## \*\*\* Song 4 - A Better Man... With You ...

I never felt this, I was never so sure  
Is this love? Oh, how it's so pure...  
So carefree I was, No goals no plan  
But, now I've met you, I am a better man....

What you've done to me, please tell me, Baby  
I was never like this, never felt so crazy...  
Think of you all day, I dream 'bout you all night  
My love is so strong; Feelings say I am right....

I am a better man, Ever since you came in my life... Hmm HmMMM  
I am a better man, Ever since I felt your love so nice....

Better man.... A better man, I am for you.. oooo ooooooooooh  
A better man, with your love so true.....

Now you holding me, I feel so secure  
Your touch, your kiss, your love, so pure...  
I'll love you more, to the maximum I can  
Coz, now I've met you, I am a better man....

I feel so sad, Baby when you are sad  
I feel so bad, when you feel bad...  
I love to see, You smile all day through  
I'm a better man, ever since I'm in love with you....

A better man, I am for you... oooo ooooooooooh  
A better man, with your love so true.....

I am a better man, Ever since you came in my life... Hmm HmMMMMM  
I am a better man, Ever since I made you mine....

A better man... I am... With You....  
So much better man, with our love so true! ! !

## \*\*\* Song 5 - You're The One...

You're the one... The one for me  
Who made me believe...  
That this love is true  
Now love is all I can see...

You're the one... who holds my hand  
Every time I need...  
Now I am holding you,  
Want you to be with me...

Now I see you everywhere... I see you all around, Believe me...  
I see you now and then... I see your hug surrounds, Oh Hug me!

Coz, you're the one...  
Yes, you are the one, for me...  
This love is so true  
Now love is all I can see....

Now life is not the same... ever since you came, I feel it  
I wanna take your pain... my love is not a game, Believe it...

I know you are the one...  
Who loves me from the heart...  
Baby, your love is so true  
I feel it from the start...

Coz, you're the one...  
Yes, you are the one, for me...

Now I love you even more... like your love so pure, I know this  
Hmm Hmmm, I want you even more... Oh I am so sure, believe this...

The one for me... who made me believe  
The love is true... love is all I can see...

You're the one... who holds my hand  
Every time I need...  
Now I am holding you,  
Want you to be with me...

Coz, you're the one...  
Yes, you are the one, for me...

## \*\*\* Song 6- Desires

Desires so hot,  
Burning deep in our hearts  
Our souls so wet,  
Oh, let's make a start  
It's a need of our bodies,  
To make love tonight  
Don't hold back, baby,  
Our love feels so right...

Desires so hot,  
Burning deep in our hearts  
Our souls so wet,  
Oh, let's make a start... Hmm Hmmmmm

Look at the way  
Our bodies have met tonight  
You holding me so close,  
It's a romantic sight  
Touch of your hands,  
Sends shivers deep in my skin  
I feel so insane...  
DEEP WITHIN! ! !

Desires so hot,  
Burning deep in our hearts  
Now we have met  
To never be apart... hmm hmmmmmm

Tonight, is the night...  
We don't need to be in senses  
Kissing, hugging, cuddling  
As our love commences  
Our faces so damp,  
Our breaths so warm  
Wanna love you more...  
Stay in my arms....

Desires so hot,  
Burning deep in our hearts

I kiss your lips,  
As we make love so fast  
It's a need of our souls  
To be together tonight  
Don't hold back baby,  
This love feels so right....

Oh how, your long hair  
Fall over my face  
Our bodies as one,  
As we make love near fire-place  
A fire burning there,  
And a fire in our love  
God of love is sending  
Blessings from above...

Desires so hot,  
Burning deep in our hearts  
Our bodies so wet  
And heartbeats so hard  
It's a need of our souls,  
As we make love tonight  
Don't stop now, baby,  
Our love feels so right

Desires so hot...  
Burning deep in our hearts  
Hmmm Hmm HMMMMMMMMMMMMMMMM  
Desires..... In our hearts! ! !

## \*\*\* Song 7 - Pain In My Heart

Is this destiny? That something is missing in me  
Ever since you've left me all alone....  
It know we can't meet, But don't know why there is  
A pain in my heart ever since you're gone....

I know this is true  
But, it's hard to stay away from you  
I hate this loneliness  
Still I feel so happy for you...

Then why there is pain in my heart  
Ever since you you're gone....  
Why this loneliness surrounds  
Why I feel so ALONE... Hmm Hmmm

A pain in my heart...hmmm hmmmmm

I understand what you said  
That this is not correct  
Trust me, I wanna make this  
A relationship so perfect...

But still there is pain in my heart... hmm hmm Ho hoo  
And I know even for you it was hard...

A pain in my heart... hmm hmmm

Now I see you happy, so much happy I feel  
This friendship is true... this is all so real  
Wish you get... what you really wanna in life  
But there is pain deep inside coz I cant make u my wife...

This is destiny... something is missing in me  
Ever since you have left me all alone...  
Really wanna be with you, in my next life maybe  
Coz this pain hurts so much ever since you're gone

I will kill this pain, I will make you smile

I promise you, I will walk with you.... EVERY MILE...

