The kindness you show today will be forgotten tomorrow, ,

3 Facts

First!

There's just something about a first love that creates such profound emotions in us that we are indelibly marked by our experiences with the person who manages to steal our heart for the very first time. In fact, the memories of that special person seem to never fade. quite honestly, difficult to describe in words. That first love, for a lucky few, may even create a bond strong enough to last forever.

Seconds

many people have touched the edges of my life! coming and going, scarcely leaving an impression. But you're an uncommon person, someone who has made a difference in my life. So it's not surprising that I find myself thinking of how special you are ^^ and wanting us always to remain close.

Third and last

I love the way you make me so happy, and the ways you show you care. Truth is, you will meet hundreds of thousands of people but you are only going to lie awake thinking of one.

Thanks M

From The Bottom Of My Heart

I can only hope
that you will somehow know
that these words really do come
from the bottom of my heart

It's not often
that I get the chance
to tell you how much I care
and how much you means to me
but what a better time than today
to tell MOL.... I WISH YOU A SUCCES IN YOUR LIVE

AT LAST, ,
We love each other, Care for one another &Plan for the future.
SOOOO, , LET ME TRUST YOU.

How?

How can I forget you when your always on my mind?

How can I not want you when your all I want inside?

How can I let you go when I can't see us apart?

How can I not love you when you control my heart?

QUESTION! ! ! !

Why i was afraid to lose you when you're not even mine? ? ? ?

Kiss Me, When You Kiss Me

MOL...

When you kiss me, i loose the sense of the time, I loose the sense of the world
When you kiss me I dissolve into you, we become one soul
When you kiss me, my stress is gone, I feel at ease

I dont want to kiss you..
I want to breath into you,

Every kiss with you is like the first kiss
I just can't wait for it to happen

I want to kiss you slowly& tenderly, All over your lips

Kiss me, until your lungs burn.
And I will kiss you, until my legs give way ;)

Every time we kiss, it feels like the first time.
It makes my head spin around.
It takes me to wonderful places, each one full of happiness &3

A simple kiss from you.. Even from faraways.. Make me smile for days

XxXx to MOL

Pain Deep Inside Me! !

A pain so deep inside of me that no one will ever see,
I don't think that you ever imagined how much pain I would be in once you were
gone & when I left u
Words cannot express the amount of emotions that have come with trying to let
you go: (
Every day has been a struggle
Sometimes, still! ! don't know what to do with myself
There have been days that I haven't wanted to get out of bed,
And days that if I allowed myself, I could cry HUH
I smile on the outside, but within my hearts in rage

I am always missing you both so incredibly much!

Really Sorry

I know I have hurt u
& do things I never thought Id do
say things that u really don't want to hear
u helped even when we were mad at each other
Helped me through the rough times & made me laugh
: (
Its sad how you're practically gone
I'm sorry for the all the bad things I put u through

BUT

I didn't intend to hurt you =(
Your love means the world 2 me And it always will.

I am sorry I cared not enough
i am REALLY Sorry incase you donot like anything I say or do
Sorry for making you feel frustrated
Sorry for times I kept you away from peers.

I hope u can forgive me and im sorry if i made u sad
i really didn't mean to do it =(it was not at all my choice
i kepted this from you long enough
i felt guilty just to here your voice
and what i did was a mistake i knew i shouldn't of done it
but letting you know this is a risk i have to make

* Forgive me for the hurt I have brought.
I should try to say it now, I must today.
I am sorry M.

Somethimes

Sometimes you know that the one you love will not be at your side forever.
But you also know that that special person will always live within you

Take My Hand

Please take my hand, come walk with me
I will show you the way, and let you see
How love and happiness will make you feel
And make your life feel so unreal
I will hold you tight, all through the night
And never let you out of my sight
For you belong to me
For all the world to see

Tried

I am still alive, vibrant with life.
The black cloud will disappear,
The morning sun will appear once again

Everyday I'm getting the once in a lifetime chance to
touch the future.
& I try to reach the higher worlds, With my pure hope
I try to fathom my inner worlds, With My HOPE

My most dependable M,
Only because of you, ,
Only because of you I dare to believe That someday I will be able
To see my Beloved Supreme personally into FUTURE

' Into our care we are TRUSTED'
~>We make sure they are SAFE from all harm

Until

Until I Met You

Before I met you,
I thought I was happy,
and I was,
but I had never known
the rich contentment,
deep satisfaction,
and total fulfillment
you brought to me
when you came into my life.

Before I met you,
I felt a lot of things,
good things,
but I had never experienced
the indescribably intense
feelings I have for you.

Before I met you,
I thought I knew myself,
and I did,
but you looked deep inside me
and found fresh new things
for us to share.

Before I met you,
I thought I knew about love,
but I didn't,
until I met you.

Welcome Back ;)

Your absence was unbearable, frustrating, annoying and agonizingly lonely. After you went away, I understood the real meaning of the words: solitude, loneliness, and isolation!

Now I am going to forget them while you are back.

It doesn't matter how long you weren't with me.

What matters is how I am going to enjoy moment to its last bit, now that you are with me..welcome back

I miss talking to you. It's like we have endless topic of anything and everything and I miss that. I miss talking to someone who gets me.

At last i would say: !

You make me so happy and it brings tears to my eyes, cuz you came at such a good time.

And am so thankfull you are in my life now cuz i would still be in my drowning state of sadness of you hadn't talked to me! And now i don't stop smiling and i think that you may be the one to completely save me: ') welcome M.
