'..I can say that im a sweet caring friendly person. I like to make my friends happy and comfortable with me. I love sharing my ideas and thoughts, laughters and tears..ups and downs.. whether you're happy or sad, u can always count on me.. mwah! ..'

'.NOTHING LASTS FOREVER So, Live the Life! .'

Enjoy, Love, Laugh, Cry, do good.

Be a little bit naughty, but nice..

Make mistakes. -we need that to learn.

Get hurt. -we need that to grow.

And always be happy in any way you can.. Most of all,

NEVER REGRET. 'Coz anyhow, anyway, everything you did was all you ever wanted to do.'

' Break Of A New Day '

Now is the time to be happy
Give love and respect to everybody
Forget all the pain and hatred in your heart
Make your life a brand new start

A whole new and better beginning for you
With lots of laughter and joys too
Thank the Lord above for everything He has done
'Coz without His grace you will never be a man

So never lose hope and never lose faith
Never ever think that it's too late
You may have lived your life on its darkest night
But now's the time for you to see the sun so bright!

Lady Ysabel

' Come Back..'

I'm lying here on my bed
Thinking of everything that you have said
Thinking of everything that you have done
Wishing all this pain to be all gone

Trying hard to fall asleep
Can't help myself not to weep
There's nothing I could do but to cry
I just couldn't stop it no matter how i try

Keep blaming myself of letting you go
Keep blaming myself of not letting you know
I should've said it, I should've done that
I should've told you what was really in my heart

Been so scared to fall for you
Never realized then but now I do
Tried to deny all my feelings
and now it's you that I'm longing

Longing for your arms to embrace me
Waiting for your lips to kiss me
Hoping that someday you'll come back
Wishing that one day you'll take me back

Back to you where I belong
with your love, I'll never be wrong
Beside you makes me feel alright
Come back to me and hold me tight!

Lady Ysabel

' Enough '

You, you never see the real me
You never recognize me
You never recognize my worth
You never knew that it hurts

It hurts me much you don't know
It kills me but I never show
I never show a tear from my eye
I do hide it, I do lie

You can see that i'm tough
You always see me laugh
Laugh about our fights
But deep inside me is not right

It's not right for me to feel this pain
It's never right for me to feel insane
Feel insane on how you treat me
How you do treat me badly

I loved you so much, I forget about myself
forget my own happiness
I gave you everything but still it's not enough
Not enough for you to be satisfied

Now I'm tired of loving you
I'm tired of always pleasing you
Tired of everything that you do
That's why I'm letting you go

Letting you go out of my life
I want to have a new start
A new start for me to be happy
Without you here beside me!

Lady Ysabel

' Especially For You.. '

We've been together for half a year now
but it seems like years somehow
With all the laughter and joys we've shared
and with all the fights and make-ups we've made.

People think that we were just playing games
all of them think that we were insane
To be together and stay with each other
they never knew that we belong together.

They keep on saying I'm just one of your girls
Others keep on thinking I'm just using your name
But whatever they do and whatever they say
that don't really matter anyway.

What matters most is that you beside me
and the love I feel whenever you're near me
All that matter is we both know the truth
we love each other and there's nothing to prove.

And if time comes that I had to leave
I will never be worry, I will never be scared
If one day I wake up so far from you
I will just smile and say a little prayer for you.

'Coz I know it won't take forever for me
to come back in your arms and make me see
That you really stayed and waited for me
to continue our love endlessly!

Lady Ysabel

' How? '

We talked about this before
we both know you couldn't stay more
and that you have to leave after some months
Could never stay more, could never come back

But then again we didn't bother
we continue to love and stay with each other
And we keep on saying that no one will cry
when the day comes that you have to say goodbye

Each and everyday that we're together
makes our love become stronger
It makes our love become sweeter
and makes our love become deeper

Time's passing by and soon you will go
my heart is breaking, it's hurting me so
But I'm holding myself not to cry
Trying to never shed a tear from my eye

Thought I was ready to see you leave
I guess I was wrong coz now I am scared
For that day to come and you have to go
I don't know how I'll feel, don't know what I'll do

I don't understand why can't we be together
why can't we really stay with each other
and what if we are really meant to be?
Please tell me now, how to set you free?

How will I forget to remember the love I shared with you?
How will I start to end all my feelings for you?
How could I heal a heart that will never mend?
and How could I say goodbye to a love that has no end.?

