## Johnathon Kaniarz(02-13-95)

Ok i had to change my biography because in my last one i said i didnt have friends but since i created this account i have met some of the most nice people and some of the best poets who should be in books all over the world i wish i could read them all everyday from when i wake up till i fall asleep cause these poems are filled with so much feelings and personal experience i fell inlove with some. but i am a wrestler and i am writer and i hope to get more comments soon

# Heartbeat Is Dead

Tears in my eyes  
when will you realize  
that my heart belongs to you  
but theres nothing more I can do  
I stand here staring at the ground  
wondering if I will make a sound  
but even my heartbeat is dead  
nothing more needs to be said  
I held onto you  
for way to long  
I dont know what to do  
everything is all wrong  
but you pushed me away  
expecting me to stay  
I held on by a thread  
but now my hearteat is dead  
you will never know  
how to show  
someone that you care  
you just stand there and stare  
why do you hurt me  
when will you ever see  
that I would die for you  
I'll do anything you ask me to  
but because of what you said  
my heartbeat is dead

# Hush My Warrior

Hush my warrior  
please don't cry tonight  
I'll keep you safe  
it will be alright

Hush my warrior  
and close your eyes  
go to sleep  
and dream of fireflies

Hush my warrior  
your day will shine  
now go to sleep  
sweet angel of mine

Hush my warrior  
you need your rest  
lay down now  
and grow to be the best

# Im Sorry I Lost You

We had been together  
for what seemed like forever  
but one day you came up to me  
and said that you were sorry  
before I could ask you why  
you told me goodbye  
you made me promise we'll be friends  
even after it ends  
I was a fool to think it would last  
but all you are is a memory of my past  
I did all I could for you  
but there is nothing more I can do  
I try to write you everyday  
but I can't find the words to say  
I was a fool to let you leave  
I always cared, why can you believe  
I remember what we went through  
I'm sorry I didn't say 'I love you'

Johnathon Kaniarz

# I'M Through With You

You came back to say you love me  
you say you want our love to last eternity  
you think that I will hold you  
and believe that ill say I love you too  
but im not that stupid anymore  
I feal the Pain that makes my heart sore  
I want you to know I got over you  
I want you to go cause im throught with you  
im done fighting for something that died  
im done rewriting all that I tried  
im done I quit I dont want anymore  
reason's for my heart to be sore  
I want you to go cause im through with you

Johnathon Kaniarz

# Im Waiting For You

I think of all the ways  
of how to write a song  
I stayed up all these days  
but somethings seriously wrong

I wait for a reason  
I pray for a word  
but then I think of then  
and what was heard

Im waiting for someone  
just to get my life on track  
im waiting for you  
please I need you back

I look into your eyes  
and they always remind me  
of stars in the skies  
but im the only one who sees

I remember when we were together  
I wanted us to last  
I wanted our love forever  
but now its in the past

im waiting for someone  
just to get my life on track  
im waiting for you  
please I need you back

# Its Just Highschool

Everyone goes through this  
years of life that you'll miss  
The time of your life to make friends  
The time were goodbye means it ends

Im talking about highschool  
were you're popular or uncool  
you have your first times  
even your first crimes

it's these years that you dont let go  
there's always something you don't know  
a broken heart will make you cry  
but you believe that you will die

it's just old highschool  
were your popular or uncool  
you have your first times  
even your first crimes

its the best years of your life  
filled with love and strife  
the memories of your first kiss  
the times that you'll miss

your very first dance  
you take your chanec  
to fine the right one  
but then you go and have fun

# Like I Said I Would

All my life  
I was wrong  
so now I write  
this broken song

I've made mistake's  
I have a curse  
this pain I feel  
is the worse

I cant keep this up  
this misery  
i have to change  
or be left in history

so I put my foot down  
and fight this town....  
I did right, I did good  
i did like i said i would

i wont quit  
not right now  
not till i  
finish my vow

i wont cry  
i wont stop  
i will make it  
to the top

cause....

i did right, i did good  
i did like i said i would

# My Heart Was Unprepared

Hey love drove me to madness  
now im alone in sadness  
I wanted us to be  
but now she wont look at me

now im filled with memories  
confused by realities  
was she ever really nice  
or was her heart cold as ice

I will not cry  
because you said goodbye  
you never cared  
but my heart was unprepared

Johnathon Kaniarz

# Till The End

You walk through life, people come & go  
but there is one feeling you will never know  
what it means to be loved till the end  
someone who will see more than a friend  
you never know who it is but listen to me  
when you find them you will love them for eternity  
they will be with you till the end

Johnathon Kaniarz

# Why Won'T You Leave

Why wont you leave  
when will you believe  
that I don't care for you  
that's why I said we're through

you don't seem to realize  
the fire burning in my eyes  
why don't you see  
the scar you gave to me

why don't you go away  
I don't want you to stay  
your nothing to me anymore  
except the reason my heart is sore

why won't you leave  
when will you believe  
that I don't care for you  
that's why I said we're through

I'm tired of all your lying  
I'm tired of all the crying  
I wish that you knew  
that I'm tired of you

why won't you listen  
so I don't have to say it again  
we ended a long time ago  
but there's something I need to know

Why won't you leave

Johnathon Kaniarz

# Your Pain

It is hard to name  
the one who caused your pain  
because i'm the one to blam  
you have nothing to gain  
if you stay with me  
theres a world you could be  
with a different friend  
who will stay till the end  
but why wont you leave  
you say i shouldn't believe  
that i caused your pain  
or the scars on your vein  
but its all lies  
when will i realize  
you dont need me  
im just history  
so leave me to rest  
to end this pain in my chest  
everytime i hear your voice  
i always want to make a choice  
because i am the cause  
of all your pain
