Kayla Galen(3/31/92)

My name is Kayla Galen, I was born on March 31,1992.I was born in Vidalia, GA at 8: 26 a.m. to Grady Wade Sharpe and Sonia Renee McEachin. I have two brothers, Michael Dakota Godbee and Jordan Matthew Sharpe. I am happily married to a wonderful husband, and to the one I want to spend forever with. I graduated from Jeff Davis High School in Hazlehurst, GA on May 20,2011. I plan to get my doctor's degree in Pediatrics as soon as I get the money up to go to college. As for now, I am living one day at a time.

A Distant Land

What I feel for you
Is unimaginable
The love I have for you
Is like none other before
You came to me
From a distant land
To feel my heart's desire
With compassion and love
You are constantly on my mind
You are the one I think of
When I wake up in the mornings
And the last one to think of
Before I fall asleep
When I look into your eyes
I can see you really do care
When you hold me the way that you do
I lose all connections
You are my knight in shining armor
That has saved me from the dark
That has rescued me from all heart ache
What I feel is no lie
My love for you
Is strong as strong can get
I can't tell you how much I love you
All I can show you
I show much you mean to me
Baby you everything I've ever dreamed of
I could not have asked for a better person baby
You are close enough to perfect for me
I want you for life
For eternity my sweet love
I've fallen madly in love with you
I've never felt this way before
You are all I need
To make my life complete.

A Lost Soul

A soul lost deep within a shattered heart
A heart that has seen more storms than one eye can see
A lost soul that has been torn down
To the point where there is no return
Where to go? but to tears
No one can see what has been done
Except for the Good Lord above
No one to blame
But the faults of one self
To learn right from wrong
To learn to love
To honor and obey
Where to go? but to seek
To seek for a lost soul that has been torn
To mend the broken pieces
A heart that was meant for love
One to care for
Learn to live right
Than to be wrong
Where to go? but to seek the lost soul
That has been waiting all along
For you to come
But see what true love is
A lost soul that has learned to be accepted.

American Troops

Through the stars and stripes of our American Flag
There lies our troops
The ones who are still fighting
And the ones who have lost the battle
They are the true heroes of our generation
Our Lord and Savior died for us
Our troops fight for our freedom
Without them, this land would not be free
Nor would we have a place to call our own
They give their lives to protect us
To give us a land of free
Without them, where would we be?

An Angel That I Miss So Much

Yo have been gone
Not even a year
But it feels like forever
I catch myself looking at the sky
Looking for some kind of answer
To why you left so soon
I can't find anything
So I assume that the Lord needed another angel
And angel that loves
Cares
Respects
Had an amazing heart
And angel that loves his family
An angel I miss so much
I wish I could have had one more day
One more day
To show how much I love you
How bad I need you
I wish I could see you
Just one more time
I never got to say good-bye
Never knew you had changed
Only if I would of stayed
Never left that bright sunny day
Then we would still be together
I wouldn't feel so unhappy
I still see you everywhere I go
Just hoping you're still alive
I still love you
And always will.

An Angel's Kiss

When you kissed me today,
Butterflies filled my tummy,
It felt like none other before,
I lost my head,
Thought I was gonna faint,
My God,
I can't believe it,
It felt so amazing,
Like that of an angel's kiss,
I don't know why,
But you put food feelings in me,
It is so amazing,
I just want you here.

Another Day

We are never promised another day
So live like tomorrow is your last day
Sing with joy to the Heavens above
Love like none other has before
Laugh as much as you can
Pray when you get the chance
Hug anyone in sight
Give to those who needs it
We are never promised another day
For words can hurt
And sometimes you will regret them
Always know not to get mad
When something doesn't go your way
Watch your temper cause you never know what lies ahead
We are never promised another day
As we see loved ones come and go
Wondering what it is
No one knows the future
Except the Man above
Don't judge anyone
Cause you never know where they have been
We are not are not promised tomorrow
so be weary in all that you do!

Being In Your Life

I am sitting here all alone,
Thinking about all I have been through,
Nothing good has ever came out of my life,
Until I met you,
Now that I have you by my side,
My world has changed around,
You are all I have ever needed,
You have made my life complete,
Nobody has ever made me feel the way that I do for you,
My feelings for you,
Are stronger than I have ever had,
My thoughts are filled with nothing but you,
I thank the good Lord above for letting Him send you my way,
I don't know what I do,
If I ever lost you,
Thank you Baby for letting me be in your life...

Kayla Galen

Blessed

I am so blessed to have you by my side
To love you
And to cherish you
You are the greatest gift I've ever received
To have your love
Is one of the precious things to me
You treat me like a queen
And you don't even have to buy me anything
You are my best friend
You are my lover
The one I want to spend the rest of my life with
The one to go through whatever comes our way
The one to love
For the rest of my life
The one for me to stand by
Through sickness and in health
The one for me to cherish
For all eternity
There is not enough paper in the world
For me to tell you how much I love you
For me to be your wife
Is a dream come true
And one of the greatest gifts that I have ever received
We will work through our problems together as one
And I will stand by you
Through whatever decisions you may make
I will cherish every moment I have with you
I will be the best person I can be towards you
I never want to lose you
Or your love
So make this promise now
I promise to love you for the rest of my life
To be faithful to you
To help you through whatever
And to come to you if I have a problem
These are my wedding vows to you
I love you baby
And I'm so happy to be your wife
And to have you as my husband.

Kayla Galen

Don't Ever Leave

I love waking up next to you
To see those brown eyes
Makes my heart melt
I love falling asleep next to you
With you holding me so tight
I love the way you hold me
With the feeling of you beside me
I love the way you kiss me
Makes a chill shoot down my spine
I love the way you call me baby
Because it makes me feel like a schoolgirl
I love the way you say you love me
Because I know you mean it
I love the way you hug me
Because it makes me feel safe
I love you
I love everything about you
I don't want this to end
You're my everything
Everything I've ever dreamed of
Please don't ever leave me!

