## Joy O' Pateng(10291990)

I love to write. When I speak people misunderstand me. But when I write they understand me...Written was another way for me to escape my stress and other way to express and gether all my thoughts and put it into words...I've been writing since 16....and I haven't stopped yet....I better myself, by writing what pops in my head during my thoughts....

## .....Girl...

Gorgeous girl, who is it to blame  
Anonymous girl, who knows her name  
Saddened girl, who makes her cry  
Blind girl, who can't love anymore  
Lonely girl, who wants to touch her  
Speechless girl, who kissed her  
Gossip girl, who talks about her  
Baby girl, who gave birth to her  
Pretty girl, who broke your heart  
Promiscuous girl, who's promise got broken  
Girlie girl, why you're wearing pants  
Ugly girl, who can change her  
Party girl, who will drink tonight  
I don't even want to be an idiot pretty girl....

Joy O' Pateng

## ...In Love

I'm in love with you  
And not your beauty  
I'm in love with who  
You are as a person  
And not who I want  
You be...because, you  
Are who I want and  
You are who God sent  
For me...God never  
Make mistakes....I asked  
God to send you and  
He did as he said he  
Would and I want us  
To live forever with love  
Care, faith from infinity  
To eternity....

Joy O' Pateng

## ...When You...

Full of enjoy when you came  
Tearful eyes when you left  
Heartaches when you say bye  
Headaches when you said I hate you  
Dying when you fell for somebody else  
Rubbing me out of love for revenge  
Stoled part of my soul and stomped on it  
Spited on my Love when I give you my vows  
Melted my promise ring when I gave it to you  
Left me in the stormy weather with no shelter  
What else are you trying to do to me to before I take my last breathe?

Joy O' Pateng

# A Star.....

Above the clouds there is a star  
A star that looks down on me  
A star that I makes my wishes shine  
A star that brightens my path  
A star that enlightens my world  
A star that makes me feel loved  
A star that makes me dreams come true  
A star that breaks my loneliness  
A star that makes me smile  
A star that I look up to and not down on  
A star that protects me from my enemies  
A star that brings my bliss and hope  
A star that sticks to its promises  
A star that supports me take me as I am  
A star that never fades away...  
A star that will live with me forever and ever.....

Joy O' Pateng

**A...**

A kiss was created by nature to make the lips speechless  
A hug is to shelter a soul Promises are meant to be broken  
Tears are suppose to be happiness Love was suppose to  
Fit like a glove and not hurt....

Joy O' Pateng

# Actually Were My Problems...

The trepidation on my  
Shoulders was your burden  
It kept me so worry  
Your actions wearied me  
You were all I've wanted  
And now you're something  
I don't ever wanna part of  
You've scold my life.....

Joy O' Pateng

# Alone I

I'm all alone.....

Alone, I sat  
Alone, I cried  
Alone, I sleep  
Alone, I walk  
Alone, I eat  
Alone, I sing  
Alone, I write  
Alone, I love  
Alone, I die  
Alone, I dream  
Alone, I think  
Alone, I fight  
Alone, alone, alone.....

Joy O' Pateng

# Alone...

I walk alone  
I cry alone  
I've fought alone  
I've been a victim of Pain  
For so long, Now I'm tired of the strain  
Both my spirit and body are disdain  
I feel like a lost soul with no brain  
I got this arcane in my vain  
I can't explain it  
Its like there's no shelter  
And that I'm being beat down by the rain  
Now, I'm sitting here wondering  
Will this loneliness, and sorrow stop? ?  
Or I'm gone have to dies in vain.....

Joy O' Pateng

## Baby I'M Sorry...

I'm sorry for not loving you  
I'm sorry for not being there for you  
I'm sorry for making you cry  
I'm sorry for breaking your precious heart  
I'm sorry for not believing in you  
I'm sorry for never giving you my ears  
I'm sorry for not holding you when needed to be held  
I'm sorry for sharing my nakedness with another  
I'm sorry for not expressing myself to you  
I'm sorry for denying you  
I'm sorry for lying to you  
I'm sorry for breaking my vows  
I'm sorry for not fight with you  
I'm sorry for me being sorry  
I'm sorry for my mistakes.....  
I'm sorry, I'm sorry, babe I'm sorry.....