Lady Ysabel

' It's Over.'

Don't wanna hear you say a thing
Just leave and get what you should bring
Don't wanna hear you say a word
Just go and drive down the road

Never try to hold me tight
'coz that won't make me feel alright
Never ever kiss me goodbye
'coz that won't even make me cry

Don't expect me to stand in your way
'Coz I will never do it anyway
Just go and walk out the door
Just do it now, what are you waiting for?

And don't you ever try to call me
There's no need for you to reach me
'Coz I will never listen to you
You know I won't even try to

Don't you ever try to find me
Don't you even try to miss me
'Coz that's what I'm gonna do
To really try hard to forget you!

Lady Ysabel

' My Little Boy '

From the moment I saw him I said to myself,
'he will surely change my world..'

-in more positive ways.

I know in my heart that we will be happy being together,
everyday and always.

He just don't know how much I love being with him
and to watch his every move...

The way he look at me with ignorance in his eyes
The way he smile at me and say things only I could understand..

How I love watching him while he sleeps
and make him feel that I'm for keeps
That no matter what and no matter how
I will be here forever from now.

Lady Ysabel

' Tell Me '

Do you see me?
Do you really see what's inside me?
Do you care what's bothering me now?
Do you really care about me somehow?

Do you hear me saying?
Do you really hear me talking?
Do you know what i am telling you?
Do you really understand how I feel for you?

Will you stay beside me if I ask you?
Will you really be there when I need you?
Will you wipe my tears when i cry?
Will you really make me smile?

If I go will you feel sad?
Will you really feel bad?
Are you gonna hold my hand and never let me go?
Please tell me, are you really gonna do so?

Will you hold me and hug me?
Will you kiss me tenderly?
Will you say ' i love you too.. '?
Please say yes, please say ' i do. '

Lady Ysabel

' That Was Before..'

I was so stupid to never realized
the times we've shared was all a lie
So stupid to believed in you
that you were in love with me too

The night I heard you calling someone's name
while making love with me, such a shame!
All I did was hold my tears to flow
all the pain in my heart I never show

Then you left without saying goodbye
without even telling me why
I cried so hard all days and nights
still I wanted you here by my side

I remember the day I came to you
I was begging you to love me too
God, I've been a fool for you!
to did those things I should never do

Now all those are nothing but memories
I'm different now as you can see
Well, I saved my life, I saved me from you
You're not worth for my love, yeah that's true!

So don't tell me you want me back?
Never expect me to hold you tight
I must admit I loved you so much more
But hey, darling.. That was before..

Lady Ysabel

' The Love That I Give '

My days start with tears in my eyes
as the sun goes up, I wonder and realize
How things went wrong between you and me
still can't believe, still can't agree

When the nights fall don as I lay on my bed
again I start to cry thinking of what we had
The pain that I am feeling keep hurting me inside
no matter what I do, it's all you here in my mind

Keep thinking of what and where I did wrong
Is it the love that I give, is it so strong?
Is it wrong to love someone so much?
Is it wrong for me to give all that I got?

All I wanted is for you to know
the love I have, I needed to show
All I wanted is for you to feel
that my love for you is true and my love is real

All I wanted is for you to realize
how I'm so thankful, how I am glad
that I found the one I've been waiting for
the one I'm willing to share with forevermore

And even if one day you have to go and leave
I will stay loving you but you couldn't believe
That even if we are not together
I will keep you in my heart forever

But all the love that I give made you scared
thought I was crazy and decided to leave
You thought as I am loving you too much
will cause me a lot of pain more than that

When the day come that you have to go
you thought I wouldn't know what to do
You thought I'm gonna lose my mind when you leave
you really, really thought I was that weak and naive

You never realize what you did was a big mistake
all the love that I give, you did not appreciate
But instead it was misjudged and misunderstood
All the love that I give, you just refused

Now I am tired of loving you more
I better give up, why would I wait for?
I may have loved you more than I could ever show
But I can forget you much more than you could ever know.

