Hi well as you probably know by now my name is holly, and I'm only writing a bio because I dislike the fact that without writing it my life looked empty. As though I'd done nothing so far and didn't aspire to do so. When in fact I aspire to much all the dreams in my head and the expectation of those dear to me. I know that probably sounds cliched but it's true. My poetry can seem kinda heavy, but I don't care. When I put a pen to paper what comes out sometimes, most of the time, feels beyond my control. the ideas and the words want out, so I let them be free, held down only by ink and paper where all are free to read.
A Friends Ungracious Sea

My heart it breaks inside,
Because I am just me,
I will not change to others views,
Or give against the tide,
And though the tide does seep,
The life and love from mind,
I am unchanging,
'Cept by the waves of Time.
My friend does find another,
And plots her deep revenge,
Revenge 'cos I'll not give,
To her my life and soul,
She plots thought with another,
And so my hearts not whole.

Holly Heron
A Letter For A Rose

hey....
just wanted to tell you I miss you
and I don't know why I do anymore
it's been so long, an eternity
yet every now and then you creep back into my mind.
it's not love anymore, it stopped being love before it was over
this is something else
I guess it's that we shared a lot
and that we tried to see it through
the arguments never mattered in the end
I look back and smile.
and I forgave you a long time ago for what you did
that you almost pushed me over the edge
that you ruined my life back then.
have you forgiven me yet?
I hope so.
I like to think you're an adult now not like way back then
and that's the problem we were to young
we rushed it all and lost something in the process.

and I know you'll probably never read this letter
and I'm not sure if it's meant to be read
not like the love letters we used to send
or the one that got lost in the post....
I was so worried it would arrive after we split
maybe it will finally get there a few years from now
if you're still there.

you'll never see this
and I don't really mind
I just wanted to say I missed you
whatever it is that I miss...
and if you see it I hope you smile
nod your head
and shake it
and maybe dropp me line....

maybe....
just maybe......
Holly Heron
A Lover's Death

This breath is stuck within my breast,
This heart caught between beats,
The tear still runs down my cheek,
Before my Lovers folly.

The knife it twists within his back,
Red falls upon this snow,
Hearts beat does come and breaks my chest,
Because of anothers folly.

My tear does strike the ground and freeze,
A monument to subtle death,
Love's betrayal, pain, anguish,
This tear does lie frozen,
For all to see,
What a Lovers death doth bring to me.

Holly Heron
A Vampires Song

Step into my lair
This cool calm night
Step into my lair
And give into my plight.
Step into my arms
Feel loves bite
Step into my arms
And say goodbye to light.

Come my love
Come my saviour
Come my shining light of night
Take me

Step into my dreams
And give me your life
Step into my dreams
I'll save you from strife
Step into my nightmare
Feel hungers knife
Step into my nightmare
Listen to deaths fife.

Come my love
Come my saviour
Come my shining light of night
Sing to me
And hear me call
Come my shining light of night.

Holly Heron
All Alone

Dwarfed by a fear,
Standing alone,
Can't breath for open air round me,
Frozen beneath a heaving sun,
Dying in lifes violent song,
And I'm losing myself,
To a heart seizing wind,
Dwarfed by a fear,
A fear noone will come,
That I'll stand alone,
No hope of repreive,
All Alone.

All alone.....

Holly Heron
Amoung The Roses

I stand amoung the roses,
I wait for your return,
Naivete waits with me,
Though soon I'll cast away,
Naivete whimpers,
Reluctant now to go,
I know now that you've left,
And never will return,
I'm aching for your touch,
I'm yearning for your voice,
i take the rose and hold it close,
A knife comes to my hand,
Silver blade soon darkened,
Soon redeemed with my life,
The rose red dulls,
Before my spilled essence,
I lay amoung the roses,
Awaiting my demise,
I'll stand above you after,
Drop my rose upon your lap,
I'll wait for you,
In the summerlands,
Though that hope is long to come,
Your love won't come to me again,
The summerlands won't change that,
I know now I was used,
Naivete left me,
Let in the pain,
So now amoung the roses,
I take my leave,
My life.

Holly Heron
Angel

Angel come find me
I’m lost in the night
Losing my memories
Losing the fight.

Fallen angel
Lend me your kiss
I’m failing without you
In my abyss.

Can’t you see me lying here?
Lost in the solitude
Lost in this life
Can you take my hand
Lead me back to light
I’m losing without you
Losing this fight.

Demons on my other side
Embracing me in bliss
Please come to me my Angel
Conquer this abyss.

Holly Heron
Angry

I'm angry,
I'm angry with life,
With love,
And hate,
I'm angry with light,
With home,
And time,
I'm angry.

You took my love,
You ruined it,
I gave you hate,
But it died,
I thought at one point,
You were my light,
You shuttered it soon after,
I offered my arms,
To be your home,
Everlasting,
Oh how wrong I was,
I gave you my time,
Myself,
my love,
Time ill spent in heaven,
In hell,
I'm angry.

I'm angry with you.

Holly Heron
Anybody

Can anybody hear me?
Hear me screaming,
Calling,
Dying,
Does anybody care?
I'm sitting at your door,
Weeping out your name,
The blood is seeping from my heart,
These tears they fail to fall,
The shreds that were my soul,
Cannot be sewn up,
This silent death,
So cruel, you do fail to hear,
I'm screaming, I'm dying,
Don't kill me.

Holly Heron
Apocalypse

A vision lays before mine eyes,
And terror strickens me,
A world in flames,
The horsemen rise,
From slumbers deep,
To bring about our end,
Sister fights brother,
Mother just watches,
A joyful glee in her gaze,
War ranges far,
And war ranges near,
Children lie dead in the field of ripe corn,
All others lay sick in their beds,
No matter the cause death doth embrace,
Mother and child alike,
He holds all close to the cold of his bosom,
And sings the lullaby of lives cut short,
His weeping captives rest their heads,
Forget the end was their own cause,
To prove themselves to those before,
All innocence dies,
Before the end has come.

Holly Heron
I'm awed,  
Awed by a transparent beauty,  
And by a modest touch,  
I'm awed,  
Awed by a radiant presence,  
An unassuming grace,  
I'm touched,  
Touched by the softest glance,  
And by a humble maid,  
I feel,  
Feel for a pretty word,  
Slyly hidden in the blasphemies,  
I feel for a thought,  
Long discarded by my mind,  
I'm awed,  
By a beauty passing time.

Holly Heron
Bathroom Love

The clock is ticking on the bathroom wall
My heart is spilling on the bathroom floor
And I’m crying out your name tonight
I’m lost in disbelief
Did you think I wouldn’t see you?
Did you think I wouldn’t care?
Do you think I can walk on out you?
Was nothing ever there?
And a honeys pouring from my soul
And a love is losing strength.
The clock is ticking on the bathroom wall
My heart is spilling on the bathroom floor
And I’m losing all my hope tonight
I’m lost in this deceit
Was she worth the stolen hours?
Was she worth my screaming pain?
Was she worth my memories?
Now she’s driving me insane.
And crimson love is flowing out
And a lover’s hope is fading now.
The clock is ticking on the bathroom wall
Counting now each breath I take
My heart is spilling on the bathroom floor
Your name etched in my soul.
I’m calling out my hate tonight
I’m lost in this pure love.

Holly Heron
Beautiful Mirror

I watched you from a distance,
I loved you in repast,
I wanted you,
I yearned for you,
But then I knew the truth,
I knew that what I loved,
Was nought but hollow dreams,
I knew that what I strived for,
Was nought but shallow heart,
And though I now feel this pain,
The pain of loving a lie,
I have to thank you,
Thankyou for giving me hope,
For giving me belief,
You pulled me through the darkest time,
With nothing but deceiving light,
And so now I know,
Your not what I thought,
But you give me hope,
That you are like the moon to the sun,
The beautiful mirror of a beautiful face.

Holly Heron
Before

Dance with me,
Take my hand,
Draw me close to you,
Bring me joy,
Before you spurn,
Before the pain begins,
Sing to me,
Give me love,
Before you cut me down,
Before the blood begins to spin,
And before the spirit dies,
My soul drowned in bitter tears,
Walk with me,
Beneath the light,
Lay with me,
Before the fire,
Give yourself,
Before you leave,
Before I die,
For your love,
Will not dwell here,
Inside this broken cage,
So dance with me,
Lay with me,
Take my hand,
And sing to me,
For soon you'll turn away.