Joy O' Pateng

## Baby Please.....

Baby please have  
A change of heart  
Allow me to re-enter  
Your world...in your  
Arms...on your bed  
Share your world  
With me....I messed  
Up what we founded  
And built....

Baby please have  
A change of heart  
So I can prove to  
You how much I  
Love you and how  
Much of a better  
Person I can be  
Baby I'm sorry....

Baby please have  
A change of heart  
Have a change of  
Thought..A change  
Of Anger... Love me  
Again....

Baby please.....

Joy O' Pateng

## By...

I'm single by choice  
I live in my present not by choice  
I dream of the future by curiosity  
I write out of my head by heart  
People misunderstand me by ignorance  
I am beautiful not by choice  
You're beautiful by mother nature  
I've gotten hurt against my wish  
I've crushed on by plenty  
I've been in love with many  
I'm waiting patiently for love by my will

Joy O' Pateng

## Changes...

I quaff my words and pride  
And ignore my prerogative  
You were carbon Footprint  
For once we were friends  
But on the darkest side you....  
You were my frenemy-  
A splinter which secretly  
Annihilated me.....

Joy O' Pateng

## Cried Out....

Cried out of joy  
When I love you  
Came out of your  
Mouth...I cried out  
Of bliss when you  
Cried out for me,  
And reached out  
For my love.....I  
Cried out proudly  
When you sacrificed  
Everything just for me  
I...I...I Cried out of pain  
When I didn't have  
The love that you  
Feeds me with....  
Crying out loud  
Telling them world  
I want you to be my  
Shadow and be my  
First and my last.....  
After you, there's  
Nobody else.....

Joy O' Pateng

# Everything

Everything was a mistake  
When I think about it my head ache  
The kisses, words and hugs were fake  
You played my heart like a gambler  
Now I'm as empty as a world with no people  
I'm struggling mentally, spiritually, emotionally and  
Physically with the outcome of your mistakes  
No other suffers from the punishment that I've  
Received from just loving you....I guess 'love'  
Is a mistake too...

Joy O' Pateng

# Faith..

Walking in the middle of the night  
Because, I didn't know My right  
Nor left... As I wandered through  
The darkest streets Of Pain  
I came Upon this gate called  
The Gate of love.... Behind This Gate  
Its the City of Love... in which I met  
An angle, she was as white  
As snow....Shines like a white star in my Galaxy..... She called herself Faith  
She took me in and reborn me,  
Myself and I with a new soul  
She healed every pain I've suffered  
From... From love, to sickness and from there to my  
My hopelessness..and she restored  
My happiness...and removed my sorrow... I  
Fell for Faith....I loved Faith  
I wanted to keep her forever  
I asked God if Faith Loved me and he was yes she does but NOT IN  
OVE...because...  
She was just a messenger from  
God to heal me completely and  
Rebuild my my strength of loving again  
And not never to give up on love.....and so I did.....

Joy O' Pateng

## How Can I....

How can I get over you  
When I'm still in love  
With you? Why do I  
Still love you. How can I  
Love another when  
I think about you when  
I'm with the other....  
I know you don't love me  
You never did as much  
As I..did And you've found the  
Better and that's why  
You walked out  
I know I must get over  
You...someday, somehow  
Someday...

Joy O' Pateng

# I Am...

I am a girl  
I am an African American girl  
I am a broken hearted girl  
I am a stud  
I am a girl that like a girl  
I am a girl with dreams  
I am a girl who's in love  
I am a girl who has struggled  
I am a girl that has dodged death  
I am a girl with good intuitions  
I am a girl who's tryna do right  
I am a girl with a heavy heart  
I am a girl that symbolizes G.I Jane  
I am just an ordinary girl  
I love being a girl.....

