# Kundun The infinite()

# Beyond Love

Beyond love  
You will find infinite love  
A fraternal love  
Indestructible love  
Follow this love  
It is the path  
Of enlightenment

# Brother

When you laugh,  
I laugh  
When you cry,  
I cry  
When you love,  
I love  
When you feel,  
I feel  
When you touch,  
I touch,  
When you hear,  
I hear,  
When you are,  
I am  
I will be there for you  
Brother  
I will be there for you

One  
We are

In the light of the sun  
A brother I have found  
Fraternal love I have found  
Take it  
Cherish it  
Let it happen  
It is made of us  
This indestructible love  
Is what we are  
What we were  
What we will be  
Stay with me  
In the light  
Let's shine together
