## &#9829; Reality&#9829;

Im done crying  
Im done wishing i was never born  
Im done looking like im happy when relle im dead inside!

Im done being who you want me to  
Im going to be myself  
I will not be controlled!

I feel this is all my fault  
Im not your little princess anymore  
I have grown up!

I will move on  
And live my life to the fullest  
Im done being depressed!

I am not a fool  
I will never be treated like one  
You may never see me again!

I've found someone to take your place  
Not as a father  
But as someone to protect me!

Kimberly Anna Simmons

# Angel

I'm an ANGEL

anorexic

nice

girl

enjoying

love.

Your the DEVIL

dorky

engaged

villain

in

love.

We fell for each other

But lost one another

our call was two seconds

but some girl was on the phone with you.

You didn't realize

but secretly I was plotting revenge

my friends told me not to

that you wouldn't be the only one hurt.

Did I listen...NO

I went to our secret house

destroying everything even myself

Then you came in and I was gone.

I watched from above and below

cuz i'm an angel the got sent to hell

for suicide and attempt murder.

Then you not only murdered your sister

but committed suicide too and we were together.

# Beautiful Eyes

I said you have beautiful eyes  
You said thanks.  
I didn't know  
That one day we'd be together.  
You are so cute  
But all the kids hate you.  
One day we  
Might just be  
Toghether Forever.  
I was hardly able to see  
And you lead me through.  
I wanted you  
To kiss me and hold me.  
Nobody wants us together  
But with you and me we're us.  
You have the most beautiful smile  
And you know how to make me laugh.

# Getting Over You

If it's the last thing I do  
I'm gonna get over you  
Baby you say you love me  
But why do you touch me?  
One thing I do  
Always comes to you  
Baby you say you love me  
Why'd you go and hurt me?  
I'm not that simple kinda girl  
Even though I love you more than her  
Baby you say you love me  
But why are you with her?  
If it's the last thing I do  
I'm gonna get over you.  
Over you  
If it's the last thing I do!

# Getting To Know You

Getting to know you  
has been a challenge  
what I can't see  
is how you could change.  
You were so cool  
and then you changed  
now your so cruel  
do you know how many people hate you?  
I laughed  
I cried  
you were always there to remind me  
but then you changed.  
I smiled  
I frowned  
and now your nowheres behind me  
why'd you really change?  
Was it cuz of me  
or was it cuz of them  
I thought you were so cool  
and now your just a fool.  
I laughed  
I cried  
I smiled  
I frowned  
but without you I've changed!

# Just Nineteen Minutes

Just give me 19 minutes  
And I'll tell you my story  
Just give me 19 minutes  
And you'll know all about me.  
Just give me 19 minutes  
And we can be best friends  
Just give me 19 minutes  
And we'll be dating or sisters.  
Just give me 19 minutes  
And we'll be married or together forever  
Just give me 19 minutes  
And our lives will spiral to hell.  
Just give me 19 minutes  
And your brain will be ruined  
Just give me 19 minutes  
And I will be dead.  
I've lived  
I've Conquered  
I've Died  
And in 19 minutes  
I'll let you tell me your story!

# Pain In The Tummy

pain in my tummy  
it hurts so bad  
i wanna cry  
but it makes me mad  
i feel embarased  
crying is for babies!

My friends try to help  
but i push them away  
i feel like throwing up  
but no one is there to comfort me  
will you rub my back and tell me its going to be okay?

My father used to rub my back  
if i was throwing up  
he'd be the only one i wanted to help  
i was stubborn but not born yesterday  
will you comfort me by rubbing my back?

My mother tried but i went bulistic  
i cant have anyone there but him  
he was the only one i let in  
now without him im an empty hole  
why cant he rub my back anymore and tell me everythings going to be alright?

I'll tell you why  
he is a traitor thats why  
he tried to think of me other than his daughter  
i couldnt take it expecially when i was sick  
why wont i let anyone i dont trust in?

because of him of course thats why  
he broke me into a million pieces  
he told me not to tell  
i told anyway and lost alot of family  
Why do i have enough guts to keep with this?

Truth is i dont  
I cant do this anymore

I dont want to be treated like crap  
I have changed and no one sees that  
Why does everyone think they are better than me?

I'll tell you why  
Im a 15 year old girl  
Going to be 16  
Everyone thinks its kewl to pick on me  
Not anymore im done with all this crap!