Lady Ysabel

' To My One Great Love '

I was on my home when I see
A one familiar place to me
As i have read the name of that place
I started then to reminisce

Suddenly I feel something here in my heart
I feel a certain pain thats tearing me apart
Then I found myself started to cry
and soon the teardrops keep falling from my eyes

I decided to go to that certain place
Where i used to come with a happy face
Everything are all the same as before
Aside from the feelings I had, It is no more

As I go inside where I used to eat
On the same sofa where I used to eat
With the same people that used to greet me 'hi
Same people who used to make me smile

I asked for the sheesha I used to smoke
The same sheesha that used to make me choke
I asked for the tea that I used to drink
As i hold myself not to weep

I looked at the sea that used to make me feel calm and peace
I felt the same air, I felt the same breeze
I looked up the sky and watched the stars so bright
It was the same scenery I used to enjoy at night

Time passed by and still I am here thinking
Trying to find out what I am missing
'Coz I'm not feeling the same way before
I just wanted to feel it all once more

As I'm about to finish this lettter I realized one thing
Now I know what I have been missing
Now I know why i am not happy as I used to before
'Coz you are not here beside me anymore

I miss you so much and I'm missing you more
I miss all the times we've spent here before
I miss the talks, the laugh and tears we've shared
I miss the fights and crazy things we've made

I miss how you make me feel good when I'm sad
I miss how you try not to make me feel bad
I even miss how you make me smile
after you have made me cry

I miss the way you look at me and stares at me
I miss the way you hold my hands so tenderly
I miss your smile, I miss your lips
I miss you bad, I miss your kiss

I miss the nights we've shared on my bed
I miss all the lovely things you have said
I miss every moments I shared with you
I miss them so much.. I miss you so!

Lady Ysabel

' Where Is The Love? '

I've been waiting here for so long
waiting for a love that is so strong
A love that is pure, selfless and divine
The love that I really wanted to be mine

Sometimes I wonder where it could be
Will I find it myself or just wait here and see?
Really I'm confused on what to do now
All I wanted is to be loved somehow..

Lady Ysabel

' Why? '

We were so happy being together
both contented with each other
Thought we were really meant to be
But things have changed between you and me

You went out dating with someone else
I stayed out partying with some of my friends
You've had your way and I had mine
Never cared with each other and the love was all gone

It's been a year and I think I was alright
Think I was ok without you by my side
No more pains, no more fights
No more arguing all through the nights

Now everything is new, everything is fine
Things went so easy for me as time goes by
Well I guess I am happy now, I know I should be
I should feel better now without you near me

But what is this feeling that I have in my heart?
There's a certain emptiness since the day we fell apart
I feel so empty but I don't know why
Can't explain what I am feeling, it makes me wanna cry!

Lady Ysabel

' With All My Heart '

Goodbye to all my friends who shared with me
goodbye to all the ones who laughed and cried with me
Goodbye to all the places I've always been
goodbye to other places I've never seen

Goodbye to all the ones who made me cry
goodbye to other ones who made me smile
Goodbye to all the people who loved me more
goodbye to some others who have hurt me before

I'm sorry if I may have hurt somebody
I'm sorry if I may have done things badly
I'm sorry if I have to leave you all so soon
We will be together again one day for sure.!

Lady Ysabel

' You, Me And Our Love.. '

Today, as we celebrate our love
I want you to know how much you really mean to me.
How much I treasure you and this relationship..

We've been through a lot together
through ups and downs
and I'm happy to still find you beside me..

Being with you made me realize how life is beautiful
To be loved by you made me feel really wonderful.

..And i promise to love you more everyday
I promise you that I will stay.

I want you to trust me and believe me
that I will love you faithfully
and I will never give you up
'Coz you're all I want for all of my life..!

Lady Ysabel

'Enough To Be Good.'

'ALL I EVER WANTED WAS TO LOVE AND BE LOVED..
WHY DON'T THEY UNDERSTAND...
WHY NOT GIVE ME A CHANCE..?
WHY DO I HAVE TO SUFFER EVERYTIME.?

WHY DO I ALWAYS HAVE TO LOSE SOMEONE?
I TRIED EVERYTHING JUST TO STAYED IN LOVE..
BUT THEY DO ALL THE THINGS TO TAKE IT AWAY BY MY SIDE.!
IM TIRED OF HURTING, SO AS CRYING..!

TIRED OF WISHING, SO AS HOPING..
TIRED TO BE GOOD EVERYTIME..TIRED OF THIS SHIT SOMEHOW.!
NOW IM DONE WITH LOVE...
GOT TIRED OF IT, NOW I GIVE UP.