Kayla Galen

Everything

As each day passes
I find myself falling more in love with you
As the seconds pass by
I love you more and more
I love when I am with you
And I hate when I'm away from you
You are everything I've ever dreamed of
And a whole lot more
You are definitely one of a kind
I am so thankful to have you in my life
To have your love
And to have you by side
When I wake up by your side
And see those gorgeous eyes of yours
I just melt away
When we lay down at night to go to sleep
And I have my head laid upon your chest
All my troubles disappear
And I fall asleep with no care in sight
I have never felt this way about anyone before
I never want to lose this feeling
Or you baby
You really mean a lot to me
And if I was to ever lose you
Or your love
I don't know what I would do
I love you baby
And everything I say
I mean from the bottom of my heart
I love you so much!

Kayla Galen

Everything I've Ever Wanted

You are everything I've ever wanted
You are the one I love
You are the one I want for all the rest of time
I love it when I can lay my head upon your chest at night
And all my fears go away
I love to cuddle with you
It makes me feel as though nothing can come between us
You are my heart
My world
My soul
You are every breath I take
I love you my darling
And I can't imagine my life without you
You mean so much to me
I never want to loose you
You are the one that makes me whole
You never judge me
And that means so much to me
Baby thank you for all you have done for me
You are truly special
I love you
And nothing will ever change that.

Kayla Galen

Forever With Me

Some days are harder than others
To get through the pain
To get through the heartache of you never coming back
To get through the tears of missing you
Heaven gained an angel that day
That day He called you Home
Life on earth ain't the same
Without you here
I miss you
But days like this
I miss you the most
If Heaven had a phone
I would sure enough call you
If Heaven had visitation
I would be up there everytime
Days like this
Are so unbearable to maintain
Tears roll down my face
Remembering all the good times
Not a day goes by
That I don't think of you
People say I should let go
But what they don't understand
Is sometimes you can't let go
I have to live through the pain
This hole in my heart
For the rest of my life
I miss you Tyler
You will be forever with me
Till I take my last breath
I love you always!

Kayla Galen

From The First Moment

From the first moment I laid eyes on you
My hart skipped a beat
From the first words spoken
I knew you would care
I have never fallen so hard
When you are away
I miss you like crazy
When you are near
I hold you as close as close can get
I dream of you every night
When I lay my head down to sleep
You had my love from hello
And my heart from the first look
You mean so much to me
That I can not bare
To loose someone as special as you
I love you
That's all I can really say!

Kayla Galen

Good-Bye Forever My Love

You don't see the pain that you put me through,
You don't care if I'm here or there,
You care about one thing,
And that's yourself,
You put things before me,
Like you don't even care,
I'm sick of it,
I want you just to go away,
And leave me be,
I want you out of my heart,
Cause I can't take the pain anymore,
I thought you loved me,
But I guess I was wrong,
This is not the pain I feel inside,
It's good-bye forever my love,
I'm done this is it,
I wish you well for what comes your way,
For once in my life,
I'm tired of the suffering,
I wanted for life,
But my heart was wrong,
Just remember this,
I will never come back as long as I live,
Now you see,
What you have done,
Just shove it up your butt,
And never again tell me that you love me.

Kayla Galen

Growing Stronger

With each passing day
My love for you grows stronger
With every breath that I take
You are all that I need
You are the moon at night
You are the sun during the day
You are the clouds
You are the rain that comes down
Above all else
You are my husband
My lover
The one I want to spend forever with
The one I never want to lose
I love you more than you know
You are the best I've ever been with
My love for you
Is way beyond compare
I've never felt love like this
A love so strong
That no one else can break
I love you so much
You are already my husband
I can't wait to have kids with you
And grow old together
I love you so much!

Kayla Galen

How Much You Mean To Me

I wish I could prove to you
That I would never break your heart
Hurt you in anyway
Or heat on you like she did
I wish you could see
That what I feel for you is no lie
And what I say to you is true
I wish you could tell
That I care for you
And that you mean everything to me
If it takes me forever
I'll prove to you I'm different
I know you have been hurt before
But baby
I want to show you
How a good woman treats her man
Loves her man
And will do anything in the world for him
I've been hurt so many times
That I don't want to go through it again
So I'm trying everything
For you to let me in in your heart
As it stands right now
You own the key to my heart
I hope one day you'll see
Just how much you meant to me!

Kayla Galen

I Can'T Help How I Feel

You are all I think about
You are that my dreams consist of
You may think I'm crazy
But you are very special to me
I wish I could hold you close
And never let go
I wanna be able to wrap my arms around you
And you so tightly
I wanna be able to hear you heartbeat
And feel its rhythm against me
I wanna be the best person I can to you
And never treat you wrong
I wish I can prove to you
That I'm not like all those other girls
I know you don't want to rush into anything
but baby
I can't help how I feel
What I feel comes from the bottom of my heart
You are the best thing that's ever happened to me
Baby I swear I'll never break your heart
As long s you never break mine
I will stand by you side
And never let you be alone
I wish I could see you
But up under the circumstances
I can't
But I see you in my dreams
I hope one day
You will feel the same about me.

Kayla Galen

I Can'T Wait

Baby I love you more than you know
And I want to spend forever with you
I'm sorry for all the arguing that I do
I never want to loose you
Or your love
You are very special to me
And you mean the world to me
I want to be the sunshine of my day
And the stars of your night
I really do love you baby
i know our relationship isn't perfect
And it can be hard at times
But that is why we work together
And we stay strong for one another
I have never been with someone
That I have ever felt this way about
Baby you just don't know how much you mean to me
I love you
And I can't wait to be Mrs. Galen!

