# A Deadly Love

You walked into my life,  
not knowing what to expect.  
The anger and darkness that filled me frightened you,  
but something kept you from leaving me.  
Not knowing why you're still here,  
your mind is a roller coaster of thoughts,  
and feelings you never expected,  
But strangely you never wanted them to end.  
I could see your feelings grow for me;  
the lust in your eyes cannot be mistaken,  
with each day it grows more and more,  
like the moon in the night's sky.  
You're still confused on why you stay,  
knowing that your life could end at any moment.  
The danger you're in, from just being with me,  
excites you in a way you never knew existed.  
What you don't realize is that I know what you are feeling;  
you generally love me for the person I am.  
What you don't know is that I am not a person at all,  
but a creature of the night, a creature that could kill you at any moment.  
And yet I let you stay, knowing what I could do,  
I fear that I might have feelings for you.  
They grow with each passing moment of time we spend together,  
but I could never let it go too far, for you would never come back.  
So as I watch you, and see your love grow for me,  
I know that soon you will be gone forever.  
And somehow you know this too,  
but you're not afraid you're numbed by your lust for me.  
As I watch you die, knowing I could have stopped it,  
I tell myself that you meant nothing, but we both know that's not true,  
I truly loved you and look at what I did to you.

Jeff Saifi

# Desired Love

To see you is what my eyes  
Long for.

To touch you is what my  
Baby longs for,  
But to love you,  
My heart has done already  
For a long time,

Sometimes I wonder if  
Life is really worth it,  
Then I look at your  
Smile and I now it is,

If you're asking if I need you  
The answer is forever.  
If you're asking if I'll leave you  
The answer is never  
If you're asking what I value  
The answer is you  
If you're asking if I love you  
The answer is I do

Jeff Saifi

# Do You Think Of Me Too?

As I lay here in bed  
I think of you  
I begin to wonder  
Do you think of me too?

I imagine you're next to me,  
Pulling me close,  
I feel your kiss,  
As you caress my skin.

My heart beats fast,  
Pounding louder every second,  
I begin to tremble,  
As I taste your sweet lips.

I find that I gasp for air,  
To replace the breath that you just took away.  
My body and soul  
Are slipping into a heavenly bliss.  
Your hands are touching my every inch,  
With such ease and tenderness.

I want this moment to last,  
Not one second can escape,  
I want to stay in your arms,  
But then I suddenly awake.

It was only a dream,  
Just a desire,  
But in reality,  
You have set my heart on fire.

Jeff Saifi

# From The Moment I Met You

From the moment I met you,  
I knew it was true,  
Because I couldn't stop smiling,  
Nor thinking of you.

I couldn't believe it,  
Something so wrong I knew,  
Because I wouldn't stop smiling,  
Nor thinking of you.

Now that I know your feelings,  
That you feel the same way too,  
Now I can't stop smiling,  
Nor thinking of you.

This feeling's so wonderful,  
Like a dream come true,  
I refuse to stop smiling,  
Nor thinking of you.

Jeff Saifi

# I Am Alone...

I m Sitting Here Alone  
Realizing Your Gone  
I Know I Cant Change Things  
I Know I Was Wrong

They All Say I Don't Need You  
They All Say I m Better Off  
They Don't Understand I Love You  
Yet I Never Said It Enough

I Regret What I Did  
But I Cant Take It Back  
Wish I Could Hold You  
I Want You Back

I Know You Deserve Better  
I Know I m Messed Up  
But Cant Go On Without You  
I Miss You So Much

Baby I m Sorry  
I Know I Said It Before  
I Mean It More Than Ever  
Knowing Our Loves Now Behind A Closed Door

I Didn't Realize What I Had  
Till I Lost You  
My Heart Bleeds Inside  
I Cant Forget You

Cant You Find It In Your Heart To Forgive Me  
Love Me Once Again  
Tell Me Everythings Alright  
Tell Me Its Not The End

Yet I Know The End Is Now  
I Know You'll Never Love Me Again  
I m Sorry Baby  
That I Was The One To Let You Down

