Beauty

Beauty is something you
look at and don't want
to let go.

Beauty is a passion of imagination.
I see beauty when the moon
is filled with love.

Beauty is something you dream
about.

I see beauty in a person eyes when it
is filled with so much love.

Oh Girl

Oh Girl

I am happy when you are.

I am sad when you are.

Go ahead and make me
sad. It ok when you are
happy. You are the apple
of my eyes. You made me
want to lay down my life for you.

You means everything to me.
When you came into me life
it was like a dream come through.
I love your beautiful smile.
I imagined on the first night
I saw you, you make me happy.
when ever I see the sun
I see your brightness of your
beauty in my present.

Queen

why waste your time with a man
that treat you bad, hurt your feeling,
called you names and disrespect you?

come on ladies
is that what you really want?
i thought you was a queen, mother of the universe,
the one that bring joy to the world.

you deserve better, and all the finest things in life.
you are the reason why i m alive, and hate the fact
that you let a man treat u like you are nothing.
you are everything plus more.

i just hope that one day you will realized how beautiful you
are and don't let no man put you down.
And if they don't appreciate you and all the good things you
have done.... just know that i do.

stay strong cause you are beautiful.

School

love school very much
! Good child.
I dream about school
every day.
! That's nice.

School is the source to
succeed.
! oh i love school.
School is not where you go
and became to fight
! that's right.

School is the resolution of
education.
! oh i love learning.
school is not a toy to play with.
! that's right.

I hate when people are given
opportunity to learn and don't
want to be serious.
! please be serious.
I love school and I will always
! Good child.
