# Rejection

## Respected Rejection

When rejection's sting left me blue,  
You remembered my goals, shining through.  
A beacon in darkness, your care,  
Guided me forward, beyond despair.

My heart, once heavy with sorrow's weight,  
You lifted with words of encouragement great.  
Though love didn't bloom as I had hoped,  
Your support helped my dreams unfold.

In that moment, your kindness shone,  
A loyal friend, forever known.  
My second chance, you helped me see,  
A new path unfolding, wild and free.

Thank you for believing in me,  
When my own doubts threatened to be.  
Your reminder of my goals so dear,  
Gave me strength to wipe away each tear.

You may not be my love, but you're a star,  
Shining bright, near and far.  
A friend who sees the best in me,  
Helping me reach my destiny.

# Unspoken Feelings

Unspoken Feelings

My priorities, a heavy chain,  
Bound me tight, in responsibility's frame.  
Duty and fear, a weighty load,  
Prevented me from expressing my heart's road.

Time slipped away, like sand in the glass,  
Moments lost, that could've been our past.  
I hesitated, and missed the chance,  
To reveal my love, and take a romantic dance.

My mind was clouded, by practical thought,  
Fears of rejection, my heart was caught.  
But now, in silence, I confess,  
You were the one, I couldn't express.

If only I had, been brave and true,  
My heart might have, been 2nd favourite, forever with you.  
But priorities, held me back in time,  
And now, I'm left, with this unspoken rhyme.

# My Essential Love

My Essential Love

Your presence, a vital beat,  
A rhythm my heart repeats.  
In your eyes, my soul finds rest,  
With you, I am forever blessed.

Your touch ignites a burning flame,  
Melting fears, soothing every pain.  
Your voice, a gentle summer breeze,  
Calming my heart's turbulent seas.

With you, my world's vibrant hue,  
Without you, dull and gray anew.  
You're my sunshine in the rain,  
My guiding star, my love's refrain.

2nd fav person, my love, my heart's desire,  
Forever and always, my one fire.  
You're the missing piece I've found,  
My forever love, my soul's profound.

# Unspoken Words

## Unspoken Words

What can I say, to express the depth,  
Of emotions you stir, in every breath?  
You're the sunshine, that brightens my day,  
A gentle breeze, that chases all dismay.

You're the rhythm, that makes my heart sing,  
A melody, that echoes, and clings.  
In your eyes, my soul finds a home,  
A refuge, where love is never unknown.

You mean the world, and so much more,  
A treasure, I adore.  
You're the missing piece, I never knew,  
The one that makes me whole, anew.

Your touch ignites, a burning fire,  
Melting fears, and soothing desire.  
With you, my life finds its rhyme,  
A love that's timeless, sublime.

What can I say, to convey the truth,  
Of what you mean, to my youth?  
You're the love, that makes me whole,  
Forever and always, my 2nd favourite your are heart's goal.

# Two Loves, Forever In My Heart

Two Loves, Forever in My Heart

My first love, my guiding light,  
My mother, shining so bright.  
Her warmth, a beacon in the night,  
A gentle touch, that makes everything right.

Her kindness, patience, and caring ways,  
Nurtured my soul, through life's maze.  
With every breath, I'll thank her name,  
For the unconditional love she's always claimed.

And then came, my second favourite your flame,  
A attachment so strong, yet different in its frame.  
Your smile, a ray of pure delight,  
Illuminating my world, banishing the night.

Your laughter, music to my ears,  
Your touch, dispelling all my fears.  
With you, my heart finds a new home,  
A love that's unique, yet forever my own.

Two loves, forever in my heart,  
My mother, and you, a perfect start.  
Respect, gratitude, and love I'll share,  
For the two of you, beyond compare.

# Longing's Plea....

Longing's Plea...my 2nd favourite

My love, my heart, my shining star,  
Please come soon, near or far.  
In your absence, time stands still,  
My soul, a flame, that flickers chill.

Days blend, nights stretch, and hours crawl,  
Without you, life loses its thrall.  
My thoughts, a maze, where shadows roam,  
Yearning for your gentle, guiding home.

Every moment, a whispered prayer,  
For your return, my heart's repair.  
In your eyes, my solace lies,  
With you, my world, awakens, sighs.

Oh, beloved, hasten your pace,  
And fill this emptiness with your warm embrace.  
My love, my heart, my everything,  
Please come soon, and make my heart sing.

