A Dream Part One

laying there in the morning sun
thinking of you precious one
cheek to cheek
hand to hand
eye to eye
lip to lip

I see the beauty in you
god your beautiful
your touch
you lips
your smile
your eyes
I love that about you

when we touch
when we make hug
when we make love
our body's become's one

I want you
I need you
I long for you
I love you

But I have to go now
this is only a dream
maybe in reality
we could be
together as one
the way it should be

goodbye lover
I'll see you
In my dreams
But not in reality

The world may see you
As a beast
But i see you
ooh so differently
You're the love
Of my live
The king of
My castle
The father
to my kids
The sun to
My rain
The beast they say
You are
But do they
see the joy
you bring
ignore them
Because my love still remain the same

Hurt

My mind is closed
My heart is blind
My love is dead
I don't feel love

you broke my heart
Now you the one I blame
For the heartache and the pain

I Went Back

I went back to him
The devil child
I went back to him
He cause so much pain
I went back to him
He said he change

My love for him never end
My heart calls his nmae
My desire reacts from the pain
My body is his art
My body is his toy
My body is his body
My body is his play toy

Call me stupid
Call me dumb
Call me inoorgant
Call me numb

But i will not stop loving him
wanting him
needing him
standing for him

I love him so much
Because this is real love
I went back to him

In Love With A Friend

the sun glistening on your skin
the wind in your hair
the smile on your face
the warm embrace you give me
why can't i have

Your beauty reflects on me

Someone New

I have become someone new
Someone you don't care about the rules
My thoughts are limited
My heart is tempted
my patience is tested

I have become someone new
Someone who trusted who
Someone you lied to
Someone you cried to
Someone you loved you

I have become someone new
I don't like
It scares me too
But what must i say or do
I've told you
I've become someone new

That Girl

Vampire Love

There he go looking at me
There he go wanting me
There he go needing me
There he go feeding on me

I'm in with vampire
He's taken my soul
I'm in love with a vampire
He don't even know

I'm only for food
I'm only for sex
But he rip my heart out of my chest
I'm only human nothing more
so I'll be on my way
But my loves remain the same
