# Life Is Full Of Wonders

Life is a world of wonders

life is sandy

life is lonely

life can also be full of different activities.

life is caring

life is hatred

life is always full of mysteries

life is full love

life is full of up and downs

life is mischief

life is entertaining

life is curious

life is full of understanding

life is hope

life is sometimes full of hopelessness

life is full of different crimes like stealing, killing..

well life is always interesting

# Oh It Is Africa

Oh it is Africa  
Oh Africa it is my mother land  
land of milk and honey  
land of natural beauty  
Oh Africa land is where i live  
Oh Africa is  
A land blessed by God himself  
On the day of creation  
God threw diamond like stone  
gold like rain  
He dropped crude oil like rain  
Oh Africa  
land of milk and honey

Oh Africa  
Guns and bombs, tears and mud  
Luxury limos race through blood  
But bound by debt to hopelessness