TIRED TO BE GOOD ALL THE TIME.
MAYBE IT'S BETTER TO BE BAD FROM NOW..'

Lady Ysabel

'For My Bestfriend, Jessica.'

'We are more than friends, even more than lovers
We care never any less with each other
We get hurt when one of us do
and we both feel the pain together too.

We share the good times and even the bad
We laugh together and cry so hard
Most of the times we are happy even things went wrong
We never care at all, as long as we get along.

Sometimes we have misunderstanding, but we never ever fight
We never let any bad feelings go through the night
We always talk and try to understand each other
We never let any thing ruin our friendship ever.

We are always together and never leave one another alone
If we had to part, still we come back to each other soon
We are both crazy though in some different ways
But still we are best friends in each and every ways.

I miss you so much gurl, I really do
Do take care of yourself in anywhere you go
Always remember the times we had here
The things we do and places we were.

Be happy always as you have to be
I'm glad that you are now with your family
One day we will be together again
and we will do crazy things together all over again.

Lady Ysabel

'Give Me Up, Let Me Go..'

'.. Why do you have to do this all to me?

I'm so tired of it, can't you see.?

You let me go, but you never let me fly..

You keep on holding me, I don't know why.!

We were long been done but still you never stop

Never stop from hurting me too much.!

Can't you see what you're doing to me?

You've done me wrong, and still you do me badly..

I'm so tired of fighting with you..

Even I'm tired of loving you too.

How many times should I have to say I'm not your own.? !

So please let me go and leave me alone.!

'Coz whatever you do..

I will never go back to you.

Not because I love you no more..

But because we can't be together anymore.!

So just stop of doing this all..

'Coz it will never help anymore.

You just hurting yourself, and you're hurting me too..

Please give it all up and do let me go..

Lady Ysabel

'Gone Baby, Gone..'

'..Why did u have to come back..?
Now that I'm alright.
Been through so much pain
ever since you went away.
Spent too many nights crying,
all day long suffering..
and now that i'm doing ok,
why did i have to see you on my way?

Can you just turn around and leave?
that's all i ask, that's all i need.
To never see you anymore..
Don't want to fall for you once more.
'Cause i don't wanna hurt no more..
Don't wanna feel what I've felt before
Just go now and never come back
Before I lose control and hold you tight!

Please never let me see your face again
I never want to see your smile once again
And never ever try to come any closer
Don't want to lose myself again..no never.!

Lady Ysabel

'I Do Know.'

'..It doesn't mean I'm weak just because I cry.
Doesn't mean you're strong just because you smile..
It doesn't mean I want you back just because I still love you.

Doesn't mean you love me no more just because you said so..
It doesn't mean you're happy just because you laugh.
Doesn't make me believe you, though you look tough..

You may can show the world that you are strong.
But I can see in your eyes deep inside you is wrong..
You can always hide and pretend you stopped caring me.
I know, I just know you won't ever do stop in loving me..'

Lady Ysabel

'Love..Love..Love.'

Once I have loved and lost
Too many nights I have cried the most
So much pain I had ever feel
That nobody could ever heal.
Twice I felt I could never live
Without him I thought I could never give
I've always felt I got nothing more
Since he left I thought nothing matters anymore.

Three times a week I tried to go out
Partying with friends and drinking it out
Stayed outside late until the dawn
Always I found myself drunk till the early morn'.
Four weeks have passed and I got tired
How I was doing wrong to myself, I realized
Should stop hurting myself, I should start a new
Life must go on that's what I was supposed to do.

Five o'clock the next morning I soon awake
Get up and cook something is what I decided to make
Had a cup of coffee while watching the sunrise
How I missed the lovely view all this time I was really surprised.
Six forty five exactly as I have started to make a plan
On how to start again and be a better man
To start to let go and stop holding on
To end up myself from crying and be happy from then on.

Seven days after I was so feeling new
Made myself better and look even better too
All the hurt I have felt were all just gone
All the tears I have cried you won't see from my eye.
Now as I am writing this with a smile on my face
With my heart so filled with real happiness
Finally I get over him and now ready to fall once again
But this time I'll be wiser and will never go back to 'phrase one' again..

Lady Ysabel

'My Short Poem Collections.'