Jeff Saifi

# I Can'T Sleep

I cant eat, I cant sleep  
I think about you day and night  
Why cant I ever learn  
That you will be alright,  
Ever since the fight  
I wish I could hold you tight  
I thought you were the one  
I thought you were my boo  
But now I know that could never be true  
You told me that you loved me  
You said you wouldnt lie  
You said you wouldnt go out  
The night that you got high  
You went to that party  
Although you said you wouldnt  
You tried to drive home  
Though you were so drunk that you couldnt  
I wish that you were alive  
So that I could tell you one more time  
That I love you and goodbye

Jeff Saifi

# I Love You

I never really knew you  
You were just another friend  
But when I got to know you,  
I let my heart unbend.  
I couldn't help past memories  
That would only make me cry  
I had to forget my first love  
And give love another try  
So I've fallen in love with you  
And I'll never let you go  
I love you more than anyone  
I just had to let you know  
And if you ever wonder why  
I don't know what I'll say  
But I'll never stop loving you  
Each and every day  
My feelings for you will never change  
Just know my feelings are true  
Just remember one thing  
I Love You!

Jeff Saifi

# I Miss You When

I miss you when  
your smile was real  
Slow creeping grin  
the way it made me feel

I crave the days when  
you would sing to me  
Voice filled with laughter  
and joyous glee

I yearn for all the times  
those eyes stared into mine  
deep, soulful, loving looks  
nothing more sweet or divine

I ache for those days when  
your embrace was strong  
Where did you go  
come home  
where you belong

Jeff Saifi

# I Think Back In Time

I think back in time,  
Where we had fun.  
I thought it was a time,  
But i still don't know.  
I think of you,  
All day long.  
I love you, do you love me too?  
I don't think so,  
But i do hope!  
I hoped you would never go,  
But you did.  
Loved it, your smile,  
Your looks, your hair.  
I would even walk a mile  
Just to find you standing there.  
I'm thinking of you,  
I really love you!

Jeff Saifi

# I Wonder

Every minute in an hour  
every hour in my day  
i wonder if thats really  
what you mean to say  
i wonder if you find it better  
or if you regret it all  
i wonder what you thought  
when i cried inside the bathroom stall  
i wonder if you ever cared  
or if you lied all along.  
i wonder if you think your right  
or completely wrong  
i wonder if you ever stop and think  
of all the pain you put me through  
i wonder if you'll ever realize  
no one will love you like i loved you  
i wonder if you ever thought  
it was a mistake to leave me all alone  
with my heart in an ache  
i wonder if you ever wonder  
what i think or feel  
i wonder if ill ever get  
the time i need to heal  
i wonder if one day we'll  
get back to bieng best friends ever  
or stay strangers forever  
sometimes i wish we could go back  
to when it was you me  
only one things for sure  
and this quote should fit  
'you never know what you have untill you lose it'

Jeff Saifi

# I'D Been Thinking Of You

All day and all night  
I'd been thinking of you  
About what you would do  
Hoping to talk to you tonight

I am sitting on my chair  
Thinking about you and me  
Happily on the beach by the sea  
Moving my hands through your hair

Were we gently hug and kiss  
Hoping for more days like this  
Lying in the sand watching the sky  
Filled with stars, while we happily cry

Now I'm lying in my bed  
I almost fall a sleep  
That you're not here makes me sad  
And I just started to weep

You are the one I really love  
And I wanna talk to you  
I keep on thanking the angels above  
That you are loving me too

Jeff Saifi

# I'M Thinking Of You

With you I can be free cause I know you love me  
You'll never judge anything I say and you'll let me be  
Every feeling for you I make sure to show  
You are the smile on my face if I ever feel low

You're a person who is the best so true and kind  
Your love and soul took me 3 years to find  
Yet the whole time you were standing in front of me  
Yet to the world around us it was so obvious to see