Kayla Galen

I Do

I love you more with every breath I take
With every move I make
I love you with everything that's in me
And so much more
The day you came in my life
Was the day I had a dream come true
You are the love of my life
The one I want to spend forever with
You are the one I wake up to in the mornings
And the one I fall asleep with at night
If I was to ever lose your love
I don't know what I would do
You are a special gift
That let's me see what true love is
You are the best thing that has ever happened to me
You are the one I can't wait to marry
You have the greatest love
That no one else can steal
My love for you
Is as true as true can get
And I will prove that to you
The day I say 'I Do'
I love you with everything that's in me
And I will forever and always!

Kayla Galen

I Give Up

Sometimes our actions leads us in the wrong direction
It makes us do stupid things
And say stupid stuff
And makes us look retarded
All I know is I'm through trying
I give up on trying to get you back
And trying to win your love
I love you and that's all I can say
I know I messed up in the past
But the past is the past
Let it go
People change all the time
I'm not like I was before
I have learned a lot
And been through some rough times
I wish you would give me another chance
But I know you won't
So I Give UP!

Kayla Galen

I Know

When I wake up
To see you by my side
I get the greatest feeling in the world
When I lay down at night
Wrapped in your arms
Everything seems to be perfect
This feeling just keeps getting better
When I'm with you
Time just seems to fly
When I'm away from you
I miss you like crazy
I thank the Good Lord above
For allowing me to have a chance with you
I'm lost for words
Can't explain a lot of things
But I do know this much is true
I am madly in love with you!

Kayla Galen

I Love You More Than You'll Ever Know

My love for you grows deeper,
With every breath I take,
My thoughts are filled with nothing but you,
Everything that I do is reminded of you,
I love you more than you'll ever know,
I have grown close to you,
Like you have grown close to me,
Everytime I am away from you,
It feels like time has completely stopped,
When I am with you,
Everything flies by like a bird,
I never meant to fall so deep,
But things happen,
And you can't control who you love,
Baby, I am so in love with you,
That at this particular moment,
You hold the key to my heart,
My heart belongs to you,
And no one else baby,
As long as you'll have me,
I will never leave,
I love you more than you'll ever know!

Kayla Galen

I Miss You

I miss the way you used to hold me,
I miss all those long nights,
I miss those dances,
I miss your brown eyes,
Everything we shared,
Is still in my heart,
I miss 'I love yous',
Up to all the love making,
As each day passes,
It only gets worse.
I miss taking showers with you,
I miss all the songs we sung to one another,
I miss you calling me baby,
Why did I have to leave,
Cause I wasn't happy,
And now being away from you,
It only makes me want you back,
All I know,
Is that I miss you so much!

Kayla Galen

I Promise

The way you make me feel
Is way beyond compare
When you put your hands on me
I lose all connections
My heart aches for you
I have never fallen so fast
But with you
I can't explain how I feel for you
Or how to act most of the time
I'm scared to show how I really feel
Because I don't want to get hurt again
Right now you own the key to my heart
You will always remain in my heart
And forever you will stay
I just hope it's all true
And not a dream
You are my knight in shining armor
That has rescued me from the dark
That has taken all my troubles away
I want to prove to you
That I really do care
And that I'm not like all the other girls
I want to be able to be the best that I can be
And I want to love you with all that I can give
I may not be able to do a lot of things
But I know how to treat someone right
I hope we can work through our troubles
And make good memories
I hope you never break my heart
As I promise to never break yours.

Kayla Galen

I See

I see the love we once shared,
I see all those memories once made,
I see you in my dreams,
I see you everywhere I go,
I remember all the love making,
I remember all the fun,
Dancing in the dark,
Holding each other tight,
Falling asleep wrapped in each others arms,
All the sweet things we said,
All the 'I love yous',
Now just sitting here,
I miss you more than ever,
I should have never left,
I made a big mistake,
And realizing how much I need you,
I need you close,
I need someone to lay my head on,
To cry all my tears away,
All these painful memories,
Knowing that it will never happen again,
Now I see! ! !

Kayla Galen

I Will Always Love You

If I should stay,
I would only be in your way,
So I will go,
But yet I know,
You will be with me every step of the way,
I will always love you,
Please don't cry,
This is what you want,
I'm not saying good-bye forever just cause I want too,
I'm saying good-bye cause you are killing me on the inside,
My heart is broken into for the pain you have put me through,
I wish you happiness in all the days that come,
We are done for good,
I will never come back,
Don't come for me,
Cause I will surely not go,
I have had enough as you can tell,
Please don't speak my name again,
Or even dream of the love we once shared,
Cause all of that went down the drain the day that you left me by myself,
I hope that you see we were meant to be,
As long as I'm alive,
I will never find another,
Cause of all the things that you have put me through,
You need your family as much as I need mine,
But you know that I don't belong,
We were never meant to be as you can see,
When you find another,
I hope she will make you happy,
Just as bad as I made you mad,
The day I leave you,
You better have all your tears wiped away,
Cause I'm gone for good,
I have always told you,
Please don't think of me,
Cause it would only make it worse for you,
Just remember this,
You will never be forgotten as long as I am alive,
And remember I will always love you.

Kayla Galen

I Will Never Forget You

My heart is in pieces,
Thinking of the love once shared,
Painful memories,
Picture of you that will forever be with me,
Your voice,
That will never leave my head,
Your kisses,
That no one will ever take away,
My heart belongs to you,
And no one will ever get,
I will never love another,
Or even care for another,
I wanted you for life,
Now all that is taken away,
Ever since the day that I left,
You are all that runs through my head.
I will never forget you.

