# About My Partner

I think you wonderful and even smart,  
Your so romantic that's coming from my heart,  
I knew you were the one right from the start,

your my only one your my everything,  
your so perfect and kind,  
i'll always be dreaming that you'll be mine,  
Because your the one thats rights for me,  
And i just want to say you everything to me,

i wanna marry you someday,  
and have kids on our wedding day,

# Goodbye

At first when we met  
We said hi

Now we're still friends  
But we've said goodbye

I gave you a chance  
And you rejected

You said it's not good right now  
And you stand corrected

You see what you've lost  
At least I hope you do

You see what others can have  
But not you

I don't mean to sound conceited  
Or vain in any way

I'm just merely pointing out  
What you had, and threw away

I liked you a lot  
I honestly did

But did you feel the same?  
Were there feelings you hid?

If you had feelings for me  
You didn't show it

Because things are over now  
And I didn't know it

If you didn't have feelings  
Then why did you say so

When the only person you trust, lies  
Then where do you go?

I just wanted to say  
Thought you needed to know

These feelings I have  
Need to be let go

At first when we met  
We said hi

Now we're still friends  
But we've said goodbye

I gave you a chance  
And you rejected

You said it's not good right now  
And you stand corrected

You see what you've lost  
At least I hope you do

You see what others can have  
But not you

I don't mean to sound conceited  
Or vain in any way

I'm just merely pointing out  
What you had, and threw away

I liked you a lot  
I honestly did

But did you feel the same?  
Were there feelings you hid?

If you had feelings for me

You didn't show it

Because things are over now  
And I didn't know it

If you didn't have feelings  
Then why did you say so

When the only person you trust, lies  
Then where do you go?

I just wanted to say  
Thought you needed to know

These feelings I have  
Need to be let go

# Life

Life is sweet,  
Like tender meat,  
Life is kind,  
Where people Bind,  
Life is peace,  
There ain't a lease,  
Life is Love,  
Just flies like a dove,  
Life is Sound,  
Just like the world where it's all round.

## Love At First Sight.....

Love at first sight;  
Is wonderful and bright;  
Love is sweet;  
Love is everything you can't defeat;  
It's amazing feeling to have;  
Love is blind and also kind is horride sometimes;  
When you lose the feeling of being in love it's like loseing your life;  
It's cruel and torture when your alone;  
Can't feel anythnig but pain and Bone.

## Love Is True.....

I love you,  
And thats so ture,  
When we meet,  
It's like sugar thats sweet,  
When you've got the flu,  
we're still stuck like glue,  
When i look in your eyes,  
I see that there is no lies'  
When we kiss,  
Its not sorrow and bliss,  
Cause i look up the sky,  
Reminds me that your my favourite guy,  
When we make love,  
It feels like we're above,  
Cause when we're together,  
It feels like forever,  
Because i love you,  
And thats so true.

# Morning

Woke early one morning,  
the earth lay cool and still,  
when suddenly a tiny bird,  
perched on my window sill,  
it sang a song so lovely,  
so carefree and so gay,  
that slowly all my troubles,  
began to slip away,  
it sang of far off places,  
of laughter and of fun,  
it seemed his very song,  
brought out the morning sun,  
I pulled back the covers,  
and crept slowly out of bed,  
and gently shut the window,  
and crushed his freaking head,  
I'm not a morning person

You are my heart,  
straight from the start,

# Sexual Feelings

Rainy days and cold nights,  
These are days I need you to hold me tight in your arms,  
Hold me close and keep me warm,  
Tell me I'm your good luck charm,  
Look me in my eyes and tell me I'm the one for you,  
Tell me I'm your every wish come true,  
Lay me down very gently,  
Then make love to me essentially,  
Caress my body from head to toe not missing a spot,  
Lets play around like connect the dots,  
Lets make each other hot till our body heat rise like a rollercoaster ride,  
Take my body on a journey that never ends,  
It always seems to just begin,  
Make me climax like i never done before,  
Do what you want to my body its all yours,  
Rub me, lick me, kiss me, tease me do what ever you want to my body as long  
as its pleasing

# Sweet Emotion

i'm missing you already  
you're simply a memory

silence in a crowded room  
that's calling out to me

a distant cry inside of my heart  
always tracks me down

it will never want to part  
it will never let me down

thorns of emotion  
sting me everyday

they remind me of you  
and tell me to stay

tears of sweet hope  
run down my young face

they sing to me softly  
and show me your face

sorrow fills my empty soul  
and tuck me in at night

it fills my room with silent screams  
and holds on to me tight

my heart has only one love  
one love to give

pure as the feathers of a dove  
pure as the way we all shall live

## This Was Never Meant To Be.....

When we first met I thought you were the one,  
you were so perfect and kind I always thought that you would be mine,  
we had fun and good times the memories will always be there,  
but now I think it's time to face the truth that this was never meant to be you  
and me,  
I've always loved you from the start and you will always be in my heart,  
all the love we made was the nights I will never forget,  
I'd never regret all the days I spent with you because you have a good heart  
and soul,  
And that's what I feel in love with,  
you treated me with respect and showed me love and that's what I loved about  
you,  
It was all too good to be true you and me we were not meant to be I'm sorry  
please forgive me.

# When The World Come's Toether

When the world comes together, things seem to fall apart, When you try and make things better everything seems to fall apart, you can only try and make things right if they go together, When everyone risks thier lifes to help others they always be remembered bye the one's who suvived the war that are still alive, When you get that chance to live your life you try and make the most of it.

# Worthless

Honey did you see me crying  
While I was listening with a smile  
Did your lips taste my tears  
When I was bursting deep inside

Thought our love was special  
Until your words crushed my pride  
Stood there like a faceless man  
Whose spirit had long ago died

Worthless feelings rule my mind  
Ashamed of myself I close my eyes  
Did you feel taken for granted  
Or like love buy my silent cries

How long will yesterday keep us alive  
When everyday a bit of us is dying  
Tried my best to stand like a wall  
Wondering if you saw me crying

# Your The One

I thought you were the one,  
you came into my life,  
you blew my breath away,  
I never thought i could love somebody,  
As much as i love you today,  
your the only person that made me feel this way,  
Nobody could ever come between us,  
Because your the one i love,  
And i want you to stay,  
Please dont leave me feeling this way,  
You have to stay,  
Because i love you always.