I'm lost in your eyes each time I connect with your heart  
In my heart and mind you'll always be a part  
These feelings continue to grow to the love of my life  
You are my sunshine who took away all my strife

You are my eternal life the smile of my soul  
It's your presence and love that keeps me whole  
You are the dream I see every single night  
A love between you and me I must hold tight

I fall in love with you every time I see your face  
In your heart and mind I'll be and no other place  
You are my soul to cry on, we were meant to be  
Forever in each other's heart, baby thank you for loving me

Jeff Saifi

# Last Goodbye

Loving you was not what I had planned,  
It's the crazy feeling that I never intend.  
Falling for you was a big mistake,  
But still I take the risk for nonsense sake.

Hesitations were on my mind,  
Saying that this is not right.  
That this is just a vexatious game,  
And that I shouldn't bet my fame.  
Why do I need to fall for the wrong one?  
Is there a malediction in this heart of mine?  
Am I only wool-gathering?  
That's why I don't know what am I doing?

The craziness inside hurts so much,  
The painful truth breaks my heart.  
But if there's one thing I want to do,  
It's to bid a last goodbye for you.

Jeff Saifi

# Last Time

In the darkness of night  
I long for your touch  
For you to hold me tight  
Hearing your heartbeat come in rhythm with mine  
Fearing that together, this is our last time

Feeling the warmth of your breath on my skin  
Growing warmer as the lights go dim  
Temptation is urging at my thoughts  
Knowing this is where all innocents is lost

Saying I love you is caught in my throat  
Drowning in my feelings  
You keep me a float.  
Praying that this night will never end  
Knowing that our faces, we'll never see again

Regretting all the fights and silly arguments  
Ready to take it back in one second  
Wanting more time  
The one thing we can't have  
Leaving each other seems like an unforgivable crime  
Knowing that forever I will always be yours  
And you will be mine

What choice do we have?  
Our lives we will live  
This one crime we will have to forgive  
Saying goodbye is hard to do  
There's just thing left to say  
As I whisper in your ear  
I love you.

Jeff Saifi

# Lost Love

A Feeling of Despair, The Choking Sobs  
an Image of Being Trampled under a Mob.  
Constricted Breathing, out of Control  
a Feeling of Forever These Moments Stole  
Darkness Settles, No Happy Thoughts,  
the Battles over Before its Even Fought.  
Clouds Drift in, I Feel the Pain.  
I Stand Destroyed in Your Domain  
On the Edge of a Chasm, Inviting Cold  
Hating Who I Am, a Man with No Soul.  
Can You Hear My Cries of Anguish and Despair,  
to Live or Die Do I Even Care?  
I Know it Sounds Crazy, Not My Usual Peace.  
But What to Do with Myself after this Six Year Lease  
. Words Spoken to God Mean Nothing Anymore  
I Spoke You Spoke Still You Walked out the Door.  
How Do I Maintain My Guise as a Man  
When Behind Closed Doors I Sift Away like Sand  
.To Pick up and Continue What Is the Use?  
I Had a Great Woman I Lost Her, I Deserve All Abuse.  
I Prayed for Us Daily to God from Above,  
And for What Because Evidently There Is No Such Thing as True Love.

Jeff Saifi

# Maybe Today...

Maybe today...

you'll look at me the way you did yesterday,  
when all my faults were set aside,  
and for once, i felt perfect.

Maybe today...

my cheeks wont hurt  
from the amount of smiles  
you place on my face  
and the amount of butterflies you create  
in my tummy.

Maybe today...

i'll think straight and pull myself together.  
think of all the times you hurt me  
and the amount of tearless pain.

But today...

insted of pulling out and moving on...  
i fell for you all over again.

Jeff Saifi

# My Bestest Friend

Friendship is something to hold on to  
But for me that's not the case  
Cause I don't feel I need to keep  
Something that can't be erased

I am sure of what I have  
Cause with you I have no doubt  
For what we've built, can't ever fail  
It's what I care about

I find it hard to describe  
This thing that we share  
Especially when there's nothing else  
That ever could compare

Others always know  
That together we will be  
For there can never be another  
'Tani and Kerrie'

Those two words, known all over  
Might as well be one  
Cause without a Kerrie, there is no Tani  
I'm sorry, it just can't be done

For you're the 'U', and I'm the 'S'  
And forever that will be  
Cause together we make 'US', and so  
YOU COMPLETE ME! !

