing the inexpressible.

The mystic's insights erupt from the depths of truth unplumbed by the discursive intellect.

These insights are illuminations, revelations, full of significance.

It is of importance and inarticulate. The sense of mystery is deep and intense that words fail to communicate it.

God Fathoms The Depths

God fathoms
the depths
and the heart.

The most high knows
all the knowledge
there is on earth
and in the nether.

God observes
the signs of times.
He uncovers
the traces of
Hidden things.

None of our

He knows our brain

our way of thinking.

He knows the upright
and the evil man

He made him master

God In Its Naked Essence

As long as the Godhead remains in its suchness, that is, in its naked essence, it is Emptiness itself, no sound comes from it, no odor issues from it, it is 'above grace, above intelligence, above all desire', it is all together unapproachable, and unattainable.

God Is Found Only In The Love Of Your Heart

“For silence is not God,
nor speaking is God;
fasting is not God nor eating is God;
loneliness is not God nor company is God;
nor yet any of all the other two such quantities.
He is hid between them,
and may not be found
by any work of thy soul,
but only by love of thine heart.
He may not be known by reason.
He may not be gotten by thought,
nor concluded by understanding;
but he may be loved and chosen
with the true lovely will of thine heart.
Such a blind shot
with the sharp dart of longing love
may never fail
of the prick, the which is God”;

(I took this quotation from the book, An Epistle of Discretion, P.108. The Author is Anonymous).

God Is More Intimate To Us Than We Are To Ourselves.

The grace of God flows from within, and not from without.

For God is more inward to us than we are to ourselves, and His inward thrust or working within us, be it natural or supernatural, is nearer to us and more intimate to us, than our own working is.

Dr. Antony Theodore
God Is More Inward To Us Than We Are To Ourselves

Grace pouring forth from God is an inward thrust and urge of the Spirit, driving forth our spirit from within, exciting it towards all virtues.

The grace flows from within and not from without, for God is more inward to us than we are to ourselves, and his inward thrust, be it natural or supernatural is nearer to us and more intimate to us, than our own efforts.

God Is Omniscient

God revealed Himself to Abraham
"I am the Almighty God" (Genesis 17: 1).

God is all-powerful
He does all that He wills;
and this He can do as He wills,
when He wills, without any limitations.

"Whatsoever the Lord pleased,
He hath done, in heaven, in the earth,
in the sea, and in all the deeps" (Psalm 135: 6).

Nothing can impede His action,
nor oppose His will;
nothing is difficult to Him.

Our works, even the simplest,
require time and fatigue.
God's works, even the greatest,
are performed in one instant
by a simple act of His will.

With a single word, fiat;
He has brought all things
out of nothing:
let it be! ! !
Light, the heavens,
the earth, the seas,
and the whole
universe were made.

God Is Rich In Graciousness

Where have I wandered
in my life that God is
looking for me
and calling out,
"Come back to me"?

Why does my heart
need to be broken?
What is the meaning

Have I ever experienced
God as all tenderness
and compassion,
slow to anger,
rich in graciousness
and ready to relent?
If not, come back to God.

Grief pulls you down.
Teariness makes you

Solace gives you firmness.
Consolation gives you a foothold

Comfort makes you stand

God Is Truly Immanent.

God is truly immanent in the human soul
as in the universe.

A seeker for the Real
may see it as an outgoing journey
from the world of illusion

To him personally,
he may see it as inward change

God Knows…. A Simple Prayer

God knew that I need someone
To keep as a treasure in my heart.
Someone who is so true
Fine and caring.

God knew that I need smiles
To go on my hard way
And dress my wounds
With love.

God knew that I need the consciousness
Of someone who thinks of me
In the night when the moon shines
And water sleeps in comfort.

God knew that I need to share
My joys and sorrows
With someone who wiped my tears
And caressed my hair so lovingly.

God knew that I need a lap
Where I can sleep like a sweet cat
And get up to see the first rays of the sun
Which loves to shine in my eyes.

God knew and he gave ...........

God, Free Us From Our Illusions

The greatest wisdom

know anything of God.

Without knowing the unknown

God, Help Me, I Have Lost My Way.

God,
I have lost my way in a barren desert.
Rescue me in my peril.

I live in darkness and gloom,
I feel I am bound in chains.

I was proud.
You humbled my heart through hardships.

In my distress I cry to you.
Break my chains asunder.

Speak to me your loving word,
to heal my heart and soul.
I shall praise the wonders of God
in the barren desert

Calm the storm wind in me.
Hush the storm to a murmur.

You who can change the rivers into desert,
change my desert into pools of water.

Godforgives Our Sins In And Through Jesus.

Take our own sins seriously.

When Adam and Eve first sinned, the Lord made garments of skin to clothe them (Gen.3: 21). Only after the sin, they came to be ashamed of themselves.

The life of the flesh is in the blood

Jesus Christ shed his blood on the Cross for our Redemption, Reconciliation, Justification, and Sanctification.

Christ's blood keeps on cleansing us from sin.

God is Immanent In Our World.

The uttered Word in the Father, is not only transcendentally removed at an infinite distance above us, but also and at the same time He is immanent in our world, first of all by nature as the Creator of the world, but in a special dynamic and mystical presence as the Saviour, Redeemer and Lover of the world.

God's Eyes In My Breath.

Breathing is a very good way
to remain in the present moment.
Be conscious of your breath.

I breathe in and out
and follow the movement
of my breathing.

I feel simply how i am here present.

In my breath i feel also how
every moment passes by.
Moments come and go.
I am simply in this movement.

Then i imagine that i am not
breathing simply the air
but i am breathing in
the Spirit of God.

I want that the love of God
enters me through my breath.
So every moment becomes
filled with the love of God

Do you accuse yourself
„ I did not love my husband enough
I could have loved him more.
I wanted to tell him so many things.
I did not and could not do it.

The unuttered things
accuse me now.
I did not open up to him
I had physical union with him.
But my mind was not open to him.
I could have cleared
so many of our differences.

I did not tell him enough

He Rowed Me Into Oblivion

I stood all alone
on my shore
as the moon shone.

My eyes were closed
In a mystified mood.

My heart was filled
with the joy of silence.
I heard the music of silence
deep down in my soul.

God came to my shore
In his boat rowing silently.
I heard the silent sounds
of the ripples as God came.

I opened my closed eyelids.
God nodded inviting me to his boat.
As if pushed by someone behind me
I went and stepped into his boat.

He rowed silently.
It was a soul consoling silence.

We went far away from my shore.
I turned back and saw my shore
far, far away moving away from me
in constant rhythms of the ripples
created by Him while rowing.

All the way down to the center
of the sea where waves did not move
I felt the soft mild wind talking to me
heavenly things which I did not understand.

He rowed and rowed,
did not talk a word.
I heard only his breath.

He looked at me
I looked at him.
He smiled
I smiled.

He rowed and rowed
me away from my shore.

I could not see my shore anymore.
I was all alone with Him.

Suddenly i felt his love
like the petals of devataru.

He smiled.
I smiled.
Tears fell from my eyes.
I saw his tears too.

He rowed and rowed
in silence that pierced my soul
into oblivion.

The ancient Greeks recounted a very impressive saga of the great hero Perseus. He sat at the wedding supper with the beautiful Andromeda. Then the hall door is torn open, and another king appears to steal the Andromeda. It breaks a wild fight. Already many have fallen. Perseus comes in need because the enemies are in large. Perseus calls to his enemies: "You force me to the utmost and most terrible!" And while he holds in a bag that hangs on his side, he exclaims: "Turn away his face, who is my friend!" Then his hand holds up the horrible head of Medusa. This Medusa was a terrible monster: instead of hair, she had snakes on her head. Whoever saw her froze to stone. Everything that is horrible, everything that makes the blood stagnant, has been embodied in the Medusa main. There in the hall now Perseus holds her severed head high. And his enemies solidify to stone. A look at the Medusa kills them forever.

The Gospel tells - and this time it is not a myth - the counterpart. It tells us about ahead of the dead whose sight gives eternal life until this day.

"At that time Jesus spoke to Nicodemus:
As Moses raised the serpent in the wilderness,
so the Son of Man must be raised,
so that everyone who believes in him has eternal life in him" (From the holy Gospel in The Holy Bible according to St. John, 3rd Chapter, verses 14 and 15).

Heaven Is Not A Place

Heaven is not a place
It is a happening.
It happens in you and me.

The inner beauty
And the serenity
In moments of true love
are its own reward.

In selfless love, heaven happens.
Heaven has no borders,
No distinctions, and
Monopoly of none.

Heaven transcends all religions.

Her Child Was Brutally Murdered.

Bruised, derided, cursed, defiled
she looked at her tender child
covered with bloody scourges.

She kissed the wounds
cried bitterly spending tender tears
at the cruelties of the terrorists.

The child died on her arms;
She hugged the dead child
to her heaving breasts.

O you Mother, my God
You are the fount of love!
Touch my spirit now.

Help me to forgive the murderers
Of my child of love, my only one,
They killed my husband too.

Now I am alone.
Counting the sands
of the burial ground
I look up begging God
to make this world
a place of mercy.

God is for me, my mother,
the Fount of love.
Make my heart with yours accord.

(I heard these words of suffering from a Christian woman who came as a refugee to Dortmund, Germany. Got inspired and wrote this. I was astonished to see the act of forgiveness in her words even when her husband and child were killed before her eyes and she raped. God works wonders in human hearts indeed).

Hey ...why Do We?

Why do we multiply our possessions
and reduce our values?

Why do we love little
and hate too often?

We have learned to make a living,
but not a life.

Is it true my friend
that we have added years to life
but not life to years?

WHY DO WE BUY MORE
BUT ENJOY LESS?

...I gave two plantains to a poor woman
on the street begging.
She took them with a great smile.

There was light in her eyes, I saw;
Shared TWO plantains with her FOUR children.

She sat,
with tearful eyes,
wiped the face of her children

and smiled.

It was the smile of God.

Holy Monk, Why Do You Waste Your Life In Silence?

The monk was drawing water from a well with a bucket. A group of young men came and asked: "Why do you waste your life living alone in silence?"

Peacefully the monk answered: "Look at the water in the well. Tell me what you see now.

They answered: nothing. The water is not peaceful.

After sometime monk asked: Now you look in the well and tell me what you see.

They answered: we see our faces.

Look, when the water is peaceful You can see yourself. So is with meditation in silence. You see yourself.

Even after sometime The monk again asked: Look and tell me now What you see in the well. They told: we see clearly the pebbles and stones at the bottom of the well.

So also is with meditation in silence. You see everything in depth.

Hope Does Not Disappoint

Hope is not what you’d expect.
It is what you would never dream.
Hope is a seemingly improbable story.

Hope is not a granted wish
or a favor performed.

It seems to be a mad
and unpredictable
dependence on a God
who loves to surprise us
out of our socks.

When our hope
is fulfilled in surprise,
God waits in joy
for our reactions.

We break into tears
for the wonders
of God are beyond
our expectations.

Hope Leads Me Through The Sufferings.

The love of God has been poured out within our hearts through the Spirit who enlivens us.

Faith and hope are virtues that leads us through sufferings.

How Can A Created Thing Satisfy My Heart?

God is the creator of my heart.

I tried to fill it with the love of a girl.
I tried to fill it with riches and money.
I tried to fill it with the lust
that the world provided for me.

It was easy to fall into temptations,
thinking that will satisfy my soul.

But now I know my heart
will not give me peace
until I let my heart
be satisfied only by God.

Now I come to the simple logic:

How can a created thing satisfy my heart?
God is the creator and owner of my heart.
God alone can satisfy the cravings of my heart.

It is so simple.
My heart finds peace
in this thought now.

Human and divine nature in Christ

The human and divine nature were completely one in Christ.

The two natures were not confused in any way.

The universal was particularized in Christ, but that particularization must be personally appropriated, actualized in each and every one of us.

The cosmic Christ makes God present in us and it is in Christ all things hold together.

The supernaturalization and transformation of all things takes place in and through Christ.

(This is christian concept of the union of the Divine and the Human)

I Am Your Baby, Mum

I am your baby Mum.
I did not come on my own Mum.
God's angels flew down to your womb
from the mighty heavens
and placed me in your holy womb.

I did not come on my own mum;
God wanted it so.

I was so happy in my new cave of love,
in your holy womb
and slept there peacefully.
The angles watched.
They prayed
to keep me safe always
till I will be born on the face of the earth.

They practiced heavenly songs of birth
to play on their golden harps on my birthday.

When I was sleeping in your womb
The angels used to come to me.
You did not know it, my dearest Mum.

I was happy to be born
as your beloved child.

I wanted to smile
I wanted to sing
I wanted to play
I wanted to suck your breast milk
Until you were satisfied.
I wanted to see the smile on your face
When I suck all your milk from your loving breasts.

They were my dreams in your womb, Mum.

But on a cruel day
you decided to kill me.
The devils in the Hades
heard about your decision.
They brought the loudest drum,
played in the devilish rhythms.
All the devils came together,
came and danced in circles,
jumping and singing.
They danced in lines.
They danced in circles.
They danced on the toes.
They danced on their heads.
They sang the wildest of songs
and the devil drummers played.
The whole hell was happy
that you decided to kill me.

You know how much I cried?
You know how many angels cried?
Do you know how the whole heaven cried
on my day of death in your holy womb?

A moment before i was cruelly murdered
I saw the All-Powerful God crying helplessly.

It was a lullaby which
the angels alone sing.

Happiness entered
into my inner recess.

Then I went
to the feathers to ask:
"Where from flow
such wonderful melodies
into your hearts' core?"

The feathers told me:
"We have the songs in our beaks,
we have the songs in our hearts.
We have the songs in our brain
we have the songs in our wings.

To sing and to sing and to sing
is our benevolent vocation.

We sing to the melodies

I Can't Do That, Lord, What If I Fail?

Is there something God has told you
to do that seems just too difficult?

You can be sure that if He has called
you to carry out His will, He's going
to be faithful to accomplish it through
His Spirit living and working in you.

So if you tell Him, "I can't do that, Lord
—what if I fail?" you're really saying,
"God doesn't keep His word."

And yet, our total expectation
should be in Him—not in our own
energy, ability, or experience.

When you doubt God's trustworthiness,
that unbelief becomes a gap in your
spiritual armor, and you can be sure
that's exactly where Satan will attack you.

You'll begin to doubt even more
about God's character,
His goodness—and that distrust
will become a heavy load of baggage
you'll needlessly drag through life.

I Collected My Tears In A Coconut Shell.

I took my coconut shell,
placed inside it, a thin plastic sheet.

At the midnight hours
as the whole world slept,
i sat before my earthen oil lamp
shedding tears of sufferings and pain.

I collected my tears with care.

Early before the dawn broke
into thin rays of smiling light,
I went to the throne of God,
the God of no religion
the God above all Religions.

Before God's glorious throne
I lifted my coconut shell of tears
in my wounded palms.

God looked at me.
God saw the wounds of my hands.
God saw my ragged clothes.

There was only silence,
deep silence that pierced
the heart of heaven.

In the silence,
I saw tears falling down God's eyes.

God's tears
fell inside my coconut shell.

In the midst of the night
my heart longs for you.

The spirit in me seeks you.

I feel i am conceived

When you are born in me
i close my tearful eyes.

I smile in the radiant dew.

Fear.
Loneliness.
Rejection.
Nowhere to go,

Would you come to

Would you give me
a little bit of love?
would you come to
take away my fear?

I do not know how to smile.

I Fell Into The Arms Of My Beloved

In my tearful dreams
I saw the path of light.
Lead me to the abode of love.
Let me sit and rest for a while.

My lips longed for his kisses

I saw my beloved
Walking slowly to me like a fairy.

In the ecstasy of love
Joy tremendous filled my mind.
I fell into the arms of my beloved
And my heart danced to his rhythms.

I Flew Across The Deserts Of The Sky

Jean Paul, a contemporary of Goethe, had a dream.

He writes about his dream:
I walked through the worlds.
I climbed into the sun
and flew on the Milky Way
across the deserts of the sky;
but there was no God.

I climbed down,
to look into the abyss
and shouted: Father, where are you?

But I heard only the eternal storm
that no one ruled,
and saw the shimmering rainbow
without a sun that creates a rainbow
over the abyss and dripped down.

And when I looked up
to the immeasurable world
for the divine eye,
she stared at me
with a blank bottomless eye socket;
and eternity was in chaos.

And he was glad when he woke up:
'My soul wept for joy' he writes,
THAT HE COULD WORSHIP GOD AGAIN
and the joy and the crying
in faith was prayer.'

Jean Paul, a contemporary of Goethe, has dreamed and noted it down in 1797 in eloquently words.

I Found A Sweet Secret

I found a sweet secret
to tuck deep inside,
When you told me
my precious friend
that we will be best buds
for now and evermore.

I looked often around
to find my heart's yearning.
No one can live alone in this world.
Friendship should come from
deep within the heart.
Your wonderful friendship
means so much to me.

For there's little that lasts.
So much fades away.

I painted in orange and red colours
with fiery power of passion
Your face
on the canvas of my heart.

In your warmth

I Gazed Into The Visions Of The Night.

I gazed into the visions of the night.
I saw a golden throne.
All around was fire.
It was a blaze of flames.

A stream of fire and flames
poured out from His Presence.

He was beyond all religions,
beyond all the concepts of God.

He was free from the thoughts of man.
He was above everything.

I gazed into the visions of the night.
Millions waited on him.

On the clouds of heaven I saw

and opened my book of life.

He looked with the fire in His eyes.
and hugged me in intense love.

It was a mystery, it was joy pure

i knelt down and expected the shower of the healing graces.

I Heard You Then In My Consciousness.

I heard you then in my Consciousness.
i sang a song
in your presence.
It made You smile.

Listening to my songs
You smiled in silence.

You looked at me
keenly as i sang.
But You were silent.

i saw tears
down your cheeks
as i sang.
But You were silent.

i saw my songs
kissing your silence.

i saw my songs
touching your lips
yearning for a word.
But You were silent.

Then you took me in a small boat
under the silent shine of the moon
into the heart of the vast ocean
until the ocean was shoreless.

There you whispered me to sing.

In the midst of the shoreless ocean
in the small boat
i sang; i sang only for you.

You listened with smiling eyes.

Then you raised your hands
and the waves rose up.
You danced in the boat.
The waves danced with you.

i sang and sang
till my songs danced with the waves and You.

i heard you then
in my consciousness.
You broke your silence
deep down in my soul.

I fainted.

I Love To Bathe In The Spring Of My Soul.

There is a spring in me

in the depth of the night.

There is a spring in me 
that loves the silence of my heart.

It rushes forth to fill 
the valley of my soul 
breaking my silence 
and then to wash me pure.

There is a spring in me 
in which angels and saints 
of heaven come to swim 
in the silence of my night.

...........

At the dawn when the heavens open

My eyes burst open

There is a spring in me 
in which the birds of heaven

The flutterings of their wings 
create a music in me 
in their splashing and splattering.

I love to bathe in the spring of my soul.
There is a spring in me that brims and ripples.

I Ran Into Light Like A Joyful Deer

i entered into a cave.

I sought only for the heart of God,

I dipped myself in
to submit my soul to you.

Water knows that I have
raised my heart and soul to you.

Water does not want to disturb me.
Water is still.
Water meditates
with me inside.

Water meditates
enjoying the stillness.

In my closed eyes
I see your golden figure
hugging me
taking me to your lap.

I Think Of You Mummy.

When the stars shine
In the mighty heavens
I think of you mummy.
My dearest mummy,
you are there in heaven.
You are there in the world of the stars.
You are a star.
You see me now,
looking up to you
and calling your name "Genova";

( Genova is the real name of my beloved mummy.
She died at the age of 38. She had cancer. I miss her so much)

I Told Tonight My Lady Love

I told tonight my lady love,
the love of my life
„I realize my own nonsenses".
Then she told me at once
I am your nonsense.
I added: „Yes
you are my sweet nonsense.
You are my perfumed nonsense.
You are the nonsense that tickle
my heart and my soul".

I Trust That God Calls Me

I trust that God,
the keeper of atoms
and galaxies,
is like a good mother
and like a merciful father for me.

I trust that he calls me
by name and believes in me;
that I am in his likeness
as a woman or a man;
that he does not let
me down and hears
the requests of us humans.

I trust in the inspiration of God,
the Holy Spirit, who helps me
to work for the oppressed
and disadvantaged and the poor.

I trust in the love of God,
who dissolves our questions
and doubts into the joy of being.

He gives me the strength
and to all people of good will,
to changethis world
and give our world
a human loving face.

I Wait For Your Timing In My Life.

Protect my heart and mind.
Fill it with the peace that passes
all human understanding.

I wait for your timing in my life.
I submit all my desires to your authority.

Calm my restless spirit and troubling thoughts.

I Want To Attain Happiness.

A complete absorption
in the interests of the Infinite,
is the need of a seeker.

Come what may,
it is a decision
made by the seeker

I Want To Bathe In Divine Light

Dr. Antony Theodore
I Want To Be A Part Of Your Mystery.

A voice crying in the wilderness
"God is coming
Prepare yourself with
humble prayers and offerings”.

Replenished with the food
of spiritual nourishment
I humbly beseech you
I want to be a part of your mystery.

Hold me firm to things of heaven.
Protect me in your mercy.
Lift up my soul to you.

I have trusted you
I have set my hope in you.
Do not leave me alone.

Dr. Antony Theodore
I Want To Be In Light

In God's light i want to live.
In God's happiness i want to be.
in God's mercy i want to grow.
in God's light i want to see.

I Want To Feel God's Presence Now.

I sing a new song this morning praise this wonderful creation.

The heavens rejoiced with me when I sang with my veena on my lap.

Oh tell among others about the wonders of a God who loves and blesses.

Let the sea and all the fishes in it sing the praise of God with me.

Let the fruits and trees and leaves sing of the joy of the Lord at humans.

I seek His presence.
I do not want a vision.
But I want to feel his presence now in me and around me.

I Want To Find Favour In God's Presence.

God’s law is perfect.
It revives the soul.
It is wisdom to the simple.
It gives light to the eyes.
God abides for ever
in the deepest recesses of the soul.
God knows the thoughts of my heart
before it lands on my tongue.
i want to find favour in his presence.

I Want To Follow My Bliss

Give me inner comfort and peace.
Help me to love myself, God.

I want to follow my bliss
which God gave me as a gift.

Help me to find the barriers
within myself, psychological
which I built against me.

By being myself and loving myself
i am putting something wonderful
in the world that was not there before.

I Want To Go Up To The Abode Of The Creator Of The Universe.

The mystic begins to face
the deepest of all decisions:

the question of death and
the answer of death.

The acceptance of death
becomes easy
and the mystic
does it with intense joy,
through the victory
of Christ over death on the cross.

His desire in prayer is to be
one with the creator
of the universe
through death.

O death come and take me
so that I may go up the steps
to the heavenly abode
in the presence of the One
whom my heart desires for.

Dr. Antony Theodore
I Want To Hide Myself In The Heart Of God

i seek only for the heart of God
therein to hide myself.
Mystical search is not the quest of joy,
but the satisfaction of a craving
impelled from within.

I Want To Kiss The Roots

The little stream sings and dances
on its way to the flower tree.
Waters bubble when it thinks of the flower tree.

I want to flow fast and kiss the roots
and my tree will blossom into
flowers beautiful and new.

Do you know now the secret of love
and its mystery that brings forth flowers
on my flower tree?

I want to flow fast.
Can’t wait anymore
to kiss the roots of my lover tree.

Dr. Antony Theodore
I Want To Love You O My God

I want to love you O my God,  
my strength, my life,

You are my ornament.  
I adorn myself with you,  
with the thoughts of  
your love and care.

I am never alone.  
You are my shield and my protection.

Dr. Antony Theodore
I Want To See You.

I shall extol you my God and King.

I kneel down and look up
to the mighty heavens
and praise your from my lowly heart.

I want to rejoice and shout for joy.
I want to be meek and humble.
You love a humble and contrite heart.

You are a compassionate God
You forgive me although I don’t deserve.

You are faithful in all your words.

You raise up all who are bowed down.

O God reveal to me
Your holy face
I want to see you
I want to see you
I want to see you.

I Want To Wash Away Sins Like The Water Of The Spirit.

I want to be like the water
that washes away all dirt
from the hands, legs and the body
cleaning everything that it touches.

I want to be the water of God's spirit
that washes all the sins from the mind
and thought and the soul and the brain.

I want to be the water that is poured

I Wish You Time

I wish you time.
I do not wish you all sorts of gifts.
I only wish you what you do not have.

I wish you time to rejoice and to laugh,
I wish you time for your thinking and actions.

I wish you time, not to rush and race,
but the time to remain satisfied.

I wish you time,
for wonder and time to trust,

I wish you time to reach for the stars,
and time to grow, that is, to mature.

I wish you time to hope again, to love.
I wish you time to find yourself,
every day, every hour in happiness.

I wish you time, also to forgive guilt.
I wish you, to have time - to live.

Iconography Of Art And The Indian Mystic.

If I Do Not Listen To Myself

When I am listening to you
it is infinitely important
that I LISTEN TO MYSELF

If I do not listen to myself
I will not hear you.

If I do not listen to myself
I may distort everything you say.

If I do not listen to myself
I may come to you with
my own conditioning.

If I do not listen to myself
I may react to you
from my own insecurities.

If Not To Surrender, Why Should I Love?

Love knows it is called to love.

Lifting up my eyes to your eyes,
you showed me your heart.
The love in me flowed into your heart.

If not to surrender, why should i love?

Love knows it is called to love.

If The Inspiration Is Genuine.

If the inspiration is genuine.

The artists begin with a blank canvas or page.
They create with paint or music.

They go inward and images appear.
They step down inward
and hear unheard melodies.

These inner images carry a feeling
with it, of wanting to be born.

The birth happens
in the inner cavity of the soul.

These impressions
will never fade away
if the inspiration is genuine.

If We Wish Each Other Peace

When we want to wish peace
we turn to the other person,
we see how the other is,
what all things he lacks,
what are his or her needs.

If we wish each other peace,
we express: You should be fine
and where I can help you,
I want to do it in the name of God.

So we want to wish each other
the peace that God gives.

Then we experience peace
in our own selves.

If You Are Content To Be Lost...

Seek it, you do not find it.
If you stop seeking, it is there.
But you must not turn to it.

If You Die Before Me

If you die before me
I would jump down into your grave
and hug you so innocently
that angels will become jealous.

I shall kiss you.
So intimately shall I kiss you
that your breath becomes mine.
In one breath of love shall
we merge into hugs of true joy.

Your heart shall beat
in rhythms unheard
like the drums of the desert
and the wild forest in the night.

You shall murmur in my ears:
'Ohpress me to your chest;
Tear open your chest,
Make way for me
to enter into your loving heart
that beats only for me in resounding colors.

Tell me please Oh my lover
Is it a rainbow that I see?
or the glow of a burning pyre?
Why is it that I cannot utter it in words?
Tell me glorious angels of love:
What am I experiencing in uncountable
moments of indescribable inner comfort?

Shivering in your presence
I shall long to dance with you.

If the dark souls lead you to Hades
I will dance and dance with you
even in the nether world.
We shall dance soft and then wild.
We shall dance together
as one body and soul
and break the fetters of hell
through love that emanates from our dance.

Dance so long and fine like a poem
until the Lords of the dark would faint.

Breaking the fetters of Hades
the white angels attired in beauty
shall fly down to pick you up on golden cradles
and carry you to the world of God.

Soyou will be free and fly away
from me into the world of the heavens
where angels shall kiss your sacred body.
You will be attired in gold and white
and in varied colors in tune
with the flowers of heaven.

Then you need no space to live and breathe.

Into that world of purity you will go
and I will be here on earth
dreaming of your joys with
the Heavenly spirits.

Shall I wait?

Shall I wait at dusk and dawn
in sobs and a heaving heart
with such desire and passion
to reach you one day
in your world of happiness.

(It is the belief that once your lady love dies before you, she has to go to the Hades and there she has to dance so fiercely and lovingly to make the Lords of Darkness faint and then she shall be free from the chains of hell. Here the living lover is ready to go to hell to dance with her most fiercely and save her from the hell)
If You Lift Yourself Up To Me.

If you lift yourself up to me
with all your heart
I shall be with you in your distress
for you have heard the words of my mouth.

I shall clothe you with my robe of mercy
And gird you with my joy.
I shall fix you like a peg in a sure spot
I shall give you honor wherever you are.

-

O, unseen God!
worshiping you in my secret temple
I offer you the incense of love
before your golden shrine.

I shall sing your praises
playing on my veena.

Would you be pleased
when I dance
through the night
in your holy presence,
until the dawn breaks
into mild golden rays.

If You Take Away My Breath

If you take away my breath
I will fall down and perish.
My body shall return to dust.

I shall open my mouth
and gladly praise my God.

Illumination And Divine Presence

The Sense of Divine Presence

is the 'Homing Instinct for a seeker of God.

The most constant of all the characteristics of Illumination is the Consciousness of the Absolute.

Dr. Antony Theodore
Imagination Is An Instrument Of The Divine Spirit

The creative power of imagination is, in fact, fierce and creates ever new.

It is a precious gift of God for a poet.

With the grandeur of the mind, the potency of inference, moral and ethical depths, lost in an intense sense of the divine which is so natural for a human, it becomes an instrument of the Holy Spirit.

Dr. Antony Theodore
Immediate Intuition

In the level
of immediate intuition,
in which an experience
impresses itself upon us
directly without ambiguity,
the level on which
we experience reality
as we experience our own being,
it admits of no doubt.

The paradox in a mystical
experience extends
to the creation of conditions
conducive to the ultimate experience.

Dr. Antony Theodore
Immediate Intuition.

Let us remind ourselves that another, metaphysical, consciousness is still available to modern man.

It starts not from the thinking and self-aware subject but from Being.

It is ontologically seen to be beyond and prior to the subject-object division.

Immortal Spark Of The Eternal Fire

Since there is an immortal spark of the eternal fire in man, he is implicitly a child of the infinite.

This immortal spark should be brought to the conscious field, by healthy discipline out of its hiding place deep down in the center of man and make it the dominant element in the personality.

Impassioned Apprehension

The love of the mystic
grows and wells up into
an impassioned apprehension,
a 'flame of love' in which
the self seems to meet God

Impelled To Abandon The Solitude

The solitude of the wilderness
is essential for the mystical education.
But mystics are impelled to abandon
their solitude after establishing themselves
in the transcendental levels, being
united with the source not merely
in temporary ecstasies,
but in complete surrender.

Abandoning the solitude thus,
they resume their contact with the world
to become the medium
whereby, life flowed
out to other men and women.

Important Ingredients Of Love.

It is important to open one's heart and share pain, joy, success, and failure. Heart should be clear always.

Love is being honest and knowing that the other person feels the same way too.

It is sharing and losing one's inhibitions and knowing that the person on the other side will never be judgmental.

In A Mystical Union

God - and the unity
of God with the soul
is so complete as to seem
incredible, since He is so
high Himself as to be beyond

The sincere seeker reaches
farther than heaven,
yes, farther than the angels.

We want to reach far,
far beyond measure
and yet we find that
all that to be understood
or to be desired is still not God,
but that where mind and desire end
in that darkness, God shines.

In Diffidence I Hid Myself In A Cave

In fear, I hid myself inside a cave in darkness.

In diffidence, I dared not to look into the light.

I was a broken person.

Then He came to me.

He found me as He found Gideon in the cave.

He found me as He found the lost sheep among thorns.

I was carried on His shoulder.

(The Bible Story of Gideon - In this Bible story, from chapter 6 of the book of Judges, Gideon is called upon to save the people of Israel by leading them against the Midianites)

There was a man among the Israelites who did not want to worship any but Yahweh. His name was Gideon, and one day as he sat threshing wheat by the wine-press to hide it from the Midianites. An angel of the Lord appeared and spoke to him, saying, "The Lord is with you, mighty man of valour and you have been chosen to save Israel."