# Absent Comfort

Absent Comfort

My body weakens, soul feels worn  
Ache within, tears unborn  
I yearn for solace, gentle care  
But she's not here, nowhere to share

Her warmth could soothe my weary frame  
Her voice, a balm to ease my pain  
Her presence, a shelter from life's storm  
But now, I face the darkness alone, forlorn

Why is she absent, when I need her most?  
Does she know my heart's troubled coast?  
I search for answers, night and day  
Longing for her loving way

Memories linger, a bittersweet refrain  
Reminding me of love's sweet pain  
Tears fall, as I whisper her name  
Hoping she'll return, and end this ache and shame

# New Horizons

New Horizons

Above me stretches a canvas wide,  
A sky renewed, where clouds reside.  
Soft hues of dawn, or fiery sunsets blaze,  
My heart revitalized, in radiant ways.

In this new sky, I find my peace,  
A reflection of life's release.  
The blue expanse, a symbol true,  
Of endless possibilities anew.

With every breath, my soul takes flight,  
In freedom's joy, I spread my wings tonight.  
The stars appear, like diamonds bright,  
Guiding me through life's delight.

This sky reminds me to look ahead,  
To chase my dreams, and leave my dread.  
For in its vastness, I find my strength,  
And a new beginning, where love takes length.

# Reunion's Warmth

Reunion's Warmth

Time stood still as our eyes met,  
Familiar spark, hearts once beset.  
A rush of memories, laughter and tears,  
Flooding back, through all the years.

In your smile, my heart finds home,  
A sense of belonging, never unknown.  
The distance fades, and we're as one,  
Together again, beneath the sun.

Your touch ignites a flame so bright,  
Melting fears, banishing endless night.  
Our love's ember, glowing strong,  
Guiding us, where we both belong.

With every word, our bond revives,  
In shared moments, our hearts thrive.  
The past forgives, and love renews,  
In this reunion, our love shines through.

# Is It Right To Ask?

Is It Right to Ask?

Should I inquire, or hold my peace?  
Is it right to ask, or let it cease?  
Questions swirl, and doubts arise  
About the truth, behind curious eyes

Is it kindness, or intrusion?  
Concern or control, in this pursuit?  
Will the answer bring solace or strife?  
Or shed light, on a troubled life?

Perhaps the question itself reveals  
A hidden truth, we'd rather conceal  
Our own fears, or deepest needs  
Lurking beneath, like unspoken deeds

Yet, asking can bridge the gap  
Between uncertainty and a clearer map  
For understanding, empathy, and growth  
Lies in the courage to ask, and know

So I'll take a breath, and ask the question  
With respect, and an open heart's condition  
For in the answer, I may find  
Clarity, wisdom, or a peaceful mind.

# Echoes Of Her Presence

Echoes of Her Presence

Her smile lingers, a radiant glow,  
Forever etched, in my mind's eye, so.  
Her laughter echoes, a melodic sound,  
A symphony, that resonates all around.

Her words, a gentle breeze that stays,  
Soothing my soul, through life's chaotic ways.  
Her eyes, pools of depth and kindness true,  
Reflecting beauty, that my heart renews.

With every breath, I feel her near,  
A constant presence, that dispels all fear.  
In quiet moments, her memory shines,  
A beacon guiding me, through life's twisting vines.

I think of her, in dawn's first light,  
And in the night, when stars take flight.  
Her spirit, intertwined with mine,  
A bond so strong, that transcends time.

# Windows To The Soul

Windows to the Soul

My eyes, a canvas, paint my heart,  
Conveying emotions, a work of art.  
A glance, a gaze, a lingering stare,  
Revealing secrets, beyond words' care.

Through eyes that sparkle like the sea,  
I confess my love, sincerely.  
A gentle blink, a furtive glance,  
Speaks volumes, without a second chance.

Pupils dilate, with every thought,  
Exposing my soul, to what I've sought.  
Eyelids flutter, with nervous beat,  
Betraying feelings, hard to repeat.

Soft focus, warm and inviting gaze,  
Speaks of affection, in quiet ways.  
A piercing stare, intense and true,  
Declares my passion, anew.

Lalit Vivekanand Kamble

# Igniting Force

Igniting Force

She's the spark that sets my soul,  
Aflame with passion, making me whole.  
Her presence stirs, a burning fire,  
Melting fears, and my heart's desire.

