# I Think Im In Love With U

oh my god its you  
you walk in the room everything stops  
the room around me starts to spin around me and as i fall  
your there to catch me

you look me in the eyes and ask are you ok  
i cant talk im just so dazy in your glory  
all i think about is how much i want to kiss your lips  
but then you walk away

never to return

gone forever

lost for eternity

# Little Did We Know

little did we know that we would end up here  
in this cold room with no one around us but the bare cold walls  
no heat just cold air on our face  
your crying and im dieding no one here to hear us cry or yell for help  
your scared and screaming at mom but she can't hear you because shes gone to  
the light

i lay on the ground bleeding from stab wounds  
i start to cry and scream at you to shut up and go to sleep  
i'll try to be the stronger person but knowing that i wount make it to  
tomorow so i hold u tight and hope to never let you go

you have nothing now on one here to help you from your pain and tears

and as you sleep just remember that you are strong and will always be
