Yo yo smoking is bad for you
saying no is the way to go.
Going to a party in Beverly Hills.
Don't start smoking its kills.
Its makes your teeth yellow and
Makes you cough a lot. Don't think
About touching that pot. You see on TV
Everybody thinking they r cool but they really
Are fools! You can die from it so y does u
Smoke it. You think it can't hurt u but it will
So if u likes this song cool for u my hair is cool too
So good-bye I'm out of here going to Hollywood.
You can see me on TV. As I became as famous as can b
You can see me on the sing bee as I became as rich as can be

Dear Erica

Erica I can't do ya. There's no one like u
On this earth. That can prove my total devotion to u.
When I see u without me I feel my heart drop low.
You're the sunshine u brighten my day and in the calm
Of night your beauty makes me sing a love song
You are the one so true that my heart skips a beat or two
My love is true only for u all I do is think of u yes I do think I'm
Falling for u more and more

Her Friend Dont Like Me

i look in to the face of my love
and she say we can never be
but she was really saying her

To tell you how I fell.

True Love

I think I'm in love because my heart
beats faster when I'm by you.
You're my love you're more poppers
then me but we are best friend forever.
Why do I like u? You are so pretty you r the
nicest girl I like your eyes and your small
I'm going insane over your eyes and over
your beauty I think I'm going
crazy 4 you again I sick when I'm by u yes I
do really love u more then life all I do.
Is thinking of u in my dream?