** I told myself, I won't fall again..
Tried hard not to feel any special thing.
Made my self believe it was just a game..
Thought I won..But I guess, I was wrong.
'Coz I love how I feel whenever you're near me..
and I hate it so much without you here beside me.!

** Bags are packed and ready to go..
Goodbye to all my family and friends too.
Goodbye to all the places I used to go..
and bye to all the things I used to do.
But one thing is for sure after I leave..
I will treasure everything in me.
Will keep it in my heart all our memories!

-until we meet again...

** Just when I thought I won't fall again..
You came along and changed everything.
You bring the smile back on my lips..
You made me realize how much I missed.

You take away all the pain i feel..
Even my broken heart you heal.
Thank you for loving me so..
Just want you to know that I love you too!

** Of all the things I've ever done..
Losing you were the most painful one.
Yet finding you was the most treasured..
Of all the things I've ever achieved! .

** I loved you then and I love you still..
But then I know I should never will.
I should never stay in loving you..
I should start right now forgetting you.

Though I know it's hard for me to do..
But I'm gonna do what I can to get over you.!

** I've done too much.. I've had enough!
Just wanna go home than stay here alone..
You may be near to me now.. Yet you're just too far.!
So, I 'd rather go..than stay here without you..

Now let me go home.. Please let me go home.!
..Let me home soon..

** I don't love you any less, but I can't love you any more...
I have to end it all, so I can start a new.
Need to get you out of my life, so someone else may come in..
Didn't mean to sound I've regret, of what we have been.

It's just that I knew, I'm better off without you.!

** Never want to hate you, you know that I won't..
Even I know that I have to, yet I still don't.
'Coz I never need to hate you just for me to move on..
All I gotta do is to let you go and stop myself from holding on.

It took long for me to say this, but this time it's true..
I'm not over you yet.. But I'm Done in Loving you.!

** You may not believe I'm ok now and I do better..
It doesn't matter anyhow, you don't need to bother.
Just be happy as you wanted, when you bid me goodbye..
You may all that I wanted, but no more this time.

I fin'lly realized how happy I can be..
Even without you with me, now I'm not lonely.
I may have hurt too much before..
But it just made me strong even more.!

Lady Ysabel

'See What You've Done.'

'..He asked for my name, so I gave him mine and my number..
He asked a dance with me, I dance with him longer.
Then He wanted me to love him, so I loved him more..
He tried to make me miss him, and i longed for him each day.

He tried to make me happy, and i felt more in any way..
He wanted me to be better.. and I did my very best.
He never wanted me to do wrong, so I did never any less.
But later, he asked me to let him go, .and I let him fly.

He told me not to cry..so, I held my tears and smile.
He asked me not to hate him, and I never hate him more.
He told me to forget him, ..
'..I'm talking 'bout who again? '

Can anybody tell me who's that guy who keep on staring?
He looks familiar to me, all the time he's been watching.
Hmmm.. maybe someone I've met before..
..But I really don't remember him at all anymore.! .'

Lady Ysabel

'This Is Me. (Take It Or Leave It.) '

'.. Love me or hate me..
Be good or be bad to me..
Stay beside me or Leave me alone..
Laugh at me or sing me a song..

Be my enemy or be my friend..
Be my hater or My Lover 'till the end..
Whatever you feel about me..
It may have make me happy or hurt me..

Either it may make me smile
or even it may make me cry..
Whether you'll tell me hi
or bid me goodbye..

Only 2 things I ask before you will..
Never judge me and respect how I feel.'

Lady Ysabel

'To The Greatest Man In My Life..My Dad.'

'Of all the things you've done for me

It may be bad or good to me..

Just want you to know this very moment..

Every little things you've done I appreciated.

I'm sorry if I may done bad things to you..

I'm sorry if I'd ever hurt you too..

I know I did a lot that makes you disappointed,

But still I'm glad, I got what I've wanted..

Just like you, I became independent..

To be like you, was all I ever wanted.

I may have never told you how I love you so..

I may not show you how I am proud of you too.

But God knows how I'm so thankful to be your daughter,

How I'm feeling so lucky that you're my father.!

Of all the things you've made to us,

It may be bad or even worse for us.

I want you to know this very moment,

You've always been loved and never ever hated.

You may have hurt us and caused us pain,

We may felt the anger, but it never remained.

We already forgive you even before you said sorry,

Though we never said a word but we too, were sorry..