The next day Gideon took ten of his servants and went up to the hill on which an altar had been erected to the false gods whom the people were worshiping. He threw down the false altars and built an altar to God in the same place, and on it he made a burnt offering to God.

In Eternity, There Is No Hatred And War.

Sure, I have hopes
and I hope with those
who have hoped before me
and expressed their hopes in words.

For the life after death,
the resurrection,
I wish that hatred,
war and violence
are forgotten and eradicated.

I wish to be closer to God
than now, to be able

I will be always happy

In my daughter’s eyes,
I am a hero, strong and wise,
and I know no fear.

But the truth is that

It’s fierce, forever protective.
It will not allow anything

In My Sandalwood Garden

I built a small hut
In my sandalwood garden..
The wind fell in love with
my sandalwood trees.
Wind comes to visit sandals
every now and then,
in the morning, noon and at dusk.
The wind comes stealthily at night
to visit the lady love, The Sandal.

Why do I need a mansion?
I sleep in my small hut
peacefully, breathing always
the sandal perfume
which the wind steals from
his lady love.

In My Sleep I Murmur, "God Come To Me".

I went in search of God.

I went to the highest i could.
Behold! God was far higher than i could ever imagine.

Is God abiding within me?
How can it be that i am a sinner.

My curiosity took me to the lowest depths.
I looked for my God there in the lowest depths.
Behold! God was still deeper.

I looked outside me.
He was beyond my farthest.

I looked within in search of him.
Behold! he was more inward still.

I am still in search of him whom my heart loves.

In my sleep i murmur, "God come to me".

In Not Finding God I Find God.

When i am not able to find you my God
i find you.

In not finding i find you.

Not finding God is positive.

At the bed of a cancer patient
i talked about God.
He got angry with me.
'Please stop this nonsense'.

i wanted to go away.
Then he turned and asked me
when will you come again?
I want your presence,
not your talk about God.

Before he died he told me
I found God in your loving presence.
I know and believe in God.
We can never understand God
with our arguments.
Human intelligence is too small for that.

That is why I did not want to hear you
talking about God.
In not finding God, God is present.

He died on my lap.
(Using the small 'i' is purposeful.
This is not here presented as a poem. i like to present ideas that may help a man
or a woman who seek the presence of God)

In Pride, A Poet Loses His Graceful Fineness

In pride, a poet loses his graceful fineness

In Quiescence Alone Can You Listen To His Eternal Voice.

Immerse deep in tranquility surrounded now only by unseen powers which in tranquil quietude weaves secret dreams from what was, is, and what can be.

Plunge deep into the profound blue ocean of silence, to harken the inaudible soft tunes and the rustle of the wind and the leaves and listen to the songs of the buds bursting into full bloom.

Solitude waits at my door calling me from afar: 'Come enter my house of silence. In quiescence alone can you listen to His Eternal Voice'.

In Seclusion With The Holy One.

Moses and Paul prepared
for their missions in seclusions
with the Holy One.

Jerome prepared himself
for his scholarly contributions
in a monastery and praised
the uncluttered view from the desert.

Solitude is only a means to an end.
It is not the ultimate end.

A readiness for the austere
life of the desert
and the vigorous inner
turmoil of the life
of the spirit is developed
in the silence of the desert.

In Self-Sacrificing Work For The Needy

Monastic silence and solitude
are not necessary prerequisites
for a divine experience.

There are many who serve God
with great purity of soul
and perfect self-sacrifice
in the active life.

They are able to live in
God's presence
by devoting themselves
to Him in self-sacrificing
work for the needy and the poor.

Dr. Antony Theodore
In Silence Alone Can You Feel Me.

I remained on the island of mercy
all alone in silence.

Birds of joyful love
flew to me
around me
to feel my benevolent presence.

I saw my shadow on the lowly water.
The water was still,
so was my heart.

In the mystic atmosphere,
I felt His presence.
He told me:
Alone in silence can you feel me.

Dr. Antony Theodore
In Silence Everything Is New.

In silence there is no routine,  
for in silence everything  
is all at once; everything is new.

The seeker's attentive  
expectancy in faith  
brings him to the brink  
of the insight of his  
true self in God.

In the Catacomb(s) of Callixtus

A woman prayed in the third century. Her picture is on the walls of the Catacomb, covered the head with a veil, wearing a costly vestment, opening her palms like a shell, she lifts up her hands to God above, a gesture which lifts us all up to God as if she prays for all of us.

All women and men of all religions have lifted up their hands opening up the palms to the Gods and Goddesses of the antique age.

Here in the Catacomb stays a woman in the underground dark cemetery praying at the face of death and graves.

Hindus, Muslims, Christians come, we shall lift up our hands and open it like an open shell.

God, who is beyond all religions will listen to our prayers for unity.

(There is the mural painting of praying woman even now in the underground cemetery of the catacomb in Rom. This poem was written after seeing it).

In The Depth Of My Being.

Come and reveal yourself
In the depth of my being.

Draw me to you
to share your life

Your love brings life

In The Depths Of The Night I Raised My Hands To You.

From the depths i cried to you my God and commented my spirit into your holy hands.

In the depths of the night i lifted my hands to you. In the morning you made me know your love.

You were a rock of refuge for me in the night. You released me from the hidden snares of my enemies.

My soul waited for my Lord and he heard my cry. My soul longed for my God and counted on his word.

My ears are attentive and i shall never be disappointed.

(as i wrote it, i was very much influenced by the Book of Psalms in the Holy Bible).

In The Desert Of The Heart

In the desert of the heart
a mystic emerges to be
more universal, breaking
the barriers
of limited thinking.

One explores the inner waste
of one's own being.

Only in a desert,
where created joys
are consumed
and reborn in God,
without the narrow
considerations
of social, political,
racial or religious groupings,
can a true contemplative
breathe freely and enjoy
that fountain of eternal waters,
which could truly quench
the most intense thirst.

He feels the strength
of the evolving unity
within himself enabling
him to embrace
the existence of diversities
behind which he perceives
the unity in God.

Dr. Antony Theodore
In The Intensification Of Faith In Love, Mystical Experience Becomes Valuable.

Faith in God is higher and perfect than all knowledge. Mystical experience becomes valuable only in the intensification of faith in love.

It is in the humility of living faith our true greatness lies and the more simple our faith is, the closer it brings us to God.

Going out of ourselves is an act at the very summit of our being. Then, we are not moved by our own nature, but we are moved by God.

God is infinitely above us and yet dwells in the depths of our being.

In The Secret Cave Of Your Heart

If you don’t hear Him
in the secret cave
of your heart,
then your soul will cry.

You should know that
in the innermost folds,
there is a voice

This is not created
by anything that is corporal.

You should enter into
the inner caverns of your
being, in peace and quiet,
in the bolted space.

Then, close your eyes.
Sit and listen.

It is joyful peace.

The cool breeze
of being with God
will caress your face.

In True Love, There Is No Death.

When The Lord God appears
in his glory and power,
then we will be with him for ever.

Console all who suffer
with these ideas.

Words can comfort us.
Which words shall I use to comfort
the one who is in pain?
Which words can touch the hearts?

Love means to tell the other:
‘you will not die, you cannot die,
you live in my heart’.

When we love, there is no death.

Your lover shall love you
from the heavens
in a new unbelievable way.

He will go along with you.
He is always with you.
His love encompasses you.

(It is the faith that soon after our death, God appears and takes you and me with him in paradise and will go along with us).

A 17-year-old girl who was abandoned by her family after falling pregnant has given birth on a street in India, according to local media reports. The girl gave birth on the side of the road in Chandil, a town in the state of Jharkhand in eastern India. She was said to have been less than 100 meters from a health center. A video published purportedly shows the girl hunkered down with her baby in the street as cars and motorcycles pass by. The newborn, whose umbilical cord is still attached, is pictured crying as it lies wrapped in its mother's dress.

Insensitive,
Cruel.

Women passed by,
Saw a woman struggling
On the street to give birth.

They did nothing..
They did nothing.
They did nothing.
Women? ??

She is poor.
She is ugly.
She has no home.
She has no food
Or water.

Umbilical cord not cut
The child cries on the street.
And the people pass by
Even women pass by
Cruel is this nation
Insensitive, the people.
Brutal, carless,
Loveless.
Umbilical cord is still attached, 
crying as it lies wrapped in its mother's dress.

Are we human beings 
or devil's children? 
Do we have mercy in us? 
Do we have love in us?

God, your poor die on the streets. 
God, your poor give birth on the streets. 
God where are you? 
Humans where are you?

Individualism And Mass Society

The thought of humanism leads us to personalism and individualism.

We observe individualism as belonging to the mass mentality of modern society.

The characteristic of the mass society is that it is terribly individualistic and it isolates each individual subject from his immediate neighbor, reducing his relationship to a state of impersonal, purely formal and abstract one.

Dr. Antony Theodore
Individualism As The Epitome Of Egocentricity.

The characteristic of the mass society is that it is terribly individualistic.

It isolates each individual subject from his immediate neighbor reducing his relationship to a state of impersonal, purely formal and abstract one.

Individualism as understood in modern society is the epitome of egocentricity.

Since the renaissance, individualism has been an excuse to irresponsibility.

Pseudo spiritual individualism divinizes material success.

The individual hides from his natural unity with all mankind.

The tendency of conformism kills the singular traits of each being.

Thus, many are incapable of authenticity.

Inner And Deep-Felt Joy Is A Sign.

Every one of us
have an inner life
that can develop into
a contemplative life.

Our contemplation
leads us to ecstatic joy.

Inner and deep-felt joy
is the sign that meditation
grows into its summit.

Some mystics call it
acquired contemplation,
or the prayer of simple regard.

Under the guidance of God's Spirit,
it develops into the God-given
contemplation that rises
through purification into the
Mystical or Spiritual Marriage.

Innocent Joys

Looking at the shooting stars
I wished a kiss from you.
I have thirst for forbidden tastes.

Shall we hold hands and sit
on the shore of this rivulet
to dream of castles and fairies?

You are a scented flower;
Oh, how I love to kiss your petals.

I am a big bird
and I carry you on my wings
to the land of spring blossoms.

Shall I pour honey on your tongue
and may I lick it from you?

When you giggle
I shall laugh.
When you smile
shall I pinch your nose?

Come let us run on bare feet
on the green grass
racing each other.
I shall then allow you to win the race.

That will be my joy when I go to sleep;
You and me and You win always.

Invisible light of heaven
is in everybody.

If we could see it,
we would see the billions

Invisible Source

Source Invisible,

I bow before life.
It is spontaneous reverence
before the sacredness of life.

I want to touch being itself.
It is spontaneous desire.

I wonder at the sacredness of being.

My awareness of my being
is like bubbles at a spring
throbbing up from the bottom.

Did you see – the source is invisible
transcendent and infinitely abundant.

Is It By Your Understanding That The Hawk Soars?

Anyone who thinks
they have a solid grasp
of life should try designing
and making something
remotely comparable to
a hawk or an eagle.

Flying toys with flapping wings
don't even come close.
Those things are made
on assembly lines, part by part,
only to fall apart with repeated use.

Job was reminded
of his smallness
when asked by his Creator,
"Is it by your understanding
that the hawk soars
and spreads his wings
toward the south?
Is it at your command
that the eagle mounts up
and makes his nest on high?" (Job 39: 26-27).

It makes us humble
thousands of years later.

Is It Not Seductive To Act as A Big Shot?

Act like a big shot.
You are always admired.
You are somebody.
Is it not seductive?

To sit always on the top,
you are up there,
you can play with your influence,
you can manipulate human beings.
Is it not evil?

To act as a loving man
and play with others
with the intention
of lustful satisfaction?
Is not alluring?

And yet there was one
who refused to do so,
who lived differently.

Instead of profiting from power,
he served the poor and downtrodden.
Instead of relationship games,
he spread respect and trust.
Instead of circling
around oneself,
he opened himself to God-
Jesus of Nazareth.

Will you do it for me my God?
I need a pure heart.

My heart was stained
marked, wounded
and my heart was not pure.

Can I be pure inside?
Unless you do it for me
I shall never be pure completely.

Make me clean o my God.
I need forgiveness.
I need mercy.
Set me free

Is Not Life Itself A Miracle?

What will it be tomorrow
or the day after,
is beyond our grasp.
We do not know the future.

What was, has passed away
and can not be changed anyway.

What remains
is the wonder
of this moment.

I approach this moment
with a smile
and a good positive thought
enchanted in a definite way.

Is not life itself a miracle?

Each of us is born naked
and is being gifted from day to day.

Every new day offers opportunities
to learn and to grow.
Every new day is a gift.

How shall i answer?

It Is All A Matter Of Appearances

The annihilation

It is all a matter of appearances

It Is Both 'either Or'and'neither Nor'.

The paradox in a mystical experience extends to the creations of conditions conducive to the ultimate experience.

it is not a matter of theology of light or darkness, affirmation or negation, immanence or transcendence.

It is both 'either or' and 'neither nor'.

Man's participation is both active and passive, but the control does not lie with him.

It is the cloud of unknowing into which we fall back, when we think of God.

One can only experience the presence of God.

This experience lies beyond expression.

Dr. Antony Theodore
It is easy to give from our abundance.
It is easy to give what is left over.
But giving out of our own poverty
demands great faith and charity.

Experiencing the pinch of losing
makes us men of faith and goodness.

In releasing our materiality
wrapped fast around us
We become free to forge
bonds of love and solidarity.

This is sacrifice and this becomes
a tangible expression of God's love
in the world and our trust grows
in making our decisions strong.

It is love calling love.

Love flings open a door
that, larger life may rush in
to unite itself with the soul.

He is no farther than the door of your heart.
There He stands patiently for the one
who opens the door and let him in.

He can hardly wait for you to open up.
He longs for you a thousand times
more than you long for him.

The opening and the entering are a single act.

The object of faith is the truth. Ideas and words are not the food of intelligence, but the truth.

It is a truth that assimilates and not a truth that is assimilated.

It is not an abstract truth that feeds the mind alone.

The truth that a spiritual man seeks is the whole truth, reality, existence and essence together, which can be embraced and loved.

One comes to illumination by the grace of God in faith.

It Was Blessedness And Pure Happiness

When my lover came
to my small hut today
I begged 'go away please'.
'I am poor and my hut is not good
enough for your blessed presence'.

He did not listen to me,
took me passionately.
He kissed my arms,
murmured sweetness pure in my ears.

Do you know how much I relished it?
Time passed by. The cock crowed.
I got up suddenly
and woke him up.
'It is morning. Get up'.

He was lazy and told me,
'Lie down my love.

It is the midnight cock,
crowing so loud.

He is jealous, my dear.
Let him crow loud.
I giggled through
my luscious lips.

He hugged me, caressed me,
licked the corners of my lips
and spoke passionate nothings
in my lustful listening ears.

I indulged in his love,
enjoyed him the night through.

Till the morning we kissed.
My bare body had his marks,
the signs of his sucking lips.

Let Your Religion Be A Love Affair

With all the power of my being
I shall bless God’s holy name.
My soul, do not forget the gifts of God.

- -

God pardons all your iniquities,
redeems you from destruction,
crowns you with kindness and compassion.

God Heals all your sicknesses.
He will not chide you.
He does not deal with you
according to your sins.

God will not remember the sins
Because God is love.

- -

From morning’s first light
to evening’s last star,
always remember
how special you are
because God thinks of you.

- 

Let your religion be less of a theory
and more of a love affair.

There is only one God
from whom
all love and light emanates.
God is wisdom and innocence.

You are getting light
and warmth from the sun.
You enjoy it every day.
But you can never
become a sun
however much you may desire.

Love is giving
in its nature.
Love is sharing.
This sharing love

when you begin to give.

Unshared love

Light In My Hiding Place Of The Heart.

I am in search of the light shining in the innermost nook and hiding place of my heart.

Dr. Antony Theodore
I imagine that light
was the first painter of the universe.

Intense light makes
every thing most beautiful.
Even the most frail things shine so beautiful
when light spreads its wings on them.

The dark and the dingy corners of life
brightens up in heavenly shine.

Deep down in our own self
we are in search of wholeness.

The blackness will stir
and eventually go away.
God will remain in us
as a shining point of light.

Light is the first painter of the universe.

Dr. Antony Theodore
Light Is The Nature Of The Soul.

I imagine that
the soul in its natural identity
is a potentially lucid crystal
left alone in the realm of darkness.

It remains perfect in its own nature.
But when the light shines on it
it is transformed into light
and seems to lose itself
in the splendor of a higher nature.

It is the nature of light
that is inherent
and dormant in the soul.

Light-Imagery And The Spiritual Marriage.

It is of course, arguable that the whole of this light-imagery is ultimately derived from the Prologue of the Fourth Gospel: the Gospel written by , just as the imagery of the Spiritual Marriage is supposed to be derived from the Song of Solomon.

But it must be remembered that mystics are essentially realists, always seeking for language adequate to their vision of truth: hence the fact that they have adopted this imagery is a guarantee that it represents something which they know and are struggling to describe.

Living In Self-Centered Spontaneity

A personalism that has nothing to offer but evasion, will not be a genuine personalism, since it destroys the relationships without which the person cannot truly develop.

The idea that one can seriously cultivate his own personal freedom merely by discarding inhibitions and obligations, to live in self-centered spontaneity, results in the complete decay of the true self and of it's capacity for freedom.

Without a cloth.

I wept and wept  
She knew not  
I longed for  
A love beyond the body.

Love Is At The "Core Of Your Nature".

Fruit of Surrender is Ecstasy

Feel the peace
that enters you
when you trust that "love"
is at the "core of your nature".

Look!
In this peace,
you perceive
a "Seed of Sweetness";
at the very center of the heart.

In a surrender to the Spirit,
with patience and devotion,
you nurture from this "Seed"
the supreme state of joy
known as
"Ecstasy".

Love Is At The Heart Of All Creation.

Love is at the heart of all creation. 
It continues to unfold 
drawing us ever more profoundly 
into the embrace of a generous God.

This love unbounded, deepens 
and develops over time.

It grows through seasons 
of darkness and light.

Love Is Faithfulness

To love means to be true,
to love unconditionally
means to give with
all your heart to one,
and only one.

Love is when you realize
that he/she is the best thing
that has happened to you
and you want to cherish
that person and the moments
spent with him/her
till death do you part.

Dr. Antony Theodore
Love Is God And God Is Love.

Love is the universal force.  
Love is the extremely powerful force.  
Can science find an explanation to it?

Love governs all the other forces.  
Love is the force behind all  
the Phenomenon  
operating in the universe.

Love is the most powerful unseen force.  
Love is light that enlightens  
the receiver and the giver.

Love unfolds and reveals.  
For love we live and die.  
Love is God and God is love.

Dr. Antony Theodore
Love Is Most Sacred In Its Core.

Love is most sacred in its core.
So, when you let someone too near,
he or she becomes part of you.

In the sacred kinship of real love
two souls are deeply united.

When you love, you open your life
to the other breaking all your barriers.
Your protective shell breaks.
The person in love is given
absolute permission to enter
into the innermost temple
of your spirit making you feel:
that Love is most sacred in its core.

Love Is Our Deepest Nature.

Love is our deepest nature.

Each of us searches for love consciously or unconsciously.

Love Is Spending Time Together

Love is talking.
It is about speaking,
telling and sharing.

After some time, people
restrict their conversations
to discussing bills,
children and pets.

This is a sure indicator
of things going downhill.
Bring the spark back
by starting a conversation.

Love is Spending Time Together

A few minutes spent together
every day keeps the boredom away.

Heavy work schedules
take up much time and effort,
so it is important to
get things into perspective.

Dr. Antony Theodore
Love Is Spirit.

All forms of love ultimately serve the search for God.

All experiences of love are an invitation to the cosmic dance.

God is the sweetest, most desirable lover, Whose touch the lover can feel on the skin.

Love is spirit.

Love Is Stronger Than Death

Every death is painful to accept.
Saying goodbye to a loved one
gives us intense pain in our hearts.

You cannot elude the pain of death.
You have to stand and face it.

But in the middle of death
hope fills your heart and soul.
'I shall be able to see him again'.

You can meet with the one who died.
The love you had for him
is not destroyed with death.

Love is stronger than death.
Love outlives the death.

You shall experience your love
in a different way when you meet
your loved one in the presence of God.

Then your love will be very pure
without any distortion of your heart
without the limitation of narrowness.

You can love him, as he is.
In this love you will become
one with him as never before.

Love Is The Nature Of The Soul.

We inhabit the kingdom of the Eternal
When we love and allow ourselves to be loved.

Love is the nature of the soul.

In the experience of intense love,
fear changes into courage,
emptiness becomes plenitude
and distance becomes intimacy.

Love Is The One And Only Answer.

Love is the one and only answer.

If we want our species to survive,
if we are to find meaning in life,
if we want to save the world
and every lofty being that inhabits it,
love is the one and only answer.

Love Is The Quintessence Of Life.

Each individual carries within them a small but powerful generator of love whose energy is waiting to be released.

When we learn to give and receive this universal energy, we will have affirmed that love conquers all, is able to transcend everything and anything, because love is the quintessence of life.

Dr. Antony Theodore
Love Is The Sister Of The Soul.

We need the presence
and shelter of love
to transfigure our loneliness.

The cosmic loneliness
is the root of our inner loneliness.
Everything we do, think and feel
is surrounded by nothingness.
Hence we become easily fearful.

All of human life seems to stand
under the shadow of nothingness.
(Meister Eckhardt calles it 'umbra nihili') .

Nevertheless love is the deepest
language and presence of the soul.
Love is the sister of the soul.

A bunch of flowers
I give you my friend.

They are wildflowers
picked up softly from the nature
only for you my Lord of my heart.

then the love of God,
I hope, will free me.

But I have to simply
turn to him and this is

Love Plays Silently In Innocence.

The dawn is born
In my heart now.

The cheerful, lively, vivacious
angels on winged horseback
are flying from the heavens
to my compassionate heart
filling with light and harmony.

It is the stardust of love and delight
that is sprinkled in my brain hitherto.

The angels talk to me in heavenly dialect,
while love plays in silence among flowers
among the innocent laughter of children.

The dawn is born
In my heart now.

Yes, when love looks, it sees your deepest mystery.

Love Until You Die

Lost in meditation
I sat at the foot of the Mount.
From the top of Mount Sinai
I heard this call
as the dawn burst into golden streams of light.

An unknown Voice told me
“I am the God of Moses,
love and love until you die”.

At your death bed
I shall come and lift you up
into the world of my Angels
and keep you near my heart
for all eternity.

I am love,
love pure.
Come my son
Love.

Love your soul in lonely moments.

Be silent,
submit your intelligence
and your thoughts
to God and be happy.

in the eyes of God.

The fig tree that God planted wanted to bear fruits in plenty.

But it could not and was sad.

Would you help me to be fruitful?

Please cultivate the ground around me and fertilize me giving me water.

Making Our Body Valuable Enough To Be Offered To God

Sacrifice must complement man's life of prayer and renunciation.

By the renunciation of those things which impede prayer, a life, entirely given to prayer is made possible.

Such a life becomes, in its entirety, a sacrifice of praise to God.

The transformation in man towards divinity is effected by sacrifice and it unites him with God.

Sacrifice enables man to become detached from selfish interests and concerns and he begins to realize the union with God.

Sacrifice is really the culmination of asceticism

Man Is The Slave Of His Own Desires

For a man to be free he must be delivered from himself for the tyranny of man over man is but the external expression of each man’ s enslavement to his own desires.

Is Mise Do Mhac Leanbh, A Mhammaí.

Is mise do mhaic leanbh, A Mhammaí.
Níor tháinig mé ar mo mháthair féin.
Tháinig aingeal Dé le do bhroinn ó na flaithis mighty agus chuir mé i do bhroinn naofa.

Níor tháinig mé ar mo mháthair féin; Bhí Dia ag iarraidh é sin a dhéanamh.

Bhí mé chomh sásta i mo uaimh nua grá, i do bhroinn naofa agus chod sé ansin síochánta. D'amharc na h-uillinneacha.

D'ordaigh siad a choinneáil sábháilte i gcónaí till go rugfar mé ar aghaidh an domhain.

Chleachtaigh siad amhráin breithe neamhaí a imirt ar a n-harpair órga ar mo lá breithe.

Nuair a bhí mé ag codladh i do bhroinn D'úsáid na haingil teacht ormsa.
Ní raibh a fhios agat, mo mháthair dearest.

Bhí áthas orm a rugadh mar do belovedchild.
Bhí mé ag gáire
Bhí mé ag canadh
Bhí mé ag iarraidh a imirt
Bhí mé ag iarraidh do bhainne cíche a tharraingt
Go dtí go raibh tú sásta.
Bhí mé ag iarraidh an aoibh gháire a fheiceáil ar d'aghaidh
Nuair a thógfaidh mé do bhainne ar fad ó do bhrollach grámhara.

Ba iad mo bhrionglóidí i do bhroinn, Mam.

Ach ar lá éadrócaireach
chinn tú a mharú.

Na diabhal sa Hades
chuala tú faoi do chinneadh.
Thug siad an druma is airde,
a bhí i rithim devilish.
Tháinig na diabhal go léir le chéile,
tháinig agus damhsa i gcorcail,
ag léim agus ag canadh.
Rince siad i línite.
Rinne siad i gcorcail.
Rinne siad damhsa ar na toes.
Rinne siad ar a gcinn.
Bhí siad ag canadh na n-amhrán is firinne
agus imir na drumadóirí diabhal.
Bhí an ifreann ar fad sásta
gur chinn tú a mharú.

Tá a fhios agat cé mhéad a d'iair mé?
Tá a fhios agat cé mhéad aingeal a chuaigh?
An bhfuil a fhios agat conas a chuaigh an neamh ar fad
ar mo lá bháis i do bhroinn naofa?

Nóiméad sula ndearnadh morgáiste cruaidh orm
Chonaic mé an Dia Uile-chumhachtach ag caoineadh go míchuí.

Monism Or Non-Dualistic Philosophy

Advaita Vedanta is one of the most studied and most influential schools of classical Indian thought.

Dr. Antony Theodore
Monodeism

The mind concentrated
upon a higher object
of interest, is undistracted
by its own likes and dislikes;
and performs efficiently
the work that is given it to do.

In persons of feeble
or diffuse intelligence
however, this deep
absorption in the sense
of Divine Reality
may easily degenerate
into monodeism.

(This is a philosophical belief that posits that God exists as an uncaused First
Cause ultimately responsible for the creation of the universe, but does not
interfere directly with the created world.

Equivalently, deism can also be defined as the view which posits God's existence
as the cause of all things, and admits its perfection (and usually the existence of
natural law and Providence) but rejects divine revelation or direct intervention of
God in the universe by miracles.)

More Than The Humanism of Stoic

Christian humanism is therefore much more than the humanism of the Stoic and it is the full realization of man's dignity and obligations as son of God, as image of God, created, regenerated, and transformed in the Word made Flesh.

(Stoa=Stoicism is a school of Hellenistic philosophy founded by Zeno of Citium in Athens in the early 3rd century BC. While Stoic physics are largely drawn from the teachings of the philosopher Heraclitus, they are heavily influenced by certain teachings of Socrates. Stoicism is predominantly a philosophy of personal ethics informed by its system of logic and its views on the natural world. According to its teachings, as social beings, the path to happiness for humans is found in accepting the moment as it presents itself, by not allowing oneself to be controlled by the desire for pleasure or fear of pain, by using one's mind to understand the world and to do one's part in nature's plan, and by working together and treating others fairly and justly).

Motivated By The Heavenly Spirit

God, shine on others through us.

Let our examples be a witness of your glorious presence in us.

Give us the grace of sympathetic energy that others may feel it in them, when we work for them.

Let your love residing in us be evident to them that we are motivated by the heavenly spirit.

Moved By Love

The experience of union with God, transforms us into a new being, affecting every particle of one's being, attitude, and every act.

He is moved by love. He eats, drinks and all that he does, is done for the glory of God.

He is free to act freely, simply, spontaneously, from the depths of his heart. His love is immeasurable.

Msimangu The Anglican Pastor And Kumalo.

Msimangu is an Anglican pastor living in South Africa under apartheid.

He is very generous to a grieving older pastor, Steven Kumalo.

When Kumalo expresses deep, tearful gratitude for how generous Msimangu has been, he responds: "I am a selfish, a sinful and weak man, but God has put his hand on me. That is all."

These characters appear in the novel, "Cry, the Beloved Country" by Alan Paton.

Mum, You Make Me Smile.

Mum, you make me smile.
When you kiss the sole of my foot
You make me smile.
When you kiss my little stomach
and look deep into my eyes
with such a great love
you make me smile.

When you tickle me always
and love to see me laughing
lost in your loving hands
you make me smile.

When I bite on your nipples
you are angry with me.
But even in that anger
there is tender love.
You make me smile Mummy.

You are my God
I shall know God
only through this love
that you give me day and night.

Your smile and playfulness,
your tender care,
gladness pure
will always remain in me
as the character of God.

You are a great Theologian
and a wise philosopher.
With your smiling ‘hi, hu, hum’,
humming and giggling with me
You teach me the Philosophy of Love.

Mummy my dearest
how can I see you again?
In the depths of the night
I open my window
and pray to the stars
"Please send me my mother
Only once if possible
Only once...., I pray to you

Heavenly stars ask God to send me
my mother dearest.

I want to smile with her again
I want to smile with her again”.

My smile will enlighten 
your days and fill it with sunshine.  
This is my promise to you.  
Please do not kill me.

Many may advise you.  
You will have your own arguments.  
Many will induce you to destroy me.

Please do not listen to them.  
I am yours. your love, your joy.

Music And Poems In Mystical Truths.

My Free Will Leads Me To Sin.

It is this realization
that my free will
leads me to sin or to virtue,
that gives me the sense

My Friend In The Prison And His Flute

I went to visit one of my friends in prison.

He smiled.  
It was a lovely smile greeting me and thanking me.

He was lonely.  
The days and nights are very long in a prison.

So he smiled.  
His eyes shone with gratitude.

The he took his flute, began to play on his flute, his only companion who sends his heart lovely messages of comfort and heavenly graces.

As he played I thought he was praying.

He believed that the angels listen to him always when he played on his flute.

At night lovely fairies came to him to sleep with him.

My Glimpse And Glance Is After The Yonder

Look! !
There is a sea of light
falling on the hills,
then it enters into the valley.
Light in her desirous,
eager search after beauty
reaches the wild beautiful flowers.

I breathe the smell of glory.

The wind plays on the leaves
of the mighty trees in the valley
like an appetent lover full of mirth.

The early morning haze lies
like the spun yarn
waiting for the playful
hands of the lover.

The hazes of the dawn are
the feathers of the sun rays
flying softly in the soft, clear air.

My glimpse and glance is
after the yonder
spreading itself on
the remoteness of the land.

The silver-grey horizon
mirrors endlessness.
In marvel drinks my soul
the joy deep inside
and feels behind all knowledge
the presence of eternity.

My Heart Is Outside Me.

When my Mum made the decision
to become pregnant
she began to love me.
I am her own flesh and blood.

It was her decision, forever
to have her heart
go walking around
outside her own body.

Later as I grew up
I asked my mum:
"Tell me mum how did you feel?"

She answered me:
"The joy, honor, gift, and privilege
of being a mum is tremendous.

From the second I felt,
the tiny, indelibly precious,
delicious, almost indescribable movements,
when I heard my child’s first heartbeat
to experiencing the first breath,
becoming a mum is truly
a celebration of motherhood.

rested on my breasts.

My Heart Is Torn

My heart is torn.
Where is the lovely moon today?
Where is the light falling on the flowing river?
Where are the melodies of the flute
which the shepherd used to play?
Where is the child which smiled all the way?
Where is the rose... did it lose its colour today?
I hear only mourning women.
Did anybody die in the village?
Why is it all gloomy although the sun shines?

My heart is torn
My beloved, my heart is torn.

I need the oil of gladness.
Who will pour it into my grieving soul?

O God will you command an angel
to fly down into my misery
to embalm me with the oil of love?

I am so lonely.
I have no one in this busy world.