Even if you don't need me... I'll be there for you  
Now I know you... But I know myself tooo...

I will kill this pain, for the sake of your smile  
I promise you, will walk with you every mile...

I will kill this pain... Hmm Hmmm  
The pain in my heart... hmm hmmm

Pain in my... Heart....

## \*\*\* Song 8 - Do You Love Me?

Do you love me?  
Do you feel the way I feel for you...

Do you want this?  
Like I wanna stay forever with you...

Tell me now and tell me true  
So that I can say, I am here for you  
Take this ring and make me yours  
We're so perfect, Baby, I am sure...

I really love you... from the depth of my heart... Hmmm hmmm  
My heart... for you....

Do you love me?  
Oh, tell me baby, do you need me?  
Like I need you so much in my arms...

Do you feel this way?  
Coz I dream about you all night...  
I wanna convey  
You're never out of my sight...

This is my love, my love so true  
My heart says I am here for you  
Baby, hold my hand and walk with me  
See in my eyes... They'll make u Believe...

Coz I really love you... love you from my heart... Hmm Hmmm  
My heart... Hmm Hmm.. for you...

You maybe someone for the world around you  
For me you're the world and I really love you  
Together we can win everything in life  
You n I, feels so good; I wanna make you Mine....

Do you trust me?  
When I say all this to you...  
That I really love you...

Love you...hoo hoooo... Deep in my heart

My heart... hmm hmmm

# A Valentine's Kiss

It's a Valentine, and I am with you  
Like everyday, how beautiful you look...  
Special moments of pleasure and bliss  
When we shared our very first kiss...

Words froze, and you were looking at me  
Love in your eyes; Love all I could see...  
Heartbeats so hard, your breath so divine  
Felt the warmth, when your lips touched mine...

You hugged me tight, and closed your eyes  
Our kiss deepened when our tongues twined  
We kissed again... again and again  
No rules attached, no feelings of pain

I looked at you and you looked at me  
You felt shy and your cheeks turned pink  
I pulled you closer and we kissed some more  
The moment we shared were never felt before...

Your lips so soft, your breath so warm  
Your touch so gentle and I love your charm...  
It's a Valentine, moments of pleasure and bliss  
Special day, when we shared our very first kiss! ! !

# After We Met - The First Time

First Meeting, between you and me  
Has caused a sweet sensation deep within...  
My life has changed in one single moment  
I am no more the guy I used to be....

Seems you have come straight to me from above  
To hold my hand, bring me love  
Now I have met you, my love, my destiny  
Found the happiness, which was missing in me....

After we met, the first time, my mind lost its control  
Can't stop myself either, my heart is on a roll...  
Feelings deep within; Emotions; Testing Times  
All of them say, Sweetheart, I wanna make you mine....

I sense, this feeling is ecstatic; this feeling is new  
You've made me fall in love; This is all coz of you  
Life is suddenly so beautiful; Love keeps me surround  
I see you everywhere; See you all around....

Very First Meeting, between you and me  
Has aroused never felt emotions deep within...  
My destiny has changed in one single moment  
All I say, I am no more the guy I used to be....

# Always With You

I never really saw what you feel for me  
Love in your eyes, your feelings so true...  
Never really cared when you came to me  
Looked in my eyes and said 'I love you'...

I was so stupid that I let you go  
The love you offered, the love so true...  
Now I wanna tell you this and you should know  
No matter how's time, I am always with you...

With you... holding your hand  
I am with you... taking your stand  
With you... in day and night  
Always with you... no matter if we fight...

Now I know how you feel and I too feel for you  
I love you so much and I will do forever...  
Will walk with you till my life is through  
Love you like this, will leave you never...

B'coz I made a mistake when I let you go  
The love that came to me, the love so true...  
Now I wanna tell you this and you should know  
Doesn't matter how time is, I am always with you....

With you... when time is good or bad  
I am with you... will never make you sad  
With you... with our love so true  
Always with you... coz I really love you....

# Closer

Let's come closer one more time  
Closer enough to make this fine,  
Making this night worth remember  
Sharing love with total surrender....

Come closer to me and make this true  
Closer enough to love me all night through.  
Hugging each other with our love so bright  
Making this our very special night....

Come closer to me in my arms  
Closer enough to feel the warmth,  
Soft and gentle kisses all around  
Loving each other without any bound....

Come closer to see how much I mean  
Closer enough like you never have been,  
To feel how much I feel for you  
To love me the way I love you....

Let me come closer one more time  
Closer enough to make you mine,  
Making this moment worth remember  
Sharing love with warmth and tender! ! !

# Feel Of Your Love (A Song)

Whenever I see you, I hold you, I feel you  
My heart begins to love you... ever more,  
You know I love you, how much I really do  
In my life I was never... so sure...

Hold me... and see, just what I really mean  
You'll know why my love feels so strong...  
Stay... with me, there is nothing like this  
It's the feel of your love, which makes me go on...