Holly Heron
Blood Can Be So Pretty

Blood can be so pretty
When it's falling to the floor
Blood can be so beautiful
When your looking for Deaths door
Blood can be so innocent
When the past is but a dream
Blood can be your sweet release
When lifes not what it seems.

And the razor at my wrist
Isn't what you think it is
I'm not looking for attention
Not looking for your love
I'm looking for the end of pain
The end of pointless suffering.

Blood can be so pretty
When it's falling to the floor
Blood can be so beautiful
When your looking for Deaths door
Blood can be so innocent
When the past is but a dream
Blood can be your sweet release
When lifes not what it seems.

And the razor at my wrist
Isn't what you think it is
I'm not crying out for help
It's way to late for that
I'm trying to end a life
Trying to save myself

Blood can be so pretty
When it's falling to the floor....

(after note- for anyone who is worried that i'm a cutter)
Holly Heron
Bow Before My Death

I lie beneath the flame this night,
I bow before my death,
He takes my hand,
And holds me close,
Death embraces me,
He says the time has come,
Beginning now meets end,
He says the fires taken me,
And now it's time to walk,
Walk the path of fates sweet song.

I lie beneath the flame this night,
I bow before my death,
The fires stripped me of my sins,
Humility my pride,
Now death guides me through the dark,
And speaks to me kind words,
'The pain has stopped,
It won't come back,
Your senses now are cleansed,
The soul has been washed clean',
He says the end is pleasure.

I lie beneath the flame this night,
I bow before my death,
Death's a man clothed in blue jeans,
A white shirt stained with blood,
Death holds a knife,
Death slits my throat,
Death is the end of my beginning.

I lie beneath the flame this night.

I bow before my death.

Holly Heron
Broken Dawn

You used to be my sunshine,
My heat,
You fell on me like dawn,
Your light lifting my shadows,
Your warmth melting my heart,
Then you left,
You betrayed,
You broke my dawn,
My life,
I'm stuck now in the shadows,
These all-consuming shadows,
The sun isn't rising,
This ice isn't melting,
You gave your light to someone else,
And now my dawn is broken.

Holly Heron
Can You Feel? Do You Hear?

Can you feel the music?  
Can you feel it's beat?  
Do you hear the passion playing?  
Do you hear deceit?  
You know I love you,  
You know I'm yours,  
But do you know love lies?  
They say that if you love,  
Then you won't be tempted,  
Tempted by anothers arms,  
Tempted by their bed,  
They say that if you love,  
Then only your lover,  
Will fill your mind,  
Your eyes,  
Your arms,  
Your body,  
You know I love you,  
You know i'm yours,  
What you don't know,  
Is the hate I feel for these chains,  
What you don't know is,  
Temptation wins,  
Do you hear the music?  
Hear it's allure,  
Do you feel the beat?  
The beating on this cages door,  
Do you hear the passion playing?  
Passion in anothers bed,  
Do you hear deceit?  
A gift wrapped in my love.

Holly Heron
Can You See Me Even Now?

Can you see me even now?
Do you watch me as I cry?
Are you standing by my side?
Do you know I love you?
I miss you,
And it's too late,
My tears won't change a thing,
All I want is to hold you close,
Just this one last time,
All I want is to smell your smell.
And know it's all ok,
Can you see me even now?
Do you watch me as I cry?
Are you standing by my side?
Do you know I love you?

Holly Heron
Can You See The Tears You've Caused, Or Are You Blinded By Your Own?

Can you see the tears you've caused
Or are you blinded by your own?
Can you hear my heart torn wails
Or are you deafened by your pointless lies?
I'm bleeding and I'm dying
I'm lost in this maze
This maze you wove around my mind
I thought I loved you
I thought you cared
But thoughts can be misleading
It doesn't matter what they say
Doesn't matter what they claim
Now the words that leave your lips
Hit my heart like heavy stones.

If you want her, have her
If you need it, take it
But your losing me
And I'm losing myself
Though I may be stuck in solitude
You're stuck in shallow mind
I'm bleeding
I'm dying
I loved you
I'm lost

Holly Heron
Can'T You See

Can't you see my pain,
Etched deep into my soul?
Can't you see my hunger,
Lusting after death?
I'm sick of life,
Of failing,
Sick of pain,
And hurt,
But I can't escape the feelings,
And life has lost it's worth.

Holly Heron
Cold

I'm cold.
You drew me out of my shell,
You kept me warm in winter,
Then you saw another,
Brighter, Kinder, Warmer,
You walked away,
And left me in winters wasteland,
You walked away,
Left me to freeze,
You drew me out of my shell,
Left me here to die,
To starve without your love,
To freeze without your presence,
You've left me now in a barren wasteland,
In winters cold embrace,
You left.

Holly Heron
Since you left
I've been colourblind
Since you left
I've been numb
If I take the knife
Maybe I'll see
If I break the skin
Maybe colour will come back

A burst of red

A burst of pain

Anything is better
Then this hole you left me in
I just want to feel
Just once before I fall
You opened a hole beneath me
And I'm sinking in the depths.

A burst of red

A burst of pain

i know that I'm alive

Holly Heron
Darkened World

Living in this darkened world,
I'm losing hope, losing breath,
Can't see it out this window anymore,
Can't see how life used to be,
I'm losing myself in the black of a nightmare,
Screaming your name,
Hearing no reply,
Living in this darkened world,
Losing soul, losing life.

Holly Heron
Despair

This despair drowns me,
Like night smothers the light,
Yet still like angels eyes stars promise,
Promise relief in my final measure,
The poison tears my throat,
Like acid eating my flesh,
Hope enevolpes me in its light,
The smell of death creeps to me,
Reminding me of a summer nights breeze,
Enticing with it thoughts,
A night in my lovers arms,
But death now is my lover,
Hope amoung despair,
Despairs only relief is in deaths unjudging care.

Holly Heron
Do You Hear Me?

Do you hear me call you?
Do you hear me scream?
Do you hear the panic,
The pain,
The yearning?
Do you hear my plea?
Don’t go,
I love you,
Don’t go,
I’m yours,
Don’t go and leave me,
Like many before,
Don’t shut me out,
It’s cold out here,
Don’t shut me out,
It’s dark,
I don’t know what’s out there,
I’ve no where to go,
Don’t take my shield,
My armour,
My cover and pillow,
Do you hear me,
Dying,
Out upon your doorstep?
Do you hear me?

Holly Heron
Don'T Leave Me Alone

Don’t leave me alone,
This dark cold night,
Don’t leave me alone,
In this freezing fright,
Don’t leave me alone,
With only myself,
My sanity a fickle friend,
Who’ll soon leave,
And take my peace,
A peace, which only you restore,
So don’t leave me alone,
In the dark cold night,
Don’t leave me alone,
With this freezing fright,
Don’t leave me alone,
With what I behold in my sight,
A life with out you,
And many a freezing night.

Holly Heron
Don'T Turn To Me

Don't turn to me,
When all else fails,
And when the music stops,
Don't turn to me,
When the child screams,
And wakes you from your pleasant dreams,
Don't turn to me,
When darkness comes,
And when the light soon flees,
Don't turn to me,
To quell your fears,
And keep you safe at night,
Don't turn to me,
Or all you'll see,
Is something that will never be.

Holly Heron
Dream About Me

You’ll be dreaming about me tonight
You’ll be lost in my nightmare
My life
You’ll be screaming my name out tonight
You’ll be lost in my terrors
My strife.

And I know you want to love me
And I know you really care
But I’m moving away
Losing my grip
I’m calling your name
In a voice that’s not dead
You’re holding my hand
And I’m pulling you down
You’re blind
You’re losing your way.

You’ll be dreaming about me tonight
You’ll be lost in my nightmare
My life
You’ll be screaming my name out tonight
You’ll be lost in my terrors
My strife.

And you know I want to let you go
You know I want to breathe
But I’m fading too quickly
Losing control
I’m calling in vain
When all else is lost
You’re trying to help me
I’m trying to die
But you’re too blind
Can’t find my way.

You’ll be dreaming about me tonight
You’ll be lost in your memories
This strife
You’ll be screaming my name out tonight
You’ll be lost in the horrors
This life.

Holly Heron
Fly Emirates

I saw you cross the aisle
Your head resting on her shoulder
We shared a glance did you feel it?
I want you here can you guess it?
Trapped here in this failing heart
High above the oceans
Do you remember me?
Or was it too long ago
Do you remember a kiss?
A touch?
A love?
Trapped on this flight
Trapped across an aisle
Trapped in memories of a distant past.

