A Blind Man In Love

I'm going blind but I shall follow my heart that will lead to you. I shall travel through to get to you. Because you are the only one in my life I love. No matter how far I shall travel I will find you. I may be blind but my heart shall lead the way just to see you. Even if the flow of time turns into the sea, I'll swim towards you. If the ocean turns into a mountain I'll scale it just to see you. Even if I'm sent back in time I'll still find. No matter what you're the only love in my life and I will find you. Just to see you through these blind eyes of mine. No matter neither how far nor wide ill find you just to hold you in my arms. To feel you warm as you warm me inside. To feel your happy smile and lips as we kiss. As I hug you tight you turn to dust as I then fall down into an empty black hole filled with nothing but darkness. As I open my eyes to see a dim light fade away in the distance. I then hear you voice and see you reaching out to grab my hand. I reach out my hand to grab yours as you pull me up. I look to see you smile as light fills the hole and the darkness fades away from me. I then hold you once more saying I won't let go. As the sun shines through the clouds a spot of light shine on us. You then start to fade with a smile still on your face. And I wake and look at picture of us both smiling with your arms around me.

Broken

In a field of broken trees and hearts lays a boy with a broken past. While his life
less body just laying there looking in the sky.

A girl comes by.

With her heart broken in two.

Fade Away

I tried to make a sound but who can hear me.
I wish I could explain what has happen to me.
As life go on I'm fading away.

Hell

Take me away from this world I don't want to see another day.
Bring me to the dark hall's of hell.
Just take me away and let me heal.
I don't want to see the light until I heal.
I will never see the light because I will never heal.

I Never Believe You

You say you love me but I was too much of a fool to see it was true.

You all ways talk about me.

My friends say it was true that you say you love me.

I never believe you every single word that you said to me.

(5 years later.)

I see you with another guy.

It pains me so to now that I'm too late.

I should have believed you.

I was too much of fool too see that I loved you.

I Wright this know to let you know that I love you.

Lost

I'm lost and all I can do is think of you.

Even though I try and not to I just do.

I just can't wait until I stop thinking of you.

I'm lost so all I can do is think of you.

It's just I'm lost in the sands of time trying to get back to my own time. I'm lost in the sea waiting for someone to save me.

I'm lost in the burning woods trying to find away out in time.

I'm lost in the darkness trying to find the light.

I'm lost in this old life spending too much time thinking of my past life.

The Word Alone

Alone a word, which mean happy to me.
Every time I'm alone I smile with tears coming down my face.
Alone is a word which means I don't have to share with you.
Alone is a word were I'm alone.