Jeff Saifi

# My Broken Heart

A broken heart is what I feel  
It leads to flowing tears  
The sorrow from this loneliness  
Gives way to deeper fears  
I hurt inside from losing you  
I'm often asking why?  
How could this end so suddenly?  
I feel like I could die  
It wasn't very long ago  
That you and I embraced  
It feels like only yesterday  
And now my soul's displaced  
I'm trying to find a peaceful thought  
Where you and I were strong  
But in the absence of your love  
My happiness has gone  
For all the times we've laughed, we've hugged  
And all the times we've kissed  
For all the times we've made sweet love  
Your touch is what I've missed  
I truly hope there comes a day  
When love will reunite  
I'll wipe away these lonely tears  
I cry throughout the night

Jeff Saifi

# Tell Me What To Do

I could never explain why I love you so much,  
It's your eyes, your smile, your soft gentle touch.

The first time I saw you I knew it was meant to be,  
You'd spend your lifetime giving your love to me.

But I took your trust and broke your heart,  
I pushed you away, forever to be apart.

The one thing I love more than life itself,  
Ran away from me to be by herself.

I walk this house calling your name,  
It seems so empty, not nearly the same.

I can't help but cry as I look at through your things  
What hurts the most is to see your engagement ring

Sitting in it's case, inside this wooden box  
I should take the key and see if it locks

And throw it in the woods, to try to ease my pain,  
but it wouldn't matter, it still be the same.

All of these memories are inside my head,  
sometimes I'd think I'd rather be dead.

Than to live my life without my one true love,  
You're my shining star, my beautiful little dove.

I'd give everything to turn back time,  
Back to the days when you were mine.

You were happy and our love was strong,  
Neither of us could do no wrong.

I'm down on my knees and I'm begging you  
tell me what it is I need to do.

To win back your love and rebuild our trust,  
Cause to hold you again is an absolute must!

Jeff Saifi

## Thing Of The Past...

I often think of our first kiss.  
And could never forget the last.  
I remember how we were together.  
But now it's a thing in the past.  
I know we're still close friends.  
And that will never change.  
But us not being together,  
Hurts me and makes me feel deranged.  
Because I want to be able to love you.  
And hold you while I can.  
I want to be able to kiss you.  
And I want to hold your hand.  
I wanna be that person.  
That will always make you smile.  
And I want you to be that person,  
Who wants to stay with me for more than awhile.  
But I know its not going to happen.  
And I know what I need to do,  
The only problem is  
That I could never stop loving you.

Jeff Saifi

# Those Neon Lights

Under those neon lights  
Outside my favorite bar  
Is where you first kissed me?  
Walking to your car  
The years have passed  
And the bars torn down  
But those lights still stand  
Where they've always been found

I drove by there just the other day  
And it always makes me smile  
To remember the way  
You kissed me and held me tight  
Standing there  
Under those neon lights

I came into a little bit of luck  
I saved my change  
I had an extra buck  
So I bought that land  
Where those lights still stand  
Then commenced to erect  
A most grand plan

It wasn't long  
Before the bar was back  
With a parking lot full  
And the dance floor packed  
We had cold beer flowing  
And the neon glowing  
When I happened to see  
What was just a memory?  
Standing there  
Under those neon lights

You said those neon lights  
They called your name  
And the magic they bring  
Is why you came?

