## Kurtis Cwiklo(3/7/1994)

I use to always hate writing but now it seems to be almost all i do its my expression of how i feel and if i couldn't write i don't know what i would do.

# Behind Your Eyes

I see you standing there,  
Looking so calm,  
But I can see right through you.  
Behind your eyes, I can see your pain.  
I just want you to know that I'll be right here.  
Behind your eyes are all of your regrets.  
Everything you do  
Is to cover up your past;  
I just want you to know  
You can always count on me.  
All I have left to say  
Is that we are only human

# Broken

I hear my heart beat loud and clear  
It's so uneven without you here  
I tried and I tried to make things right  
I regret everything I said that night  
But now not even the dead can rest,  
And their grip is tight upon my chest  
I wish you would sacrifice just one more night  
But my world is crumbling out of sight,  
And into a bitter abyss  
All I long for is just one more kiss  
I want you to know that you will always be my princess  
I wish you would come back  
And take me in your arms today  
But I fear I have gone too far  
And will forever be a man with a broken heart

# Forever

I know  
I know whats running through  
Your head  
I can see your fear  
The days are passing by  
You sit in your room  
Thinking of us  
Wondering when will it end  
But I have news for you  
The end that your trying to find  
Won't come in our lifetime  
Because our love is endless  
I want to stop right here  
And make sure your not scared  
The future is near  
Their is no telling what is to come  
But I can tell you one thing  
You are forever to me  
You sit in your room  
Thinking of us  
Wondering when will it end  
I have news for you  
The end that your searching for  
Is no where to be found  
Don't go running away

# Mother

I see you looking away,  
You think I'm blind.  
But I see your pain.  
And I want you to know,  
That I'm here for you.  
Mother dont cry.  
You gotta keep your head held high.  
You've locked yourself away.  
I see you fading,  
Into the dark and grey.  
Oh mother why are you cring?  
You dont need to worry.  
Life will get better.  
Just try to live again.  
Oh mother why are you crying?  
I see your pain.  
The redness in your eyes,  
The wetness on your cheeks.  
Oh mother why are you so scared?  
You still got a couple years.

## Second Chance

My life is falling down,  
It's going right into the ground.  
I don't have anybody.  
I don't have a soul.  
If only.  
You could see past my scars,  
You would see a man,  
That's trying to be heard.  
If only.  
You could see past my mistakes,  
You would see a man filled with regret,  
Who only wants a better life.  
My life is falling down,  
It's going right into the ground.  
No one ever listens.  
When i cry out,  
All I want is help  
I'm all alone.  
To some of you I'm,  
A criminal,  
A monster,  
A bad man,  
That no one wants around.  
Whatever happend to second chances?

# Suicidal Thoughts

I lay here alone  
Crying myself asleep  
I want to die  
This love I have  
Has got me in a bind  
You say you love me  
But you are never with me  
So tonight is the night  
I put the gun to my head  
But I can't find the strength inside  
Even though I want to die  
All I can do is cry  
The attempts I make  
Are a failure every time  
But tonight is the night  
I'm finally going to die  
I put the gun to my head  
Just one last time  
I look at your picture  
And I cry and scream  
Goodbye...

# The Lonely King

Sitting in my lonesome tower  
Without you by my side  
Looking out this window  
Upon our kingdom makes me cry  
Alas we shall be reunited  
Under this midnight summer sky  
And once again rule our kingdom together
