# Feelings For A Friend

The night is dark,  
Clear is the sky.  
But you are not here,  
That's why I cry.

My cry can't be heard,  
Tears can't be seen.  
They are all inner feeling,  
which I mean.

I like the nature,  
I like the sky,  
I like the trees blowed by the wind.  
But a friend like you.  
is not easy to find.

The year was lucky,  
The air was pure,  
When I met you,  
just near my door.

# My Lost Friend

You went too far,  
Leaving sadness in my mind.  
I searched everywhere,  
but still can't find.

I still remember the words, you oneday spoke. Listening them once again, how only has become a hope.

Days are remembered by me,  
when you were near,  
now no one is beside me,  
my only friend is tear.

Was our friendsip true,  
is the thought of the heart.  
Making you remain as my friend,  
with God too I fought.

What can i say,  
If you loved God more than me.  
Why you went there?  
What else to see?

Your frind is crying and waiting for you,  
You are coming back to me, I know, you knew.