It was a dream come true  
That I've dreamt many nights  
Since you first kissed me  
And held me tight  
Standing there  
Under those neon lights

Jeff Saifi

# What To Say

I think about you every day  
from your beautiful looks to your amazing smile  
You a work of art and there is no denial  
if theres any a time that I start to feel down  
just the thought of your kiss can beat any frown  
I cannot wait to hold you tight  
hearts beating as one bringing sheer delight  
words cannot express the way that I feel  
to find someone who is just so real  
I truly believe that we have something special  
something that will be long lasting and not superficial  
I can wait as long as it takes to be with you  
just know that until then I will always miss you  
from your beautiful face to your soft sweet voice  
being with you doesnt even require a choice  
you are perfect to me in every way shape and form  
and I cannot wait to be able to keep you warm  
your laugh is contagious it makes me laugh more  
its just so damn cute and it is that I adore  
to think that you would wana be with me  
is the best damn feeling there will ever be  
your simply amazing in every single way  
and thats the reason i think about you every single day

Jeff Saifi

# When I Look Into Your Eyes

When I look into your eyes, I am nothing but surprised.  
I know about your past and how it didn't last,  
How you got hurt, burnt, Abused and used,  
and i bet your confused.

You deserve better, if not always and forever.  
You said you didn't care, But you couldn't bare,  
Isn't it such a scare.

Let me into your life and Ill show you that I care.  
Like an endless dream Ill always be there.  
I know your busy but please make time.  
Working so much should be a crime.

You need time alone, and some time to think,  
Let your feelings out why having a drink.  
Forget about the past and look to the future,  
I know your not ready, and I'm not trying to push you,  
Just wanted to let you know that ill always be with you.

Jeff Saifi

# When I Think Of You

I think only of how lucky I am to have you in my life.  
So many times our paths had come so close, yet never crossed  
When they finally did, I knew I belonged in your arms.

The way you smile when I make you laugh  
The tender way you hold me near  
The look in your eyes when you tell me you love me  
All fill me with wonder

I thank heaven every day for the gift of you and your love,  
and I hope and dream of our future together  
I love you more than I thought possible  
Yet my love keeps growing as each day passes.

I belong with you and you with me  
and with the love between us  
we'll be together for eternity.

Jeff Saifi

# Why Do I Miss You?

Why do I miss you?  
everything seemed too good to be true  
I thought you would always be mine  
it seemed everything was just fine  
What is it that I miss?  
I miss every hug and every kiss  
Why do I miss you?  
I can't forget how it felt to be with you  
I can't forget all the times we had  
the good times and the bad  
I trusted you with my heart  
and now you've torn it apart  
All the nights up late on the phone  
is now time I spend alone  
Wishing you were here with me  
gives me nothing but misery  
So, why do i miss you?  
simply because I can't forget YOU!

Jeff Saifi

# Without You

The days are nice  
The sun shines bright  
But there is no light without you

Flowers bloom  
Leaves grow on trees  
But there is no color without you

Birds sing  
Rivers run  
But there is no sound without you

People laugh  
Children play  
But all is sad without you

Time goes on  
Day turns to night  
But life stands still without you

People meet  
Hopes expressed  
But there are no feelings without you

Adventures lived  
Experience gained  
But there is no meaning without you

Work is done  
Time's put in  
But there is no value without you

Prayers are said  
God is begged  
But still I am without you

When all is said  
This life I dread  
Every day without you

Jeff Saifi

# You'Re Always There For Me

You're always there for me through both the good times and the bad.  
You're always there to laugh with, or to help me when I'm sad.  
Down at the mall even though we had no money.  
Laughing at anything and everything, yet none of it was funny.  
Walking around the block, or watching movies all day,  
We never really ran out of things to say.  
We howled at the full moons, would spin at parks until we were sick,  
Helping each other through both thin and thick.  
You live only two hours away now, but it seems so far.  
I wish I could be down there, where you are.  
No longer can we stay up late, talking all night long,  
Trying to figure out, how things can go so wrong.  
Why do two of the best friends you'll ever know,  
Have to be split up, because one is forced to go?  
If you ever need to talk, then just pick up the phone,  
I know right now you feel it, but you're definitely not alone.  
Although you may be feeling, somewhat out of touch,  
Never forget that your London Friends love you very much.

Jeff Saifi