Kayla Galen

If You Were To Be Mine

If you were to be mine
I would show you how I care
I would make you happy anyway you needed
I would show you how a woman treats her man
I'd love you like there's no tomorrow
I would never cheat on you
Nor break your heart
I'd be the best that I can be
My feelings for you grow stronger
Every time we talk
My thoughts only consist of you
I can't wait to meet you
And I hope that you say yes
By you saying yes
It would make me the happiest person
I've been hurt a lot
But I've got a feeling about you
That I want to have
You are one of a kind
And I hope
That you would be mine
If you would give me the chance
Baby I swear I'll never break your heart!

Kayla Galen

It's Over

I don't know what has happened,
I don't even know if I love you,
I thought you really cared about me,
But being by myself,
I have been thinking,
Why do you make me feel so blue,
When you used to pick me up off my feet,
You have steadily broken my heart,
You have hurt my feelings numerous times,
You probably don't care if I'm here or there,
I don't think that I can love again,
Cause after the second guy that has done this,
My heart won't ever be able to take this pain again,
I'm done,
This is it,
No more love for me,
He hurt me,
So have you,
You done exactly what he did,
When I needed you the most,
You wasn't there,
So this is it,
IT'S OVER! ! !

Kayla Galen

Jealousy

My love
I'm sorry for the way I am at times
With my jealousy
Sometimes it's hard to control
Other times I don't say anything
I've got to learn to control it
Which it is better
I love you baby
It seems as though I'm not good enough for you anymore
I don't want to lose what we have
But I'm afraid
Something is about to happen
You are my husband
The one I want to spend forever with
I love you to the depths of my soul
I'm madly in love with you
Please don't hurt me
I'm trying my hardest
But sometimes I can't talk to you about
Cause you will get all defensive
But that's how you been
Since we've been together
I wish you'd change
But there are things you can't change
Just know I love you
Always will
And I promise to never break your heart.

Kayla Galen

Just Something On My Mind

When the rain falls down upon the roof top
At a steady speed
The sound that becomes of it
Puts right to sleep
With dreams vivid and wild
Nothing seems to ease them to halt
You dream of wonders beyond
And what would have been
You fall into a deeper trance
Remembering what could have been
There are tears that fall down like rain
Lost deep within the soul
You seem as though life is not as it seems
With days as bright as light
And nights as dark as black
Life seems to fail
As the heart breaks into
But a thought comes to mind
If life was to happen in dreams
Dreams of past
Then where would we be?
I wonder how dreams come to this
My mind all in a glaze
I'm not sure what life has to offer
Rain seems to ease the pain
Like when tears roll down my cheeks
If life was supposed to be filled with him
Then I would have no heart
A empty soul
With no care in sight
No love to share
Or no advice to give
I am happy where I am
With a soul so pure
With care of greatest
And love to share
I am thankful of who I am
And where I am at
Cause I'm blessed beyond belief

With the Lord by my side
Thank goodness for His word
Cause I don't know where I would be!

Kayla Galen

Last Forever

I don't think I've ever noticed
A love as strong as ours
Or a couple as happy as we are
You are the only one I want for life
And for the rest of time
My love for you grows stronger
With every passing moment
My thoughts consist of nothing but you
When we are apart
I miss you like crazy
Am I crazy for feeling this way?
I'm just so darn in love with you
I love everything about you
I just can't express it that much
I could write you poems
Tell you how much I love you
Express how I feel
But it will never amount to the feelings I have for you
My love for you
Is nothing I've ever experienced before
I love you so much
I'm happily married to you
I hope we last forever
Cause I don't know what I'd do without you!

Kayla Galen

Like You Never Did

I can't believe I am making it without you,
At first I thought it would be hard,
A month after I left you,
I'm falling for another,
One that treats me better,
In every way possible,
He stands up for me,
Like you never did,
He makes me feel like I'm needed,
Like you never did,
He looks at me with so much interest,
Like you never did,
Miguel,
Now tell me where there's a problem.

Kayla Galen

Living A Nightmare

To see you again,
Would be a miracle,
To your beautiful smile,
Would just ignite the flames of my heart,
To see you gorgeous brown eyes,
Would make me fall to my knees,
To see the sexiness of your body,
Would make me want you,
I fall to my knees,
Praying to God for you and me,
Everyday is a struggle,
It's hard to breathe without you,
I'm living a nightmare without you.

Kayla Galen

Mine Forever

You are the best thing in my life
You give out the deepest love
You own the key to my heart
You own my love
I love you so much
That I'd do anything for you
I never want to loose you
Or your love
My love is very strong for you
And it keeps getting stronger
You are my booger
My other half
The one I look forward to growing old with
You have the most beautiful smile
The most gorgeous eyes
A very hot body
You are perfect in every way possible
I love cuddling with you
I love all of you
Thank you for allowing me the chance
To have you love
Your honesty
Above all else
You are my husband
You are mine forever!

Kayla Galen

My Apology

Now that I see what I have put you through,
How much hurt that you must be feeling,
Why did I have to be so stupid,
And believe everybody else over you,
I should have believed you,
Seeing you today,
Bout made me cry,
I tried to hold back the tears,
I couldn't really express my feelings,
So I'm gonna do it now,
The first time that I looked at you,
I fell so deep,
With those gorgeous brown eyes,
To the outline of you face,
To the sweet curviness of your lips,
I loved everything about you,
How big and comfy you are,
To the softness of you hands,
I could tell that you really cared,
And the way you put your hands into mine,
The way you kissed me,
Felt like I was in a daze,
So this is my apology,
I hope you forgive me,
And be my friend again,
I'm so sorry,
For what I have put you through,
You may never speak to me again,
But I have one last thing to say,
Please be my friend,
And I swear to you,
I will be a good friend this time.

