Bakit Nga Ba?

Sa bawat oras na ako'y nag-iisa
Bakit nga ba laging naaalala ka
ang nais at gusto ko ay makita ka
At ika'y makakapiling sa tuwina

Bakit nga ba? ang tanong ko sa sarili
Kung bakit ikaw pa ang aking napili
Pinapangarap ko na ako'y mapansin mo
At malaman mo ang laman ng puso ko

Bakit nga ba ang aking nararamdaman
Ay di ko lubos na maintindihan
Pagtingin at pagibig na walang hangan
Handang maghihintay magpakailan pa man

Kailan mo pa kaya ako mapapansin
At magkaroon ka ng kunting pagtingin
Ikaw ba kaya'y nararapat sa akin?
Ikaw ba ay dapat na pakamahalin?

Kabiguan

Kabiguan ay siyang sa tagumpay ay hadlang
Pumapaso sa buhay ng bawat nilalang
Ito'y nagdudulot sa'tin ng kalungkutan
At nagsilbing malas sa'ting buhay kung minsan

Maraming nagsabi na itong kabiguan
Kahit kailan man ay di mahahadlangan
Dulot nito'y sugat sa puso ninuman
Na di maghihilom magpakailan pa man

Napakasakit kapag pag-ibig mo'y bigo
Pagkat ang mundo ay babagsak sa iyo
Luha ay dadaloy sa mga pisngi mo
Puso mo'y parang sinaksak ng kutsilyo

Kapag ang iyong puso ay natatamaan
Wala kang magagawa kahit iiyak ka man
Pagkat kabiguan, taglay ay kapintasan
Kahit sinuman ay di maaring lumaban

Matter

Discoverers persist to their study
Considering the arising technology
Then there sprung the chemistry
'The science of matter' they say

Anywhere I may wander
Astounding creations are there
Had bounty that will never shatter
And shed satisfactions forever

Matter as what it was denominated
Has particles and can be measured
It's either be a gas, a solid or a liquid
Have density and a space it occupied

An atom as matter's composite
It is present in every element
It is comprised in everything on earth
In our life, it became prominent

One Of The Million Stars

Gazing at the twinkling stars above
Fascinating creature making me fall in love
Its brilliance which delighted my sight
Lifts me up and brought me into the height

My heart faints fast, shouts with joy and wears sweet smiles
The earth dances for me, and a sweet melody it sings
The heaven rejoices with gladness
A tear of happiness trickles into my cheeks

Happy moment was distorted, in reality I was awakened
My arms toward the star I stretched, but it's far away that cannot be reached
The only star, the love of my life banished in the dark
Leaving me lonely, weeping, and crying in the dusk

My heart shredded, my dreams shattered
My soul withered, and my whole world was dead
One of the million stars whom I really admired
Gone away, and forever behind the clouds it concealed

Pag-Asa Ng Bayan

Sinasabi na ang mga kabataan
Ang silang nagsilbing pag-asa ng bayan
Ngunit paano ito mapatunayan
Gayong iniisip nila'y puro kalokohan

Nawawala na taglay nilang kabutihan
Sarili nila'y di pinahahalagahan
Di iniisip ang kinabukasan
Laging ginagawa ay kapangahasan

Patnubay ng magulang ang tanging kailangan
Upang maituwid daang pinaglakbayan
At sa mabuting landas sila'y gagabayan
Upang madilim na bukas ya di maranasan

Kaya tayo'y magkaisa at magtulungan
Upang bagong pag-asa ating maslayan
At sa gayo'y maipakita ng mga kabataan
Na sila'y tunay na pag-asa ng bayan

Paraisong Tirahan Ko

Tunay na maganda paraisong aking tirahan
Magandang biyaya sa akin ng Maykapal
Ito'y nagbibigay sa akin ng kagalakan
sa mga panahong nadama'y kalungkutan
Kaligayahan ay dulot sa akin ng kapaligiran

Mga puno sa gubat na naglalakihan
Mga ibong umaawit, patuloy sa paglipad
Mga dahong idinuduyan ng simoy ng hangin
Mga bulaklak sa harden na namumukadkad
Lahay ng ito'y biyayang sa akin ay inilalahad

Pagtingin ko naman sa malawak na kalangitan
? Napapansin ko na ubod ng kagandahan
Mga ula sa itaas na nag-aasulan
Ito'y hiwagang bigay sa atin ng kalangitan
na di natin masusukat ang tunay na pinagmula

Ang lahat ng ito'y pakaalagaan
Magagandang bagay ay pakaingatan
Sa araw-araw ito'y ating kailangan
Upang mapapawi taglay nating kalungkutan
Sa gayo'y paraiso ay patuloy na titirhan

Road Of Life

As I walked along the journey of life
I was wishing to be there at the end
To see the sun that's shining bright
To light up my way and lead me to the right path

But then I realize
That life is not as easy as that
Because the road that I was taking about
The road of sufferings and tears

I promised to myself to be strong enough
To cross this road of stones and rocks
Even sometimes I'm gone to an uphill part
And I need to struggle to be at the top

Success! Success! Success!
That is what I'm always shouted
How I really wish to be at the end
To gain the success in my life

Tagumpay

Bawat tao na sa mundo'y namuhay
Ang ninanasa ay ang pagtatagumpay
'pagkat tagumpay ang siyang naging daan
Patungo sa tunay na kaligayahan

Ang tagumpay ay bunga ng mga pagsisikap
ng pagtitiis at pagpakahirap
Tagumpay ay siyang tunay na pangarap
upang tunay na kaligayahan ay siyang malalaspap

Anong ligaya kung ika'y natagumpay
Sa pag-ibig man o kaya'y sa pag-aaral
Sa pagtatapos mo sayong pag-aaral
sa buhay mo ito'y nagsilbing parangal

Ligaya naman sa bawat taong umiibig
kung ang iniibig mo'y sayo rin iibig
Dito masasabing ika'y nagtatagumpay
Tagumpay na iyong ninanasa sa buhay

Thanks For Everything

You've created me according to your image
And Your mighty hands molded me
You put me in this wonderful world
A world full of laughter and joy

You showered me your endless blessing
And an everlasting love You gave me
When I am down, You carried me carefully
And when I was alone, You are sitting close to me

When I'm wrong, You corrected me patiently
And forgave me my deepest sin
In my path, You guided me straightly
When troubles come, You're the one whom I can lean upon

Thanks for loving me unconditionally
And for caring me graciously
Thanks for everything that I had
Thanks for everything my God

Wind Beneath My Wings

My gloomy days I can still recount
When I needed shoulders to lean upon
When I needed helping hands to hold on
And somebody to hear me when I cried out

It wasn't easy being alone on the narrow road
In the midst of the darkness where I stood
How I really wished to see a tiny light
To guide me and lead me into the right path

I anxiously went along my journey
Struggled across the rocky and the thorny way
I felt the heavy rain and heard the roaring thunder
My heart wept and fainted fast in fear

I was alone and you sit close to me
Trampled down and you carried me
You're the wind beneath my wings
Who made me soar and fly into the heights

Of all my wishes and dreams
Of all my struggles and failures
Of all the pains, sadness, and tears
You're there to give hope that never shatters

Meeting you is a blessing in disguise
You inspired me to spread my wings
So that I may soar up high
Like an eagle flying toward the sky
