My Family

My brothers are a bother
my father is so smart
My mother has the kindest heart
My sisters take over my room
then somebody falls BOOM
My nephew has so much hair he looks like a baby bear
my dogs are cute but sometimes i wish i could put them on mute
My little sister a so many baby dolls
but no bouncy balls
then theres me who loves to lisen to music all the time
I dont think its a crime is it? ? ? ?