Yours is the love that I live for, I can die for, any day  
In your arms, I find my... whole world...  
And when you come closer, so much closer... this way  
I begin to wonder, if this is all real...

You hold me... and see, right through my eyes  
These moments are special... so strong...  
You stay... with me, loving all though this night  
It's the feel of your love, which makes me go on...

Love is the way that I love you, how truly I am true  
You're the one I'll always keep in my heart...  
I know you love me; I know how much you really do  
Yours is the love I'll always long for...

Hear... me say, what I have to convey  
I'll love you everyday, like I never did before...  
Hold... me, in your heart night and day  
It's the feel of your love, which makes me go on... and on... and on!

## Feelings To Convey

Always thought, love was not meant for me  
Until I met someone who made me believe...  
That love is Eternal; it keeps us surround  
I fell in your love, when I saw you around....

Take some time to listen to what I say  
Have something I really need to convey...  
These are my feelings, my heart for you  
I wanna convey, I am in love with you....

I may not be the perfect guy you look for  
May not be the type you have dreamz of...  
But I promise to be that one guy for you  
Who'll love you; Will always be there for you....

Baby, how much I love you this way  
What my heart says, I need to convey...  
These are my feelings, my love for you  
Wish to convey, wanna spend my life with you....

All these are my feelings, I wanted to convey  
Don't wish to hurt you by telling this way  
If ever you feel that my love is true  
Just run into my arms; I'll always wait for you! ! !

# Hold On To Me

One day we made a promise to each other,  
A promise to always stay together...  
Now is the time to fulfil it true  
Hold on to me, I'll always be with you....

Love cannot always be a smooth ride  
We always have to be at each other's side...  
This is the time when we can prove our love  
Fight difficulties, face odds and rise above....

I know the time is tough, parents don't agree  
Forcing us, fights, pressures on you and me...  
I believe in our love and I'll make them believe  
Will make them understand, so just hold on to me....

Baby, just recall the moments we have spent together  
Moments of love, care with total surrender...  
A pledge to live together and die together  
Hold on to our love, we're made for each other....

I'll try my best to make parents understand  
To change their minds, to change their stand...  
Don't want to hurt them, I wish they agree  
If everything fails, I'll take you along with me....

I need you to support me, like you always do  
It will give me strength to face this time through...  
We can bail this out, that's how I see  
Good days will return, just Hold on to me! ! !

# I Am..... Becoming Yours.....

I AM..... BECOMING YOURS.....

Ever Since I've heard those three words from you,  
Magical Words, when you said - 'I love You'...  
Something changed in me, Feel feelings so new,  
May be I am becoming Yours, may be I am in love with You....

The world just froze for me, when you came close  
In a gorgeous red gown and gave me a red rose...  
You then said that you love me from all your heart,  
Asked me if I can be yours, can we make a start....

Ever since my heart heard those three words from you,  
Heavenly Words, when you said - 'I love You'...  
I am just dreaming about your beautiful eyes so true,  
May be I am becoming Yours, may be I am in love with You....

Look at me and see what you have done to me  
I think of you all day, you are making me believe...  
See you standing everywhere, with your arms open for me  
I ask my reflection in the mirror, am I the guy I used to be....

Ever Since I've heard those three words from you,  
Voice so mesmerising with words 'I love You'...  
I see your lips when you say, wish to kiss you true  
Coz, baby, Long ago I became Yours, Yes I am in love with You....

# I Promise...

Walk with me, with your hand in my hand  
I promise to be the one who will always take your stand...  
Life is a journey; we both will cover it together  
I will always be true to you, no matter how is weather....

Speak to me, whenever your heart wishes to convey  
I promise to listen to you; will listen to whatever you say...  
Look into my eyes, which will make me understand  
Words may fall short; your eyes will help me comprehend....

Hug me in your arms, if something troubles you  
I promise to hug you back; will always take care of you...  
Will bring back the lost smile on your beautiful face  
Your smile is my life; your smile makes me lose my pace....

Hold on to me, no matter how bad the time is  
I promise to protect you, I am confident to say this...  
Baby, bad time like good time never stay forever

# I See Myself...In Your Eyes! ! !

In this fake world, with your love so true  
And you always by my side, it feels so good..  
False images everywhere, world full of lies  
I see my true self in your enticing eyes....

You've always loved me the way I am  
Wish to give you the same, Really wish I can  
I feel so secure to have you there for me  
Coz true love elsewhere, I can hardly see...

Love is the most amazing thing happened to me  
You makes my love special and really it is...  
Used to search myself in the mirror and skies  
Until I saw myself, In your scintillating eyes....

Your eyes so true, gives perfect reflection of mine  
Tells me whats wrong with me, what's bad and what's all fine...  
They give me strength, when I see so much love and care  
No mater what happens, know you will always be there....

I promise to come back to you at end of each day  
You are special, My sweetheart in every way...  
Baby, I am always yours, you'll remain mine  
Coz, I see myself in your 2 beautiful eyes! ! !