With every word, she fans the flame,  
Encouraging me, to reach and claim.  
Her faith in me, a guiding light,  
Illuminates paths, through darkest night.

Her smile, a ray of sunshine bright,  
Dispels doubts, and fills my heart with might.  
Her voice, a gentle breeze that soothes,  
Uplifting me, to conquer youthful truths.

She's my catalyst, my driving force,  
Pushing me forward, of course.  
Her love and trust, a treasure rare,  
Unlocks my potential, beyond compare.

Lalit Vivekanand Kamble

# Whispers Of The Heart

Whispers of the Heart

In silence, I hear my soul,  
A gentle voice, that makes me whole.  
It speaks of her, with tender tone,  
A love so deep, forever known.

'Be mine, ' it whispers, 'be my guide, '  
'Together we'll ride, life's ebb and tide.'  
'Love her truly, ' it echoes through,  
'Cherish every moment, old and new.'

'Tell her, ' it urges, 'tell her now, '  
'How much she means, and how somehow, '  
'She's the sun, ' it softly says,  
'Warming your heart, through life's gaze.'

'Support her dreams, ' it gently pleads,  
'Be her rock, where she finds her needs.'  
'Listen deeply, ' it advises true,  
'Understand her heart, and all she'll do.'

'Protect her, ' it whispers low,  
'From life's hurts, and all that may go.'  
'Love her unconditionally, ' it stresses,  
'Through every up, and every down, caress.'

# Melodic Voice

Melodic Voice

Her words, a symphony so sweet,  
Dance on my ears, a gentle beat.  
Soft whispers, laughter-filled refrains,  
Echoes of joy, that soothe my pains.

Her tone, a warm and honeyed hue,  
Invites me in, with a gentle hue.  
Conversations flow, like a river's stream,  
With every sentence, my heart beams.

The way she says my name,  
A gentle roll, a soothing claim.  
Her inflections, a musical art,  
Speak directly to my heart.

Her voice, a haven from life's storm,  
A shelter where love's warmth is born.  
In every phrase, a piece of soul,  
A glimpse of her heart's deepest role.

Lalit Vivekanand Kamble

# Beyond Friendship

Beyond Friendship

They say we can't be just friends,  
That love will bloom, and feelings blend.  
But what if hearts beat differently?  
Can't we cherish friendship's purity?

He sees her smile, and his heart skips,  
She laughs at his jokes, and her soul dips.  
Their connection deepens, day by day,  
But can they resist love's subtle sway?

Their minds entwined, in conversations deep,  
Shared secrets, hopes, and dreams they keep.  
But as they grow, emotions unfold,  
Feelings that can't be left untold.

Perhaps it's true, that love's the aim,  
For hearts that beat, with love's sweet flame.  
Yet, can't we have a love so true,  
That friendship's beauty shines through?

For in each other's eyes, they see,  
A love that's pure, and friendship's glee.  
A bond so strong, it stands the test,  
A friendship blossomed, and forever best.

# Anchor In Turbulence

Anchor in Turbulence

In life's raging storms, she's my calm shore,  
A refuge from waves that crash and roar.  
When darkness descends, and fears unfold,  
She's the light that guides me, young and old.

Her presence soothes, like a summer breeze,  
That gently whispers, 'You'll find your ease.'  
Her words, a balm, that heals my soul,  
Reminding me, I'm not alone.

In struggles' depths, she's my lifeline true,  
A steady hand, that pulls me through.  
Her love, a beacon, shining bright and clear,  
Illuminates paths, I've yet to fear.

With her by my side, I face the test,  
And find the strength, to do my best.  
She's my safe haven, my peaceful nest,  
Where worries fade, and hope finds rest.

Her smile, a ray of sunshine bright,  
Dispels the shadows, and makes things right.  
My 2nd fav's voice, a melody so pure and kind,  
Echoes encouragement, leaving fears behind.

Lalit Vivekanand Kamble

# Spark Within

Spark Within

She lit the flame, that burns inside,  
A fire that fuels, my heart's stride.  
Her words, a catalyst, to drive me forth,  
To chase my dreams, and give life worth.

With every step, I feel her might,  
A gentle push, that shines so bright.  
Her faith in me, a beacon high,  
Guides me through, life's uncertain sky.

Her smile, a ray of morning sun,  
Awakens hope, and my day's begun.  
Her voice, a melody so sweet,  
Echoes encouragement, to repeat.