Kayla Galen

My Good-Bye To My Dearest Uncle

I can't hide the feeling anymore,
The dreams come more often,
Tears come everytime I think of you,
Knowing that you're gone,
My heart brakes into,
For the past two years,
I tried to keep you out of my mind,
But now realizing what a good uncle you were,
I can never forget,
The time you stood preaching in the front,
Preaching the Lord's name,
Til the last congregation,
I never got to say good-bye,
I didn't see you for two years,
Never knew you changed,
Til the day I seen you in the casket,
So, now my good-bye comes now,
I want to thank you for being the greatest uncle,
You will forever remain in my heart,
I miss you so much,
But now it's time to say good-bye,
So good-bye Uncle Sherwin,
I will see you again at Heaven's gates

My Mind

My mind is going in all different directions
I don't know which way to turn
Which way to go from here
Or where to stay
Looking for something that is neither here or there
Staring at what was once a dream
To shed the fear
To let go of the pain
To wipe the tears from my face
Love in all the wrong ways
What does this mean?
Can it be?
Fear of never letting go
Pain too strong to bear
Tears fall down like rain
And love I seem to not find
Where would I go?
Where love is near
No fear there
No pain to bear
Tears ease up
And love I have always dreamed of.

Kayla Galen

My Sweet Love

My sweet love
The one I turn too
When things turn out bad
The one I can run too
When everyone else turns their backs
You are my life
The one that I can depend on
When everything fails
The one I can snuggle up too
When I am scared
Baby, my dear
You are everything I've ever dreamed of
The one I can count on
To lift my head high
When everyone puts me down
My dearest darling
You mean so much to me
And a whole lot more
My knight in shining armor
I love you to the depths of my soul
From the bottom of my heart
I hold you as close as close can get
Every night I lay my head down to sleep
My life flashes before my eyes
And I think to myself
I am so much happier
Than I've ever been
When I look into your eyes
I see myself growing old with you
I can tell you love me
Baby I've been through slot
And I hope this time
With you my love bear
I twill be different
Cause the love I have for you
My feelings for you
Only get stronger
I honestly believe
We were meant to be

My baby my teddy bear
You are my life
If I was to ever loose your love
I don't know what I would do
I hope we can work through our hard times
And make good memories
Baby
Thank you so much for giving me a chance
To love one another
and to cherish each other
My love for you is no lie
And i hope you feel the same way my sweetness
I am madly truly in love with you!

Kayla Galen

My Time With You

The more time I spend with you
The more I don't want be away from you
I have fallen head over heels in love with you
I don't want this feeling to ever stop
You are everything I've ever dreamed of
You hold my head high
When I am down
You ignite the flames of my heart
You spark true love in my soul
I never knew how sweet someone can be
Til the day I met you
You really make me happy
More than anybody else ever have
I love with all my soul
And you own the key to my heart
I really want you to be mine forever
Cause you are the one I want for life
To love
To cherish
And to hold dear to my heart
When you came into my life
You filled my heart's desire
I love you so much!

Kayla Galen

Never Leave Your Side

I wish I was next to you
Wherever you may be
I wish I had you in my arms
To hold you in them forever
I wish I could kiss you
The most passionate ever
I wish I could tell you one last time
That I love you with all my heart
I wish I was dead with you
To never leave your side
I wish this didn't hurt so bad
But it's killing me on the inside
I want you back so bad
That I wish you were still here
You were my everything
The one that I can depend on
When times get too hard
You were the only one that was there for me
And you never stopped loving me
I miss you so much!

Kayla Galen

Nothing Else Matters

With you by my side
Nothing else matters
When I'm away from you
It seems Like a lifetime
I love you to the depths of my soul
I truly am grateful
To have someone like you
And to cherish
You are truly a gift from God
to know you love me
Is the greatest gift
You mean so much to me
That if I was to ever loose your love
I wouldn't know what to do
I am in love with you
That it drives me crazy to miss you
I am so happy to call you my fiance
And eventually
Call you my husband
I can't believe you are my world
My everything
The one I can depend on to be there
To lift my head high
The one that I love dearly
You make me whole
Make me complete
I love you so much
That I'd do anything to make you happy
And make sure it stays that way
I am just so happy
I want you forever
Til the ends of the earth
Thank you for being who you are
And treating me like you do
I love you
Through thick and thin
Forever and always!

Passing By

Life seems to pass by
Without any thought of day
Time seems to fly by
Without any second of slowness
When you're the one
The one who makes life better
Mends a broken heart
Picks up the pieces of where it's been shattered
The one who makes you forget
Forget all of the stuff that has gone wrong
The one who knows something isn't right
When something is wrong
That's the one who is meant to be
Meant to be apart of you
The one to hold you when you cry
The one to calm you when you're mad
The one to laugh with you when something is funny
The one to wrap their arms around you each night while you fall asleep
You're the one
The one for me
I love you!

Kayla Galen

Promises

I know I promised you a lot
And I broke those promises
I can never get you off my mind
AS hard as I try
I can never forget you
You are constantly running through my mind
I have tried to move on
But I can't
Cause I still love you
And I'm madly in love with you as well
You were the one I wanted for life
To love
To cherish
Til death do us part
And to hold you in my arms forever
And to never part
I still dream of you as my husband
To have kids with
To love one another
To grow old together
Holding hand and hand
Rocking in our chairs
To have you forever and eternity
I miss you like crazy
And I want you back so bad
I've wished upon a star
To have you back
But I can't
My heart breaks into
It feels as though I don't have one anymore
I'll always love forever!