Note: The Topic was suggested to me by my friend and poet Anita Trivedi and she asked me to write few lines on this. Hope notto dissapoint her.

# I'LI Be The One

Moments we share, can never be the same  
At times we'll be happy, at times there will be pains...  
But I'll be the one, to be always there for you  
Holding your hand, taking care, with my love so true....

I'll be the one, to make sure your remain alright  
Will shine your day with rays of our love so bright...  
I'll be there, to look after you, to always take care  
Will give you beautiful nights, with our love to share....

As long as I am alive, you have nothing to worry  
I will walk along you for miles, I am in no hurry...  
I'll be the one for you, to drink all your tears  
All my smiles are yours; I will take all you fears....

I know you need me, honey, as much as I need you  
Promise to love you like this, promise to be always true...  
I'll be the one, on whom you can always trust and rely  
I will love you always; will never make you cry....

You're the one with whom I want to be with  
And the only one without whom, I can not be...  
I'll be the one for you as you are the one for me  
You are special to me; you always were and will be....

These moments we share, will never remain the same  
Like weather changes from sunny, chilly, spring and rain..  
I am that one guy, who will always be there for you  
Who'll walk with you; holding hands, with our love so true! ! !

# Kites, Like Two Of Us

Feel my love and let our hearts fly  
Like two beautiful kites in the sky....  
Away from the rules of this world  
Just in control of thread of our love! ! !

Come in my arms; let our fears go by  
Like two beautiful kites in the sky....  
Hugging each other amidst deep love  
Feelings; as pious as a white dove! ! !

Love this moment; let our souls enjoy  
Like two beautiful kites in the sky....  
Loving each other's presence around  
Away from sins, only love to surround

Lets go far, lets make a try  
Like two beautiful kites in the sky....  
Making love in the heaven up above  
Rising higher in the depth of love! ! !

Baby, we two are like those kites  
Sometimes closer; sometimes fights....  
Still we love to fly high in the sky  
Tangling in love; until we die! ! !

# Let Me Hide You

Let me hide you in my heart  
Allow no one to see you apart from me...  
Will love you my love more than my life  
I swear on myself to make you believe....

I've come to bring love in your life  
To dedicate my every breath on you...  
Come and bring life in my heart beat  
Come close to me and make this true....

Let me hide you in my arms  
Allow no one to touch you apart from me...  
Making you feel special all day  
Love in my eyes, baby now you can see....

I remain lost; can't sleep at night  
My love for you has made me insane...  
Your thoughts are never out of my mind  
How much I crave for you is hard to explain....

Let me hide you in the depth of my love  
Allow no one to love you apart from me...  
Telling you how much you mean to my heart  
I say "I love you" by getting down on my knee! ! !

# Like Your Sky

Wherever you go, wherever you are  
You'll find me there, no matter how far  
It doesn't matter how distant you fly  
I'll always be with you, Just like your sky....

If ever you feel, hot sun rays around  
I'll become a cloud to sooth your surround  
If ever you feel alone, lonely and solitaire  
I'll become your shadow to always be there....

If ever clouds of sadness surrounds  
Let them rain on me with all their bounds  
If something bothers or you're upset or hurt  
Allow those pains and troubles to hit me first....

Ever since you've come in my life  
You've spread around a trap of smiles  
Now I've understood the true way of living  
By getting lost in you, I've found my everything....

Wherever you go, I'll come with you  
Will walk with you till the life is through  
Wherever you are, no matter how far you fly  
I'll always be with you, just like your sky! ! !

# Listen To Your Heart

Why do you hide, feelings of your heart  
Listen to your heart so that we can make a start....  
Why there are distances between me and you  
Hold my hand and let's make this relation true.....

Listen to your heart to what it says  
It will guide you, will show you the way....  
Close your eyes and try to see this  
Image of one single person you wanna be with....

When in love, this heart goes insane  
Won't listen to whatever the world say  
It doesn't care about society's rules  
In love of someone; becomes obstinate and fool....

I know you love me the way I love you  
Know you wanna be with me till the life is through  
I know this and my heart also know  
During soltitude you miss me a lot.....

Listen to your heart and listen it true  
It says you feel for me the way I do....  
Understand these feelings and let's be together  
Our hearts says; we are made for each other! ! !

# Love In Paradise

Love in Paradise

I see in your eyes, I know you want to fly  
To heaven up above, to our own little Paradise  
You wrap arms around me, I hold you tight  
We fly in the sky, and our love feels so right...

This place is so beautiful; no one seems to be around  
We are away from that earth, only our love to surround  
Flowers, fragrance, shiny crystals and we see a waterfall  
Gods, Angels and Fairies, we've got blessings from all...

I hold you from behind, hug you close in my arms  
Sweet kisses on your neck as I turn you around  
I trace your cheeks with my gentle finger tips  
Our tongues twine in love as we kiss each other's lips...

The music of birds, how divine they really sound  
You embrace me in your arms and kiss me all around  
I feel your warm breath, a moon light goddess you look  
We make love in paradise, perfect as Shakespear book...