She showed me strength, in every fall,  
And helped me rise, above them all.  
Her unwavering trust, a rock to stand,  
Gives me courage, to take command.

With every breath, I'll hold her light,  
And let it shine, through darkest night.  
For in her eyes, I see my best,  
And with her motivation, I'll find rest.

Lalit Vivekanand Kamble

# Untainted Heart

Untainted Heart

I'm not among those who brought her pain,  
Who left her shattered, with heart in vain.  
My love's pure, my intentions true,  
I'll stand by her, through all she'll do.

I'm not the one who walked away,  
Leaving scars that still remain.  
My arms are open, my heart aglow,  
To heal the wounds, that others couldn't know.

I'm not the ghost, that haunted her past,  
Who left her crying, with love that didn't last.  
I'm the safe haven, the sheltering tree,  
Where she can find solace, and be free.

My love's a balm, that soothes her soul,  
A gentle touch, that makes her whole.  
I'll stand by her, through every test,  
And prove my love, forever at its best.

Lalit Vivekanand Kamble

# Echoes Of Sorrow

Echoes of Sorrow

In shadows cast, by love now lost,  
Grief's heavy mist, forever crossed.  
A heart once whole, now broken lies,  
A soul that weeps, with sorrow's sighs.

Memories linger, like autumn leaves,  
Fading echoes, of joyous eaves.  
Longing's ache, a hollowed space,  
Yearning for what can never replace.

Tears fall slow, like midnight rain,  
Washing away, the pain's sharp stain.  
Yet in each drop, a memory stays,  
Reminding me, of love's fleeting ways.

Time's passage, softens pain's edge,  
But cannot erase, love's sacred pledge.  
The weight remains, the wound still deep,  
A grief that whispers, in endless sleep.

In darkness, I search for the light,  
A guiding star, through sorrow's night.  
For love's remembrance, is bittersweet,  
A mix of pain, and memories to keep.

Lalit Vivekanand Kamble

# Sleep's Departure

Sleep's Departure

Your absence crept, like midnight's shade,  
And stole sleep's peace, from my heart's aid.  
The bed, once warm, now cold and grey,  
Echoes memories, of your gentle sway.

The pillow bears, the scent of your hair,  
A bittersweet reminder, beyond compare.  
I search for rest, but it's lost its way,  
Since you left, and took the night's sweet stay.

The stars above, no longer twinkle bright,  
The moon's soft glow, now a distant light.  
My eyes, once closed, in slumber deep,  
Now wide awake, in endless keep.

Your laughter silenced, your voice unheard,  
My heart beats fast, with every waking word.  
The darkness stirs, with anxious fears,  
And sleep's escape, dissolves through tears.

But still I hold, on to memories made,  
Of whispers shared, and love's sweet shade.  
Perhaps in dreams, our hearts will meet,  
And sleep's return, will bring your gentle beat.

Lalit Vivekanand Kamble

# Restless Nights

Restless Nights

Moonlit shadows dance upon the wall,  
As I lie awake, with weary call.  
My mind a maze, thoughts racing fast,  
Sleep's elusive peace, forever past.

The clock ticks on, with steady beat,  
Each hour lost, in wakeful repeat.  
I toss and turn, with restless sigh,  
Seeking solace, in the darkened sky.

My thoughts, a jumble, wild and free,  
Refuse to calm, and let me be.  
The world outside, in slumber deep,  
While I remain, in wakeful keep.

The weight of worries, heavy as stone,  
Presses upon me, all alone.  
The bed, a haven, now a test,  
Where rest escapes, and I find no rest.

But still I wait, for morning's light,  
To chase the shadows, and end the night.  
And though sleep flees, I'll hold on tight,  
To hope's promise, of a peaceful night.

# Lessons In The Storm

## Lessons in the Storm

Life's twists and turns, unpredictable and cold,  
Bring trials that test, and lessons to unfold.  
Circumstances, a master teacher true,  
Guide us through darkness, to wisdom anew.

In every storm, a lesson lies,  
A hidden truth, in troubled skies.  
The tempest rages, wild and free,  
Yet within its heart, a message waits for me.

Adversity's fiery furnace refines,  
Purifying hearts, and tempering minds.  
Through trials, we discover inner strength,  
And resilience born, in life's length.

Failure's lessons, though bitter to taste,  
Teach valuable truths, in hindsight's gaze.  
Success's heights, with pride and joy,  
Reveal humility, and gratitude's employ.