O come, O come heavenly beings,
hug me, kiss me, caress me and care for me.

My Mother In The Chariot

Watching a glorious sunset,  
playful are the waves on my feet.  
Gold, red, yellow rays  
sucked me in delicate passion.

Their chariot of flames  
flew down to me.  
Flames around, all around  
golden blue and red.  
With gleaming eyes I saw.

Seven white winged horses  
flew into my presence at the shore.

I saw my mummy in the chariot,  
smiling like the morning sun.

My eyes opened as sunflowers do.

With moonlit eyes  
pouring blooms of bliss on me  
she whispered softly.

In joy immeasurable  
her voice melted.  
In hugs and kisses  
she murmured in my little ears.  
‘You are my treasure, You are the apple of my eye’.

She adorned me with the stars,  
blessed me with tenderness,  
filled me with treasures divine.

I was blissful,  
serene and desireless.

Singing a glorious hymn
pouring on me, her sweetest perfume,
she touched my life from the chariot.

The chariot flew away.

Every dusk,
and every night,
I look at the stars
and murmur:
Twinkling stars!
send my mummy again to me.

I sleep.
Tear drops linger on my lashes.

To encounter God
one should first
encounter one's own self.

I should be with „me”; at first.

Am i with me always?

that i come into contact

My Sacred Secret

Buds are born in me
In deep meditation.
My heart sighs for the lord of my soul
And the buds bloom into flowers
Full of fragrance.
My soul loves him.

I compose a new song for him
In my cave.
And sing it all alone on my harp.
It echoes on the walls of my soul
And I smile
with the golden flame
of the little lamp of my cave.

In the depth of the silence,
It echoes and re-echoes in my soul,
the song of love
Which I sing
For him alone
whom my soul loves.

It is my sacred secret.

Mystical Contemplation Is A Pure Gift Of God.

Human intellect alone is inadequate to reach the pedestals of wisdom itself.

Mystical Contemplation is absolutely beyond the reach of man's activity.

Mystical Thinking Is Not Counter To The Aristotelian Logic.

Mystical thinking is not counter to the Aristotelian logic of Thomism.

The way of darkness of the intellect requires a Via Amoris for the will.

In the darkness of doubt we ask many questions. In this darkness, some fall away into atheism.

On this dark way both intellect and will must ultimately be possessed and transfigured by the action of the grace of God.

These special inspirations flow from the Spirit of God who is beyond all religions.

Even when the understanding is in darkness one must walk by faith, and in the obscurity of faith God unites Him to the intellect.

condemned to burn to ashes
and be blown away by a fast wind
Into the valley of nothingness.

Negative Feelings.

Negative feelings are in you. 
It is not in the reality outside you. 
it is only in you. 

When you are depressed 
if you watch a peacock dancing 
you dont see the colours of its feathers. 

On a lovely and happy day 
when you are in a good mood 
if you watch the same peacock dancing, 
you feel like dancing with the peacock. 
You see the colours of the feathers well. 

Negative feelings are in you. 
It is not in the reality outside you. 

Dr. Antony Theodore
Neti, Neti, Neti, God Is Incomprehensible.

God does not die on the day
when we do not think
about a personal God
but on the day when we stop
to think of the wonders
God does in our lives
without our own knowing.

We shall never know God
in and through our intelligence.
We shall never know who God is.

We can only know who 'God is not'.

God is incomprehensible.
God is not the universe
He is not the sun or the moon
or the millions of stars
and planets or the firmament.

We can only say 'what God is not'.
Neti, Neti, Neti we shall repeat
like the Hindu monks of ancient days.

God is not this, God is not that.
We shall never know God.

Our modern problem is that
we humans know too much about God.

(Neti is a Sanskrit word denoting nothing, here meaning to say we do not know anything about God)
(Graphic: Illustration of 1 King 18: 38- God answering the prophet Elijah by sending fire to consume the sacrifice which the false prophets of Baal were unable to do...)

Dr. Antony Theodore
Never Outside God's Reach,

Never outside God's reach,
we travel down a rocky road
through trials and tribulations.

Every trial is a means of
accomplishing God's will.

God uses many resources
to direct our lives,
help our decision making
in good and the bad.

Remember, we are never
outside the reach of God.

Dr. Antony Theodore
No Bird Can Fly Without Opening Its Wings.

No one can love without opening his heart.
No bird can fly without opening its wings.

There is no chance of lifting oneself into any space larger than oneself without revealing the parts we hold closest to our chest.

Entering a relationship without opening the heart is to jump of the roof without spreading the wings.

Baby birds hesitate the first time out of the nest. But once tasting the air, it opens itself and rise. Trust in the power of lifting ourselves by revealing what we hide.

Once revealed, all these emotions will become our wings.

Dr. Antony Theodore
No Duality Of Experience - Void.

No duality of experience - void.

Experience is full
because it is inexhaustible void.

No duality of experience - void.

It is uninterrupted exchange.

We are one.

Dr. Antony Theodore
No Gnosis Can Deliver Him From The Bondage Of The Pseudoself

We are called to release the creative energy of life within.

Man suffers from the painful inner division.

He suffers from the existential dichotomy of being within nature and yet transcending it.

He experiences the split between himself as subject and the world as object.

This painful confrontation can be avoided when one agrees to conform to the world.

But it is a form that does not fit.

He can put himself together only in the Almighty God. Thus the integration of the person is a gift of God.

No Gnosis can deliver him from the bondage of the Pseudoself.

Dr. Antony Theodore
No Loose And Irresponsible Syncretism

Everyone is aware
of the tendency
of loose and irresponsible
syncretism which,
on the basis of purely
superficial resemblances
and without serious study
of qualitative differences,
proceeds to identify
all religions and all religious
experiences with one another,
asserting that they
are all equally true
and supernatural
and differ only
in the accidents of
cultural expression.

Dr. Antony Theodore
No Matter Of A Theology Immanence Or Transcendence.

The mystical experience
is not a matter of a theology
of light or darkness,
affirmation or negation,
immanence or transcendence.

It is both, 'either or'
and 'neither nor'.

Man's participation
is both active and passive,
but the control does not lie with him.

How am I to think of God himself?
The only answer I can give is: 'I don't know'.

Dr. Antony Theodore
No One Can Imprison Your Mind.

All our troubles are not permanent.  
The greatest enemy is fear.  
Be passionately curious.  
No one can imprison your mind.  
How can anyone hurt you without your permission.

Dr. Antony Theodore
No One Can Separate The Dancer From His Dance.

In every phenomenon
be it psychological or
physical innature,
there is always a dynamic
moment which
is understood as life.

one can say that this moment
is a universal revelation
which is usually apprehended
as the act of wisdom
which is the greatest power
that rules the universe.

This is the life of the universe.

The universe is the dance of God.
No one can dissociate and separate
the dancer from his dance.

Dr. Antony Theodore
No One Is Beyond Redemption

This is the ultimate destiny of all humankind.
It is for all, those who have followed in the footsteps of Jesus.

No one is beyond redemption.
No one is beyond being born again to enjoy the life of infinite loving that can be briefly glimpsed through human love.

Human love is the experience of the promise of the divine love which we will experience in heaven.

Dr. Antony Theodore
No Trait Can Fully Define You.

No trait can fully define you.

Think of a bad trait in you and analyse whether you have the opposite quality also in you.

Thus break the grip of your conditioning.

Free your mind to see the larger picture about yourself.

No trait can fully define you.

Dr. Antony Theodore
Non-Acceptance.

Unacceptance of good in others is envy.
So accept the Good in others
and it will become inspiration...!

Unacceptance of things
which are beyond our control is anger.
So accept, then it will become tolerance...!

Unacceptance of uncertainty is fear.
So accept the uncertainty
and it will become adventure.

Unacceptance of person as he or she is, is hatred.
So accept the person unconditionally,
then it will become love...!

Learn that Resistance creates stress
Acceptance kills stress.

No one is perfect.
All are unique.

Dr. Antony Theodore
Not Conceptual Speech, But Music.

The mixed metaphors
and contradictory expressions
one finds in mystical literature
demonstrate
that not conceptual speech,
but music rather,
is the element through
which we are best spoken
to by mystical truth.

Dr. Antony Theodore
Not Only To God But In God.

The mystic journey is prosecuted not only to God but in God.

He has entered the Eternal Order.

Moving through periods of alternate joy and anguish, as his spiritual self woke, stretched, and was tested in the complementary fires of love and pain, he was inwardly conscious that he moved towards a definite objective.

As a mystic, he comes to the realization, that this objective was no mere act of knowing, however intense, exultant, and sublime, but a condition of being.

Dr. Antony Theodore
Nothing Is In My Hands.

I say to myself.
I work hard for my bread.
Why should I thank God?

What would have been
if a drought or flood
destroyed all the harvest?

If you became sick?
or met with an accident?

i realize
nothing is in my hands.

God I thank You.

(This was published in Poetfreak under the name of Genovamaaa. Genova was my beloved mother. She died at the young age of 38. I want to keep her name alive as long as I am alive).

Dr. Antony Theodore
Nothing Is Permanent Here.

Uttered words should not control you.

Words uttered by others about you will pass.

Nothing is permanent here. So do not give undue concentration on the uttered word.

Sit back and observe that everything is passing.

True power emerges in you when you are detached.

Dr. Antony Theodore
Nothing Is Permanent.

Nothing is permanent.

When we accept it
no loss can rule over us.

At the face of change,
in richness and poverty,
in success, failure
and a break down
we will remain calm and composed.

Nothing is permanent here on the earth.

(This was published by me in Micropoet under the name of my beloved mother Genova Maaa who passed away at a young age. Published for a long time under this second name. I write to keep her memory alive as long as I live).

Dr. Antony Theodore
Now Near Your Grave, I Stand

Your love gave me warmth
It made me feel like being me.
Your love gave me power.

The music in me kept playing
many lovely romantic songs.
We kissed in the rain.
Then you hugged me
pressing me to your chest.

Once you made me awake.
You drove in the midnight
on the beach road when all
the stars blinked and sent
rays of blessings on us
hugging and kissing in the car.

How can I ever forget
those lovely romantic moments.
- - - - -
Now near your grave, I stand
with a blooming flower in my hand.

At night I look up the mighty heavens
and pray: 'keep my lover safe
O mighty God, in your protective hands'.

O Hear Him Within You.

Hear him within you.
He speaks in infinite love.
He lifts the veil of the soul
to enter into your inmost recesses
to speak to you in endearing terms.

O hear him within you.

God is permanently in love with you.

Dr. Antony Theodore
O poets and poetesses
of conscience
would you please write
about Asifa Banu
the eight-year-old innocence
of Kashmir who was
raped and murdered.

A heinous crime,
blood on Indian conscience.

Do not forget that
the pen is mightier than
all the injustices
that holy earth can contain.

If you do not write about it loud
you will be set to task
before the holy throne of God.

O beloved poets of Poemhunter
we are called to write
against all injustices.

It is our sublime duty
before God and human beings.

Dr. Antony Theodore
Observances Of Lent.

Almsgiving, prayer, and fasting shall purify me.

It is a time of self-denial, a time of fasting and abstaining. It is a time of prayer in intensity.

It is the primacy of charity or love, It is the primacy of the common good over the individual good.

This is the opening of our actions to a more dedicated universal love.

(Season of Lent is the name of the fasting season in churches)

Dr. Antony Theodore
Observe Yourself

This morning i stood up before the mirror.
Mirror told me: Always observe yourself.

Let not the shine in your eyes fade.
Keep a clean conscience and your eyes will shine.

Fill your heart with the light of love.
Then your eyes will shine always.

Let your heart smile
and your eyes will smile too.

Be always in contact with the Almighty.
When God lives in you
your eyes will always shine.

I thanked my small mirror in my room
and began to smile in love.

Dr. Antony Theodore
Observe Yourself.

Come home to yourself.
Observe yourself.
It is delightful to observe
One's own beautiful self.

Then illusions begin to crumble.
You begin to know things that
cannot be described.
Then life will become effortless.

This is called happiness.

(We all live in illusions, self made or the illusions of the society that you accepted without critical thinking. It is very difficult to be aware of illusions and call illusions by name. It is then one can conquer it. That is the moment of happiness)

Dr. Antony Theodore
Occuring Transformation Of The Personality

In the beginning
of the mystic life,
one supresses
the ordinary self
and this is a special
psychological system.

A new personality
is established
with a new method
of feeling and action.

The transformation
of personality
which occurs,
abolishes the primitive

consciousness of selfhood
and substitutes for it
a wider consciousness.

Dr. Antony Theodore
Oh Hear Him Within You.

God Speaks of his infinite love
for you personally now at present.

Oh hear him within you.

It lifts up the sky of the soul
with the expansion of light,
among white shining clouds
shaping new heights and new depths.

Oh hear him within you.
Lend your ears in keen attention.

Dr. Antony Theodore
Oh Nightingale, Nightingale
Would you sing me a song full of melody?
The poet asked.

‘Mellifluous’ do you mean?
The Nightingale asked
“Yes” said the poet with a smile.

“I have forgotten all my songs”
The Nightingale answered

Why? The poet asked.

“My heart is full of sorrow.
I cannot sing now
I have forgotten all my songs.
Would you forgive me my dear Poet? ”
said the nightingale in a voice full of sadness.

The poet was so sad
That he began to write songs
to bring the nightingale to sing in joy.

(Making others happy is our divine call. How many people did you make happy today?)

Dr. Antony Theodore
Oh! Penetrate My Soul

Oh! Penetrate my soul
Penetrate me and make me complete.

Take me by hand from
the world of dreams
to the world real,
full of charming smiles.

Look deep into my soul.
Go deep inside my soul
until you find the endless depths.

Travel to conquer
the unconquerable depths.

O be mine!
I know the comfort
of the mind and soul.

Oh! It rains in me.
I am truly happy.

Dr. Antony Theodore
Oh! How I Yearn For You

You are my eternal sun.

You are the light of my soul.

Oh! how I yearn for You.

My heart flies to you
without my permission
into the heavenly abode
of your love and light.

Oh, if only I could cry after being loved.
In the vast world of many
I have no one to love.
And no wonder that I can’t cry
Because I was never loved.

Old Demons Breath And Spits Venom

History is threatening to repeat its tragedies.

Old demons breath and spits venom everywhere especially in the minds of the vulnerable.

New ideologies are manipulating religions. Many follow the devil's cunningness.

We should work hard to ensure peace.

It should be our utmost priority.

On My Way To School

Passion fruits,
purple and shiny,
velvety blue wild olives,
inky violet flowers
wild berries and blackberries
stimulated my taste buds
oh! I remember,
those were the sweet days
when we went to school.

The years have gone by.
Big buildings peep up to the sky,
mended, cobbled lane
has disappeared.

Motor cars and
the proud owners
fly past on the road
where we walked
in our childhood.

I wonder what the kids do now
on their way to school

Dr. Antony Theodore
On Nakedness

Truth is naked.
The moon is naked.
The Elephant is naked,
so is the ant
the tiger,
the butterfly,
the monkey.

Adam and Eve were naked
and all inparadise.
So was the creation
because
truth was always naked;
It is and it will be.

As years went by
Humans invented dress,
learned thus to hide the truth.

Capitalists made an industry,
calculated the profits;
Advertised how good it was
to cover the naked truth.

They created slaves;
Made use of the poor workers
in the third world countries
to create dresses of all kinds and fashions.

They saved themoney in the banks
all over the world.

Alas! oneday the capitalist
suffered a heart attack and fell.

The banks profited from his money;

The miserable dress makers
In the factories remained poor
and died in their misery.

Truth is naked
Truth was naked
Truth will always be naked.

Dr. Antony Theodore
On The Banks Of The River

I sat on the banks of this river.
Wanted to throw a stone
to see the never ending ripples.
But did not, for fear that I might kill
the joy of the tranquil waters.

.............

In a moment I fell into a trance.
It was a beautiful vision
of God appearing on the tranquil waters.

I saw my God, I saw my God.

Can you tell me, how my God looked like?

Dr. Antony Theodore
On The Hearth Of God’s Infinite Love.

Every soul is like a live coal,
burned up by God on
the hearth of His Infinite Love.

(Such fire imagery has seemed to many of the mystics
a peculiarly exact and suggestive symbol of
the transcendent state which they are struggling to describe).

Dr. Antony Theodore
On The Level Of Immediate Intuition

On the conceptual level, where logic and rationality are in command, the mystical experience may admit of doubt.

In fact, it may perhaps admit of nothing else but doubt.

But on the level of immediate intuition it admits of no doubt.

This is a level in which an experience impresses itself upon us directly without ambiguity.

On The Rainbow Mountains I Fell In Prostration.

On the rainbow mountains, i sat
and thought of the wonders of creation.

I looked up and saw in my mental eye
the creator, the most beautiful God.

Then i knelt down on the rainbow mountains
and adored the One who is in my soul and everywhere.

He is in the blade of grass, in the skies,
on the mountains, in a butterfly, and in an ant.

I fell down in adoration and in prostration
until the morning rays kissed my face and lips.

On The Shores Of Life

Alone in mild light
i wander
on the shores of life.

i am alone but not alone.

The Eternal watches me
in indescribable love.

i am waiting on these shores.

One day the Eternal will come
to take me to Him.
Then my life will be fulfilled.

Dr. Antony Theodore
On the top of the misty mountains
I sat in utter peace and inner joy.
I pierced through the skies
to see heavenly beings coming down.
I waited and waited in the morning
till the day came to bow down
in myriad colors and sprinkled
in my heart and on my body
the sense of the joy of the colors.

I had a longing never to climb down
and to sit there day and night
to watch every dawn and dusk.

I am sure, on one fine mystical moment
God will come down from the heavens
to show his benevolent face
to this yearning heart.
God, don't you know that
I have such a longing for you

On This Forest Path.

These creepy crawlies
are magical.
I hear occult cries
on my way, all alone
on this forest path.

The silky webs
of the wild spiders
stealthily waiting
to get a victim on
the silky web
to jump into
and conquer it..

these I observed
on my way to the school.

It was fun.
Happy are the days of childhood.

On This Seashore

This dawn
I stand
on this seashore.

I think of you my God
the ruler of my soul.

You are there on the other shore.
You are the light of my life.

I have a new song on my lips
singing praises of your wonders.

I have nothing else in my life.
You are my source and my destination.
Oh! how I wish to be in your arms.

Dr. Antony Theodore
On Your Knees You Become Great

The merciful are quiet
They are not conspicuous
and do not attract the attention of others.

They don't make a lot of fuss.
They don't aspire for fame.

They bow and bend down
to those who need them.

They stand with the poor and needy.
They are near them,
not above them.
They make them stand erect
in their dignity as human beings
in the honest and upright stature
in the image of God.

The merciful are quiet.
They don't desire for a position.
They like to be with
the poor and the rejected.

The kingdom of God roots itself in them.
In them the kingdom of God will grow

The human being is never so great
as when he is on his knees.

Dr. Antony Theodore
One Cannot Escape The Cravings For God.

One cannot escape the cravings for God.
There is the clear light of reason
and the steadfast mind.

When the natural love of the soul
is united with this reason and light,
there emerges a passionate desire
for this harmony that comes from the love of God.

It is the point at which you experience
that you cannot escape the cravings for God.

Dr. Antony Theodore
One Cannot Take The Ego Into The Presence Of God.

One cannot take the Ego into the presence of God.
Ego is powerless and useless in the world of the Unknown.
In the world of the Unknown love has to lead you.

Following the path of love leads you to eternal bliss.
But love leads you to the Uncertain.

Ego needs certainty.
Love cannot give it.
So Ego and love will be in conflict through out this life.

In the life after, Ego has no place.
Only love shall rule and reign.

Only Supernatural Possesses Reality.

All life, all phenomena
are the endless modifications and expressions
of the one transcendent object.

When our vision and our idea of things
tend to agree more and more
to that Eternal idea,
we get closer to the Reality.

The Eternal idea is the Thought of God.

We find supreme unity
in the Thought of God
where all the appearances
that make up the world of science,
metaphysics and art converge.

In this sense it can be said
that only Supernatural possesses Reality.

Dr. Antony Theodore
Only The Divine Is The Real.

Only The Divine is real.

The achievement of Reality and deification, are then one and the same thing.

Is it not wonderful to think of a human being becoming deified.

Dr. Antony Theodore
Only The Thoroughly Detached.

Only the thoroughly detached
is free and the unitive state
is essentially a state
of free and filial participation
in Eternal Life.

Only Where Mind And Desire End...

In our struggle to know God,
we want to reach far-
far beyond measure
and yet we find that
all that is to be understood
or to be desired is still
not God,
but that where
mind and desire end,

in that darkness

God shines.

(Human brain is incapable of knowing God.
We struggle through our prayer life to attain God's nearness. But if God does not appear in our darkness,
we shall never know God. This yearning in prayer and contemplation is what we can do. We want to experience God's presence. Unless God himself gives, we shall never achieve our goal here on earth).

Open The Horizons Of Our Minds

Opening Unknown Depths Of Awareness

Communion is something that the deepest ground of your being cries out for.

It is something for which a life time of striving would not be enough.

Communion with God comes as symbols evoking an encounter with the Almighty One.

The purpose of the symbol is not to convey information but to open unknown depths of awareness enabling the seeker to reach his own center, his own ontological roots.

Openness to the ultimate truth, devoid of narrow-mindedness will always help a seeker of truth.

Optimists And Pessimists

Optimists and pessimists are everywhere.

The traits of both are part of our own selves.

Pessimists take the gloomiest possible view of human condition.

They are captives of the good old days.

They are not creative. They regard all efforts as doomed to fail.

Optimists look to the bright side of things. They are creative and dynamic.

They have confidence in the presence of a loving God who guides, guards and defends always.

Original Image In God

To attain the original image in God, absolute detachment is the way.

Read many writings both of philosophers and sages, of the Old and the New Testaments, and of all sacred scriptures of the great religions of the world and earnestly and with all diligence seek the best and the highest virtue whereby man may come close to God and wherein he may once more become like the original image as he was in God when there was yet no distinction between God and himself before God produced creatures.

No other than absolute detachment from everything that is created can a human being attain the intimate nearness to God.

Dr. Antony Theodore
Our All Knowing Mentality

Why is it difficult to think
that God is greater
than our hearts and intellect.

Our all knowing mentality
and the super ego
cannot accept a God.
It does not go with
our thinking system.

Think of our dignity
as a human being
and stand humble
before the great God.

All that we are
come from God.

Dr. Antony Theodore
Our Being Is In God's Being In Contemplation.

Christ is the focal point
for a christian contemplative
because Christ's power lies
not in force or law but in love.

by the love of Christ.
We are creatures of love
because our being is
in His being and our
spirit is rooted in His spirit.

Our Existence As A Relationship With God.

We are called to know
Him by virtue of our
existence as a relationship
of perfect likeness to the Father.

The insight is that
e are the insight.

The insight is that
there is nothing to acquire,
for there is no one to acquire it.

Dr. Antony Theodore
Our very existence
is a created capacity
for perfect union with God.

The symbol evokes
our true identity.

Our union with God
is our person.

It is who 'we are'
and not any 'thing' we know.

It is precisely our identity
that emerges from our
false self or from all that
we supposed that we were.

Dr. Antony Theodore
Our Identity Is Hidden In God's Identity

Our ultimate identity
is hidden in the secret
of God's identity.

This insight arises
as an obscure yet
deep realization in faith.

We become a question
which God alone can answer.

Dr. Antony Theodore
Our Innocence Is Our Great Gift.

Dancing on the lanes of
the cobbled village ways,
feeling the magic of the forest

away from the eyes of my parents,
I walk stealthly like alittle thief
plucking cashew mangoes
and the wild beautiful flowers.

In the school, I went to my friend
and gave her the cashews
and the flowers I picked up.

She smiles..and the joy of this smile
is still lingering inside my soul.

Our innocence is our great gift.
(Purposely mixing up the present tense and the past tense).

Dr. Antony Theodore
Our Lives Are Full Of Thee

God is the only reality,  
and we are real only  
so far as we are  
in His order,  
and He is in us.

Our lives shall be real lives,  
because it is full of Thee.

Dr. Antony Theodore
Our Natural Scientific Thinking

We are caught up in our natural scientific thinking.

All that cannot be proved is unreal.

All that limits itself in the intellectual seeking and can be proved by reason are acceptable.

These are the thoughts spread by the so called enlightened.

The age of consent and responsibility teaches us so, in the modern world.

For many the Almighty power of God is not acceptable.

No one believes in a wonder. The time of wonder is gone. Wonder do not respond to reason.

But still faith teaches us: Nothing is impossible for God. God is All-mighty.

Dr. Antony Theodore
Our Own Barriers

What keeps us from the fullness of who we are called to be and from blossoming into the gift God intends us to become?

Fears both real and imaginary, inner snarls, and discord turn us in on ourselves and blind us to the goodness within our brokenness to see the beauty in us and in the creation.

Anything or anyone that does not bring us alive is too small for us.

Dr. Antony Theodore
Our Spitefulness Adds To The Evil In The World.

Remember! ! !
We ourselves contribute to violence and terrorism in so far as we, in our ordinary lives, act in anger or fail to forgive.

Our small expressions of selfishness and our petty acts of spitefulness contribute to the evil that explodes in the horrendous actions we witness in our world today.

Conversely, every act of ours that is kind, forgiving and generous flows out and blooms in the great experience of peace and justice.

Dr. Antony Theodore
Our True Self Actualizes Itself

Our true self actualizes itself as a self, made to become perfectly like God.

This self-actualization of ourselves as one with God is experienced as a mystical death.

This experience of self-emptying is a manifestation of freedom; the freedom of being subject to nothing and therefore to live in All, through All, for All, by Him who is All.

Dr. Antony Theodore
Our Voyage Has Not Come To An End.

Insuffering and pain,
anxiety and disillusionment,
grace beckons us to put our
trust in God Almighty.

Suffering is an opportunity
for grace to work in us.

Sufferings call us to
greatness, provoking us
to stretch our perspective.

There are new melodies
that breakforth from the heart
revealing new wonders of life.

Listening to it, will teach us
our voyage has not come to an end.

Overcoming Sloth

Overcoming sloth
is just as overcoming
boredom and distractions.

Examine sloth.
What does it feel like?
What triggers it?

Watch it and see
that it is not constant.
It comes and goes.

Don't condemn yourself
for the sloth that conquers
you once in a way.

Don't feel guilty.
Just return to normal
life of activities.

Pain Is A Path To Harmony.

Our hearts and bodies often give us messages that we fail to recognize.

Bodies are bridges that carry us from our inner world to the outer world.

The pain that we undergo gives us insights to find where we are at the most vulnerable.

Pain makes us aware that we might crack, where our lives need to be reinforced to come to peace and rest.

Thus pain leads our our inner and outer lives more and more together. Pain is a path to harmony.

Paper Boat And My Ecstatic Mood

When I was a child,
I used to make paper boats.
I was so happy to see when
the little waves of the pond
took my boat away into the middle.
I clapped my hands and called mummy
to see my boat on the waves of the pond.

Mummy came to me and we both were happy.

Today I saw my paper boat again.

My boat called me to get in.

I got in and it took me
to the world of the moon.
Oh! ! !how ecstatic was it.

Paradoxical Form Of Self-Realization

Passing Through The Center Of His Own Soul

The mystic poet enters into himself
to pass through the center of his own soul

Paying Tribute To The Tyrant Within Oneself.

For the man to be free,
he must be delivered from himself.

The tyranny of man over man
is but the external expression
of each man's enslavement
to his own desires.

For he who is the slave
of his own desires
necessarily exploits others,
in order to pay tribute
to the tyrant within himself.

Before there can be any
external freedom,
man must learn to find the way
to freedom within himself

Peace Is Our Treasure And Our Responsibility.

The new threat is "advancing nationalism".
Patriotism is the exact opposite of nationalism.
Nationalism is a betrayal of patriotism.

By putting our own interests first,
with no regard for others,
we erase the very thing that a nation
holds dearest, and the thing that keeps
it alive: it's moral values.

Peace is our treasure and our responsibility.

Permanent Climate Of Divine Kindness

From the beginning of time
grace of God has been
woven into the fabric of our universe,
into the lives of all humanity.

The earth is crammed with heaven.
Every common bush is afire with God.
The love of God is universal.
God is determined to bless humanity.

When the sun shines on people,
Where birds gather seeds
without ploughing and harvesting,
where untended wild flowers
burst into bloom on rocky hills,
know in your heart and mind,
it is the permanent climate
of divine kindness

Perseverance In Tribulation Brings Proven Character

Just as total darkness can't hold
back the light of a tiny flame,
so does even the smallest increment
of Hope provide joy and purpose.

Faith is the assurance of things hoped for.

Tribulation brings perseverance;
and perseverance brings proven character;
and proven character brings hope.

That is the cool thing about Hope.

Perseverance.

Perseverance is the radical principle of every one who is truly great.

Little is accomplished, because little is attempted.

Little is attempted, because difficulties are magnified.

Personalism And Individualism

Personalism gives priority to the person. Personalism and individualism must not be confused.

Personalism gives priority to the person and not the individual self.

To give priority to the person means respecting the unique and inalienable value of the other person, as well as one's own.

A respect that is centered only on one's individual self to the exclusion of others proves itself to be fraudulent.

Meditation - Poem by Anna Banasiak

The heart beats faster and faster louder
sounds words and thoughts quiet down
I drift off to the islands of childhood
body and soul are still muted
they float on the other side
thoughts merge with water
I swim deep into myself
wandering without tips
for transformation
I drift off
going ahead further
deeper and deeper
heart beats more slowly
becoming quieter

German translation

Das Herz schlägt schneller und pocht lauter
und lotet Worte und Gedanken ganz ruhig aus
Ich lasse mich treiben zu den Inseln der Kindheit
Körper und Seele sind bis jetzt stumm
Sie treiben auf die andere Seite
Gedanken gehen im Wasser auf
Ich schwimme tief in meinem Inneren
und gleite ohne Schwierigkeiten
in eine Verwandlung
Ich lasse mich treiben und treiben
und mache weitere Fortschritte
tiefer und tiefer
Das Herz schlägt immer langsamer
und wird immer ruhiger

We are called by the voice of God, 
by the voice of that ultimate being, 
to pierce through the irrelevance.

The mystic is called to transcend 
familiar and conventional patterns of 
religious thought and action.

Without an encounter with God 
we shall never discover 
our deepest freedom.

God and Self exist,

Pilgrim's Intense Desire

Love draws all things to their home in God.
The Mystic becomes conscious
of the mutual desire existing between
man's spirit and the Divine Spirit.

This is the universal law on which all mysticism is based.

This natural intense attraction,
then, once he is aware of it,
will draw the pilgrim irresistibly
along the road from the Many to the One.

Devotion embraces the whole contemplative life.

Poet- Priest Is Transcended By His Work.

Art can form and spiritualize man's consciousness. Such a poet is willing to be transcended by his work.

The union of priest and poet are among the highest human possibilities and states that the Perfect Priest and the Perfect Poet are one.

Both are concerned with the connection of the interior and exterior elements of life.

Dr. Antony Theodore
Poets intuitively recognize
the suggestive quality of symbols,
their links with the truth
and have borrowed
and adapted them
to their own art of translating Reality
into terms of rhythm and speech.

But ultimately they owe
their origin to the mystics
or to that mystical sense
which is innate in all true poets.

In the last analysis,
it is the mystical experience
they try to describe.

Poetry And The Affective Way.

Poetry with its primary appeal to the affective rather than the cognitive faculties, is a form of music.

Just as contemporary musicians have achieved effect and evoked response through experimental forms, including overt dissonance, the modern poet has launched out to find ways of breaking through the walls of pseudosophistication, even resorting to nonform.

Thus the value of poetic expression is immense on the way of mystics.

Poets Are Called By The Almighty

A real poet has to be
a living expression
of the love of God;
being all things to all men
for the sake of God.

Love is the chief motivating force.
Love is above all things
and is the sum total
of mystical thinking.

True love helps a poet
to systematize his own thought
to seriously and consciously
attempt to direct others
in and through his verses.