Joy O' Pateng

# I Pledge...

If no other living will  
Take you as you  
Are...Then I will  
If nobody will  
Take the privilege  
To make your  
Upper lip separate  
From your bottom  
Lip..to see your  
Teeth between..then I will  
When others come  
And go, when I  
Step into your  
Life, I will stand like  
A statue Tall and  
As strong as Hercules  
I will not fall out  
Of love for you... I will Stay  
With you To hold you,  
Hug you, Cry with  
You... Walk With you  
Through the sinful  
Part of life...  
But I need you to  
Stay hopeful, happy  
Because, with me  
There's no way in this  
Evil world will you share  
Any tears..unless its  
A happy tears from  
Happiness.....  
I will never leave  
You.....  
I pledge this to my heart.....

Joy O' Pateng

## I Remember...

I remember the first  
Time I met you it was like a cinema in a slow motion.  
Your smile made me bring out a smile of my own.  
Your eyes gave me a sudden chills.  
Your movement of your lips numbed me body.  
Your body language said it all that, I had to have you.  
You left my heart beating faster; I've never seen such a beauty.  
And when I asked you to be my girl and your answer was YES,  
It brought tears filled with enjoy....I knew you were my fallen  
Angle...From the moment you become mine....

Joy O' Pateng

# I Still Stand...

I bet you wish I was dead  
You wanted to see me fail  
You thought I would stop  
Striving after my success  
The Hurricane Katrina hit  
Me and.....I still stand....

Men have come and come  
Into my life and so has females  
Came and ate me like they were  
Ravens and Crows craving off  
The dead..they left me strained  
But still I stand....

I've fought all my wars  
I've been beating, I've won  
Some gold medals and I've  
Went home empty handed  
I walked, walked and walked  
Till I hit this concrete wall  
...Bounced me back but I never  
Fell.....I still stand...

Walked out by many people,  
Laughed at by the world  
Abused by my own flesh  
Broken by my own intuitions  
Avoided by my pets  
After all....look at me now  
I still stand.....

Joy O' Pateng

# I Want The R&J's Love

Romeo and Juliet was unbreakable love  
It was strong..like a brick wall...  
It was a wall for them to be depart from the outside world...  
The type of love each other would die for  
A love that will last forever even after death  
Nowadays, is there a love such as Romeo's for Juliet  
If there is, then I want to be part of it  
If not, then I want to die and be banished away from it  
I can't be part of any love that's not unconditionally.....  
Romeo and Juliet were a force..  
With my future partner, I want us  
To be a force and not enemies..Not  
Against one another but a force  
To fight to our love to exist.....

Joy O' Pateng

**I...**

I stored you because, I adore you  
I think of you because, I missed you  
I admire you because, you inspired me  
I dream of you every night because, I want you in my arms  
I cry deep in side my soul for you because, I need your comfort  
Now I walk alone because, you were my shadow beside me  
I can't sleep because, I miss watching you sleep like a baby  
I've lost my appetite because, you were all I ate 24 7 Candy Girl  
I can't focus because, you're all I want and think of day and night  
I want you so bad because, I feel free and bliss when I'm with you  
I don't know how my life would be if I wouldn't had meet you  
If I had you, I would keep you forever, never leave crying,  
Never leave you broken-hearted, always be ready to comfort  
You through thick and thick because, you will never be alone as long as I  
live...Sometimes I wanna escape this bloody world...And be somewhere with you  
peacefully..Just you and I. I don't need any other girl...but I wanna be.....

# Knocked Down....

I have fashion for passion for love  
So far my passion has become a nightmare  
I tried so much to break my own ice  
Somehow I forgot the ice was slippery  
So I slip hard and falls with no support  
I got knocked out my the wind but still  
I stand With this severe pain in my heart  
So much fear in me alone  
So much pain I've been having  
With all the wounds and scars for fallen, somehow  
I go back to the snow and tries to break the same ice again  
I failed.....then I realized I've been trapped in this soul lost  
This heartless girl, this girl with agony, this girl filled with  
Hatred all because of love....I meant have lost in love..  
But I haven't lost my way back to my castle of passion for love  
And on my way back If I get hit again by a harder storm...  
I will still stand tall With my eyes and head up high  
Tears off my shoulds....and smile at the wind....

