Open

I open my hands
There nothing to hold
I open my heart
it's just dark and cold
I open my mind
Can you hear my cries
I open my soul
it's filled with holes
I'm stuck in a hole
I see sun light
I just can't claim that high
Should i wait until I die
Or i can fight the impossible
When i look into your eyes
I see hope
Please don't let me go
I need your help
To get my soul back home
