# Imran Islam()

I'm young-  
So, I sing of youth  
Every niceness is beloved  
So, I would like to be nice...

Lure Pot is my pen name

# A Honey Bee

I am just me,  
not like others  
If you don't think  
about love  
Then we can be  
just friends.

When you'll know  
me as well  
Like the dove knows  
the grove  
Then that, will you  
ring a bell?

Don't smile and gaze  
at me please  
Then I will fall in love  
with you  
Just stop playing  
with me like this!

Your moony face  
keep sipping me  
It feels like my dream  
will come true  
When you will feel  
you need a honey bee.

Then I want to be  
your honey bee,  
Just think of me  
and see  
I can be and I will be  
your honey bee!

# A Message To Me

You are a message to me  
Message from heaven  
Message of my love  
You are my first love,  
You are a message to me  
Message of my first love  
Message from heaven.

I haven't ever seen you  
and haven't even heard  
sound of you love me  
You are a message to me  
Message of my first love  
Message from heaven.

I haven't ever been in love  
I've never loved someone  
Yes, you are the first one  
You are a message to me  
Message of my first love  
Message from heaven.

I have never thought of you  
never thought you'd be mine  
but truly you're my love, mine  
You are a message to me  
Message of my first love  
Message from heaven.

# A Real Friend

Sorry, I am just your friend  
Nothing more, nothing bad  
Smile please, don't to be sad!

I always believe a friend is who  
touches my feelings and does  
everything for my goodness.

A real friend never goes far away  
when another friend is in trouble  
and stays side by side day by day.

A best friend who still loves me  
and knows all about my secrets  
who sad in my sadness, will be

A good friend doesn't ever laugh  
when I am wrong or upset and  
helps when I'm not good enough

A friend likes a mirror which  
says truth about me, as mine  
You're my best friend, it's fine.

# A Suicide Note

Sweetie, I am doing great  
Make yourself feel good  
Wishing you a happy life  
Nothing to say anymore  
Just send a letter  
To the blue sky  
I'll be there forever  
In the same mood

Forgive me, beloved  
If I am ever rude  
Don't get me wrong  
Oh, my dear friend  
Just send a letter  
I'll be there forever  
In the same mood

You are at my around  
And inside of my heart  
But today you've found  
A new life; I'm falling apart  
Just send a letter  
I'll be there forever  
In the same mood

Please hear this sound!  
I don't want to commit suicide  
Your sudden separation  
Makes me The End  
That is why, today  
I have to say goodbye....

You send a letter  
I'll be there forever  
In the same mood.

# Another Bird Songs

An another bird sings today  
in the forest of your love  
An unknown man rows today  
the boat of your love.

Today you are drawing  
someone's new dreams  
And another sun rises  
in your morning.

I heard someone else's song  
in your voice of pride  
Does it give you pleasure  
to not think of me inside?

Maybe you've written lately  
someone else's life story  
Your gave an another poet  
all of your love poetry.

Yeah, I feel so relieved today  
to see your happy smile  
I don't get hurt anymore  
to think of your memories.

You're having a good time  
keep it up sweetheart,  
I have nothing to ask you  
I will always be alright.

# Asking For A Wife

Hey beautiful, cute Girl  
Will you be my beloved?  
Holding my hand  
Breaking all of the obstacles  
Will you elope with me?

Hey wonderful, sweet Lady  
You would be a bride  
Will you be mine?  
Oh gorgeous, lovely Honey  
Will you hold my hands?  
Without any fear

Hey adorable, shy Sultana  
You are light of my life  
Do you believe me?  
Who bind me over  
To think about you  
Will you be my wife?

# Be My Love Poetry

I am sick of love  
You are drug to me  
Like, I am a wave  
and you are my sea.

Like, I am the tide  
and you are my stream  
I feel great pride  
'Cause you're my dream.

Maybe I am careless  
and you are my rousing  
When I am hopeless  
You are my promising.

I am just a stage  
and you are my story  
I'm a blank page  
Please be my love poetry!

# Because Of You

Today there's just no words to express  
what's going on inside of me  
and there's just no place to address  
where is going on end of me  
because of you, my beloved  
I still believe you'll turn me back  
Because I'm melted into you  
I loved you  
I still love you  
and I'll always love you.

Today there's just no sounds to explain  
what's going on into my heart  
and there's just no pen to write down  
what's going on in my life  
because of you, my beloved  
I still believe you'll turn me back  
Because I'm melted into you  
I loved you  
I still love you  
and I'll always love you.

Today there's just no colors to draw  
what's going on with in me  
and there's just no tears to cry  
what's going on into my eyes  
because of you, my beloved  
I still believe you'll turn me back  
Because I'm melted into you  
I loved you  
I still love you  
and I'll always love you.

# Born To Gain

I didn't come to the world  
just to see its beauties  
I was born to gain everything  
I came here to do my duties

I did not come here to destroy  
I was born to make something special  
I did not come here to cry  
and not to make anyone want to cry  
I was just born here to win everything

There is no leisure time in this world  
I came here to do something  
and to delight in the outside  
I was not born even to feel trapped  
I came here to reach the equanimity  
I did not come be tortured  
I was born to utilize to everyone

I came to overcome the bind  
I'm going to make a heaven here  
This world is a beautiful flower  
I'm just a bee, and I'll take out its honey.

# Busy With Loving

I am busy, you are busy  
The skies are busy  
The stars are busy  
The winds are busy  
Lovers are busy too  
No one else is busy in love

The couples are busy  
The cities are busy  
The sun is busy  
The moon is busy  
Singers are busy too  
No one else is busy in love

Boys and girls are busy  
The moonlight is busy  
The oceans are busy  
The pleasure is busy  
in role of love  
Playwrights are busy too  
No one else is busy in love

Everyone is busy with loving  
That's why we are flying the flag of love.

# Come On Buddy

Come on, buddy, come on  
Get in my boat of love,  
I'd like to row this boat  
with you if you don't mind.

We will talk together  
with the full moon  
We'll talk to each other  
Oh It'll be joyful and boon.  
I'd see barefoot dances of you  
in the moonlight, oh my dear!

Come on dear, come on please  
on the ghat of my love,  
I'm sitting here on the shore  
Just waiting for you, my dear!  
I will see you with happiness  
When moonbeams brighten you.

I will grab the oar of the boat  
and you'll be the sail of it,  
I will spend the full moon night  
with you in this rowboat.  
Tonight the moon will smile  
If you get along with me!

Don't let know anyone about it  
Dear, furtively come to me tonight.  
You'll be my companion  
What's wrong with that!  
We'll row the boat of love  
In this pleasing moment!

Imran Islam

# Could You Stop It

I had been waiting for this day  
I'm confused what did you say  
Am I seeing the moon in the sky  
Or who's cool clam and so shy!

I'm confused, I'm so confused  
It's not true, maybe it's a lie  
I'm amused, I'm so amused  
I forgot one day I have to die!

No, no, I am scared of death  
I am an examinee on earth  
Yah, you wind me up so high  
But soon I have to say goodbye!

Here I am just a traveler  
It's wrong, I'm not a lover  
Don't try to be a honey pie  
Stop it now please, fie, fie!

Imran Islam

# Couples Are Conditionals

You like her happy smile,  
She likes to make you happy  
You love her eyes and beauty  
And she loves your compliments.

She wants family, kids and you  
Yup, you make money for them.  
She wants you to be next to her  
Maybe you prefer not to be alone.

You melt into her lovely heart  
And she's glad to melt you down.  
But sometimes hurt comes out  
into your lives from anger and doubt!

Imran Islam

# Creation And Coronavirus

The world is swimming in coronavirus,  
and the borders are quiet!  
The nature is speechless,  
and all human beings are helpless!  
Our relatives are far away,  
Everyone's heart stops beating today.  
Every country has this trouble, no one can't be fearless!

In this crisis, the earth becomes heartless,  
Children have been leaving their parents!  
No food at home, and people are workless.  
The pain of losing family, friends  
and loved ones make miserable all of us.

When will the nature be calm, will the universe be back?  
Will we get back our normal life?  
How long coronavirus will last in the climate?  
Will we get used to be with this pandemic?  
God is absolute and eternal, all of creation will be silent!

Imran Islam

# Dark And Moonbeam

I will never call you to me  
You never need talk to me  
And I'm not crying for you  
I will never wait for you  
No need to be sorry, go away  
I will look for a new day.

I keep trying to be ordinary  
No need you in my dictionary  
I already knew about your love  
Its mean is so awful and stove  
I have nothing to forgive you  
Because today I don't love you.

You can go away, you are free  
You can take out my love's tree  
I'm not alone even if you're going.  
Hurting of separation is coming.  
Have a good time with your dreams  
I'm the dark, you'll be moonbeams.

Imran Islam

# Dear Friends

Dear Friends, you do not need to hide  
your real age  
You really do not need to show  
your cleavage  
no need to for showing  
your nudes  
to get a boyfriend or husband.

A simple smile of you  
is enough for showing  
your beautiful looks.

A true gentleman will fall for you  
and accept you  
because of the beauty inside you  
not of your outer looks instead.

Why do you hangover  
and sleepover  
with a friend or guy  
to help something shit?

You feel like smiling  
for compliments from unknown men  
but you get your real man wrong  
when he says  
&quot;you're ugly or fat&quot; for having fun.

A relationship based on  
outer looks may look really great  
but can't stand strong  
as outer beauty is  
surely going to fade someday.  
While, relationship based on  
two true hearts and souls  
can live forever.