# Love Is Weapon

Love is like a weapon  
It only kills you when you play with it  
It has shoot me plenty of times in my chest  
It burned the tips of my finger  
Now I'm scare to place my finger into the fire  
Love has cut me with its eyes  
It has burnt me with its words  
And so, has it bashed me..  
It has beaten me to a point I can't play with it and longer  
Love has torn my soul apart  
Its hard to be friends to love again  
Can I not have love take my breathe away? ?

Joy O' Pateng

## Love Is....

Love is like a football player  
It will come and tackle you  
And then knock you down  
Real hard with the hardest  
Force..just take the pain and  
Get back up And start walking  
With or without a limp Keep  
Walking and Walking Don't be  
Sad don't cry..its just another  
Lesson Learned..When its about  
Hit you..you're gone feel it.....  
Next time you won't Fall flat on your face.....

Love slips away easily  
I keep asking why that's  
It slips away so fast when  
Its getting me attached  
like paper and glue Magnet  
And another magnet  
Love is so too cruel  
I just want something  
To just whisper in my ear  
And say I love you..Don't be  
Scared..I'm here with you...

Love is like a suitcase  
Filled with feelings without  
Security.  
Love is like a suitcase  
Filled with feelings surrounded  
By fear.

Love walks like a ghost you never know when its gone come alive.

Love is not something research for but something you earn

# My Home..

My home is not my home  
Because I'm unhappy. Healthy  
Happiness comes from a household  
I just want to be hold and loved  
I'm capture in a nut sack and I can't...  
And I can't redeem myself, I take 10 steps  
Forward 5 minutes later I feel  
The 20 footsteps I've taken backwards  
No wonders, no worries, no guarantees, no pity  
I'm just living still my mind can't anymore  
While my heart runs out blood from bleeding....

Joy O' Pateng

# My Prayers To God....

Oh God as your child I  
Become before you humble  
Ask for your forgiveness  
I've done handled some  
Things right and wrong  
I ask to be a better person  
A person that does the  
Right for the right purpose  
I'm asking you do help me  
All the way through my  
Upcoming life....Without  
You I'm nothing..I'm not  
Human if you didn't create  
Me.....Your words, 'Ask and it  
Shall be given to you....'  
Well...father I'm asking you  
To carry me boldly...lead me  
Make me somebody that people  
Will know you're spirit is alive  
I know I'm not perfect but  
I pray to you to not make me  
Perfect but close to the word  
Perfect....I will worship you  
Like no other....I know you've  
Heard my sorrow and seen my  
Pain....cure it for life..and bring joy  
Back into my life....thank you God!  
Amen.....

Joy O' Pateng

# My Southern Girl...

THE MOST BEAUTIFUL  
SOUTHERN GIRL EVER  
IS WHO I'M IN LOVE WITH  
HER NAME SOUNDS AS  
BEAUTIFUL AS HER EYES  
HER HEART IS HEAVY AS  
A STONE....HER LOVE IS  
AS WIDE AS THE OCEAN  
I'M SO ATTACHED TO  
HER LIKE I WAS HER  
SHADOW.....HER LAUGH  
IS A LAUGH THAT I WOULD  
NEVER WANT TO STOP  
HEARING...AND SO IS HER  
VOICE...A VOICE THAT MELTS  
YOU DOWN INTO WATER  
GIVES YOU A SEXUAL FEELING  
A FEELING THAT YOU CAN'T  
ESCAPE....HER TOUCH BRING  
MIRACLES TO THE SICKNESS  
HER BODY IS ALL I WOULD RUN  
TO WHEN THE WORLD BECOMES  
SO HECTIC FOR ME TO LIVE  
UNDER...IN HER EYES I WANT  
LOOK AND KISS HER CUTE SOFT LIPS  
IN HER HEART IS WHERE I WANT TO BE  
BY HER SIDE IS WHERE I WANT  
TO SLEEP.....IN HER ARMS IS WHERE  
I WANT TO DIE IN.....