I look into your eyes; I know you wish to stay here  
With me holding you in my arms, with me taking care  
Baby, this is our heaven, which we'll always remember  
Our own Paradise of love, where our souls surrender! ! !

# Love Is You

What is love, how can it be defined  
Some say it's an illusion; impossible to find...  
I believe, it's God's gift, resides in our hearts  
Binds two souls together, never to be apart....

Love exists in this world in different names and forms  
One thing in common, it has no condition; no norms...  
Love makes one's life beautiful, gives reasons to live  
It makes no demands, but has everything to give....

Love gives us strength, the courage to fight  
To face the bad time with all its might...  
Love heals our deep wounds and pain  
There is nothing to lose; love is all gain....

Love is an intense feeling shared between two hearts  
Feelings of care; a promise to be never apart  
Love is a passion; seeks no boundaries no language  
Love is for you and me and people of all age....

Love is a trust, Love is surrender  
It's an emotion which is warm and tender  
Love exists everywhere; Love is Eternal and true  
Not sure how it's defined, but for me, LOVE IS YOU! ! !

# Love The Way You Look At Me (A Song)

A thousand times I look in your eyes  
Every single time, I feel you'll be mine  
The way you stop, turn around and see  
Your eyes, baby, go right through me...

I just love the way you smile, and look at me  
As if my heart knows, you are its missing beat...  
I believe, there is something special between you and me  
Coz I truly feel...  
I just love the way you smile, and look at me...

I don't know when I fell in love with you  
Maybe right at that moment, when I first saw you  
You looked at me, and you looked at me again  
I felt so much love, and it started to rain...

I love the way you smile, and look at me  
As if my heart knows, you are its missing beat  
I believe, there is something between you and me  
Coz I truly feel...  
I just love the way you smile, and look at me

No one looks at me the way you do  
Your eyes say so many things, yeah it's true  
How I feel so different in your eyes?  
Baby, I just know it happens every time...

I just love the way you shy, still you look at me  
You are the one for me, you will always be  
I believe, there is something special between you and me  
And I truly feel..  
I just love the way you smile, and look at me...

Our love, is not a game...  
Baby, believe me, when I say  
Our love will forever stay....

Now I know who you are and who is me  
Love in your eyes, baby all I can see...  
You hold me close, you hug me so tight  
Baby I love you, Just stay in my sight....

Yes we are, those twin flames  
Our love, is not a game, baby...  
Believe me, when I say  
I'll always love you this way....

Love you this way... Hmm HmMMM...

You are... my reason to breath  
and I have, my smiles to give...  
Will you believe me, when I say  
Baby, Our love will forever stay....

Weather may change, but dont be surprised  
Keep holding my hand, we'll face this through

## Lovers... (2011)

When I look at you and you look at me  
Lovers... we are meant to be  
You smile and then you shy away  
I know this is love from the very first day...

I love the moment when you walk with me  
Holding hands... at the shore of the sea  
You come close and you hug me this way  
I know you love me, but I wanna hear you say...

Together we are and we'll always be  
Trust me... I want to make you believe  
Will love you always through night and day  
I know that you know, but I love to convey...

Life is one, and I wish to spend with you  
You and me... with our love so true  
Time may change, but we'll always pray  
I promise you, our love will forever stay...

When I look at you and you look at me  
Lovers... I know, we will always be  
You love me so much and I love you this way  
We know this is love from the very first day! ! !

# Moments: Like Never Before

This is the night, we always dreamed of  
Alone You and Me, moments like never before  
Come in my arms, Let's reprise our Love  
Lose yourself in me; as stars in the sky above....

Candles are lit, beautiful roses are around  
You in my arms, with only love to surround  
Soft music in the air; how romantically play  
Let's make this night and no further delay....

I can feel the fragrance of your breath  
The touch of your fingers around my neck..  
Warmth of your lips, gently touching mine  
Carassing in love, the moments so devine...

I brush my fingers in your beautiful hair  
Cute kisses and pecks; lots of love and care  
Hugging and cuddling making love together  
Blessings from above; truly made for each other

How heavenly my love, you look tonight  
The shine on your face, your smile so bright  
So blessed I am being loved by you  
Like Romeo n Juliet our love is so true

This is the night we'll always remember  
Full of love and our souls to surrender  
Stay in my arms, I wanna love you more  
Alone You and Me, Moments like Never before.....

Just in a blink of an eye  
I shall wait an eternity  
This my love, you will see...

Keep it safe so that we are never apart  
My heart is full of love; feels no pain  
Your love has made me crazy; has made me insane

How this moment goes by  
Like a shooting star in the sky  
My love is eternal and my heart agrees  
This my love, you will see

Make a small promise with me  
Its more real then lives we live  
My heart beats along with your heartbeats  
I will follow your soul wherever it leads

How fast this time goes by  
So hold my hand and make a try  
I will love you until I breath  
This my love, you will see.....