Nothing so intensifies a man's scholarship
as the burden of directing the mental
and spiritual growth of others.

This is exactly the vocation of a poet.

This self-felt responsibility surely intensifies
the poet 's own inner exploration and study.

Pointing To The Silence

The artist's role is not to teach or preach or produce but only to find the truth and be in harmony with it and to point beyond all objects into the silence where nothing can be said.

St. Paul prays in the midst of difficulties and prays to which God answers him:

Prayer is an incense that ascends to God.

It is simply pouring out of the deepest thoughts, desires, wishes of our hearts in the presence of a loving God.

Life is earnest and goals are true.
We fight till death, come what may.
In such minds, God the Almighty
showers his graces and powers.

Rebecca Barlow's Christmas Prayer For You.

A Christmas Prayer for You
By Rebecca Barlow Jordan on Dec 20, 2018 08:30 am

As Christmas draws near, may our hearts also draw closer to the One we celebrate—it's all about Jesus. And despite the fears, the tears, and the challenges that invade our world daily, we can experience the joy and peace He came to bring. That's my wish for you this year, that not only will Jesus be the center of your Christmas celebration, but that you will know His joy and His peace, this Christmas, and always!

A Christmas Prayer for You - Peace, joy, good will-if you're craving those things to be a reality in your life this year at Christmas, here's a Christmas prayer for you.

My Christmas Prayer for You

I hope you'll read this Christmas prayer I wrote and accept it as my prayer-wish for each of you this Christmas. Take time this year to make prayer a part of your Christmas traditions, wherever you are.

Over two thousand years ago a band of shepherds heard some startling news from angelic visitors: "Be not afraid; "good news of great joy;" peace on earth and good will." Seriously? But that was then, and now is now. Is that joy and peace still available? If you're craving those things for your life this year, no matter where you are, here's a prayer for peace and joy to be a reality in your life this year at Christmas:

Lord, in a season when every heart should be happy and light, many of us are struggling with the heaviness of life—burdens that steal the joy right out of our Christmas stockings. Crazy weather disasters strike at unsuspecting areas, ravaging peaceful homes and interrupting the lives of unsuspecting residents. Tragedy arrives as innocent victims suffer, and an inner voice whispers, "Be afraid!" We need your peace, Jesus.

Lord, we still carol the wonderful message, huddled beneath winter caps on snow-covered porches, or from churches, led by enthusiastic musicians or choir members. Yet we confess that our hearts are too often filled with wonder of a different kind: wondering when the bills will be paid, when the terror will stop, when rest will come. Will it ever? Is the message still true? In a world where worry, not peace, prevails, stir up that good news again. This Christmas, make it real in our hearts. Never have we needed Your joy and peace more than now.
Thank You for the gift of Jesus, our Immanuel, the Word made flesh. Forgive us for forgetting—that Your love never changes, never fades, and that You never abandon the purpose for which You came: to save us from our sinful condition, and to give us life eternal, the joy of relationship with a holy God. Your birth—and Your death—sealed Your promise to us forever.

For those whose hearts are battered by sorrow or broken relationships, for those whose lives know only conflict and confusion, for those whose bodies are tired and tested beyond their ability to endure this year—precious Savior, draw them close to You. Let them know You are still the same Jesus who was born of a virgin, not in a hospital but an animal barn, laid in a manger of hay. You are still the One sent by a heavenly Father who offered not condemnation for our sins, but love and forgiveness—and daily, divine fellowship.

We not only need Your peace and joy; Lord, we crave it. You've promised rest for the weary, victory for the battle-scarred, peace for the anxious, and acceptance for the brokenhearted—not just at Christmas, but every day of every year. Release the joy in us that's been crushed by pride, wrong priorities, or world events. Tear down the strongholds that have held us captive far too long. Extinguish the flames of apprehension that rob us of a calm, quiet spirit. Show us again the beauty of that holy night so many centuries ago.

Your name is still called "Wonderful, "Counselor, "The Mighty God, "The Everlasting Father, and "The Prince of Peace." As Your children, we cry out for a fresh filling, and a new awareness of Who You are. We choose by faith to make the "good news of great joy" a reality in our own lives, so others can see us as lighted trees of life, pointing to You this Christmas.

We know one day every knee will bow and every tongue will confess that You are Lord. And we also know that peace on earth can only come when hearts find peace with You.

You are still our Joy and our Peace. You are no longer a babe in the manger, but You are Lord of lords and King of kings. And we still celebrate You as Lord—this Christmas and always.

Jesus, You are worthy of our praise! King of kings and Lord of lords, we celebrate You this Christmas.

Day-votedly Yours,
Rebecca

"Glory to God in the highest, and on earth peace, good will toward men!"

(Luke 2: 14, KJV).

"Do not be afraid. I bring you good news that will cause great joy for all the people"

(Luke 2: 10, NIV).

Recognizing The Presence Of God In The Creatures.

Whosoever knows and loves the nobility of the freedom of the Almighty cannot bear to love the Almighty alone, he and she must also love God in the creatures.

By a faithful endurance of the Purgative Way this power to recognize the presence of God in the creatures is acquired and it is a characteristic of the illumination.

Recovering The Original Unity.

The imperative task
for the modern man,
is to recover the original unity.

This lived unity
is attained through
self-transformation
and transcendence
and thus one is able
to be everywhere
in the world by
hiddenness and compassion.

Redefine Human Nature In Positive And Godly Terms

Feeling of safety,
self-confidence,
full of self-esteem
and deep-felt love
for self and others,
deeply appreciative
of what life brought to them,
constantly in a state of wonder
year in and year out,
life appears fresh and alive.

They are the self-actualized.

Redefine human nature
in positive and godly terms.

Dr. Antony Theodore
Reflecting On The Essentials Of Life

We want to reflect on the essentials of our lives.

The renunciation of certain things chosen by us can help us to become free and open for God and our fellow human beings in need.

we want to dispose of consciously what makes us unfree and dependent.

Dr. Antony Theodore
Regain The Lightness Of The Being.

Release all grudges
and all unforgiveness.
Think of those things that hurt you
and of all things that upset.

Refrain from words that destroys.
Utter only positive words.
Regain the lightness of the being.

Turn the situations
causing resentment
as ideal opportunities
to work on the inner self.

Release all grudges
and all unforgiveness.

Reinvent And Reclaim Religion.

The world seems to be spinning out of control. In the name of God bombs are detonated. Subordination of women, killing in the holy name of God.

Religions failed.

Religious Routinism, dogmatic teachings devoid of vision and soul, dogmas without a relation to real life, religious extremism, mindless repetition of prayers.

Religion becomes slowly irrelevant. It does not appeal to the young.

Reinvent Religion to meet the needs of modern life.

The world is on fire.

So reinvent religion. Reclaim religion.

Offer faith of all kinds as a hopeful counter-narrative to the numbing realities of violence, extremism and pessimism.

Dr. Antony Theodore
Religions Shall Not Divide The Humanity.

God's commandments are not difficult. One who obeys the commandments enjoys continuous mental peace. He is like a rock unmoved in sufferings.

Every human being is begotten by God. A man or a woman who overcomes the world enjoys the victory over the world and stands firm in the tribulations.

God's spirit is the truth. The Spirit of God bears witness to all our actions, words and thoughts since we are the children of God.

No Religion shall divide us because God is beyond all Religions. Stand firm united with the Almighty, the mighty creator of the universe.

Dr. Antony Theodore
Remaining Humble

When we know more,  
we become more humble.  
It is the rule of inner nobility.  
In the absence of inner emptiness  
We tend always to remain humble.

Dr. Antony Theodore
Remaking Of The Consciousness

The mystic wholly remakes
his consciousness,
and opens up
new paths for
the inflow of that
'Triumphing Power'
which is the very
substance of the
Real and in virtue
of this total regeneration
is transplanted into that
Universal Life,
which is yet not
alien but his own.

Dr. Antony Theodore
Remember Dharma, Tao And Self-Transcending Awareness.

Remember that to achieve the unitive knowledge, to realize this supreme identity, is the final end and purpose of human existence.

Remember that there is a Law or Dharma, which must be obeyed, a Tao or way, which must be followed, if men are to achieve their final end.

Remember that there is of I, me, mine, that can make a man selfish, and that consequently the Tao is a Way of humility and compassion, the Dharma a Law of modification and self-transcending awareness.

Remember all these.

Dr. Antony Theodore
Renewing The Human Life Through Self-Emptying

We, human beings not only passively receive in us the grace of Christ, but we actively renew in our own life the self-emptying and self-transformation by which God became man.

Dr. Antony Theodore
Renounce Yourself.

Renounce youself.
Be a follower of mine.
Willingly take up your
cross and follow me.

Sufferings has meaning.
It purifies you and helps
you to lift up your eyes
and heart to God pleading
for love and acceptance.

You become holy and loving
when you accept yourself
as a sinner in deep humility.

For anyone who wants
to save his life will lose it;
but anyone who loses his life
for my sake, that man will save it.

Dr. Antony Theodore
Renunciation And Detachment

When the spiritual consciousness grows,
his consciousness shows many things
in his life to be Illusory or impure.

His renunciation and detachment,
Purification and its trials,
all form the part of his intense
Aspiration to reach God.

Restful Awareness, Intuition And Vision

Despite the turmoil that makes faith in God harder than ever every level of revelation still exists.

Develop the innate ability to see with the eye of the soul.

Two voices are heard in us every day, the one believing in the dark, and the other believing in the light.

Restful awareness, intuition and vision leads to light.

Clothed in love and serenity the brain discovers that it can escape the prison of its old reactions, rising to a new higher level to perceive the God of love.

Resurrection And Eternity.

I think and I want to believe.  
I want that. I am sure.

But some things  
are just hard for me.

How should I imagine  
a resurrection,  
a life after death?

How can I believe  
in a future world?

I try to think of eternity.  
Eternity can only be boring.

I always lived in time.  
Will I be able to cope up 
with the eternity?  
Will I run away from the eternal?

Dr. Antony Theodore
Resurrection Leads To A New Beginning.

Despite all the wars, sing the songs of peace.
Despite all the fears of the future
be active today to build up what you can.
Despite of all the darkness of the soul
ignite lights of hope.

Despite repeated falling,
despite all enslaving powers
have the courage and hope for freedom.

Despite all the sufferings of the world,
and all death in everyday life,
believe we will live again in heaven.

Return To The Intimate Roots Of Our Own Being.

Love is the chief
motivating force of life.
Love is above all things.

All of us want, or need, to be loved.

The need for love is
the most basic of
human impulses.

We cover this need with
patterns of self-protection
or images of self-reliance.

But it is always present,
whether hidden or visible.

In human relationships,
we seek for love
project our need
on to parents,
partners, friends, lovers.

The denial of love
causes wounds
that we carry with us.

This unmet need haunts us,
driving us into addictions.
or self-destructive patterns.

If our need for love
is met we feel nourished
in the depths of our being.

We have to return to the intimate
roots of our own being.

And here we discover
that the source
and answer to
this primal need
is not separate from us,
but part of our own
essential nature,
our own true being.

Lovers don't simply meet.
They're in each other all along.

Revealing Symbols.

It evokes a greater emotion when the suggestive quality of the symbols are greater and it conveys more truth.

Symbols try to reveal the utmost resources of beauty and passion.

It brings with it hints of mystery and wonder. It appeals to the desirous heart and the intuitive sense of man.

Spatial imagery inseparable from human thinking and human expression facilitates the description of a spiritual experience.

Dr. Antony Theodore
Reviving Our Awareness

Symbol revives our awareness
of what we already know
and deepens our awareness.

Instead of establishing
a new contact by a meeting
of minds, it revives our awareness
of what we already know,
and deepens our awareness.

Ringing The Bells Of Love

Early this morning
in your temple where you live,
I stand before your holy shrine
ringing the bells of love.

Would you come down from your holy shrine,
my lover of my heart to look at me.
I need only your eyes to see me now.

I was dying with longing the whole night
sleepless was I on my cozy bed.

Before the morning cock crows
I came to you to your holy shrine
to tell you that I love you
more than anyone else in this world.

I die with longing for your presence.
I need only your eyes to see me now.

Rohinya In Kutupalong In Bangladesh.. In Poverty.

(Source: Unicef)

Hundreds of thousands of people live in Kutupalong in southeastern Bangladesh. How many are they exactly? No one seems to know exactly: 500,000? 700,000? 830,000? And no, actually they do not live there, they vegetate. They belong to the ethnic group of the Rohingya and have fled here from murder burners, rapists, torturers in Myanmar. With the hope that someone helps them. But there is nobody who helps.

There are only mud, simple huts made of bamboo and plastic sheets and the fear of flooding. There is misery in the largest refugee camp in the world.

Wait, there's someone who helps: Organizations like UNICEF are there to support the many, many refugees. They organize food and medicines, clean wells, help with the construction of huts, erect ditches and ramparts against impending floods. Unicef's staff filmed the camp with a drone. It reminds me of an apocalyptic scene. But please look for yourself.

All the people who have to vegetate in these camps deserve our attention and compassion. And the helpers of organizations like Unicef deserve our admiration)

Rose, Are You Jealous?

Pretty rose tree, pretty rose tree  
Why don't you give me a rose today?

The rose showed me only her thorns.

Are you jealous that I have another rose  
fixed on my coat button?

My pretty rose tree kept silent,  
showed me only her thorns,  
looked at the chattering sparrows around  
not caring for my presence.

Pretty rose, pretty rose  
are you jealous that I have another rose  
fixed on my coat button?

Satan Exists.

Evil exists.
Satan exists.
He tempts human beings.
This is true.

We are fighting always with the angels against the mighty power of evil.

The Lord of darkness want us to be his servants.

But we shall refuse always and fight with the sword of the powerful word of God and show the devil our power which is born of pure love.

Dr. Antony Theodore
Satan Tempts With Procrastination

Satan's Prayer.

Once Satan built a Synagogue.
He wanted to pray
with lifted hands and noble words.
With beads on his lips he prayed.

lifted its eyes and sighed.
Its inner melody
sounded and resounded
in the mighty heavens all over.

Searching For A Perfect World

Throughout the Mystic's life, one searches for a more perfect society either in the past, the European Middle Ages, or in the non-western world, Asia.

Dr. Antony Theodore
Searching For The True Way

We all seek for our true way.

We may wait for years wondering which is my way.

We fool around a lot until we find our spiritual consummation and culmination.

This is the day of satisfaction when we shall fall down in prostration before a God who is beyond all religions and human concepts of God.

Seeing the Presence Of God In Everything

All of life is seen as God sees it.
All of life is seen simply as it is.

We see the Presence

Each thing becomes a symbol
of communion with God
just by being the thing it is.

God becomes his ALL

Dr. Antony Theodore
Seek God’s Nearness And Presence.

We hear so many different voices in us.

So many claims, contradictions hog us.

Help us differentiate the many different spirits to decide what is really good and healthy for our inner life.

Give us an attentive and listening heart at the beginning of the time of penance.

Help us to trust your voice and follow your words.

(In the churches, 40 days of fasting and penance has begun to prepare for the passion and crucifixion of Jesus the Christ).

Dr. Antony Theodore
Seek It You Do Not Find It.

seek it you do not find it.
Stop seeking,
it is there.

Once you become aware
of yourself as a seeker,
you are lost.

But if you are content
to be lost you will be
found without knowing it.

Precisely because
you are lost,
you are nowhere.

Dr. Antony Theodore
Seeking A Direct Existential Grasp.

In a mystical experience, the division between subject and object disappears.

One does not look at God as an object nor look at oneself as an object.

The man who knows God in the full mystical sense loses interest in divine or self-objectification.

The mystic seeks to gain a direct existential grasp, a personal experience of the deepest truths of life and faith, finding oneself in God's truth.

One can only clear away the obstacles and dispose himself for the union.

Dr. Antony Theodore
Seeking Consummation

A mystic seeks
spiritual consummation,
and a culmination.

It is ecstatic

Seeking God And Reasoning

Although it may be good at times to consider the kindness and worthiness of God, and it may be enlightening and part of contemplation, nevertheless, in this work, reasoning should be cast aside.

Dr. Antony Theodore
Seeking The Source Of Authentic Peace.

A mystic seeks no kind of mastery except the mastery of self.

He seeks no kind of knowledge except the intuitive knowledge of God at the depths of his being.

All else is superfluous.

The life of prayer establishes contact with the source of all life and with the only source of authentic peace.

infinite love around me
in my soul and in my existence.

There is nothing to fear
when i always seek the truth.

Self Importance Can Halt Progress For A Long Time

The greatest of artists
suffer pangs of doubt
and failure of inspiration.

Poets are co-creators, i believe.

Self-importance can halt
progress for a long time.

In magical moments of true inspiration
the poet stands apart
from the process of creation
and allow it to happen.

Dr. Antony Theodore
Self-Compassion?

What is your response at the word 'self-compassion'?

Was your response positive or negative? Journey in self-compassion is an interesting one.

We feel every emotion from guilt to comfort.

I have wondered if self-compassion was self-indulgent.

But I know now self-compassion is necessary for a healthy mental life.

Self-compassion is giving ourselves the kindness and care we would give to another.

Dr. Antony Theodore

All the disorder and corruption
and malady of our nature
lies in a certain fixedness
of our own will, imagination,
and desire, wherein we live to ourselves.

We are our own center and circumference.
The Self has to learn to cease
to be its 'own center and circumference',
to make that final surrender
which is the price of final peace.

Serious Dialogue

A poet should enter into dialogue with all that is pure, wise, profound, and humane in every kind of culture.

Shifting Of The Field Of Consciousness.

The awakening of the transcendental consciousness is a disturbance of the equilibrium of the self, which results in the shifting of the field of consciousness from lower to higher levels.

It is the necessary beginning of any process of transcendence. This awakening is an intense form of the phenomenon of conversion.

Sleep In The Arms Of God

On the banks of Ganges
I sat in a serene and sombre mood
Looking at the playful water
as the wind like a great artist
draws playful lines and circles
On the water.

The wind
Tickles the water
And it laughs although I can't hear.
When the water laughs
And jumps, it moves
In lines and circles
And then rushes swift to the shore.

I sit there at the shore
With my feet in the water
And watch the lines and circles
Reach and kiss my feet
In reverent love.

The wind is playful today
And comes to my lips
With a cold feathery touch
And caresses my hair and I feel alive.
It tells me about the sweet words
Uttered by lovers on the shore
Sharing their intimate feelings.

Tonight I shall dream
Of the symphony of the dancers
And as in a fairy tale
The lovers will come on this shore,
Kiss a thousand kisses
Tell love stories,
Smile and lie on the lap of each other.

I wish you, lovers of this shore
Bliss, serenity and peace.
Sleep here lovingly
The night through.
Let the glorious moon
Pour its mild heavenly light on you.

Sleep together lovingly in the arms of God.

Resentment is poison for the body and soul.

Smile Always On Your Way

Let go the material world.
Open yourself to the Higher Consciousness.
Become aware of one’s own greatness.
Sense that you are important
because you are a child of God.

So do not feel inferior.
Believe in yourself.
Believe in life.
Accept yourself completely.
Love yourself as you are.

You have a mission in the universe
to spread love and kindness.
Live this mission fully.
Smile always on your way
of fulfilling this heavenly call.

Dr. Antony Theodore
Smile and be happy always.
By worrying what will you gain?

Take time and do things
that makes you happy.

You cannot conquer the world.
But you can conquer yourself.

Be selective.
Do things that is possible for you.

Do even the little things
that makes you happy always.

Smile and the whole world will smile with you.

Smiling In The Rain.

God showers raindrops on me.
God knows that i am crying.
God wants me to smile and laugh.

So he sent me raindrops.
i believe that God does it purposely
to make me happy in my sorrow.

God, you know, i enjoy it.

you see me dancing in the rain.
Oh how can i ever thank you
for all the love you show me.

i always believe that you watch me.

Thank you Lord of my heart.
i have no one in my heart.
my heart's cave is free for you alone.

Come and rest a while in my heart.

See the invisible.
Feel the intangible.
Strive hard to accomplish.
No time to be wasted,
but find time to relax.

Then again perform
according to your inner call.

Then you will achieve
The impossible.

This is your calling
to leave the indelible
mark of your existence.

Die a sweet death

O, mother solitude
Into thy loving womb
Of solitude interior,
Into the anguish unknown,
Where praying buds

Love silence.
In silence
you can hear
His voice.

Then act with power
and you will achieve.

Some Do Not Know It

Some people do not know
how important it is that
they are just there.

Some people do not know
how good it is to just see them.

Some people do not know
how comforting their kind smile works.

Some people do not know
how pleasant their closeness is.

Some people do not know
how much poorer
we would be without them.

Some people do not know
that they are a godsend.

Some Live Always In Tombs.

Let go of our fears and anxieties.
Then we begin to see more clearly.
We gain positive energy to deal
with our demanding reality.

So I choose to bid farewell
to my dingy tomb-like existence
and to everything that constrains me
from stretching towards the light.

Many are accustomed to the tomb
that they find solace in it.
They prefer to be unhappy

Sorrow Purifies Your Heart

How shall I comfort you?
I have not lost anyone
whom i loved, like you.
Sadness has not conquered me
as you experience now.

But I know the sadness
for the sake of a loving person.
I know how it can take abode
in my heart filling with sadness.

I know how the sorrow
can take possession of me.
Then no words of comfort will help.
It does not reach the heart.

Allow your heart to accept the sadness.
It purifies your heart.
It frees you from the clod in your throat
It is the expression of your love
for the one whom you lost in death.

The soul is a presence of the divine world.

It cannot invent itself.

The soul holds the echo of primal intimacy.

This original echo whispers with every heart.

Intimacy has no limit in the soul.

Soul Friend

In the depth of our hearts, we yearn for a soul friend.

In the love of a soul friend we stay aspersons without masks or pretensions.

The superficial lies, the functional untruth and half truths of acquaintance fall away.

You can be as you really are. Understandingdawns in the experience of soul love.

Understanding is precious. Understanding nourishes the sense of Belonging.

Where you are understood you feel very much at home.

Being understood, you feel free to release your self into the shelter - cave of the other person's soul.

Spiritual Life And Personal Discipline.

The spiritual life is a matter of personal discipline.

The most suitable environment for this pursuit is the desert.

In the desert is the oak of Mamre.

Here is the ladder which leads to heaven, and the encampments of angels which Jacob saw.

Here is the wilderness where the people purified, received the law, and then going into the land of promise, beheld God.

Here is Mount Carmel where Elijah abode to please God.

Here is the wilderness where the blessed John ate locusts and preached repentance to men.

Here is the mount of Olives, which Christ ascended and there prayed, teaching us how to pray.

Spiritual Life Is Not Mental Life.

The experience of faith affects all the faculties and yet transcends them all.

Spiritual life is not mental life. It is not thought alone, nor is it a life of sensation.

It is not merely a life of feeling, nor does it exclude thought and feeling but elevates all in love and in faith.

Dr. Antony Theodore
Spiritual Marriage

In a spiritual marriage, the soul, or rather the spirit of the soul or the divine spark, becomes one thing with God.

Humility, intimacy, and love are predominant in this state.

God who is also spirit, has desired to show to certain souls how far this love can go.

Despite his infinite majesty, He condescends to unite himself so closely to the feeble creature.

In the spiritual marriage, the soul dwells always with God.

Spiritual Seed.

Some see the Divine as a Transcendent Life immanent in the world and self.

There is a spiritual seed within them by whose development, one, moving to higher levels of character and consciousness, attains his end.

St. Augustine's Experience

Consider the accent of realism
with which St. Augustine speaks
in the most celebrated passage
of the Confessions, where we seem to see a born psychologist desperately
struggling by means of negations to describe an intensely positive state.

St. Augustine writes:

"I entered into the secret closet of my soul, led by Thee; and this I could
do because Thou wast my helper. I entered, and beheld with the mysterious eye
of my soul the Light that never changes, above the eye of my soul, above my
intelligence. It was not the common light which all flesh can see, nor was it
greater yet of the same kind, as if the light of day were to grow brighter and
brighter and flood all space. It was not like this, but different: altogether
different from all such things. Nor was it above my intelligence in the same way
as oil is above water, or heaven above earth, but it was higher because it made
me, and I was lower because made by it. He who knoweth the truth knoweth
that Light: and who knoweth it, knoweth eternity. Love knoweth it"; St.
Augustine, Confessions, Bk. vii Chp. xl.

Standing At The Centre Of Its Own Humility.

That you may have pleasure in everything, seek pleasure in nothing.

That you may know everything, seek to know nothing.

That you may possess all things, seek to possess nothing.

In detachment, the spirit finds quiet and repose, for coveting nothing, nothing wearies it by elation; and nothing oppresses it by dejection, because it stands in the center of it's own humility. For as soon as it covets anything it is immediately fatigued and worn out.

States Of „pleasure And Pain‟.

The mystics go through states of „pleasure and pain‟. On its onward journey to reality these experiences of pain and pleasure are „constants‟ of the transcendent life.

Taken all together, they constitute one continuous process of transcendence, the steady remaking of character in accordance with the independent spiritual world in which the mystic finds his consolation and inner comfort.

Steve Jobs Last Words

Chasing the money and working so hard your life passes you by isn't what life is all about. Sometimes you need to take a step back, breathe and re evaluate things.

Steve Jobs Last Words -
I reached the pinnacle of success in the business world.
In others eyes, my life is an epitome of success.
However, aside from work, I have little joy. In the end, wealth is only a fact of life that I am accustomed to.
At this moment, lying on the sick bed and recalling my whole life, I realize that all the recognition and wealth that I took so much pride in, have paled and become meaningless in the face of impending death.
In the darkness, I look at the green lights from the life supporting machines and hear the humming mechanical sounds, I can feel the breath of god of death drawing closer…
Now I know, when we have accumulated sufficient wealth to last our lifetime, we should pursue other matters that are unrelated to wealth…
Should be something that is more important:
Perhaps relationships, perhaps art, perhaps a dream from younger days…
Non-stop pursuing of wealth will only turn a person into a twisted being, just like me.
God gave us the senses to let us feel the love in everyones heart, not the illusions brought about by wealth.
The wealth I have won in my life I cannot bring with me.
What I can bring is only the memories precipitated by love.
Thats the true riches which will follow you, accompany you, giving you strength and light to go on.
Love can travel a thousand miles. Life has no limit. Go where you want to go.
Reach the height you want to reach. It is all in your heart and in your hands.
What is the most expensive bed in the world? - 'Sick bed' …
You can employ someone to drive the car for you, make money for you but you cannot have someone to bear the sickness for you.
Material things lost can be found. But there is one thing that can never be found when it is lost 'Life'.
When a person goes into the operating room, he will realize that there is one book that he has yet to finish reading 'Book of Healthy Life'.
Whichever stage in life we are at right now, with time, we will face the day when the curtain comes down.

I collected my tears
In a dry coconut shell.
You know they glittered in the sunshine.
My tears are diamonds.

I gathered my dreams
In a thin plastic bag
And kept it under my armpit.
You know my dreams have the golden color.

I ran as fast as I could
To the King's Palace.
I want to sell my tears and dreams
for my mother is dying.
no money for medicine
for i am poor.

The Guards waved their swords.
I begged 'please allow me'.

On the courtyard, I stood, i the beggar of mercy.
And the princess came down to me.
Why are you here?
My mother is dying
I like to sell .....
What?

My tears. You know, they are diamonds.

I brought my dreams too. You know they are golden.

My mother is dying..... i cried...

Princess burst into tears
Hugged me.
It was so intense.
She caressed my hair.
Her beautiful hands ran down my face.
Touched my lips wet with the salt of my tears.
The King saw, came down
Swirled his mighty sword.
My head rolled down.
Did the head of the princess roll down too? ??

I still remember how sweet her hugs were
How lovingly she touched me.
How she looked into my eyes with passion.
You know how I still remember it?

Sunshine Told Me Love Yourself Just As I Love My Own Shine.

When i loved myself
I came to the realization
that God love me as i am.

I learned to be quite and still
and felt that life comes to me.

I came to see emotional pain
as a sign to check if i am in truth.

When i loved myself...
I learned to meet my own needs
without thinking that i am selfish.

I began to see the desires of my heart.
I felt feelings without a second thought.

When i do something amazing
i praised myself and felt
that i am a gift to the world.

....
You were ignorant and thought it pride when you loved yourself.

I am a flower. I cannot forget my scent.
I am colour.i cannot forget my colourful wings shining in the gloriuous sun.

In my search for meanings I found myself.

I found innocence in passion
and light in darkness.

Sun told me love yourself
just as i love my own shine.

Symbols In Mystical Poetry

Symbols in poetry are a means of simple communication. It achieves a higher purpose. It deepens our awareness.

Traditionally, the value of the symbol is precisely in its apparent uselessness as a means of simple communication.

It is ordered toward communion, not to communication.

Because it is not an efficient mode of communicating information.

The symbol can achieve a higher purpose of going beyond practicality and purpose, beyond cause and effect.

Dr. Antony Theodore
Symbols In Poetry Deepen Our Awareness.

Instead of establishing a new contact by a meeting of minds in the sharing of news, the symbol tells nothing new.

It revives our awareness of what we already know, and deepens our awareness.

What is 'new' in the symbol is the ever new discovery of a new depth and a new actuality in what is and always has been.

The function of the symbol is to manifest a union that already exists but is not fully realized.

The symbol awakens awareness or restores it. Therefore it does not aim at communication but at communion.

Dr. Antony Theodore
Communion with God comes normally not as information but as symbols evoking an encounter with the all-loving God.

Religious language may not be logical, but it is always symbolic.

(As Educators we fail miserably in our schools and universities to understand the special creative capabilities of our students and to encourage them. We have to create a positive atmosphere and believe that each and every student entrusted to us is a unique children have greatness in them and very special talents. Parents should begin it in the family and teachers and Professors should continue to challenge and provoke them to get the best out of their uniqueness. It is our sublime duty to the younger generation).
Teach Us To Count Our Days

Teach us to count our days
Give us a heart of wisdom.

It is for your steadfast love
I long for when the first rays
of your sun, shine on my face.

Help me to rejoice and be glad.
Show your might and your work
to your servants that we are amazed
to know how powerful you are.

Let your glorious power become ours
when we work hard to spread your
message of love and strength to the poor.

would you dropp a tear of joy

Dr. Antony Theodore
Tear Your Hearts, Not Your Clothes.

The Lord God commands:
Turn back to me
wholeheartedly with fasting,
weeping and wailing.

Tear your hearts, not your clothes,
and turn to the Lord your God!

For he is gracious and merciful,
patient and rich in kindness.

Gather the people,
sanctify the sanctuary!
Gather the elders,
bring the children together,
including the babies!
The groom leaves his
chamber and the bride
leaves her room.

Between the vestibule
and the altar, the priests
should sit in sackcloths and ashes
to pray to the Lord of heaven and earth:
Have mercy, Lord,
with your people,
and do not leave your
people in poverty and sin.

No one shall say:
Where is your God?
Then the Lord has passion
and mercy on his people.

Tears Have Voice Which God Listens To

In the forest
I heard occult cries.
But I walked all alone
believing in my God
who goes along with me
in my darkness and fear.

God is there with me.
He is my companion.

He listens to my tears.
Tears have voice
which God alone can hear.

Let me smile with you.

Temptation And Attraction

She danced to the silvery edge
in pretty cheerfulness.

In her was a new pink bud
waking up to the brim.

In solemn silence she came
gifting men a life of fleshly love.

She promised it and men fell.

The devil was happy.

Thank You, God That You Help Me.

There are times when i am so sad.  
Then you comfort me.  
There are times when i am angry,  
then you make me peaceful.  
There are times when i am dejected.  
Then you make me happy.  
There are times when everything looks hopeless.  
Then you give me new hope.

Thank you, God, that you help me  
when so many things in my life  
go unexpectedly flooey and to a fall.

The 'tremendous Lover' Is Hunting The Separated Spirit.

There is the remorseless, tireless seeking and following of the soul by the Divine Life.

The inexorable onward sweep of this 'Tremendous lover' is hunting the separated spirit that flees him down the nights and down the days.