Joy O' Pateng

## Rebuild The Past..

I left my past behind  
To find a future with you  
But It seems like I get lost  
Every time I bow my head  
On way to you So I look up  
There you are...like my favorite star  
But don't ever think I won't follow the  
Lights of the star And don't ever think that  
You don't shine because I see  
My reflexion through you Don't ever  
Think that I won't find you because you're far  
I always seem to find my way  
Out In your lights Don't feel like I've felt you  
You keep me moving because,  
I can see you.....

Joy O' Pateng

## Rose...

Roses smells like a flower  
My baby Rose smells like love  
Love that smells like roses  
Roses are red but Rose  
Is lavender...My favorite  
Color purple....She already  
Got me smelling like her  
Lovely purple flowers  
....I'm feeling like I'm a flower  
Who has been taking cared of  
And mentor by Rose....

Joy O' Pateng

# She Is...

She is a girl  
She's a girl that cheers me up  
A girl that I can count on  
A girl I can run to when I need a hug  
When I need to be held and be comfort.....  
Her brain is not her heart but she loves me  
Her heart is bigger than the world  
Sometimes she wishes to escape with me  
Sometimes I wish we wouldn't be too far apart  
My intuitions tell me she's the only girl that loves me  
My heart tells me I'm in love with her....  
My body pushes out sweat outta my inner body when I see her  
Her name is a name that reminds like a mole on me for life  
Her talent is a gift from god and as a gift, god sent her to me  
Her as a present from God is something I must cherish and keep  
It forever....her name is Ashleigh...

Joy O' Pateng

## Still In Love.....

How can I get over you  
When I'm still in love  
With you? Why do I  
Still love you. How can I  
Love another when  
I think about you when  
I'm with the other....  
I know you don't love me  
You never did as much  
As I..did And you've found the  
Better and that's why  
You walked out  
I know I must get over  
You...someday, somehow  
Someday...

Joy O' Pateng

# Struggle

Never letting my actions speak for me and  
Neither will I let my emotions control me  
I let my words fight for me when I'm at war  
And let the harmony of music be my therapy  
And my motivation While my writing becomes my therapist  
I've learned to accept every temptations with alacrity  
Stressing about facing my obstacles is obliterated  
At the end of the struggle, I will be reimbursed  
If I keep striving and climbing the steepest mountain  
Because there's no time to be crying when  
I been provided with the strength to do something  
With my life and Best believe, I'm gone be sparging  
Ether while The world say what they wanna say  
And it wont affect the way I'm living because  
I'm gone be I'm winning by being free again.....

Joy O' Pateng

# Time Machine

## TIME MACHINE

If I had a time machine  
I would be a time traveller  
A traveller who would go  
Back to the past and undo  
So many things When you  
Receive so much, you regret it  
When you regret it, its history  
A history that has been stored  
In this tinny skull that flashes  
Like a light every thousand seconds  
Regret should never be in your speech  
Just let God take hand and and  
Keep track of time....

Joy O' Pateng

# Was I Just Dreaming? ? ?

It came to a time  
When I thought  
You were meant  
For me and me  
Only I asked you  
To marry me And  
Live happily ever  
After...But I guess  
All that was my  
Own imagination  
.....And as time  
Went by I felt  
Like you didn't  
Love me anymore  
You didn't want  
Anymore I disgusted  
You...you didn't  
Want my hugs  
And kisses no longer  
I felt worser deep  
Inside and I cried  
A 1000x harder  
Each time I saw  
You.....I hurts me  
Knowing that you're  
Slipping away from  
I don't wanna say good  
Bye...I want 'I will see  
You later'...so, as I lay  
On this bed asking  
Myself, what went  
Wrong...