# Only One For Me

Life wasn't the same, when you were not there  
Everyone was around but I used to be solitaire  
You came; along came all the happiness that set me free  
Now I know what I wanted; what was missing in me....

I love you the way you are  
Just give me a chance to make a start  
I'll be there for you; that's how I see  
All I can say, You are the only one for me....

You are miles away, still I love you this way  
But I feel you are with me; in my every day  
I love you with all my heart; all my sincerity  
Don't know what lies ahead, togetherness or disparity....

I love you no matter wherever you are  
Once we are together, we'll never be apart  
My love for you is honest, that's how I see  
Wanna tell this, You are the only one for me....

I wish you could ever come and see  
How incomplete my life has been  
I wish you could ever come and feel  
What I've to offer and what I really need....

I love you even if you don't agree  
Won't ever force you to be with me  
Wish you get all what you love; all what you need  
But I'll confess, You are the only one for me! ! !

# Our Love: Needs No Language

One Beautiful Morning, I saw you standing there  
Vivaciously Divine, sparkling eyes, shiny hair...  
You looked like an angel, someone sent from above  
Didn't know what happened to me, May be a feeling of love....

It was drizzling that day, and you looked in a hurry  
I stopped by you to give you a lift, and said No Worry...  
You said something to me in a language different to mine  
Then sat next to me, and our story started so fine.....

I can see in your lovely eyes, to feel what you say  
Never felt our languages can be a barrier in any way....  
You speak Spanish, I am so Indian, still we can talk  
I know what lies ahead; With you I am ready to walk....

I learnt to say 'Te Quiero' means I really Love you  
'Tu Sonrisa es Bonita', your smile so Beautiful and true...  
How cute you look when say 'Namastey' to greet me  
Our actions speaks for our love, that's how it should be....

Somehow, you always know, what I wanna convey to you  
You always make me understand with your love so true...  
You smile with my smile, you get to know when I am sad  
Makes me feel better, support me when the time is bad....

I can read your lips, feel the words of your heart  
Know what you say, that we will never be apart...  
Wish to tell you, we will always be together  
Our languages may differ, but we are made for each other....

We two in love, so different but yet so similar  
Don't understand languages, but feel so familiar....  
So surprised I am, how our bonding has come of age.  
Our Love is so true and love, like music, needs no language! ! !

# Perfect Love

A Perfect Love, does it really exist  
Is it a Myth, a Reality or the God above...  
To answer this question up to my satisfaction  
I set out; In search of PERFECT LOVE....

Met a Priest, asked what is perfect love for him  
Said it is the love we all have for LORD..  
Unsatisfied I was, b'coz in this mean world  
God is remembered only when we're upset or bored.....

Met a Poor, asked what is perfect love for him  
Said he don't need love, only Money he need...  
Disappointed I was, b'coz in this selfish world  
Money cannot buy love and love is not a greed.....

Met a big tycoon, asked what is perfect love for him  
Said it is the love we all have for the Wealth around...  
Unsatisfied I was, b'coz in this materialistic world  
Wealth and riches cannot surely make happiness surround....

Unsatisfied, disappointed; my question unanswered  
I raised my hands to ask God behind the skies....  
Then I saw You, you came and hugged me your arms  
I saw PERFECT LOVE, in your beautiful eyes! ! !

# Proposal

There are few words I need to say  
Something has struck me since past few days  
Need your time to listen me through  
My heart says I am in love with you....

Give me one chance to make a start  
Promise you; we will never be apart  
You may not feel the way I do  
But I promise to always love you....

My love for you will remain forever  
Hold my hand and i'll leave you never  
Swear on myself to make you believe  
Only a "yes" from you can give me relief....

Weather will change the time will change  
My love for you will remain unchange  
I get down on my knee to tell this true  
I love you baby; I love only you....

I'll protect you from all evils and bad  
Always make you smile; never let u feel sad  
Will be your shadow throughout your life  
Accept my proposal and be my wife! ! !

# She Is, My Mother

She was there, taking care of me  
Even when I was not on this earth...  
She is the one who has made me what I am  
The one who brought me up, gave me birth....

She held my hand to teach me how to write  
Taught me manners, what's wrong, what's right...  
She is the one who filled all education in me  
Whose love is unconditional, has always been with me....

She taught me how to stand, how to walk  
Gave me strength, Taught me speech and talk  
The one who used to awake all night to make me sleep  
The one who cares for me and most important to me...

She let her dreams go, just to fulfil mine  
Left all her wants and needs just to make me fine...  
Wish I could do a bit for her, bring her smiles  
I love her the most and will do till the end of time....

She is there in my highs and lows  
Helps me in bad times, help me let it go...  
Wish to give her the best, as she is no other  
She is my God, my prayers, She is my mother! ! !

Dedicated to All Mothers and Motherhood. Today 19 July is my mother's birthday  
and I dedicate this poem to her.

# Still Love You

Somewhere down the road  
I am feeling this way,  
You're not coming back to me  
No matter how hard I pray.....

You were not like this  
Feeling less towards me,  
The love in your eyes  
Baby, now I can not see.....