Holly Heron
For The Broken Heart Of Her

You left me floating in eternity,
Clinging to lost promises,
The more I cling the more I lose,
Of your warmth and love,
Till all I hold are lies,
That stain my hands the black of loss.
The truths from your mouth slowly die,
Decaying in this heart you stole,
This heart you shattered.
I called to you,
But too far you had strayed,
I reached for your hand,
But already they were full,
Full of brighter gems, others,
Picking gloatingly your next love,
Yet no jewels adorn my body,
For all love has fled me.
And how I long for even the pain,
That is you breaking me,
If it will mean just one more word,
One more touch,
One more kiss.

Holly Heron
Forsaken Me.

I lay here on this bed of grass,
And feel my pain break through,
A rain pelts down,
This acid rain that burns,
Distracting me from pain deep down,
These emotions overwhelm,
Lonliness,
But crowded,
Mute,
But screaming,
Listening,
But death,
I lay here forsaken by all,
But still my life beats on.

Holly Heron
Give Me Back My Soul

Give me back my soul,  
To another now I heed,  
He calls to me so gently,  
While in my ears you scream,  
Your clutching at my spirit,  
Your drinking in my life,  
He sits out of my vision,  
At the edges of my eyes,  
Your standing right in front of me,  
Wish now I was blind,  
Stop taking up my time,  
Stop giving me your lies,  
Give me back my soul,  
I've another now I love,  
Give me back my soul,  
To another now I roam.

Holly Heron
Give Me What You Can

Hold me for a little while
Love me for tonight
The sun will rise
Your heart will fade
So give me what you can.

A frozen moment
Between two beats
Paradise; a seconds touch.

And when you're mist
A memory
A blight of future happiness.

I'll hold that moment
Mourn its loss
Go on a little while.

Hold me
While we have the chance
Love me
While it lasts.

Your heart will fade
And I'll still care
So give me what you can.

Holly Heron
Goodbye

Hello my love,
It's time to go,
I know you want to come,
And stay with me,
Share my bed,
And share my kiss,
Share this life with me,
But you can't, you belong,
Belong with him,
Belong here,
So goodbye my love,
I'll never forget.

And I'm walking away,
Trying not to look back,
Hearing you call out my name,
But, I've been selfish already,
And greeds getting old,
I'm walking away,
Can't believe I'm leaving,
Leaving you behind.

Hello my love,
We really should go,
Cos I know you want to come,
You want to keep hold of me,
Be with me,
Lay with me,
And laugh at our own expense,
But you belong here,
Belong with him,
So goodbye my love,
And please, never forget.

And I'm running away,
Too scared to stop,
Hearing your call start to fade,
Letting go of my need,
Letting go of my greed,
I'm running away,
And I just can't believe,
I'm finally leaving you here.

Hello my love,
It's time that I left,
Time that I said my goodbyes,
And I know you want to come,
But you'll get it someday,
Get that you belong in his arms,
Someday you'll understand,
That you couldn't leave it all behind,
To stay in my arms,
To stay in my love,
So goodbye my love,
Just never forget,
But...it'll be easier if you do,
Goodbye my love,
I've gotta go soon,
But maybe one more night won't hurt,
Goodbye my love.

Holly Heron
Goodbye My Fallen Angel, Goodbye My Tiger. I Love You My Magpie

What do you see when you look at me?
Do you see the heartbroken girl you left so long ago?
Do you see the women i've become,
That I got over you so long ago?
And do you think this poem is about you?
That I still think about you as I did?
Do you still think I remember you as my fallen angel,
Who came to pull me through?
Do you still think I see you as my tiger,
Who I used to hide behind?
Do you still think I'm easy to please?
Do you still think of me late at night?
And do you think this poem's about you?
Well guess what,
It is.
I laugh at you both that you don't see who I am,
I feel sorry you can't grow up,
Because my fallen angel flew away,
And let me see past the shadows of his wings,
And my Tiger took to the jungle,
So I could play with my Magpie,
What do you see when you look at me?
Do you see the heartbroken girl i used to be?
Or do you see the woman I've become?
Can you see that I don't need you any more?
That I haven't for along time?
Now i'm going to go to my Magpie,
Who flies above to keep me safe,
I'm going to be with my Magpie,
As he stole my ring, he stole my heart.

Holly Heron
Guess You Never Thought

I can't stop seeing your screaming face?
Or hearing your merciless moans,
I can't stop feeling the blood on my hands,
Can't stop feeling betrayal.

And I guess you never thought I'd see you,
Guess you never thought I'd care,
But I did see,
And it's killing me.

I can't stop seeing your mouth on her skin,
Or hearing you cry out her name,
I can't stop feeling the knife in my body,
Can't stop feeling this hate.

And I guess you never thought I'd see you,
Guess you never thought I'd care,
But I do care,
And it's killed me.

I can't stop seeing you saying goodbye,
Or hearing the end of your lies,
I can't stop feeling all the love die,
Can't bring myself from this end.

Holly Heron
Fill the void,
The hole,
The hole as deep as an ocean,
As black as the darkest night,
As painful as the bed,
The bed of needles I must lie upon,
But this my respite,
My sanctuary,
The place where none invade,
To fill this sacred place,
Would be my blasphemy,
My sin,
But to stay in this eternal prison,
To feel this pain,
And yet still be myself,
Or let others in,
Let others in this hallowed place,
The pain would leave,
But I myself may vanish.

Holly Heron
Hell Hath No Furie

A beauty running down the hall,
Tears streaming from her cheeks,
On show and seen by one and all,
The pain from pure deceit.

And hurt by visions of her lover,
In her sisters arm,
Underneath her warming cover,
Stealing what was hers.

His dark hair tousled all around,
Eyes wide in disbelief,
His voice it's sound was icy cool,
As he spoke 'be gone from me.'

She enters her room in the dead of night,
To fetch her woolen cloak,
And holding a candle burning bright,
To light her way to death.

Running up a winding staircase,
Stone cold beneath her swift young feet,
Wind whipping round her tearful face,
Up the tower she awaits release.

Up to the window of escape,
Stars promising like angels' eyes,
Wind blowing back her cape,
Encouraging her to take her leap.

And away from her lover does she spring,
Like a viking promised valkyrie,
Her voice through her lovers mind does sing,
'hell hath no furie like women scorned.'

Seeing things no longer here,
Hearing sounds no longer heard,
Walking places no longer there,
And returning her spirit roams these halls.
Holly Heron
Hiding Behind A Smile

Hiding behind a smile,
I'm watching the world fly by,
I'm covering my pain,
Hiding behind a smile,
A shadow of a former life,
I'm lost in this grief,
I'm lost in your loss,
You took my soul,
As I found you,
Pain fills what's left behind,
Hiding behind a smile,
I can't find myself,
Hiding behind a smile,
I'm losing myself.

Holly Heron
Hold Me

Hold me now,
Hold me fast,
Keep me anchored,
To the ground,
Keep your arms around me,
Please don't let me go,
Hold me now,
Hold me fast,
Keep me close.

Holly Heron
Hope

I've heard hopes enough,
Enough to keep you alive,
They say that hopes a joyous feeling,
Hope that they'll come back,
Hope they'll see their mistake,
But hope hurts more than the deepest betrayal,
It keeps you awake at night,
With dreams that tomorrow,
Well, that tomorrow everything will go back,
Back to how it was,
Back to love and happiness,
And then in the morning when nothing changed,
When you're all alone,
Wondering why,
Then you know the truth of hope,
That hope gives you sleepless nights,
The pain that's throbbing in your chest,
The knowledge that for all you want,
It will never be the same,
And that hope is the biggest betrayal.

Holly Heron
Hope (Edited)

I've heard hopes enough to keep you alive,
To pull you from the darkness,
I've heard it's enough to keep you sane,
To keep you in this life,
They say that it's a joyous feeling,
But it's not,
Hopes the knife plunged in your back,
Pushing you to the edge,
Hopes the greatest poison in any dead mans chest,
Hope that they'll come back,
Hope they'll see the light,
But hope hurts more then the deepest betrayal,
It keeps you up at night,
With dreams that tomorrow,
Well, tomorrow everything will go back,
Back to how it was,
Back to love and happiness,
And then in the morning when nothings changed,
When your all alone,
Wondering why,
Then you know the truth,
An it's many sleepless nights,
It's hope when you think you see the light,
At the end of that infinite tunnel,
That it's all going to end just like that,
And it's hope thats putting the knife to your throat,
And is leaving you there to bleed dry,
And it's hope in the morning after the loss,
That causes the pain throbbing in your chest,
And hope is the knowledge that for all your want,
It will never be the same,
And hope is the biggest betrayal,
The greatest poison in a dead mans treasure chest.