Kayla Galen

Rusty

Everyday is like a dream
Without you by my side
I live with the hurt
That you caused me on the inside
I live with the pain of your memories
I dream of you still
Think of you daily
Why can't I get on with my life?
Must be true about the Porterfield curse
I wish you would get out of my head
I wish I could stop thinking of you
Dreaming of you
Missing you
And loving you
Sometimes I wish I would have never met you
But then where would I be?
Wish I could rap like Eminem
Then I would sing a song about you
Telling you how I really feel
Give you a bad name
Like you have given me
But no one listened
When you hit me
Cursed me every which way
But you have to live with me leaving you
Cause now I'm living
Getting on with me life
Without you by my side
I wish you well
Cause you will never get the chance
To hit me ever again!

Kayla Galen

Seeing You Again

I can't believe how good you looked,
When I seen those brown eyes,
I bout fell out,
The feelings that were once there,
Just came rushing back,
When you hugged me today,
I went to blushing,
And when we kissed,
I felt a heap of emotion,
I have missed you more than anything ever imaginable,
The day that we broke up,
I realized how much I loved you,
I wanted to tell you so badly,
But I didn't know how you would feel,
We started talking again,
And you are my baby again,
It feels so good to have you back,
It's like my heart just got mended,
You made me feel really good,
Like that of an angel's dove,
Ya better believe that I ain't gonna leave again,
I Love Ya Baby!

Kayla Galen

Since The First Time

Since the first time I laid eyes on you
My heart skipped a beat
Til the first kiss
I wanted to faint
You are very special to me
And you mean the world to me
When you asked me to be yours
My life just got better
When I am down
You turn my from upside down
You make my heart go in flames
You are my world and everything in it
I may not have known you long
But in my heart
I feel as this is right
I hope I can make you happy
I wanna be the best person that I can be to you
You are by far the sweetest person in the world
And you just make my life complete
I have never felt this way about anyone
And I hope you feel the same
I wanna give you the world
And I wanna be there for you
When you need me
I can finally say
You are the one for me
I hope you never break my heart
Cause I don't know if I can take it
I love you
Thank you for coming into my life
And making me feel as I am on top of the world
You mean so much to me
And I'm madly in love with you!

Kayla Galen

Sometimes

Sometimes I just want to go back to the past
And change everything
But the past is the past
If you can't except me for me now
Then there ain't no point of trying
I have tried my best to prove to you
That I have changed
But like any good that did
I see there is no future for you and me
You may be a good friend
Maybe that's all you will ever be to me
I have poured myself out to you
Telling you how I feel about you
But that didn't do any good
Sometimes I wonder
If love was meant for me
Or someone good like you
You may mean everything to me
But to you
I was just something from the past
That you won't even give me another chance
But that is alright
As of now
I won't ever again tell you how I feel about you
I love you
I'm in love with you
That; s all I can really say
But if friends is what you want to be
Then so be it
I'm done trying
As I see
You don't want me
So ain't no need of pouring myself out to you
I'm sorry for telling you how I feel
You do own the key to my heart
And forever that will remain
I wanted another go
But you wanted a no go
So tell me

Do i just need to completely give up?

Kayla Galen

Sometimes I Break Down And Cry

The day you passed
I cried like a baby
Everyday since
It gets harder
And sometimes unbearable
I think about you often
And when I do
It feels like i just lost you all over again
Sometimes it's hard
To deal with the pain
Other times
It feels like I can't breath
Sometimes I break down and cry
There is really no one I can turn too
Or even talk too
I miss you like crazy
And here lately
I miss you so much
Tomorrow is your birthday
And it seems like
Just yesterday
We were together
And within a blink of an eye
The Lord called an angel home
A very special friend
My best friend
I hope to see you again someday
Til then I'll see you in my dreams.

Kayla Galen

Thanking You

The way you make me smile,
Is way beyond compare,
Those gorgeous brown eyes,
To the sweet way you talk,
The way you look at me,
I can tell that you really do care,
The way you walk,
Just makes me wanna go in your arms,
The way you hold me,
Feels like I can have none other,
To the way you kiss me,
I can simply just faint,
You may not know this,
But your the sweetest guy,
That I have ever been with,
I love you so much,
That I would do anything to keep you forever,
You have changed my world around,
To make me a person that I have always wanted to be,
You make me smile when I am down,
You make me laugh,
When I am mad,
You make me happy,
When I am crying,
All you do for me,
Makes me the happiest girl,
I love you with all my heart,
I never want us to brake up,
Cause you mean more than everything to me,
Thank you so much,
For letting me have a place in your heart,
I love you forever baby! ! !

Kayla Galen

The Best Gift

Before I met you
I was gazing at the night sky
Looking for some kind of answer
Hoping to find true love
Hoping to find happiness
The day I met you
Was the day my dreams came true
You have made a great impact on my life
And now you are fixing to be my husband
From now til the rest of time
You are mine
And will always be mine forever
You are so precious to me
I never want to loose that
You mean so much to me
And you don't even know it
I want to spend the rest of my life with you
Cause I don't know what I'd do if I ever lost you
I love you so much
And for you to be mine
Is the best gift.

Kayla Galen

The Dream

I want you close,
So I can lay my head on you,
Hear your wonderful heartbeat,
Feel your chest move up and down,
making me feel loved,
Whispering forgotten love,
Kissing with passion,
Saying 'I love you',
Looking into your beautiful eyes,
Seeing so much care,
Touching your lips,
Thinking of how I love you,
Never wanting to let you go,
Being with you forever,
Having so many kids with you,
Loving you to death,
Here is my dream,
I dreamed of you mi esposo,
I miss you!