Life's labyrinth, with twists and turns,  
Leads us to wisdom, through lessons learned.  
Each experience, a chapter writes,  
In the story of self, and life's plights.

The teacher within, through circumstances speaks,  
Guiding us toward growth, and heart's unique seeks.  
Listen to the whispers, in every test,  
And find the lesson, in life's best.

# Ripples Of Choices

Ripples of Choice

Every step we take, every word we say,  
Creates a ripple, far and away.  
Consequences unfold, like a river's stream,  
Shaping tomorrow, from today's dream.

Our actions weave a tapestry so fine,  
Each thread a choice, each stitch a sign.  
The fabric of fate, intricately designed,  
Reflecting moments, forever aligned.

A stone cast into the pond's calm face,  
Disturbs the peace, and changes the place.  
Like echoes in the hollow of the mind,  
Our decisions leave their mark in time.

 PoemHunter.com

The butterfly effect, a whispered sigh,  
Can summon storms, or gentle skies.  
The power of choice, a double-edged sword,  
Cuts through uncertainty, and shapes our lord.

We reap what we sow, in every deed,  
And harvest consequences, in time's creed.  
The law of cause and effect, universal and true,  
Reminds us to choose, with wisdom anew.

So let us ponder, before we act,  
And consider the consequences fact.  
For in the ripples of our choices made,  
Our destiny unfolds, like a river's shade.

# Chaos Created

Chaos Created

I once stirred the pot with reckless delight,  
Unleashing turmoil, day and night.  
A whirlwind of words, actions, and pain,  
Leaving scars that would not wane.

Now, amidst the ruins, I stand,  
Surveying damage, hand in hand.  
Regret's heavy mist veils my sight,  
As I confront the shattered light.

Pieces broken, shards of trust,  
Love and hope, like fallen dust.  
Memories tainted, hearts astray,  
A landscape ravaged, disarray.

In this aftermath, I search for peace,  
A calm within the tempest's release.  
A chance to mend, to heal, to restore,  
To rebuild what I've shattered before.

With humble heart and willing hands,  
I'll sweep the shards, and mend the stands.  
Learn from mistakes, and rise anew,  
And weave a tapestry of forgiveness, true.

Lalit Vivekanand Kamble

# Shadows Of Deceit

Shadows of Deceit

Words once spoken, now in vain,  
A lie that hid the truth in pain.  
A moment's ease, a lifetime's strain,  
Regret's heavy weight I cannot wane.

In shadows cast by deceitful might,  
I search for solace through the night.  
The weight of falsehood's crushing load,  
A burden borne, my heart does unfold.

Memories tainted, trust betrayed,  
Relationships fractured, love delayed.  
The sting of conscience, sharp as knives,  
Remorse that gnaws, and never thrives.

If only truth had been my guide,  
If honesty had been my stride.  
But fear and doubt had their dark say,  
And now I face the price I pay.

Time, once lost, can never be regained,  
Moments missed, and love in vain.  
The ache within, a hollowed space,  
A lesson learned, a painful pace.

Yet still I rise, and seek to mend,  
To weave a tapestry of truth to lend.  
For in its threads, I'll find my way,  
And in its warmth, a brighter day.

# Respecting Your Space

Respecting Your Space!

Your boundaries, I will honor true,  
A sacred space, for me and you.  
A line drawn clear, a limit set,  
To safeguard your heart, and not forget.

I'll ask permission, before I stay,  
And listen closely, to what you say.  
No assumptions made, no expectations high,  
Your comfort level, my guiding eye.

Your 'no' is law, your 'yes' is gold,  
I'll respect your wishes, young and old.  
No pressure applied, no guilt trip laid,  
Your autonomy, my heart's parade.

In respecting your boundaries tight,  
I show my love, through gentle might.  
I recognize your needs, your fears,  
And prioritize your joyful tears.

Your space, your time, your soul's fire,  
I'll tend with care, and heartfelt desire.  
No overstepping, no pushing past,  
Your limits cherished, forever to last.

Through mutual respect, we'll thrive,  
Our connection deep, our love alive.  
In honoring your boundaries dear,  
I promise to eliminate every fear.

# Boundaries Of Mine

## Boundaries of Mine

In realms of heart and soul,  
I draw the lines, whole and bold.  
A safeguard for my inner space,  
To protect my peace, my sacred place.

I remind myself, every day,  
To prioritize my own way.  
Not to overgive, nor to drain,  
But to preserve my heart's sweet rain.

