

## Importance of your significance

Rising in the morning finding your inner strength to let the day begin  
Inner beauty now glowing upon the world stage from within

Walking through the clouds and navigating life's sea  
Clearing the fog of emotions to set yourself free

Your soul blossoming like a bunch of the prettiest flowers  
Each petal of kindness radiating for hours

When dark times fall flick on your switch of hope  
You're the colour in the world, you're an amazing kaleidoscope

Suffering and pain not always visible  
Make other's happy and be formidable

Shining your spotlight of affection  
Be the spark making the connection

Uniqueness shown through your expressivity  
Make other's believers in your positivity

As another day draws in never underestimate the importance of your  
significance

Wait in anticipation for a new dawn to rise, you're the living star  
making a difference