Kayla Galen

The Feeling

I can't hide the feeling
The feeling that I get when I'm around you
A feeling I've never felt before
Where it makes my heart just pound
To even a thought of you
You make my stomach fill with butterflies
Every time you put your lips on mine
From the moment I set my eyes on you
I fell in love with you
You make me feel special
Like no other man has before
You are my knight in shining armor
That has rescued me from the dark
When I look into those gorgeous blue eyes
I can see that you care for me
When you wrap your arms around me
I feel so loved
Baby you may not be perfect
But you are close enough to perfect for me
I haven't been able to stop thinking about you
I can't stand being away from you
Darling you own the key to my heart
My heart belongs to you and you alone
You are so special to me baby
There is not enough paper in the world
For me to tell you how much I love you
You are everything I've ever dreamed of
I want us to be together forever
I want to be able to make you happy
In every way possible
I want to be the person you wake up to in the mornings
I want to be the person you fall asleep with at night
I want to be the woman you come home and see when you get off of work
I'm falling fast and hard for you
It seems my love for you keeps getting stronger
I want to be the girl
That pleases her man
In every way possible
Not just in bed

But by love
I will do anything i this world to make you happy
You are the one I want for life
Baby you own my heart
I love you so much
That I would never let anything bad happen
Baby you are so special
I hope that you really do love me
Cause as it stands now
I'm madly in love with you! ! !

Kayla Galen

The Final Good-Bye

I can't ever get you off my mind,
When I close my eyes at night,
The memories of you are forever alive,
It is hard to concentrate on my work,
Cause you are all that runs through my mind,
The day that you hit me,
Even cheated on me,
It simply broke my heart,
So I left,
But yet you are still here in my heart,
The divorce is almost final,
But yet you still talk to me,
If you didn't love me,
Then why do you sit there and keep saying it,
I am braking into,
And all you are doing is making it worse,
I wish that you would leave me alone,
And never again remember the love that we once shared,
You put me through so much pain,
That I believe,
I will be scarred for life,
You left a hole in my heart,
And now you expect me to go back,
I can't cause I have simply fallen for another,
He cheats me a whole lot better than you ever did,
And I can simply say,
I love him more than I ever loved you,
My heart is slowly getting the pieces back together,
And maybe one day you will see,
That we weren't meant to be,
You won't ever again break my heart,
Nor hurt me physically,
Or even cheat on me,
I am through with you for good,
And now you are heart broken,
I don't care if I hurt you worse than you hurt me,
But this is it,
My final good-bye! ! !

The Greatest Thing

I love how you make me feel
Even when we are mad
I love the way you hold me
With you so close
I love the way you kiss me
A soft gentle touch
I love the way you look at me
A look to die for
I love the way I can lay my head on your chest
So I can hear your wonderful heartbeat
I love the way you touch me
A touch as gentle as a dove
I love the way you love me
Cause there ain't one like ours
I love the way you cuddle with me
Cause that is where I feel safe
I love the way you do things for me
It makes me feel important
I love you in general
Not only cause you're my husband
But because of the way I feel for you
You are the greatest thing that has ever happened to me
And I never want loose it
I love you more than you know
More than words can say
Or any paper can write
I'm ready to spend the rest of my life with you
I love you baby forever and always!

Kayla Galen

This Ain'T A Game

I seen you today,
You seemed like you didn't even care,
You took one look,
And then looked away,
Do you even want me,
You need to make up your mind,
This ain't a game,
You start playing with my heart,
Then I'm gone,
I have been hurt too many times,
I thought you really liked me,
Guess I was wrong,
If you don't wanna be with me.
Just let me know,
Cause you don't need to brake my heart.

Kayla Galen

To Be Without Your Love

I dreamed of you again,
It was like being with you again,
My feelings are still strong,
You are still here with me,
Why did I have to go,
Everyday just gets harder,
It's so hard,
To be without your love,
I miss you so much,
Why can't it be the way it was before,
With the love so deep.

Kayla Galen

Wanting You Back

My dearest love
My Tyler bear
You are special to me
You mean everything to me
Sitting here alone
You are running through my mind
And I'm missing you like crazy
I just can't believe that you are gone
I miss looking into those blue eyes
I miss being wrapped up in each other
I miss your tender kisses
Knowing I'll never have that again
Breaks me into I regret leaving you baby
I remember the first time we met
We fell in love with one another
And we never stopped loving one another
I won't ever be able to let you go
You will always remain with me
I'll see you in my dreams
I'll always love you Tyler
I know your life was troubled
But you always had me
Maybe I'll see you again
I just want you back
I'll never forget you Baby
Tyler I love you with all my heart forever and always!

Kayla Galen

We Weren'T Meant To Be

I dreamed of you,
It was the day we got married,
Seeing the look in your eyes,
To the happiness of you voice,
When we said 'I do',
Walking out,
Husband and wife,
To the year that we thought was gonna be so good,
Now, just looking back,
I see all the hell that I put you through,
You made me feel like I didn't belong,
I guess we weren't meant to be.

Kayla Galen

What Happened To Forever

What happened to us?
What happened to forever?
Why did you brake my heart?
I ask these questions.
Hoping for an answer,
You left me all alone,
So you can go please another,
You never loved me,
All you wanted was a piece,
You never meant 'I love you',
Putting things in my head,
Then taking them away,
Whatever happened to our love?

Kayla Galen

What Should I Do?

My thought are jammed
My heart in two
Wondering why I'm here
I'm confused
Don't know what's right or wrong
Or even why I was put here
It seems all I can do
Is cause heart ache
And for people to be mad with me
Would it be best to just die?
Love as I can see
Is not a part of my life
Only person who ever loved me was Tyler
Why did I have to be so stupid?
Not taking him back
Was one of the worst mistakes of my life
Would he still be here?
I just want to die
And no longer live on this earth
Which is full of hardships
People I love hate me
Most wish I was dead
Others say I should of never been born
What should I do?

Kayla Galen

Where Are You?

Where are you?
It seem as though I can't find you
You've been gone so long
I can't remember your face
Cause that will stay forever within me
I don't hear your voice anymore
Why is this so?
I miss talking to you
I wish you were still here
To do away with all the pain
To calm this aching heart
An aching for you
I miss you so much
That words can't describe
You were taken away so soon
Just to have one more day with you
Would be a dream come true
Come back to me
With this aching heart I have to bear
There is no way I can ever let go
I love you so!