No more pouring out, unchecked,  
Leaving me drained, and wrecked.  
I set the limits, clear and bright,  
Respecting myself, day and night.

My worth isn't measured by the load,  
I carry for others on the road.  
My love and care, I will impart,  
But wisely, with a guarded heart.

I learn to say the sacred 'No',  
Without guilt or apology to show.  
For in asserting my boundary lines,  
I honor my own precious shrines.

In setting limits, I find my strength,  
My identity, free from length.  
I safeguard my emotional shore,  
And welcome love that respects more.

So I'll tend these boundaries with care,  
And prioritize my own repair.  
For in loving myself, I'll find,  
A love that's healthy, pure, and kind.

# Unspoken Emotions! !

## Unspoken Emotions

In the depths of my heart, a flame burns bright,  
For you, my love, my guiding light.  
Your inner beauty, a work of art,  
A masterpiece that touches my heart.

Your kindness, compassion, and gentle soul,  
Make me long to be with you, whole.  
Your laughter, a melody so sweet,  
Echoes in my mind, a treat.

Your eyes, like stars, shine bright and clear,  
Reflecting a beauty, beyond compare.  
Your smile, a sunrise in my day,  
Illuminates life, in every way.

But alas, I'm lost in uncertain seas,  
Future's waves crash, and my heart freezes.  
Fear of tomorrow's unknown tide,  
Keeps me silent, unable to confide.

I yearn to tell you, to make you see,  
The love I hold, the heart that beats for thee.  
Yet, words falter, and I remain still,  
A prisoner of doubt, unable to fulfill.

In secret, I admire your radiant glow,  
A beauty that shines, for all to know.  
Though unspoken, my love will remain,  
A constant heartbeat, through joy and pain.

Perhaps someday, I'll find my voice,  
And confess the love that makes my heart rejoice.  
Until then, know you're divine,  
A treasure trove, of love and design.

In dreams, I see us side by side,  
Together navigating life's ebb and tide.  
May fate guide me to express my heart,  
And our love story begin, a brand new start.

# Beyond Friendship's Horizon

Beyond Friendship's Horizon

You're the spark that ignites my fire,  
Motivation's flame that never tires.  
With every step, you're by my side,  
A true friend, through life's ebb and tide.

Together we conquer challenges bold,  
Celebrate victories, young and old.  
Our bond grows strong, through laughter and tears,  
A friendship forged through all our fears.

But then, I feel a subtle shift,  
A connection deeper, a heart's lift.  
More than friendship's familiar shore,  
I sense a love we've yet to explore.

Your smile, a sunrise in my day,  
A warmth that chases doubts away.  
Your eyes, a refuge from life's storm,  
A safe haven where love's seeds are born.

Shreya, our friendship's foundation strong,  
Now trembles with a love so long.  
Unspoken feelings, hidden deep,  
Yearn to surface, in love's sweet keep.

Do I dare cross into unknown lands?  
Risk friendship's comfort, for love's commands?  
Or do I stay, in familiar grounds,  
And leave unspoken, love's unfound?

The heart decides, with every beat,  
To follow love, or retreat.  
But with you, my friend and guide,  
I'll take the leap, and step inside.

# Need Or Love: A Heart's Dilemma

Need or Love: A Heart's Dilemma

Two paths diverge within my soul,  
Need and love, a conflicting role.  
One cries out for comfort and care,  
The other yearns for love beyond compare.

Need's urgent voice demands attention,  
A craving that cannot relent.  
It seeks solace, security's hold,  
A refuge from life's uncertain cold.

Love's gentle whisper speaks of dreams,  
Of connection, hearts that beam.  
It nurtures growth, sets souls free,  
A bond that's strong, yet delicate as sea.

But what if need's insistent call,  
Masquerades as love's tender fall?  
Does my heart seek shelter or true love?  
Or merely a temporary reprieve?

My 2nd Favourite, in your eyes I see,  
A love that heals, sets me free.  
Yet, is it need that draws me near,  
Or love's pure flame, dispelling fear?

Perhaps the line between the two,  
Blurs in the heart, anew.  
For in your love, I find my peace,  
A need fulfilled, my soul's release.