I thought you love me  
the way I love you,  
But you prove me all wrong  
That's what I know, that's what is true.....

I heard first love remains  
forever in our hearts,  
Either I wasn't the one for you  
Or this is all myth; All false....

Now what can I do  
Apart from missing you,  
You have moved far away  
But I Still Love you! ! !

# Tough To Say... Goodbye (A Song)

I don't know why you're lying to me  
And you think that I will believe  
You say you don't love me anymore  
Now tell me how you can be so sure...

Tell me then why do you cry  
I can find a way, I can try  
What's the reason, tell me why?  
It's so tough to say... goodbye...

I look at you, and all I can see  
Love for me, so much just for me  
And you say you don't feel it anymore  
C'mon tell me, what makes you so sure?

Still you say it isn't a lie  
Then tell me why you cry  
What's the reason, please tell me why?  
It's so tough for you to say... goodbye...

Trust me, we can solve anything  
Good bad days life always bring  
We need to be strong even more  
Believe me, I am so very sure

Along with you, I also cry  
We both know our love can survive  
Just hold on, I tell you why  
Coz, it's so tough to say... goodbye!

# When You Were Gone

I still remember the day  
When my life turned so grey...  
The day you left me all alone  
When you died, When you were gone....

The precious moments I spent with you  
Were so beautiful, were so true...  
They make me smile, they bring me pain  
I cry so much all alone in this rain...

I close my eyes, I see your face  
I still love you, how my heart aches  
With you, all my smiles are gone  
Without you, I am all alone...

I wake up, but can't see you next to me  
A loneliness, a solitude is all I feel...  
I hug your photos, close to my heart  
Reminds me of promises to never be apart...

Now you've left me, All I can say  
I miss you so much, all night and day...  
Will wait until we're together with our love  
When I meet you, in heaven up above...

I still remember that beautiful time  
When you're close to me, When you were mine  
But one day, You just left me all alone  
When you died in my arms, When you were gone! ! !

# You And Me: Friends Forever

You and Me: Friends Forever

All of us need, one friend so true  
To be with us always, like I have you..  
You and me, are friends forever  
No matter how's time, I'll leave you never....

My life is beautiful, ever since you came  
I have all the smiles, no more troubles or pain...  
Now I have someone to listen me through  
Someone who supports and cares me true....

You wipe my tears, whenever I am sad  
Always stay with me, whether time is good or bad...  
You laugh with my laughter, always make me smile  
You're there for me always, walk with me every mile....

I wish I could be as good friend as you are to me  
You are very special; I wish to make you believe...  
You are my support, a shoulder on which I can rely  
Weather may change, but you stay with me, like my sky....

You, me, everyone needs one friend so true  
To share, to care, to be always with you...  
You are my best friend, we are friends forever  
No matter how's time, we'll always stay together! ! !

Sweetheart, You and Me  
Its a strange story...  
But its so very special  
It provides me Glory! ! !

I rose in love  
Years ago....  
It was for the girl  
who I already know! ! !

The girl was beautiful  
the girl was true  
The girl was my life...  
That girl was YOU! ! !

You taught me how to love,  
taught me how to care..  
Those moments spent with you  
Will always be there! ! !

The frist hug, the first kiss  
The warmth of the love so tender  
What I did for my love  
Was totally a surrender! ! !

The rush from the college  
To meet you at the stop  
Time used to be around 5 pm  
My life was really over the top! ! !

Your eyes so beautiful  
Your soul so soothing  
Your aura so mesmerizing  
I gave my love my everything! ! !

I always used to hold,  
Your left hand by my right

Wanted to tell you  
That I am always by ur side! ! !

I was living my life happily as ever...  
Full of love and care  
A split between us,  
i thought will be never! ! !

You one decision to break  
shook me up deep within...  
I was broken, I was lost  
I didnt know, where to be! !

I tried to fix the things  
but u never seemed interested  
You left me all alone  
which i never expected! ! !

Baby, i missed u always  
thought of you as the time goes bye  
people came and went in my life..  
But your place in my heart; i never let it go by...! ! !

Time turned around  
history itself repeated...  
you came back into my life  
when mattered most; really needed! ! !

You brought smiles  
back in to my life...  
I started living again  
started feeling nice! ! !

I started thinking of spending  
rest of my life in your arms...  
Started dreaming again...  
A life wid you, full of charms! !

But you broke me again,  
gave me no reason..  
left me asking questions  
left me in pain! !

Today, i m happy for you  
coz sweetheart, i want your best  
i have kept aside my feelings  
kept them at rest...! ! !

I hv promised myself; not to force  
not to question or demand  
coz true love is not always  
wat u need; wat u want! ! !

I will wait for you...Coz as I said...  
Sweetheart U n me..its a beautiful story! ! !

# You N I - Dancing In This Rain

Holding hands, getting closer together  
In love of ours, and this romantic weather...  
Amidst all happiness, no room for pain  
You and I, We're dancing in this rain...

