I Will Never Stop Loving You

□

When winter comes in summer,  
When theres no love forever,  
That's when i stop loving you.  
I'm sure you've heard these words before,  
And i know it's hard for you to trust them once more.  
You're afraid it all might end.  
And your heart is scared of breaking again,  
But you've got to believe me that i'll never leave.  
And you'll never cry unless i am there with you,  
I will always be here,  
And you'll never be without me.  
As long as the sun still lights the sky,  
You will always be in my mind.

# Hate But I Love

hating you means  
loving you most  
no one knows  
what we feel  
but who cares about it  
i love when people hates me  
i laugh when peoples ignore me  
i cried when somebody says she loves me  
i became sad when people says  
anything good to me  
i hate that much....

# Hayzt Friendly Enemy

my friend is my enemy  
since the day I met him  
the one that i hate most  
never thought we will be friend

I thought it was a accident  
an never existing true  
but my nemy becomes  
my Best friend

suddenly our closeness  
begans to turn gray  
knowing that there something wrong  
My best friend had to Go

# I Like Being Lonely

i like being lonely  
because everytime i'll be alone  
i can see you  
like dreaming in vain

no one can realize  
how i feel when i'am alone  
lonely is such a word  
can't express by words

now i realize being lonely  
is not being safe  
loneliness means  
crying and loving in silence

no one know's how lonely I  
now living without you  
without any reason  
without any trace of living

sad to say i'am still loving you  
but how can i say that to you  
if i don't know were are you  
still saying gudbye  
...^\_^...

# Me, Myself, And The Other Side Of Me

me lonely but happy  
sad but no one can see  
sometimes they see im smiling  
but deep inside, i m crying

myself pretending to be nice  
letting others to join in myself  
but no one knows me well  
even my friends didn't know me

the other side of me  
full of lonlinest but still smiling  
always sad but never been alone  
same as the thing that will never change! ...