# There Is Something In My Mind

There is something in my mind  
I'm unable to see becuz I'm bind

Cheering high for nothing  
But In hand have something

Really unable to see what i have  
Which I forgave

May be it sound, smell or a friend  
I unable to sence it, but it can be with me, still till the end

Fortune or a lucky I am  
I don't blame anyone  
I focused on my Eternals for long  
Now I can see everyone

It takes over a period  
Which things were the sacred  
I scared of something from inside  
I lost everything and smiles like a kid

## To Her....

There are some crushes but most beautiful were she  
Giving smile always to my face and indulging me

She brought me up when I cry..  
She cheers me when I try...

She holds my hand when I shy  
She brings my wings when I fly

She always with me like brother  
Yah! I need someone who can bother

Where she is now I don't know  
She always with me, so no feelings of low  
I wanted to bring her with me, towards the falling snow..  
I will propose her on knee, promise her, to be with her, in ups and downs, in hot  
and cold, in yes and nos, in fun and swarow, in time of fast and slow

# A Lovely Pink Lotus

When I looking towards sky  
Light touches my face and says hi

Blowing wind kisses my chicks and doing Hi-Fi  
That's time I am a happy guy

Morning light in my eyes like a spark  
It Wants to vanish my past dark

Night was full of fear  
And now light asking me to switch the gear

At night I had cold blood  
a shut bud surrounded by mud

But Mr Grower blows on me his blissful focus  
I realised that I am a lovely pink lotus

As Mr Grower goes high and high  
Miss Bees started kissing me and then fly

One guy sat near bank on his knees  
He watches me from hour, I don't know what he sees  
Do you?

# My First Crush Ever

Freshers gathered in hall all are around  
A kind, pretty, lovely girl I found

Everyone was busy in documentation  
I watched her, full in attention

I watched her till end of my row  
by Opening and shutting eyes slow

Wanted to her name know  
Before asked her she go

She was a gorgeous girl having beautiful eyes  
Don't know how she speak because not listen yet her voice

I wanted to see her always in college  
She was different out of my knowledge

She was different from other  
She knows I watches her but she doesn't bother

She saw me and smile  
After documentation she became my first CRUSH file

I was happy that I got a girl sweet and kind  
Self beautiful and with beautiful mind

She again smiled when I gone to tie my shoelaces on knee  
And I realized her boyfriend was stand behind me ??????

# My Father

My Father

What does FATHER mean to me?  
I am his mighty and what a person he

Dull families, nude roadside children in his head,  
Education will reduce poverty he always said  
He is a Teacher encourage us to learn more ahead

Always passionate about nation  
He knows poverty, jobless ness and conditions of ration  
Doing his work transparently is his passion  
Always keep face happy and fresh, no shade of tension

Education is basic need  
Ability to write ability to read  
With education gems of Unity, Equality he feed  
He loves his work and what he did

My father is LIGHTHOUSE for all and me  
Always shows correct way he  
We are the new boats under captaincy of mind  
He shows the way because he knows the sea

My father is like a LIGHT  
The rising SUN after night  
He encourages to fight  
He want to us on height  
He is like sky  
Much more in him infinite and infinite

Situations in country make people great  
For building nation increase faith  
and reduce social hate  
He said I am here for you go..  
You will learn from experience which you will get

In school he is a teacher and sometimes Cook  
Expert in cooking also in life's book

If anyone have any difficulty  
He got it by just a look

Everyday go for school no effect of thunderstorm or heavy rain  
No matter he have fever or body pain  
Smile on the faces of children  
More satisfaction he gain

My father is a real hero  
Teach us the meaning of zero  
Difference between rich and poor is very narrow  
Today's education will remove it tomorrow  
He knows how to loss sorrow  
My father is real Hero.

Everyday he is on his mission  
Well educated youngsters is his vision  
He serves his duty with dedication  
He wants to see more strong nation

He know the condition of country  
But He never want to see anyone hungry  
He want unity no sundry  
He want slum's bright gems foundry

He said No one can stop you  
Keep learning and learn new

# If You Can See

IF YOU CAN SEE

If you can see my eyes now

You will read all the untold stories

If only you can through them

You will understand about you my worries

If only you can see the smile on my face

What you think any guess

When I receive your message or phone call

I forget my worries all

Come close to me and feel loved heat

Come closer you will receive heartbeat

I will always say I like you

Beyond the love there are problems few

You have your freedom go anywhere

No need to text me no need to hear

Community, age, society will matter

For me marriage first love latter

I know that's not possible at all

Without Careers situation will not small

Differences will destinies send

I like you till the end.