These showers of rain are blessings from above  
For you and me, for all people in love...  
I hold your hand and make you go round  
Loving you as we dance, without any bound...

I hug you in my arms, your head on my chest  
We dance in this rain, everything else is at rest...  
Our feet move in harmony, how beautifully we dance  
This is the moment of love, perfect moment for romance...

Your arms around my nape, as I hold your waist  
Our bodies fully drenched in rain water taste...  
Droplets on your lips, make them look so divine  
So soft they feel, when I kiss them with mine...

Feeling warm breaths, hugging closer together  
You're in my arms in this romantic weather...  
How passionate is our love, we feel the same  
You and I, Baby we're dancing in this rain! ! !

# You N I And This Moment

This is the moment, we wanted to live  
You n I together; lots of love to give....

Moon is full; looks beautiful today  
You n I, always waited for this day...  
Night is blue at her shining best  
Lets make love; keep everthing at rest....

This is the moment, we always waited for  
Our first special night; time is like never before....

Come closer to me and hug me tight  
Loving each other amidst dim light...  
You don't know how stunning you look  
Wanna make this moment; a shakespeare book....

This is the moment we both used to dream  
You n I together; no one around to be seen....

I love the way you shy away like this  
When I come close to give you a kiss...  
Look in my eyes; tell me what you can feel  
No one sees you baby the way I see....

This is the moment we both will remember  
Our first night together with our love to surrender...

Lets live this moment with our love so warm  
God of love has blessed us with all his charm  
Baby, hold my hand and come closer to me  
Feeling eachother's breaths; setting our souls free! ! !

# Your Love, Is More Than Words

Your Love, is more than words

I always wondered, why you used to run away from me  
On hearing me say 'I Love You', when I tried to make you believe...  
Always felt you love me, but you never said anything, only cried  
Now I know, its the power of speech from which you're deprived....

Here I am, to tell you, I love you for who you are, how you are  
For me, you are my angel, with so much love for me in your heart...  
I don't care if you can't speak, to express your feelings so true  
God has given you most beautiful eyes, and your eyes speak for you....

Hold my hand and I swear on our love to make you believe  
You will never ever feel that you can't say something to me...  
I will be your voice, I will always be your power of speech  
Just look into my eyes, and try to see what I can feel....

Love and passion needs no words, no language to explain  
Like love of sky for earth, in the form of beautiful rain...  
It is a feeling, an emotion which is impossible to be defined  
Love is God, exists in everyone and everywhere it can be find....

I can look into your eyes to know what you need to say  
Can sense the touch of yours to feel what you wanna convey...  
Can understand your Hug, your Kiss, your Smile, Your tears and pain  
Your Love, is more than words, needs no speech to explain! ! !

# Your Love: All I Need

Can You hold my hand today  
Time has not been good off late  
Troubled waters; Life is in a mess  
Broken I am, in a total distress...

Life was so beautiful, the day you came  
Then I got busy to earn money and fame...  
Took you for granted, diverted my mind  
Now learnt my lesson, that i was Blind....

Can you give me one hug so warm  
So that I froget all pain, all harm..  
Nothing's working for me at this time  
Hug me in your arms, I will be fine....

We men always feel, we're much stronger then you  
But I need you my love to support me ture...  
We may look tough, but we're weaker from within  
So show me a way, for my life to begin....

Can you once love me, like you always do  
It'll heel my pain, with your touch so true...  
Wish to reprise my life, with all my heart  
Your love is all I need, to make a fresh start! ! !

# Your Name...Emma

Dedicated to my friend Emma Adamyan who asked me to write a poem for her on her beautiful name. I hope I do the justice.

How amazing is your name  
Not everyone has the same...  
Your name Emma, means tender  
Like a pious love with surrender.....

You are my unseen friend  
Your name so true, no false pretend...  
Your talks so sensitive, so gentle  
You're true to your name, soft n tender....

With so beautiful name, beautiful you are  
We're friends, no matter if we're far...  
We'll stay in touch as long as we live  
Friendship has no demands, has everything to give....

Wish you have your life, as beautiful as your name  
Soft n tender, without any trouble or pain...  
Wish you remain happy, full of laughter n smiles  
I am friend, sending wishes across miles! ! !

A poem for my friend Emma.

# Yours The Love That Won My Heart (A Song)

There is something in your eyes  
You look at me and smile...  
I know you're falling for me... That's right...

I look at you and see  
Your eyes go right through me...  
I know this is your love... All for me...

Now this is what I've always lived for...  
I can tell you, I can't ask for more...

You're the one... You're my life  
You're my hope, and, you're my light...  
You're the one, right from the start  
Yours the love that won my heart....

There is something in your touch  
I can feel your love... Yeah, it's such  
And it makes me love you... so very much...

I wish to hold your hand and pray  
I would hold it night and day  
And then you hold mine... I love the way

Now this is, what I've always lived for  
I wanna tell you, I can't ask for more...

You're the one... You're my life  
I am with you in darkness and light  
Yes, we will never be apart  
Coz yours the love that won my heart...