# Dreams Force Me

I can't force to my dreams  
Dreams force me to walk,  
I never can lift myself up  
But dreams raise me up  
So, I should run to my dreams..

Dreams make me to fly in the sky  
and let me to walk on the moon  
Dreams can see the future but I can't  
They make my life easy but I don't  
So, I'd get back to my dreams soon.

Dreams are playing with me  
I can't see them easily,  
But when will dreams come true?  
Dreams just try to wake me up  
I should open my sleepy eyes.

The past will never come back to me  
and the future is not me to see,  
Then why should I be dreaming?  
when I am here in the present  
I see, I must try to hard to get what I needs.

Imran Islam

# Dreams Make Me Optimum

The past is my shadow  
the present is my mirror  
and the future is my dream  
my shadow just follows me  
the mirror says to me who I am?  
and my dream makes me optimum.

I would walk with new days  
I need to have some new dreams  
I would never be hopeless  
because I am young  
I need to be stronger in my next steps  
because this new morning gives me freshness.

The new day makes me happy and feels good  
I should take proper action  
against my lazy mind  
nature wants my company every day  
because I am still so young  
I must need to think of my bright future.

Imran Islam

# Everybody Needs...

Everybody needs to have a great love  
Every day need to  
have a good mood  
Some people have special or secret love  
But why is someone  
in a bad mood?

Everybody needs to have a bright life  
Every day need to  
have some dreams  
Someone has a beautiful and joyful life  
Why can't some people  
have any dreams?

You are a prince and I am a street child  
You sleep with diamond ring  
and I play in the dust  
You live in a haven and I'm in the cold  
Why do people have inequality  
between you and me?

Sigh, you study and go to school  
You learn science, technology  
and I take a dusty breath  
I enjoy you, but I have tears of a fool  
Do I have parents like you  
in this wonderful earth?

Imran Islam

# Find The Happiness

Look up to the blue sky  
with some tears for me,  
and find the happiness  
O Mom, look up for me!

Mama, if you feel hurt  
Forget all the pride  
Forgive me as your son  
for breaking your heart!

It's the truth of my youth  
to stay on the right path  
I will overcome the fear  
with confidence, O Mom!

May all your prayers  
be granted by the Lord  
Wipe away all of your tears  
Just smile, smile for me, Mom!

Imran Islam

# Forgive Me, Lord

Forgive me, forgive me,  
Forgive me, my Lord!  
I will never get rid-  
If you catch my sins!

There is no God but you.  
So, I apologize to you!  
Wherever I go,  
I must come back to you.

On this difficult day in my life  
Who can help me, but you?  
There is no one but you.  
That's why, I find you my Lord!

You've given me unlimited kindness,  
Give me more pleases!  
O Lord, take away this coronavirus  
Save me, save all of us!

Imran Islam

# Get Away

I see, you've been hating me,  
Then go your own way!  
If you don't love me,  
Why you've hurt me?  
Get away, Get away!

If I'm nothing to you,  
Then find a new place.  
You'll get more happiness,  
Cause the moon loves your face.  
Be happy my love, be happy!

I can't take this arrogance,  
My heart got burned for you.  
Your love and sweet memories  
Flow down tears in my eyes!  
Get away, baby get away!

You're gonna hurt me so much,  
With your smile and lovely eyes.  
Today, my heart is bloodless,  
But you're still jealous about me.  
How much happy you are, how much?

Imran Islam

# Get Ready To Go

My life is messed up  
I should fix it up  
I will, I have  
Here, I'm like a teacup  
You just take me to sip  
but not to love!

It's time to break up  
with you. Yup.  
There's nothing to do.  
I don't need silly back up  
You'd pack up and move  
So, get ready to go!

You need to wake up  
Come on, hurry up,  
and enjoy your life.  
No, I won't pick it up  
till I just make up  
some other lie.  
No, I'd rather die  
So, I must be ready to go!

Imran Islam

# Give Me A Smile

Your smile makes  
the moon smile  
your beauty makes  
the room brighter  
I like your nails  
I like your eyes  
I will be a fighter  
to save your smile!

Your voice makes  
the birdsong sweet  
your touch melts  
the stone forever  
I like your nose  
I like your lips  
I will be a lover  
to get your smile!

Your hardship makes  
my heart too hurts  
your tears make  
my eyes to yell  
and I feel unwell  
please, stop crying  
I love you, sweet  
just give me a smile!

Imran Islam

# Give Me Your Mind

Give me your soft mind  
Because you are so kind  
Let me see your eyes  
Because they are so nice.

I need an ocean full of love  
Don't be shy, is that all you have?  
I look for a bright morning  
Which ray is shining on your face.

Give me your happy smile  
Let me follow your style  
Give me your young heart  
Let me enjoy your voice.

You impress me with your honesty  
I want your love, not your beauty  
Don't let me wait, say something  
I will be waiting till you say, 'Yes'!

Imran Islam

# God Accept My Prayer

Oh my God, Oh my Lord  
Accept me and my prayer,  
Give me all Your blessings  
and protect me from the Tempter!

Satan is my real enemy  
and You always love me  
It's Your kindness my Lord,  
kindness to me forever!

Oh God, save me from the Devil  
and don't sear my soul in hell,  
I believe in You and always will  
Don't sear me, please don't sear!

The prince of darkness  
makes me always hopeless  
But God never leave me alone  
He is the only one  
Who makes me happy answer.

I'm so sinful, forgive me please!  
You're so kind, Forgive my sins!  
God, You are merciful and patient,  
Mercy on me in the day of judgement  
and help me to make myself more clear!

Imran Islam

# Granny

Granny Granny  
I love you  
How do you feel now?  
How are you?

Granny Granny  
I miss you  
What do you do now?  
Where are you?

Granny Granny  
Talk to me  
Here I recall you  
Can you see?

Granny Granny  
You're so kind to me  
as the tide in the sea  
Oh my Granny I need you.

Granny Granny  
Get the cure from the sore  
Stay safe and happy life  
Oh my Granny God bless you.

# Happy Smiley

Hey, thanks sweet, happy smiley  
Your smile is your beautiful art  
I am saying this seriously  
Your smile is melting this heart  
into love; your smile is lovely

Your smile makes smile bud flower  
Makes the moon smile at night  
Makes the morning smile forever  
Your smile makes someone happy  
Please, don't smile when I'm alone  
I cannot control myself here...

Your smile falls like moonlight  
Makes cool the ocean's fight  
Talks to the skies full of stars  
Your smile is fresh like nature  
and makes everything gorgeous  
Because your smile is contagious.

Imran Islam

# Have A Good Time

Welcome, my young friend  
Wishing you a wonderful day  
Respect to my old friend  
Wishing loneliness goes away

Hello, my little friend  
Have fun at school  
or on your Holliday  
You are all like a blue bay

That bay is full of dreams  
Today is better than others  
Have a good time, my friends  
Hope, you enjoy it always...

Imran Islam

# Heart Touching Smile

When heart touching smiles  
bloom on your face  
You look more beautiful  
than the moon in the sky,  
I love you, oh my dear  
I love you forever and ever!

When I see your lovely eyes  
I keep beatitude far away  
and melt into those eyes  
like the snow falls on the river,  
I love you, oh my dear  
I love you forever and ever!

Feeling of your shyness  
makes my heart flutter  
and your sweet voice  
repeats in my ears,  
I love you, oh my dear  
I love you forever and ever!

Your happy smiling face  
makes me cool always  
I found many of my smiles  
on your lovely face,  
I love you, oh my dear  
I love you forever and ever!

Imran Islam

# Hopelessly In Love

I have been sitting all alone on this river  
I have been waiting just for you, my love  
I'd like to see you much more again  
Please, take me over on the other shore

I would like to ask for something  
How much is left to get something  
I'm still very empty in this world  
Though I'm walking free all around

I have been sitting here from the morning  
Please, let me go now, my beloved  
How do I pass with my broken heart?

Today, I am just like a loser  
I've just left your memories  
I have run away with crisis

Have a look; I have not much time  
Could you fill this mind, please!  
How do I live without you, sweetie?

Imran Islam

# How Happy You Are

I see the happiness on your smiley face  
and the river flows through my eyes  
I'm so helpless and so hopeless!  
and this heart weeps for missing my kins.

The world's heartless and I lost my family  
Yet I have become stone hearted  
How helpless I am, oh indeed!  
I'm unhappy, but acting like I'm happy  
I'm the darkness and your eyes are full of light!

You have a happy smile but I'm so sad,  
Sometimes dream makes me scared,  
Yeah, I'm so hopeless in this cruel world  
How happy you are but I'm dying inside!

The morning comes to your eyes, but I'm still in shock  
Many birds sing in your forest and flowers smell good  
But I'm still so helpless and so thirsty of goodness.  
Be with you the light of peace forever  
and I have devoted my Creator.

Imran Islam

# How To Hide The Mirror

These eyes can be turned back  
But the mind cannot be turned back  
How to hide the mirror of my heart  
Because you're so sweet this rainy day  
Like some days you were so apart  
Its seems to me, I'd touch you anyway

It's raining, come on to me sweet rainy girl  
Touch me with your shyness I'm emotional  
Your beauty makes me a romantic boy  
That's probably why I would enjoy  
I'd enjoy of your loving touch anyway.

Today I wish you'll love me so much  
I would like to get your cold touch  
You're becoming so beautiful, so shy  
Oh, why do you hide your lust, why?  
Would you want to feel my love anyway?