Our natural will is to have God.
The good will of God is to have us.
We may never cease from longing till we have him in fullness of joy.

The mystic vision is of a spiritual universe, held tight within the bonds of love.

The Ability To Love Is The Greatest Gift Of God.

Love is the ultimate answer.
Love is the only universal energy.
Love transcends.
Love conquers all.
If we want our species to survive,
if we are to find meaning in life,
we have to love.

The ability to love
is the greatest gift of God.

The Abode Of Spiritual Enlightenment

My home is the abode of

Dr. Antony Theodore
The Absolute And Dynamic Aspects Of Truth.

The mystical consciousness
in its full development
is extended in two directions.

There are two fundamental ways
of apprehending reality.
It is the eternal and temporal,
transcendent and immanent,
absolute and dynamic aspects of truth.

They comprise the twofold
knowledge of God
who is both being and becoming
near and far.

They are pairs of opposites
Which ecstasy will carry up
into a higher synthesis.

Dr. Antony Theodore
Nirvana is not the consciousness
of an ego that is aware
of itself as having crossed
over to 'the other shore'.

But it is the Absolute
Ground-Consciousness
of the Void, in which
there are no shores.

Dr. Antony Theodore
The Absolute Of The Mystics Is Lovable.

Allow the mystic to live and look, then he will speak the language of immediate union.

It may not have the clarity of the arguments of the philosophers.

The mystic leaves the merely intellectual sphere of the philosopher and enters into an intimate personal sphere.

Hence the Absolute of the mystics is not dry but alive, attainable and lovable.

Dr. Antony Theodore
The Act Of Contemplation.

The act of contemplation
is for the mystic a psychic gateway.

It is a condition in which
he changes his field of perception
and try to obtain
the mystic’s characteristic outlook
on the universe.

Such an outlook
is not peculiar to any creed or race.
It is beyond all religions.

They have another
sort of consciousness,
another sense
beyond the normal qualities of the self.

Dr. Antony Theodore
The Act Of Creation Is The Essence Of God

Creation is the essence of God.

Actual creation can be done only by The Almighty.

This act of creation is beyond explanation.

For us, the art consists in grasping this.

The Almighty is The Creator.

How God does it cannot be known.

Who are you to ask God how God creates?

The Angels Carry The Seal Of God.

My Mom told me that angels carry the seal of the living God. They want to put the seal on the forehead of the servants of God.

- - -

Today I had a dream:

I saw a great multitude, from every nation, race, people and tongue lining up before the golden throne of "The Almighty".

Each had a white dove in the hand.

Then ...
God hugged those who survived the time of great distress and withstood all temptations.

God made them wear pure dazzling white robes washed clean by the angels.

Then the angels came and put the seal of God on their foreheads.

I saw their happy shining faces touched by angels and hugged by the Almighty.

The Angels In Us Fall In Love

When we both know
that the angels in us fall in love,
then we are in love.

Your angel hiding in you
love my angel hiding in me.

May I call it an intense love
experience, oh my dear poetess?

Dr. Antony Theodore
True mysticism is never self-seeking. 
It is not the pursuit of supernatural joys.

It is not the satisfaction of any high ambition. 
The mystic does not even seek the happiness 
of the beatific vision, the ecstasy of the union 
with the Absolute, or any other personal award.

Only with the annihilation of selfhood 
comes the fulfillment of love.

Dr. Antony Theodore
The Annihilation Of The False Self Is A Transcendence.

Nothing real or genuine
is annihilated.
Rather, what is genuine
is affirmed as our
psychological, historical,
social self and placed
in its true relationship to God.

This annihilation of the false self
is a transcendence
which results in a transformation
of the consciousness.

Dr. Antony Theodore
The Annihilation Of The Self

All the spiritual masters write about the annihilation of the self.

All outward works were established and ordained to direct the outer man to God and to train him to spiritual living and good deeds, that he might not stray away from the right path; to act as a curb on his inclination to escape from Self to things outside.

For the greater the delight in outward things the harder it is to leave them.

Dr. Antony Theodore
The Answer Is Yes And No.

Does a mystical experience admit of any doubt?

The answer is yes and no.

Where logic and rationality are foremost, in the conceptual level, it may admit of doubt. Mystical experience is so unrelated to reason as to seem perhaps irrational.

But in the level of immediate intuition, in which an experience impresses itself upon us directly without ambiguity, the level on which we experience reality as we experience our own being, it admits of no doubt.

The creation of conditions conducive to the ultimate is also a gift of the Almighty.

Dr. Antony Theodore
The Apprehension Of A Splendour

The awakening of the mystic sense
includes the apprehension
of a splendour without
an expansive, formless,
ineffable vision.

It is a snatching up of the self,
as it were, from knowledge
of this world to some vague
yet veritable knowledge of the next.

The Archetype For The Spiritual Ascent.

Whether he eats or drinks
or whatever else he does,
does all for the glory of God
(Reference to St. Paul's first letter to
Corinthians10: 31).

Such a person is free
to act "freely, simply,
spontaneously,
from the depths of his heart,
moved by love".

The struggle of Jacob
with the angel is the
archetype for the spiritual ascent.

(Reference to Genesis 32: 24-29 New International Version (NIV)
"24 So Jacob was left alone, and a man wrestled with him till daybreak.25 When
the man saw that he could not overpower him, he touched the socket of Jacob's
hip so that his hip was wrenched as he wrestled with the man.26 Then the man
said, "Let me go, for it is daybreak." But Jacob replied, "I will not let you go unless you bless me.")

The Awakening Of The Self To The Divine Reality,

The awakening of the Self
to the consciousness of Divine Reality,
is marked by intense feelings
of joy and exaltation.

In the experience of the presence
of the Divine Reality,
the Self comes to the realization
of its own imperfection
and the manifold illusions
in which it is immersed.

Dr. Antony Theodore
The Awakening is Important

It is the communion
with God that constitutes
our own deepest reality.

As our true awareness grows,
as we see through the eyes
of the Person we really are,
we see with a new vision.

It is the awakening
that is important.

If one reaches the point
where understanding fails,
this is not a tragedy.

It is simply a reminder
to stop thinking and start looking.

How would it be

The Birds Found Me.

Poems steal away my sleep.  
And at midday I fall asleep  
under the beautiful leaves  
of a benevolent tree.

I dream of birds  
with golden feathers  
flying down into my soul.

They enter into the innermost recesses  
and find my secret store  
of melancholic songs.

And the small birds  
found me with my songs  
In my inner core  
and asked me to sing.

And I woke and smiled again.

The Bounteous Love Of God.

God, your love is eternal. 
You are exalted but you see 
the poor from your throne.

You know the proud from afar.

Your enduring kindness lasts forever. 
Who can ever fathom 
the depths of the mind of God?

How inscrutable are God’s judgments? 
How unsearchable his ways?

In his own unsearchable way, 
God has planned a future 
for each and every one of us.

I sit here and meditate on the depths 
of the unimaginable love and care of God.

In sudden emotion and gratitude 
I burst into tears and lie in prostration.

The Broad And Easyway

No one who travels
a bad road ever arrives.

The Broad and easy
way of the world
leads to destruction.
Only the narrow trail
leads to truth.

(Reference to the words of Jesus, Matthew 7: 13-14 New International Version (NIV)
13 "Enter through the narrow gate. For wide is the gate and broad is the
road that leads to destruction, and many enter through it.14 But small is the
gate and narrow the road that leads to life, and only a few find it)."

Dr. Antony Theodore
The Burning And Active Desire

For a mystic,
it is essential that his love
and his determination,
more than his thought,
should be set upon Transcendent Reality.

He must have strong emotional attraction
toward the super-sensual Object of his quest.

There should be the will
to attain communion
with that Absolute Object.

This burning and active desire
must express itself
by that definite and conscious concentration
of the whole self.

This precedes the contemplative state.

Dr. Antony Theodore
Once a butterfly, a flower and a snail met together.

The butterfly said: I am colorful and I can fly.
The flower said: I bloom and I have fragrance.

The snail told simply and in a satisfying tone:
I am satisfied with myself as I am.
The thought God loves me as I am is enough for me.

I am very happy.

The Character Of Love

Love is patient; love is kind.  
She does not get excited,  
she does not boast,  
she does not puff up.  
It does not act improperly,  
does not seek its advantage,  
does not provoke anger,  
does not bear the evil.

The Chariot

I saw a chariot with fiery wings.

“Come my sweet innocent one
Everything that touches you shall burn you
until you burn eternally.“

The Christian Mystic Believes That He Is Becoming Christ.

The Consciousness Of Being Divine

When we live on earth
we are divine and human.

This consciousness grows
In us in prayer and meditation.

A life of silence helps us to know it.

We are divine beings of the earth.
It is indeed a supernatural state
that we experience in our earthly life.

Just as our own body
and Soul are one in us
is the human and divine
nature integrated and one in us.

The Contemplation Of Our Own Nothingness

The experience that the world provides is a life of vain hopes, imprisoned in the illusion of newness and change.

It brings us constantly back to the contemplation of our own nothingness.

Dr. Antony Theodore
The Contemplation Of Our Own Nothingness.

Man's mind is enslaved
by an inexorable concern
with all that is exterior,
transient, illusiory and trivial.

Thus man is exiled from God

our own nothingness.

The Conversion From Sense To Spirit

The vitality and the efficiency of the conversion from sense to spirit depends on the vividness of the apprehension of the new reality.

The awakened subject is not merely to perceive transcendent life, but to participate therein.

In the process, the mind constructs from the general and ineffable intuition of reality, the personal and imperative concept.

The Cravings Of The Soul

Mystical search is
"the satisfaction of a craving
impelled by the spur of necessity"
(A.E. Waite, Strange Houses of Sleep, P.211).

The soul that craves
to attain fullness of life
for which she was made
is unable to rest
in those symbols of the sensual world
which does not satisfy her.

The cravings of the soul is to lose herself
in 'That' which can neither be seen or touched,
giving herself entirely
to this sovereign Object
without belonging
either to herself or to others.

Dr. Antony Theodore
The Creations Of The Mystic, Artist And The Poet Are Products Of The Love Of God.

The mystic and the artist appears to be inseparably bound together. Both are committed to the passionate search for truth.

The real obsession of a poet's life is the divine search in the context of the real human life.

The Poet's synthesis of mystic graces and aesthetic sensitivity enables a poet to transcend the rational and intuit the whole through the pure aesthetic experience.

The knowledge of the ideal beauty is innate and is known intuitively in intellectual ecstasy.

The Death Of Jesus Christ On The Cross Is Historical

The work God does is creative.
God created the heaven and earth,
and all living creatures in it.

He formed Adam and Eve
and all human beings in His image.
God knitted each of us in our mother's womb.
Jesus the Messiah was sent from heaven
to shed his blood till the last drop
on the cross to save us from our sins.

He opened a way for us to be reconciled
to Him and adopted into His family.

God holds all things together.
In order to recognize God's Handwerk,
pray in an active, persistent manner.

Do not lose sight of the Lord.

When we combine these disciplines
with discernment and patience,
we will discover how God is working
in our lives and in our world.

The Desert Experience And The Experience Of God.

The sufferings and the aloneness of the desert must be endured so that he may attain the knowledge and even the experience of the transcendent and inexpressible God.

It is the attention of the whole being which is called to task in the pursuit of the ultimate being.

It is the intimate union with God which a monk seeks for.

By the force of the subdued, instructed, and formed will, the mind is disposed to recollection and attention, and the attention is fixed on God by recalling thought when it wanders or reviving it when it fades away.

The desert experience which an earnest seeker should undergo is the preparation for the experience of God's presence.

The Desire Of The Soul  Towards Its Source.

The Mystic sees Reality as a living
and personal object of love.

It is the eager and outgoing activity
whose driving power is generous love.

The word love as applied to the mystics

Mystical love is the deep-seated desire

The Ego-Self And Its Meaning

The Emergence Of The Transcendental Sense

The spiritual sense
lies below the threshold
of consciousness.
The mystics know it.

The spiritual history
means the emergence
of the transcendental sense
from within and its capture
of the field of consciousness
to open those paths to facilitate
the inflow of a larger spiritual life.

This will lead to the perception of a higher reality.

The Entire Thrust Of The Gandhian Way

Gandhi's theory on nonviolence is only a fragment in comparison to his whole moral philosophy.

The entire thrust of the Gandhian way is toward self-transformation, transcendence, and identification which is the indisputable, essential, and ultimate state of being for human beings.

The Evil Of Triumphalism.

Beyond the boundaries

does God’s care extend
to the hearts of all who live.

May the walls which raises
prejudice between us,
crumble beneath
the shadow of your

The evil of triumphalism
strained religions

hatred and death,
cruelty and shame.

Beauty, truth and riches

The Experience Of Grace Within

God and self exist, together
at the center of being.
God's grace and Himself
are experienced within.

Now the grace of God,
pouring forth from God,
is an inward thrust

driving forth our spirit
from within, and exciting
it towards all virtues.

Dr. Antony Theodore
The Experience Of Self-Consciousness.

There is an experience of Being underlying the subjective experience of the individual self.

This is totally different from an experience of self-consciousness.

It is completely non-objective. It has in it, none of the split and alienation that occurs when the subject becomes aware of itself as a quasi-object.

The Experience Of The Presence Of The Divine Beauty

The awakening of the self
to the consciousness of divine reality
is marked by intense feelings
of joy and exaltation.

In the experience of the presence
of the Divine Beauty,
the Self comes to the realization
of its own imperfection and the
manifold illusions in which it is immersed.

The state of purgation is of pain and effort.
Self takes to this way by discipline and mortification.

Dr. Antony Theodore
Mystical union is the experience of the unmediated apprehension of God in His essence which God chooses to give to an ardent mystical seeker.

Christian mystics hold Christ as the fountainhead of the new creation, as the chief agent of reconciliation and recapitulation.

There is a natural affinity of Christian mysticism and Eastern mysticism.

The mystical seeker experiences in himself an increased sense of intellectual and spiritual freedom going beyond the ideas of orthodox thinking.

In eastern thought, there is a perception of reality that penetrates the illusionary World of western materialism.

God’s essence provides for the core of human being whether in eastern or western mysticism.

The Face Of The Poor Is The Face Of God.

What we cherish in our hearts
and declare with the mouth
must be fulfilled in deeds.

As long as one child falls
asleep hungry at night,
my stomach should hurt.

When an elderly cannot bear heat
and have great fears over tomorrow
there should be a chill in my bones.

When a poor woman sits with a child
and begs on the streets for a bit of food
I should feel her pain and care for her.

The face of the poor is the face of God.

The False Self

The Father Of The Donkey

In a small city, there occurred a serious car accident. 
So many people gathered around.

A journalist wanted to go in closer to make some photos. 
He could not because of the crowd.

So he called out from behind 
„I am the father of the injured. 
Please let me in".

The crowd moved and the journalist went in 
only to find out, the injured 
in the accident was a donkey.

All men who speak
of the fire of love
know not well what it is.

For what it is, no one can tell,
except this can be told,
that it is neither bodily,

A soul may feel it in prayer,
or in devotion,
but he feels
it not physically.

This is no doubt to

The Homeward Journey Of Man's Spirit

The spark of the soul is the true divine germ in man.

It is the fount from which it came forth.

The homeward journey, of man's spirit is due to the push of a divine life within answering to the pull of the divine life without.

Morality leads to the frontiers of the Absolute and even gives it an impulsion to enter into the abode of the presence of God.

Dr. Antony Theodore
In The Hound of Heaven, Francis Thomson described with an almost terrible power, not the self's quest of adored Reality, but Reality's quest of the unwilling self.

He shows to us the remorseless, tireless seeking and following of the soul by the Divine Life to which it will not surrender: the inexorable onward sweep of 'this tremendous lover' hunting the separated Spirit, 'strange, piteous, futile thing' that flees Him 'down the nights and down the days'.

This idea of the love chase, of the Spirit rushing in terror from the overpowering presence of God, but followed, sought, conquered in the end, is common to all the medieval mystics.

The Human Faculties Are Elevated To A Divine Level

Humanity is possible only when the new man comes into being. The process of mystical transformation is a process of diffusion of the love of God in one’s being.

The human faculties are elevated to a divine level when the Spirit of God infuses the love of God uniting the new being with the essence of God.

The transforming power of God influences man and he is dependent on this power to be really human.

Dr. Antony Theodore
The real distinction between the Illuminative and the Unitive Life is that in Illumination the individuality of the subject, however profound his spiritual consciousness, however close his communion with the Infinite may be, remains separate and intact.

His heightened apprehension of reality governs rather than obliterates the rest of his life and may even increase his power of dealing adequately with the accidents of normal existence.

The Illusionary Self Paralyzes.

The illusionary self paralyzes.

Dissolution of the false self

Man is an exile in a world of objects, 
each one capable of deluding

Man is held captive in the complex

Thus, the mind is enslaved by

The Innocent Joy In Natural Things.

It is the innocent joy in natural things the mystics of all ages and all faiths agree that attracts them.

Poverty for a mystic is utter self-stripping. It is a complete detachment in joy from all finite things.

By chastity he means an extreme and limpid purity of soul, virgin to all but God:

By Obedience, it means that abnegation of selfhood that mortification of the will which results in a complete humility, a holy indifference to the accidents of life.

Linked together these three aspects of perfection are really one.

The Joy Of The Union With God Emerges

The identity of the individual is determined by a host of historical, cultural, psychological and genetic factors.

When we lose our special, separate, cultural and religious identity, we are a step forward to lose ourselves in God.

It is then the joy of the union with God emerges in us.

The Knowledge Of God Is An Experience Of Love.

The knowledge of God
is an experience of love.

Man's intelligence alone is

that by love, we reach Him

embrace it,

The Life Of Every Man Is A Mystery Of Solitude And Communion.

Private prayers evoke a sense of the potential oneness of God's love, solitude, and society.

We have to share this solitude of the heart that we receive in prayer.

The life of every man is a mystery of solitude and communion.

Solitude is experienced in the secrecy of his own soul where a seeker is alone with God.

He communicates his experience with others who share the same nature.

A seeker who has experienced it can reproduce this solitude in others. It happens in love and communion.

There, he experiences others as his own other selves. So a Hindu mystic would say:
God is present in everyone and in everything in the created nature.

All human beings are God's 'other selves' isolated from him and yet one with him.

Only those who love the solitude with God and in God can experience this joy of oneness.

The Life Of Prayer And The Source Of All Life

The life of prayer establishes contact with the source of all life and with the only source of authentic peace.

The mystic earns to be totally free and to be totally free he must be delivered from his own self.

Today more than ever, man in chains is seeking emancipation and liberty. His tragedy is that he seeks it by means that bring him into ever greater enslavement.

The Little Angel Strolled In Beauty,

Mellowed to that tender light
the little angel strolled in beauty,
on starry skies
cloudless climes,
on elysian fields,
the realm of beauty.

I felt the nameless grace on her face,
softly lightens her little eyes,
serene expression of delight,
love and surprise.

The angel of the Lord
took the wings of a beautiful butterfly
came to her sweet dwelling place,
serene, pure and full of grace.

On that cheek and over that brow
the angel kissed.
It is goodness pure
peace and beauty,
a heart so full of innocent love.

We drank tea from

We were healthy and happy.
Mummy, I miss you.
I miss you a lot.

Come to me to pour
water on my body

And cry bitter tears.

The Loving Cat And The Fried Fish

The cat and the fried fish

My mother cooks well.  
She fried fish with different spices.  
The smell of it filled the whole house.  
Mummy kept the fried fish  
on the kitchen table and went.

The cat smelled and came.  
The cat came and saw,  
sprang on to the kitchen table.

Suddenly God commanded  
Do not touch it! ! !

Again the cat sprang  
God commanded  
Do not touch it! ! !

The cat could not resist  
and reached the fried fish.  
It was so tempting  
and God commanded.  
Do not eat the fried fish! ! !

The cat paused,  
thought,  
listened,  
kept his tail down,  
the head bowed,  
stepped back.

In a decisive moment  
the cat turned back  
and went away pensive.

Being at peace now  
the cat began to sing  Miaaaaawoooo
The angels heard it
and the heavenly choir began singing
in pleasant and varied notes:

Miahhaaa woooo Miaaaa woooo,
Miahhhaaaa woooo

The cat and God smiled.

'I say unto you, that likewise joy shall be in heaven over one sinner that repenteth, more than over ninety and nine just persons, which need no repentance' The Holy Bible (Luke 15: 7).

(When we have sexual temptations, God tells us 'Do not touch'. Would you become then the CAT in my poem?)

The Modern Civilisation Is A World Of Illusion

A man of the spirit views contemporary decadence as a complex problem.

The modern civilization that man had constructed is a world of illusion that oppresses man's Spiritual nature.

It stifles the innate longing for the ultimate reality.

The modern city represents the mass that denies man the true identity and enslaves him in the pseudocorporateness of modern civilization.

In the century of man's greatest technological achievements man no longer needs God.

He builds there his fantastic protected cities of withdrawal and experimentation and vice.

The glittering towns that spring up overnight are no longer images of the City of God, coming down from heaven to enlighten the world with the vision of peace.

They are brilliant and sordid smiles of the devil, cities through whose veins money runs like artificial blood that leads to greater destruction.

The Projections Of Ego

The projections of your Ego
is not in harmony with the truth.

Truth is God alone.

The life full of attachments
and aversions is often
the work of your ego.

Ego hides in you
and makes you do things
which gives you sufferings.

It leads you away from the truth.

The Propensity Towards Wholeness.

I am aware of my light
In this material world.

I have forged a perfect link
between the mundane

In my spiritual endeavors
I find propensity towards wholeness.

Look beyond what your eyes can see.
Look beyond all the illusions of the world.

Life is beautiful in its wholeness.
Creation is perfection.
See how wonderful you are.

The 'pure Nothing'

The 'pure nothing'
is the highest point
at which God can work
in us as God pleases.

Perfect detachment
is without either lowliness
or loftiness to creatures.

It has no mind to be
below nor yet to be above.

It's mind is to be
the master of itself,
loving none
and hating none,
having neither likeness
nor unlikeness,

The only thing it desires
to be is to be one and
the same, unmolested.

The Pure Self In Me

To accept myself as I am is my quest.

The Pure Self in me

The inner light is in my pure Self.

The Purifying Process And Surrender Of A Mystic

The purifying process extends itself
to the very centre of I-hood, the will.
This is the spiritual crucifixion
so often described by the mystics.
It is the great desolation in which
the soul seems abandoned by the Divine.
The Self now surrenders itself,
its individuality and its will completely.

The Real And Original Source Is In Me

I feel delight today
in the ritual prayer.
Often it becomes monotony.
But some days, it opens
the window of my soul.

I experience the purity
of the unseen world.

It rains in me, the divine graces.

My eyes are open
to the light of love
from my own real

(There is a divine source in my own being. In prayer and a life according to the conscience, this original source will emerge in me).

The Reality And Illusion

The 'Reality' is that which exists within the sphere of the Almighty.

All else is temporary.
All else is thus an illusion.

Had there been no Big Bang

Even when the physical universe vanishes,
God would remain.

God is beyond all that is material.
God is perpetual being.
God is independent of materiality.

The Roots Of Freedom Is In God.

Freedom is a spiritual thing.
It is a sacred and religious reality.

It's roots are not in man but in God.

For man's freedom,
which makes him
the image of God,
is a participation
in the freedom of God.

Man is free insofar
as he is like God.

His struggle for freedom
means, then, a struggle
to renounce a false,
illusory autonomy,
in order to become
free beyond and
above himself.

The Rose Fell In Love With The Dawn

The rose once grew and fell in love with the morning rays of the glorious sun.

Waiting through the whole night she danced in joy when the morning gave birth to the dawn.

Mildest and the sweetest are the first rays.

Rose kissed the first rays and wished to plunge deep into the mild light of the rays she so loved.

When the evening came, the sun broke into colors unimaginable on the horizon to vanish in the sea.

The rose cried. Fell into depressive sadness.

The new dawn will come.

Live in expecting hope.

Wait for the new birth of the dawn with all its wonderful rays of light.

Wait for the dawn. Do not weep.

The Seeker Becomes 'no Man'

Dr. Antony Theodore
The Seeker Of A Transcendent Absolute

The mystic of the impersonal type, the seeker of a Transcendent Absolute tends to describe the consummation of his quest in the language of deification.

The Unitive Life infinitely transcends the sum total of its symptoms.

In it he declares that he partakes directly in the Divine Nature and that he enjoys the fruition of reality.

Deification is a metaphor, an artistic expression which tries to hind at a transcendent fact utterly beyond the powers of human understanding, and therefore without equivalent in human speech.

The Self-Actualization

The self-actualization of ourselves as one with God is thus experienced as a mystical death or complete emptying.

It can be compared to the complete emptying of the Buddhist spirituality.

Dr. Antony Theodore
We not only passively receive in us the grace of Christ, but we actively renew in our own life the self-emptying and self-transformation by which God became man.

Just as the Messiah emptied Himself of His divine and transcendent nobility in order to descend to the level of man, so we must empty ourselves of what is human in the ignoble sense of the word, in order that we may become God.

(Trying to explain the meaning of „incarnation“ in Christian is God becoming man to save the humanity from sin)

Dr. Antony Theodore
The Sense Of Helplessness And The Dark Night.

The clearer and more manifest are Divine things in themselves, the darker and more hidden are they to the soul naturally; just as the clearer is the light, the more it blinds and darkens the eye.

The more directly we look at the sun, the greater is the darkness which it causes in our visual faculty, overcoming and overwhelming us.

In a deep spiritual experience, it appears that the Self is in the dark, because it is blinded by a Light greater than it can bear.

The Song Of Solomon And The Mystics.

The sense of insatiable desire, the sense of intense and inward personal relationship; so intense that it could only be compared with the closest link of human love, those deepest, most intimate secrets of communion - all these are suggested and symbolised in the poetry of 'The Song of Solomon' honouring that passion through which the human being is drawn to the Divine. The great saints took this symbolism, adopted and elaborated it to express their pure and ardent passion for The Absolute. They were essentially pure of heart and they knew by experience the unique nature of spiritual love and they thought that no one can express anything of that pure love of God better than through the symbolism of human love and consummation.

The Soul, Time And Eternity.

Since God is a spirit,
the least thing that is spirit
is nobler than all material things.

The soul is created
as if at a point between time and eternity,
which touches both.

With the higher powers
she touches eternity.

With the lower powers
she touches time.

Thus, she works in time
not according to time
but according to eternity.

(A discussion can arise whether one can speak of higher powers and lower powers of the soul. This is written only to express the relation between time and eternity. Whenever we write about the soul, we are always trying to express something which is inexpressible in words. Words are not enough to express anything about God and the Soul. That is the human limitation) . Also the Soul is described as She here just because of the absence of a good pronoun. Again the limitation of human language.

The Story Of Immacule'e Ilibagiza And The Pillar Of Light.

During the Rwandan genocide in 1994, she and seven other women were forced to hide and huddle silently together in a cramped bathroom two feet by four feet. It was horrendous experience of helplessness. They were vulnerable. But they trusted that God was so close to them. Her faith in God sustained her. It was a faith that felt the light when the night was so dark.

Immacule'e wrote: "I literally felt the fear pumping through my veins, and my blood was on fire. I struggled to form an image of God in my mind. I imagined two pillars of brilliant white light burning in front of me like two giant legs. I wrapped my arms around the legs, like a frightened child clinging to her mother. I begged God to fill me with his light and strength, to cast out the dark energy from my heart. I am holding to you my God, and I do not doubt that you can save me. I will not let go of you until you send the killers away. She became the hope of her six companions. She became a source of light in her tremendous faith in God and the killers went away.

The Story Of Ted Shawn

Ted Shawn was a young divinity student who was stricken with polio. He was terribly depressed and was in tears. One night sitting in room, he heard a voice from somewhere deep within him: "Ted stand up and dance and dance and dance\". He followed this call and slowly he regained the use of his legs and struggled and danced and miraculously he became one of the fathers of modern dance. Studying theology did not heal him. But listening to God in prayer and embodying the inner voice of God in his person did the healing.

Dance in all its forms, is Theology lived. He could not study theology but he lived theology in his steps. This leads us all to the inescapable act of daring to do the seemingly impossible, of daring to breathe in muscle and the call of God and believe again and again.

Whatever crisis we face, listen to the inner voice of God that speaks in and through our pain. If you can hear it and believe it, you will be reborn. It is a starling secret, that the best chance to be whole is to love and believe in yourself because God believes in you more than you yourself do.

The Superficial Self And The Transcendental Powers.

The superficial self, knows nothing of the attitude of this silent watcher who dwells in the innermost.

The superficial self is wholly taken up by the world of senses and the constant messages she gets from the sense-world that she knows or understands nothing of the relationship of the real self and the unattainable object of all thoughts.

What the mystic does is to become deliberately inattentive to the messages and inclinations of the senses and thereby the mystic brings the ground of the soul or the seat of Transcendental feeling into the area of consciousness.

Once it is thus brought to the conscious level, it becomes amenable to the activity of the will.

Such losing to find appears to be necessary, if man's transcendental powers are to be brought to its fullness.

The Transcendence And Immanence Of The Word Of God.

Those who believe are given the power to become sons of God.

The Word in the Father, is not only transcendentally removed at an infinite distance above us, but also and at the same time He is immanent in our world, first of all by nature as the Creator of the world, but in a special dynamic and mystical presence as the Saviour, Redeemer and Lover of the world.

Dr. Antony Theodore
The Transcendent Justification In Pure Being.

All the symbols and forms have their transcendent justification in the world of the pure being.

Art and mysticism attain it directly from this world of pure being.

Th poet expresses the inexpressible in extraordinary combinations of images, words, word-combinations symbols, structures, phrases, and ideas.

He creates a new wonder for the world to ponder on God, humans, and nature.

The Transcendental Emerges

The Transcendental emerges

A desire for completed life
is a characteristic
of human consciousness.

The Transcendental
emerges from its hiddenness
in the mystic
and it gradually becomes
the dominant factor in his life.

By his saving contact
with the Supreme and the Real,
the vital powers of love enhances in him.

Dr. Antony Theodore
The Transcendental Sense, An Integral Part.

The transcendental sense is such an integral part of the complete human being. It is affirmed by seers and mystics of Egypt, Greece, and India, the poets, fakirs, the philosophers, and the saints of all times and creeds and philosophy.

There is within us an immense capacity for perception, for the receiving of messages from outside; and a very little consciousness which deals with them.

- - - - - -

Even on the sensual plane, no one can be aware of more than a few things at a time.

These fill the center of our consciousness. Others retreat to the margin.

Transcendental matters are for most of us, always beyond the margin, because most of us have given up our whole consciousness to the occupation of the senses.

The Transformation Of All In Christ

Christ was born and lived
in the world and died
and returned from death
and ascended to His
Father in heaven.

Through the glass of
His Incarnation, He concentrates
the rays of His Divine Truth
and Love upon us
so that we feel the burn,
and all mystical experience
is communicated to men
through the person of Christ.

The perfect blending
of the divine and human
in Jesus makes possible
the transformation of all

Dr. Antony Theodore
The Transforming Experience Of God

The experience of union
is a transforming one,

every attitude, every act.

"Whether he eats or drinks
or whatever else he does,

The Tree Remains Firm In All The Tribulations

When we experience
the undercurrents of life,
do not shun them, but
accept them as a challenge.

Avoiding the difficult
aspects of life is a sort of
the escapism that helps us
to reach nowhere.

Instead, face it willingly.

Imagine a great tree
deeply rooted on earth.
It stays there in the worst storms.

Our sorrows and pleasures
are like the skies that
come and go in the wind.

But the tree remains there
firm in all the tribulations.

Dr. Antony Theodore
The True Inner Self

The true inner self, the true indestructible and immortal person, the true 'I' who answers to a new and secret name known only to himself and to God, does not have anything.

This 'I' is not the kind of subject that can amass experience, reflect on them, reflect on himself, for this 'I' is not the superficial and empirical self that we know in our everyday life.

