A Sad Truth

Sadness weeps for my soul
I am beyond redemption
I can no longer live in this world
How it hurts to be alone
Screaming a soundless scream
Crying blood instead of tears
My life is not worth living
My heart is dead
I want the pain to stop
Crawling into the darkness
That is my soul
To end my life...
What would that do?
Nothing it would only
Make people sad..
Do I want people to
Be sad that I'm dead?

Lilith Rose Reitenbach

Anger

I feel the anger
Seething, threatening
I feel the rage
rush over the edge
I scream without voice
I cry without tears
I bleed without blood
I cannot live with
this hatred deep inside me
much longer...
I pull the trigger...
a nothing of black darkness
fills me as a cold hug of death
sweeps me off my feet...

Lilith Rose Reitenbach

Blood Lust

Blood Lust is...

The need to kill

The need to rip

The need to slice

The need to cut

The need to bleed

The need to feed

And then you wake up in a pool of blood, that's when you know the true meaning of blood lust.

Lilith Rose Reitenbach

Cleanse Me

Dark clouds
Please send me rain
To cleanse my sinful
Soul
Please erase my sins
And hold me in your
Dark Embrace

Lilith Rose Reitenbach

Cold Love

Yours too keep
It's sadism and sex
Each passing day
Your love grows colder
Yet my love grows warmer
You hit me, you love me
And I think this is love
More hurt = more love
Finally I cant take much
More of your love
You free me of my
Earthly prison while saying:
"This is how much I love you"

Lilith Rose Reitenbach

Dark Betrayal

Bloodless lips pressed upon cold flesh.
The black dirk of Hatred is pulled from

a cracked rib bone.
Blackish blood flows out congeling,

into a pool.
Such is that a payment of betrayal.

Lilith Rose Reitenbach

Dark Divine

I can't take much more
Of this Divine torture
This painful ecstasy
It's driving me crazy
Coz I wanna die
I wanna die
In your arms
I offer my virgin wrists
With sacred scars
I bleed for you
My blood will keep you
Alive
My body will be your alter
Of Perversion
My soul

Lilith Rose Reitenbach

Dark Serenade

Close my eyes
You're out of my touch
too far from heaven
you've fallen from grace
Sweet meloncholy hymns
I hear a dark serenade in
the heat of battle
blood flowing like a river
I drown you in my lucid
dream you are a martyr
crazy and insanity
I feel death tearing at my soul
destroying my body
Darkness...blinding me
Death.. silencing my life

Lilith Rose Reitenbach

Demon Within

Look past the face and body
It's where you will find
The pair of bloodshot eyes
Of the Demon kept inside.
You witness the crawling of my skin;
The movements of the demon within.
My whole body violently shakes
Now it is fully awake,
Demanding and overdue breath to take.
Madness overcomes me as it takes over my brain
It's blood is rushing through my veins
It's wild nature cannot be contained.
(Funny I'm wishing still for more)
An intense pressure is in my throat;
The need to scream is becoming too great.
My muscles tighten along with my skin
The demon is almost free from within.
It's as if the demon steps right out.
It sucks in the air
And expands itself wide
Then unleashes all the emotion bottled up inside.
Finally it has let itself go
So it goes on back "home"
No longer free to roam
Until...
Everything becomes too great
Then it will come out of its cage
And release again all of its rage
Back to a clean slate;
The beginning of a new page.

Don'T Fear The Stalker

Real estate has come
Here but now they're gone
Jason doesn't fear the reaper
Nor do Eli, Alex or Taylor
We should be like they are

Come on baby...Don't fear the stalker
Baby take my camera...Don't fear the stalker
We'll be able to walk...Don't fear the stalker
Baby I have your camera

The cake is done
flies came and ate it but now their gone
Jay and Brett
Are together in eternity
Jason's coming every day...watching Jay and Brett
Eli's coming everyday... rebake the cake
Taylor's coming everyday...to watch TLC

Come on baby...Don't fear the stalker
Baby take my camera...Don't fear the stalker
Watching you everywhere...Don't fear the stalker
Watching you forever

The police had come
Here but now they're gone
Came last night of therapy
And it was clear she couldn't walk
The door was open and the cat appeared
The camera flashed and then disappeared
The curtain blew and he appeared
Saying don't be afraid

Come on baby...then she got off the wheelchair
And then she tripped and fell on him
Then they started to walk out the door
They went forward and said good bye

She had become like they are

She had taken his camera
Then took a picture of them
She had melted his heart of ice
She had taken the cake
She had become like they are

Come on baby...Don't fear the stalker
...Don't fear the stalker

Lilith Rose Reitenbach

Dreary

The day is dreary
As is my Heart
The sky is black
As is my Soul
The air is icy
As is my Blood
The rain pours
As Innocent blood is spilt

Lilith Rose Reitenbach

Embraced Darkness

Embrace me as you
Embrace the Darkness
The silent calm rushes over us
Our love is written in our blood
We dance to the Deathly
Screams of the Damned Souls
Of the Cursed

Lilith Rose Reitenbach

Fragile Child

A fragile child
Hatred behind her eyes
No longer attempting to try
Patiently waiting for her day to die
She closes her eyes
Against the blinding brightness
Of the Lighted day
Overcome by the darkness within her soul
That is covered by smooth skin
Soft hair and full lips
But if you could only look at what's behind her flawless mask
You could see that she is really just the china doll
That is shattered upon the floor... and that child is Me.