When you have touched my heart  
You should give me your love  
Stay close today, don't be apart  
Do you feel shyness or love  
I would make you happy anyway.

Imran Islam

# I Can't Forget You

I couldn't try to forget you  
I wouldn't try to hurt you  
because I loved you  
but I don't think so  
right now like I miss you  
I just cannot forget you.

You were my heart  
and my soul  
You were my feelings  
and my dreams  
Today you're just memories  
A book of memories of love  
I just cannot forget you.

Do you remember the first look?  
Do you miss loving touch?  
Did you forget last night?  
These are all my tears today  
I just cannot forget you.

Imran Islam

# I Have The Right

I am a child like you  
I have a dream like you  
I have a heart like you  
I am mankind like you.  
I have the right to live like you.  
I have the right to freedom like you.

I want to play like you  
I want to smile like you  
I need to sleep like you  
I need a morning like you.  
I have the right to live like you.  
I have the right to freedom like you.

Why is my path bloody?  
Why do you blast my body?  
Why does dark smoke swarm my sky?  
Why do you grab my land, why?  
I have the right to live like you.  
I have the right to freedom like you.

You have no right to kill my dreams  
You have no right to kill my parents  
You have no right to kill my friends  
You're all killers; you're all heartless!  
I have the right to live like you.  
I have the right to freedom like you.

I want only justice  
I want a smiley face  
I want a peaceful place  
I just want a little peace!  
I have the right to live like you.  
I have the right to freedom like you.

Imran Islam

# I Have To Get Out

My life is on a time schedule  
one day I have to get out of this world  
and I'll not be able to do nothing  
and see nothing ever again  
I have to be the end  
I'm so afraid; my life isn't delightful!

There's only one thing  
I think would be beautiful  
about death is that there is nothing  
no pain no depression nothing  
if I believe in only one God  
and follow his messenger and every rule.

God, guide me to the right path  
I am full of sin and you're merciful  
I have done something wrong  
in this momentary world  
please, forgive me; I am nothing  
without your mercy; you're powerful.

# I Love My Princess

I'm so sad today.  
My one and only princess  
has been sick since yesterday  
my tears fall down when I look at her face!

She's getting some sleep now  
I'm sitting down next to her head  
I'm so nervous and so worried  
I don't know how I can stop crying, how!

I care about my daughter  
She's my soul and heart  
She's part of my life  
I love her so much, I love her!

I'm her best friend and she's mine  
Her choice is my choice,  
My princess is my eyes  
I can't think of new days without her shine!

I feel so happy when she's good  
I can't go to office  
without her kiss  
but she's sleeping now in a quite mood!

I miss her happy smile around  
her happiness is everything to me  
I want nothing at all  
I just want her smile again on this ground!

Oh Almighty God,  
You're our Creator  
I pray to you for her  
You're my daughter's cure!

Imran Islam

# I Love My Tears

I love my tears  
because they're falling for you  
I have no fears  
because I always love you.

I like your smile  
because it is so glad  
how do I smile  
if you're gonna be sad?

I like to wake up at midnight  
because of you  
I really don't need any light  
to feel you.

You are my breath  
you are my sunshine  
I won't be alive in this earth  
if you won't be mine!

Imran Islam

# I Melt Into You

Your shadow is like the clouds  
In my desert sky  
Your smile is the morning shine  
At my lazy door  
I will never lift myself up  
If I can't see you anymore.  
I need you so much in my life  
That's probably why.

I am just a body but you're its soul  
And one and only heart  
I am just a bird and you're its song  
And free wings  
I can't think of a new day without you  
And your silent art.  
Take it easy, I really love you  
Please don't be shy!

I'm just alone and you're like raindrops  
And falling on my lips  
I'm just the wave but you're its ocean  
Full of deep-water  
I am the moon and you are the sun  
To shine it all around.  
If you take me away forever  
Then I will die!

Imran Islam

# I Melt With The Ocean

When I sit on the beach and think of the ocean  
The dream comes with the waves and ask me  
'what's in my mind, what do I think alone? '

The ocean says to me with the rolling waves  
'to get down and to swim in that blue water'  
The waves on the beach and I are such friends.

I have also realized, all waves are like siblings  
As if they're talking about my hopes.  
Again I have started knitting my sweet dreams.

The sounds of ocean waves are singing in my ears  
happily in happiness without any request,  
Then this time I forget all my loneliness and hurts

I love the sound of the ocean waves  
and like the blue water and quicksand,  
I melt with the ocean when the wind blows.

But you are not mine  
Please, don't mind.....

Maybe I cannot say  
Some words to you  
Oh, I'm missing them  
My sweet, lovely  
great, happy smiley  
cute, amazing friend.  
Truly, here type is bind  
I am so sorry

# I Still Love Your Hurting

I always wish your happiness  
But you like to see my sadness  
I feel your pain in my heart  
You ignore me, give me hurt.

I write poems about you  
But you don't read them  
I miss you, I think of you  
But you forgot my name.

You smile but not at me  
You dance, but I can't see  
I believe you're still kind  
See, you're still in my mind.

Sigh, you love me tender or else  
You leave me alone or stay close  
I will keep writing my feelings  
I still love you and your hurtings.

Imran Islam

# I Think So

Suddenly like a summer rain  
You're falling ceaselessly  
On my eyes  
I think so  
In the courtyard of my mind  
You came so long ago.

The fire of separation of you  
Burning hard  
In my heart  
I think so  
In the courtyard of my mind  
You came so long ago.

When I feel hurts from your hate  
Make me forget them  
Memories of your love  
I think so  
In the courtyard of my mind  
You came so long ago.

I'm ruined forever  
But I still smile  
And always will  
I think so  
In the courtyard of my mind  
You came so long ago.

I am too alone today  
But I'm still happy  
With tender feelings  
I think so  
In the courtyard of my mind  
You came so long ago.

Imran Islam

# I Want To Be Held

Sometimes I am so sad  
and so lonely  
Today I'm just afflicted  
and just miserable  
maybe I'm too emotional  
I just want to be held  
now so badly!

I hate this loneliness  
I suck at it really  
You make me feel better  
and make me feel your love  
I need some love probably  
Please, I want happiness...

This lonely life is just boring  
So I need your love, beloved  
Do you ever feel  
how much I love you  
Would you love me anyway  
I would hear you say...

Imran Islam

# I Will Come Back

I will come back in this yard  
on the evening  
for your heart touching smile  
And I will come to the river  
alone in the afternoon  
to enjoy your walking on water.

I'll wake up early in the morning  
to listen to your song  
and the smile of your lovely face  
will break my pride.  
By gazing into your magical eyes  
I will draw my dreams  
with you forever!

When the noontide is busy  
I will miss you, dear  
and I'll be relaxed in the garden  
with your memories,  
I will smile in your happiness  
and love you always  
if I'm afraid of my future!

When the day is done  
and sunlight will be gone  
Then my thirsty eyes  
will be cool with your beauty  
and I will go back to my way again,  
I will be back, oh my dear!

Imran Islam

# I Wouldn't Let You Go

I have no need to feel your flesh  
I can peruse your silent heart  
There is no fault it's so fresh  
I'm an artist and you're my art.

You're staying in my little mind  
I have seen you in my dreams  
Maybe I would never go blind  
'Cause I prefer to see you always.

I see your light shines so bright  
I feel like you're my new moon  
For that I wanna hold you tight  
and I wouldn't let you go soon.

Imran Islam

# I'd Be Your Beloved

This happy and smiley face  
Looks like a silver moon  
Don't move away so soon  
I would like to retrace.

I would touch your shine  
I want to enjoy your smile  
But you're going to be agile,  
Sad to say you're not mine!

I had dreams on your eyes  
I had feelings on this mind  
I still believe you're so kind  
But you wouldn't say Yes.

Today I'm just your friend  
and a poetry, not anymore  
but you loved me before,  
I still want to be your beloved!

Imran Islam

# I'd Like To See You

I'd like to see you  
There in the sky full of stars  
In the earth full of moonlight  
In the morning full of flowers  
In the birdsongs which wake up

I'd like to see you  
In the dew on the grass  
In the heart touching wind  
In the shower of the mountain  
In the waves of the ocean

I'd like to see you  
In the green and rainforests  
In the mind touching songs  
In the white clouds of autumn  
In the rainy season of nature

I'd like to see you  
In the warm wind of spring  
In the golden paddy field  
In the beauty of green nature  
In the first snow of winter

Dear Young Generation,  
You will be in the future  
In the sky of the nation  
The bright sun...

Imran Islam

I'm asking if you love me!

You have everything  
I'm alone, I have nothing  
true love will never die  
this love is true, never lie  
I just love you sweetie  
I'm asking if you love me!

Imran Islam

# I'm Alright

You are not ugly  
You are not alone  
You are so lovely  
I am not gone

I am not sad  
I am not bad  
Make your mood happy  
Then I will be happy

I'm really sorry  
Do not worry  
Hello, my dear  
It is midnight  
I am here  
and alright.

Imran Islam

# I'm Confused

No one knows you're the moon  
in my secret sky  
I want to talk to you, sweetie  
but I'm so shy!

I want to walk with you  
but I'm nervous  
You are so cute and so sweet  
but your mom is dangerous!

Sweetheart, I love you so much  
but I'm worried  
You still act like you're very young  
that's why I'm confused!

Imran Islam

# I'm In The Darkness

I feel like I have no happiness  
I feel like I am a sea  
with no waters  
I believe this sea will be filled  
with my tears  
because I love you so much  
and my eyes used to cry for you  
I feel like I do not need you,  
I wouldn't think of you.  
I just know I have no address  
and this darkest path is endless!