Dr. Antony Theodore
The 'truth Shall Make You Free'.

The 'Truth shall make you free'.
But if the truth is to make
a man free, he must also
let go the hold upon
himself, and not retain
the semblance of a false self.

The false self is so powerful
that it keeps us as slaves.

Freeing oneself from
the false self can be done
only with the divine help.

The Two Natures, Human And Divine In Christ

Of course, the Living Christ, now enthroned at the right hand of the Father in eternity (according to the metaphorical language of the Scriptures) is indeed in a state of being in which He lived on this earth.

Though the two natures were not confused in any way, they were still completely one in Him, as completely as our own body and Soul are one in us.

Dr. Antony Theodore
The Ultimate Consummation Is Union

The ultimate consummation of loving, is union, not just with another human being, but with all other human beings in the love that called us into being from all eternity for that purpose.

The Uttered Word Is So Very Powerful

Everyone knows,
from a well-spoken word
one can live for a moment,
for a day, for a week.

Uttered Word is so powerful.

There are words which
help us to shine in a new light.

The whole life is an encounter.

Think of the moments in which
we were very happy and filled
with life's energy.

Were those moments,
moments of an encounter?
Sometimes we are struck
by the wonder of the moment
of our encounter.

Sometimes we are in the state
of a strong emotional turmoil.

Deeply moved are we, in certain
moments of beauty and love.

In those moments of sweet
encounters, the uttered word
give us tremendous joy.

The word is so powerful.
It changes, it fulfills.
It becomes life.

And the moment
of listening to such words
becomes noble and sacred.
Cherishing these memories
we walk in joy and harmony.

The Valley Of Dry Bones

Your own inner voices,
inner struggles,
experience of lack of love
that affects you deeply
and make you hard-hearted
can lead you to
a 'valley of lifeless bones'.

When the life seems bleak
and you don't feel
any kind of enthusiasm,
life drags on and on,
you reach the 'valley of dry bones'.

Then you have to pray.
Step to the Holy Altar of God.
Kneel down in deep humility.
Raise your hands and heart.
and pray with love and hope
in your tearful eyes.

The Visitation Of Mary And Elizabeth

She came to meet with her cousin Elizabeth
Maria the mother of Jesus Christ
They met, they held hands, smiled.
They talked looking into the eyes of each other
They touched and conveyed deep love and respect.

Their stomachs touched each other
John and Jesus met already then in the womb
John was taken up by joy in the womb
They smiled, prayed and submitted to the will of God.

They became the great mothers
of a Prophet and a Messiah himself.
They changed history and culture.
They influence the humanity even now.
They will influence human history till the end

(In the holy Bible, in the New Testament, this meeting of Elizabeth and Mary is described).

The Voice Beyond What Is Reasonable.

There is a voice that calls us beyond what is reasonable. We often experience deep healing in listening to that flicker of the spirit.

This is the voice of God asking us to face challenges.

It often speaks to us briefly in moments of deep crisis.

Sometimes it is so faint we mistake it for a whisper.

But taking it into the heart of our pain, it can often heal the paralysis of our lives.

The interior turmoil in this search for a way out from the world of shadows increases day by day in a poet.

We see a society worshipping frustration and barrenness.

There is a growing disenchantment with the technocratic world.

Therefore opt for discerning one's role in God's historical process.

Description: An allegory on the theme of love. This painting has a riveting sense of drama, heightened contrasts of light and shadow, and a restricted palette redolent of nocturnal mystery—characteristics that indicate a new Romantic sensibility. Fragonard's intimate allegories are among the earliest and most eloquent expressions of a new vision of romantic love as an all-consuming experience of near-mystical communion—a vision that was worlds apart from the blithe, libertine spirit of the Rococo era

The winding, twisting roads of life
have their way of limiting our vision.

Insecurity, greyness, drabness

The Word Romance Is Too Sentimental

How shall it be when I reach you?  
Will you hug me?

I don't wish too much.

Then Woman Must Be The Crown.

The Bible says:
Man is the head of God's creation!
If man is the head,
then woman must be the crown.

When God made woman,
He was finished with His creation.
Woman was the last creative act of God.
(You can make of that what you will!)

When Adam went to sleep,
angels made a surgery on his side
and woke up without a real rib
making the woman "the backbone".

In all sincerity, a godly woman
is the backbone of the home.

Without godly women,
their work, their influence
and their abilities,
we would have to shut
the doors of our homes
and declare the home
an unfit place to live.

give me more peace.
It is time I reflect on
the essentials of my life.

How much can I renounce?
What are the things
I should renounce?

It may help me to
become free and open
for God and my
fellow human beings.

The fasting time
is an opportunity
in which I consciously
dispose of what makes
me unfree and dependent.

(In the churches people prepare by fasting prayer thinking of the crucifixion of Jesus Christ)

This Is Moment To Moment Mind.

Be aware of what is
going on just now
at this holy moment.

This is moment-to-moment mind.

It hears the birds singing,
the cat jumping,
the dog barking,
the cars going by,
the planes overhead
and the children playing outside.

To the clear mind
There is no such thing
as „noisy‟.

It all just is.

This Is My Prayer And My Dream

Keep me in your heart safe.
In my sufferings I will think I am secure.

Sing to me songs eternal
and allow me to smile in grief and anguish.

Tell me stories of love.
Give me a kiss that is tender.

Keep me safe on your lap.
Sing me a lullaby.
Help me to dream of a rebirth in heaven.

In my new awakening
i shall hear angels singing.

They will then cover me with the kindest embraces of sweetest harmony

Dr. Antony Theodore
This Is My Wish For You Today

May the flame of love glow in your heart.
May your life be filled with love
Hope and peace.

May you be content with the little joys
Which life provides every day.
May God touch you in a very special way.

Do not remember the one who hurt you yesterday
But remember the one who loves you today.

Let all the love experience be tender.
Let it satisfy your body and soul.

This is my wish for you today.

This Is The Miracle Of Trust  (Pearl Divers)

Pearl divers search the deep in pairs
without scuba tanks and regulators.
One waits at the surface tending the lines
tied to the other, who soft- steps the sand
for treasures he hopes he will recognize.

He walks the bottom, watching the vegetation
sway and sways himself till she tugs the cord.
He ascents swallowing the little air left.

Aboard, on the sea shore
they talk for hours seeing what they have got
rubbing the rough and natural pearl.
They smile, they hug, they hold each other
In love and real, sincere happiness.

Poverty helps them to love.
Living and fighting for a livelihood
make them hug each other
in innocent love that the rich may envy.

There is no ego.
Only the other who
goes under water
is always in thought.

Next morning she jumps and dives.
He gives her up in prayer:
"Lord my love is under water.
Keep her safe in your hands."

She dives and fills the baskets.
He counts the time,
hands wrapped about her line.

This is love
This is the miracle of Trust.
(Once I visited India and met with the pearl divers. They are poor people. One stands on the shore. The other jumps into the ocean with a strong thread tied to his body. The one who is on the shore has a seventh sense and he or she lifts the other with the help of the thread in right time. It was astonishing. Ohhhh how they love. The poor and the simple have an art of loving which the so called rich and the sophisticated do not possess. I stayed with them sharing their simple meals and singing and dancing with them. I shall never forget it).

Dr. Antony Theodore
This Is The Mystery Of Union

„The Father and I are One”. Jesus proclaims in the holy Bible.

This is the expression of
the perfect union with the Almighty One.

In such a realization,
everything becomes
a potential symbol
making communion
with God possible.

This is the mystery of union.

Dr. Antony Theodore
This Is The Way Of This Mad World.

If you drive such an old car
you are marked as poor.

If you have never been
to a foreign nation,
you are postmarked as poor.

If you do not wear brand fashion
you are stamped as poor.

If you can not have a say
in special meetings
you are poor and unable.

If you do not stay fit
you will get a stamp of inability.

This is the way of the world.

But there are truly men and women
who do not want to show off
even if they are rich and able
thinking not to offend the poor
in your presence in rich clothes.

Dr. Antony Theodore
This Night Is Silvery

The night is silvery today
Come my love.
Let us hug and kiss.

I look into your eyes.
You look into my eyes.

You saw me in your eyes.
I saw you in my eyes.

The silvery night
made a garland of love.
I garlanded you.
You garlanded me.

This night is silvery.
Come my love.
Let us hug and kiss.

This 'sense Of The Presence'.

Modern psychologists have laboured hard to establish the pathological character of this state of consciousness: to find a place for it in the domain of psychic hallucinations.

The mystics, however, who discriminate so much more delicately than their critics between true and false transcendental experience, never feel any doubt about the validity of this 'sense of the presence'.

(It is the experience of a true seeker of God, that he experiences in him the True Sense of the Presence of God)

Dr. Antony Theodore
This Union With The Almighty Is Mysterious.

I am alone. Thou art alone.

Dispossession within dispossession.

Dispassion within dispassion.

Emptiness within emptiness.

Freedom within freedom.

This union with the Almighty is mysterious.

Those Sweet Memories

the notes turned into little hearts.
They flew into the crimson skies.

When i sang, the hearts that flew up
came back to you as butterflies.

Those Wonderful Moments Of Love

Your sweet murmur
Echoes in my soul.
I like to ponder over
Those beautiful moments
Of sweet innocence.
The shine in your eyes,
The trembling lips in love
The colour of your face
And the telling gestures of your hands
And the movements of your limbs
I love to paint in my soul
Those wonderful moments
Of pure and innocent love.

Dr. Antony Theodore
Thoughts Are Only Thoughts.

Let not negative thoughts rule over you.
Thoughts are always thoughts alone.
Let not your brain rule over you.

You rule your brain.

If your thinking faculty rules over you,
You will be considered mad.

Let not your thoughts control you.
Thoughts are only thoughts.

Dr. Antony Theodore
Thoughts Become Our Habits

Conversion of thoughts into words, uttered words getting converted into actions, repeated actions into habits, become our character.

Our character leads us to our destiny.

So, root out all negative thoughts from our minds, that ultimately can affect our destiny.

Dr. Antony Theodore
Three Deep Cravings.

Man has three deep cravings of the self. 
These are the three expressions of his restlessness.

Man has the craving in him 
to be a pilgrim and a wanderer. 
It is the longing to go out from his normal world 
in search of a lost home.

The next is that craving of heart to heart. 
It is the longing of the soul for its perfect mate, 
which makes him a lover.

The third is the craving for inward purity 
and perfection, which makes him an ascetic, 
and in the last resort a saint.

Dr. Antony Theodore
Thresholds Of Mystery

You come into rhythm and unity with the music of the universe when you listen with your soul.

Most important thresholds of mystery are places of silence.

Listen to the music of your own spirit.

You listen when you worship in deep silence.

(I published this Poem in Micropoet under the name of my beloved mother Genova Maaa who passed away at a young age. I published for a long time in this second name).

Dr. Antony Theodore
Through Contemplation, We Are Drawn Into Glory.

Through contemplation, we are drawn into glory.

God wants to enter into the soul of everyone. So he sent his Holy Spirit into the world so that it could enter into all who would receive it.

This love draws us into the mystical contemplation.

Through contemplating his glory, we would ultimately be drawn into that glory and majesty.

Dr. Antony Theodore
Through Plagues And Bombs

Through Plagues.
holocausts,
famine,
sicknesses,
bombs
war,
concentration camps...
mankind lost millions.
and millions of human beings.

But through abortion
the human kind has committed
the heinous crime of
murdering more than
all that happened
in the world so far.

Dr. Antony Theodore
Through Pure Benevolence

What you suffer, suffer for love,
in the measure that your soul is humbled,
despoiled, and mortified,
it will also be clothed with charity.

They aim at deepening
your capacity for love;
not, certainly, a sensible love,
but a powerful love of the will,
which tends toward God
through pure benevolence,
independent of all personal consolation,
its sole pursuit being His glory and good pleasure.

Thus I Become Harmony.

Darkness does not belong to me.
So I don’t get involved
in the sadness
or darkness around me.

Anger does not belong to me.
Oppressive shall I never be.
Hatred does not belong to me.
Forgiving is my divine law.

I create a protective bubble.
I center myself in it.
In my bubble of love,
I live in light.

Thus I become Harmony.

Dr. Antony Theodore
Time Is More Linear Than It Is Cyclical.

Begin to ponder
the transitory nature
of our lives.

Think of the precariousness
of the society in which we live.

Then we will end up in
contemplative prayer.
It becomes an urgent need.

We lull ourselves
into thinking that
things have always
been a certain way
and therefore will
always stay the way
we imagine them to be.

But this is not the way life is,
and time is harshly more
linear than it is cyclical.

Dr. Antony Theodore
Timelessness

Eternal life is not everlasting life. 'Everlasting' is still within time. Eternal means timeless - no time. What is timeless is beyond our comprehension.

(This was published by me in Micropoet under the name of my beloved mother Genova Maa who passed away at a young age. Published for a long time under this second name. I write to keep her memory alive as long as I live).

Tinged With Doubt

The mystical experience cannot be reduced to logical formulation or adequately expressed symbolically.

But there is a conscious awareness of God, though it is ever tenuous and tinged with doubt.

Dr. Antony Theodore
To A Point That Sets Fire To The Spirit Of Man.

The mystery of Christ in the Gospels concentrates the rays of God's light and fire to a point that sets fire to the spirit of man.

Through the glass of His perfect human life, He concentrates the rays of His Divine Truth and Love upon us so that we feel the burn, and all mystical experience is communicated to men through the Man Christ.

Dr. Antony Theodore
To Accept Myself As I Am.

The Pure Self in me
is beautiful.

The inner light is in my pure Self.

When I become aware of it
my confidence grows.
I allow it to shine brighter and brighter
by listening to the murmurings of God.

God helps me to give myself
all the Respect, Love and Self-esteem.

I learn to love myself
to accept me as I am.

I am the being that I am
while God dwells in me.

Dr. Antony Theodore
To Be Spared From Every Suffering,

To be spared from every suffering,
No, I do not wish that to you.

The future path of life
be laid on by roses for you,
No, I do not wish that to you.

That you never have to cry bitter tears
and never experience pain
No, I do not wish that either.

In tears, the heart can be purified,
be ennobled in suffering.

Pain and distress is good
to form a special togetherness in love,
whose smile will heal and bless you.

To Become The Quiet Presence

God beyond all religions,
give me the power
of grasping
that I may integrate,
thus helping me to blend

Help me to become
the quiet presence

To Behold The Beauty Of God.

It is my great desire
to behold the beauty of the LORD
and to meditate in His temple.

Come to Worship the LORD in holy array.
Ascribe to the LORD the glory due to His name.

Your eyes will see the Almighty in His beauty.
Blessed are the feet of the one
who brings good news to generations.

They will receive garlands
of sweet smelling jasmine.

God will pour the oil
of gladness on them.

The mantle of praise and joy
shall be given to them.

So be an oak of righteousness.
Glorify the Almighty and ever loving God.

Dr. Antony Theodore
To Desire For A More Conscious Realization

A special grace is given to some that impels them to desire and seek a more conscious realization of the union with God.

In their search, they come to know the One by whom they have been found and is known.

Dr. Antony Theodore
To Embrace The Beauty In Its Entirety.

We live in a prison of the delusion of our own consciousness.

Free ourselves from this prison. Let our circle of compassion become wide to all living creatures to embrace beauty of nature in its entirety.

Dr. Antony Theodore
To Experience The Universal Unity

To experience
the universal unity,
the mystic immerses himself in the spirit.

The mystic is convinced that
the reality lies beneath the surface,
the appearance of things.

There is a spiritual dimension
that invests matter with whatever
meaning and value it has.

Both the poet and mystic synthesize
the diffused experiences of life
into a discernible pattern.

Dr. Antony Theodore
To Grasp The Common Religious Aspirations

It is a matter of sharing
and of walking together
into contradictions

to grasp the common

transcendent experience.

The poetic vocation calls a man

To Listen To The Cry Of The Poor.

Since Christ's death on the cross,  
there lives a promise  
and a hope in our lives.  

His spirit prepares us  
always anew to go  
to other shores.  

He gives us confidence  
to try even the impossible,  
to stay alert, to tell the truth  
ot not to break a kinked reed,  
not to extinguish a smoldering wick.  

He commands us  
to straighten up, the bent  
not to leave the wounded alone  
not to dumb a mouth and to  
listen to the cry of the poor.  

Dr. Antony Theodore
To Live In More Intimate Communication With The Mystery

Union is affected by God himself and it remains a mystery to the man.

Man is sustained by a deep mystery.

It is of silence, of incomprehensibility of God's will and God's love.

The mystic feels that he is personally called to live in more intimate communication with the mystery.

To My God Who Has No Face I Call.

This morning i love you my God.

In the night I climbed up the hill.  
The rocky way was not hard  
while I thought of you always.

You are my Lord and God.

My heart will not come to peace  
until I reach you my God and Lord.

This holy morning I reached the top.

I call you looking up to the heavens.  
I raise up my hands to you.

Do you listen to me my God?

Come and show me your face  
oh the faceless and body-less one.

To Prostitutes, You Told: „don't Sin Again”

Lepers were your friends.
You touched their wounds.
You healed them and hugged them.
Their skin creamed without blemish.

To prostitutes, you told: „don't sin again”
lifting your right arm to bless them.
They smiled in your presence
and they knew the beauty of love.

Your simple life is light to our paths
in this mad material world.
You fed the poor and cared for the needy
adorned with the feathers of kindness.

You are my Christ whom i adore
You are my Christ whom i love.

To Spread The Message Of Love

God needs people who live their salvation in this world in communion with and among themselves.

God needs people who spread His message.

Let us look for people like you and me, people with an open heart.

Let us look for people who engage in friendship with God.

Look for people who rely on God's encouraging word: "Do not be afraid!"

To The Green Valley Would You Come?

Would you come with me
to the green valley?

Shall we walk up
to the green hills
and then run down
together to the valley.

In your smiling eyes
I will see the dieties
dancing and reveling
in passionate romance.

Your presence gives me
immense joy in my soul.
Do you call this love?

Is it the love experience
that poets write
with a secret smile?

Shall we lie down here

in the mild light
and whisper words of love
of which the angels
will become jealous?

To The Most Beautiful Angels I Prayed.

I was very lonely today.

So i knelt down and prayed to the most beautiful angels.

Angels are busy killing the devils on earth.

So they sent tonight a lovely fairy to me with butterfly wings.

To The Only Country Of The Soul.

The mysterious Traveler
to the only country of the soul
is known by his detachment,
charity, humility and patience.

The ascetic life makes him perfect
in his knowledge of the goal
but deficient in the power of reaching it.

The second stage is attained
by the casting off his burden.
It is a total renouncement
where he becomes totally free.

The third step is to develop
the characteristic mystical qualities:
attraction, devotion and elevation.

In this elevated state of mind
the Pilgrim receives the gift of joy.
This joy is indescribable.

Dr. Antony Theodore
To Worship The God Of All

From the secret
and unspoken unity
in myself can eventually
come a visible
and manifest unity
of all religions.

What a wonder it would be
when people of all religions
come together to worship
the God of all
who is beyond all religions.

Dr. Antony Theodore
To Worship Together As One Humanity

Almighty God,
beyond all religious
concepts that separate
human beings from
human beings,
I call up on you
come and save us.

God you are One
and only One.

Give us the sense
and deep faith
to unite all in You
and worship together
as one humanity
in love and humility.

Today I Sat To Collect My Tears

I sat to collect my tears
in an earthen cup
and hid it carefully
behind my smiling mask.

I hid my sufferings and grinned
at everyone on the way.

They thought i am happy
but it was a simple lie.

I hid behind my mask
my painful bleeding heart.

Everything is torn inside me.

They saw only my mask.

The memory of those who
cheated me purposely
carved my soul and heart.
I cried silently and prayed.

My prayer to christ was:

Thank you Lord for helping
me to join in your passion.

They crucified me and i bleed.

Today i want to pray:
„God forgive them”, but
I am a simple human being.
Please give me your forgiving mind.

Dr. Antony Theodore
Today I Wait For You  O My God.

Last night I waited for you.
On my knees I remained
thinking of you my God.

Did you come to me
when I fell asleep
during my prayer?

When I woke up did I sense
the smell of the roses
which angels threw on your path?

When I got up did I feel that someone
came to me in my sleep
to cut away with the sharp sword
my selfish desires and thoughts?

Was it you who came?

Today I Yearn For Her Kisses.

In my childhood
I loved playing in the rain.
I sang songs in the rain.
My mom scolded me.

But oneday I took her

and danced in the rain.
She hugged me in the rain
singing all the way.

These are my sweet memories
of my childhood with my beloved mom.

Today I yearn for her kisses.

Dr. Antony Theodore
Transcendental Sense In The Depths.

Deep in man
he has a seat of spiritual consciousness:
the place where he meets the Absolute.

It is the germ of truth in his real life.
That is the seat of that deep
transcendental feeling,
manifested mainly as faith.

This transcendental sense
is such an integral part
of the complete human being
that it is affirmed by seers and mystics
of Egypt, Greece, and India,
the poets, fakirs,
the philosophers and the saints
of all times and creeds.

(The word 'he' is used here as a generic term denoting man and woman).

Dr. Antony Theodore
Transcending The Stultifying Artificiality

We must keep our liberty awake, ready at any moment to transcend the stultifying artificiality of common existence with decisions that affirm our inner, spiritual identity.

We are sons and daughters of divine origin and progeny.

Dr. Antony Theodore
Transform Me.

God's Holy Spirit,
fill me with your presence
and transform me.
I want to be a new being.

The old is gone.
The new has come
because I am in your presence.

Dr. Antony Theodore
Transform Yourself First.

Transform yourself first.
How do you achieve that?

Through observation,
through understanding,
without interference,
without judgment on your part.
Because
what you judge, you cannot understand.

Simply observe.
Simply observe yourself.

Dr. Antony Theodore
Transformation is a continuing process.

The degree and the intensity of the transformation depends precisely on our union with the Spirit of God, on the purity of the image within us.

Dr. Antony Theodore
Transformation Is A Continuing Process.

It means the complete, radical removal of everything in us, that is not capable of being divinized.

Transformation is a continuing process.

The degree and the intensity of the transformation depends precisely on our union with God's Holy Spirit, and on the purity of the image of God within us.

Dr. Antony Theodore
Transformation Of The Being

Some see the Divine as a Transcendent Life immanent in the world and self.

There is a spiritual seed within them by whose development, one, moving to higher levels of character and consciousness, attains his end.

They will see the mystic life as involving inward change rather than an outgoing search. Transformation of the Being or Regeneration are the watchwords here.

Dr. Antony Theodore
God calls us to transform
our corner of God's world
to cultivate it into a terrain
of justice and peace.

Too many live in parts of the world
where fear and violence,
hunger and death,
war and nuclear threats
are their daily food.

Distress, want, deprivation
rape, stealing away
all that is precious
to a human being....

Cruelty reign in our world.

What shall I do?
I shall transform my corner
of God's world and cultivate
it into a terrain of justice and peace.

Translation By Christopher Teale Of The Poem "I Am Your Baby Mum".

Dear,

I'm sorry it took so long for me to get back to you about this request. I am an Engineering student, so time has been short while I've been studying. However, I did manage to translate the poem to the best of my abilities into Spanish, which is one of my two mother tongues. In the text below, I have copied my translation for you. I hope all is well, and that you continue to reach into people's hearts with your words.

Kindly,

Christopher

Yo soy tu bebé mamá:

Yo soy tu bebé mamá.
No vine por mi cuenta mamá.
Los ángeles del Cielo bajaron a tu vientre
y me colocaron en tu santo vientre.

Yo no vine por mi cuenta mamá
Así lo quiso Dios.

Era tan feliz en mi nueva cueva de amor,
en tu santo vientre
y en paz ahí dormí.
Los ángeles me miraban.
Ellos rezaban
para tenerme siempre a salvo
hasta que naciera en la faz de la Tierra
Practicaron con esmero canciones de natividad
para tocar sus doradas harpas en mi nacimiento.

Cuando dormía en tu vientre
los ángeles venían a mí.
Tú no lo sabías, querida Madre.
Estaba tan feliz por nacer
y tu amado hijo por fin ser.

Quería sonreír
Quería cantar
Quería jugar
Quería tomar tu leche materna
hasta que tú estés satisfecha
Quería ver la sonrisa en tu rostro
Cuando haya tomado toda la leche de tus amados senos.

Esos eran mis sueños en tu vientre Mamá.

Pero en un cruel día
decidiste matarme.

Los demonios del Hades
escucharon tu decisión.
El más sonoro tambor consigo trajeron,
y sus satánicos ritmos tocaron.

Todos los demonios se reunieron,
danzando en círculos vinieron,
cantando y saltando.
Haciendo filas danzaron,
haciendo círculos danzaron.
Sobres las puntas de sus pies danzaron
Sobre sus malvandas cabezas danzaron
Las canciones más salvajes cantaron
y los malditos tamborileros sus tambores tocaron.
Todo el infierno se alegró
Que habías decidido matarme.

Tienes idea cuanto lloré?
Tienes idea cuanto los ángeles lloraron?
Tienes idea cuanto el Cielo lloró?
El día de mi muerte en tu santo vientre.

En el instante antes de mi cruel asesinato,
vi al Dios Todopoderoso, impotentemente llorando.

altın harblerinin eşliğinde söylecekleri

senin o kutsal rahminde ben uyrurken
melekler sık sık ziyaret ederdi beni
sen bunun farkında degildin sevgili anam
dogacagım için çok mutluydum
senin sevgili çocugun olarak

gülüm isterdim
şarkı söylemek isterdim
oynamak isterdim
aglamak isterdim
göğüslerinden süt emmek isterdim
kana kana
doyasıya
sen yeter deyinceyedek
o sevecen
göğüslerindeki bütün sütü tükettimde de
görmek isterdim yüzündeki mutluluğu...gülümsememeyi
senin rahmindeyken gördüğüm düşler...kurdugum hayaller buydu ana

oya o ugursuz...lanet günde
nasıl da karar verdin beni öldürmeye...katletmeye

cehennemdeki şeytanlar
duydu bu düşünceni
gettiirdiler en kocaman..en gürültülü davullarını
şeytani danslarını oynadılar sevinçten
bütün şeytanlar toplandılar
birlikte halay çekerek oynadılar
halkalar..daireler halinde
şarkı söyleyip zipladılar
siralar halinde oynadılar
halkalar halinde oynadılar
ayuaklarının ucuna basarak oynadılar
taklalar atarak oynadılar başlarının üzerinde
en vahşi..en çılgın şarkılarını söyledi
davulları çalan şeytanlar da oynadı
bütün cehennem çığına dönmuştur mutluluktan sevinçten
beni öldürmeye..katletmeye karar verdikinden

benim ne kadar ağladımı bilemesin
meleklerin de ne kadar ağladığını bilemezsin ana
bütün evrenin de ne kadar ağladığını da hiç bilemezsin
senin rahminde olduğum gün

vahşice öldürülmemden bir müddet önce

görüldüm ki
beni o kutsal rahmine koyan yüce yaradanın bile gözlerinden yaş geliyordu
yüce yaradan ağlıyordu çaresizce

Translation In Spanish By Juana Cruz Of The Poem "I Am Your Baby Mum".

Translation in Spanish by Juana Cruz of the poem "I am your baby mum".

Yo soy tu bebe, mami.
Yo no decidí venir al mundo, mami.
Los ángeles bajaron del cielo y
Me depositaron en tu vientre sagrado.

Yo no pedí nacer, mami.
Dios lo quiso así.

Estaba feliz en mi nueva cueva de amor
En tu vientre sagrado
Y allí dormí en paz.
Los ángeles velaban
Y oraban
Para mantenerme siempre seguro
Hasta el día que naciera en la tierra.

Practicaban canciones angélicas de nacimiento
En sus arpas doradas para mi cumpleaños.

Mientras yo dormía en tu vientre
Los ángeles venían a verme.
Tu no lo sabías, mi querida mami.

Yo esperaba feliz,
Nacer como tu querido bebe.

Yo quise sonreír.
Yo quise cantar.
Yo quise jugar.
Yo quise mamar leche de tus senos
Hasta saciarme.
Yo quise ver una sonrisa en tu cara
Mientras yo me alimento
De tus amados senos.
Eran mis sueños en tu vientre, mami.

Pero un cruel día
Tú decidiste matarme.

Los demonios en el Infierno
Se enteraron de tu decisión.
Buscaron el tambor más alto
Tocaron sus ritmos más demoniacos
Todos los demonios juntos
Danzaron en círculos
Saltando y cantando
Bailaron en líneas
Bailaron en círculos
Bailaron en sus pies
Bailaron en sus cabezas
Cantaron las canciones más salvajes
Y los demonios tocaron.
Todo el Infierno estaba feliz
Que decidiste matarme.

¿Sabes cuánto lloro?
¿Sabes cuánto lloraron los angeles?
¿Sabes que todo el cielo lloro
En el día de mi muerte en tu sagrado vientre?
Un momento antes de que yo fuera cruelmente asesinado
Yo vi a Dios todopoderoso llorar inconsolable.

Ako'y Iyong Anak Inay -

ako pumaritong mag-isag
Pumanaog akong mga anghel sa langit ay kasama
At sa iyong sinapupunan ako'y maiging ipinunla
Hindi ako pumaritong mag-isag
Ito ay ginustong ng may likha.

Ako'y balot ng ligaya sa bagong kanlungan
Sa sagradong kuweba ng iyong sinapupunan
Natutulog ng mapayapa at matiwasay
Habang ang mga anghel sa akin ay nakabantay
Sabay-sabay na nananalangin
Hiling ay kaligtasan sa iyong piling.

Hangga't aking masilayan ang mukha ng daigdig
Awiin ng langit ay inihihandang isahimig
Kasabay ng tugtong ng ginintuang alpa
Upang sa'yo ay iparinig sa araw na itinakda
Habang nasa iyong sinapupunan nagpapahinga
Mga anghel paroot paritong bumibisita
Maging ito man ay lingid sa iyong kaalaman aking ina.

Ako ay sabik nang mailuwal
At maging anak na iyong pinakamamahal
Gusto kong ngumiti
Gusto kong kumanta
Gusto kong maglaro
Sumipsip mula sa iyong suso
Hanggang sa ako ay makuntento
Gusto kong masilayan ang iyong mga ngiti
Habang nakakanlong at ninanamnam ang gatas sa aking mga labi.

'Yan ang mga binuo kong pangarap
Na biglang naglaho nalang sa iisang iglap
Nang ang malupit na araw at dumating
At pinili mong sa iyong sinapupunan ako ay punitin.
Nay sa kaharian ng kasamaan ika'y narinig
Habang sinasambit mong ako ay ipapunit
Tila may piyesta, malalakas na tambol
Nakakabinging tugtugin nakakapangilabot!

At lahat ng demonyo ay nagtipon
Sumayaw ng pabilog
Kumanta, tumalon
Sumayaw sa iisang linya
Sumayaw ng pabilog
Sumayaw ang kanilang mga paa
Pati narin ang mga ulo nila
Kantang nakakabasag-tenga
Mga tambol na nagbabadya
Ang buong impyerno ay nagdiwang, nagpakabuso
gHabang ang mura kong katawan ay pilit dinudurog.

Aking ina batid mo bang akoy lumuha?
Pati na mga anghel na aking kasama?
Ang buong kalangitan ay nagdalamhati
Nung araw sa loob ng sinapupunan ako ay iwinaksi
At bago pa man ang munting hininga ko'y binawi
Ang Diyos ay nasilayan ng may luha sa kanyang mga pisngi.

Hello dear Antony,
I would like to sorry about the long time i didn`t write. I have translated the poem 'I am your baby mum'. It is in Russian. I thought about in what way it should be translated best. I wanted to create a ryme, nut it that case you would lose the meaning of the lines. that`s why I did the transtation which show the meaning close to the words you have written. It has some adoptations to our people minds but they don`t change the verse.

Translation Of I Am Your Baby Mum In German By Peter Tweer

Mama, ich bin dein Baby

Mama, ich bin dein Baby.
Ich bin nicht in meiner eigenen Mama herangewachsen.
Gottes Engel flogen
vom mächtigen Himmelreich zu dir
und legten mich
in deinen heiligen Leib.