Holly Heron
I Can Not

I can not take your love,
It overwhelms my soul,
I can not take your heart,
It is to heavy for my arms,
I can not feel it back,
I know now I am empty,
I'm sorry I'm too base,
I swear I love you,
But my heart's to hollow,
For me to truly care.

Holly Heron
I Don't Know

I don't know what to say,
I don't know what you want,
I want to fall into the unknown,
And stop,
Just stop,
I don't know how to live,
And I lost the will too long ago,
I want it all to end,
No pain,
No hurt,
But I don't know what you expect,
Couldn't give it to you even if I did,
I want the end to take me,
To cease,
No beat,
I don't know what to say,
I don't know what you want,
But I, I want to fall into the unknown,
And stop,
Just stop.

Holly Heron
I Finally See The Light

I finally see the light,
Shame it's too late,
I'm too far gone,
Can't stop now,
My love is leaving me for dead,
I finally see the light,
Finally see how much I cared,
But it's too late now,
He's left,
Won't come back,
I finally see the light,
But only to see my death,
I finally see the light,
It shines upon betrayal.

Holly Heron
I Love You

I can feel your blood as it rises to your cheeks,
I can hear your end coming with each breath you take,
And I know I have to let you go,
But I wish I didn't have to,
You know I'm going to miss you,
And I'll follow you soon after,
So I'll take you in my arms.
Just this one last time,
I want to remember each line of your face,
That twinkle in your eye,
Want to see your lips parting for my kiss,
And the feel of your hand in mine,
I just want to remember the sound of your voice,
Your laughter in the dark,
I know I have to let you go,
But in my heart I know I can't.

Your leaving me,
I love you,
And I can feel your blood,
It's slipping through my fingers,
I can hear your end coming,
With every laboured breath you take,
And I know I have to let you go,
And I know it's never going to happen,
So, please, wait for me,
I'll be following you soon,
Don't leave me in the darkness,
Don't leave me all alone.

I love you...

Holly Heron
I Love You From The Inside Out

I love you from the inside out,  
And from your light to dark,  
I love you from the inside out,  
As your fire lights this spark,  
I love you from the inside out,  
And from this time till end,  
I love you from the inside out,  
As my heart does mend,  
I love you from the inside out,  
And that's all I can say,  
I love you from the inside out,  
That love grows stronger every day.

Holly Heron
I Said But Now I'M Sorry

I said your heart was made of ice,
I said it was too cold,
I said your fire had long burnt out,
And may have never burned,
I said your eyes as black as coal,
Could never hold a humans soul,
I said your words were twisted,
And never would serve good,
I said these things and didn’t mean,
To make you do what you did,
I said these things not knowing,
The noose that stroked you neck,
I said these things not seeing,
You step from your safe chair,
I shouldn’t have made you go so far,
And said the things I did,
I said but now I’m sorry,
And wish they’d went unsaid.

Holly Heron
I See A Sky Painted Black

I see a sky painted black  
I see a home without love  
I see a heart frozen from cold  
I see a world up in flames  

The world is collapsing about me  
And doom it rises to take  
It takes the lives of the evil  
And rapes the souls of the pure  

I see a sky painted black  
A river of flame at it's core  
I see a home without love  
Demons of hate at its door  
I see a heart frozen from cold  
Now and so long forlorn  
I see a world up in flames  
And noone is left to it mourn  

Holly Heron
I sit beneath this tree,
Bared beneath the moon,
I'm touched by it's coolness,
I'm loved by it's light,
I sit beneath the tree,
The world can see my scars,
The hollow where my heart layed,
And where my soul escaped,
Then in my hand the dagger,
In your hands my heart,
As it quickly slows,
The necklace round my throat,
Slowly drips down my chest,
I sit beneath this tree,
As you hold onto my hand,
My soul it tries to fly,
With wongs broken from guilt,
I sit upon the earth,
As you hold my hands and plea,
Plea for my forgiveness,
Before the darkness takes control,
Plea for my love,
Before I journey to my grave,
I sit beneath this tree,
As you pain my death,
With your guilt and no forgiveness,
I sit beneath this tree,
As my soul it walks away,
Towards loved gates of Hell.

Holly Heron
I Turn Around And Kiss You

I feel your arms around me,
My back leans now upon you,
Your breathing makes my body sway,
Your laughter rings right through me,
You say some words I do not hear,
So deeply I am thinking,
Of how lucky I must be,
To have you as my own,
And just to show I have you,
To let you know I care,
I turn around and kiss you,
Yes, how lucky I surely am.

Holly Heron
I Wait For A Time

I wait for a time,
When thoughts never matter,
Where life's as insignificant,
As the smallest grain of sand,
Where it can be snuffed out,
And nobody would notice,
Nobody would care,
For sometimes thoughts run through my mind,
Unbidden,
Is this life real?
Or are we simply a dream?
The toys of some cosmic child,
Who enjoys pain,
Who enjoys suffering,
And hopelessness?
I wait for a time,
When thoughts never matter.

Holly Heron
Ice Queen

I thought I had you hand
That you were mine to keep
Did I mean so little
That she could mean so much
Did I seem so harsh
That her touch could cool your soul
Did I mean anything
Or was I your lie
Was I your trophy?
Your ice queen to melt,
Glittering on the horizon
Was I so cold
You needed her heat
Because I’d burn you in my passion
If you gave me one more chance
I’d love you if I could
If you took my hand again.

Holly Heron
If By Chance

If by chance you see me,
In my deep respite,
If by chance you see me,
In sacred light,
If by chance you see me,
And listen to my plight,
If by chance you see me,
And are moved by the sight,
If by chance you see me,
And your heart binds tight,
If by chance you see me,
In a pool of night,
If by chance you see me,
Then help my soul take flight.

Holly Heron
If I

If I left would you notice?
If I cried would you care?
Am I just a possession?
Do you find me real?
If I told you I hate you,
Would you breakdown in tears?
If I told of my love,
Would you declare yours?
If I left would you notice?
If I cried would you care?

Holly Heron
Is That So Much To Ask?

Step into my home,
Give me your love,
Is that so much to ask?
Put your arms around me,
Whisper my good dreams,
Don't ask why,
Please do it,
I need the feel of your love,
A protectors arms,
The feel of security,
Beyond my own grasp,
Step into my home,
Sit by my fire,
Accept what I give,
But know I must take,
Step into my home,
Give me your love,
Is that really to much to ask?

Holly Heron
I've Had Enough

I've had enough of lies.
Of tears shed in the dark.

I've had enough of promises
broken in delight.
I've had enough of falling
so quickly though this ice.

My arms are bloody.
My heart is scarred.
I've had enough romance.
Of begging for my right.

I've had enough of platitudes
falling from those lips.
I've had enough of numbness
left behind from cold.

My heart is scarred.
My arms are bloody.

Holly Heron
I've Spent To Long

I've spent to long not caring,
I've spent to long away,
And now you want me back,
To live just like before,
You want to take my hand again,
You want my love to stay,
But I've spent to long not caring,
And my love it flew away.

I've spent to long in solitude,
I've spent to long in hope,
And now you want me in your arms,
To stay and hold you close,
You want to take my love again,
Feel despair take it's place,
But I've spent to long in solitude,
And you've lost this blood soaked race.

I've spent to long not caring,
Spent to long away,
Spent to long denying,
I've spent to long awake,
And now you want my slumber,
You want a love to stay,
But I've spent to long not caring,
And love? It fades away.

Holly Heron
Killing My Heart

Did you know I’d miss you like this?
That I can’t think of you without tears?
And my heart is crying out for your love
My skin aching for your touch
And I can’t stop crying without you
These tears proof that it’s real
And this feeling, god, this feeling
I can’t describe
This strain in my chest
Killing my heart

Holly Heron
Know Me

Stop and listen,
Listen to me call your name,
Listen to my heart beating,
Beating a tune just for you,
Listen to my breath,
Screaming through my chest,
Listen closely,
Hear my want,
My longing,
Hear my love,
Listen to me,
Hear me,
Know me.