I feel like I don't want you in my life  
because you don't love me anymore  
though I am feeling more alone  
than I ever have felt before,  
I can't believe you are heartless  
I never thought you felt so loveless!

I don't walk around with you  
I can't see your smile  
I just ask your friends about you.  
Yeah, I still follow your shadow  
and sometimes I look at your window,  
you know I need never be hopeless  
I have been waiting for some colorful days.

Imran Islam

# I'm In You

Baby, don't worry,  
I love you more  
than my soul  
You're my dream  
and life goal.

I feel so sorry,  
I'm not there with you  
right now  
But I always find myself  
in you.  
Soon I will get back  
to you.

I love you, I miss you  
Baby, don't worry!  
I feel you, I want you  
Honey, don't worry!

Sweetie, I will come soon.  
Your memories  
still make me smile  
I remember  
you were climbing a stile  
to walk with me  
in the afternoon.

One day all the dreams  
will come true  
'Cause everyone knows  
our love is true.  
There is no need to worry!

Imran Islam

# I'm Just Upset

I am so sorry my friend  
I have felt it wasn't good  
I feel so sad  
Like I'm so bad  
It's just a mistake  
Forgive me, turn me back  
If you smile then I will be glad  
I'm sorry for being a disappointment.

I am sorry, really so sorry  
I didn't think you wouldn't like it  
I erased it, so don't worry  
I feel like I'm creepy, take out bulkshit  
Promise, I'll never let you be angry.

You didn't forgive me, you still think  
You feel like you're not talking to me  
Poetry is not going to work  
Maybe you guessed I was dark  
I'm just upset, it's not very good  
You know I'm not pretty enough but shy  
I am still hidden, that is probably why.

I cannot forget about it; you were rude  
Anyway probably I'll think about it later  
I cannot forgive myself, sorry forever  
Have a look at your smile; it's not nude.

Imran Islam

# I'm Really Sad

I am so sad  
because of your sadness  
You said,  
"My heart hurts today  
I'm really sad"

I'd see your heart  
I'd read your heart  
I'd hear your heart  
I'd touch your heart  
I'd stay in your heart  
I'd feel pain of your heart  
Can I love you though I'm apart?

Imran Islam

# I'm Simple

I am so simple, I am single  
I am a very ordinary boy,  
I don't jumble, I stay humble  
It really gives me great joy.

I always smile and that's my style  
I love people who make me smile.  
I enjoy myself, I really enjoy!  
It's my pleasure, here I found joy.

I am free, I have no bounds  
No enemies, all are my friends.  
I am not numb like a toy  
I'm alive, I do feel love and joy!

I'm happy, I race to my destiny  
I do it alone or with company.  
I enjoy myself, there I found joy  
Indeed, I'm just a ordinary boy!

I love people who make me smile  
I do not gamble, I stay humble,  
I enjoy myself, where I found joy  
Really, really, I'm just a simple boy!

Imran Islam

# I'm Trying To Find Him

I am still trying to find him  
I am still crying for him  
I can't stop caring about him  
because I still love him!

I still miss him with school bag  
I still feel his sweet loving hug  
I still hear his melodious song  
I just can't forget his first poem!

Oh sweetheart, where are you?  
How are you doing now?  
My tears still miss you  
my heart can't erase your name!

I have loved you, love you still  
I always have and always will  
No one knows how I feel,  
but I need to tell my mom!

Imran Islam

# I'm Worried About You

I love you so much, but  
I still couldn't tell you that  
in words,  
If I could show you  
my heart  
Then you will believe me  
How much love there  
in my heart for you!

I would never show you  
my tears  
When my eyes cry for you  
in the midnight,  
I always want to smile at you  
If I'm burning inside!

I don't think about myself  
I'm worried about you  
How happy are you right now?  
Do you still smile like the moon?  
I care about you, I love you  
I miss you too often with tears!

Imran Islam

# In This Monsoon Rain

Today, in this heavy monsoon rain  
I've walked with you in the green grove,  
In solitude,  
I couldn't restrain my gaze  
from your walking in the rain.

The monsoon rain has touched  
upon your beautiful face  
How do I tie my drunk mind  
after looking into your rainy eyes!  
I've lost myself in monsoon floods.

Your clothes have soaked  
and eye polish has washed  
In these heavy monsoon rains  
You're walking along a long path  
What's wrong if I follow your steps!

Stop monsoon rain please!  
My darling has wet through  
and she's melting with shyness  
Maybe there's still a long way to go  
And my happiness is to win her heart!

Imran Islam

# Indestructible

Everything will be destroyed  
But you, you are God  
You are the Lord of the world  
Never tired and no mortal

You drive the skies and the earth  
The sun, the moon and the stars  
The darkness and Milky Way Path  
You are the only God forever

One day will come  
Everything will pull down  
Human and Jinn excuse to you  
You are the only one who can judge

You'll not take money from anyone  
Not even beauty and wealth  
A person's power is nothing

They call it the last day  
You are all powerful  
On resurrection day.

Imran Islam

# It's Alright

If the night becomes darker  
and I fall in a tough situation,  
Then my determination  
will be my power.  
It lifts me up in the sky  
and holds my head up so high.  
That brings my intention to light.

Alright, alright, I'm alright  
I'll always be alright  
If the world wants to fight  
with me, I won't be afraid.  
Alright, alright, It's alright!

I love to take challenges  
I do never feel hopeless  
I draw myself all my dreams  
and show them up to others.  
Everyone can take my seat.

I always smile, it's my attitude  
I turn the bitter into sweet.  
My mind is serene and amused  
All alone I'm chasing my dreams  
Always always, it's alright.

Imran Islam

# It's Me

It's not the darkness, it's me.  
I'm not a piece of wood or stone  
I'm a human being with heart!  
You're not with me, I'm alone,  
You don't even love me anymore,  
But you're still in my broken heart!

You've been hating me lately  
How did you do that easily?  
You are done with me,  
I can't see you next to me.  
I do feel no love for anyone,  
Cause you've closed my heart!

Maybe the sun and moon  
will stop talking to me,  
when you're gone so soon!  
Maybe the sky won't let me  
enjoy rainy day anymore,  
Because we are so apart!

Imran Islam

# It's Raining Today

It's raining today  
and you're enjoying raindrops  
this afternoon, onto me  
and I melt at your shyness,  
Sweet, I must say  
you're happier than yesterday.

Your happy smile and lovely eyes  
are playing with my little heart,  
please don't let me fall apart  
Sweet, dance more for me  
I want to see  
your beauty with raindrops!

You're talking to nature  
today you feel better  
and you're becoming young than me,  
you're playing in the rain like a teen  
Sweet, this enjoyment I have never seen!  
What's going to happen in future?

Imran Islam

# Just For You

You see, I am smiling  
but I'm burning inside  
you see, my eyes are playing  
but they're crying too  
because I don't want to hurt you!

I keep saving your love in my heart  
though it's broken into pieces  
you're playing in my mind  
but it really down!  
I'm not frustrated because I love you.

I'm dancing in the rain onto you  
but I'm dying inside  
I want to see you next to me  
but you're not caring about me  
I am still alive just for you!

Imran Islam

# Just Remember Me

You find a story to read it out  
And I imagine you to write.  
You are a photographer  
And I'm a dream painter.  
If you want more rain  
Then I will bring it again,  
You are who I'm dreaming  
But I couldn't be your darling!

You like my poetry, but not me  
Because they're all about you  
I love you as like tide to the sea  
But you don't care about me.  
I always think of you  
Even I'm dreaming of you  
But you keep blaming me,  
I'm not perfect, but trying to be!

Maybe I couldn't be your good friend  
So you treat me like you should  
I'm alone, but being very good!  
It's just I need to halt your trend.  
Here I'm enjoying my loneliness  
'Cause you love someone else  
I'm in a cage, but you're free indeed  
Wherever you go just remember me, friend!

Imran Islam

# Let's Be All Together

Let's all work together  
and build a world where  
no one is starving  
no one is homeless  
Everyone is like a friend  
Everyone is like a brother  
We will feel pain together  
if someone gets hurt  
when someone feels helpless.

Let's all love each other  
And build a world where  
no one will hate  
nothing is loveless  
Everyone likes their beloved  
Everyone likes their mother  
We'll be successful forever  
if someone gets pleasure  
when someone feels happiness.

Yeah, let's all leave behind  
a better world  
to our nation  
We should leave behind  
a better future  
for our children  
That can only be achieved  
by ending war  
and joining together  
to work, together!  
Let's be all together!

Imran Islam

# Long Live Mama

I miss you and cry for you  
You gave me the whole world  
But I couldn't make you happy  
Even yet I'm not with you.  
OMa, O my Mama!

You are my soul Mama  
You are my life,  
Long live Mom, long live!  
Stay safe O Ma, stay safe!

You're the cure of my pain  
And the beat of my heart  
But I'm careless about you  
Even when you get hurt.  
OMa, O my Mama!

Give me a little more time  
Like the light of new moon  
I promise I will be with you  
I'll take your tears out soon  
OMa, O my Mama!

You are my soul Mama  
You are my life,  
Long live Mom, long live!  
Stay safe O Ma, stay safe!

Imran Islam

# Love Falls With Tears

Today my love falls with tears  
This heart broken into pieces  
You're rude and selfish, sighs...  
Probably you have no feelings.