I love you dad, . we all do..

Though we rarely say or even showed to you..

I miss you so much and I know they're missing you too.

I know just like me, they longed to be with you again..

We all wanted to be all together once again.!

I just hope and pray that one day God will let us be..

I wish He grant and make us again a one happy family.! '

Lady Ysabel

'You'll See.'

I've always thought I wouldn't make it
I've always thought I couldn't take it
I've been so scared being left alone
I've always thought I couldn't make it on my own

So many days I've been crying a lot
Losing myself and everything I've got
So many dreams that became nightmares
Each and every night it makes me suffer

All the memories kept on haunting me
Every moment of it just kept on hurting me
It was never easy for me to forget
But still I couldn't make myself to regret

I tried to hide what i feel inside
Tried to pretend, I tried to lie
I made them believe I was doing just fine
I never showed them tears, always I smile

I've always tried to look real tough
Even my heart cries, I tried to laugh
I had to make them see that I am strong
Eventhough deep inside me it was all wrong

It took me sometime before I knew
I was losing myself, didn't got a clue
I was so damn fool to hurt myself all along
I've got to get myself back before it's gone

Now I'm ok and starting a new life
Not so fine but I'm alright
And I know I will be real good someday
I know I will be happy again one day

I may have hurt and cried before
I may have done myself wrong much more
But still I believe someone will be there for me
Someone who will love me the way I wanted to be

Someone who would want me the way I needed you
Someone who would never leave me the way that you do
Someone who would always care and stay
I know..I just know it will happen someday.

Lady Ysabel

Forever In Our Hearts.. (.Eventhough We'Re Apart.)

'I Loved you more..you've hurt me much.. still i stayed but you left me behind.
You went away hating me, I was left alone feeling so sorry..
Tried to move on and understand what you did.
even deep inside me screaming; 'how could you leave? '
Wanted to hate you, but I couldn't do.
Wanted to forget you, but all I think is you.
So, I said to myself there's no need to forget,

even there's no reason for me to regret.
What we once had was enough for me to be happy and contented,
To be with you and be loved by you even for some time is all I wanted.
I tried to let go of you and all my feelings for you,
I learned to accept that you really had to go.
I accepted the fact that we were never meant to be,
That no matter what we do, there will never be you and me.
Now you came back after some time..

I was doing ok, I was doing just fine.
I've prepared myself for the day we will meet again,
And I told myself you will never see me in pain.
Instead I'm gonna show you what you've always say to me,
That even we part ways, all you wanted is for me to be happy..
I tried to pretend that I have moved on now with my life,
Tried hard to pretend I was doing alright.
Keep talking nicely as if I'm not hurting,

Keep smiling so sweetly but deep inside me is dying..
I tried to be happy being with someone else,
Though being with you is all I ever wished.
But I had to pretend and tried to hide..
I had to show I'm over you.. I had to lie.
Then again you acted differently,
Isn't this what you wanted, isn't this what's supposed to be?

Now, Why you get mad and hating me this much?
I really don't get you, I just don't understand..
I don't think I deserve this hurt much more,
Be fair with me, once and for all..
Anyway, before I lose my chance to let you know,

That after all these times you've hurt me so.
It didn't change my love for you..
I still and will always do..

I know we will both love someone else someday..
You will be with her and I'll be with him one day.
But still I'm sure and I know you won't regret..
What we once had you will never forget..
And that's all that really matters to me..
For you to realized how Great our love to me.
We may be far apart from each other..
But our love will stay in our hearts forever.!

I'M Over You..

'I must admit that I've hurt you when I lied..
and accept what you have decided, even I cried..
You left me without letting me to explain..
you never listen to what I have wanted to say..

Even I was hurting, I tried to understand,
I wanted to hate you for leaving me behind..
But I couldn't do..
so I had let you go.

Days have passed and I didn't hear anything from you,
I was crying all night, didn't know what to do.
I was so afraid being left all alone,
Tried hard to carry on, tried so hard to move on..

Days became weeks and weeks became months,
How time flies, and soon I was alright..
Finally I've moved on and started a life.
I made myself new as if it was never broke,

I made a better me, I even changed how I look.
and then I realized how many days I have wasted,
How much I made myself suffer, I was so stupid.
I should've done this earlier, I should've not let it last longer
But still it's okay, now I'm no longer bother..