Holly Heron
Leaden Tears

These tears are leaden weights,
They tear apart this face,
Drowning out my screams,
Choking on lost words,
My heart can't take the pressure,
my eyes can't take the pain,
These weighted tears fall freely,
My soul, my spirit too,
These tears they kill me slowly,
I'm bleeding from their wounds

Holly Heron
Leave Me

Leave me here,
I don't want to go,
I don't want to move on,
I'm happy sitting in this past,
I don't have to see you with another,
Don't have to see,
See the love you share,
But not with me,
Not anymore,
So leave me sitting in the past,
Like you left me sitting alone,
Waiting,
Waiting for you,
Your touch,
Your smile,
Your love,
Leave me.

Holly Heron
Leave Me Lying

Leave me lying in despair,
Crying for your love,
Leave me blind in this your dark,
Leave me starved of hope,
And I long ago gave up on you,
Gave up on light and home,
Gave up on being in your arms,
Of feeling your warmth next to me,
Leave me lying in damp grief,
A pool of blood so sweet,
Leave me with the knife in my hand,
The dull ache throbbing in my chest,
A hole, a heart escaped,
And I know you'll never love me,
And you'll never truly care,
So please, leave me lying,
Leave me lying in my death,
Just leave me,
Because you'll never be mine.

Holly Heron
Leaving

I'm leaving,
Leaving you behind,
I've had enough,
Had enough of the pain you've put me through,
Your violent love bruising my soul,
I can't take the way,
The way you want to walk,
The way you're trying to pull me down,
So I'm leaving,
I'm hoping,
Hoping you'll be happy without me by your side,
But I'm leaving and I'm sorry,
Sorry it didn't work out,
But I don't regret it,
I'm sorry,
I'm sorry,
I'm leaving,
I'm gone.

Holly Heron
Lecturer

The lecturer drones on
Not noticing his sleeping students
And those dead with open eyes
A font of knowledge
So deceptively portrayed
Those gems of thought
Hidden in the gryme
Of an uncreative mind
Spouting analogies
To prove his own self worth
Losing students
Losing youth
Stealing vitality
From mind numbed captives
Sitting in a hall of knowledge
His words don't touch me.

He hides his knowledge well.

Holly Heron
Let Me

Your ripping me apart,
I can't walk,
You keep taking,
You keep eating away,
Soaking up my happiness,
Stealing now my soul,
Why can't you leave me?
Let me die in peace,
Let me scream alone,
Let me bleed,
Let me cry,
You ripped me apart,
So now leave me,
You've already killed me,
So let me die alone.

Holly Heron
Lie By My Side

Lie by my side,
And hold me tight,
Don't let me go,
For another night,
Keep me safe,
From rages jelousy,
Out of dangers way,
The raking fingers,
The frightening eyes,
So hold me tight,
And be my one,
My only one,
My guardian,
And I'll be yours,
And only yours,
To hold each night,
Just don't let go,
Just hold me tight.

Holly Heron
Life

Whisper please into my body,
So I may learn the words.

Beat the rhythm of life,
So my heart may play the tune,
Show me the steps of life,
So my feet know the path to walk,
Let me see the colours,
So I may learn to see.

Whisper life into my body,
So I may come into this world.

Holly Heron
Lightning

I see my love dancing,
Dancing in the lightning,
Her feet pounding,
To the seductive beat,
Beat of the mothers heart,
Thunder ringing through my heart,
I see me love,
In lightnings grace,
I see my love,
In a storm,
Of passion, Of want,
I see her dancing.

Holly Heron
Locks

When I was young I gave you,
The keys to a young heart,
But now that I am older,
I realise the folly of my ways,
You're never there when I need you,
You treat me like a slave,
But now you've really gone too far,
And forced my locks to change.

Holly Heron
Look Into My Eyes

Look into my eyes
I'll show you the truth
I'm over you
There's no turning back
You lost me in your selfishness.

I saw you waiting in the Garden
Waiting in betrayal
I saw the name you
And where from Grace you fell..

I can see the bruises on your skin
Harsh passion spent in secrecy
I can hear the pleasure on your lips
A gift from those who sacrifice
Sacrifice anothers heart.

So, look into my eyes.
I'll give you a truth.

Look into my eyes.
I'll take a soul from you.

Look into my eyes.
They saw you in the dark.

A love is lost.

And I'm to good for you.

Holly Heron
Looking For Your Kiss

Looking for your kiss,
Not finding it for now,
Searching for your lips,
Still listening to your words,
Your telling me you want me,
You speak of what could be,
But I'm looking for your kiss,
To tell you how I feel,
To put in my passion and joy,
You feel for as I feel for you,
So I'm looking for your kiss,
Searching for your lips,
Looking forward to something new,
Searching for your lips,
Listening to your words,
I'm waiting for your kiss.

Holly Heron
Looking, Searching.

Looking for a goddess,
Looking for a line,
Searching for an answer,
Searching for what's mine,
Hoping that I'll find it,
Hoping that I'll see,
Seeing what I've wanted,
Seeing it will never be,
Wonder if I'll ever find it,
Wonder if it's even real,
Meaning to find a reason,
Meaning to make my seal,
I'm looking for a goddess,
I'm looking for a line,
Always searching for the answer,
I'm searching for what's mine.

Holly Heron
'Love'

'Love' this word people let fly easily,
From lips of those who'll never know,
What is it? Love,
A thing so close,
And yet it has no being,
Is it the flight of birds in early morn?
A song so sweet,
That like the finest silver,
Only you should it adorn?
Is it the beating of my heart,
When I sight your face,
So beautiful and yet it still can not capture,
Your soul's loving grace?
Ah, the word appears again,
Loving, lovely,
Love.
Words thrown so easily,
That how could any weight be placed upon a single word?
What I feel for you is more than such a word describes,
In your presence I am awed,
I am not worthy of the touch,
You place on my brow,
When your near I feel complete,
As though my soul was split,
And you my other half,
I feel desolate with you out of my sight.
Love is such a weak word,
But in it I convey all my feelings,
Of affection, all I feel,
How can such a word carry all that weight?
Maybe Love is not as weak as once I believe,
If it can hold such weighty feelings,
As those that crush my heart inside,
Yes, this word that flies so easily from mouths that never felt,
Love is all I give to you.

Holly Heron
Love Me

Love me,
Why is that so hard?
Love me,
Is that too much to ask?
Love me,
Please,
It's all I want,
Love me,
That's all there is to it,
Or don't I deserve your love?
Don't I deserve to be loved?

Holly Heron
Love Me Non The Less

I'd lost all hope of coming back
I'd lost all hope of love
I'd lost all hope of being me
Of being what you see
But I took a walk one sorry night
And hope knocked on my door
I heard an angel calling
And I saw a spirits plea

Now won't you take me back?
Can we pretend I never left?
Cos I'm sorry I walked out on you
Can you love me non the less?

And I'd lost all hope of seeing you
Of hearing you say my name
Now I'm hoping in my heart of hearts
That you can love me again

Now won't you take me back?
Can we pretend I never left?
Cos I'm sorry I walked out on you
Can you love me non the less?

And I miss your voice of night-time
And I miss your smiles warmth
Can't you see I love you?
That I'm sorry
That I'm yours
And my hope? I won't let it die
Like I did so long ago
Cos I know I'll always love you
Yes, I'm sure I'll always love you

Now won't you take me back?
Please, won't you take me back?
And we'll pretend I never left
I'm sorry I walked out on you
But can you love me non the less?
Holly Heron
Lover

Lover grasp a heart so cold,
And melt away despair,
Lover hold me close to you,
Let me share your warmth,
Lover please turn not away,
So I may keep this hope,
Lover let me not go,
Drown me in your fire.

Holly Heron
Maya

I stand behind the veils of Maya
Hidden by deceptive thought
Dressed in clothes of your creation
A soul as borrowed
As the love you throw me
I am as you want me
The vapid mind, inside,
An illustrious body

This is how you paint me

This is how you perceive me

I stand behind these veils of Maya
You would not have me any other way
I am the deception
You couldn't help but build
Will you step beyond these veils
Beyond the Illusion
You have placed me in

Beyond your veils of Maya

Holly Heron
Memento Mori

Kiss me while we have the chance
Love me in denial
Hold me while it's still ok
And while life, death can't defile.

For every single heart beat
And every single breathe
For every single moment
Brings us one step closer to Death.

