# Is It Even A Poem?

What a good poem has to be?  
Is it about love?  
That makes people smile and giggle?

Is it about life?  
That explains why Life has to be unfair to live?  
And count the ways how to die?

Is it about passion and desire?  
That evokes people's brains?  
To let their imagination widens?

Or is it about ones feelings?  
On how to express and to be perceive?  
which thing is this poem? Is it a poem?