Kayla Galen

Why Can'T I Be Happy?

Why can't I be happy all the time?
It seems that when I reach the point of happiness
Something always to seem to being it down
I'm happy with my darling
But when it comes to everything else
My happiness just fades
I know some of it has to deal with Tyler
But the rest I don't know
Lately I just want to cry
It seems as though my life keeps falling
I wish my family will except
Instead of always turning their backs on me
Sometimes it feels as though I have no one to turn too
Even though Ryan is here
But I have a hard time expressing how I feel
Sometimes I just want it to end
So I can forget about everything
I just don't know what to do anymore!

Kayla Galen

With The Days That Pass

With the days that pass
I find myself falling more in love with you
The times I have you to myself
I never want to let go
You don't know how much you meant to me baby
You don't know how much I love you
I can't wait for the day we get married
To hold each other close
To love
To cherish
Til death do us part
And forever after
You are the love of my life
My darling
My husband
My trust problems have gotten better
I trust you
But sometimes I have doubts
That's why I am the way I am sometimes
Darling I love you more than you know
And from this day forward
You will always have a place in my heart
And you already own the key to my heart baby
Please don't ever do anything to break my trust
As I promise the same
I love you
And I can't wait to marry you
The love of my life
I will always love you
And thank you for everything that you do for me.

Kayla Galen

Wouldn'T Trade It

One of the greatest gifts in my life
Is having you in it
One of the greatest treasures
Is having your heart
One of the most amazing feelings
Is having your love
There are no words to compare
Of my love for you
There is no comparison of my past
That compares you to it
My love for you
Is stronger than its ever been
My feelings keep growing stronger
As each day passes
I love you to the depths of my soul
With every breath in me
You are the blood that runs thru me
You are everything that I've ever dreamed of
I love you for who you are
You are the best thing that has ever happened to me
And I wouldn't trade any of it
I love you baby!

Kayla Galen

You Are The Love Of My Life

You are everything to me
You are the love of my life
You are everything I've ever dreamed of
You make my life complete
You make my heart skip a beat
You make it jump up and down
You make me want to scream out in joy
With the love you give me
Nothing will ever amount
To how much you truly mean to me
I never wanna loose you
Or your love
I don't know what I would do
If I didn't wake up next to you
Or fall asleep wrapped in your arms
I love the way you look at me
You make all my troubles go away
You are truly a dream come true
You spoil me so much
That I can't think straight
You treat me so good
And I don't ever want to see anything bad happen to you
You mean just that much to me
I love you so much
And I'm more than madly in love with you
You are truly the sweetest guy ever
And to have you
And you the way you are
I got to be the luckiest girl ever
And to have your love
I must of done something right
Cause I don't deserve someone like you
But I love you
And I will stand by you through whatever
Cause that is what someone does when they are in love
Darling thank you for being who you are
I love you Ryan Joseph Galen!

You Are The Lover Of My Heart

You are the lover of my heart
The king of my world
You are the sun of my life
You are the moon of my dreams
That light that shines in my eye
You are beyond amazing
And I love you
You are really sweet
You are just absolutely amazing
And so perfect for me
You are the man of my dreams
I love you so much
That I'd take a bullet for you
Why are you the way you are with me?
That's something I'll never know
Why are you so in love me?
Heaven only knows
You are just so perfect
And I love you so much
Please don't ever break my heart
And I promise I'll never break yours
Baby you make my heart skip a beat
Yo make fireworks go off
I just don't get why you are in love with me
Or even care for me
Yo are the only one that treats me this way
Nobody has ever done this for me
I never want it to stop
Please be mine forever
Cause I love you just that much!

Kayla Galen

You May

You may not know,
If this love will last,
You may never know,
What I feel for you,
One thing is for certain,
You may know that I love you!

Kayla Galen

You Take My Breath Away

My love for you grows deeper
Every time I'm around you
My heart jumps out of my chest
Every time you put your hands on me
I feel as I am in a daze
How could someone fall so deep
You mean so much to me
I can trust you
More that I can trust anyone
I believe in everything that you say
You make my day with one stare
You are the light that shines in my eye
You are the flames that ignite my heart
You are the sun that shines my way
You are the moon that glows in my window at night
You are every breath I take
You run through my veins
You are the one for me
The way you walk
The way you talk
the way you laugh
Everything about you I love
You don't have to be a movie star to please me
Baby you take my breath away
When you look at me the way that you do
When you hold me the way that you do
I loose all connections
When you kiss me the way that you do
My mind just goes away
See you spoil me
Cause I've never had someone so special in my life
Baby I love you forever and always! ! !

Kayla Galen

You Will Always Remain With Me

Now that I have no more pictures of you,
It feels like a load has been lifted off of me,
The memories are forever alive,
The way we used to be,
I will always love you,
Even though you are so far away,
It always feels like you are still here,
You will forever be in my heart,
Everything we used to do,
Still remains in my mind,
But seeing other guys,
Makes me realize,
That I don't love you as much as I thought I did,
Just remember this,
You will always remain with me,
And, I always will love you!

Kayla Galen

Your Smile Is Like None Other

Your smile is like none other
Your eyes are that of an angel's
Your hands are fires of passion
Your hugs are so comforting
Your love is beyond compare
I love everything about you
All the way down to your feet
Yes I said it
I love my booger very much
You are the one I want for the rest of time
To love
To cherish
To hold
Til death do us part
You are mine forever
No girl better not mess with you
Or she will have to answer to me
I never want to lose you
Or your love
You mean so much to me
And so much to me
Please don't ever hurt me
As I've promised you
I love you my husband.