So kiss me while we have a chance
We'll have life in glory
Just love me in life's denial
I promise you won't be sorry
Hold me while it's all ok
We'll have this desperate story
And we'll live before Death's coming
For always remember Memento Mori.

Holly Heron
Mine Alone

*inspired when I was doing slavery in class
-------

These chains that bind my body,
Shall not bind my mind,
The skin taken from my flesh,
Shall not blind my sight,
These tears they shall not spill,
Till wrongs and rights are justed,
The dirt upon the my knees,
Is not my souls one colour,
My body you may own,
My mind is mine alone,
My soul it nests in His hands,
My life is mine alone.

Holly Heron
My Fallen Angel

My fallen angel,
My blessing,
Your tragedy,
On your way to heaven,
I grabbed your wings,
And pulled you to me,
Seeped your warmth,
And left you cold,
My fallen angel,
Guide of beauty,
Fallen angel I'm sorry,
Your tragedies my blessing,
I can't let you go,
Heavens too far,
Fallen angel,
Stay where you fell.
Stay with me.

Holly Heron
My Goddess, My Own

Her hair the black, of the ravens wing,
And petals of flowers long dead,
Become her lips so cruel,
To stare into my lady's eyes,
To catch a single glimpse,
Is to die and be reborn,
For she my lady fair
My Lover
My Goddess
My Own.
Is more than just a figurehead,
She is the ship the ocean,
And the wind that fills the sails,
Her touch, is as the sunset,
The beauty of that sky,
The sizzle as fire meets earth,
She invokes that awe.
Her voice it holds the souls,
Of those who died in vain,
She keeps them in her necklace,
Worn just above a heart of flame,
Captured in a cage of ice,
Melting but still cold,
Colder than this oblivion.
Her oblivion I long for,
Deep down inside my core.
She is my Goddess and my lover,
Upon her pedestal she lays,
That high above the abyss lingers,
Spun in turquoise, ruby, gold.
And though the sun this place deprived,
Her own glow lights this vision,
And all do kneel before her,
My Lover.
My Goddess.
My Own.

Holly Heron
My Lord

My lord he stands before me,
Proud in sky clad cloth,
His skin the gold of summers water,
Hair dark as midnights breeze,
He reaches for my hand,
I take it firm in mine,
Closer I walk,
Bathing in warmth,
The warmth of his love,
I reach to kiss his perfect lips,
Kind and rich they beckon,
In the moment of that kiss,
That simple act impure,
In that moment,
Darkness rises,
Despair beyond my grasp,
My lord, My love,
Has changed before me,
Darker, Crueler, Harder,
His skin its lost its glow,
White now in winters embrace,
His hairs turned darker still,
In midnights dark domain,
But still his lips beckon,
Curlcd so cruel I flinch,
He pulls me close to him,
I can't escape,
Can't get away,
But,
I don't want to,
This cruel lord before me,
Captures me in grace,
I lust to make him warm,
And be frozen by his longing,
Lord, Lover, Captor,
I love every facet,
Yearning for his frozen embrace,
My lord,
My love,
My end.

Holly Heron
Nothing

To stumble down the dark abyss,
Clawing at nothing,
Seeing nothing,
Being nothing, but,
The smallest mote of dust,
Gliding down,
With no way back up,
Knowing that there is no bottom,
Knowing that this feeling,
This feeling of emptiness,
Will continue,
Knowing that you’re nothing,
But a hollow shell,
Who will forever,
Stumble down the dark abyss,
Of nothing.

Holly Heron
Now I'll Never Have My Chance

You know he's stopped eating,
Drinking, stopped sleeping?
He's even stopped laughing,
Stopped smiling,
Haven't heard him crack a joke,
Since you turned your back,
He doesn't seem to see things,
Doesn't want to know,
You left him and you broke him,
Now I'll never have my chance,
He's stopped really living,
Since you walked out the door,
You took his heart in your vanity box,
He doesn't hear me anymore,
Doesn't shirk my touch,
I've tried to call him back to life,
But you took his soul,
Snuck it out the door,
In your shirts front pocket,
You left him and you broke him,
Now I'll never have a chance,
You know he's stopped laughing,
Since you walked out on him?
You know he's stopped smiling,
Since you broke him down?
You know since you've gone,
I'll never have my chance?
You know he just stopped when you left?

Holly Heron
Now the Lady's large and full,
She shines upon three nights sweet lull,
I ask the Mother overhead,
To bless all words that shall be said,
The actions that will be done,
The lovers' quarrel surely come,
Bless the being that is me,
As I will it, so mote it be.

Holly Heron
Offer Yourself

If you offered me your heart,
I'd take it.
But until you do I'll stick with him,
A safe haven in this world,
He gives me warmth,
Security,
His unconditional love.
And while my heart,
It beats for you,
I won't give in till you can see.

Offer of yourself first.
And then I'll give you me.

Holly Heron
Once I Knew

Once I knew,
Knew you loved me,
Knew I was yours,
Knew that I belonged,
But now?
I don't understand what happened,
Don't understand what went wrong,
I don't quite know how to say it,
But I don't really love you anymore,
I know you must think that I'm joking,
That I don't understand what it means,
But I don't really care for your temper,
Don't really care for your needs,
I always thought that we'd be,
Always thought you'd be there,
BUt I don't care...
I can't care,
I just don't know anymore.

Holly Heron
Perfect Love

You had your chance
Now just let go
I'm not interested in love
The pretty words you say
I'm interested in reality
And that, it lays with him.

Your perfect mouth won't feed me
Your perfect touch won't shelter
Your perfect eyes won't quench my thirst
Your perfect love be damned.

He can keep me warm at night
Keep my fears at bay
He can make me smile
When all else fades away
He can keep the knife in sight
And stave away the pain.

Your perfect mouth won't keep me whole
Your perfect touch won't help me live
Your perfect eyes won't comfort me
Your perfect love is hell.

Holly Heron
Perverted Perfection

I'm looking at you,
Looking for the beauty,
That people say they see,
I can't see it,
All I see is perverted perfection,
The face of satans mistress,
All I see is ugly glee,
In the face of one used to power,
I see a figure,
Just as tempting as is told,
But filled to the brim with vendiction,
I'm seeing a woman,
As beautiful as life,
In all its horror,
It's horrid joy,
I see a temptress,
With a twisted beauty,
I'm looking at you,
Trying to see what I used to,
But you left me,
And you took him.
I'm looking at you,
Looking for a beauty,
Twisted by perverted passion.

Holly Heron
Poisoned To Live

A poison arrow has pierced my heart,
You've taken the arrow,
You've healed the wound,
The poison coires still,
It's seeping through,
It's creeping,
Leaving me,
So slowly,
Your taking it,
Your drinking it in,
Taking my death,
Snatching it away from me,
You steal my fate,
I'd thank you,
But now I've lost my love,
Don't leave me in life.

Holly Heron
Promise

Promise me your not going to leave,
Promise me it's all alright,
And I know there's a hundred poems,
Just like this one,
But this, it's special.
It's just for you,
Just a plea for love.

Promise me your not going to leave,
Promise you'll forgive me,
And I know a hundred mouths say these words,
But these are different.
I mean them,
Just a plea for hope.

Promise your not going to leave,
Promise me it's all alright,
Promise you'll forgive me,
Promise...

Holly Heron
Remember Me

Remember how I held your hand,
Remember how I kissed it,
Remember how you fell asleep,
Your head upon my shoulder?
I remember,
I remember the warmth of your body,
Pressed tightly against mine,
The press of your lips on my brow,
I remember desire,
In love was it wrapped,
I remember you.

Am i just a face among many?
A shadow of your past?
When your brushed by a warm nights breeze,
Remember my whispers to you?
Do you remember the moments of joy?
Do you remember our loss?
Do you remember all that I gave?
Do you even remember my name?

Holly Heron
Reprieve.

Sitting here my heart quickens,
Waiting for reprieve,
Reprieve from sorrow,
Reprieve from despair,
From lonliness.
I sit here and wait,
For your words of forgivness,
For you words of love,
I await reprieve,
Don't torture me much longer.

Holly Heron
Scared

i'm screaming but noone hears,
Your hand's around my throat,
My eyes are shut,
I don't want to see,
Why are doing this?
Why violate?
i never hurt you,
Never knew you,
Yet you take,
Ignore my screams,
My tears,
Leave me lying,
Cold and bloody,
Leave my spirit dying,
Cowed,
Leave me scared,
Scared of life,
Scared of love,
Dead.