Ich bin nicht in meiner eigenen Mutter herangewachsen;
Gott wollte es so.

Ich war so glücklich
in meiner neuen Höhle der Liebe,
in deinem heiligen Leib
und schlief dort friedlich.

Die Engel beobachteten mich.
Sie beteten,
um mich immer sicher zu bewahren,
bis ich auf Erden geboren werde.

Sie übten himmlische Geburtslieder ein,
um sie auf ihren goldenen Harfen zu meinem Geburtstag zu spielen.

Als ich in deinem Bauch schlief,
kamen die Engel zu mir.
Das hast du nicht gewusst, meine liebste Mama.

Ich war glücklich, als dein geliebtes Kind geboren zu werden.

Ich wollte lächeln.
Ich wollte singen.
Ich wollte spielen.
Ich wollte deine Muttermilch saugen,
bis du zufrieden warst.
Ich wollte das Lächeln auf deinem Gesicht sehen,
wen ich deine ganze Milch
aus deinen liebenden Brüsten saugte.

So waren meine Träume in deinem Bauch, Mama.

Aber an einem mörderischen Tag
hast du beschlossen, mich zu töten.

Die Teufel in der Unterwelt
hatten von deiner Entscheidung gehört.
Sie brachten die lauteste Trommel
und spielten höllische Rhythmen.
Alle Teufel kamen zusammen
und tanzten in Kreisen,
springend und singend.
Sie tanzten in Reihen.
Sie tanzten im Kreis.
Sie tanzten auf den Zehn.
Sie tanzten auf ihren Köpfen.
Sie sangen die wildesten Lieder,
und die Teufelstrommler spielten.
Die ganze Hölle war glücklich,
dass du dich entschieden hattest, mich zu töten.

Weiβt du, wie sehr ich geweint habe?
Weiβt du, wie viele Engel weinten?
Weiβt du, wie der ganze Himmel weinte
an meinem Todestag in deinem heiligen Leib?

Einen Moment, bevor ich grausam ermordet wurde,
sah ich sogar den Allmächtigen Gott hilflos weinen.

Translation Of I Am Your Baby, Mum- (Hindi) - Poem
By Shilpa Chaganti

Tumhara bacha hoon main, Maa
Main khud nahi aaya tha aapke pas
Khuda ke farishte rakh gaye mujhe aapke kohk me
Us adbhut Parlok se pariyon ka ansh chodkar

Me khud nahi aaya tha tumhare paas, Maa
Vo Khuda ki chahat thi..

Me khush tha apke pyar bhare dili, naram kohk me
Chain se sota tha me
Farishto ke loriyo ke beech.
Vo fariyaad karte roz
Meri sehat aur sukhi jeevan ke liye

Vo sone ki bansuriya aur veenao pe
madhur sangeet banate.. fir mere janam din ke
taal ko doharate apne divy suro ke sath

Meri pyari Maa.. Ye tum nahi janti thi,
Jab main tumhare kohk me soya rehta
Roz farishto mujhse milne aate

Aapki god me khelne ke sapne mujhe
Khushi se bhar dete
Me muskurana chahta tha
Gaana chahata tha
Has-khelnah chahata tha
Aapka nirmal doodh peena chahata tha
Main apke chehre ki muskaan dekhna chahata tha
Jab main khelu aur bolu aur hasu

Ye sare sapne me sanjota tha me apke kohk, Maa

Fir ek din jab aap mujhe maar dena chahti thi
Yamlok ke sare danav aa pohunche mujhe lene

Vo jhoro se dhol taasho pe unche taal bajane lage
Sare daanav ek sath vaha the
Aaye aur ghoomte hue nachne lage
Gaate hue aur uchalte hue khusi manate
Vo naache gaate hue
Vo naache jhoomte hue
Vo naache pair thirkate hue
Vo naache sar ke bal
Joshile geet gaate hue
Jungli dhol taasho ke shor me
Sara yamlok khushi mana raha tha
Jab aapne mujhe maarna chaha

Ehsaas bhi hai tumhe kitna roya tha me?
Kitna roye the sare farishte mere liye?
Kitna roye parlok ke vaasi jab aapne
Mujhe apne kokh me hi maar dala

Jis pal meri jaan jaa rahi thi, main dekh raha tha
khud Khuda bhi bebasi ke ansu ro raha tha...

Translation Of The Poem  I Am Your Baby Mum Into Tagalog In Philippines  By Abegail Kyla Bilan (Goa Philippines)

Almost done with the translation of the poem, Dr. Tony. I just translated it to Tagalog. Tagalog is much easier since the language is fixed

AKO ANG IYONG ANAK, INA

Ako ang iyong anak, Ina.
Na 'di galing sa sarili kong Ina.
Mga anghel ng Diyos ang nagdala
Sa sinapupunan mula sa kalangitan
At binuhay sa 'yong tiyan.

'Di galing sa sarili kong Ina;
Ninais ito ni Bathala.

Labis ang kaligayahan
Sa bagong kweba ng pagmamahal,
Dito sa'yong sinapupunan
Natutulog ng mahimbing.
Pinanonood ng mga anghel.
Habang nagdarasal
Na ako'y laging ligtas
Sa pagkapanganak dito sa mundo.

Nag eensayo ng mga awitin
Makalangit, sa'king pagdating.

Habang tulog sa'yong sinapupunan
Mga anghel, laging dumadalaw
Hindi mo alam, mahal kong Ina.

Masaya sanang ipanganak
Nang madama man lang.

Gusto kong ngumiti
Gusto kong kumanta
Gusto kong maglaro
Gusto kong dumede sa'yo
Hanggang sa ika'y matuwa.
Gusto kong makita ang 'yong mga ngiti
Habang dumededede sa'yo.

Ito lamang ang aking mga pangarap, Ina.

Ngunit sa isang kaysakim sa araw
Naisip mong patayin ako.

Narinig ka ng mga demonyo.
At agad na dinala ang pagkalakas lakas na tambol
Tumugtog ng maka-demonyo.
Lahat sila, nagkaisa,
Nagsilapitan, nagsisayawan, paikot-ikot,
Lumulukso at kumakanta.
Sumayaw sila nang nakapila.
Sumayaw sila nang paikot.
Sumayaw sila sa kanilang mga paa.
Sumayaw sila sa kanilang mga ulo.
Kumakanta ng pagkalakas lakas na mga awit,
Mga demonyong tumatambol
Kaysaya ng buong impiyerno,
Na pinili mong patayin ako.

Alam mo ba kung gaano ang aking pag-iyak?
Alam mo ba kung gaano ang pag-iyak ng mga anghel?
Alam mo ba kung gaano nagluksa ang buong kalangitan
Sa araw ng aking kamatayan
Sa iyong sinapupunan?

At sa isang saglit bago ako nawala,
Namasdan ko ang kaawa-awang pag-iyak ni Bathala.

I Am Your Baby Mum - Poem by Dr. Antony Theodore

I am your baby Mum.
I did not come on my own Mum.
God's angels flew down to your womb
from the mighty heavens
and placed me in your holy womb.

I did not come on my own mum;
God wanted it so.

I was so happy in my new cave of love,
in your holy womb
and slept there peacefully.
The angles watched.
They prayed
to keep me safe always
till I will be born on the face of the earth.

They practiced heavenly songs of birth
to play on their golden harps on my birthday.

When I was sleeping in your womb
The angels used to come to me.
You did not know it, my dearest Mum.

I was happy to be born
as your beloved child.

I wanted to smile
I wanted to sing
I wanted to play
I wanted to suck your breast milk
Until you were satisfied.
I wanted to see the smile on your face
When I suck all your milk from your loving breasts.

They were my dreams in your womb, Mum.

But on a cruel day
you decided to kill me.

The devils in the Hades
heard about your decision.
They brought the loudest drum,
played in the devilish rhythms.
All the devils came together,
came and danced in circles,
jumping and singing.
They danced in lines.
They danced in circles.
They danced on the toes.
They danced on their heads.
They sang the wildest of songs
and the devil drummers played.
The whole hell was happy
that you decided to kill me.
You know how much I cried?
You know how many angels cried?
Do you know how the whole heaven cried
on my day of death in your holy womb?

A moment before I was cruelly murdered
I saw the All-Powerful God crying helplessly.

Translation Of The Poem „i Am Your Baby Mumquot; In Polish Language By  Anna Banasiak

Jestem TWOim dzieckiem Mamo

Jestem TWOim dzieckiem Mamo.
Nie przyszedlem sam.
Boscy aniolowie
Z poteznych niebios przylecieli
I umiescili mnie w twojej swietej macicy.

Nie przyszedlem sam Mamo
Bóg tak chciał.

Bylem tak szczesliwy w mojej nowej jaskini milosci
W twojej swietej macicy
I spalem tam spokojnie.
Aniolowie patrzyli.
Modlili sie
Zebym byl zawsze bezpieczny
Zanim narodze sie w obliczu ziemi.

Spiewali i grali niebianskie piesni
Na swoich złotych harfach na moje narodziny.

Kiedy spalem w Twojej macicy
Aniowowie przychodzili do mnie.
Nie wiedzialas tego, moja najdrozsza Mamo.

Bylem szczesliwy ze sie narodze
Jako Twoje ukochane dziecko.

Chcialem smiac sie
Chcialem spiewac
Chcialem grac
Chcialem ssac mleko z twojej piersi
Az bedziesz zadowolona.
Chcialem zobaczyc usmiech na Twojej twarzy
Kiedy wypije cale mleko z twoich ukochanych piersi.
To były moje marzenia w twojej macicy Mamo.

Ale okrutnego dnia
Postanowilas mnie zabici.

Diably w Hadesie
Uslyszaly o Twojej decyzji.
Przyniosly najglosniejszy beben
Grajacy szatanskie rytmy
Wsztokie diably zebrały sie
I tancyly w kolach
Skaczac i spiewajac.
Tancyly w liniach
Tancyly w kolach
Tancyly na stopach
Tancyly na glowach
Spiewaly najdziksza piesn
A diabel bebnarz gral.
Cale pieklo bylo szczesliwe
Ze postanowilas mnie zabici.

Wiesz jak bardzo plakalem?
Wiesz jak wiele aniolów plakalo?
Wiesz jak cale niebo plakalo
Tego dnia kiedy postanowilas mnie zabici
W swojej swietej macicy?

Zanim zostalem brutalnie zamordowany
Widzialem jak wszechmocny Bóg nade mna placze.

True God Is Beyond And Above All Religions.

In Spirit and in Truth
we shall worship God
The Almighty one,
my dear poets of
Poem Hunter.

Jesus Christ speaks to the samaritan woman in the New Testament of the Holy Bible.

„23 But a time is coming and has now come when the TRUE worshipers will worship the Father in spirit and in truth, for the Father is seeking such as these to worship Him.

24 God is Spirit, and His worshipers must worship Him in spirit and in truth."...(Gospel of St. John,4/23-24).

My God is the God of all religions.
My God is the God beyond all religions.

True Happiness Is Uncaused.

Know that:
Uninterrupted happiness is uncaused.
True happiness is uncaused.
An 'awakened person' is happy.
You ask him "why are you happy?"
He will answer "why not?"

(This was published by me in Micropoet under the name of my beloved mother Genova Maaa who passed away at a young age. Published for a long time under this second name. I write to keep her memory alive as long as I live.)

True Love Is A Give And Take.

True love is a give and take.
Love is not greedy after
the property of others.
Jealousy and envy are alien to her.

Love does not make a big show.
She does not play up
and does not push herself forward.

True love is a give and take.
This love does not
seek its own advantage.
She does not exploit the other.
This love does not hurt the other.
She does not get bitter
and does not give in.
This love does not
tolerate injustice.
She is only happy
when everyone gets their rights.

(leaning on the famous passage in the first sacred letter of St. Paul to the people of Corinth)

True Self

True self
is the created
capacity for perfect
union with God.

In an experience of union,
God identifies a created
life with His own Life
so that there is nothing
left of any significance
but God living in God.

Dr. Antony Theodore
Truly Wonderful Am I In God's Presence.

I saw the radiance
pouring into me
and went in search of
'This Divine light'.

I find my true source.
I like to be with myself.

I become calm now.

Where is my inner garden?
Where is my inner space
of serenity, in which i like
to sit and meditate
to rediscover myself?

Truly wonderful am i
in God's presence.

The essence of my being is in God.

Trust Not Our Own Rationality To Lead Us To Truth.

We cannot trust our own rationality to lead us to truth.

„A man should flee his senses, turn his powers inward and sink into an oblivion of all things and himself... Withdraw from the unrest of external activities then flee away and hide from the turmoil of inward thoughts, for they but create discord;" (Meister Eckhart, Sermons and Treatises, Vol.1, Sermon 1, translated and edited by M. O'C. Walshe, P.7).

Truth And The Power Of Love

Complete adherence
to the truth which is
undergirded by
the power of love
should be our motive.

Gandhi's spiritual system
included truth,
poverty, justice,
chastity, patience,
intrepidity, meditation.

Dr. Antony Theodore
'Truth' Is A Favorite Topic For A Poet.

Much against the passive,
affective experience
of the theologians of darkness,
the theologians of light
stress illumination.

It has intellectual form
It is more palatable
to the man of reason.

The thinkers of light
giving importance
to ordinary human knowledge
tries to break through
to the transcendent
suprarational knowledge of truth.

'Truth' is a favorite topic for a poet.

In the 'way of negation',
the poet goes beyond the human
philosophical and religious
knowledge in order to be free
to be immersed in the
pure presence of God,
to experience authentic love.

(The two traditions in Christian history,
the affirmative way, or the theology of light
is placed side by side with the theology
of darkness or the Via Negationis.
Origin, Augustine, Bernard, and Thomas are included in this list of the
'theologians of light' and the representatives of the apophatic thinkers are
Gregory of Nyssa, Pseudo-Dionysius, and John of the Cross.)

Truth Lies In The Creative Wisdom

Perceive that the truth lies in the creative wisdom of the Almighty One.

If we turn to the nature of the mind, all the false opinions concerning spiritual things will not permit us to discern the truth.

Yet the force of truth itself will dazzle our eyes.

Turn Into Love......Spiritual Goal Of Life.

Learn anew  
to love and to be loved.

Love is a force  
as real as gravity.

Being upheld in love  
is intened as our natural state.

The union of self and spirit  
is not only possible but inevitable.

Turn yourself into love.  
That is the spiritual goal of life.

Turn My Breath into A Song.

Lord help me to breathe
and then wake up
to turn my breath into a song.

I want to feel enormous appreciation
for the fact that I am here.

We are here as individual spirits
filled with consciousness.

I look and meditate on
the antelope and the ant,
at the worm and the butterfly,
at the dog and the bull
at the hawk and wild tiger
at the hundred-year-old oak
and the old islands which look up to the skies
shining in the sun like a lovely
oasis in the mighty ocean.

I understand now:
No other life form has
the Consciousness of being
that we humans have.

We are here as individual spirits
filled with consciousness.

Dr. Antony Theodore
Under The Dominion Of Love

In prayer and meditation
by the spontaneous
exercise of all his powers
under the dominion of love,
the mystic attains that Vision
of the Heart which is perhaps
more interior than the visions
of dream or ecstasy.

Dr. Antony Theodore
Understanding Is The Reward Of Faith.

Return to the realities
that the symbols
were intended to signify.

Understanding is the reward of faith.
Therefore do not seek to understand
in order that you may believe.

But make the act of faith
in order that you may understand.

For unless you make an act of faith
you will not understand.

Man's knowledge is itself subjective
and shares in his finitude.

It does not just lack the ability
to comprehend God,
but it is capable of being an
obstacle to that attainment.

Dr. Antony Theodore
Understanding One's own Self.

it is very difficult
to understand one's own self.

When you come to
the understanding,
accept yourself.

To be yourself
in an authentic sense,
you have to be
mentally strong.

Accepting oneself
is very difficult.

Dr. Antony Theodore
Union And The Divine Fecundity.

Union is the true goal of the mystical quest.
It is the state of equilibrium of purely spiritual life
characterised by spiritual joy and intense peace
by enhanced powers, by intense certitude.

The mystics describe it under the symbols
Of mystical marriage, deification or Divine Fecundity.

Dr. Antony Theodore
United In Ontological Communion

If we draw close
to the roots of our
own existence,
to the naked
being of our self,
we will find ourselves
at that point where
God and ourselves
unite in ontological communion.

Dr. Antony Theodore
Universal Consciousness

We grow toward
the full maturity
of universal man.

We are witnessing the growth
of a truly universal consciousness
in the modern world.

This universal consciousness
may be a consciousness
of transcendent freedom and vision.

Dr. Antony Theodore
Universal Man And The Supramental Consciousness.

We shall respect,
Rabindranath Tagore's
concept of the 'universal man',
and the Indian mystic-poet
contemplative Aurobindo's
vision of the 'new man'
and the 'new consciousness'
and the 'supramental consciousness'.

The Supramental Consciousness

„It is quite difficult to define the supramental consciousness in mental terms, for it is nonmental by definition, and it defies all our three-dimensional laws and perspectives. The word itself may mislead us, because it is not an epitome of human consciousness, but another type of consciousness. We might try to approach it by distinguishing two aspects, one of consciousness or vision, and one of power. But this means becoming caught in the mental trap again, because these two aspects are inseparable; this consciousness is power, an active vision. Often, when Sri Aurobindo and Mother tried to describe their experience, their remarks would echo one another in English and in French: Another language would be needed, une autre langue."  
(Excerpt from The Supramental - Mother and Sri Aurobindo)

Unknown To Humans

Wisdom flows
from a source
unknown to humans.

It is the great source
to which we raise
our hearts in need.

It is the mystery of prayer.

It is the mystery
without which
we cannot breathe.

Dr. Antony Theodore
Unless God utters
in you endearing words
of love and care,
speaks His own name
in your very center,
in the center of your soul,
you will know more
know Him
than a stone knows the ground
upon which it rests.

Dr. Antony Theodore
Unless He Utters Himself In You

Unless He utters Himself in you,
speaks in the center of your soul
you will no more know him
as a stone knows the ground
in bare moments where it rests.

Unless you receive the impelling desire
to seek a more conscious realization
of the union with God as a special grace
you shall not know the one by whom
they have been found and is known.

Dr. Antony Theodore
Unless He Utters Himself In You.

Unless He utters
Himself in you,
speaks His own
name in the center
of your soul,
you will no more
know Him than
a stone knows
the ground upon
which it rests in its inertia.

Until Dawn Kiss My Singing Lips

Enter into his presence singing and dancing.

Play on your lyre, play on your violin.

O drummers come drum us out of our caves.

We were dejected. But now we will dance.

On your rhythmic beats our body will revel o divine drummers.

Give strength to my faltering steps O Spirit.

I want to dance in the silence of the midnight until the first rays of dawn kiss my singing lips.

Dr. Antony Theodore
Until He Sees The Light

The light filled human being
is a brotherly human being
who will never leave the lonely one.

He goes with him through the darkness
which he experiences at present
until he sees the light.

Unveiling The Deep Things Of God.

Mary must have been amazed
that the very vulnerability
of prayer, even when only
an infant's cry, would pierce
the heart of the Father Almighty
and unveil the deep things of God.

Unwritten Images

There are millions of unwritten images.  
They are like wings ever fluttering in me  
behind closed walls.  
It makes me wild, I want to fly.  
Would you break these mighty walls?

Dr. Antony Theodore
Utter Surrendering To The Infinite Will

When the being is utterly surrendered to the Infinite Will, permanent union with the 'Absolute' takes place.

Before the whole self can learn to live on those high levels of union, it should be wholly transmuted in God and merged in the great life of the All.

The dependence on personal joys that can badly affect this union with God, must be done away.

Nothing has separated us from God but our own will, or rather our own will can cause the separation from God.

Dr. Antony Theodore
Venerable Adoration Of The Angel In Me

On scraps of petals
I poured out verses
for the angel in me to sing.

The stars twinkled
in ethereal blues and myriad colours.
The angel dressed in white gown
with flowing sleeves
and a golden crown
began to dance
to the heavenly tunes of my verses.

Like an adoring pilgrim
with love filled eyes,
I lift up my palms
filled with the milk of purity
and poured it on your blessed countenance.
The milk flew down
on the eyes, nose, lips, chin
and along the contours of your body.

It was a venerable adoration
beyond any reasoning.

In the pouring light of the soft morning sun
white clouds lie flat on the lap of the blue sky.

At dusk
I heard the whispers of the mild rain
and felt the gentle cool breeze.

Fill my heart O Angel
with the gentle music of a flute.
Touch my lips with a white feather.
Paint my eyelids with the golden rays of the dawn.
Make me lie on your holy lap
like dew drops clinging to the blooming rose.

(My adoration of the angel in me cannot be explained by human reasoning. In
the morning and at dusk I pray “fill my heart O Angel and make me lie on your holy lap”.
My verses and the angel’s song and dance and my adoration with the milk of purity are my expressions of a devotion of this inner reality in which I believe. I believe in an angel in me. Do you also believe? ? ? ?)

Vigilance And Alertness

When Christ tells us that the fundamental obligation of every human being is vigilance and alertness, He is saying, in other words, that we must keep our liberty awake, ready at any moment to transcend the stultifying artificiality of common existence with decisions that affirm our inner, spiritual identity as sons and daughters of God.

Dr. Antony Theodore
Vigilance And Alertness.

The ongoing process of divinization calls for an ongoing vigilance and alertness.

The darkness of 'this world' its confusion, the routine, the mediocrity and the Inertia of every day existence with its distractions lead us away from the truth.

The fundamental obligation of the one who seeks the truth is vigilance and alertness.

Visible Image Of The Invisible

Jesus is the visible image of the invisible God.

Vision Of The Eternal Light

Many mystics cried out like this.

0 grace abounding!
wherein I presumed
to fix my gaze
on the eternal light,
I was consumed
by the power of this sight.

Dr. Antony Theodore
Vivacious Are My Senses.

Love beamsof moon
spreadson me, warm light
of magical exuberance
filling mewith ardent love.

Cheerful, cute, bright, lively
and vivacious are my senses.

Vocal And Contemplative Prayer

Imagine a great classical archway
that rises on two sides
and meets at the center
in the keystone at the apex of the arch.

The left side represents vocal prayer,
the right side contemplative prayer
that begins with meditation.

In a balanced spiritual life
both grow and rise to perfection
simultaneously meeting
in the keystone which is God.

Both are essential in an
authentic life of prayer,
as can be seen in the life
of Christ and all the saints
in all religions which sought
contemplation and mystical union.

Dr. Antony Theodore
Voice Of God Comes From Within

God works in us from within outwards. But all creatures work from without inwards.

Thus it is that grace and all the gifts of God, and the voice of God, that come from within, in the unity of our spirit, and not from without, by means of sensible images.

No external work can penetrate the hidenness of God.

If you succeed in emptying your mind of every thought and every desire, you may indeed withdraw into the center of yourself and concentrate everything within you upon the point where your life springs out of God.

Waiting For The Lord

Walking on the Fog waves,
i felt carried by the fog.
I wanted to go to God
and the fog knew it.
So they carried me.

I walked and walked
until I reached the pure white skies.
They carried me and brought me
to the gates of heaven.

There I waited and waited
for those emotional moments
when God will come down
to receive me to lead me
to God's sacred throne.

Walk In The Light Of Truth

On the path "to" love.
Doubt reflects the ego
bound in time and space.

Love reflects God,
Eternal Divine Essence.

This is the ultimate promise
on the path to love.
You will walk in the light of Truth
beyond any truth
your mind presently knows.

Walk Into The Silent Desert.

Walk into the silent desert.
Pray in the depth of the night.

In the darkness of the desert,
sink yourself into nothingness.

Sit alone until you see the light
in your soul filling you with joy.

Walking Among The Sheep

Walking among the sheep,
watching how peaceful they graze,
thought of men and women
Who die because of worry.

Hatred brings peacelessness.
Egoistic attitudes kill peace of mind.

Make this world a place of peace.
Become humble and smile always.

Look at the sheep and learn
beautiful lessons of life.

Watch Everything Inside And Outside.

Watch everything inside
of you and outside.

When something
is happening to you
see it, as if it were
happening to someone else,

with no comment,
with no judgement,
no attitude,
no interference
no attempt to change,
but only to understand.

So one can learn
to disidentify from oneself.

(Disidentifying oneself from everything that is happening inside and outside of us
is the psychological way to AWARENESS and CONTACT WITH REALITY).

Dr. Antony Theodore
Watching Our Face

Form the heart of the Transcendent
I like to jump to catch
A handful of rainbows
And decorate your face.

Then shall I stand a little afar
And watch your face.
Shining with pure joy.

Water Meandering Through The Forests

I wish to be like the water
that moves in the river.

I want to be like the water
that meanders through the forests.

I wish to be like the water
that make the fields fruitful
bringing everywhere life in full.

Dr. Antony Theodore
We All Want To Love More.

We attain the realization
that our own powers of affection
and understanding
are worthy of some greater
and more durable objective
than that provided
by the illusions of senses.

Therefore man’s consciousness
is urged by the cravings
of feeling or of thought
trying to attain
the encounter of the Absolute
and it is always forced
to return to the sensory plane.

Dr. Antony Theodore
We Are A Supreme Symbol Of God

We are ourselves
a supreme symbol
of God as we are one
with God in the Spirit.

By a continual opening
of ourselves, and by
the resultant communion
with God, we as persons
are fulfilled existentially,
consciously and concretely.

Dr. Antony Theodore
We Are Attached To Our Ego

The Almighty one
lives in the perfection
of love and innocence.

No thought of anything
connected with evil
could enter the Eternal.

Human imperfection
and frailty causes in truth
our problems and sufferings.

We seek an outside source
for our sufferings.

We are attached to our ego
resulting in spiritual separation
from our higher self.

Yield humbly to the great one.

We are parts of a larger creation.

We Are Called To Be Visionaries.

We are called to be visionaries.

The final word of history
does not belong to war,
discord, or gloom,
but to peace, harmony and radiance.

Look for the sparkle in the ordinary.
Sense the mystery in life.
We are called to be visionaries.
Together we shall shape
the future of this world.

Remember when we have to step
into the darkness of the unknown,
believe that there will be something
solid for us to stand on
Or we will be taught to fly.

Dr. Antony Theodore
We Are Called To Embrace The Word Of God.

We are called to embrace
the words and messages of God
and allow it to resound in ourselves.

The messages of God are alive and active.
The words of God come from heavenly abode.
It shall not return without causing its effects
on the human hearts and lives.

It transforms human lives.
It heals the sick and set the psyche free.

I ponder over your messages and I am astounded.
You melt my heart through your words of love.

Your words are light in darkness.
It is like the dew upon dry branches.
In the bitter frost you kindle a raging fire
and will not allow it to be extinguished.

Dr. Antony Theodore
We Are Creatures Of Love

A human being's worth
is defined by the love of God.
We are creatures of love
because our being
is in God’s being
and our spirit is
rooted in God's spirit.

Dr. Antony Theodore
We Are Planted In Love

We are planted in love
and built on love.
We are given the power to grasp
the heights and the depths of God's love.

O source of holiness,
give me the spirit of wisdom
and perception of God's revelations.

Enlighten the eyes of my mind
to see what God promises me
to lift myself up and create
a new future believing
in God's great plans for me.

Dr. Antony Theodore
We Are Tempted To Go The Wrong Way.

The hectic life in work and everyday life rips and wrenches us like in a powerful flow.

Often we are driven in directions that we do not want.

Often we are tempted unwillingly with a half mind to go the wrong way.

Pardon us o heavenly God.

Dr. Antony Theodore
We Are Transitory.

We are transitory.
We come and go.
We do not have
a permanent abode
here in this world.

The onlyhome for
us is in the presence
of God In heaven.

The time of fasting
is a time to understand
which is important
and less important.

For what do I give priority,
for God or for this world.

what do I want to change
what is burdensome,
heavy and dark for me?
Repentance, confession of guilt
lead me to a new life in peace.

Dr. Antony Theodore
We Can Not Understand The Being Of A Colourful Butterfly.

With all our efforts and strenuousness we shall never be able to find the being of a simple and colourful butterfly.

We humans are so weak in our intelligence.

In spite of it, we think that we are so great. We are fools and making ourselves fools by saying that we know everything about God.

It is really so that we are encompassed by God and do not see God, because we know too much. It is wisdom to know that we shall never know anything of God in this too knowledgeable life.

Dr. Antony Theodore
We Carry Whole Worlds Within Us

We are always both so known and unknown.
So knowing someone deeply is such a treasure.
It opens the sky of all time.
It lets the song come out of the sea.
It lets the heart to be touched by another.

We carry whole worlds within us
As we brush by each other in supermarket.

The entire drama of life churns
in our blood as we rush underground
to catch a train in the crowd.

We shall never stop breaking
our own trail up the mountain.
For only by daring to be ourselves
can we deeply know others.

We Come To You In Prayer

Good God,
we come to you with
what concerns us,
what pleases us
or what bothers us.

The days that lie behind us,
we bring to you.
So much is concerned about
the people we met,
with whom we live together;
those with whom we live
in harmony, but also those
with whom we have conflicts;

We come to you with
the worries that concern us,
the worries about the spouse,
the children, the friends,
the worries about the job,
the worries about health,
the worries about peace.

we want to entrust it to you
in deep and intimate prayer.

Dr. Antony Theodore
We Drag With Us Not A Treasure But A Chain.

We only enjoy true liberty
in respect of such things
as we neither possess nor desire.

The relation between the self
and the external world
is spoiled by lust
and not by love
and it fatigues the soul.

Divide the world
into 'mine' and 'not mine'
and unreal standards
are set up, claims and
cravings begin to fret the mind.

We are the slaves of our own poverty.
We drag with us not a treasure but a chain.

Dr. Antony Theodore
We Forget The Blood On The Streets

We forget the blood on the streets

The eyes can see clearly what is broken
without ever feeling the break.
The mind can calculate the loss
without ever sewing up the wound.

But this precision and efficiency
can be a cause of a life of neurosis.
The mind skips the heart's step.

We forget the blood on the streets
But the cry on the street remains
because it is attached to the living.
They are mourning the dead
because they missed them coming alive.

Preparing for a life without the dead on the streets
make them move on for they have no other way.
Life, terror, sorrow, death, lost for ever.

We Gain A Lot When We Become Older.

We gain a lot when we become older.
tranquility,
serenity,
equanimitiy.
calmness,
the ability to enjoy,
patience,
wisdom and foresight.

When we were children
we wanted to become older
to join with the grown-ups.

Somehow we lose this sense as years go by.
Later we want to remain young always.

But being aged gives us a lot.
We find love and emotional security
in our own self and find the meaning of life.

We Have A Fear-Based Sense Of Security.

We are often blind
to the greed, wars and violence
that we see played
on the world stage.

They are often amplifications
of what is happening
inside our hearts
and in personal relationships.

We have a fear-based sense of security.

The larger world
that threaten and overwhelm us
is reflective of our
interior dispositions.

We have hardened our hearts.

Mercy and compassion
are seen as signs of weakness.

Be sure every day there can be
a revelation or a new discovery.

We Solicit Your Blessings

Merciful God
we solicit your love,
otherwise, we are not able to love.

We solicit your peace
for we need your peace in this world.

We solicit the strength to believe
so that we can build with you a land of peace.

We request for your blessings
because, you alone can give it to us.

We Want To Discover Who We Are

We want to discover who we are

It is no secret
that slowness makes us remember
and hurry helps us to forget.
In Softness we remember
and in hardness we forget.
Surrender makes us remember
and in fear we forget.

We want to discover who we are

Part of our journey
is this remembering and forgetting.

We go to mountains and rivers
and then we remember.
At the seashore we sit and then remember.
Sometimes even in the crowd
You stand alone and remember.

We want to discover who we are

We Were A Single Melody.

You and I,  
we sang like little nightingales.  
You sang, I sang  
We were a single melody.

We shared sweet smiles,  
You were the lips, I was the smile.

