I am Nobody who can tell to Anybody but there is Somebody who can change the Life of Everybody...

# Benevolence

Oftentimes there are things that we want to achieve,  
Thinking that our world's immortal  
But through the years that pass by,  
Radiant morning rays await us.

How important it is to cherish each moment  
To spend each minute with the one you love,  
Through these you feel and you can see  
How blessed you are in spite of life's hardship.

Nothing can hinder one's sincerity  
Only your heart and it's content  
How blissful it is to be true and honest;  
No cheat or lies,  
Because even mind, heart can't be subdued.

A lot of things causes us confusion  
Even we force ourselves, it fools us  
But in optimism, there's hope  
Nothing's more vital than to spend your life with the one you love.

Life's an irony, everything we want is not meant for us;  
But through it all, to love and be loved is the greatest,  
No matter what, no matter how  
But being true to each other, to the world to oneself  
And the most important is to our LOVE.

# He Will Not Forsake You (Full Version)

If you only believe  
To give all to Him,  
Whatever trials come to you  
And you know you cannot handle it,  
You have a friend who is waiting for you

Seek Jesus and you will find Him  
Knock and He will open to you.  
All the trials, are easy  
Because He is with you,  
He will not forsake you, eternally.  
Let Jesus live in your Heart

What you need is trust Him  
He is your LORD who created you,  
You were created through and by Him  
He gave you the breath of life.  
And everything in this world was made by God

He is the only way to the heavenly place  
Ready to forgive all our sins,  
In the darkest way we trod  
The light that He provide is our guide.  
His love for everyone is everlasting

You rejoice that we have a God  
Great & loving, who redeems us from sin,  
Who covers our hardship and sadness.  
Therefore don't lose hope  
A new dawn is waiting for you.

# I Love You With All I Am

My love for you has brought me out of me.  
The beauty in your heart has set me free  
For all my inaccuracy;  
I looked into my heart and saw a treasure  
worth more than anything I'd ever had, it is you...

You are the love of my life  
that you will always be...,  
each day I find happiness  
such joy and laughter and the special times we share  
just mean everything to me

My love, my precious love;  
The spark that ignited the day we met  
remains an eternal flame.  
I love you with all I am  
and all I'll ever be.

When our time has come  
we will be together as one  
Thank you for being the love of my life.  
My other half, grow old along with me  
And we will be in this world contentedly...

# Pagmamahal (Benevolence)

Minsan may mga bagay na nais nating makamtan  
Akala natin mundo ay wala ng katapusan  
Ngunit sa pag-ikot nito doon natin makikita  
May naghihintay pala na isang magandang umaga.

Kaya napakahalaga ng bawat sandali  
Na ang kasama mo ay ang mahal mo  
Dahil dito mo mararamdaman  
Dahil dito mo makikita, mapalad ka pala  
Pag nagawa mo ang isang bagay na talagang gusto mong gawin

Walang makakapigil sa totoong nararamdaman,  
Ang iyong sarili at ang iyong puso lamang.  
Ang sarap ng pakiramdam ng maging totoo,  
Walang daya, walang kasinungalingan.  
Kahit ang isipan, puso'y hindi kayang hadlangan.

Wala namang dapat isipin kung hindi ang makasama sa habang buhay  
Ang minamahal ng totoo at tapat.  
Ngunit may mga bagay na kahit anong gawin,  
Kahit pilitin ang sarili, ang hirap magawa  
Pero kung tutuusin, napakadali naman pala.

Ganoon ang buhay, kung ano ang gusto hindi naman para sa iyo.  
Pero sa kabila ng lahat, napakasarap ng magmahal, lalo na at mahal ka rin.  
Kaya namang matupad, kahit ano ang hadlang;  
Ang pinakamahalaga ay maging totoo sa bawat isa, sa mundong ginagalawan,  
Sa Sarili at sa Pagmamahal.

## Poem With Love

My voice for you is both tender and languid  
Disturbs later silence of night dark.  
Near bed sad the candle burns mine;  
my verses merge murmuring, flow, rivers loves,  
Flow are full you.  
In darkness your eyes shine before with me,  
to me smile, and sounds are heard by me:  
My friend, my gentle friend and my love. I Like... Yours!

In pine ions long hopeless,  
in alarms of noisy vanity,  
the voice gentle sounded to me long  
Also lovely fig dreamed.  
And heart beat in ecstasy,  
And for it have revived again  
and a deity, and inspiration,  
both life, and happiness, and LOVE ...

# The Traveler

The way seemed too attractive so I go  
The other way is dense and they were few  
I walk into the path I wanted to  
But, I realized that I walk away from you

I'm a traveler who walks miles to find you  
And I won't stop till I find  
The road may seemed to be tarnished  
with pain and strife...

□

I'm traveling only to find you  
It may cost my life and everything  
I realized walking without you  
Is an emptiness in life...  
So now, I want to walk with you.

I've never felt this happiness before  
Until I give my life and give my all  
He walks with me and I find the real joy  
That I never felt and I've never known before

No body knows where the road may go...  
Before I believed that this life has no destiny  
Until then I've met the Savior who show me the way  
to go.

# Winter Moonlight

The snow, so peaceful and serene,  
caressed by the soft moonlight,  
gave magical feelings to the night...

The soft blue glow, the lovers' words that then did flow,  
their lips closer and closer until, locked in the throes  
of a passionate embrace,  
he decided to express his feelings, to keep her safe.

He whispered softly,  
his words like music to her ears, 'I Love You, '  
and her response the same,  
heard like the gentle breeze,  
'And I, love you, eternally.'

That was the night they promised  
to be together through everything,  
each to care for the other when old and gray  
A lovers' pact the most likely to last.
