## Kimy Chan(November 28,1996)

I am Hazel Malfoy.

.. but that is only my pen name..

Anyway, I love making poems.. especially when inspired..

I make a lot of poems when inspired!

and making poems is my way of expressing myself..

I live in the Philippines..

but outer space would be more preferable..

My age is censored.. I can't let you all see it, .. I'm too young to die..

My favorite poet is.. ME! !

but I like Edgar Allan Poe as well..

Hmm.. I make short stories too.. but I never finished them..

So i make poems instead..

That's all..

Thanks! ^^

# Broken-Hearted..

I loved him with my whole heart  
But he broke it and left a mark  
That closed my heart temporarily  
That made me cry desperately

And then I found someone  
That I thought will be my one  
But I was wrong, depressingly wrong  
He's not the one I've been waiting for so long

Then, out of the blue, I met you  
You made me fall in love with you  
You're the greatest gift I had ever received  
You had shown me the reason to live

You ceased the pain I am feeling  
You got my heart you've been mending  
You helped me through my troubles saying,  
'I will never ever be leaving...'

# Friends Are Forever

My world became colorful when I met you  
You're the type of friend that never makes me blue  
You have always comforted me in my times of trouble  
You made all my problems plainly endurable

You're there for me every step of the way  
You never left me and you always stay  
You supported what's important to me  
And for who I am you accepted me

Now I'm dedicating this poem to you  
Because I care so much for you too  
And I just wanna say to you  
Our friendship will last because it's true

## If You Would Leave Me...

If you would leave me, I'll breathe out a sigh  
And would really wish I'd rather die  
Because without you, my life would be meaningless  
And I don't think I could bear all the loneliness

If you would leave me, I'll cry and cry  
I'll rest my eyes for a while and look up in the sky  
I'll ask God if I should wait for you  
Because if ever you'll come back, I would still love you

If you would leave me, my world and my heart  
will be smashed to pieces if ever we'll be apart  
If you would leave me, my heart would break  
So please don't leave me for heaven's sake..

## I'LI Be With You..

I'll be with you through thick and thin  
Through all the problems you have in  
My love for you is burning deep  
within me, that I couldn't sleep

I'll be with you through high mountains  
And through the angry roaring rapids  
You shouldn't do it all by yourself  
'cause I am here, ready to help

I'll be with you when you're happy or sad  
I'll be with you when you're giggly or mad  
I'll be with you even if you're red or blue  
I'll be with you because I love you..

# Love: Beware!

Love is blind  
All one's hopes it can grind  
Worse you can be beyond repair

Love breaks your heart  
And leaves a mark  
Of a broken heart in despair

Love leaves you hopeless  
If you are careless  
It leaves you with no one to care

Beware of love  
You can lose that someone you have  
Yes, you can say love's not fair.
