A Heart Frozen In Time

It is such a crime,
To live with a heart frozen in time.

My heart was once strong,
Now i've been without you, for far to long.

Now I just sit and wait,
Because i know your my fate.

All i have to say,
Is i'll always wait for that day.

That we can be together,
Always and forever.

joseph vitale

This I Must Confess

This i must confess.
I feel your heart beat agains't my chest,
Everytime we caress.

This i must confess.
Our love is one of beauty,
That i'll cherish for all eternity.

This i must confess.
It's hard to show no emotion,
When i love you with such devotion.

This i must confess.
Our love will always remain strong,
Because in your arms is where i belong.

This i must confess.
My love for you is pure,
This i know for sure.

True Love I Have Found

Everytime our eyes meet,
My heart starts to deplete.

It only happends when your around,
So true love i know i found.I

I know you think it's untrue,
But i really do love you.

I think the man above,
For giving me the one i love.

And i'll wait the rest of mylife,
Just to be called man and wife.
