# Angel

I sat alone in a dark room  
all of a sudden an angel  
flew down from heaven

I asked the angel why she was  
here she said i saw you on your  
own without a single friend near

She asked why i was a lone  
in the dark room i said that  
i need guidance so im glad  
you flew here i am alone on my  
own cause no one else makes me feel  
home

She told me how she died  
she was abused and beaten  
by her brother so she lost the end  
of her tether and got an knife to end  
her life

but she told me that heaven was  
where she felt home

# Memories

Nan you was my sunshine  
the bright of day

You were the reason i smiled  
through the day

When i needed gudience you  
would show me the way

But now that your gone those  
sunny days have faded away

now each morning i wake up  
the clouds remain grey

But although we are worlds apart  
each and every memory we had  
will always stay in my heart

# Slipping Away

There are times when ive needed you  
but ive not been able to see you  
when you slipped away it broke my heart  
now i pray that you would be here i cant  
go on without advice, you were the one  
we could talk too you were the one who  
gave us cuddles when you were around  
but now your buried underground and  
not being able to hear your voice is like  
is like a dog without a bark sometimes i close my  
eye to see if i could see you when its dark  
but i know you was in pain and it made us  
go insane knowing we couldnt do anything to take it away  
so all i have left to say is i miss you see you soon  
angel R.I.P x