Lilith Rose Reitenbach

Frailty

Pull me into the Darkness
A silent calm washes over me
Like the tide washes over
The shore
My frail dreams are shattered
In my dying reality
Together we embrace
The Dark One...

Lilith Rose Reitenbach

Hymn To Darkness

You cannot save my soul
there is no salvation for me
My tears fall like rain
no reason to care
I see the darkness
I see the cold beauty
that you hide behind
your lies are meaningless
Blood and blasphemy
reign with great power
You, the harebringer of
nothingness calls out
to the souls of the dead
brought down in battles
past...

Lilith Rose Reitenbach

I Love You

I love you...
And you're crushing my heart...
I care for you...
And you're suffocating me...
I want you...
And you're hurting me...
I need you...
And you're killing me...
I lust for you...
And I die in your arms...

And yet I still love you...

Lilith Rose Reitenbach

Love Hurts

You left me
Without saying a word
You left me crying
Tears of blood
You left me
With a razor in my hand
My heart bleeding with pain
But it's not your fault
It's mine
It's my fault because
I didn't say I love you
Before you left...

Lilith Rose Reitenbach

Love's Dark Whisper

Silvery wings
Red storm
Devil's night
Satan's Curse
Darkness steals the light
A lover's whispering kiss
The bloody sunset
Nightfalls
And all hope is lost

Lilith Rose Reitenbach

Meaningless Life

The crescent moon
Hangs meaningless
In the night sky
A sighing breath
The moon goes back
Into the protective
Darkness
I want to disappear too
Because I'm always trying
To watch out for myself
But I just end up hurting the ones
I love the most

Lilith Rose Reitenbach

Moon Light

How quiet midnight love,
How my heart is to thee
How warm are the winds the where the ravens fly

Where all the changing of moonlight love,
Pales in the shades of your fading eyes.
How loud is your heart calling love,

How close is the Darkness to your breast
How hectic and painful are the rivers of love
Drawn out through your dying wrist.

And love, what a heat your frail skin hides,
As pure as blood and as sweet as death
And in the darkness of the Red Moon

Rides the foxfire of your dying breat

Lilith Rose Reitenbach

My Dark Lover

Those beautiful blue eyes
Gaze upon me
They would see my sins are forgiven
If those fingers

Were to touch my tears of blood
While the humans
Hurt each other
They kill each other

They hurt me
Perhaps my beloved dark one
Could set me free
For my beloved found

A haven within me
That no one else could see
My own voice faltered
As I lay broken in darkness

My wings no longer
Have the strength to fly
The voice of my beloved
Was all I could hear

But will you save me?
And share my dark fate?

Lilith Rose Reitenbach

My Delusion

Constant confusin,
Insanity and dilusion...
Take me away.
Burning eyes craving sleep,
Body sore and feeling weak...
Take me away.
Too much to take
So much expected...
Just take me away.
All the pain; mine and others-
So much to take...
Just take me away.
Death is overwhelming
And will cause more pain;
I'd be to blame, head hung in shame
So if I get taken away...
Put me back.

Lilith Rose Reitenbach

My Hearts Lament

I taste your tears of blood
Sweetness just like wine
Our love is strong
Daring me not to part

I'm drowning in your love
We lay together side by side
Kissing in the pale moon light
A cruel reminder as
We die in each others arms

Tender kisses of passion
Light me ablaze
Cruelty in lust
Above all else cries of pleasure

Darkness seeps into my
Bones, while Death
Gently caresses my
Heart, there is not
Pain nor anguish

Silence calls my name
Breathing anger down my neck
Despair yearns for my soul

Lilith Rose Reitenbach

My Life

Light shine not upon me
Loved ones and friends all turn away from me
Life breaks the strings that hold me down
Love clench my heart in your fist and never let it go
Darkness consumes me
Emptiness fills me with a hollowness
Anger and Hatred enrage me
Death bestows me upon the pantheon of dark deities

Lilith Rose Reitenbach

My Offer

I love you
And I know you
Love me too
If I offered you
My heart to you
I believe you
Would accept it
But that very heart
I would offer you
Is already lain
On an Unholy Alter
Of Death
Arranged Hellish flames
Licking around it
Soon it will be no more
Than a sacrifice to
Be consumed by
Sinful bestial sexual lust.