Holly Heron
Searching

I wander through life alone,
Searching,
I feel them,
The connection pulling at me,
Calling me,
Searching,
I am incomplete,
Half a person, half a being,
I need them, I'm drawn,
Searching,
They are my other half,
The answer to my lonliness,
That only they can feel,
Searching,
I crave this,
When I see them, I'll know them,
Does he look for me,
Searching,
I'll spend my life searching,
Without ever realising,
When we meet I'll know,
My soul, my heart is always watching,
Searching.

Holly Heron
Seduce You For The Night

I'll be the angel on your shoulder
The devil by your side
I'll take you up to heavens door
Just join me for the ride

I can be your conscience
Your gluttony combined
I'll hold your hand and take you down
I promise I'll be kind

I'll hear to your confession
But make you sin each time
You've long ago surrendered
And now your only mine

I can act the innocent
Seduce you for the night
With whispered velvet promises
And skin that's silken white

I'll take away your sanity
And leave you only sight

I can be the angel on your shoulder
The devil by your side
I can be your conscience
Your gluttony combined
I'll hear to your confession
But make you sin each time
Let me act the innocent
Seduce you for the night

Holly Heron
Silence

Silence surrounds me,
Drowns me, suffocate,
Confounds me.

How I long for the sudden shout,
The childs cry, in monrnings light,
A heart spent night.

How I wish for a whispers breeze,
The subtle sound of a lovers sigh,
'O lord, O my'

But all I have is silence,
A hearts breath of silence,
Lonliness,
Cruel Silence.

Holly Heron
Singular Frustration

A singular frustration
But a multitude of sins
My conscience is clear
It's a shame about my soul

There's dirt
There's blood
A bounty of scars
From the feel of the whip
    On my back

A singular frustration
No Master at my heel
No arms to confine me
No love to sustain

There's need
Desire
Gentleness
Tucked inside my
    Carnal flaws

A multitude of sins
Emotion in the dark
Love amongst the physical
Release without the spark

Holly Heron
Sinking

Sinking further into depression,
Can't keep my head above this ocean,
I just can't fight its downwards pull,
Feeling weights tied to my feet,
The more I fight the further I go,
But I just can't fight the current,
Can't float above the surface anymore,
I'm drowning in its darkness,
Continually sinking,
Not far from the bottom now,
Then I'm gone,
Lost to this sea of never ending depression

Holly Heron
Slipping, Falling

I feel like I'm slipping,
Like I can't break loose,
I'm bound at the wrists,
I can't strike back,
My ankles chained,
So I can't break free,
And I'm slipping,
And I'm falling,
And I'm losing part of me,
I've tried so hard to carry on,
Push against the downwards flow,
But I'm slipping,
And I'm falling,
And there's no place else to go.

Holly Heron
I'm lying in this pool of dark,
I'm crying out despair,
I'm mourning for what I have not lost,
For something never there,
I watched you from a distance,
And hope flared within my chest,
But then I heard,
And then I knew,
Then the black took my hand,
From the light came darkness,
And from the hope despair,
For my love has killed me,
And caused my blood to spill,
Led my soul into damnation,
Been my bodies end,
I hope that in my final stand,
My soul has been set free,
Free from a hollow cage,
Bound in chains of tainted love,
I'm hoping now it's ended,
Hoping dark will turn to light,
But I'm lying in this pool of dark,
Crying out despair,
Mourning what I have not lost,
And what was never there,
Hoping light will come,
But knowing,
Knowing light will never shine,
On such a sullied heart,
And in my final stand,
I took my leave,
My life.

Holly Heron
Sorry

I'm sorry,
Sorry that I left you,
But I couldn't take the pain,
The pain of your love,
The pain of knowing I'm not enough,
I'm not whole,
I can't give you,
What you need,
I can't love you back,
I can't take it anymore,
This hurts too much,
And you deserve more,
More than my tainted care,
I'm sorry,
But I'm not enough,
And you're too much.

Holly Heron
Sorry's Never Ment A Thing

Sorry's never ment a thing
All they are, are hollow words
Falling from a petty mouth
Sorry's just a word
Someone put in the dictionary
To make everything seem alright
It's just a word
Someone thought of
To talk away the wrongs
Sorry's just a word
Someone created
To find the easy way out
Sorry's just a word
That a five year old needs to get by
Sorry's never ment a thing
It's just a hollow word
Falling from your petty lips.

Holly Heron
Space Cadet

I miss you
Far away
Fighting wars that aren’t your own
Saving lives you do not know
You could be a world away
And it would be the same
Floating in space where my heart can’t reach
My soldier, my cadet,
Journeying to distant lands
Like distant galaxies
I miss you
I love you.
Come home
Be safe,
Be near.

Holly Heron
Spiralling

Spiralling out of control,
Pull me back,
Keep me up,
Losing my balance,
No where to go,
Nothing to hold,
I'm going down,
Going to crash,
Losing grip,
Losing your love,
Falling, falling,
Burning.

Holly Heron
Staring Out The Window

Staring out the window,
Staring at my life,
Wondering where it all went wrong,
Or if it was ever right,
And I'm not sure what I'm seeing,
Don't know how to make ends meet,
Cos I lost the will so long ago,
And life is just one dream,
Staring out the window,
Staring at my life,
Wondering how to say goodbye,
Cos I need to have some light,
And I don't know what I'm doing,
Don't know where I need to be,
Cos I lost the love so long ago,
And life is just one dream,
Staring out the window,
Staring at my life,
Wondering where it all went wrong,
Or if it was ever right.

Holly Heron
Stop

Stop,
That's all I ask,
Stop making me love you,
Stop breaking my heart,
Stop giving me more lies,
Just stop.

Your hurting me with love,
It gives me so much pleasure,
So much pain,
Nightmares plague my dreams,
So please just let me go,
Let it stop,
Let me live.

Holly Heron
Stop Whining

Stop whining
Stop speaking
Just please stop your breathing
Your driving me insane
Every word you whisper
Like a candle in te grass
Is setting me ablaze
So shut up
And sit down
I'm sick of this circle
Just button it up
And live with it
If you want me to stay
Stop whining

Stop speaking

Just please stop your breathing.

Holly Heron
Tearing Away, Wearing Away

My heart is pulling me down,
My tears are breaking my soul,
Tearing away, wearing away,
Freezing down my core,
My beat has slowed,
Rhythms gone,
My love for you is tarnished,
You turned away,
Forgot my love,
Deaf now to my cries,
My voice is tearing through this place,
And still your ears don't hear,
My blood is seeping from old scars,
Ode to an ancient pain,
My heart is pulling me down,
My tears are breaking my soul,
Tearing away, wearing away.

Holly Heron
Thank You

Thank you for showing me your not my only chance
Thank you for showing me love doesn't last
Thank you for leaving me.

I realise now it doesn't matter how much I love you
That it was doomed to fail from the start
I was never enough
You always needed more
And I always tried to give.

Thank you for showing me you don't know who I am
Thank you for lying
Thank you for leaving
I'm free now
I'm whole now
I'm happy.

Thank you.

Holly Heron
The Goddess

The Goddess looked upon me,
And gave me visions true,
She bathed me in a cursed light,
She took a life from me,
I'm standing in a busy room,
I've nowhere left to go,
Losing now a memory,
She's taking it away.

The Goddess gave me vision.
Of all consuming light.
The Goddess left me here.
With just a gruesome sight.
The Goddess gave me vision.
She took away my night.

Holly Heron
The Knife You Plunged

Your knife it sticks within my back,
Your poison clogs my throat,
The gag you placed has drowned my screams,
My wrists, my legs are bound,
No longer can I fight you,
No longer will I win,
No longer can I warn the rest,
To stay from you cruel ways.
You leave me now to die,
To freeze in winters arms,
You leave me now for Death to take,
To embrace me in the dark.
The knife you plunged,
The poison gave,
The gag and chains restraint,
All lay upon your conscience,
All of them you gave,
So now upon my death bed,
I curse you and your gifts to me,
These actions will weigh words,
For every slight been given,
Send you deeper down to Hell.