Don't you remember me anymore?  
You are still smiling at my shore  
I'll be sad, I never thought before  
Stay in my heart stay evermore.

I will be waiting for your love  
Like I had been falling in love  
I am hurt, what do you have?  
Hey, turn me back, do not rove...

Imran Islam

# Love Will Never Die

You are not here with me  
You are there now, oh babe  
Where I can't see you.  
Why I can't see you, oh babe!

When everyone lies to me  
I take a look at the sky  
and cry for you, babe  
How could you say goodbye!

Peace be upon you there in heaven  
I pray for you here alone  
since you been too far gone,  
I never wanted to see that happen.

You still sleep in my heart  
Even though we're far apart.  
This beautiful life is a big lie  
but your love will never die.

Do you hear me, do you?  
I miss you, I still love you  
I'm dying here without you  
Oh babe, talk to me, talk to me!

Imran Islam

# Make Me Friend To Everyone

I don't want the flower's garden  
Just make me a rose  
I do not prefer a dusty boy  
Make him a honeybee!

Take up the pleasure in my scent  
who hasn't slept yet  
Take away the dreamful sleep  
by the smells in the morning.

I want-  
Tender-hearted, peace of heaven  
Become cool everyone's relationship,  
Take away-  
The jealousy and hate,  
Let's break the pride of all.

I won't show the misery I have inside  
I will smile at the happiness of everyone.  
Oh my merciful God,  
I make this request to you  
Make me friend to everyone!

Imran Islam

# Make Me Smile

In this rainy evening  
I am feeling so alone  
Babe, make me smile  
with your lovely eyes!

Let your soft touches  
bring pleasure to my heart  
That's full of happiness  
I can't tell in my words.

The language of your eyes  
and the smile on your face  
make me feel so drunk,  
Like I'm melting into you.

Please don't stop this rain  
Let the door be closed  
Let go evening lamps  
Light up my life, beloved!

Imran Islam

# May I Talk To Him

I want to talk to him  
Who comes in my dream  
and looks so handsome,  
Yet I don't know his name  
and where is his clime  
But I have a crush on him!

May I talk to him?  
Mom, may I talk to him!  
He comes in my dream  
I need him to talk,  
'Cause I have a crush on him!

My eyesight is getting dim  
everything except him,  
'Cause he looks so awesome.  
I can't sleep at night  
It just I feel his light  
and I melt into him!

I feel fly in the sky  
like a bird so high  
I feel this for the first time.  
Sometimes I smile alone  
and hide myself from everyone  
Maybe I'm falling in love with him!

# Maybe I Know You

Maybe I know you  
Maybe you've seen me too,  
I feel something to be  
Today, I feel something new.

For your happy smile  
and lovely eyes,  
For your lank hair style  
and sweet voice,  
I'm melting into you!

I like your dress up  
and like to see you  
without makeup.  
I like your nail art,  
and want to get a place  
in your big heart.

Do you feel my emotions?  
Please don't get me feel  
I'm not your loved ones!  
My little mind is fresh  
You're not too bad either,  
So, who is petty, selfish?

Imran Islam

# Maybe It's Wrong

Nothing is wrong  
when I am young  
and you are beautiful  
I can't wait too long  
to listen to your song  
when nature is wonderful.

No, maybe it's wrong  
when we're unknown  
and not committed  
I wouldn't sing for you  
Now I need to know you  
and we should be committed.

Okay then alright  
Give it up tonight,  
Nothing has happened yet.  
Yeah, you were wrong  
let it go and wait a long  
for a true sky light.

# Mom, I Need Your Hugs

Mom, your hugs are magical  
They are wondering me always,  
Make me cool and happy  
Your hugs are the cure when I'm upset  
They melt my body, mind, and soul.  
I need more hugs of you every day,  
To grow into a secure individual  
And bubbling with confidence.

Mom, your hugs are care for me  
I would be a piece of your heart  
You will be always here for me  
Your hugs make my life smart.  
You promptly correct if I misbehave  
Ma, your love is unconditional to me.

Mom, have you hugged me today?  
Have you forgotten my need?  
Mom, I miss you, I need your hugs  
Every night, every morning, all the day...

Imran Islam

# My Beautiful Motherland

Oh, My Dear Motherland  
You're beautiful, beloved  
Amazing and so green  
Your cold breeze, rain  
Dew, flower's touches  
Make me happy and glad!

The sky full of stars  
And the moonbeams  
They kiss me pretty and  
Hold me like I'm a child

Under the tree in the heat  
At the shore of the river  
My mind becomes cold

I would melt forever  
In your green paddy field  
Not anywhere, I'd sleep here...

Imran Islam

# My Dear Dove

Don't fly away, my dear dove  
Come on, come on, come back to me  
Yeah, I am asking for your love  
Please come on, come to me!

I'm standing here in the flowing hair.  
Come on, wind to me in the air  
Don't go far off for me, oh my dear  
Don't go anywhere, stay here with me!

Oh my lovely bee, don't forget me  
For a while, honey will be in my flower!  
Its smell will dry out in the evening  
Find my scent in the morning,  
Love me again, love me darling!

Why do you stay away in this moment?  
I can't stop my mind, when I'm young  
Who will wing with me in the sky dream  
This youth is cooling down without my lover  
My heart slows down on the wrong shore!

Imran Islam

# My Love Is Still Shy

I feel like I need to tell  
you, my life is very easy  
and maybe so crazy  
sometimes I am happy  
sometimes I feel unwell.  
What can I do with my life?

I just got started loving someone  
but nobody knows about it  
because my Love is still shy  
that's probably why.  
What can I do with my Love?

Imran Islam

# My Scream

You're playing in my dream  
Yet not next to me,  
You don't know me  
Yet didn't hear my scream!

I want to walk with you  
On the holy supermoon  
God will grant my boon  
If my love's pure and true!

Your eyes are so magical  
I am melting into there  
There's nothing to fear  
If you wanna me to invisible.

One day you'll feel my love  
and smile at me, I know  
You'll love me even though  
I'm gone to reach my grave!

Imran Islam

# My Thirsty Heart

I will wear garlands on my neck  
of flowers you've given  
To reach your lovely eyes,  
I will forget myself in this garden.

Suddenly on the pathway  
if you meet me  
Then you'll throw out flowers  
with your shy face  
and then to win your heart  
I'll pick those flowers up for you.

When you'll walk across me  
to the edge with a shy smile  
Then I will take the smell  
of the flower  
that you've worn in your hair.

When you'll turn your face  
back to me  
to melt me into you again  
Then my thirsty heart will be filled  
with the tide of pleasure.

From that day on,  
you'll think about me  
and I will come in your dreams  
I know you've been don't forget me  
since the day we met on the pathway.

Imran Islam

# My Write

Let all my writes be poetry  
If those are not the songs  
Let all my poems be words  
If they don't get any rhymes.

Find out the meaning of my pen  
If you don't get the melody,  
If you really wanna sing along  
with me, then sing you buddy.

If you don't see any imagery  
in the dream of my black ink,  
Then paint some dreams, dear  
as you do in your own poetry.

The dream what I'm knitting  
with my love and passion,  
If that makes you smile  
then I will be happy again.

If you feel better with my lyrics  
then sing or else hate vulgarity  
I could be your favorite poet  
If you give me a place in your heart.

Imran Islam

# Nature And I

Nature is beautiful  
I am not  
this day is wonderful  
but so hot.

This morning is bright  
but I am old  
this night is so quiet  
but so cold.

The sun and the moon are true  
but I'm a false poet  
the wind is fresh and pure  
I'm just dreaming a lot.

Imran Islam

# Night Bloom

Sometimes, you make my dreams  
And why do you break them again?  
Sometimes, you hide your face  
from me, with shyness  
Then why do you want me to stay close?

Today why is there so much tears  
in your lovely eyes?  
And why is there no happiness  
in your smiley face?  
Baby, don't worry, tell me your secrets.

You're in the bloom of your life now  
and darker times will away  
by the touches of you.  
Who stopped you?  
Who closed your dream doors?  
You're suffering from ardor  
and your broken heart pains always.

You are like a drop of dew at night  
and not used to with the morning light  
What is the fight with me?  
and why do you ignore me?  
Forget everything and come to me  
to take pleasure in happiness.

Imran Islam

Truly, no one's better than anyone.

Imran Islam

## Now Give Me Some Love

Everything is alright my friend  
Now give me some love and trend  
You're sweet, lovely and spellbound  
I'm melting at around of you, I'm glad.

I never thought of loving someone  
like you, writing love poems this way  
Your feelings are helpful to myself  
to write something about love anyway  
I usually just write them for myself  
but thanks to you my friend, I'm safe.

I became romantic to write for your love  
but though I don't know what else to write  
besides life and love or relationship,  
beauties and fools or beasts or governments  
That's not a headache if you love me, I love you.

Imran Islam

# O Merciful God

Make me great with your light  
O Most Powerful God,  
Keep your light shining to me  
O Most Merciful God!

You stay in my entire life and death  
O Most Gracious God,  
My prostration is to you in full faith.  
O Most Merciful God!

I don't want to go to the wrong way  
I wouldn't respond to others in a wrong way,  
I just only want your mercy,  
O Most Merciful God!

Please open the door of mercy  
And forgive all of my sins  
with your love and mercy  
O Most Merciful God!

If I have done any little sin in the day  
Turn me to the right path immediately.  
O Most Merciful God,  
Keep your mercy flowing to me please!

Imran Islam

# O My God

O Lord, O my God, I praise You  
and I always will,  
I have bowed to You  
Just protect me from the devil!