Joy O' Pateng

# What's Happening To Me?

My heart is melting like ice  
My skin is peeling like a mother  
Would peeling an orange for a child  
.... my brain pounds like it was my heart  
My eyes sense a trillion times  
Faster than my nose My finger  
Twitches for a knife to consol my skin  
When my Ears can't stand the words I hear  
My lips are sealed like I was being  
Tortured by an arm full of hate  
My tongue speaks but no one  
Hears me my soul is lost but my  
Legs can't walk a lone....I grind my  
26 teeth but comes out a fake smile  
I feel like I'm trapped in a suit  
A suit that's invisible.....Chills  
Come on my body when I cry  
Out of blood and condolence I  
Wonder if I will ever irenic with  
Life again....What's happening to  
Me?

Joy O' Pateng

## When I Kiss...

When you kissed me my sadness went away  
When you kissed me I felt safe and comfort  
When you kissed me you healed all my wounds  
When you kissed me my pain when away  
When you kissed me I felt loved  
When you kissed me my dreams came true  
When you kissed me I felt better than ever  
When you kissed me I knew you were the one  
When you kissed me I had this rush  
When you kissed me you took me to a different world  
When you kissed me I never want to stop  
When you kissed me I knew you loved me  
And when I looked into your eyes, I told you  
I was in love you, I meant every part of those words.....

Joy O' Pateng

## Whenever You Need Me..

Run when you need me  
Lost I will come find you  
Need ears? You can have mines  
Protector I'm gone be one  
Looking for love you got me  
When sad smile when you  
See me...Need happiness  
I'm a bliss....Want sex?  
I'm anti-nymphomaniac  
Don't perish as long as  
I live..cross my heart  
Leave the rest, take a rest and I vow  
To be the best....best you've  
Ever had....Just whisper when  
You need to come comfort you  
I will rush to you with an S  
On my chest.....Don't worry  
I'm gone hold you carefully  
Like an infant.....

Joy O' Pateng

# With Joy

I am joy...

With joy, you were born  
With joy, you were a baby  
With joy, you cried  
With joy, you smiled  
With joy, you laughed  
With joy, you sleep  
With joy, you walked  
With joy, you matured  
With joy, you were healed  
With joy, you fought  
With joy, you never gave up  
With joy, you world peace  
With joy, you made me

Joy O' Pateng

## With You

With you I though  
I was somebody  
And now I've realized  
I was nothing with you  
With you I was stuck in this trench  
I was in fire and you were the flames  
Without you I've quenched the fire  
With you, your three words stench  
Without you I found a new wrench  
Which supports me when I fall and  
Can't switch or reach to anybody  
To retrench me.....

Joy O' Pateng

# You Just Killed Me...

I hate you as much as  
I hate my problems  
Therefore, you are my problems  
I opened my door  
To adore you...You  
Came in....you walked out  
Then I came and knocked  
On your door because,  
My world was crowded with flames...  
Because my world was burning  
You opened your door  
And slammed it in my poor tearful face...  
And said I don't love you,  
Go away.....I stood there like  
A dead stone...I was standing in  
My own shoes..shoes that aren't my  
Size..they were too big for my tiny  
Feet...I felt the fire in my head spreading  
All over my inner body...I was dying  
Inside...and so I died....but you never  
said why I couldn't Have your shoulder to lean on....  
And why I wasn't welcomed into your arms when I needed you the most.....  
I was invisible and your ignored my need of help....  
Your neglect harmed me..  
Your love killed me....  
And so did you you...  
You killed me....without Goodbye....

# You'Re My Everything..

I am your flesh  
You are my rib  
I'm your twin  
You're my shadow  
I'm your soul  
You're my mate  
I'm your friend  
You're my bestfriend  
I'm your Clyde  
You are my Bonnie  
I'm your lungs  
You're my air  
Without you,  
I'm a blunt with  
No Fire.....  
You are my everything...

# You'Re Never Sorry...

You're never sorry  
Even if it killed....  
You're never sorry  
Even if it destroyed  
The world filled with  
Innocent people....  
Never sorry when  
You caused me to  
Bleed....  
You're never sorry  
After you say the words  
Of apology....  
Are you ever sorry for  
What happens to souls?  
You're victims?  
Do you ever feel sorry for yourself? ?  
That can never be answered.....  
You're never, ever ever  
Sorry.....