In times of tears  
You held me close to you  
You wiped my tears  
I held your hand.

You were the flesh, I was the skin.

The golden sun smiled,  
you were the gold, I was the light.

You hugged me, I caressed you.  
You were the fingers, I was the body.

When the songbird sang in our hearts  
You were one wing, I was the other wing.

We were two candles but one flame.

I was the sparkling sea,  
You were the ripples.

You sing, I sing  
We are a single melody

Weather The Winds Of Change

Weather the winds of change
holding on to God Almighty.

I hear the sounds of my steps
bouncing off the walls.

My hopes and dreams saturate.

I might sigh. I might even scream.
But I don't let the low moments
determine the next moment.

Let's celebrate the highs in our lives,
but not let them soften us
to hard work and perseverance.

Let's learn from the low points,
but not let them sour us
to expectation and anticipation.

Weather the winds of change
holding on to God Almighty.

We're Called To Love And Serve Everyone Influencing Them For God.

We're called to love and serve everyone.

Every single one of us
has the power to influence others.

If we truly want to influence someone for God,
we first need to intentionally choose them.

We need to intentionally decide
to pour into this person's life,
intentionally choose them
to influence for God.

Use our words to teach someone
about God if we want to influence them.

Picture a conversation.
It's just about being intentional
with our words.

We need to use our actions
and show them
by intentionally living life with people,
giving a few people access
to our lives and making them a priority.

We are here to influence
human beings for God

through our actions,
through our words and attitudes,
through our lives.
Using every ounce of the influence
we have to show them, God.
...
We choose them.
We teach them.
We show them.

Were You In Ecstasy?

I heard your screams in the night.
Were you in ecstasy?

Did your lover play on his flute
And lift you to the heavens of joy?

Did he quench your thirst
And made you a slave of love?

Did you smell his sweat
And feel your heart is moist?

Did you see a rainbow bowing down to you
And birds with perfumed wings
flying around you?

Look!
Glowworms are coming to dance with you.

Dr. Antony Theodore
What Did You Whisper Last Night?

What did you whisper last night?

The joy of your whispers linger in my soul
now at this glorious dawn.

I forgot what you whispered,
but the joy remains.

Listen! the robins twitter
It is their whisper.
In love they chatter.

Wake up to the beauty
of nature’s gifts.

Sense the wonders
and be keen in prayer.

Dr. Antony Theodore
What Is A Godlike Man?

What is it to be a partaker of the Divine Nature, or a Godlike man?
[ literally deified? ]

He who is imbued with or illuminated by the Eternal or Divine Light and inflamed or consumed with Eternal or Divine Love, he is a deified man and a partaker of the Divine Nature.

Dr. Antony Theodore
What Is The Colour Of The Love In Your Soul?

Silver is the sky
Green are the leaves
Shining are the waves
Tiny wings of the morning bird
fluttering in the mild wind
Ask me
What is the colour of the love in your soul?

Dr. Antony Theodore
What More Do I Need In This Life?

This is the way to my hut you know.

On the end of the way is my little hut.  
I sat at night. I prayed there always.  
"God, would you come to me tonight  
to visit me and hug me  
and take me in your arms."

You came last night to me.

This morning I saw the way to my hut.  
It's laid up by flowers like a beautiful carpet.  
and the dry rivulet is now flowing.  
(It was all barren and dry before).

Thank you God that you came to me  
when the whole nature around slept.

You are such a secret lover.  
What more do I need in this life?

Dr. Antony Theodore
What More Does A Woman Need?

In the most innocent forms I crave for you.
In the evening I like to take long walk with you
till the dusk bless you and me
with its mild tranquil red rays.
Then shall we hold our hands and walk
along this shore smiling to each other
and know that we are in intimate love.

I like to turn to you and look into your eyes.

Kiss me on my forehead and caress my hair.
Touch my eyelids and tell me that I am pretty.
Such simple things of love I crave for now.

Won't you come to me to say goodnight
with the gleaming light in your eyes.
Then I know that you really love me
and not there simply for my body.

I want to fall asleep in your arms.
These are painful nights for me
since I know I will not live for long.
Cancer eats my cells up with ferocity.

When you take me in my arms
I see your eyes get filled
and you tell me without words
that you love and still adore me.

What more does a woman need?
What more does a woman need
In this life which passes away like a wind

Dr. Antony Theodore

If it were not His,
it could never be mine.

If it could not be mine,
He would not even want
it for Himself.

And all that is His,
is His very self.

All that He gives
me becomes,
in some way,
my own self.

What then is mine?
He is mine.
And what is His?
I am His.

Dr. Antony Theodore
What You Are Not Aware Of

You are in control of
what you are aware of.

What you are not aware of
controls you.

You are always a slave
to what you are not aware of.

The moment you are aware of it,
you are free.
It cannot control you anymore.

Dr. Antony Theodore
What You Need Really Is To Love

What you need is to be free.
What you need is to love.
Love is your true nature.

But the society taught you:
'you need little monkeys to run after you.
the monkeys who tell you, you need to be applauded,
the monkeys who tell you, you should be desired,
the monkeys who tell you, you should be attractive'.

What you need really is to love
Love alone is your true nature.

Dr. Antony Theodore
When And How Shall I Sense The Whole?

Mind churns with a million scraps of memory. related to who I am.

But the sense of the Wholeness escapes me.

The whole tapestry of life does not help me to see the Whole.

The mind revolves round, with the data. It keeps telling me that I am real. But do I need this assurance?

Are they, the bits and pieces of my own identity?

Oh! when and how shall I sense the Whole?

Dr. Antony Theodore
When I Am Happy

When I am happy
I tell myself
it will not last.
some misfortune will come.

When I am unhappy
I tell myself
it will not last.
Happiness is on my way.

Dr. Antony Theodore
When I Drown

When I drown in
my own tears,
when I cry aloud
in the midst of the night
in helpless loneliness,
You come to me
to lift me up
from the waters
and the mire
into which I fell.

How can I
ever, thank
you enough
my Lord and my God.

Dr. Antony Theodore
When I Kiss You

When i kiss you
I kiss my own awareness
At your holy presence.

You are divine.
I am divine.
I kiss your divinity
When your lips touch mine.

You find me.
I find you.
In a moment sublime.

In reverent awareness
I enter
and bow
in the cave of
Indescribable sweetness.

Dr. Antony Theodore
When I See You

My wings flutter
My fingers flutter
My Spirit flutters
when I see you
with the eyes of my soul.

Dr. Antony Theodore
When In Pain.

When in pain, 
breathe slowly and meditate 
on a pain that has been troubling you. 
It might be physical, or emotional or mental.

Rather than toughening and resisting 
the onset of the pain, 
try to let it move through you.

Notice, where the pain is acute. 
Notice when you first feel it. 
What is the pain telling you 
about the piece of your body 
or heart or mind that it is moving through.

What might you change in how you move, 
feel or think that will strengthen 
this part of you that is hurting? 

Pain is very often a sign.

Dr. Antony Theodore
When Kindness And Truth Meet

When kindness and truth meet in me,
when justice and peace shall kiss,
when I reach God's sanctuary
and the royal temple of the angels,
may your love make me
what I am called to be.

When Life Is Lived Without God

When life is lived without God,
life is futile and meaningless.

Human effort
or intellect pursuits,
pleasure seeking
or a power grab,
personal prestige
or the accumulation
of wealth is identified
by Solomon as being utterly vain.

When the Lord is eliminated
from the human heart,
then the circle of life
and the inevitability
of death expresses nothing
but hopelessness.

When God is excluded,
then the enemy
has full sway in a life.

(Reference to Ecclesiastes 4: 9
in the Holy Bible).

Dr. Antony Theodore
When My Time On Earth Is Through

Basically, when my time on earth is through,
I want it to be clear that transforming into the likeness of God and what God wanted from me, in life was more important to me than conforming to the culture.

When The Archer Shoots

This is a wonderful saying of Tranxu
a great chinese Sage:

When the archer shoots
for no particular prize
he has all his skills.

But when he shoots to win
a golden trophy, the first prize,
he goes blind, prize disturbs him.
He sees two targets.
He is drained of his concentration.
He becomes out of mind.

His skill is the same.
But the prize divides him.

He thinks more of winning
than shooting with all his skill.

Are we also like that? ?

Dr. Antony Theodore
When The Doors Of Perception Are Cleansed.

For the mystic soul,
it is this characteristic
of the 'Homing Instinct'
which gives it a
pleasure-state
of the most intense kind.

When the doors
of perception are
cleansed, everything
appears to man
as it is, infinite.

Dr. Antony Theodore
When The Encounter With God Is Real And Complete

The new relationship with God engenders a new relationship with all things and all human beings.

When the encounter is real and complete, a new kind of relationship is established between our own freedom and that ultimate freedom.

We are ultimately happy to found this relationship with The Holy Spirit of God who is love and who is also the Lord of History.

Dr. Antony Theodore
When The Eternal Light Shines In The Soul

Our identity lies in the discovery of the ground of being.

The soul of man, left to its own natural level, is a potentially lucid crystal left in darkness.

It is perfect in its own nature, but it lacks something that it can only receive from outside and above itself.

But when the light shines in it, it becomes in a manner transformed into the light and seems to lose its nature in the splendor of a higher nature.

Dr. Antony Theodore
When The Fictitious Images Of Life Are Shattered

The ascent to knowledge begins when the fictitious images of life and carnal man's abilities are shattered.

The experience of pain in life is a gift of God to alert us to malfunctions of the flesh and the spirit.

The society so constricts man that he never has an opportunity to give in to the creative impulse with which he is born.

Dr. Antony Theodore
When The Intellect And Senses Are Free

When the intellect and senses are freed from the illusions, the seeker is ready to step into the unknown.

God gives grace.
Faith and hope are man's response.

Christian mysticism is predicated on the faith expectation of the appearance of the new reality.

Dr. Antony Theodore
When The Intellect And Senses Are Freed From The Illusions

Mystical Contemplation
is absolutely beyond
the reach of man's activity.

One cannot obtain it by himself.

It is a pure gift of God.
God gives it to whom He wills,
when He wills, and in the way
and degree in which He wills.

When the intellect and senses
are freed from the illusions,
the person is ready to step
into the unknown.

Mysticism is predicated
on the faith expectation of the
appearance of the new reality.

Dr. Antony Theodore
When The Problem Ocean Is So Great

Ach! ! ! when the problem ocean is so great,  
then it is really great and big. It is simply so.  
But my God is greater than that.

When the fear mountain is so high,   
then is it really high. That is it.  
But my God is higher.

When the sadness desert is   
so wide and finds no end,   
then it finds no end. It is simply so.

But my God has no   
beginning and no end.

When it is so impossible to proceed,  
then my God comes and tells me  
You have cried a lot. It is enough.  
I will come to share your suffering  
and to wash away your tears.

Dr. Antony Theodore
When The Soul Is Awakened

When the soul is awakened
physical space is transfigured.

Friends stay attuned to each other
and continue to sense the flow
of each other's lives from distance.

Love transfigures physical space.

In the soul-space,
there is no distance.

Dr. Antony Theodore
When The Soul Is Not Yet Wholly Enlightened.

When the Divine light
of contemplation assails
the soul which is not
yet wholly enlightened,
it causes spiritual darkness.

For the soul that is not enlightened
and purged - the natural strength
of the intellect is transcended
and overwhelmed by great
supernatural light.

Dr. Antony Theodore
When Two Consciousnesses Meet

When two consciousnesses
meet merge and melt
into each other
It is ecstasy.

It is deep.
It is significant
and beautiful.

It is divine and human
at the same moment.

Then sexual act declines
and fall into a lower level.

When you cry
God looks at you.

He reads your pain of your soul.
When you murmur in prayers

When You Sleep In My Breast

When you sleep in my breast
Why do I need words?
God need not be met with words.

But in the emergence of life within life

When Your Soul Is Awakened.

You are inflamed with a special longing
which will never let you linger
in the low lands of complacency,
when your soul is awakened.

In your search for the Eternal,
there is no stepping back.

The Eternal grabs all your attention.

Without your own knowing,
you always go towards
the summit of fulfillment.

You feel the unknown urge
from which you cannot escape.

'Where Are My Parents?'

Many young ones
drop out of an
impersonal and
anonymous society.

They sit and ask in
broken families and homes
'Where are my parents?'

No one can live

Where Innocent Hearts Meet

Shining tears of my eyes
are my gifts today for you.
The loving thoughts
And listening ears;
Echoing soul
And caring hands
Are my sweet gifts to you today.

I fly with untiring wings
To the land of songs and butterflies
Where innocent hearts meet to love
And to love alone.

Dr. Antony Theodore
Where Will My Journey End?

We promise you great God
to live consciously in our
everyday life with God
and understand how great
is your gracious love for us.

We value your closeness.

We were joyful and hilarious.
Exuberance and cheerfulness

Today we ask questions
about our own self and life.
Where am I?
Who am I?
Where do I go?
Where will my journey end?

Give us and our life
a special direction.

We need a different lifestyle.

the deep fountain of love Within?

Invite the well spring of love.
It is your deepest nature

Dr. Antony Theodore
Who Are You When You Do Not Exist?

In mystical union,  
you cease to exist.

It is a positive nothing,  
an unfulfilled possibility  
almost an infinite possibility.

A frightening one,  
in the sense that it  
is a possibility which  
includes the postulate  
that I myself cease to exist.

Thus putting it in  
the form of a question  
it comes out like

Who are you when  
you do not exist?

Dr. Antony Theodore
Who Can Bathe Me In The Milk Oceans Of Love?

If dreams have wings
I would like to sit on the wings and fly beyond
the realms of the earth.

I want to fly beyond the world of shadows
to the world of butterflies and rainbows.

I want to sleep in endless grace
smiling in the joy of a sweet embrace.

Who can save me from the sad memories
and give me new?

Who can bathe me in the milk oceans of love?

Oh how I long to drown in the milky waters of innocent love.

Dr. Antony Theodore
Who Will Be The Greatest?

Those who make themselves humble will be the greatest.

Look at a child.  
Do you have this innocence?  
Do you have this simplicity?  
Do you have the sense of wonder?  
Do you have the innocent love?

They are great who are like children.

Think of the millions of children who are poor, sick and not cared for.

Millions of children vegetate on the road.  
Many have not seen a school.

What will you do for them?  
Find meaning in such life in which you care for such poor little human beings of love.

Then you will be the greatest whom God loves always.

You will be numbered among the just in heaven.

Who Will Quench My Thirst?

This morning brings a new song
from beyond the world of the skies
where the angels and saints live.
This new song reminds me to pray.

The praying white swans I see
The chattering prayers of the sparrows I hear.

With gentle care
I kneel and thank with folded hands
drubbing the dogmas,
lost in my own cogitations
about God and the world beyond.

I walk through the mysterious path of flowers.
I chuckle quietly in stealth
when the angels count my footprints.

Who can build a bridge from earth to heaven?

Deep in my innermost recesses,
my soul is thirsty
to attain the divine.

Who will quench my thirst?

Dr. Antony Theodore
Why Are You So Sorrowful?

Why are you so sorrowful
my dearest sister?
why are you?

Don't you have faith
in the might of the Lord
your loving creator
and the God of the universe?

He looks at you
with loving eyes.
He wants you to become great.

So my beloved sister
have faith in the Lord.
You shall conquer
all your sorrows.

Why are you so sorrowful
my dearest sister?

Dr. Antony Theodore
Why Do I Believe?

I believe because i am not able to believe
when lies and terror have the last words,
when human beings are forced to live without peace,
when everything looks as if worthless.

I believe because i am not able to believe
that the creation is an accident or simple coincidence.

I believe because it is love which keeps me alive.

I believe that there is one who knows the meaning of everything.

It is beautiful that i can believe because of all these.

Dr. Antony Theodore
Why Do The Roses In Me Shed Fragrance?

Come to me, my heart’s solace!

I want to hold your hand tight today.
My heart throbs loud
when I see your face in my mind.

Why do the roses in me shed fragrance
when you fill my thoughts?
Why do they brighten up
when I smile with you?

Utter into my ears
words of love,
true and noble.

I want to smile and sleep
and forget myself
until the new dawn.

Dr. Antony Theodore
Why Do You Believe?

Why do you believe?
Because others have educated you in the faith?
Because you learned it that way in school?
Because this is still common in this country?
Because the believers seem to still have the majority?
Because you do not worry too much about your faith?

Then I answered:
You shalt know why I believe:
I believe because I can not believe
that only lies and violence
have the last word,
that people must live
in strife against each other,
that ultimately everything is meaningless.

I believe because I do not think
it is all coincidence.
Because I believe
that love keeps me alive.
Because I believe that there
is one who knows the meaning of everything.

Wishes And Blessings For All Our Ph Friends For 2019

Blessing means saying good things, satisfying God's goodwill.

The good God is before us, today and tomorrow, at the beginning of this new year.

God be with us, ever more, loving us more than any friend on earth.

Let there be no fear for God is behind us. He supports us always. Fear shall not rule our thoughts

The good God is with us, to carry us always in God's strong palms.

God be in us, in our hearts, to comfort us when we are alone.

The good God be with us to protect us, that nothing bad happens to us.

God be with us in all our ways, that we do not stumble on and hurt.

The good God is above us to bless us, because he loves us and is always there for us.

So bless and protect us, our families, our communities and all our fellow human beings the merciful and loving God, during this whole new year 2019.
It is my wish and prayer

of unknowing with a sharp
dart of longing born out of love.

Words And Communion

Words are to communion

The failure to commune is despair.

Communion is something that
the deepest ground of our being
cries out for, and it is something
for which a lifetime of striving
would not be enough.

Words And The Depths.

I feel my words in my drumming fingers
And do not know what they mean.

Dr. Antony Theodore
Words Are To Communion What The Sky Is To The Stars.

Communication and Communion are fundamentally different.

Communication is logical and practical, a linear form of human intercourse.

But of itself it lacks the power to convey the deepest hopes and yearnings of human existence.

But the words of love expressed normally articulates and communicates deepened level of intimacy and union.

Word of love evokes occasions of communion.

It is a mode of knowing not wholly available to what can be communicated in quantitative, verifiable forms.

Words are to communion what the sky is to the stars.

Would You Join Me In My Flight To The Infinite? ? ?

Join me in my flight to the Infinite
where the sky opens, I imagine
and I, in pain and ecstasy
with God-given might in my wings
fly into the world of peace and joy.

There, shall we sit under a blooming tree
and scribble poems
that sing of pure love.

Then would you compose tunes
that touch the soul
and let the angels sing
together with the nightingales
until we fall asleep in the mystic light
on the lap of heavenly beings
and wake up to see light pure and eternal
and smile with the joy of a little baby
at the breast of it’s mother.

Would you join me in my flight to the Infinite? ? ?

(My heart craves for the Infinite. I am not satisfied with anything mundane.

your song of eternal love.
Will you sing now, dearest?

Dr. Antony Theodore
Would You Understand Me God?

As much as I'd like to remain with God recollected all day, consciously living each moment in God's presence and offering each act up to Him, I do fail to be with God.

So often the hours blur together in a stream of activity meeting family needs.

Unending housework, helping with homework, lunches to pack, laundry to fold, work on e-mails, running to the grocery store, bank, and gas station, all these take my attention away from your holy presence.

Would you understand me, God?

Forgive me, good God. This is my situation.

Dr. Antony Theodore
Wound Me

Dance in my darkness
you child of light
and strike with the sword of light
to wound me.

Dr. Antony Theodore
Wounded, Tormented And Crucified

Christ became like us,
born and died,
exposed to grueling powers,
in the fight with
those who love the lie,
surrounded by people
who barely understood him,
wounded, tormented
and crucified.

He lived in conflict,
tried and abandoned.

He went to the basics
with the question: Why?

His answer encourages us to live.

He gave his word
that dispels fear
that frees from doubt
and enables hope.

Dr. Antony Theodore
Wrap Me In Your Loving Arms

Wrap me in Your loving arms.
Bless me with Your never-failing love.
Protect me in your warm embrace.

You are there for me I am sure,
No one can be against me!
God, You created me out of joy.

I was the lovely child in Your arms,
playing and smiling, looking at You.

When I feel really low and unworthy,
pour into me Your abundant love.

Yearning

Two hearts yearn for each other.

The simple touch, holding hands together, the smile and the feeling of being loved without feeling the flow of time.

You feel the absence of the loved one.

Heart does not understand that the absence is only temporary.

The heart is yearning. Love is a mystery.

Dr. Antony Theodore
Yearning For My God

I live in longing,
yearning for my God.

Unquenchable is my thirst.

I shall not sleep
until I see Him.

Dr. Antony Theodore
Yearning To Be Perfect Like God.

God leads us to no-where
and we are brought
to no-thing.

It is here that God
reveals to us that
He is truly God
and that we are created
to become who we are
by becoming perfectly like Him.

Dr. Antony Theodore
Yesterday Disappears For Ever.

Enjoy your time.
Enjoy this day.

You live only once
now and on this day.

You will not be able to
get back yesterday.

Yesterday disappears for ever.

Do not think that
you can enjoy later.

'The later' may come earlier
than you imagine or hope.

Dr. Antony Theodore
Yet Not As I Will, But As You Will.

Not my will, but Yours be done.
The sufferings of this present time
are not worthy to be compared
with the glory that is going
be revealed to the lover of God.

My father, it is too painful
to drink from this cup
of terrible sufferings.

Please take it away from me.
Yet not as I will, but as You will.

I am obedient to you until death.
My heart, do not vacillate
about your decision to serve
the Lord of your soul, your God.

I was fighting against myself.
All You asked was that I cease
to want what I willed,
and begin to want, what You willed.

Yet not as I will, but as You will.

Yet Of God Himself, No Man Can Think.

By grace, we may know
and think of most matters.

Yet of God Himself no man can think.

I want to set aside all that can be
thought and I choose love,
for the very fact that God
can be loved and not reasoned.

By love, God may be sought
and held, but not by thought.

i consider the kindness and worthiness of God.
It is my enlightening part of contemplation.

Yielding A Harvest Through Perseverance

Blessed are those who, with a noble and generous heart, take the word of God to themselves and yield a harvest through their perseverance.

Dr. Antony Theodore
You Saw Me And Did Not Care.

I was a beggar whose foot was cut off.  
I was the woman whom people called a prostitute.  
I was the child on the homeless street.  
I was the one who fell on your feet for a bowl full to eat.

You saw me and did not care.

I was in ragged clothes.  
I had no shoes and walked in rain.  
I was poor and cried on the road.  
I was the school girl who had no books.

You saw me and did not care.

I came to you several times today knocking at your door.  
You were too busy to notice me.

I went away sad from your door.

You Alone Know My Soul's Longing.

I want to love you.

You are my most handsome lover.
You alone know my soul’s longing.

You Are A Beautiful & Unique Expression Of Deep &
Pure Love, Born In The Heart Of God.

One who loves God
wants to enter into the heart.

He wants to penetrate
the deepest psychological ground
of one's personality,
the inner sanctuary
where self-awareness
goes beyond analytical
reflection, opening out
into metaphysical confrontation
with the Abyss of the Unknown.

God is intimate to us
than we are to ourselves.

Dr. Antony Theodore
You Are A Holy Word Of God

A man or a woman should see to it that all his actions are the words of God.

He himself becomes the word of God when he pronounces it and obeys the word living in accordance with.

He becomes entirely the word and others can learn from his habits and motions and expressions of emotions.

You are a holy word of God.

Dr. Antony Theodore
You Are A Saint In The Making.

Find your place in the rising arc.
Life flows upwards from the roots,
Not downward from the branches.
Wake up from the delays,
obstacles and backsliding.
Let go of the past.

Give yourself a second chance.
There is no fall from grace,
only a very long furlough.
Find your place in the rising arc
And keep on moving forward.

You Are Beyond Definition

( Believe that you are in the process of redefining yourself everyday ).

Do not accept any thought
That begins with
'I am this or that'.
You are not this or that.
You are beyond definition.
You are in movement.
You are in the passage.
You engage in the process
of redefining yourself every day.

Help this process
And leap forward.

You Are Called To Be Great

Believe that you are capable of great things.

Let not the devil tell you that you are a loser, that you had enough setbacks and you will never succeed in life.

Believe that you are called to greatness and magnificence.

Work hard until you attain greatness in your life.

You are called to be great.

Dr. Antony Theodore
You Are Ever Near My God.

Even when I do not see you
You are ever near.

When you live beyond the mountains,
when you are above the flying skies,
even when you dive deep
into the sea and remain
on the coral bed of the ocean
you think of me always.

I write love poems to you
as if you are a human being.

Dr. Antony Theodore
You Are Ever Present.

A thousand years are
like yesterday for you.

You are the Lord of time.
The planets and stars
of the universe
revolve around you
as you deign it to be.

I watch in thenight
looking up to the skies
how you roam about
among galaxies
and look at me
praying to you
in this dark night.

You Are God In Hiding.

You are God in hiding
You are the cumulated house
that hides the holy one.

Keep the eyes and ears
of the learners and hearers
and point to them the river of love,
on the presence of God
in one's own self.

Teach others to look inside
and see the golden cave
of God's loving presence.

(it is the poet's sublime duty to tell our readers and listeners about the holy presence of God).

Dr. Antony Theodore
You Are Great In Uniqueness.

No poet here is
greater than the other.

No poet here is
inferior to others.

We are all equal.

Our uniqueness
makes us different.

You are great in uniqueness.

Dr. Antony Theodore
You Are Hauntingly Familiar To Me

I want to fly away but cannot.
My heart has been captured
by 'The One' who is unknown.

Like the lotus opening up its petals
at the first rays of the glorious sun
i stand before your holy altar.

You are hauntingly familiar to me,
yet so distant and far and far away.

Why do you play with me like this?
Don't you know my heart longs for you?

Dr. Antony Theodore
You Are In The Fire Of God's Love.

You are naked before God.
You are in the fire of God's love.
You are in the goodness of God.
You are in the burning fire of virtues.

You shall never choke, snuff out,
stifle or blow out this fire of love
which burns in you and through you.

Bless and praise God for this fire in you.

You Are My Dwelling Place.

Before the mountains
were brought forth
you thought of me.

I am your loving child.
That is my consolation.

In this burdensome toil
when I break my back
I call your holy name.

In this lonesome valley
when I walk all alone,
your thought alone is
my joy and comfort.

You Are My Refuge.

You are my refuge,  
my only refuge.  
Would you send your angel  
to preserve me in distress?

My heart listens to your murmurings  
even in the depth of the night.

Even when I sleep you are at my side.

During the day I keep my God  
ever in my sight, sensing  
the fullness of His presence.

You show me the path of life.  
I shall not falter and fall.

Dr. Antony Theodore
You Are My secret Cave.

You are my hiding place.
You are my secret cave.

There i light my oil lamp.

I sit in meditation.  
Cogitate on your wonders.  
On my beads i recite a  
million times about  
your love that flows  
like oil into my lowly heart.

I prostate here in my secret cave  
adoring you the whole night.

You Are Precious And Honored

You are precious,
you are honored.

My mercy is enough for you.

There are many hypocrites
around you in this world.

We live in a world of
broken hearts who cry
in the depth of the night.

There are many who are alone.

Many feel rejected by others.
Rejection causes severe pain.

You Are The Melody In My Flute.

I swam with you in the ocean.
We swam together
and saw from under the ocean
where the sky falls in love with the horizon.

We both looked, saw and smiled
at their love and union.
The horizon and the sky,
it seems they will never separate.

Shall we swim together always
like fish in the ocean,
shall we fly together
like free birds in the sky?

When I play on my flute
You are the melody in my flute.

May God bless our love.

You Are The Reason Of My Life

Because you love me, God, I shall live.
Because you love me, Lord,
I want to live - for you and for others.

Because you know me, God, I can trust you.
Because you know me, God,
I want to trust you more and more deeply.

Because you call me, Lord, I can follow you.
Because you call me, Lord, I want to live with you.

You are the reason of my life.

You Could Have Been An Ant

You could have been an ant.
I could have been an anteater.
You could have been rain.
I could have been a lick of salt.
But we are blessed here and now
to be human beings, alive in rare ways
that we often take for granted.

See, I can rise from a depth of awareness
to express this to you
and you can listen and
understand me
because of our preciousness
as human beings.

You are one of the rarest forms of life
to ever walk the earth.
This realization ushers us
Into grateful living.

You embalm my soul and I live in purity.  

Dr. Antony Theodore
You Give Us Knowledge And Insight.

Good God, you created us humans and you love us.

You are our stronghold.

You are the staff we can hold on when the road becomes steep and stony.

You are the light in the darkness, the bridge over the abyss.

You bring us back when we go astray, and strengthen us, when we become tired and depressed.

You give us knowledge and insight.

We adore you always day in and day out.

Dr. Antony Theodore
You Live In Me. I Live In You.

The communion with God through simple awareness of life as it is, is a mode of existing which a mystic understands in his prayer and meditative life.

I am alone.
You are alone.

You live in me
I Live in you.

In such a realization, everything becomes a potential symbol making communion with God possible.

God Almighty,
you meet me lovingly
and sometimes lure me
with your words from
my own safe quarter
especially when it is
necessary for me

The bent reed you do not break,
and do not extinguish
the smoldering wick.

You meet me when
I am tired and depressed.

Before the glow
disappears in my eyes
you come to enliven me.

I often do not realize it.

Later by surprise,
I know you were there.

Then I am overjoyed.

God, you are always with me.

You Painted Those Moments Secretly

The treasured memories
of moments that we spent
in the midst of the night
live in me in varied colors.

You painted those moments

Dr. Antony Theodore
There is One who is above us
and Who yet dwells
in the depths of our being.

Where your treasure is,
there your heart is also.

You appreciate that all the values
of your spiritual acts
come from God
and your heart rests
in the source from which
all that is good in you come.

You do not possess
your being in yourself
but only in Him from
Whom it springs.

You Will Find love Wrapped in A Manger

Keep me on the throne of your life. 
Search for medilgently
with as much love and desire
as the wise men in the night.

My "star" still shines.
I continue to light the way
for anyone who seeks
to love and worship Me.

I still bring hope.
You won't have to look
far in the wilderness to find Me.

You are my heart's delight.
I am coming in search of you
in the day or the night,
at the dusk and at the dawn.

You will find love wrapped
in a manger with the cattle.

You will see the light
of the nations in me.

I came all the way from
heaven in search of you
when you were searching for me.

Here we meet,
in humility,
in poverty,
in a manger.

Come, be humble and not be proud.

You can change the world
if you hold on to me.
I need you to change this
terrible world full of sins.

I shall always be
the star of your life.

I Am Your Baby Mum

?? ?? ???? ?? ???? ????

NOTE:

www.PoemHunter.com - The World's Poetry Archive
I am your baby Mum.
I did not come on my own Mum.
God's angels flew down to your womb
from the mighty heavens
and placed me in your holy womb.

I did not come on my own mum;
God wanted it so.

I was so happy in my new cave of love,
in your holy womb
and slept there peacefully.
The angles watched.
They prayed
to keep me safe always
till I will be born on the face of the earth.

They practiced heavenly songs of birth
to play on their golden harps on my birthday.

When I was sleeping in your womb
The angels used to come to me.
You did not know it, my dearest Mum.

I was happy to be born
as your beloved child.

I wanted to smile
I wanted to sing
I wanted to play
I wanted to suck your breast milk
Until you were satisfied.
I wanted to see the smile on your face
When I suck all your milk from your loving breasts.

They were my dreams in your womb, Mum.

But on a cruel day
you decided to kill me.

The devils in the Hades
heard about your decision.
They brought the loudest drum,
played in the devilish rhythms.
All the devils came together,
came and danced in circles,
jumping and singing.
They danced in lines.
They danced in circles.
They danced on the toes.
They danced on their heads.
They sang the wildest of songs
and the devil drummers played.
The whole hell was happy
that you decided to kill me.

You know how much I cried?
You know how many angels cried?
Do you know how the whole heaven cried
on my day of death in your holy womb?

A moment before i was cruelly murdered
I saw the All-Powerful God crying helplessly.