On the last day of my life  
I ask you to stay in my heart  
and make me feel fear  
of your immortal power!

Please forgive all of my sins  
that I had already done.  
God, You are only one  
who can save all of my kins.

God we love you more than others  
'Cause You have given us our lives.  
God, make me happy always  
and take away my sadness.

I wouldn't make myself cry again  
Lord, give me some solace  
and cure all my pain  
with Your mercy and kindness!

Imran Islam

# On Such This Happy Day

Babe, why are you look so dull  
on such this happy day?  
Come on, come on baby  
I'd tell you all my words to say  
and we'll be lost in the mall  
near by the blue bay.

Such this sweet summer breeze  
will make everyone freeze  
To hide in your heart today  
The door of heaven is open  
To make colorful my heart  
I'll spend all this evening with you!

This lovely nature and flowers  
filled our minds with the best smells.  
This summer forest levels smile to see us,  
How do I control myself today?  
Say something my beloved, say...  
I'm slowly melting away, melting into you!

Imran Islam

# On This Afternoon

In this light summer rain  
I miss you my love  
On this afternoon  
I miss you again.

I am sitting alone  
and gazing clouds  
from my window  
But I don't feel better  
here alone,  
Oh my darling!

I feel like we're seeing  
the raindrops  
on the green leaves  
Let's be together  
and stay forever  
Let's do something!

I love this rainy forest  
and this happy wind,  
Oh babe, come to me  
and touch my heart  
with your love.  
I think in my mind  
You are coming soon.

If you come here this afternoon  
and smile to me  
Then I will be impressed  
and gaze at you  
when you'll dance in the rain!

Imran Islam

# One Loving Glance Of You

Only one loving glance of you  
gives my heart joy like an ocean.  
I have seen other beautiful ladies  
and lovely women  
But as for me you're the best one  
and I still see your smile in my dreams.

Babe, your lovely black eyes  
melt into shyness.  
I feel so pleasure  
with philophobia  
when you get down in the water.  
Yeah, you're still walking in my dreams.

Your eyes are full of language  
of my little heart.  
The moon that fills the sky  
The flower that smells to attract love  
Maybe they follow your shadow.  
Love, I ask you to stay in my dream always.

Imran Islam

# Pain Of Separation

Your separation is so painful  
You are rude and beautiful  
Its seems to me today.

Look, I am so bored this noon  
I wish you're not going soon  
I still love you, please stay!

I don't know why in this mind  
song is singing like your kind  
Oh my beloved, don't go away.

You're shining in my lonely sky  
I love you so much, that's why  
Please, take my hurt away!

Imran Islam

# Please Be Gentle

I am just your friend  
not personal or private  
I'm also a human being  
not weather or climate!

I can't change myself  
I am just me still  
and I always will,  
you just keep silent!

Don't worry about me  
I wouldn't change you  
I am not ignoring you  
don't make me a client!

Don't make me a fool  
I can understand you  
so be quiet and cool  
I just love your talent.

I don't feel so good  
in this lousy mood  
I'm not like that person  
Friends, please be gentle!

Imran Islam

# Poets Are Cool Spy

The clime without poets is like the soulless desert  
Poets drew their dreams in the words of the mind  
The morning without poets is like a sunless night.

Without dreams we have nothing to get high  
Poets play with dreams and they are cool spy.  
Poets bring the sunshine where has no daylight!

Those who are self-sacrificing poets  
They are the golden sun in the world.  
In the cloudy sky, I'll find that sunlight.

You write so many untold stories  
You have so much love in your heart  
You're warm-blooded and you're soft.

Sometimes you are calm and reposed  
You're smell of flowers and the singing bird  
You're shadow of evergreen forest!

Who'd do questions without a poet, who'll answer them?  
Who'll think of nature and who'll love it like you.  
The world in the evening, let the morning come.  
It'll be a disaster anyway, even then here you come again!

Imran Islam

# Raining In The Evening

The green leaves are playing with rain  
and I'm feeling lonely this evening.  
I remember it was raining  
Last year we were here together  
I still miss that day more than anything!

When the raindrops touch your beauty  
and make you feel pleasure  
Yet I just keep watching where  
with my thirsty eyes  
and I deeply enjoy your wet black hair!

I have stopped writing to enjoy your dance  
in the rain and just have dreamed that,  
Don't be shy onto me just dance  
and don't hide your rainy face  
Maybe I'm a new bird in your rainforest!

You know I'm a stranger  
My country is far away from you  
But I'm impressed with your lank wet hair!  
When the evening has become darker  
and the rain has stopped, I'm feeling lonely again!

Imran Islam

# Sing My Love Song

I don't know you  
but you are my love story  
I did not see you  
but you are my love poetry.

I'm feeling you now  
and looking for your entry  
I haven't met you yet  
but you've penned my diary.

You come to my dreams  
and stay always in my heart  
I forget all of my friends  
but you and I won't be apart.

You sing my love songs  
in my intentional live concert  
Do you feel my emotions?  
I paint your smile on my art.

You play in my hopes  
and knock my closed door  
I am going to relapse  
And you are my drug store.

I am tired of sickness  
I want you to treat my sore  
I wanna see raindrops  
Please give me some more.

Imran Islam

# Smile At Me One Last Time

I wouldn't get your love anymore  
Babe, just smile to me one last time  
I can't stop my tears falling down  
Just turn your eyes back to me one last time!

I don't want you to back to me  
but don't get me wrong,  
I don't want you to be next to me  
Just listen to my song.  
I don't want anything anymore  
Just talk to me one last time!

I wouldn't see you at my door  
at full moon night  
You can go on your own way  
I have no more fight  
left in me, I know  
I know I have no right anymore!

I have nothing to say  
You do not need to stay  
Do not need to stay close to me  
My heart is broken but I can see  
You're dreaming without me!

You have heart or not  
You have love for me or not  
If you stay apart from me  
Still then, have a good time,  
Have a good time all the time.

And I am not drunk at all, baby...  
I am not drunk,  
Don't get me wrong, baby...  
Don't get me wrong!  
And I wouldn't get mad at you anymore.

Imran Islam

# Smile Please!

Smile please!  
How can you smile  
when the sunshine  
has indeed gone,  
But I still believe  
nothing is done  
I can make you smile  
if you will be mine.

They're still gorgeous  
and still amazing  
it seems to me  
Like they're contagious  
sweet and loving  
That's why I'd see...

Truly, your smile  
makes me smile  
Your eyes make me  
want to love you  
Your looks make me  
young and romantic  
Your voices melt me  
into your heart  
So, you're important to me.

Imran Islam

# Smiley Dream Girl

Oh smiley dream girl, you'll be my beloved  
your mind will be filled  
with my loving touches  
and I will be enjoying your beauty  
with my thirsty eyes  
I will hide you with love in my heart!

I can't forget your first smiling face  
how much weak I was on your eyes!  
If you give me a little romance  
then I will be melted into your heart!

My morning roses are just for your smile  
I will give you the best of me  
and fill your heart with happiness  
tell me, when will you be my sweetheart?

Imran Islam

# Something Is Wrong

Hey, I am not emotional  
I'm so clear and so real  
I am not wood or not a stone  
Don't treat me like I someone  
Maybe something is wrong  
Maybe something is done  
I am just me; I am just small

Don't get me wrong, my friend  
I'm not your type, not your beloved  
I just drive myself, alone  
I am so easy and so simple  
So will you stay or run away  
Maybe something is wrong  
Maybe something is done  
I am just me and doing well

I smile like the moon  
I talk like the noon  
I'd be fresh like the day  
I'd walk on the right way  
I don't ignore you like other one  
Maybe something is wrong  
Maybe something is done  
I am just me that is all...

Imran Islam

# Stay At Home

Stay at home, stay safe!  
Be patient and save others.  
The virus doesn't spread  
People are spreading virus.

Stay at home, stay some more  
Make prayers to the Creator.  
Take care of your parents  
if they got old age problems!

Stay at home more than a year  
just to get save the universe!  
Nothing to say in this day,  
Just pray to God to save all of us!

Don't be selfish, be kind!  
Think about the homeless,  
who have no food, no dress!  
How are they facing disease?

Don't be heartless, be light!  
Everyone is becoming homeless  
Be safe, it's not time to fight!  
Stay at home some more please!

Imran Islam

## Stay Away More

The happiness you have given me  
That's inspiring to all of my steps  
The tune you've given in my song  
That's playing on my mind always.

You're living in my little heart  
and you'll stay every moment  
My dreams won't be fulfilled  
without your love and support.

The raindrops, you have given me  
The storm you've raised in my life  
The secret you've shared with me  
All that I'm feeling with shyness.

You've gone away, stay away more  
Why are you knocking at my door?  
I wouldn't want to burn in your fire  
No.. Be happy in your life forever.

Imran Islam

# Stop Monsoon Rain

Oh Monsoon Rain,  
Stop, stop please!  
What happiness do you feel  
by soaking my love?  
Oh Rain stop please!

On that wet pathway of my love  
I want to give her company  
But It makes her feel shy  
and she hides her rainy face  
with the wet scarf.  
So stop heavy rain, stop please!

In this rainy weather she's blushing  
and walking furtively  
on the narrow path.  
Then stop, stop raining  
Oh Rainstorm stop please!

My sweet darling showered  
in the Monsoon Rain,  
Stop all the rain, stop  
Stop, stop, please stop  
Oh Monsoon Rain, stop you please!