Lilith Rose Reitenbach

My Pain

Hear my cries
Feel my pain
See my fears
Taste my tears
You are the source of the pain...
Now YOU will feel it.
You will be put through all the years
I've had to endure-
Locked away with my fears.
Hear my cries...
They will wake you from the dead of night...
I will put you in a place
And you will hear the shrills of my cries.
And you will feel my pain-
The two of you will be locked away.
And you will see my fears,
And I will drown you in the sorrows of my tears
And taste the salty sting.

Lilith Rose Reitenbach

My Sickness

I'm tired of keeping it all
fucking bottled inside
And I no longer want it to hide it
I want all the pain to show
For everyone to see
As long as they do not speak.
They only think it's bad
But because they don't understand;
What normal person would put razors to their wrists
And yeah I know it sounds sick,
But I'm captivated by the look of it.
They are so memorizing and pretty...
I honestly think they are beautiful:
Those bloody slits and scratches.
You see, those scars show the pain
That I want so badly seen
That the cuts appeal to me
Because it is my sickness

Lilith Rose Reitenbach

On Death

In Death we become our true selves.
Death is a Privilege not a punishment.

Only in death do we find true atonement and salvation.
Death is merely eternal sleep.

Lilith Rose Reitenbach

Only You Know

Winter afternoons spent
On a pebbled path
The sunsets
You kiss me
But before the
Light fades
You turn over my
Wrists
And my scars
Glow angry with crimson
In the last light of sunset

Lilith Rose Reitenbach

Our Damnation

Beside you walking
Down the path of
Hell
The screams of the damned
Is our lullaby
Tell me what you think of our
Damnation
Eternally bound by blood

Lilith Rose Reitenbach

Poison

Swallow the poison
And Die
Everything thing relentless
A sudden desire to breathe
Your eyes widen in terror

Lilith Rose Reitenbach

Red Moon

When the Darkness calls to me
You are near
When the light of Hope shines
I know you love me

My heart cries out, my soul hurts
When you are far
When we are together
We become one

Our love is strong, our hearts are brave
We'll stick together forever
Bound by blood, our love is the
Fire of the Red Moon

Lilith Rose Reitenbach

Second Life?

I hide in the shadows
Feeding on the fears of people
Thriving on their life blood
What's wrong with me?

Why do I enjoy the feeling
of Cold Steel slice through my flesh?
Why must I laugh insanely
As my Blood flows freely

When will my Pain end?
Rendered useless I fall
My heart stops beating, my brain ceases to work
Am I dead?

Lilith Rose Reitenbach

So Funny Love Can Be

It seems so funny
That I loved you for
Two years
But you didn't love me back
And I fell in love again
But not with you
This man I love more
Than my own life
And he loves me too
We are happy together
Look at yourself, how you pretended
To hate me, to fear me
But you're in love with- me
And I don't love you

Lilith Rose Reitenbach

Suicide's Bride

The Four Princes of Hell
I beseech thee
To let me see your smiling face
My arms marked by my own hand
Sacred Payment
I'm Suicide's Bride
And your love sings to my
Broken soul

Lilith Rose Reitenbach

Too Dead

I wish I was too dead to cry
My self-afflictions don't fade
Stones to throw at my Creator
Masochists I cater to
Don't even Bother
I'll just keep slipping farther
Once I hold on
I won't let go until I bleed

I wish I was too dead to care
If I cared at all
Never had a voice to protest
So you feed me shit
I wish there was a reason
Why my flaws are my prison
For this, I gave up trying
One turn deserves me
Dying

Don't even bother
I'll just keep slipping farther
Once I hold on
I won't let go until I bleed

Don't even bother
Coz I'll keep slipping farther
Don't even bother
I'll just keep slipping farther

Just slipping farther
I'm slipping farther
Slipping farther
Farther

Lilith Rose Reitenbach

Too Much Pain

It's too much pain
For one person to take
Yet it's just the way I like it
Too much pain
Makes me wet and horny
It gets me off when blood just wont
Do it
But it's too much pain
I'm goin insane
Just coz it's too much pain

Lilith Rose Reitenbach

Untitled

I hear your cries and screams
I hear your sadness and your broken soul
You fell from Heaven's Gate
Down into my dark realm

You are my lover, I am your slave
You cry tears of blood, that I lap up
We writhe in ecstasy of the hunt, We become one
Our souls and bodies forever intertwined

Dancing a loving dance of Death
I'm holding your heart, and you're holding mine
Loving you from afar, In silent solitude
I cry crimson joy with groans of sweet nothings

A quiet sigh of happiness
A Blood Ritual binding for the rest of eternity...

