# Angle

your eyes are brown  
your hair is to  
i love you alot  
and that i promise  
is very true &lt;3  
you are my little  
cousion you  
are anyoing  
but sweet  
grosse  
but still very cute  
loveable like a animal  
huggable like a stuff

# It Hurt

some times i look at you  
with hurt eyes  
just to think that  
you were once mine  
to think that you would  
come back and say im sorry  
i guess i was wrong  
i just need you to know  
i love you

# Love

when you loved me  
i was alive  
but now that we are over  
i just want to die  
i said i love you  
and those are my words of truth  
i looked at you when you were  
hurt with loveing eyes  
but you were filled with  
GOOD BYES

# Mine

you ran away so very quick  
its like i had only one glimps  
i just want to sit and  
stare into your eyes  
for just one last time...