Imran Islam

# Storm Of Life And Youth

In the way of life the storms  
will come again and again  
But we'd take them away  
by the punch of confidence  
if the Himalayans prevent us.

Life has so many colorful dreams  
The dam is disappointing them  
But my thoughts and pen  
will run away these poems,  
It's not time to play suicide game!

We'll keep our feet on the ground  
in the irritating fire anyway  
We'll be brave in this world  
because we are the young generation  
We believe in building a confident nation.

Imran Islam

# Take The Morning

Let get back the morning to the world  
Let bees sing from flower to flower  
Let nature take the new day  
Let the wind smell pretty  
Let the sun dry the dew  
Let go away the sleepy night.

Wake up all the lazy young  
Take the morning fresh air  
Have a look, the early sun  
Makes everything change,  
Throw away the sleepiness  
Take the brightness of the morning.

Imran Islam

# Tears To God

Let Your name be safe  
in my heart always  
Let my eyes run down  
with tears for You my God!

I'll always remember you  
in my youth  
I'll always bow down  
to you on earth  
Lord, let me hold the truth.

My sins will make an ocean  
if I get them together,  
Please be kind oh Creator  
and forgive me forever!  
Let me read Your Book  
every morning, my Lord!

I want to be a good person  
with full faith in You,  
Let me stay on the right path  
with peace and love, O My God!

Imran Islam

# Teenage Girl

Oh, Teenage Girl of the world  
Don't do anything wrong  
Please, try to understand  
this is the beginning  
of your young life

If the bee comes on your flower  
Then takes out your honey  
Please, control yourself a little  
and smile for better oneself

You do compare with friends  
like you're a little more  
Your emotions are silly yet  
Be careful what you wish for

You think of your dream boy  
and think about his feelings  
Imaginations are laughing  
too much at you

The bad boy of your life  
wouldn't tell you anything alone  
Don't give your mind to someone  
who would cheat on you

The new composition is growing  
Increasingly dreams are coming.

Imran Islam

# Thank God For The Day

I forget my sad dreams and feel fresh,  
All the gifts of morning make me happy  
So, I'd get myself decent not be dippy.  
You gave me enough, I'd keep them retain.

Let me go, for a walk this morning  
And make my whole day inspiring.  
Let me love my family and parents  
And lemme respond to my friends.

# That Day Will Come

One day you'll sing my lyrics  
with your melodious voice  
Maybe I will pass away that day  
I will leave you so far away,  
When my soul will reach the Milky Way  
You will miss me with the singing birds!

When you will remember  
all of my memories with you  
Then your sweet face will smile at me  
And I will smile at you in heaven  
for your happiness, my dear.  
When my soul will reach the Milky Way  
You will miss me with the chirping birds!

My love and my wounds  
My evening and my morning  
Everything will make you feel cry  
Or everything will make you smile  
Who was I in my past life?  
And what were my unfamiliar words?  
Don't look for it again, please  
If you can just forgive me forever, my friends!

Imran Islam

# The Confidence

I will break the fear of loss  
And I'll take the full moon  
I'll be brave in the voyage  
I am a mania young  
I'll enjoy everything.

I will know the unknown things  
I'll change the world into heaven  
I'll turn the darkness into light  
I am a mania young  
I'll enjoy everything.

I will not ignore my duties  
I'll smile in the success  
Then happiness will come  
I am a mania young  
I'll enjoy everything.

When I confused about my dreams  
I will never lose my confidence  
I don't want dispute with anyone  
I am a mania young  
I'll enjoy everything.

Imran Islam

# The Fear Of Freedom

Mom, why do you have tears in your eyes?  
Why the darkness of clouds are on your face?  
Tell me, what's your worst fear?  
'In your open fields and Mangrove Forests  
Enemies are attacking back'  
Is this your fear?  
Mama, this is your biggest fear!

In your glory and beauty  
The perverts are trying to stain badly.  
'To do assaults upon your chest  
All enemies are in the way'  
Is this your fear?  
Mama, this is your deepest fear!

In your green forest and salt sea  
Enemies build camps and run through the around.  
'They wanna chain you up'  
Is this your fear?  
Mama, this is your greatest fear!  
This is the fear of freedom!

# The Greatest Promise

I loved you and seriously still do  
Sure I'll love you, my beloved  
Because I still believe  
Love is the greatest promise  
In this wonderful world  
Yeah, I say this about pure love  
Do you promise to love?

What's wrong with me?  
Nowadays, you hate me  
You don't cheer me up  
Stop playing with me!

Tell me, do you feel something?  
Or nothing anymore  
Is something happening?  
Or nothing at the shore

I don't know what to do  
But I must say to you  
Don't do love, it just hurts  
Because then love ends

I probably said too much  
Because I still retouch  
Your heart and feelings  
You don't have the answers.

# The Midnight Rain

The midnight was so cloudy and dark  
There are no stars, no moon in the skies  
I was really shy, quiet and happy  
That midnight I felt like a bird of paradise,  
Because you were taking away the pain  
Of my tired body, like a midnight rain.

I was the briar rose nearest of your mind  
You made my shyness with loving touch  
I melted into you because you are so kind  
That midnight I was losing control too much,  
Because you were taking away the pain  
Of my tired body, like a midnight rain.

I was sleeping, wakened by your sound  
You're good looking, I was too awkward  
After a bit, I was unfolded on the ground  
That's pleasure for a romantic courtyard  
Because you were taking away the pain  
Of my tired body, like a midnight rain.

# The Monsoon Rain Again

The clouds have covered the sky  
and the cool breeze is blowing;  
That green forest has soaked  
in the monsoon rain again.

The bride of the distant clouds  
loves the green jungle;  
The chirping birds have washed  
in the monsoon rain again.

For the tears and the laughter of clouds  
The farmers are feeling happy;  
The sunny day has lost  
in the monsoon rain again.

After hearing the roar of the clouds  
The fish are chasing each other;  
Lakes and ponds have filled with water  
of the monsoon rain again.

It's raining and the herons  
are still catching little fish;  
All the marshes are playing  
with the monsoon rain again.

Imran Islam

# The Rain Will Come

The sky is cloudy this evening  
Maybe the rain will come  
Oh, something is happening  
Tonight, you're very welcome

Hey, If you come to me  
The rain makes you shy  
You wouldn't believe your eyes  
What my happiness will look like

If you come here, I'll see a full moon  
Your shine will be falling around  
My sweet love, truly I have a boon  
Would you come into my courtyard?

I will give you love like rain and earth  
And I will hide you in my lovely heart  
You'll see me with pleasure in my garth  
So come to me, come on my sweetheart.

Imran Islam

# The Reflection

The sun of the teenagers is in the youth  
And the dream, the morning of them  
Teenagers are like reflections of children  
The young are the hearts of the teenagers.

The teenagers are the shadows of the young  
The young are the ship of the teenagers  
The young are like the fresh wind  
And the teenagers are the open doors.

The teenagers are the organs of the young  
They are both friends to each other  
The teenagers are like the waves  
The young generation are the oceans.

Imran Islam

# The Same Pain

My morning smiles on your face  
my dreams play  
to your heart  
you are a song  
for my concert  
because your love wraps me in peace.

My hardships quiet for your sweetness  
my tears fall for  
your silence hurts,  
I feel the same pain  
in my heart  
but I keep smiling for your happiness.

My heart always cries in your sadness  
when you're in unrest  
I feel like I'm sad,  
to make you happy  
when you're upset  
I act as I'm glad  
I just keep silent for your goodness.

Imran Islam

# The Sun With Dreams

I'm the Sun  
I waked up in the dawn to the earth  
You wake up soon, leave the garth  
Enjoy the morning  
Get ready for the work  
Everything is changing  
Why are you in the dark?

I'm the Sun  
Have a look my friends,  
The world is smiling  
With my shine  
Everyone raised their head  
Everything is fine  
So you should be dazzled.

I'm the Sun  
The dark night is goes away  
In my light every single day  
Have the morning with birdsong  
Why is your mind wrong?  
I would say you, keep it down  
And enjoy this beautiful dawn.

I'm burning,  
Let me warm the heart of everyone  
Be warmth together, not alone  
Make new dreams this morning  
Learn this, how much is caring  
Oh royal and dusty Young,  
Take this shine, be strong.

Dear Young,  
You wouldn't become a success  
Without high dreams  
Dreams are a part of life  
Let your dreams be beautiful  
And do not be ever with out beauty.

# Treat Others With Respect

Treat others with respect  
then someone will respect you.  
Treat women with respect  
then you'll find a good one for yourself.

Don't leave your beauty to random guys  
then you'll never be cheated and frustrated  
Love each other deeply from the heart  
don't love just for wealth or beauty  
then your heart will never be broken.

If you understand each other  
and love to make a happy family  
then you'll never disappear  
because true love can never be separated  
though love has some colors and clouds.

But finally love makes our life beautiful.  
The misunderstanding in love  
tells us about true love  
we should be patient in love that's why.

Our problems are we love someone's  
fashionable life, a night or for a few days  
but we don't commit to love the rest of our lives.

Imran Islam

# Try To Be Respectful

It looks good to me  
You're smiling at me  
again after long break  
But today I am so sorry!  
Ok, it's nothing to worry  
I'll manage this freak  
She's my soul, be cool!

You were my first love  
Ya, that was beautiful  
But now she's my love  
So, stay away, stay cool.

I can feel you I can see  
you came back to me  
when I'm in an affair  
with your younger sister.  
No I won't cheat on her,  
I'm not that type of man.  
You're an emotional fool.