Holly Heron
The Marsh

The marsh that I stand before shall yet soon be my end,
It's murky waters my destroyer,
The marsh grass my captor,
And how I yearn with such passion to step into my grave,
My heart holds back,
My feet don't move,
And my eyes soon well with tears,
O why may I not step down to join my lover there?
Will peace not take my mind and heart,
To lie with him and share his fate?
His horrid fate, he did not bring yet did unto himself,
In throws of jealousy,
A jealousy so strong that iron bars would bend before him,
With just a single poisonous glance.
Yet I did nothing to provoke him,
For provoke him how could I?
Those thoughts pierce like daggers through my mind,
And I would say my loving heart,
If my heart still held it's fire and beat within my chest,
Instead it sits embedded there,
Like some frozen jewel,
Nay, not a jewel but an elven palace forever beyond a mortals grasp.
For all he heard were rumours,
And rumours undid him,
He took a walk in the morning mist,
And enshrouded by it in his anger forgot,
Forgot where he was stepping,
Forgot what to do,
He stepped into this murderous marsh,
Now shall it take me too?

Holly Heron
The Tunnel

A tunnel,
As dark as the deepest night,
As cold as fear,
And the thought of forever,
Curled tightly in our hearts,
And yet we know that we shall walk,
And as we do,
We see,
We see the sins,
We’ve done unto those undeserving,
We hear,
The evil we’ve said and thought,
And it echoes through our minds,
At the end our bodies shake,
Our minds cringe,
Our hearts cease to beat,
For who knows what comes next,
And what lies beyond the tunnel

Holly Heron
Time May Pass

Time may pass
Distance may grow
But as long as you want me
I'm yours.

No matter the time
Or the distance between us
As long as you need me
I'm close.

Holly Heron
Too Damn Perfect

I put my trust in you
And I tried so hard
Yet for all this
It wasn’t enough
You couldn’t take me as I am
Couldn’t hold me as I cried
You’re not here, you never were
It doesn’t matter what I do
You’ll never come
Never see my final tear

I put my trust in you
You walked away

I tried so hard
But my loves not enough

So go on, walk away
Turn your back on my tears

Because I’m never good enough
And you think your so damn perfect

Holly Heron
Touching My Soul

Your touching my soul,
As you reach for my heart,
Your wrenching it out,
As you hold me,
I'm dying now,
In your sweet caress,
I'm crying now,
As you kill me,
Your touching my soul,
Your wrenching it out,
Bathed in your love, I die.

Holly Heron
Tunnel

Stuck in a tunnel,
Scared you'll let go,
Afraid I'll lose myself in the night,
Keep hold of me,
Keep me close,
Don't let go,
Don't lose me,
Trapped in a tunnel,
Scared of the cold,
Afraid your warmth will disappear,
Keep me against you,
Keep me safe, please?
Don't let me freeze,
Don't lose me.

Holly Heron
Turn Me Not Away

Turn me not away,
Keep me firm to you,
Let your fire be my light,
Let it be my guide,
Keep me close,
Please smother me,
In the warmth of your flame,
Please I ask you,
Turn me not away.

Holly Heron
Wanting

Wanting to stop,
Wanting to wait,
Wanting,
Wanting,
Wanting,
Never getting,
I want your lips on mine,
Your bodies press,
But your miles away,
Living in another city,
Living in another world,
Your messages to me,
They just aren't real enough,
Your lying in another bed,
Thinking of me to,
But your in another city,
Could be another world,
I'm wanting,
Wanting,
Wanting.

But i don't seem to be getting.

Holly Heron
Watch Out

Leaving you
I’m losing you
And I would turn back
If I thought I had a chance
And I would take your lips
If I thought you’d return their touch
But I’m watching out
Before you drag me down
Watching out
Before you take my breath
Before you take my soul
And I lose my mind
Falling into your sweet abyss
Your sweet damnation.
Watch out for the devil
In a graceful outfit
Watch out for the angel
Lost in his grips
Sinking slowly down
Wings clipped
Innocence lost.

Watch out
For my angel.

Holly Heron
Weep

Feel,
Hear,
Sense,
Do what feel's right,
Then weep.
Weep for my departure,
Weep for my release,
Weep for the last breath,
That has yet to pass my lips,
Feel the spirit leave my body,
Hear the stillness of my heart,
Sense my sweet relief.
Then weep,
For a life that's passed,
And a fate so cruel,
But for my sake soon stop your weeping,
And save it for the next time I am lost.

Holly Heron
Welling Up

It's welling up inside of me,
It's slipping through my mask,
Why don't you look away?
I don't want you to see!
It's taking over mind and speech,
This sadness will not leave,
It's welling up inside of me,
And yet I can not speak,
Can't speak the truth,
About my life,
Calamity, despair,
Can't give you my confessions,
Can't tell you what I feel,
It's welling up inside of me,
Wish I could give it voice,
It's welling up inside of me,
I fear it will get loose.

Holly Heron
When The Days Are Nights

When the days are nights
An hour seems much longer
And I need you to believe
And I need you not to doubt
I need to feel the trust in your kiss
I need you here to hold me
I’ll sleep much better in your arms
I need you here to make the time go by
The clocks stuck on the moment you left
And you said you weren’t coming back
Now you’re gone the clocks stopped ticking
Now you’re gone I’m left in a moment
A memory
A loss of a Love
Now you’re gone the days always night
And an hour lasts so much longer.

Holly Heron
Why?

Why does it hurt when it's been so long?
Why when I think of you does my heartache?
Why when you betrayed me?
And I'm so sure I've moved on
I've found someone else
I love him...He's mine
He'd never leave me for another
Never make me live in Hell
Why does it hurt after so long?
Why is your face still hidden in my soul?
Why do you suddenly have to write?
Why don't you understand?
Why could you never believe?
But I've moved onto him
And its never been better
He's smarter
And cuter
Funnier
More loving
I'm over you
I mean it

Why does it hurt when it's been so long?
Why when I think of you does my heartache?

Holly Heron
You Bathe Within My Tears

Half a world away from here
You bathe within my tears
You laugh with glee at pain you bring
Now lodged within my chest
You smile with delight
To hear my sobs escape.

You bring me pain but shy away
When once I raise my hand
For god forbid i hurt once
When you have hurt three-fold.

Holly Heron
Your Bedtime Mistress

Sitting in your shadows
Hiding in your heart
Do I exist beyond your reach?
Do I live beyond your kiss?
Or is it only your words
Words that make my lips ache for your caress
That give me thoughts to think?
Is it only your heated touch
A touch which makes me collapse to my knees
That gives me form and flesh?
Do I exist beyond your gaze?
Do I live beyond your want?
Am I a figment of your lust?
A woman borne in dreams
Or am I subject to your whims?
Doomed to fulfill each vivid fantasy
That creeps into your body at night?
Your bedtime seductress
Your dreaming mistress?
Do I exist beyond your thoughts?
Or does your need give me breath?
Do I live beyond your sleep?
Or am I warm in only your slumbers?

Holly Heron
Your Laughter

Sitting in a crowd I miss you,
Sitting in a crowd I mourn,
Tears come to my eyes,
Then your laughter calls them out,
I remember your smile,
Your eyes,
Your voice in my ear,
Remember our youth,
Remember your laughter.

My friend I'll miss you,
But you're still here,
The laughter in the crowd,
That brings a smile to my lips,
I remember our girlhood,
Watching your flower,
Remember our secrets,
In each others care,
I remember you growing,
And living,
And being.

You were always there,
Always a shoulder to lean on,
A rock in a changing sea,
And though your shoulder isn't there,
And you've flown into the sun,
You're still here,
The laughter in the dark.

Holly Heron
Your Next Hit

If I asked you to stop
Would you listen?
If I said that I cared
Would it help?
Or is your only concern
That very next hit
Sending you into oblivion?
Why can't my body be enough?
Why the powders,
The syringes,
The vein filling poisons?

I'd give you a high you'd never forget
I just need you to come back down.

I'd take you to places you've never been
I just need you out of your slump.

I asked you to stop.

You wouldn't listen.

I told you I cared.

It didn't help.

Your only concern
Is your very next hit
Diving head first into oblivion.

My body's not enough.

I'm taking it away.

Your addiction can keep you warm at night.

Holly Heron
You've left an empty room behind
Neatly packed away in boxes
You pecked my cheek and said goodbye
You walked right out
Didn't look back
I think my hearts backed in that box
The one marked 'memories'
They're long forgotten now
You left an empty room behind
I've never been able to fill it
It's been so long ago that I doubt you will remember
That sunny room I gave you
So warm and soft and light
But you saw what hid in the cupboard
You ran away in fright
You left an empty room behind
My heart packed up in your boxes
You've left an empty room behind
I've never been able to fill.

Holly Heron