Lilith Rose Reitenbach

Untitled 10

Battle cries
fill the air
I come to
you with a
serpent kiss
Chant the sounds
of bestial lust
I walk aimlessly
with no destination
swear to me
Swear to me
my heart is lost
dark night
black beast
named Chaos
I summon thee
Azal and Uzza
Blood and semen
burned on the
Sacred alter

Lilith Rose Reitenbach

Untitled 13

My love, you are
Safe in my arms
No need to cry
You're going to die
I'll save your soul
No one can touch you
In our haven of darkness
In this castle of blood
Cried of angels' tears
Defiled by devils
Come to me
Share our pain
In this castle of blood...

Lilith Rose Reitenbach

Untitled 14

Pull me into the Darkness
A silent calm washes over me
Like the tide washes over
The shore
My frail dreams are shattered
In my dying reality
Together we embrace
The Dark One...

Lilith Rose Reitenbach

Untitled 2

It hurts to be
Away from you
Yet I endure it
Because I love you
And no matter how much
Time passes before
We can truly be together
I know our love is strong
And true, and nothing
Can keep you away from me

Lilith Rose Reitenbach

Untitled 3

When I look at you
I can read the sadness
in your eyes
How seemingly quiet
my love for you is
How much time I
let go,
by not saying hello
Longing to hold you
In my arms
pressing you to my breast
I long to feel your heart beating
Next to mine
to know your smile
is just for me
and to taste the sweet
nectar that is your blood

Lilith Rose Reitenbach

Untitled 4

I gaze into your heart
you bleed unto me
your blood is my wine
your soul is mine

drunk angels bleed of incest
the virgin raped seeks to whore
Humans live in filth and agony
Gods sleep in death
tainted by humanity

Killing those you love
enslaving your enemies
you swore me an oath in lavisious blood
stank of death and decay
my tortured soul of Angel's sins

I killed Christ and drank his blood-wine
slowly from the light of the Blood Red Moon
I cry for my dead lovers raped of live
who live no more...

Lilith Rose Reitenbach

Untitled 5

Gently my blood flows
Into your veins
Pleasure courses through your body
Screams of children dying
Fill my ears

Your scream lulls me into
Lustful sleep
Prodding of your desire
Wakes me

I am bound by the shackles
Of slavery
Scorching passion fills my blood
Cries of pain excite you more
Pleas of anguish continue

Spiritual death comes slowly
My rapture goes unanswered
My King of Dispair
Ravages my body, my soul and my love

Lilith Rose Reitenbach

Untitled 6

He that can smile at
death, as we know him;
who can flourish in the
midst of diseases that
kill off whole peoples.
Oh! if such an one was
to come from the Devil, and
not from God, what a
force for good might
he not be in this old
world of ours!

Lilith Rose Reitenbach

Untitled 7

Battle cries
fill the air
I come to
you with a
serpent kiss
Chant the sounds
of bestial lust
I walk aimlessly
with no destination
swear to me
Swear to me
my heart is lost
dark night
black beast
named Chaos
I summon thee
Azazel and Uzza
Blood and semen
burned on the
Sacred alter

Lilith Rose Reitenbach

Battle cries

you with a

Chant the sounds
of bestial lust

my heart is lost
dark night

Lilith Rose Reitenbach

Untitled 9

In the darkness of

Midnight we embrace

Naked bodies mold together

Flesh and lust become one

Warm blood floats and rushes out

My wounds stands open

Heed the call of Death

Writhe in sexual pain

ecstasy bringing anguish

Baptised in the blood

of a Holy angel

Raped the one Christ

I live in lustful sin

awaiting the rise of

My Dark and Horny Lord

Lilith Rose Reitenbach

What Am I?

What Am I?

I am Death

I am Pain

I am Hate

I am Hurt

I am Suffering

I am Darkness

I am Eternal

I am the Damned

I am The Beast

What Am I?

Lilith Rose Reitenbach

Why?

Why does it hurt?

Why doesn't the pain go away?

Why do I go crazy?

Why does it feel better when I cut my flesh?

Why won't it go away?

Why do I grin when my blood flows?

Why God?

Why God, why can't you make it go away?

Why can't you make it stop?

When I cut myself I watch the blood flow endlessly and I know it's over...

Why?

Lilith Rose Reitenbach

Wondering Darkness

Sometimes I wonder
Why the Darkness
Seeks me out
Crying helpless tears
Crimson blurs everything
My dark heart
Burns with a fiery passion
Of past blood split
As your dying gasps
Lull me into deathly slumber

Lilith Rose Reitenbach

Your Goddess

You say I'm your Goddess
You say you'll kiss the
Ground that I walk
You say you'll always
Be by my side

So why am I standing
Why am I standing
Alone in the darkness
I'm alone in the dark
Blood flowing
And crimson tears

You say you'll always
Love me
You say if I die
You'll die too
You say this
And you say that

But I'm still standing
I'm still standing
Alone in the darkness
With my blood flowing
And crimson tears