I am not blaming you  
just saying it's wrong  
Go, find a right man  
in a right way, got it?  
Yeah, you are still fit  
to fly high like a kite.  
Just try to be respectful!

Imran Islam

# Untold Love Feelings

I love you so much  
but I never asked  
for your shine  
I want your touch  
but I never forced  
you to be mine.

You know I love you  
and I wouldn't tell  
about it everyone  
You can always feel  
it's my real love  
not fake emotions.

Dear, I want you  
to smile always  
and to be free  
with happiness  
I really wish you  
all the best in life!

I wouldn't hold  
your soft hand,  
if you don't want  
I won't follow you  
home anymore  
if you don't like it.

Your eyes make you  
ever so beautiful  
and smile makes you  
look very young,  
So lemme see your eyes  
and keep smiling!

Imran Islam

# Water Moon

Darling, will you go to my village?  
There's joy when you'll enjoy  
moonlight reflection on the water  
And the green forest vines  
will touch your soft legs  
Babe, let's go to my little house!

With the simple village girl  
You'll go to the flower garden  
and take strange flowers on  
as you wish for your bun  
Babe, let's go to my little house!

In the green forest you'll walk  
with me to hear the chirping birds  
and talk to villagers as you'd like  
There is so many folk songs  
Babe, let's go to my little house!

In the sunny summer noon  
You'll come down into the river  
The boatman will smile at you  
and raise the sails soon  
Babe, let's go to my little house!

Imran Islam

# Welcome Or Goodbye

Your pain  
Is my  
Pain  
And you're mine.  
Feel my  
Pain  
In this line  
Again...

Your smile  
Makes me  
Smile  
And you're mine.  
Feel me  
Kindly  
In your heart  
Again...

Your love  
Makes me  
A lover  
Now you're mine.  
Keep me  
On your mind  
Again...

If you  
Love me  
Whenever  
Again  
It will be fine  
I want  
You with me  
Again....

Today you decide  
Welcome  
or  
Goodbye...

# We're All Mad At Love

In this world I love you, you love me  
She loves him; he loves her  
No one else is mania for someone  
And love has different colors  
Truly, we are all mad here.

Mommy loves baby; babe loves mama  
Babe loves mom hugs; Ma loves too much  
Parents love is unconditional to children  
The child prefers the mom over the dad!  
Truly, we are all mad here.

Wife loves hubby; husband loves wife  
They love to enjoy each other's company,  
A couple make a happy family with love  
They break up when they're not in love  
Truly, we are all mad here.

The waters love waves, the waves love shore  
The ocean loves the beach; the beach loves them  
Because they're all make an ocean  
People enjoy them in different ways  
Truly, we are all mad here.

The night loves the moon; the moon loves light  
The moonbeams love falling down to the earth  
Everyone loves to enjoy the silver moon  
But no one loves the darkness of the night  
Truly, we are all mad here.

The morning loves the new day for the world  
The new day loves to get fresh with everyone  
The world enjoys the shine of the morning  
But someone forgets The Creator of the love  
Truly, we are all mad here.

Imran Islam

# We're The Bright Sun

We're young like the bright sun  
in the quiet morning  
The night will be gone soon,  
the victory will come easy  
by the youth of us.

God believes the young people  
and others are afraid  
The work of younger generation  
is the best choice to the Lord.

People are free, the best mankind  
it's truth because of youths  
The child or older can't help saving  
the freedom in this world.

The youth is in the dream of the child  
regretting for the old man  
the desert rain of a thirsty young lady  
and the satisfaction to every mom.

We're young,  
the biggest mind of the friend  
and the confidence of the world  
the happiness to the sadness.  
The enemies are terrified of us.

We're young,  
the brightness to the darkness  
and the sunshine to the clouds  
the optimistic person to the Creator  
and the pleasure of the wretched.

# What's Wrong If I Sing

You're my flower in the morning  
that's blooming for my love!  
You're the wind at my springtime.  
Your scented and lank hair-  
makes my heart feel something.

You're my happy smile  
and the supermoon,  
I wouldn't get anything like you.  
You're my sweet dreams,  
Love, you're my everything!

You're my light in the morning  
that's rising with love,  
You're the waves of my secret river  
and free sky with dreamy wings!

You're the evening star  
and lovely rainy day.  
You're a free bird to me,  
So, what's wrong if I sing of your song?

Imran Islam

# When You'll Be Mine

I have talked to haven  
May I live there, even  
May I sing an evening song  
in the beautiful garden,  
May I enjoy them; how long?

I have talked to the moon  
May I catch moonshine?  
I have asked to the moon  
Why do you go away so soon?  
If you stay here, it will be fine

There are no problems  
Everything is fine  
They will say, 'Yes'  
When you will be mine  
What do you think of me?

Imran Islam

# Where Are You

Do you remember  
The first day of the summer  
Of the last year  
It was a great pleasure.

Do you miss that night  
We were enjoying the moonlight  
It was a lovely sight  
And then everything was alright.

Have I fallen in love ever  
In my unrest life?  
I'll never forget you, never  
Even in this stormy weather!

You are still summer rain  
In my broken heart  
Yeah, I cannot start  
My day anymore, turn me back again!

I miss you so much, I love you forever  
My heart is broken without you here  
I care about you, my dear  
Where are you, sweetie, where?

Imran Islam

# Who Is My Mom

Can you tell me  
who is my mom?  
Can you tell me  
what is her name?  
Where is she now?  
What dose she do?  
Can you tell me  
Tell me please!

I am homeless  
I am hopeless  
I have no happiness  
I am not blessed  
I am a street child  
and you are a prince or princess.

Is my mom alive?  
Is she alright?  
Does she stay safe?  
How is my mom doing?  
How does she pass  
her day and night?  
Can you tell me  
Tell me please!

I want my mom  
next to me like you  
I want her love  
always like you.  
I need a mom's hug,  
Give me her address  
Give me please!

I don't ask of paradise  
I just want Mom beside me  
I don't want a kingdom  
I just need a home.  
I really need wings  
of my mom always

Listen to me please?  
Think about me please!

Imran Islam

# Why I'm A Lazy Young

When the world is in high spirits  
In a lazy mood like a madman  
I'm breaking myself down  
From this wonderful world.

When the world is educated  
I am just starting to learn  
When the world is founded  
I am asking others for help.

When the world is bright and strong  
I am so tired in this powerful world  
When the world enjoys a morning  
I am still sleepy in this pleasure.

When the world becomes a new day  
I am still in the darkest mind  
When the world is young and fresh  
I am a lazy young in this country.

Come on Patriotism. I'd care  
To build up my country  
Like the developed world  
My youth's exaggerations  
Keep smiling for the nations.

Imran Islam

# Women's Love

Women have made men great  
by giving them pleasure  
Women's love has found poets  
and melodious singers  
The family is filled with happiness  
of their touches.  
Men forget the pains by enjoying  
the women's warmer!  
Women's beauty  
has made nature beautiful  
How many wars are going on  
in the world to love hers!

Woman can be a great mother  
and a lovely sister.  
Woman can be  
a good life partner forever  
Woman's hugs make her man  
feel better in the despair  
There is nothing else  
to compare with woman.  
Men's lives have been misguided  
just for your beauty  
How many men can't smile  
in their life for your anxiety!

Why do sons forget their mothers  
to get closer to women?  
Why do brothers dispute  
with brothers for women?  
Why do women fly hair  
when their men are having trouble?  
Why do men get mad day to day  
in the lust of women?  
Why do men break women's hearts  
and become stone hearted?  
Why do men cheat on women  
and break the relationship?

Women, fill this turbulent world  
with your love and passion.  
The whole world will be destroyed  
without your affection!

Imran Islam

# Won't You Come To Me

Will you stay away forever?  
Won't you come back to me?  
You're gonna break my dreams  
and smash my heart into pieces!  
Don't you remember my memories?  
Dear, don't you remember me anymore?

When the morning comes,  
Fear keeps me awake,  
It seems like the light is fake  
I don't want sun rise tomorrow at my door  
When I have lost my stainless moon here!

The flower blooms in your garden  
and my heart feels its thorn  
The touch and smell of that flower  
make someone else colorful.  
Babe, my eyes look tired lately  
and my heart breaks silently!  
Yeah, I wish to see you again  
and I alive in the hope of it, my darling!

Imran Islam

# You Are Antisocial

Anywhere, anytime  
If you see any crime,  
Then what to do?  
I know that all  
You'll nothing do  
'Cause you are also a criminal.

Anyhow, anyone  
dose a job well done  
What'll you say?  
I get that all  
You'll pride that day  
'Cause you are egotistical.

When needy people  
ask you for any help,  
Don't hurt at all  
If you can't help them  
'Cause they are miserable!

Imran Islam

You'll love me; I bet  
Because I love you.

# Young Fighter

Hey young fighter  
why are you stubborn?  
Look, an inequitable society  
has destroyed everything  
Who will save the world?

You are the combatant  
In the middle of the war  
in the morning  
and the evening  
Why do you surrender?

Hey young militant  
what's up with you?  
why are you silent?  
You are the hero?

Hey young soldier  
why are you asleep  
rise up your head  
Build up the camp.

and they are full of blood!

There is no sunshine in my sky  
my heart is little but so broken  
and overflowing the rivers  
with tears of sadness  
and darkness fills the sky!

The heartless world doesn't hear my yell

You're the pleasure to a mom and smile to a sister  
and you're so Young that's why I love you!
