Ocean

Looking at the ocean
so beautiful and pure
sitting on the dock
I never wanted anything more, than i want you...
so much calmness and peace of mind
I will always want you by my side
you are the one I need in my life
you are my mr. right
I want you to know my love is true
i know with you i'll never be blue
and like the ocean we will be strong
nomatter what problems may come along
together just me and you
like a tsunami we'll make it through
you are one of a kind
more than i ever hoped to find
if i ever have my way
you'll be back in my life
and that's where you'll stay.

Sometimes I Sit And Wonder Why

Sometimes I sit and wonder why
people have to drink and drive
they hurt or kill someone else
but all they think about are themselves
do they even care about what they did?
or how the family will handle it
How do they think the loved ones will get by?
sometimes I sit and wonder why
do they see what they actually take away
on that awful dreaded day?
do they even think about
all the hearts they are ripping out?
or the family and the friends
we now have to live without
do they realize how much they drink?
do they know how much we cry?
what can we do to make them think?
Sometimes I sit and wonder why

When You Fall In Love With Your Best Friend

Gene, You are now and always will be
the very best friend in the world to me
a best friend is someone you can not replace
nothing is better than putting a smile on their face
the times you share and the way you care
just knowing that someone will always be there
and when you fall in love with your best friend
you know to the happiness there is no end
you'll always have someone on who you can depend
and now you can live with your best friend
someone to talk to, laugh with and cry
someone who will never say goodbye
and better yet when you awake
the first thing you see is your best friends face
who could ask for anything more
than to hold the one you love and adore
Gene, from my heart i want you to know
you are the one i'll never let go
nomatter what until lifes end
you will always be my best friend

You'Re What I Want

I know I'm not supposed to
but I'm giving my heart out
i'm not scared anymore
because with you i have no doubt
everytime i'm with you, i have a lot of fun
with you i feel so comfortable
i'll never turn around and run
you make me feel safe, i've never felt more secure
and deep down in my heart i know
i've never wanted anything more
you make my knees weak
and my heart melt
when i'm with you i can be myself
i hope you feel it to
cause i really want to be with you
You be my guy, i'll be your girl
and let me give you the whole world
